Sophomores look for a way to spend time before World History class. World History is a required class for sophomores at BHS.

Steve Frost, Jenni Schaefer, Paul Ring, and Kim Weburg help support school spirit by dressing for Sports Day. Wearing one's favorite sports uniform made Sports Day a big success during Homecoming week.

Some guys set down to look through the new yearbooks. Every year, past and present students gather to "check out" the yearbook at the yearbook party.

Dennis Beebe appears disgusted with the classroom activities. Students' opinions do not necessarily have any effect on classroom management.

Spanish students study their subject with the aid of a language tape. Having a facility like this makes learning easier.

Mike Anschutz poses in his cavalry fatigue. Mike's demonstration speech was on his participation in the 2nd Tennessee Cavalry.

Mark Kennedy flashes his favorite folder. Everyone knows which college Mark prefers.

Gary Coulson, Deb Belles, and Steve Markley pass time before a student council meeting. Friendship is an important part of everyone's high school years.

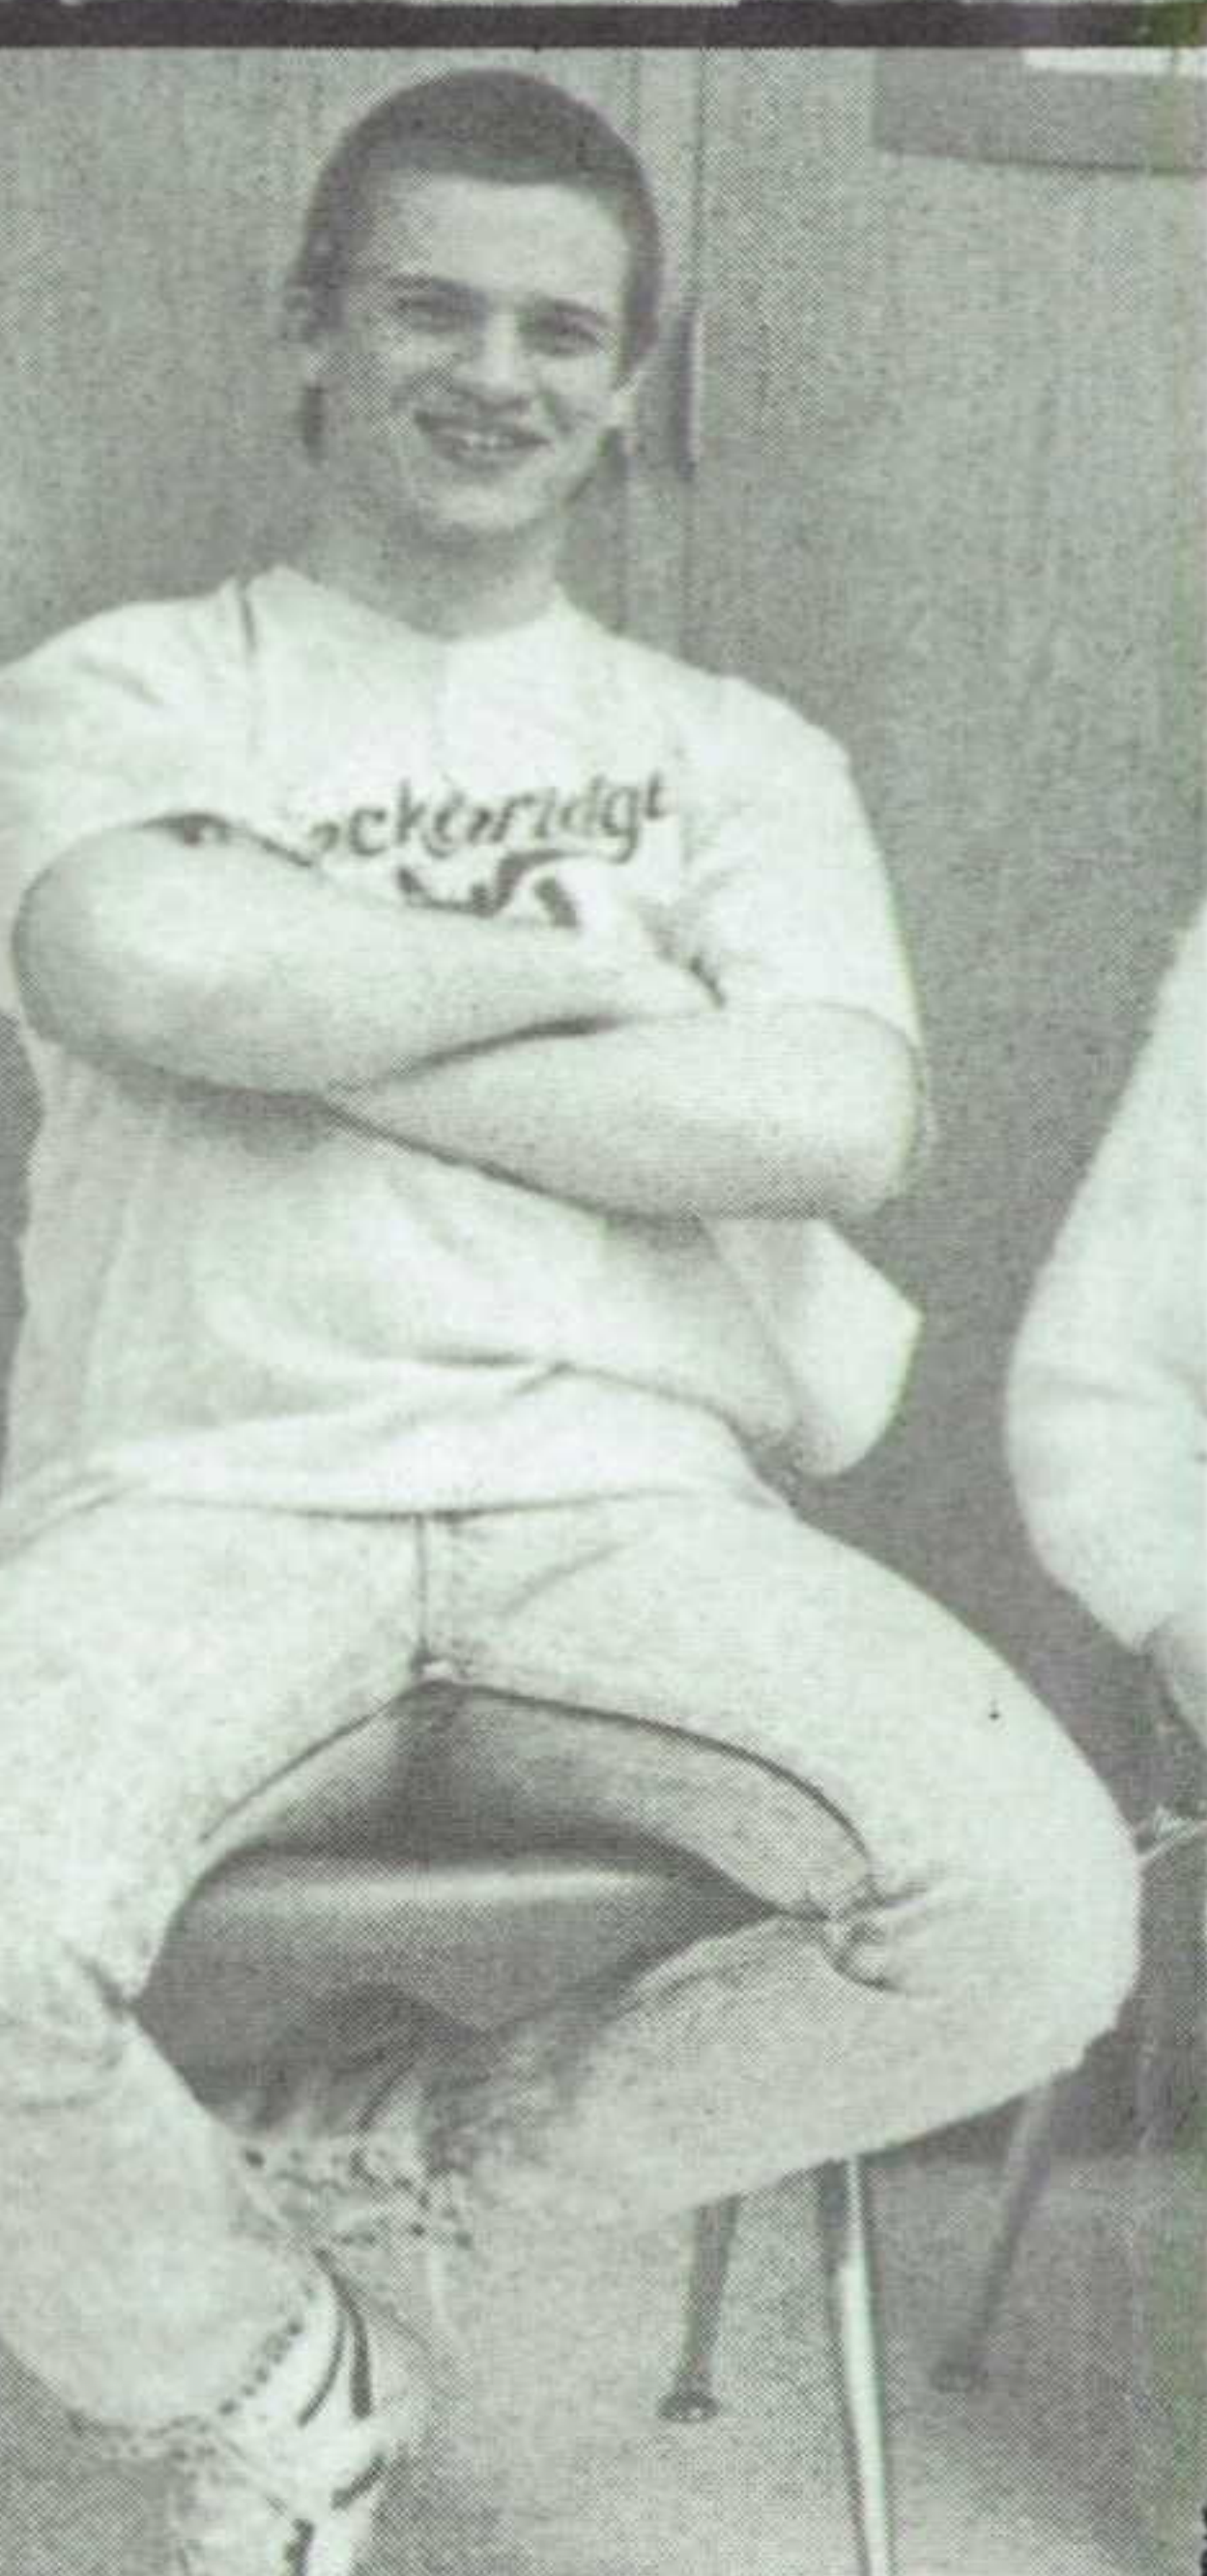

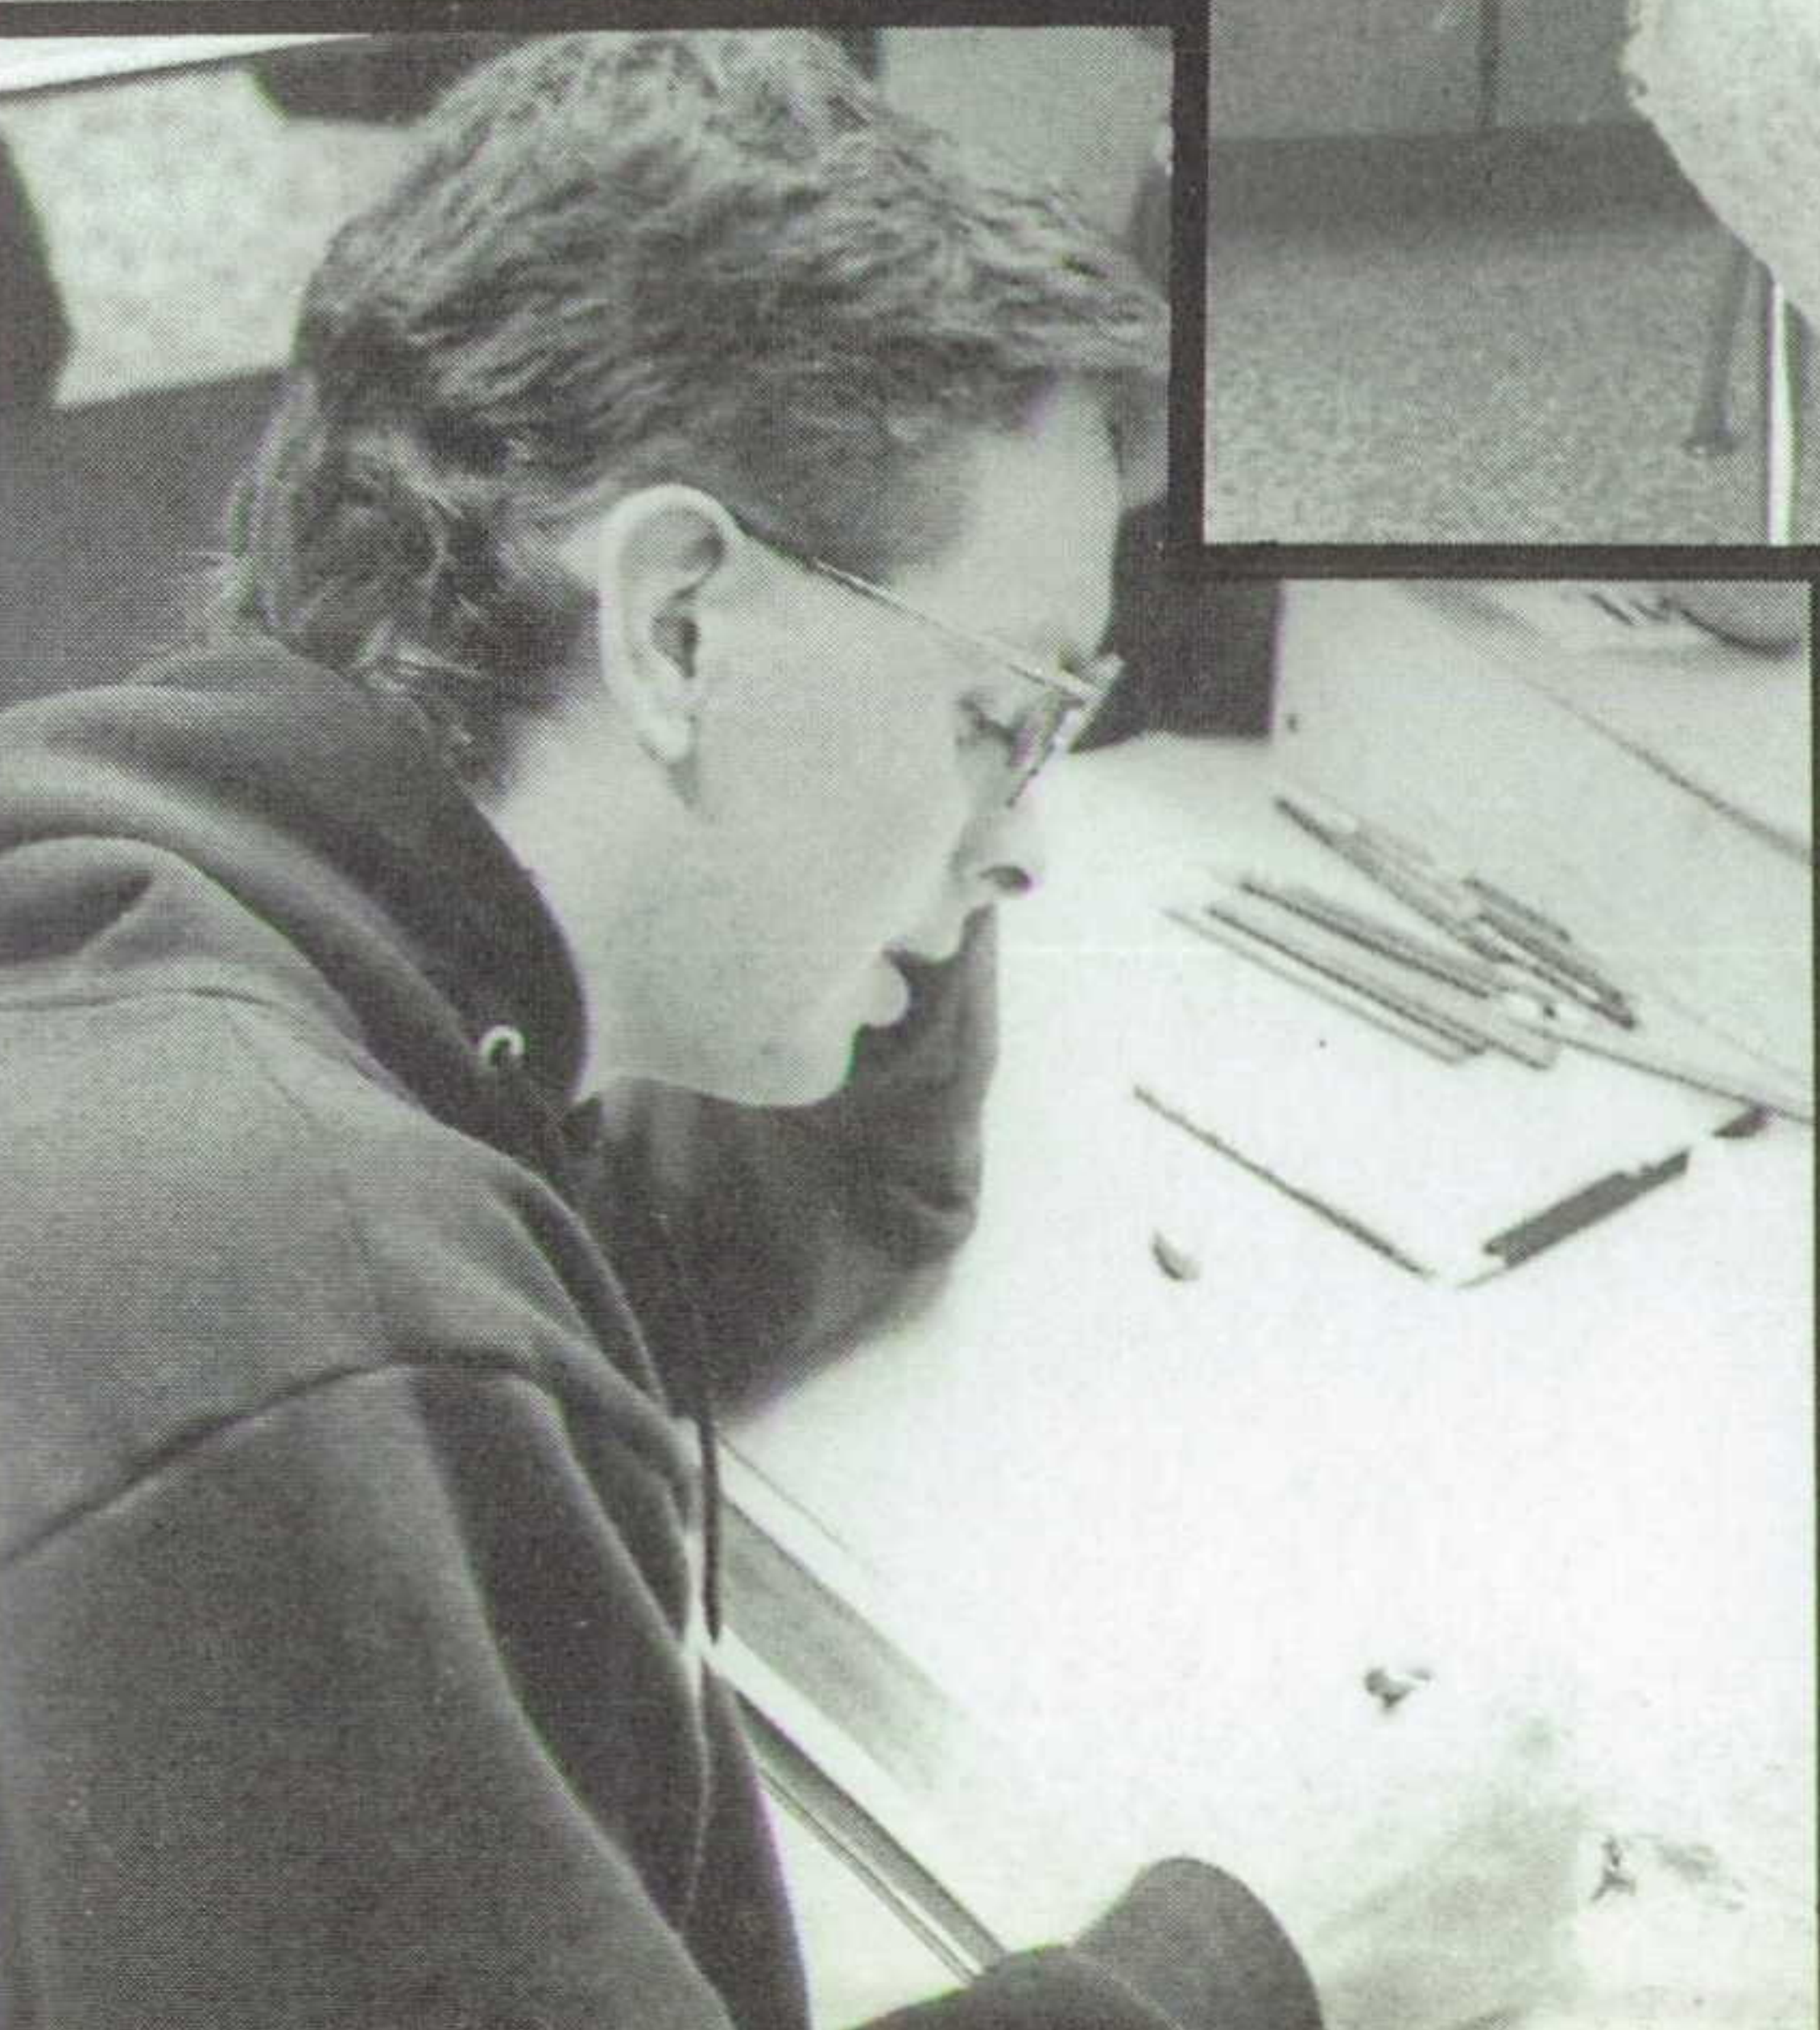

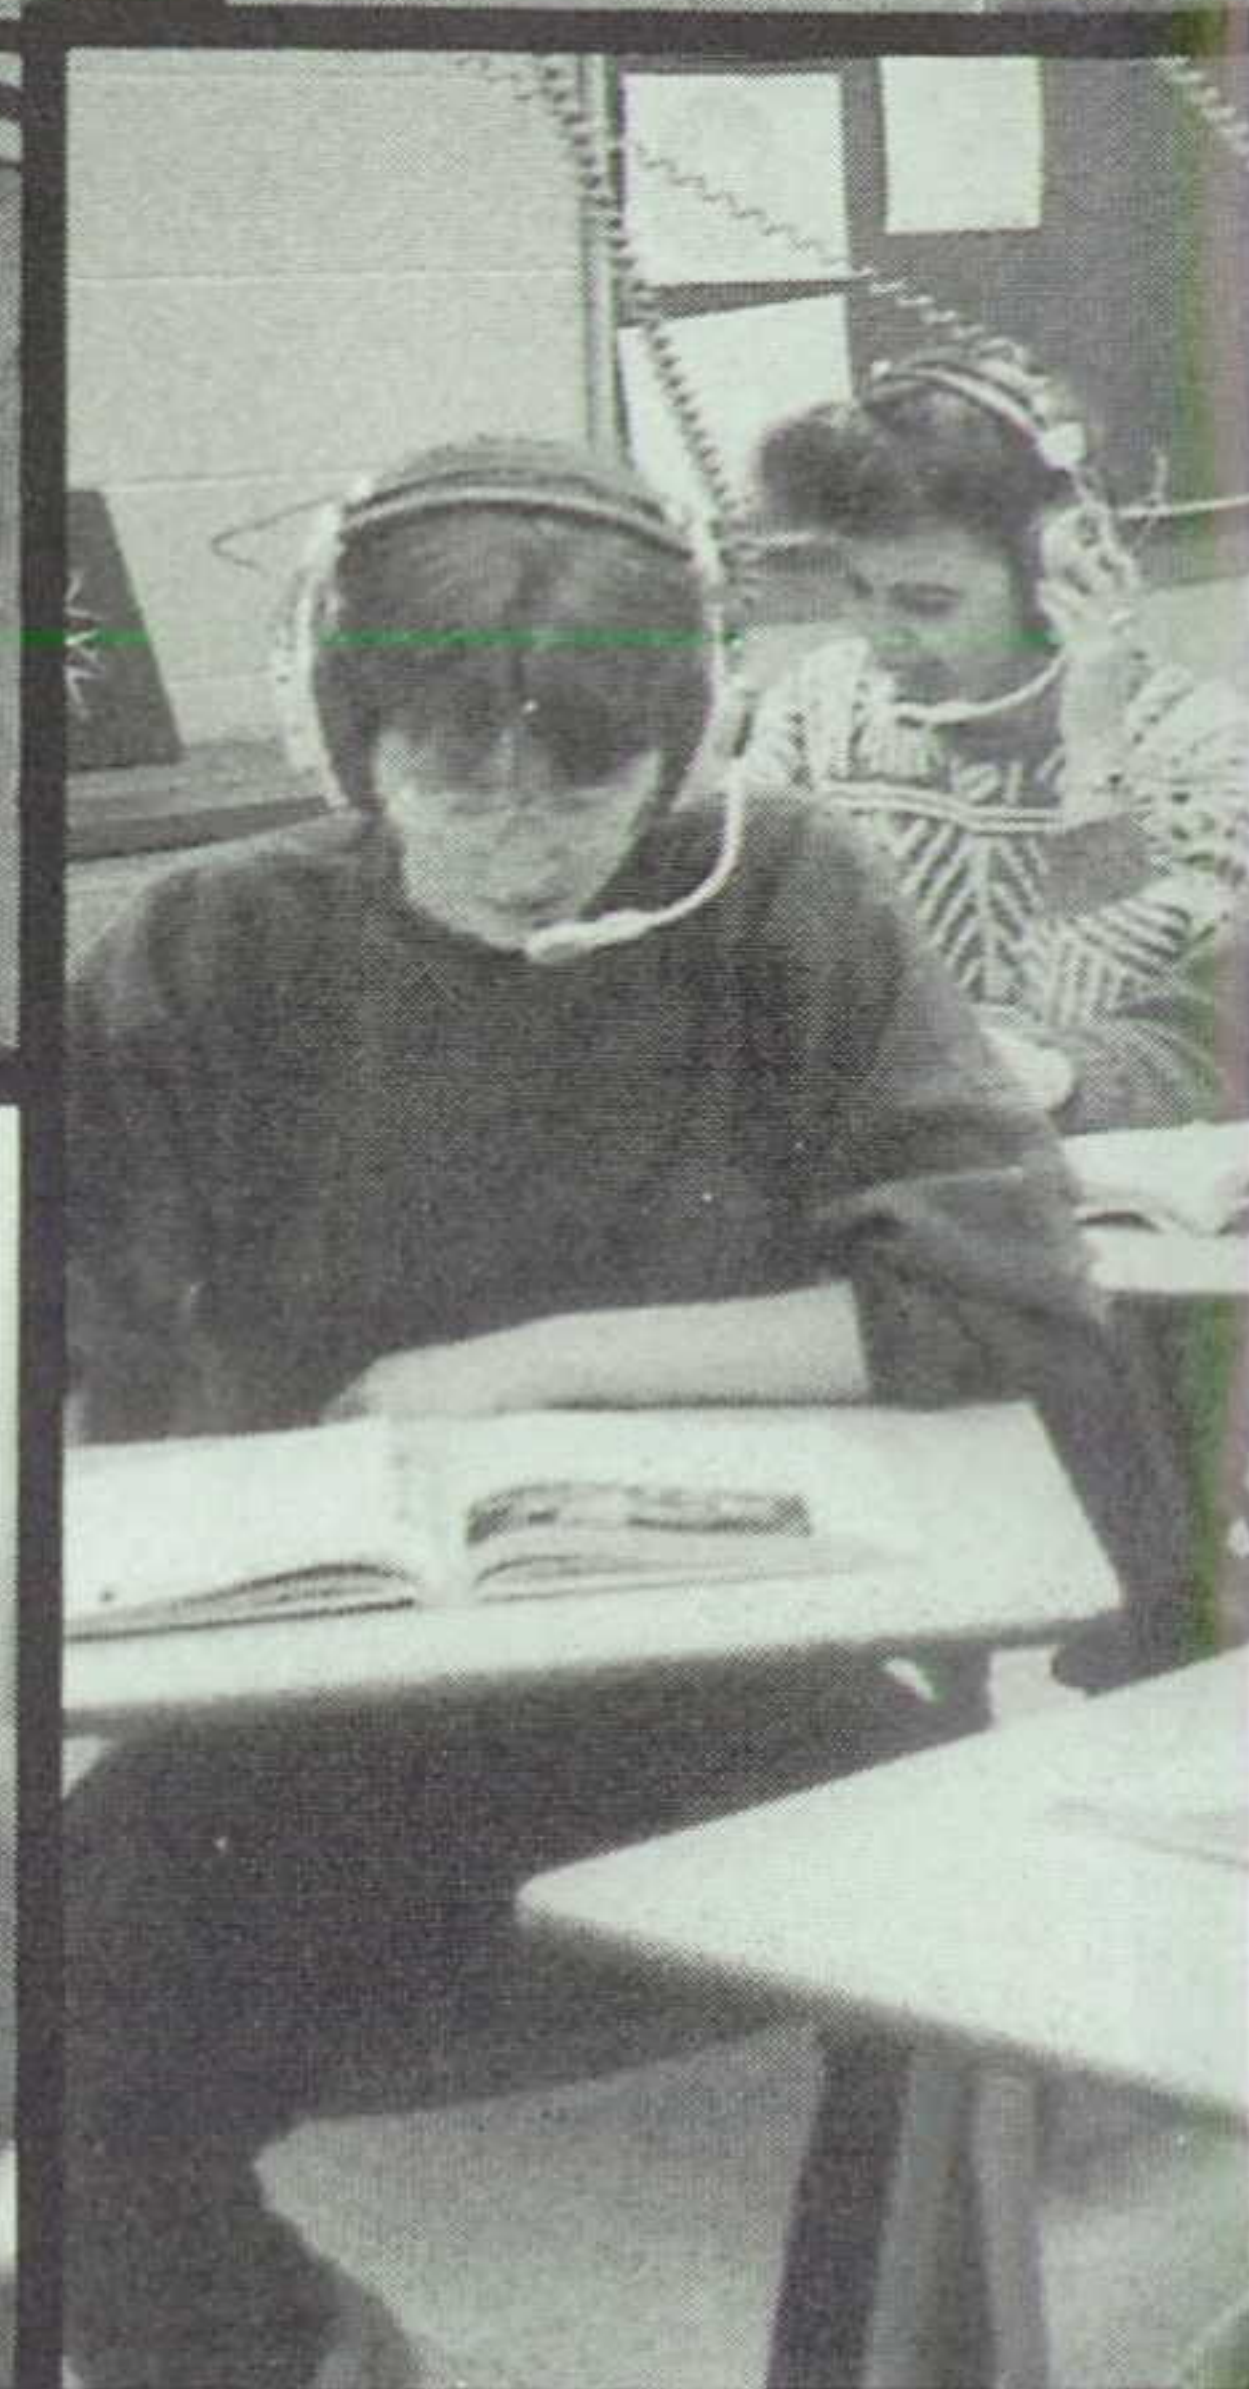

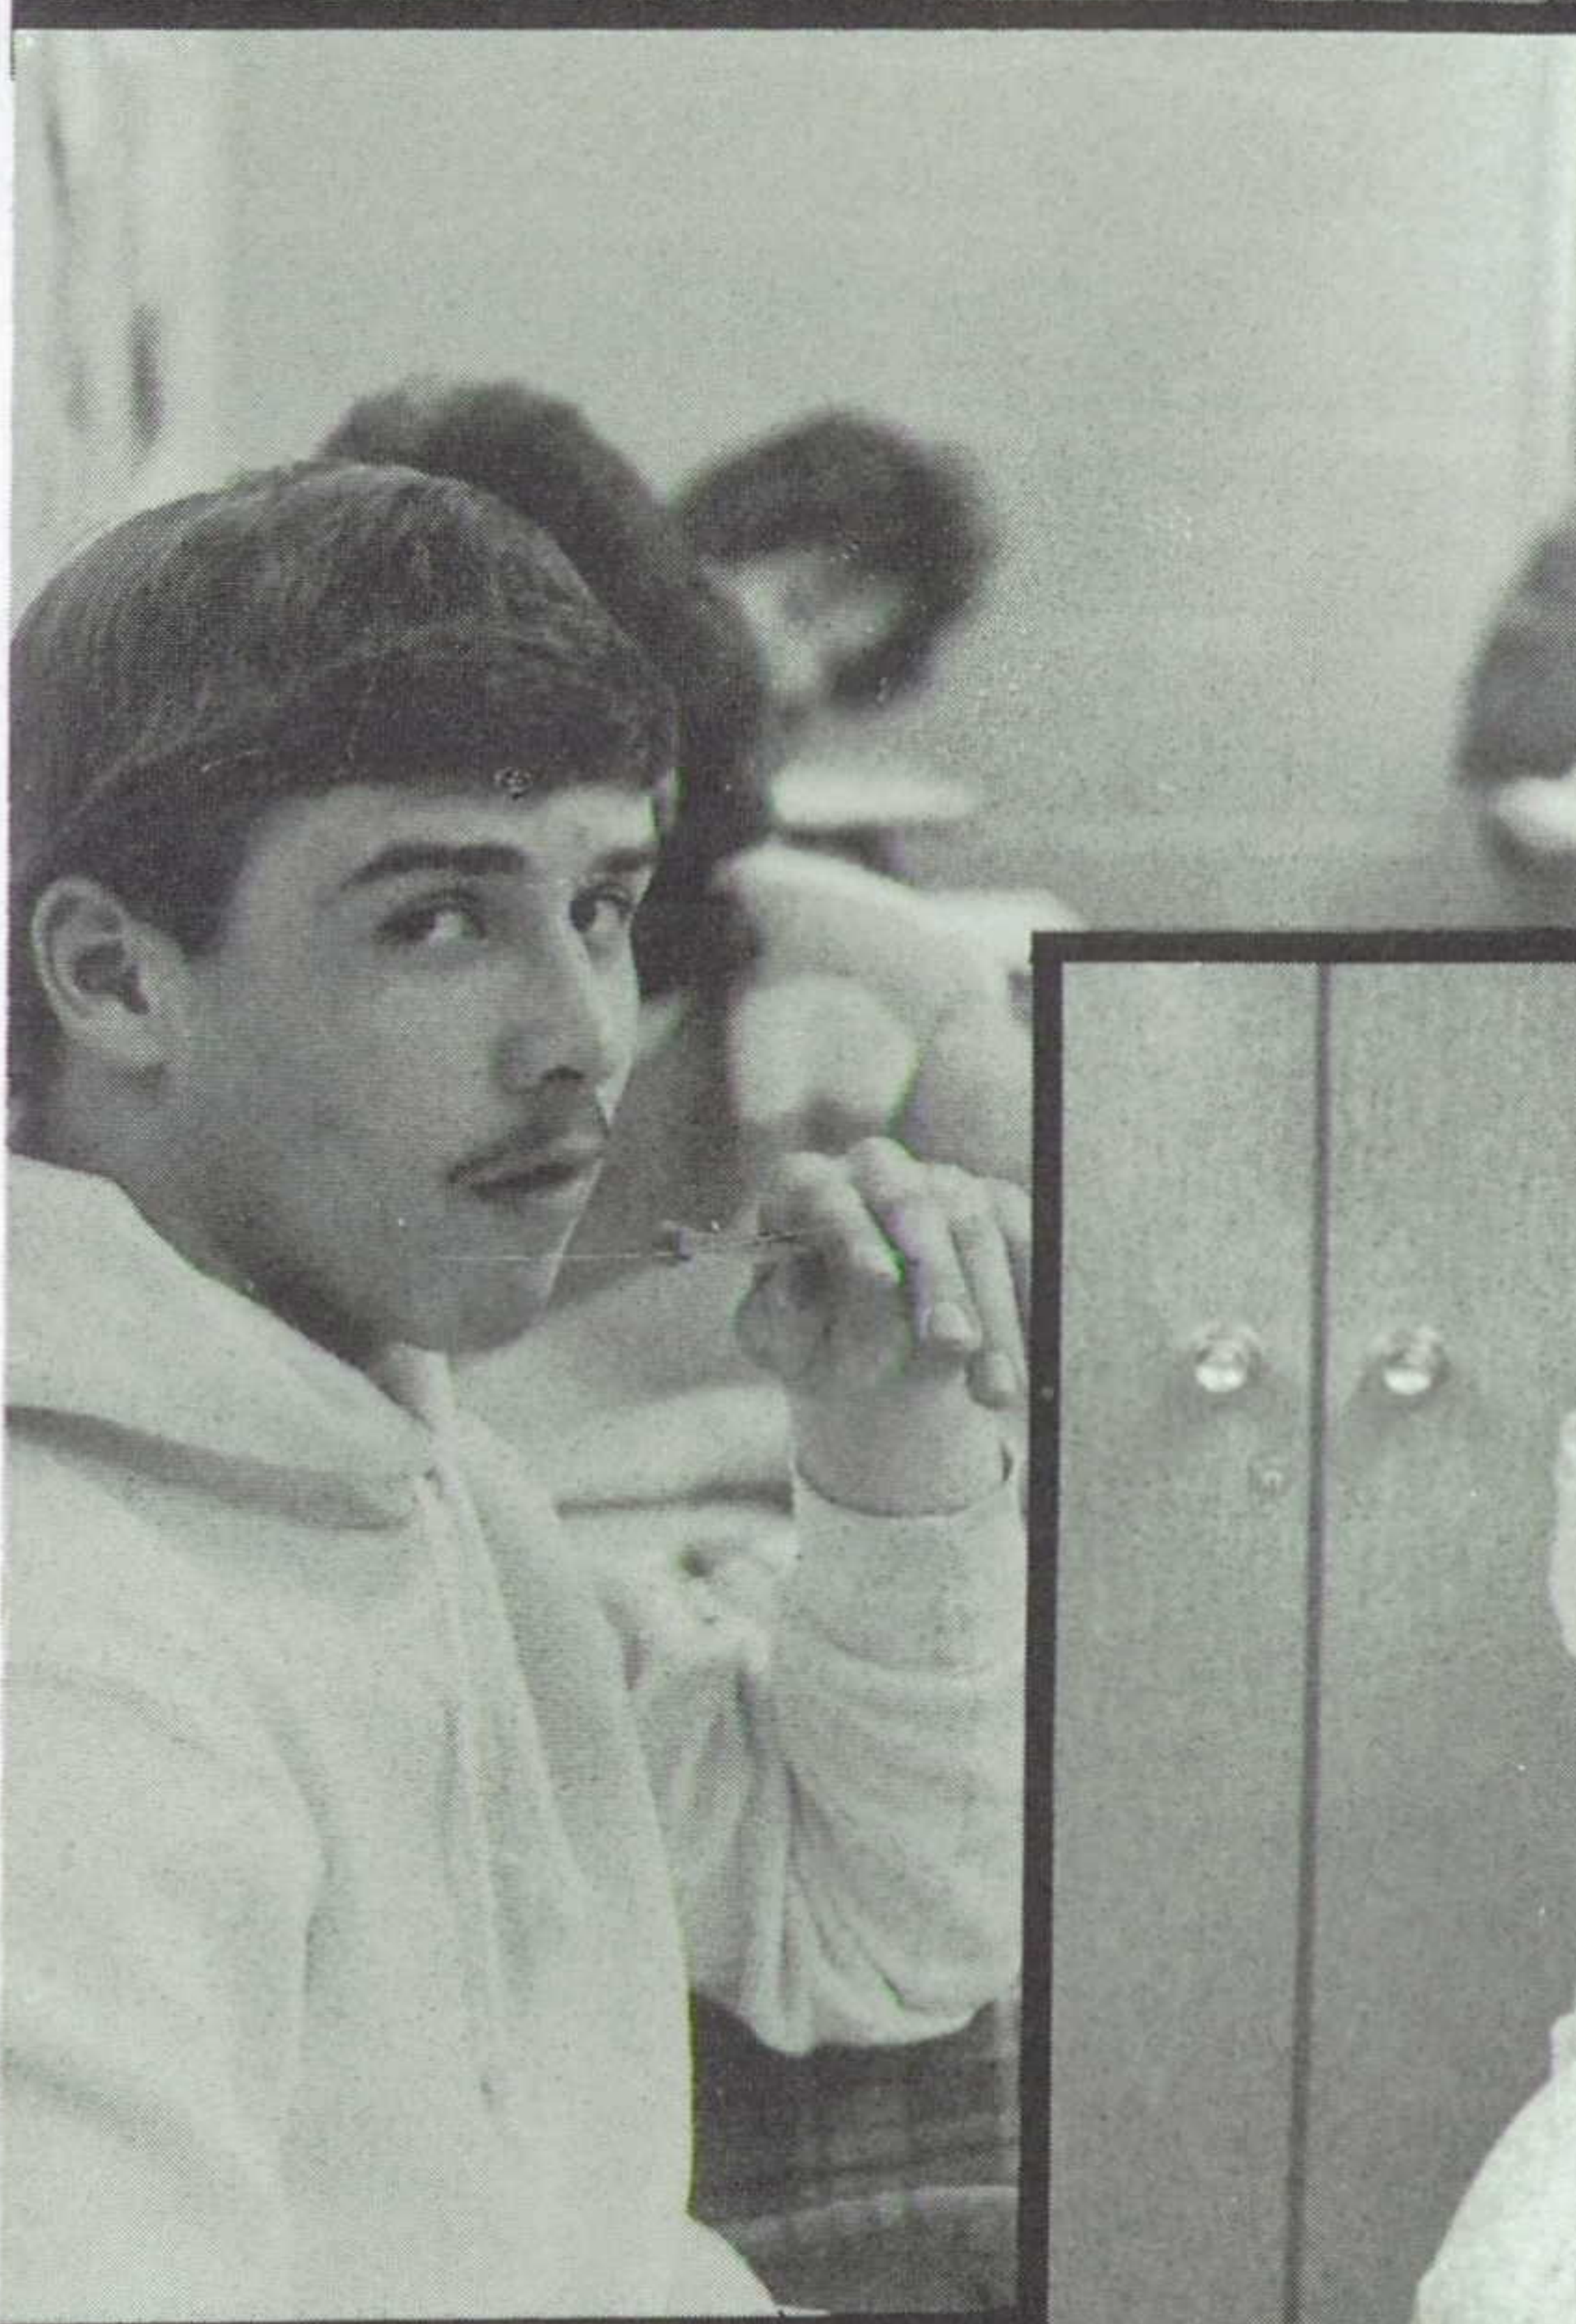

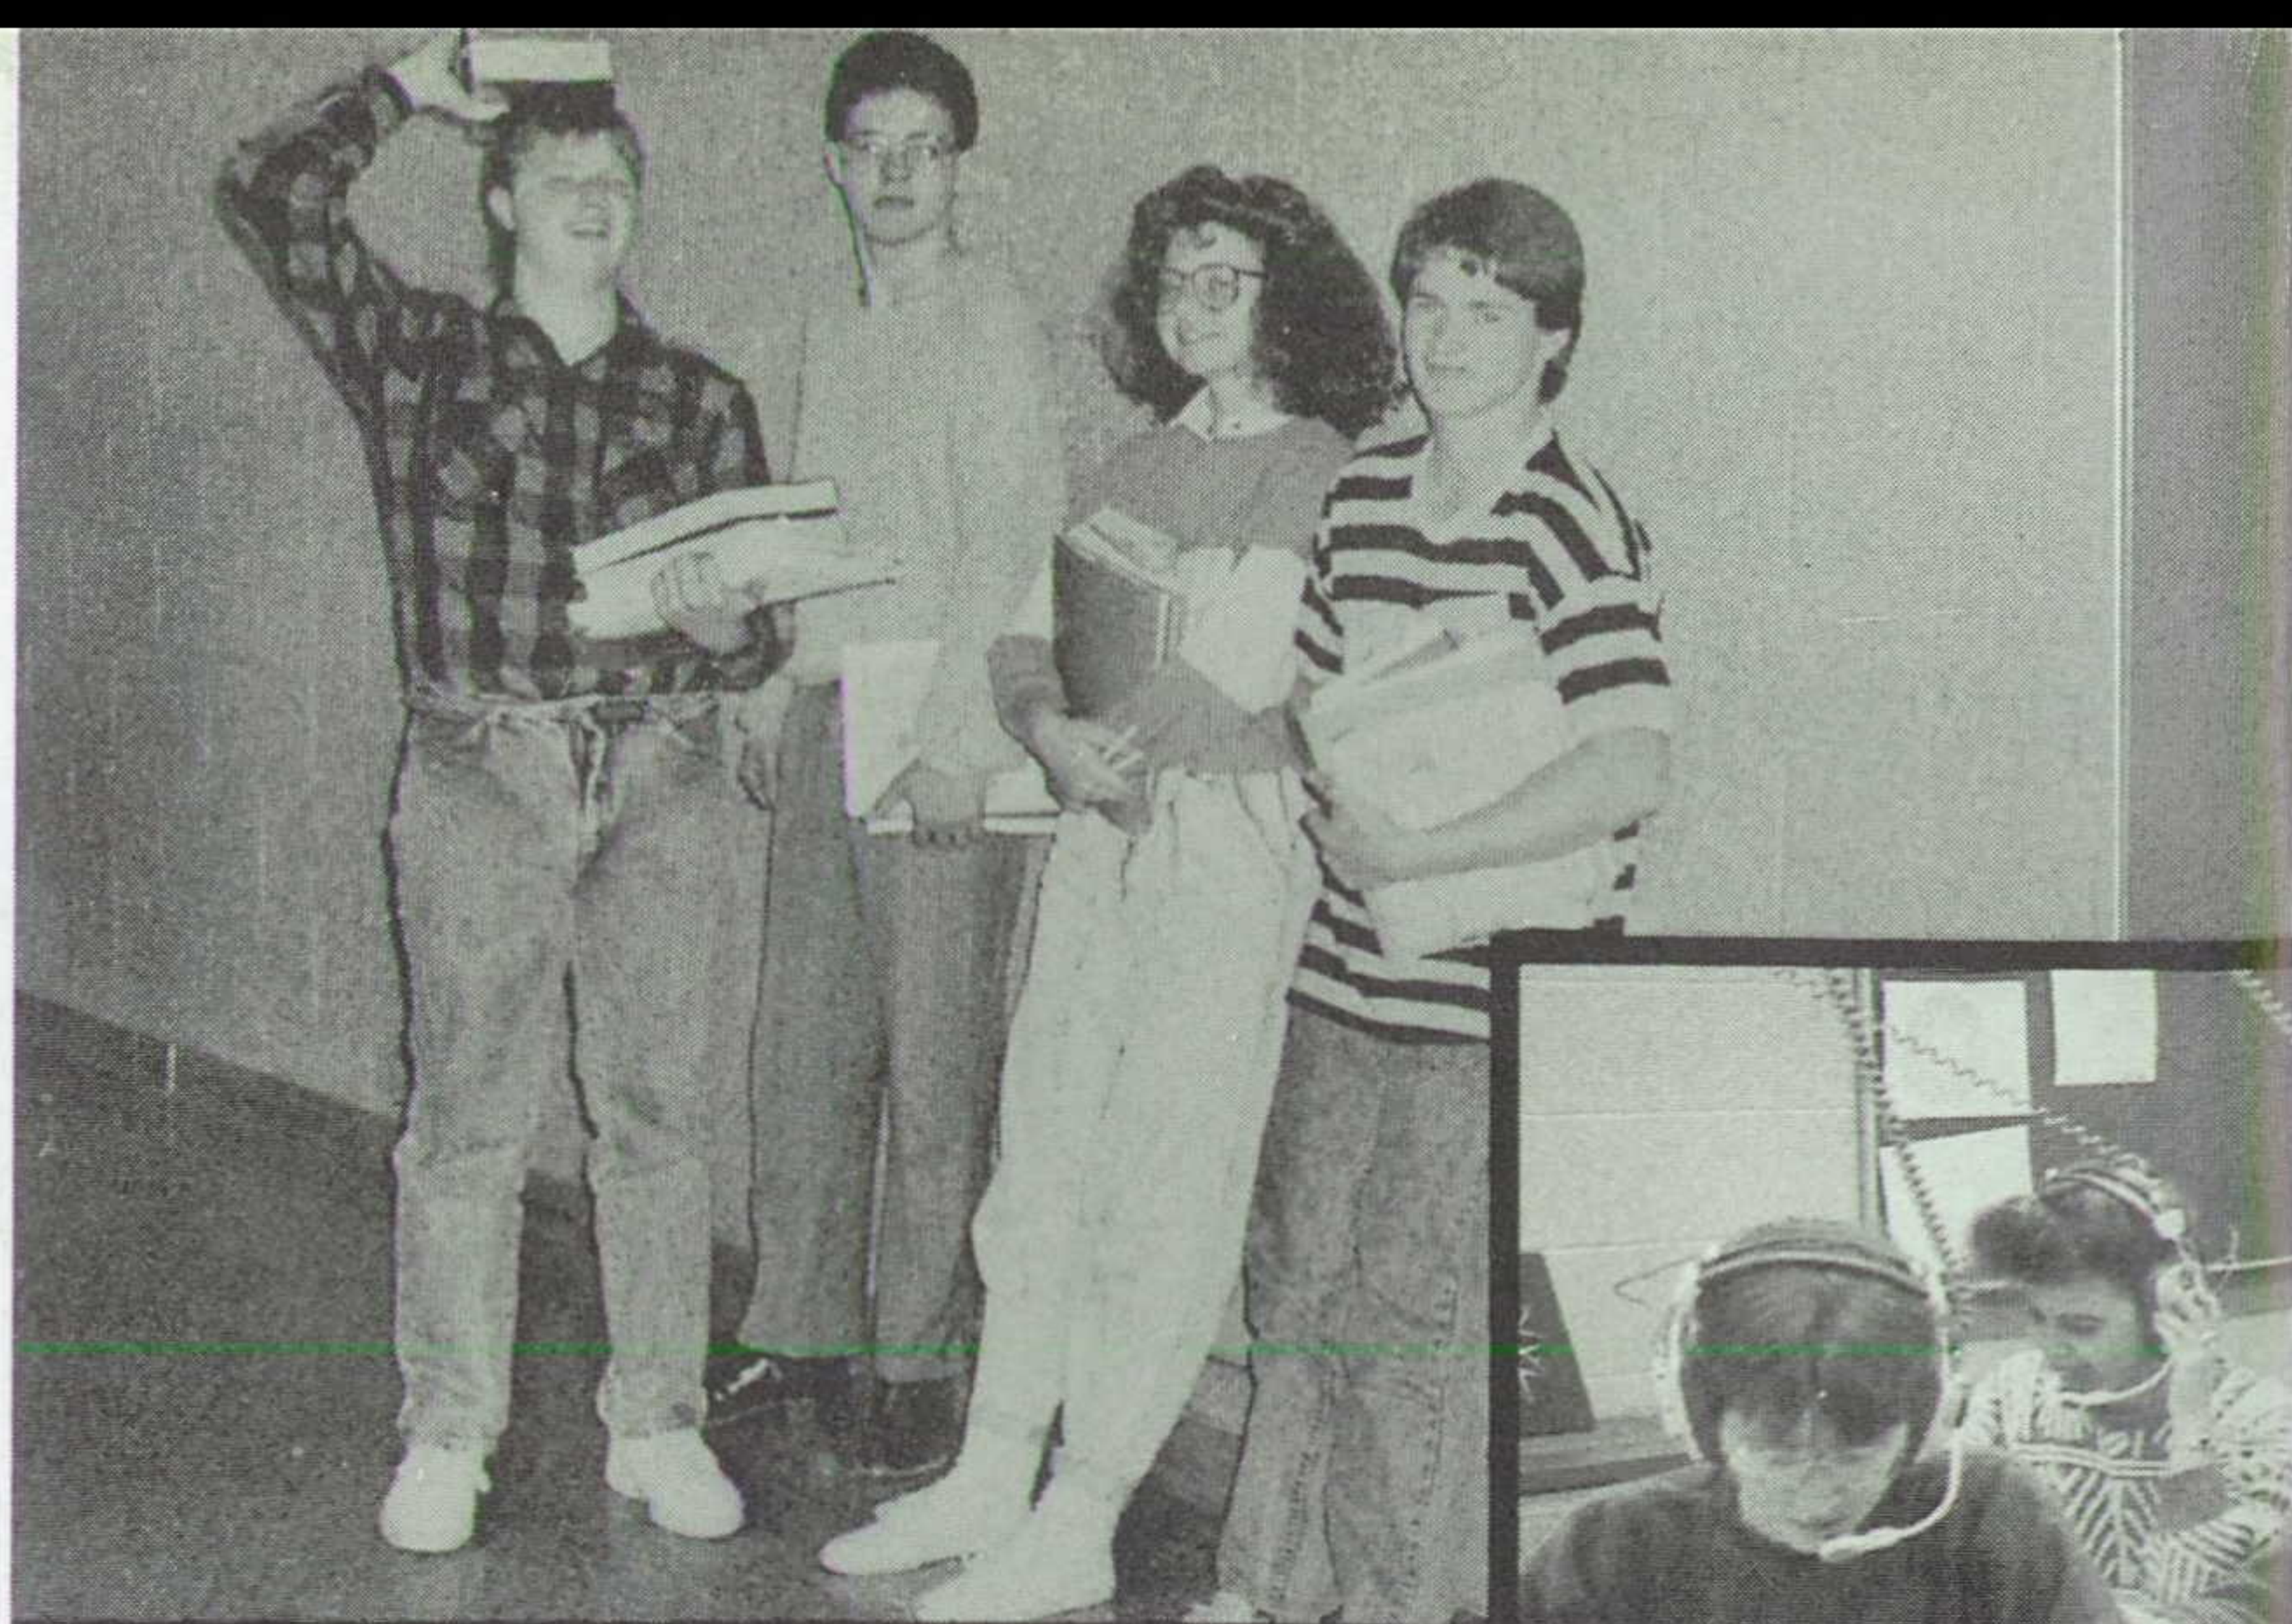

Kristine Watkins can't bear to watch as Bob Nugent has Lee Morris at his mercy. Seniors' aggression is often directed at underclassmen such as Lee.

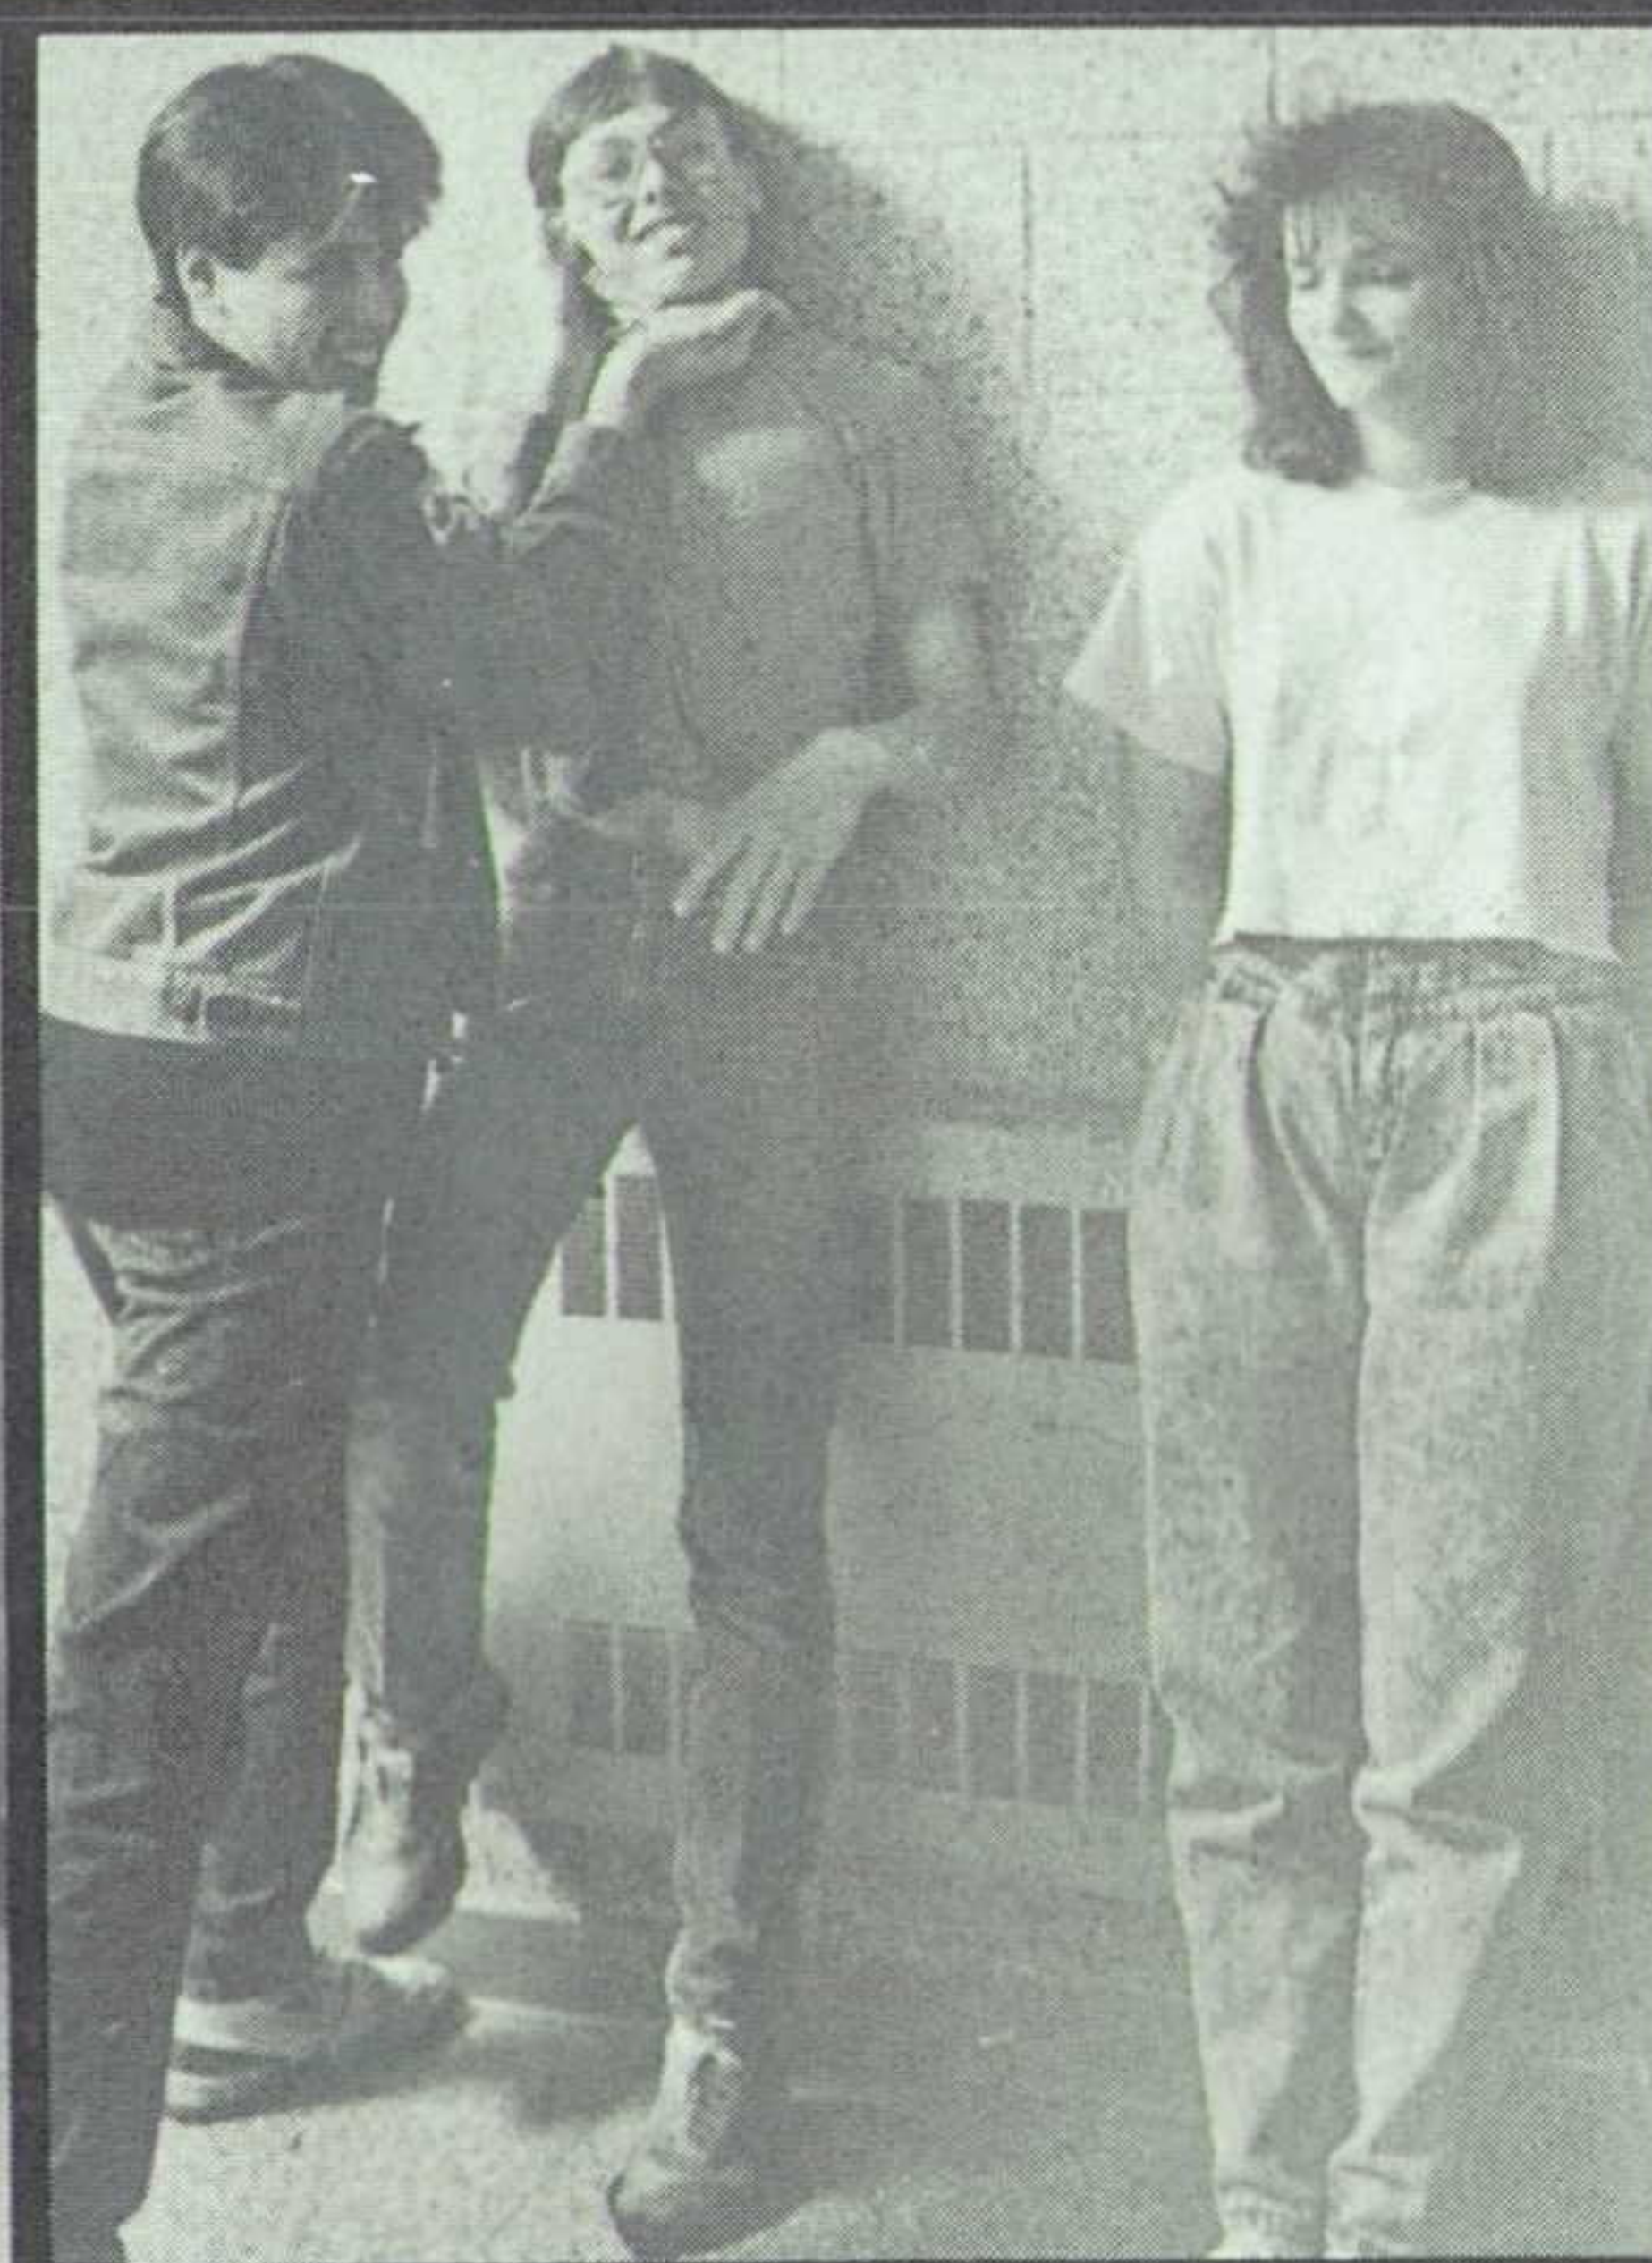

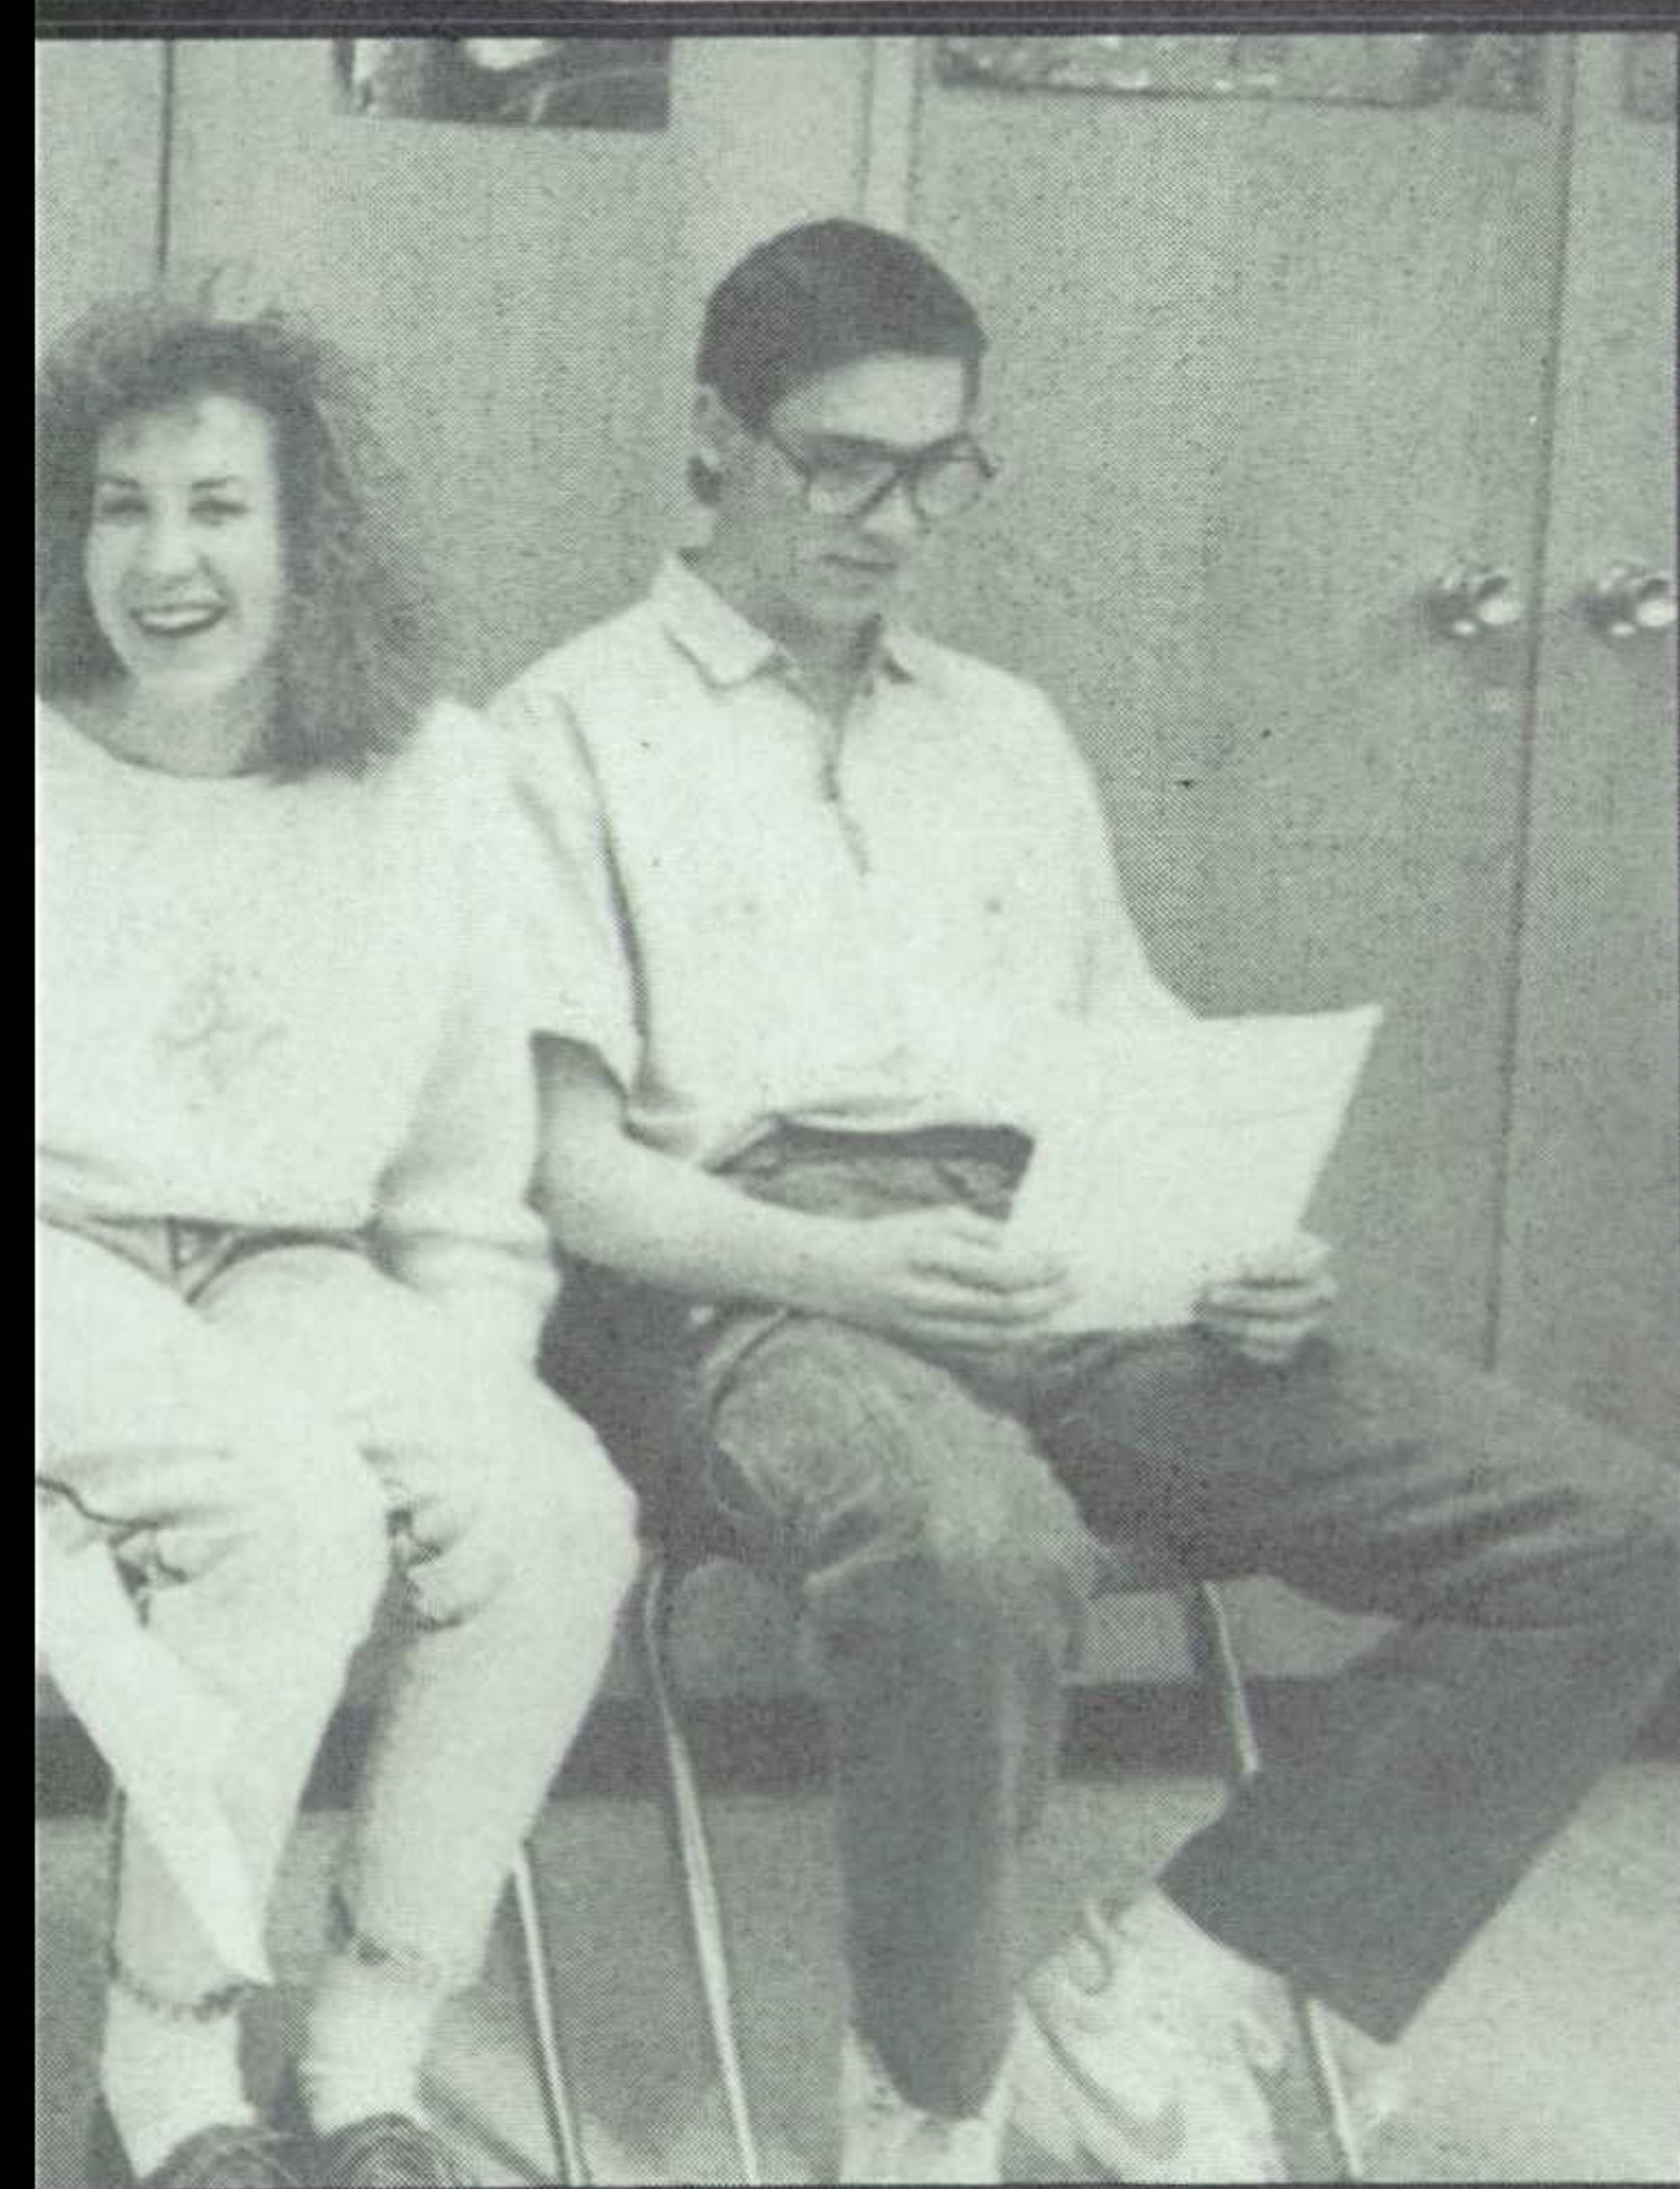

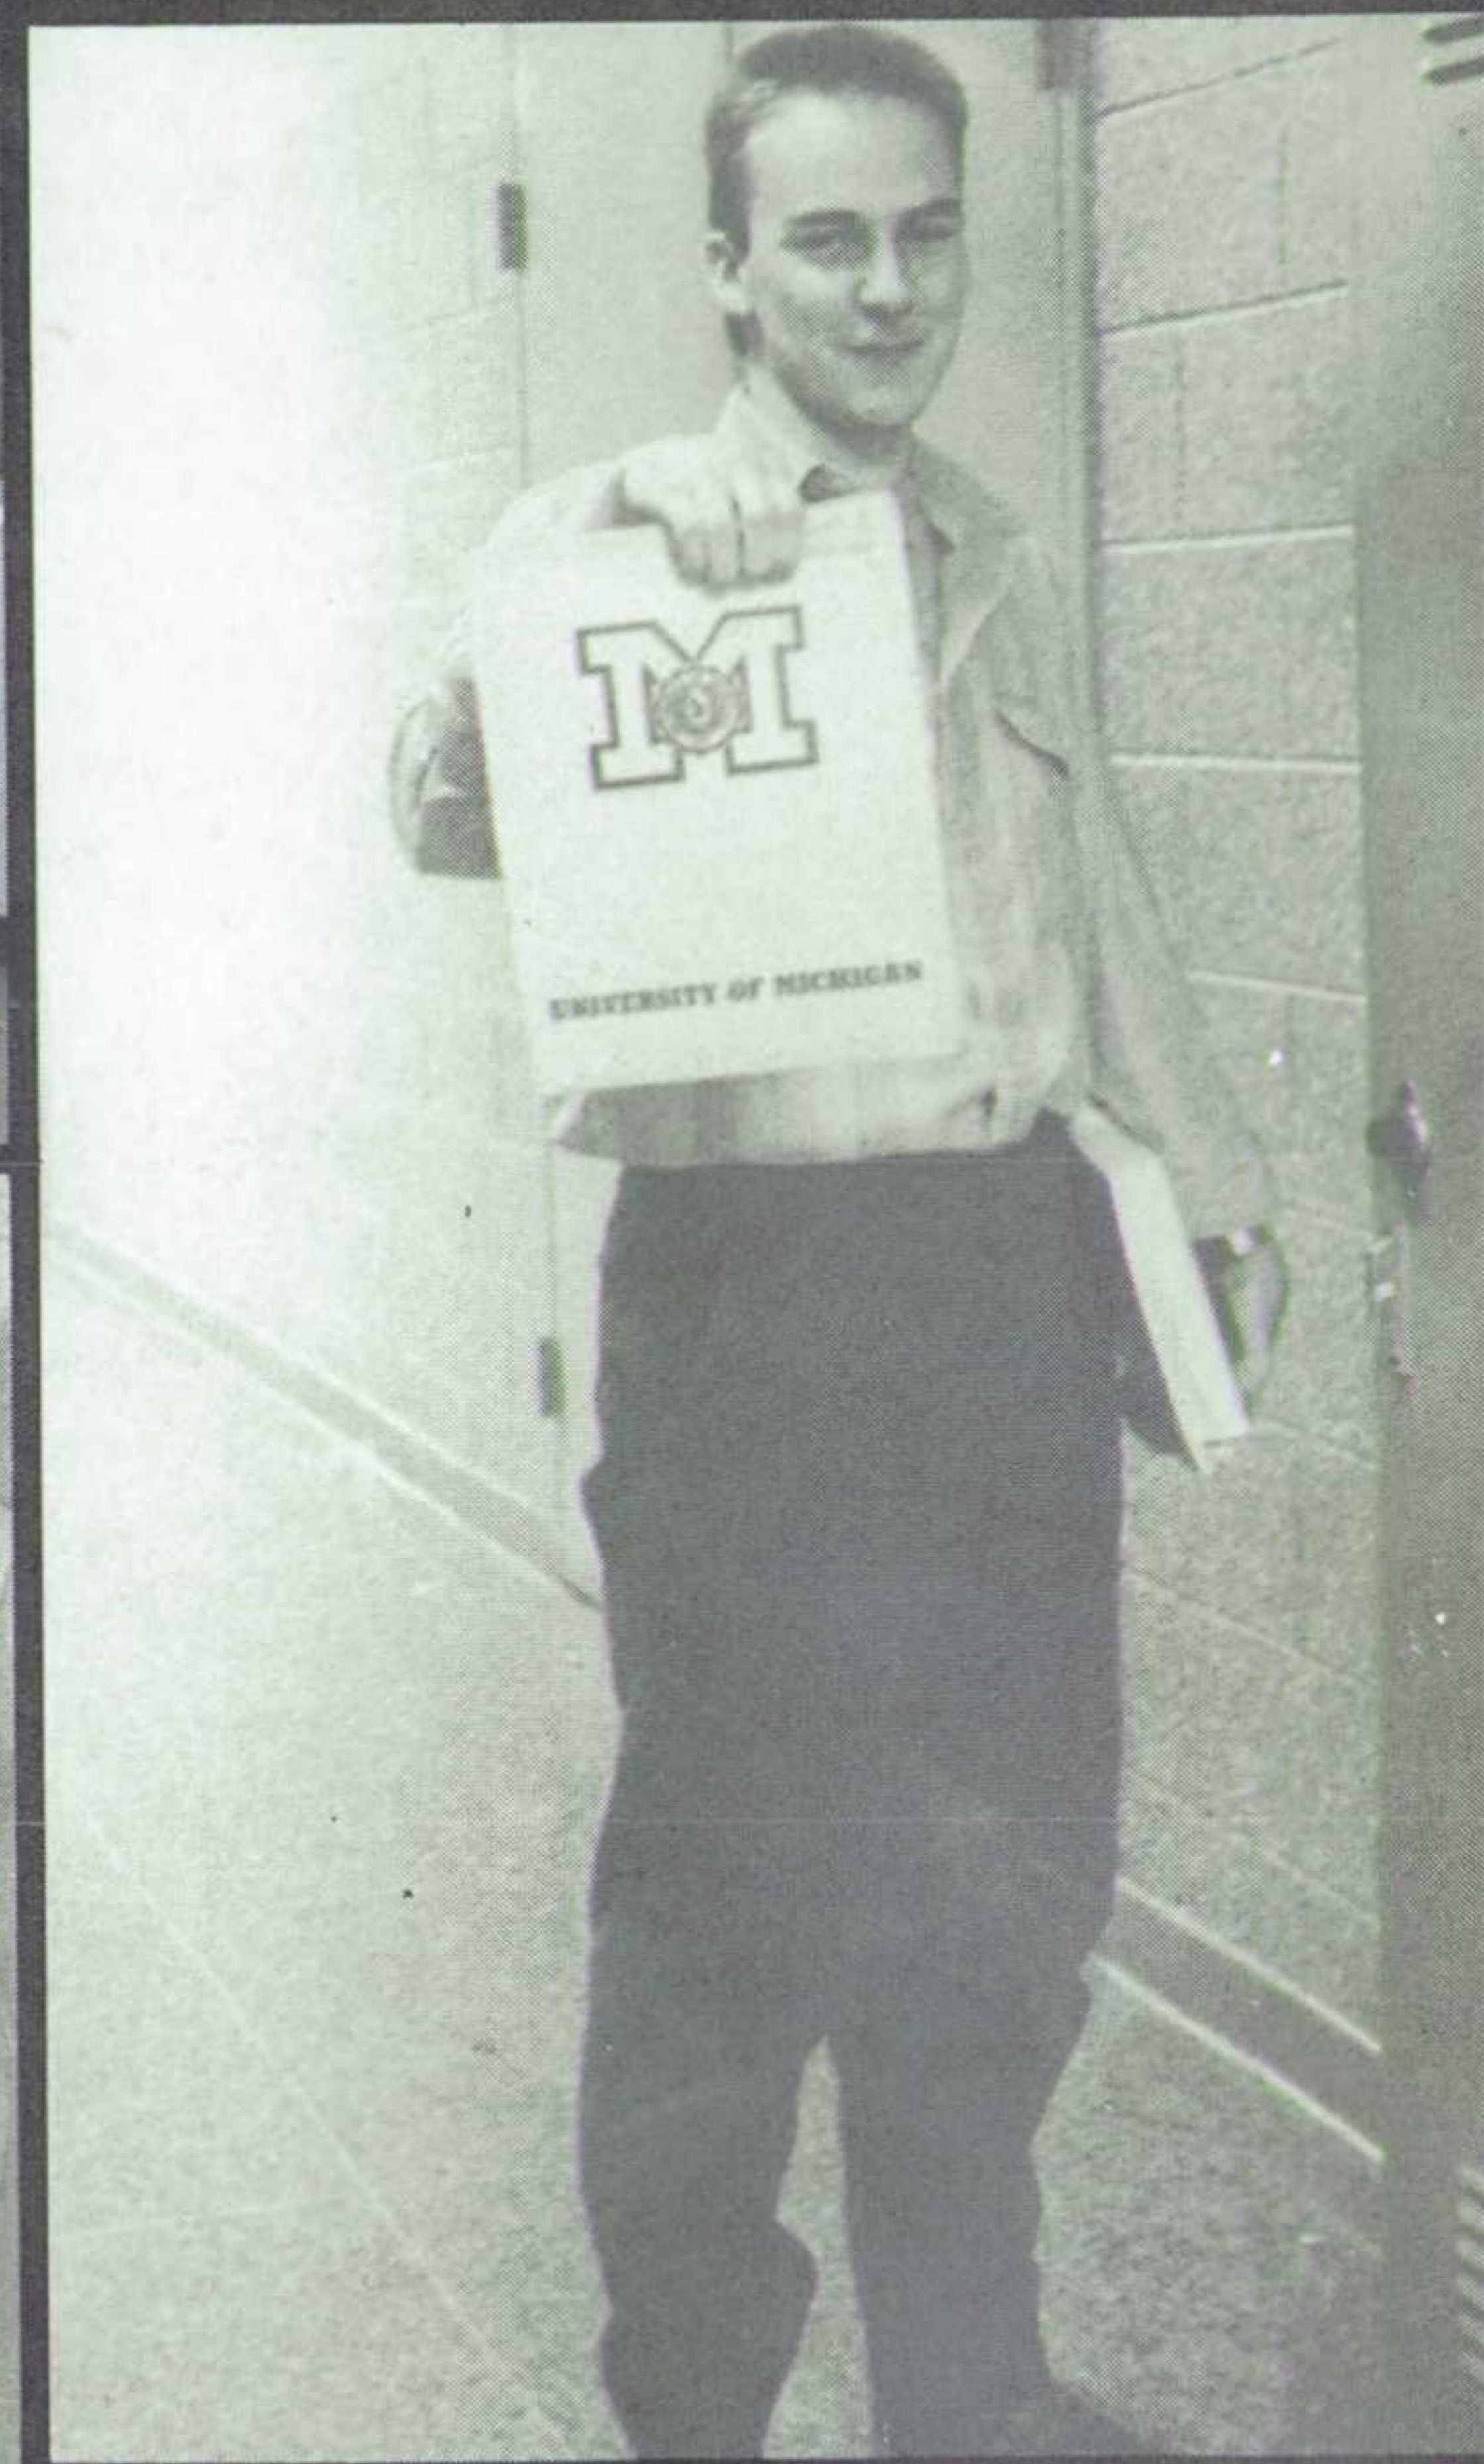

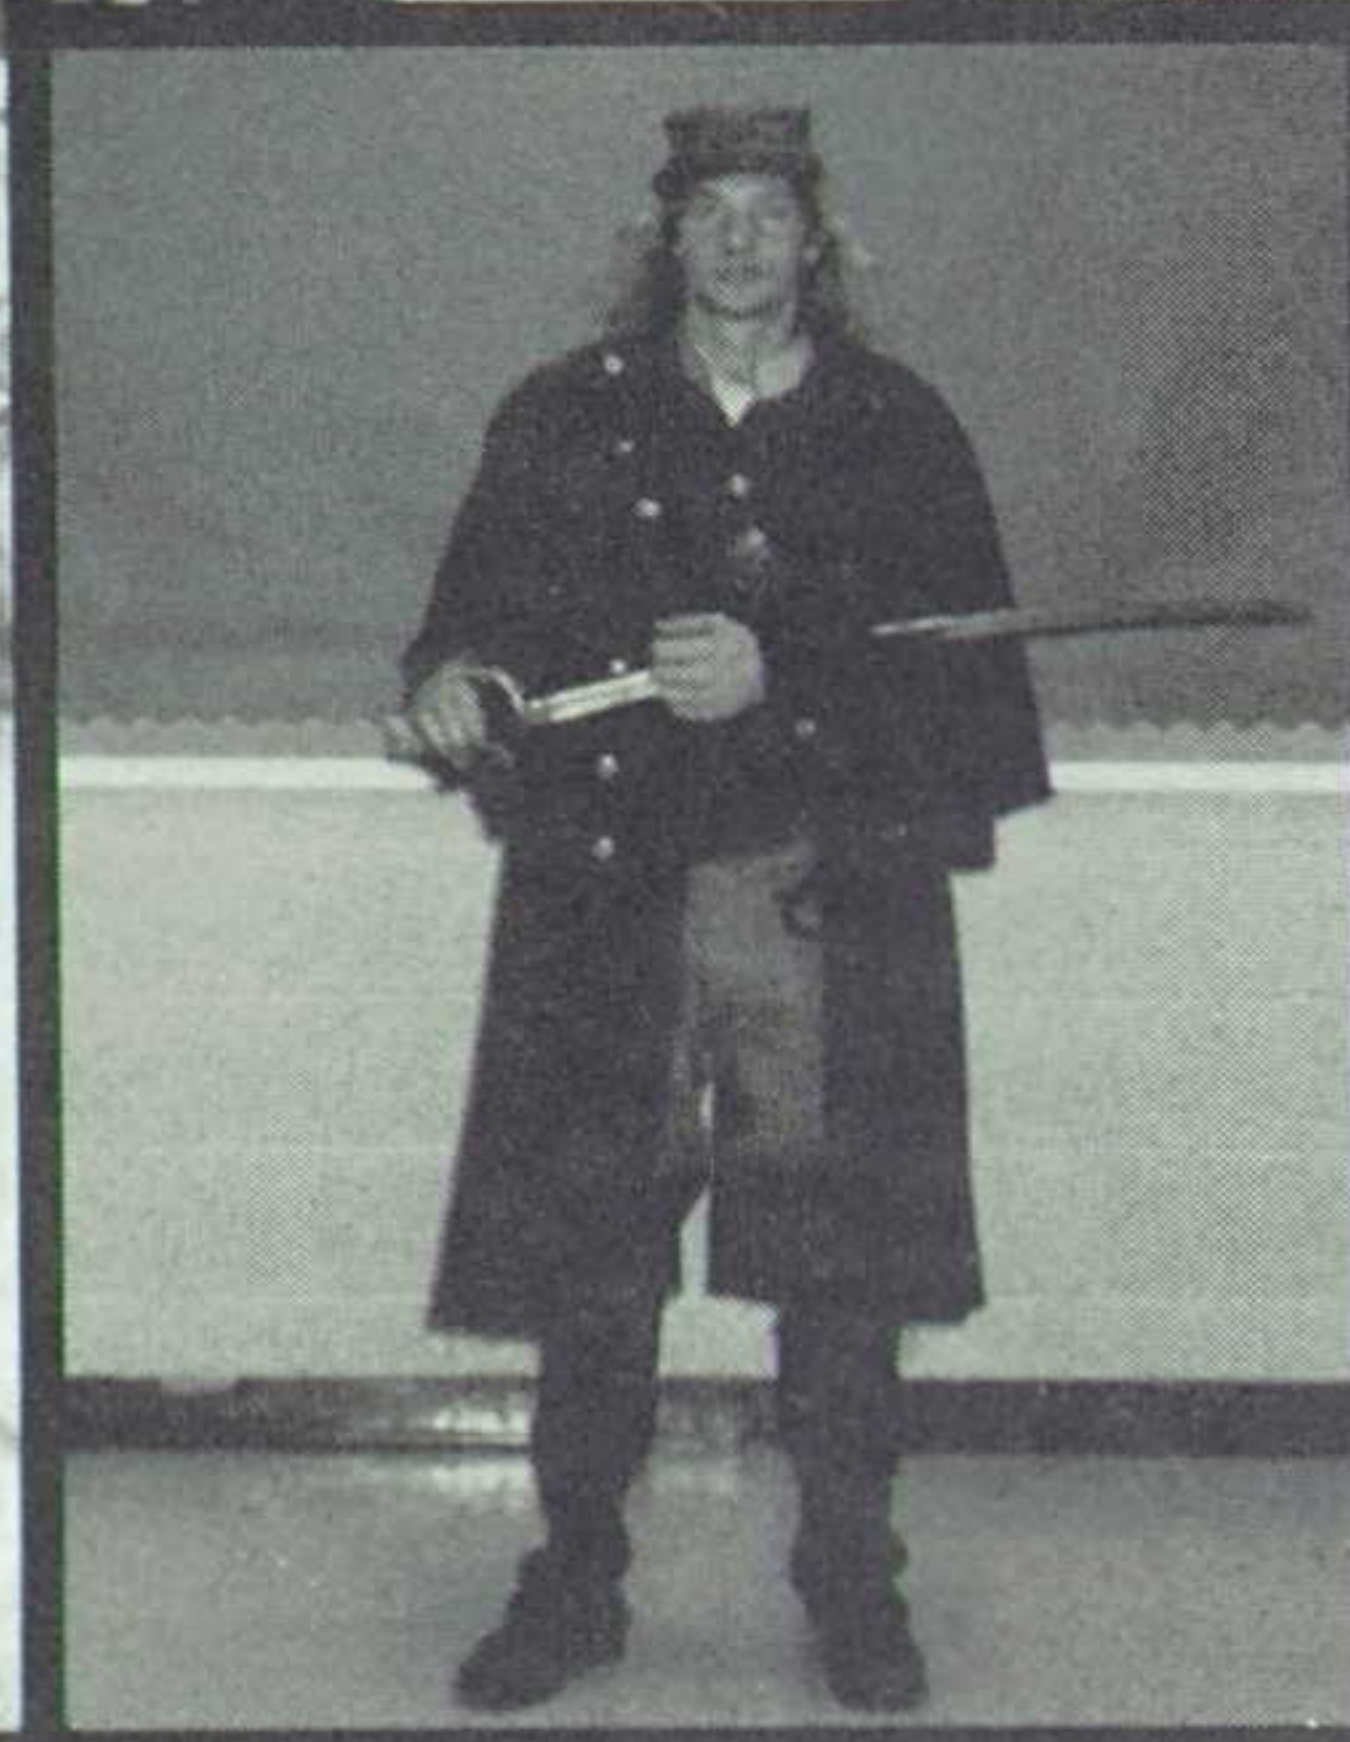

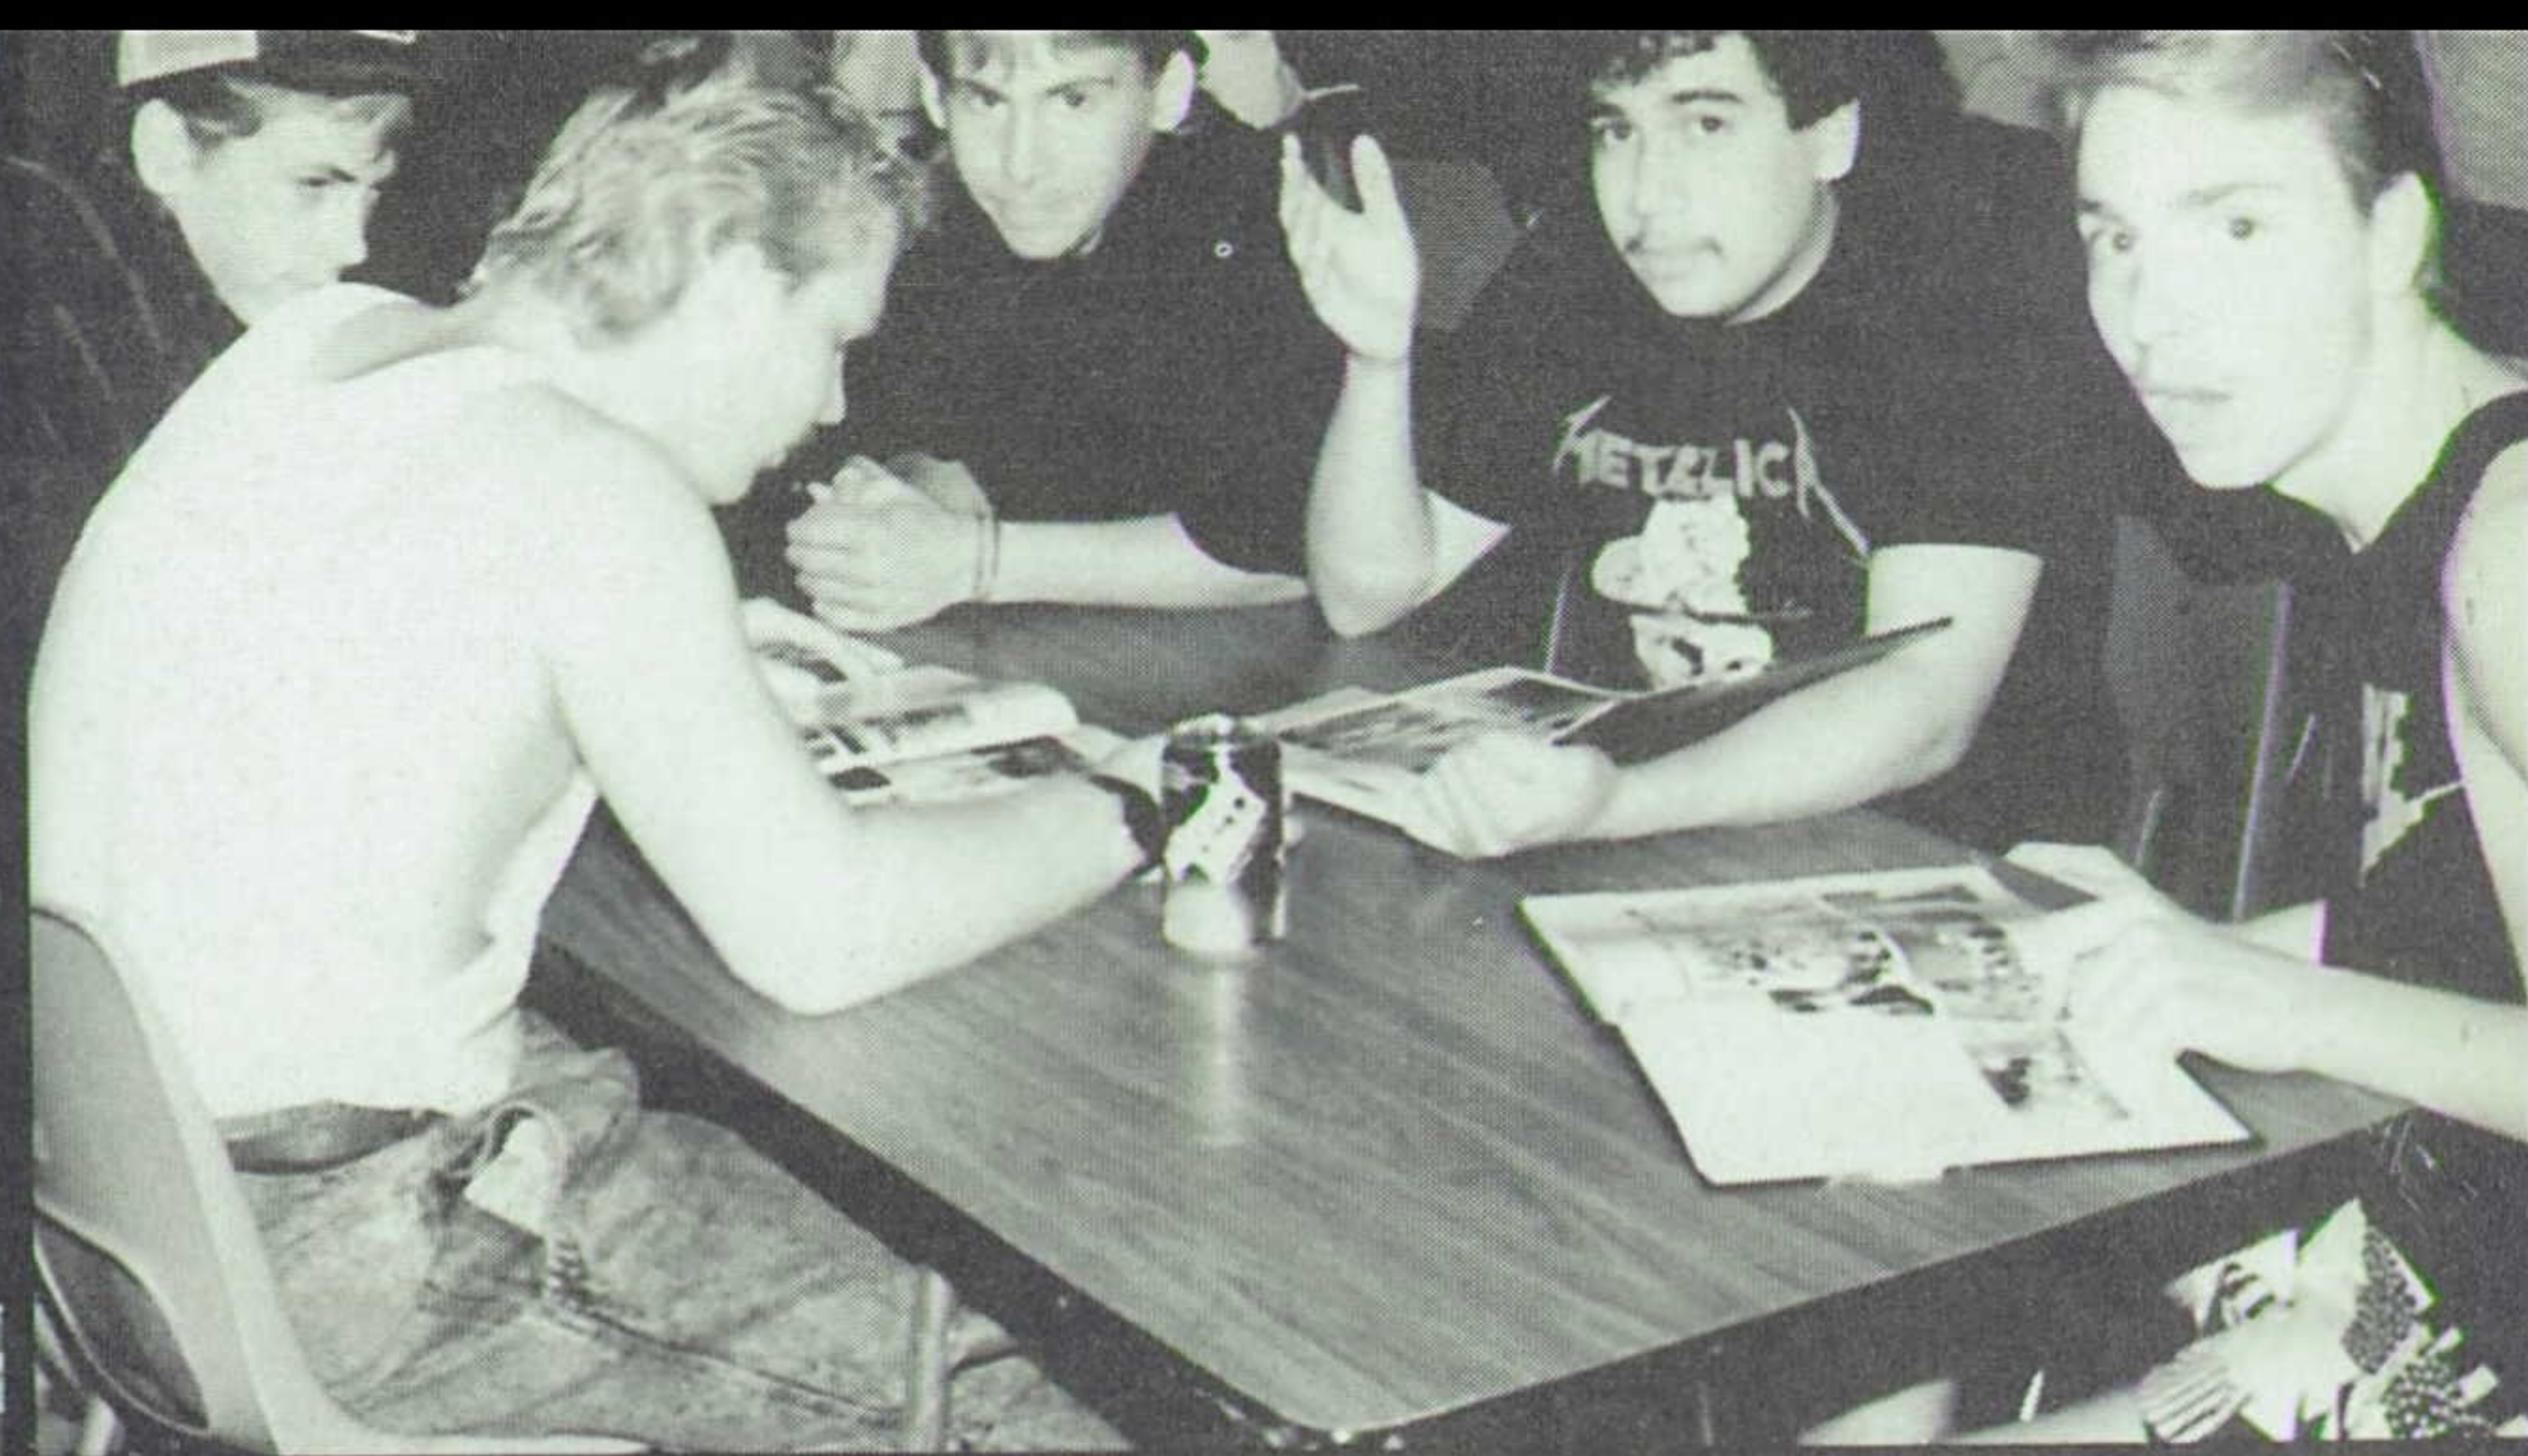

Dave Morris takes time to visualize his drafting project. Sometimes looking at it from a different angle can help put the finishing touches on the drawing.

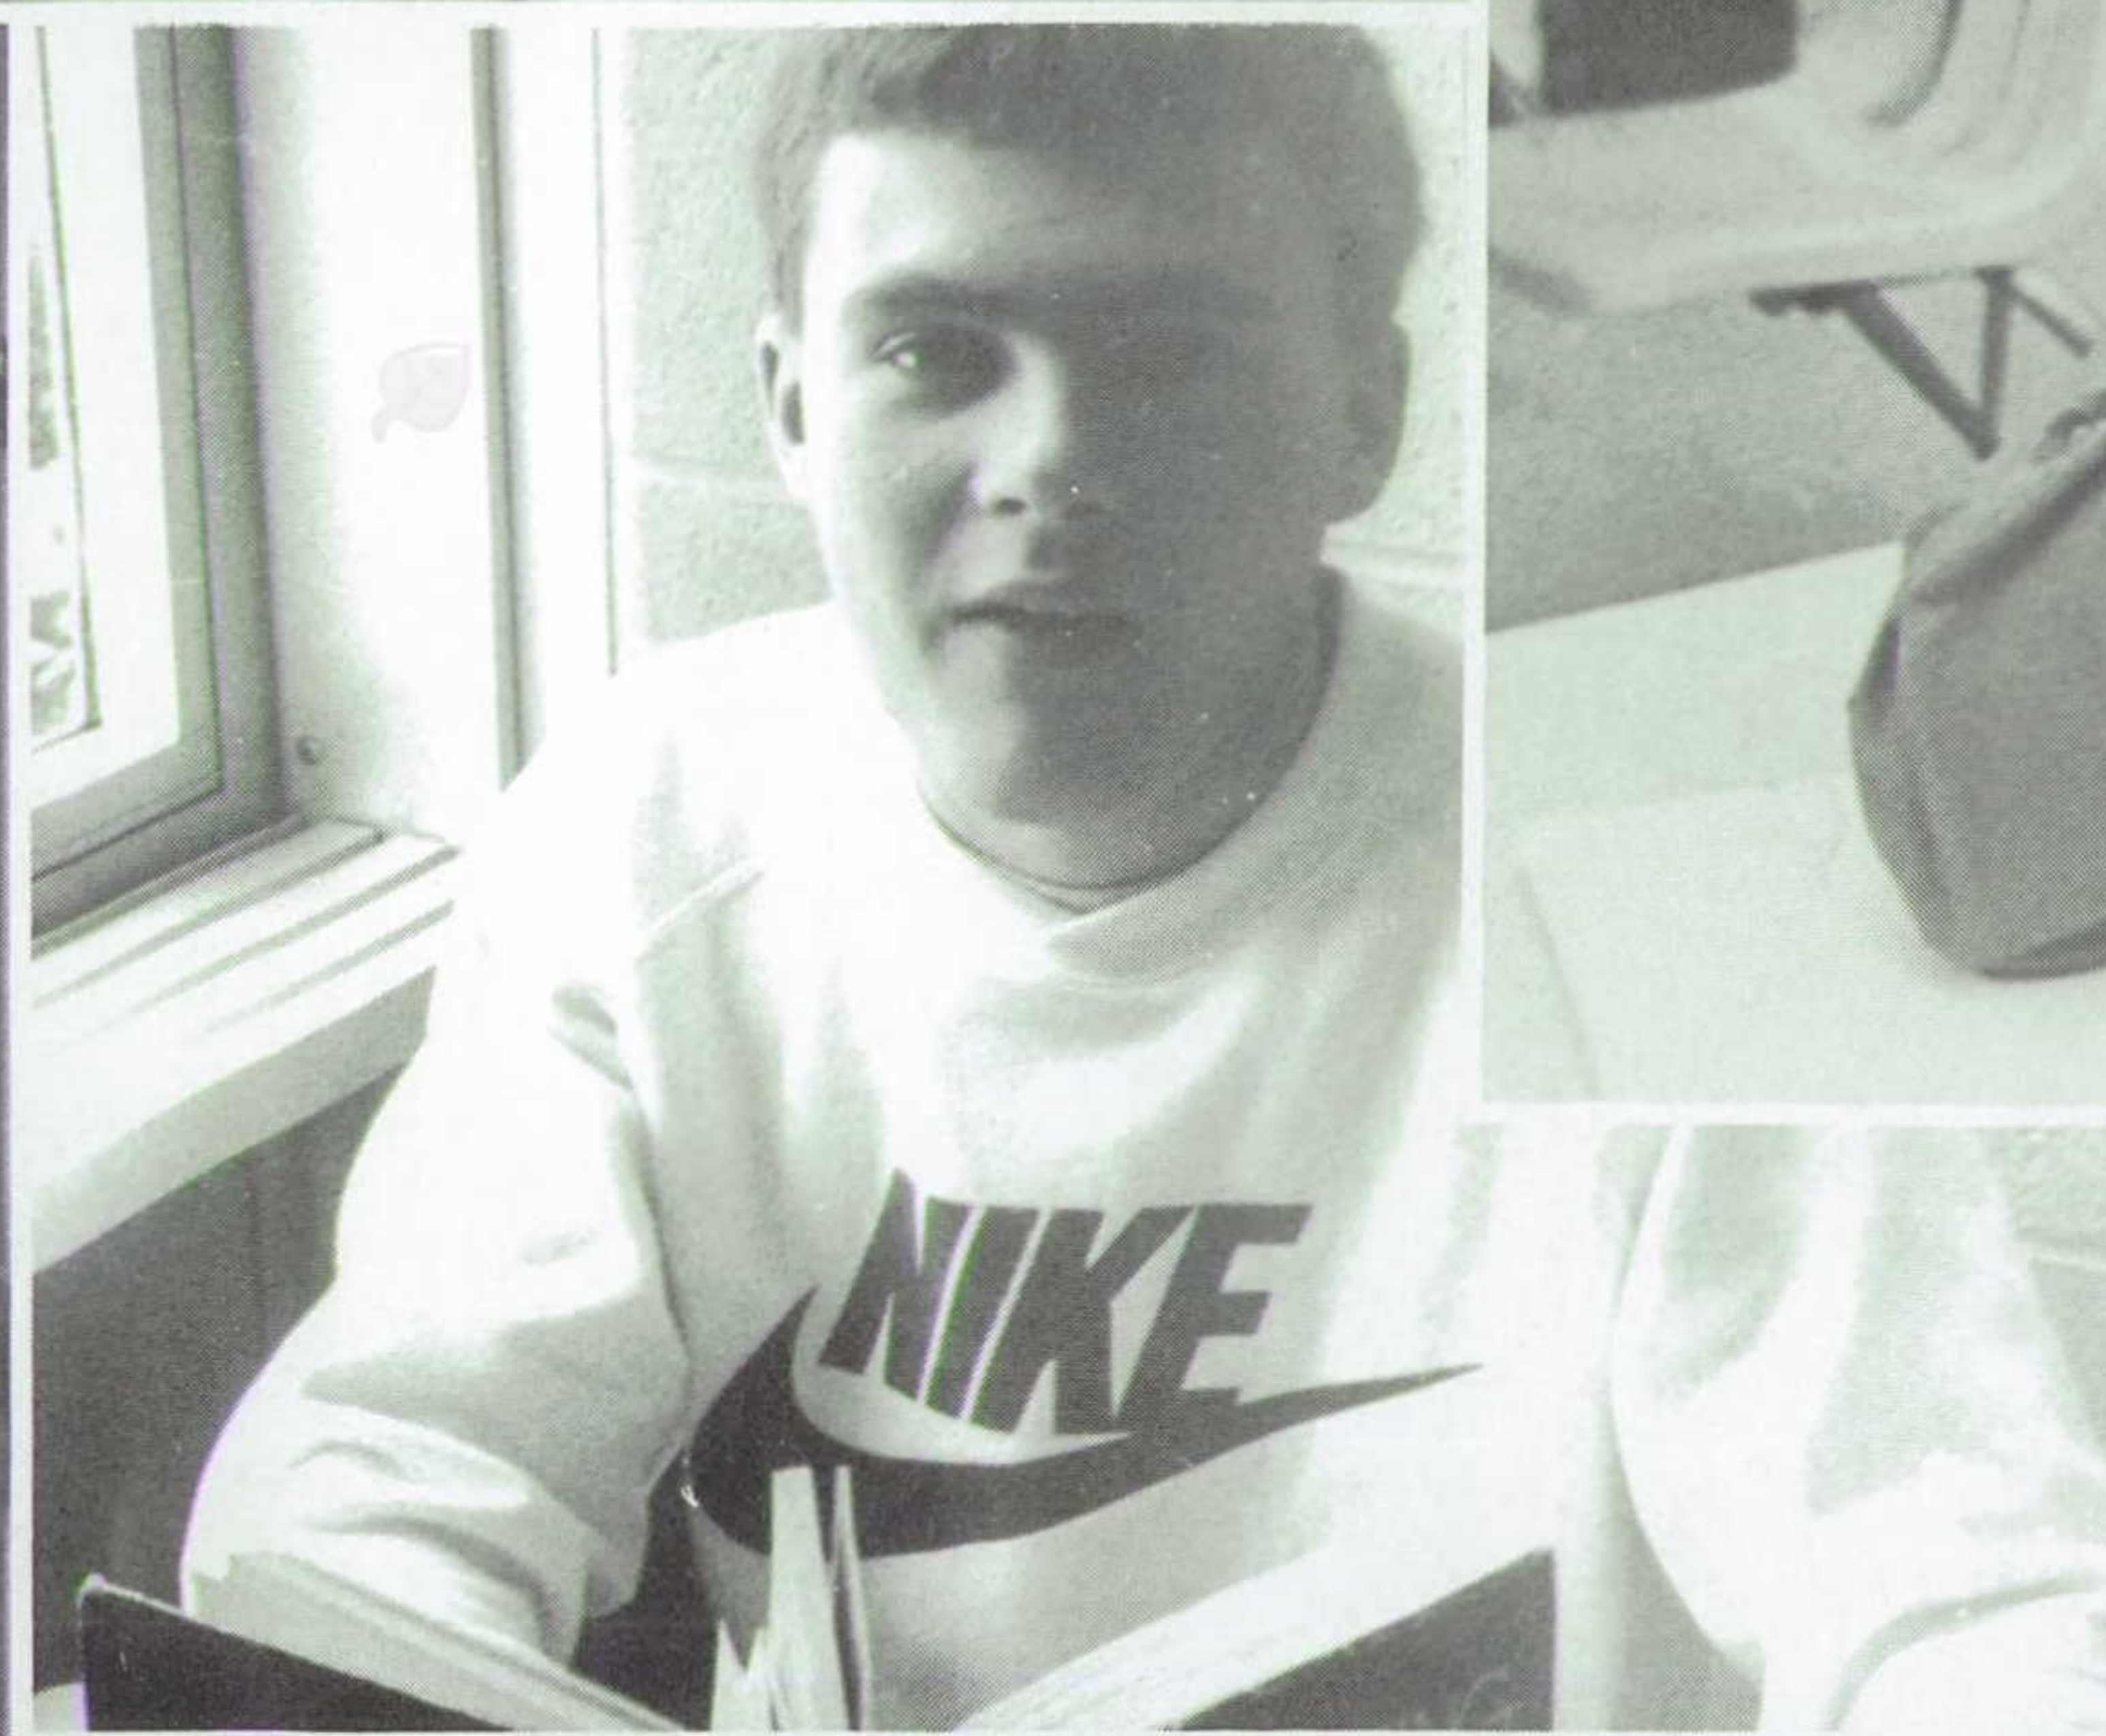

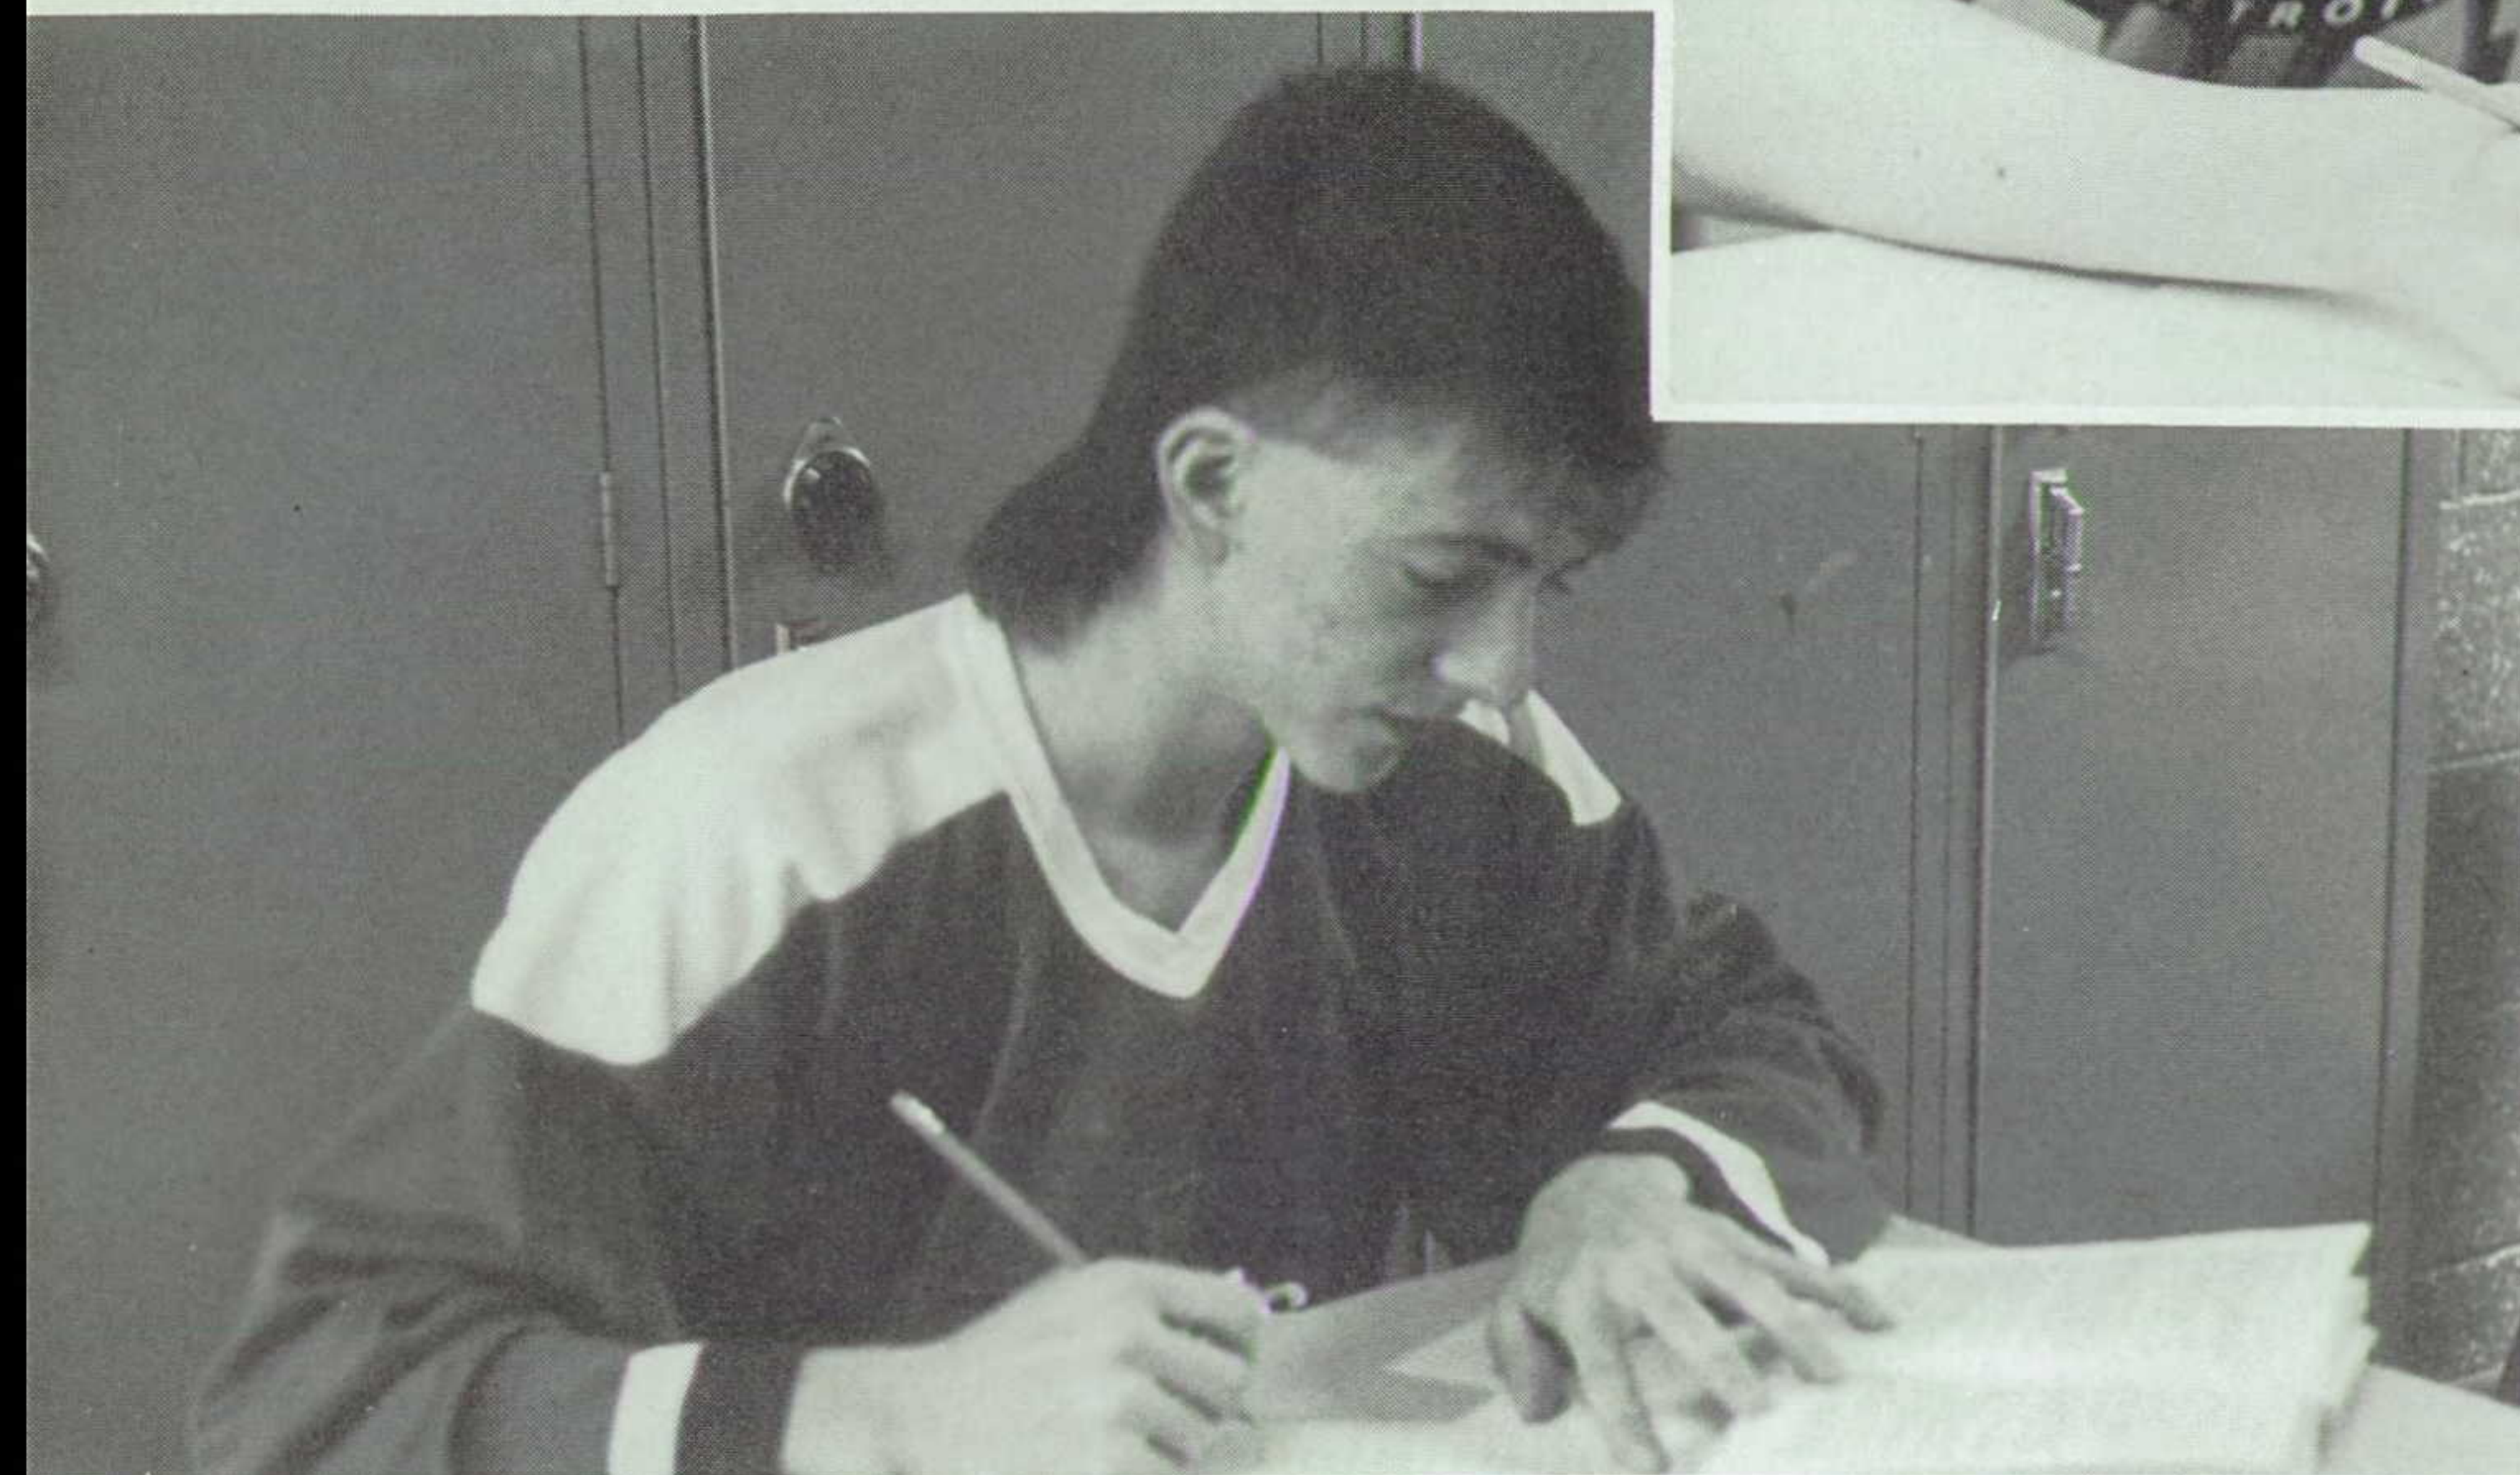

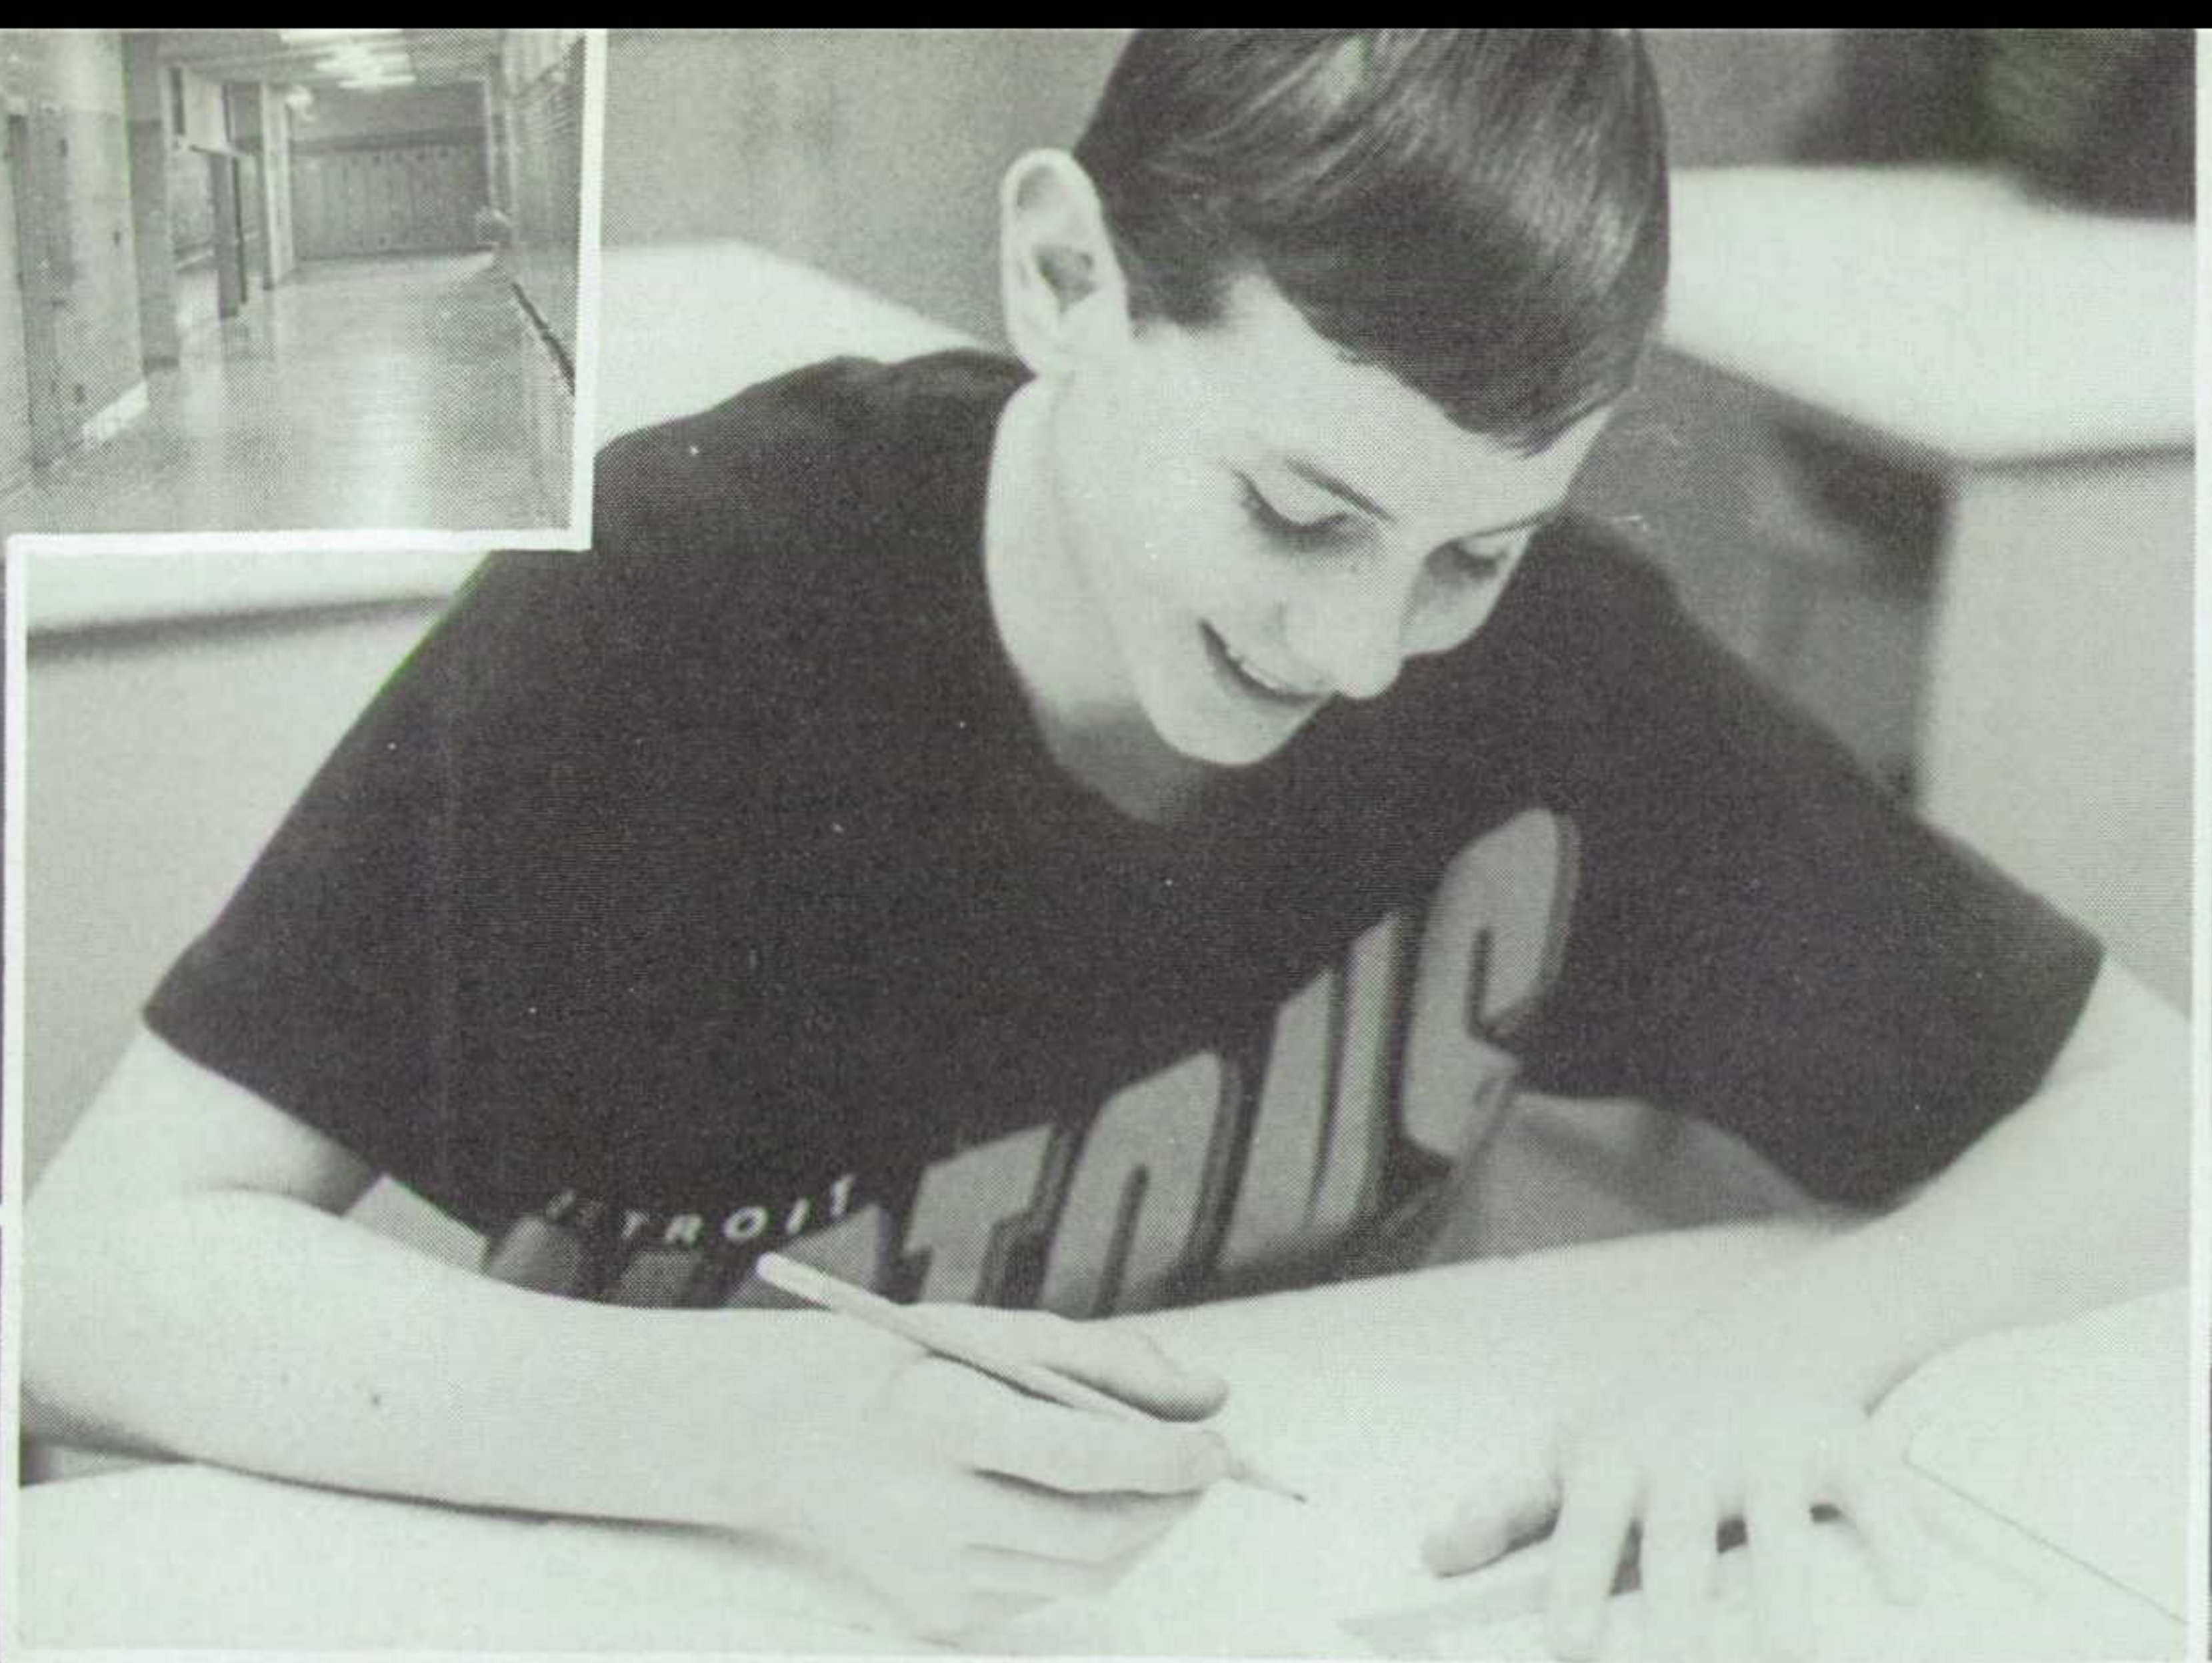

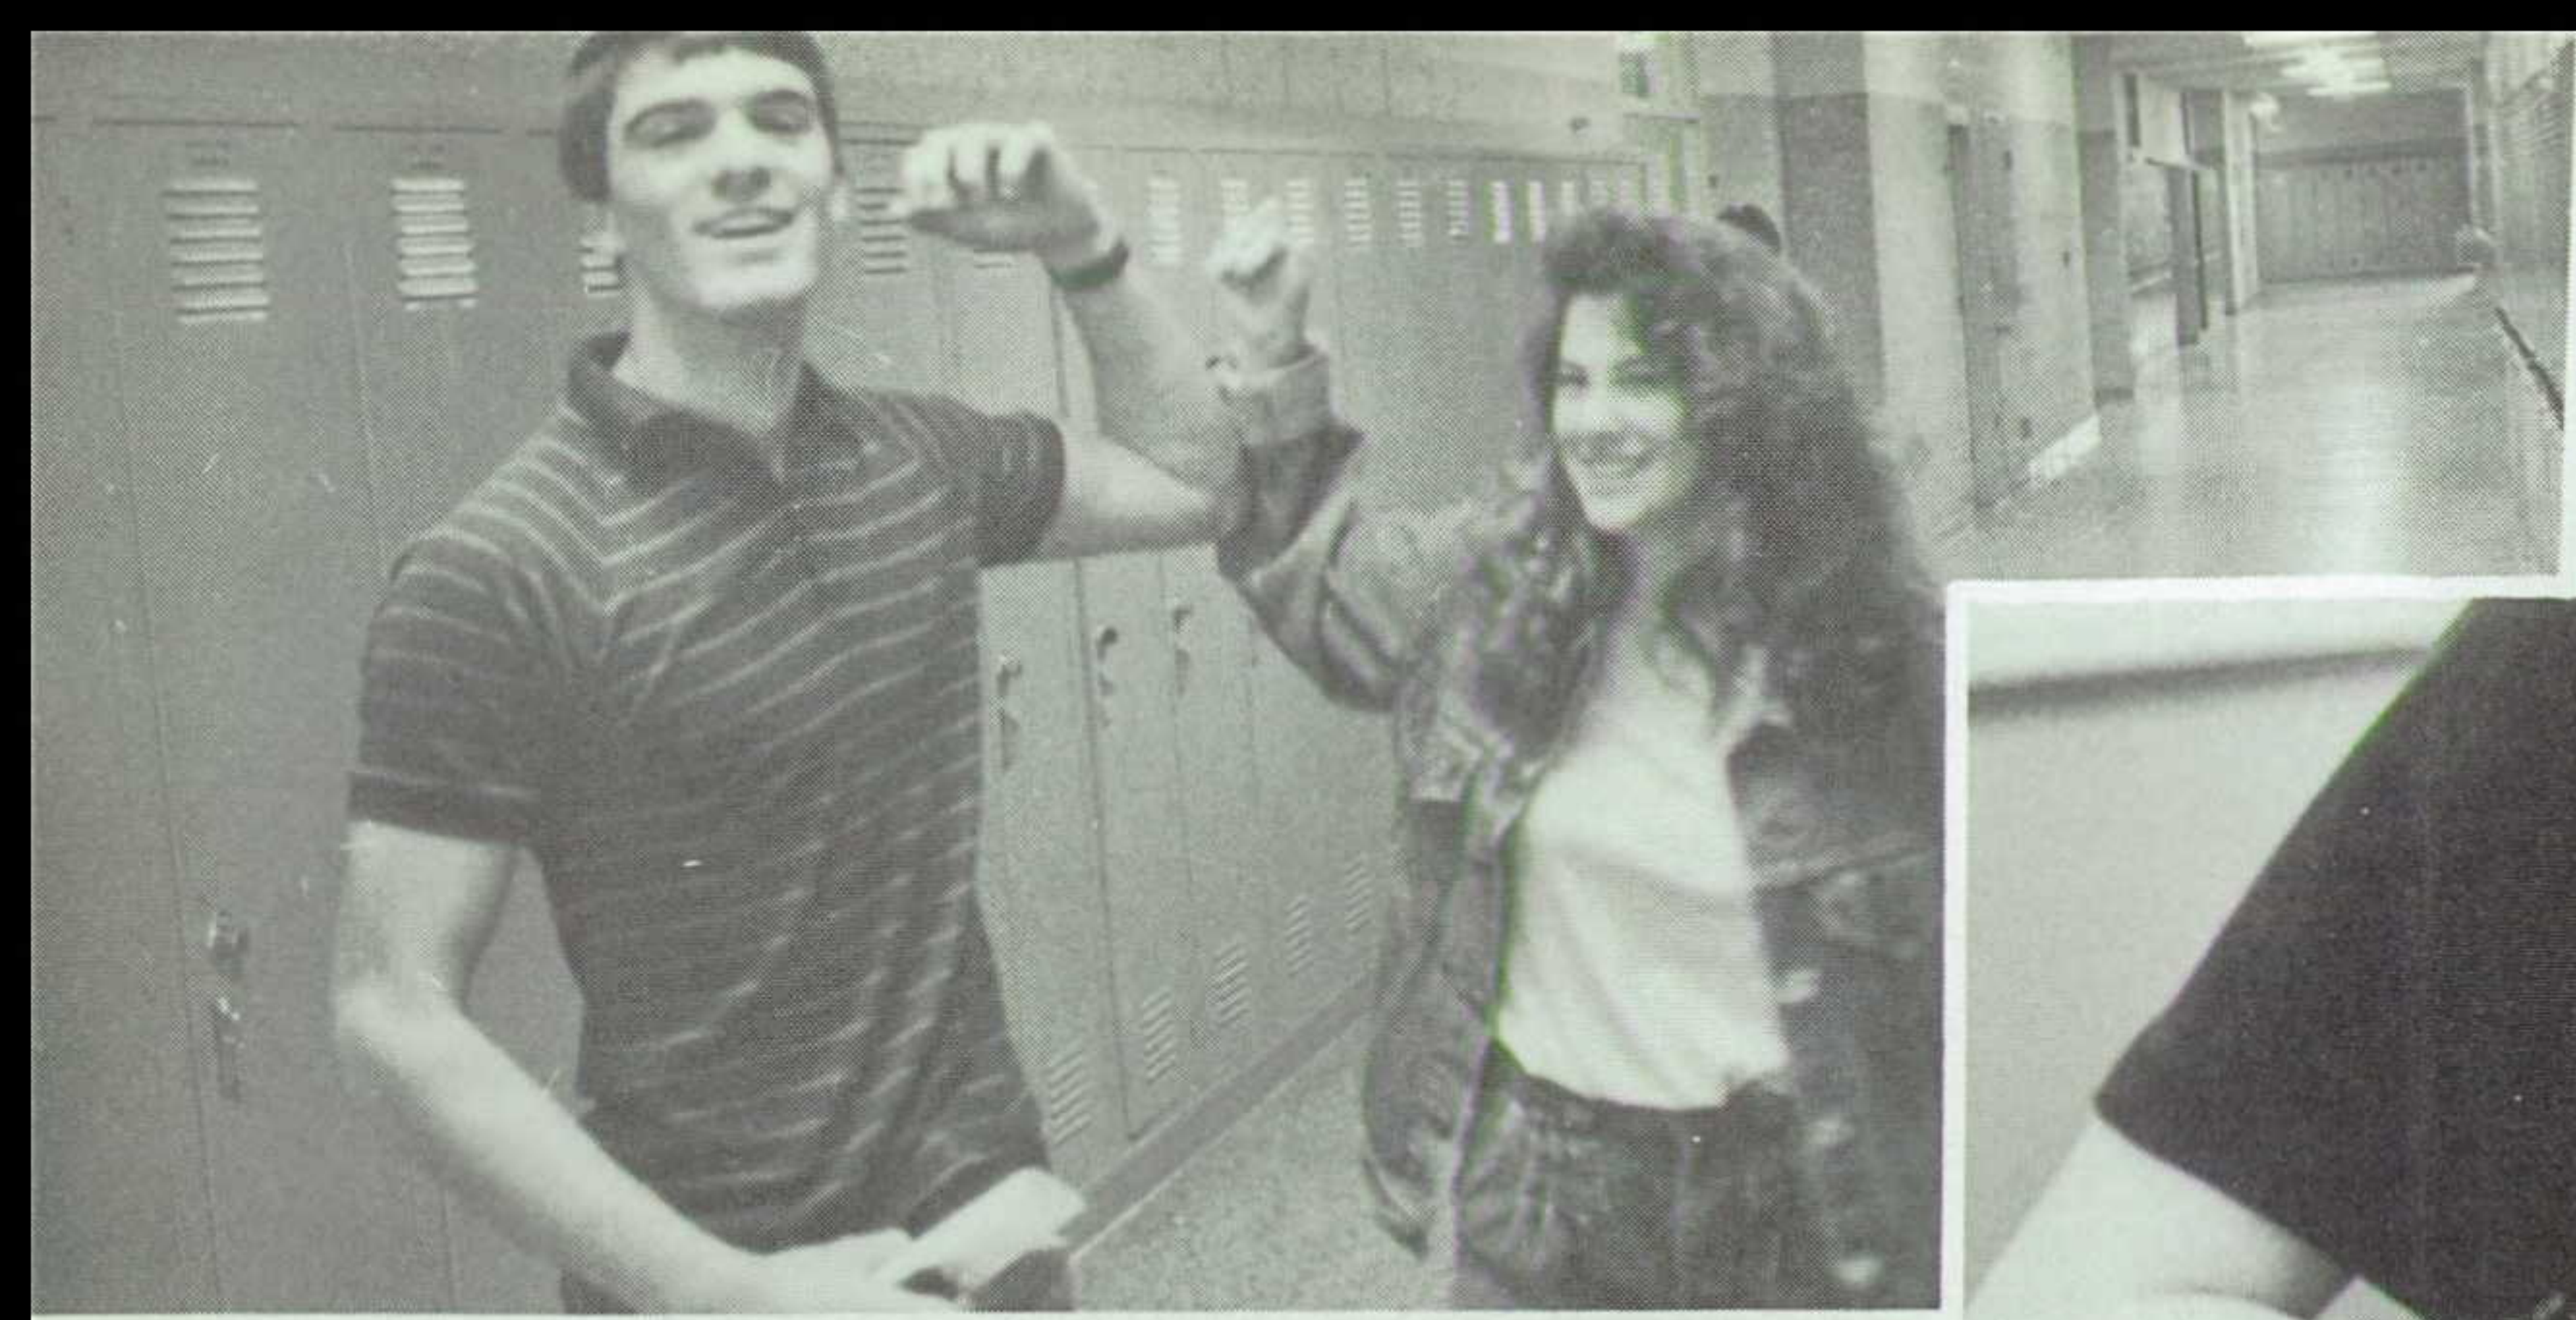

Sophomore girls seem to be having fun as they give a friendly wave. Whenever a camera appears, students usually cooperate with a kind pose.

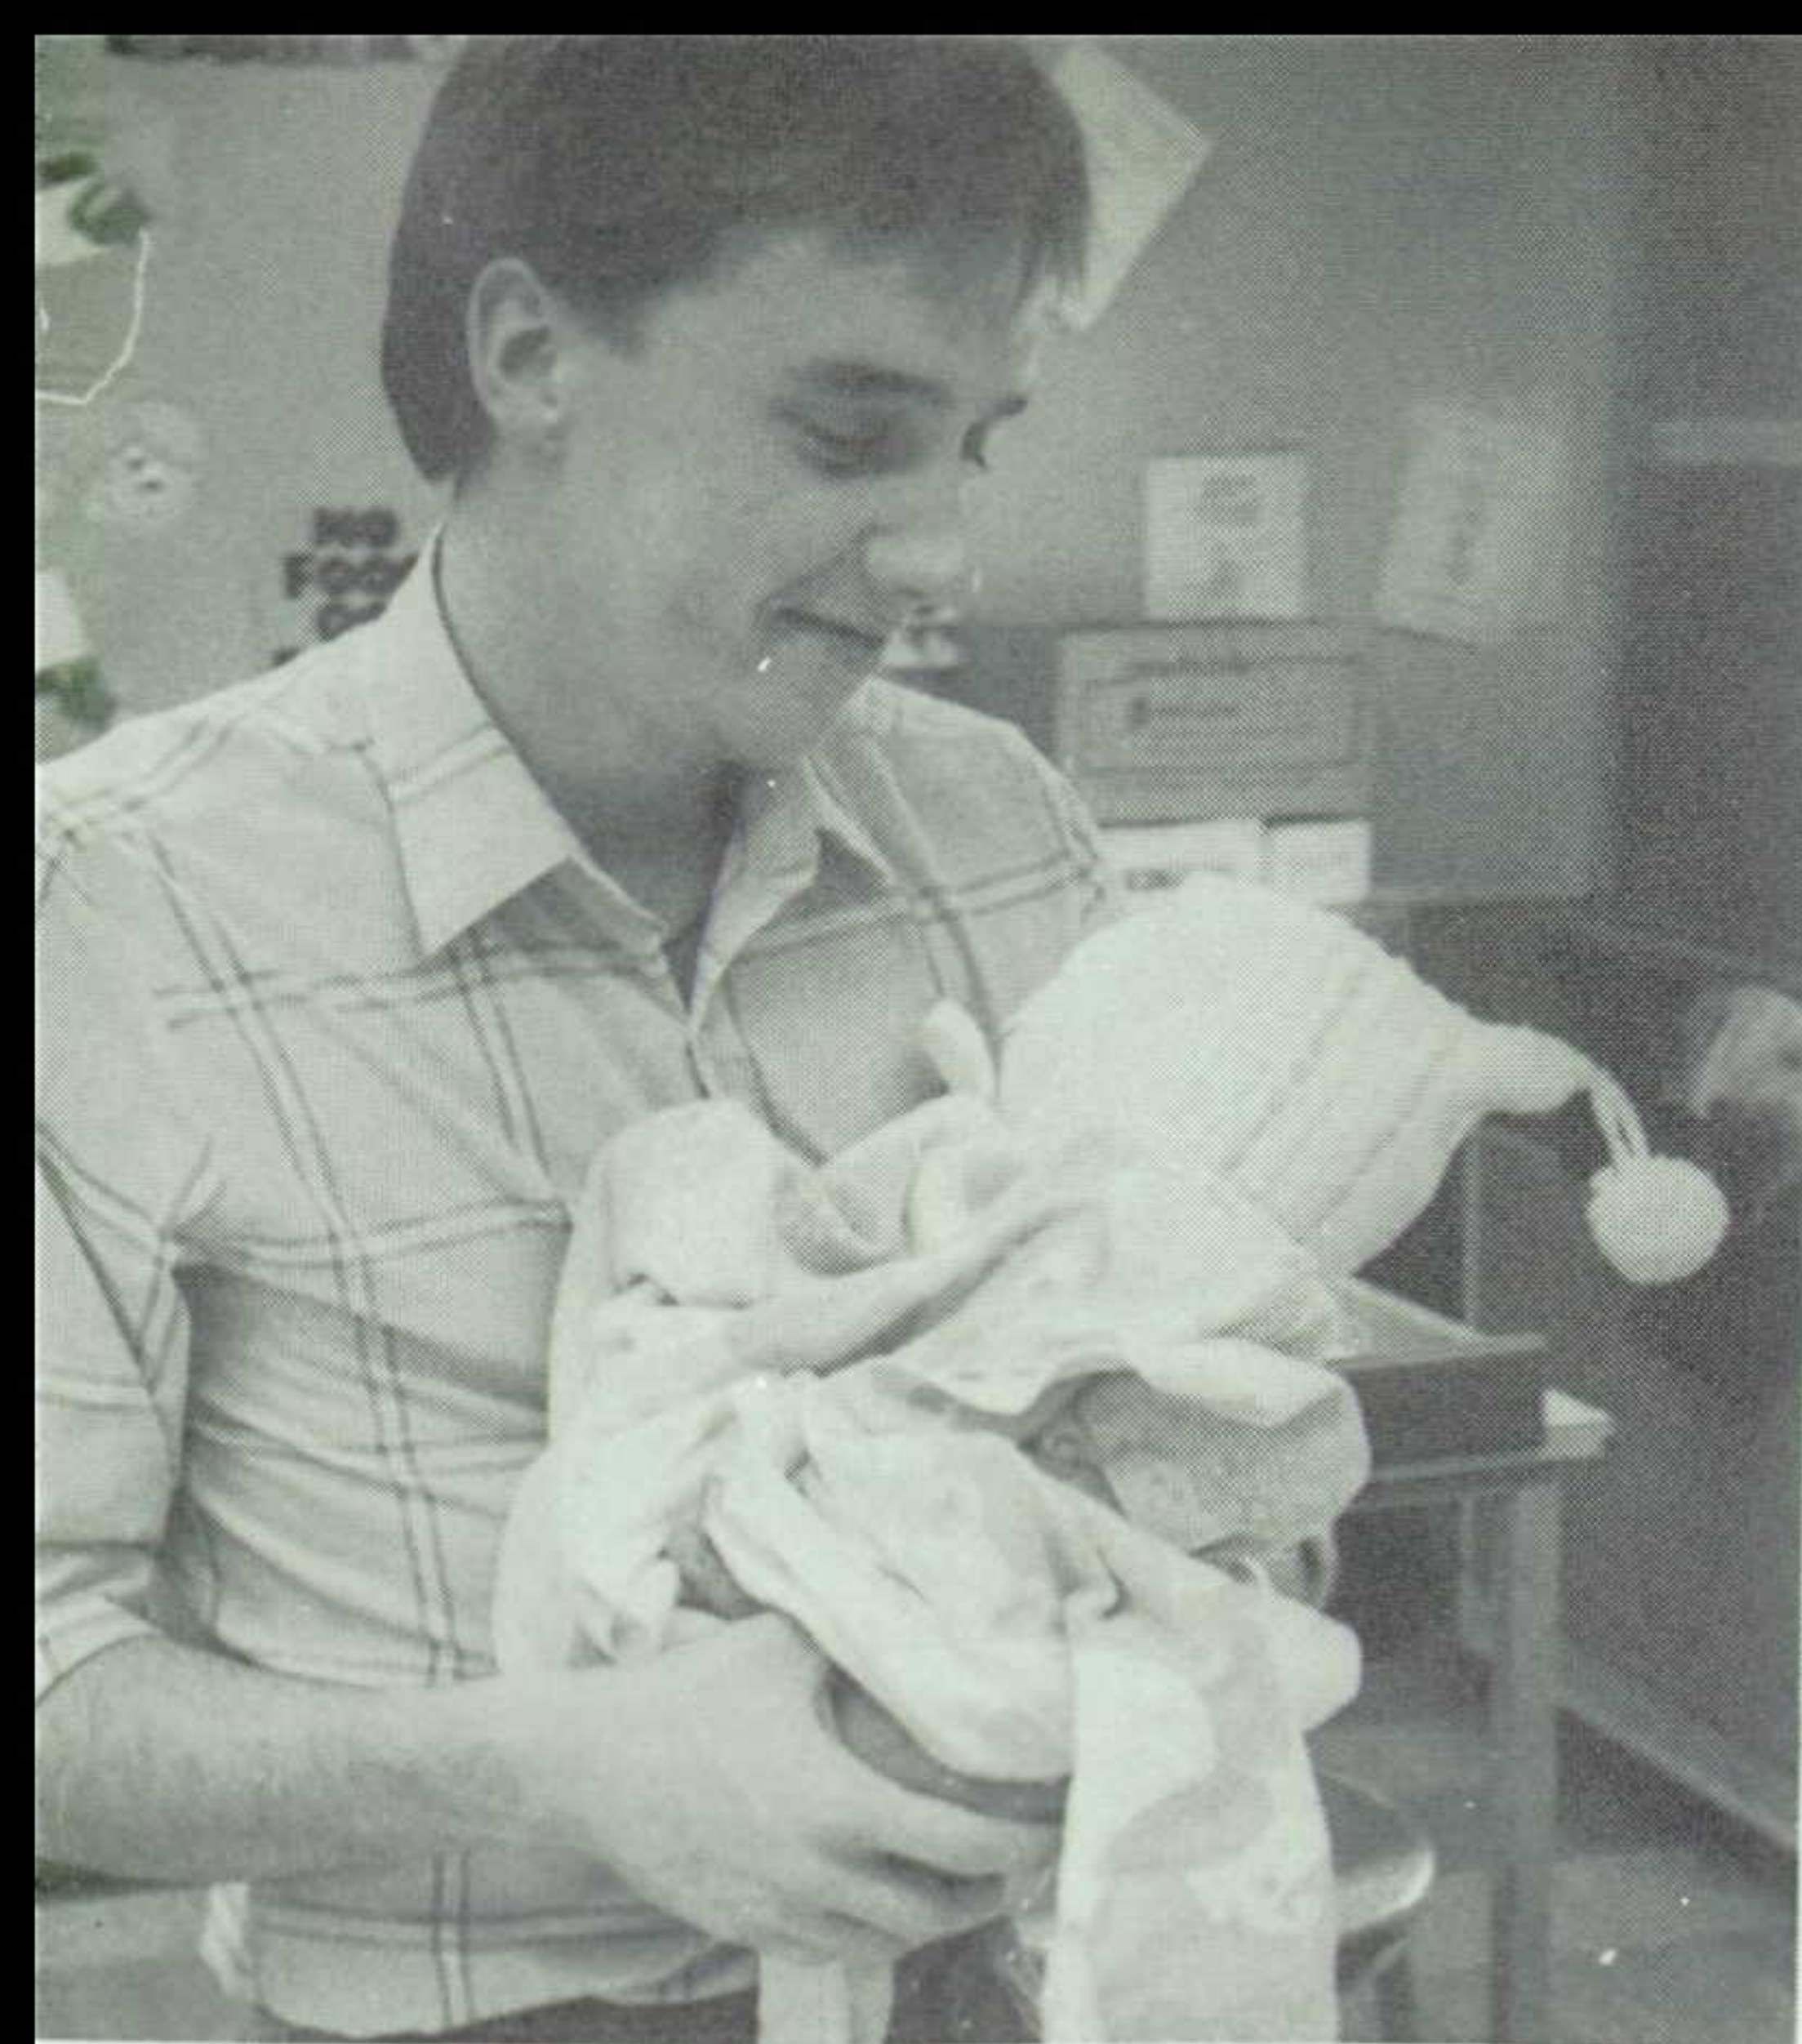

Kurt Fletcher and Scott Strouse show their polite smiles. Kurt and Scott can often be found out of class, but with a good excuse, of course.

Sue Capen puts in some extra time in order to make her journalism deadline. Sue is always more than willing to do her share of work.

Kim Weburg and Aaron Schall engage in "fisticuffs" in the hallway. If this fight were real Aaron would be overly matched by Kim's strength.

Brett Krenz remains in good spirits while braving through his assignment. Having such an open mind can make school work easier and enjoyable.

Brian Kennedy looks after his "sugar baby" with fatherly love. Every year psychology classes at BHS simulate the responsibilities of parenthood by students caring for these babies.

Kristi Liebrock appears distracted from her work. Most students don't mind taking a break from their daily routine.

Desperately trying to complete his assignment while sitting in the hall is Lance Geiling. Getting away from the normal classroom distractions can provide a better working atmosphere.

Senior Malena Lewis's train of thought is steered away from that of her classmates. Toward the end of the year, seniors find it increasingly harder to pay attention in class.

Cindy Shankel looks bewildered as she opens her locker. For a student their locker is "home" for the day.

Mike Abell looks for any reason to not do his assignment. Mike is always finding an excuse to get by without doing his work.

A group of seniors inspect their graduation announcements upon arrival. Receiving announcements is just one step closer toward graduation.

Brian Kipfmiller and Noah Earley find time to sit down and talk about the happenings of the day. Talking to a friend can help keep things in perspective

Top Of The Rock

After being an exchange student in Great Britain, I've had a lot of fun getting reacquainted with everyone at BHS during my senior year. It was difficult to readjust, but the experience was well worth it. I really wish other students would take advantage of this opportunity to travel abroad. Do all you can while you're in school now, especially during your senior year. It'll go by too fast - it did for me.

-Melanie Cole

As a senior, you search for your place in the world. You grow much closer to your classmates and realize that they are all you have. The life we know will soon be gone and another just beginning.

-Rodney Laurenz

I have learned that hard work, determination, courage, and fortitude will go a long ways when striving for success.

-Velvet Cutting

Coming to school in Breckenridge made me feel comfortable. I had fun everyday!!!

-Fabio Riberio

Being salutatorian of the class of 1989 is a great honor, a privilege when the amount of talent possessed by this class is considered. Over my four years in high school, my parents have always stressed grades first, play second. This was not always my feeling, but looking back, I can see the importance of working hard to do the best that we can at whatever it is that we're doing. Hard work is never wasted, it always pays off.

-Aaron Spangler

Being finished with school means that for the first time in the last thirteen years I won't be starting school with all the familiar faces that I've grown used to. I'll miss my girlfriend, friends, and teachers, but I'll be starting college, preparing me for the rest of my life.

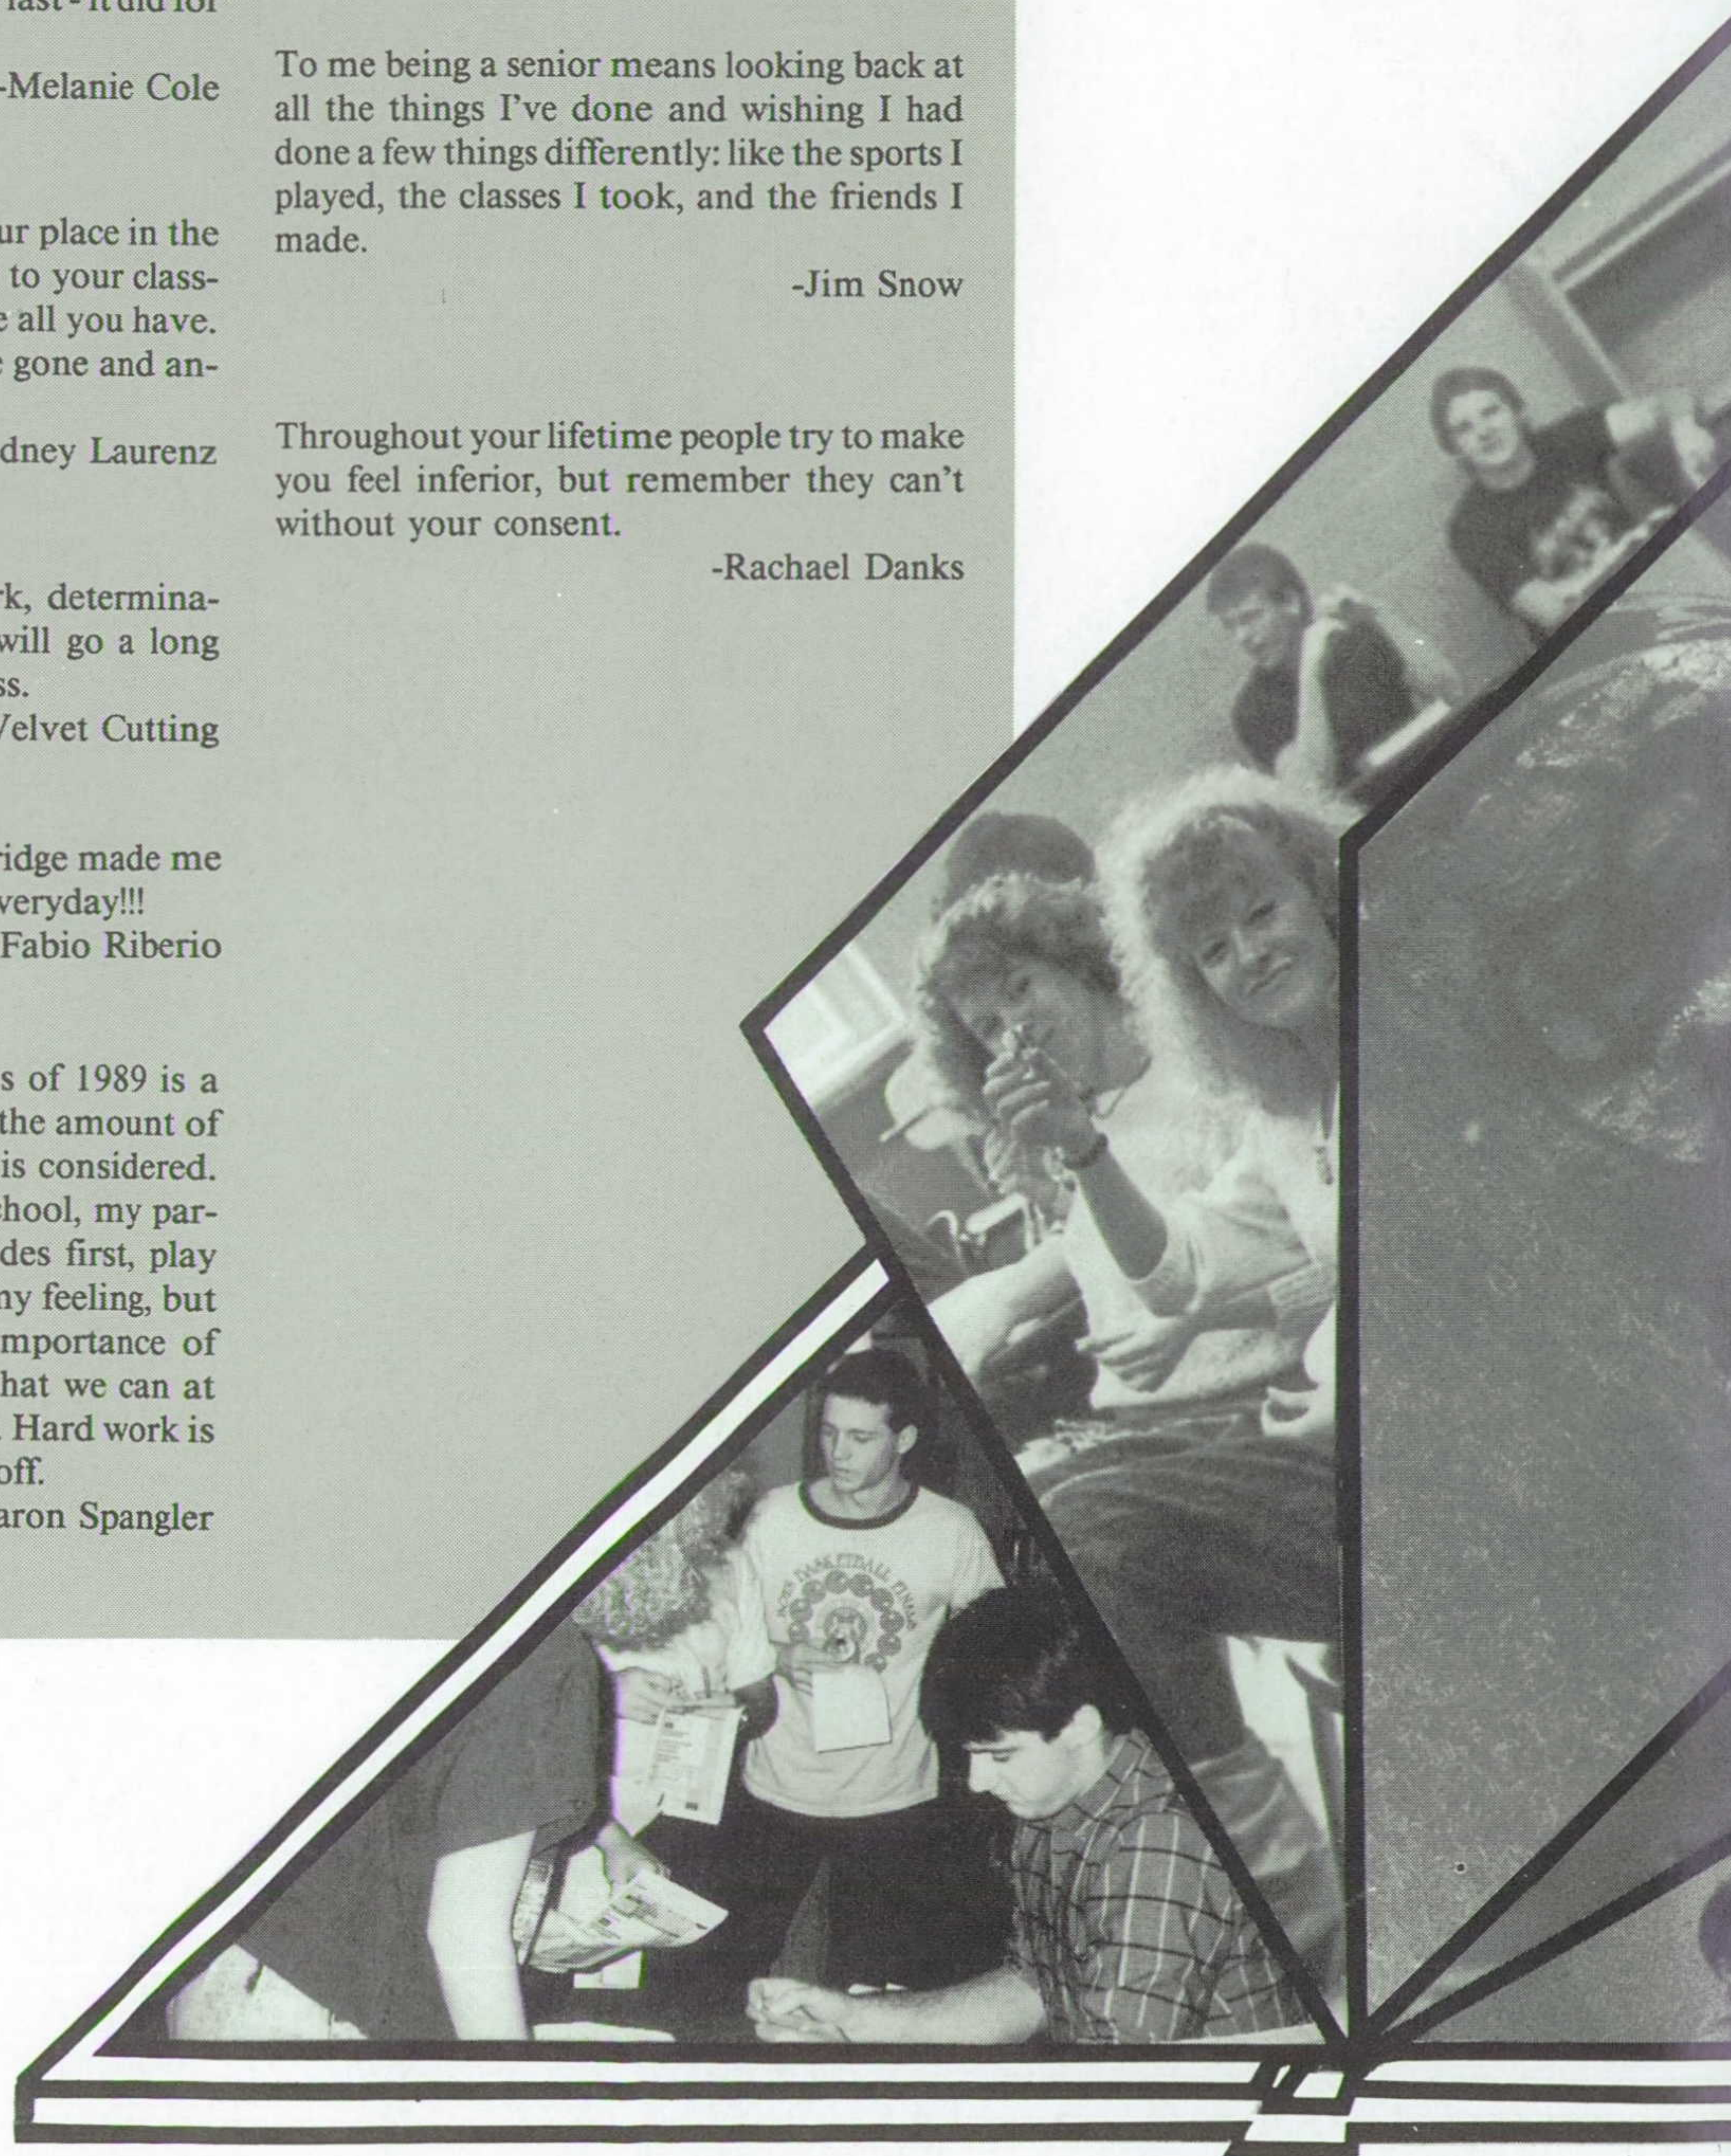

-Steve Markley

To me being a senior means looking back at all the things I've done and wishing I had done a few things differently: like the sports I played, the classes I took, and the friends I made.

-Jim Snow

Throughout your lifetime people try to make you feel inferior, but remember they can't without your consent.

HOLD ON TO THE NIGHT

Couples enjoy dancing to their favorite slow song. The juniors hired Celebration Sounds to provide music for the Prom.

Kim Esquivel and Steve Markley were crowned Prom queen and king. The king and queen were voted on by those who attended the Prom.

Aaron Schall and Sue Capen pose for their formal picture. Dick Goostrey was on hand to take the pictures.

Kari Garner and Tonya Beebe share a moment together. Moments like this make the Prom extra special.

As spring approached, so did the excitement of the Prom. The excitement began as the juniors sent invitations to every senior. Then came the hard part, finding the perfect dress or tuxedo. After finding your attire, you then had to find the accessories to match. As April 15th approached, there were still some things that needed to be done such as getting hair appointments and ordering the corsage or boutonniere.

When April 15th arrived, many students were very anxious and nervous as they were getting ready. Before you were ready to leave, there was the traditional pinning on the corsage and boutonniere and all the picture taking.

Finally it was time to leave. As we arrived at the Mt. Pleasant Country Club, we were greeted by sophomore attendants Cheryl Collins, Todd Hagey, Troy Saunders, and Julie Siler. We were then asked to vote for Prom king and queen, and we were given our Prom diaries. As we looked through our diaries, we came across a poem dedicated to the seniors.

Another year goes by

Another Prom is here

To some this brings a joyous smile

To others brings a tear
For four years you have tread a path
From dawn to setting sun
But now the path gets steeper
And the climb is just begun
We're very glad to know you
We'll miss you when you've gone.
And to the Class of '89
We dedicate our Prom.

After enjoying a delicious meal, each couple had their picture taken by Dick Goostrey from Dick's Studio. The couples then enjoyed an evening of dancing with the music provided by Celebration Sounds. During the dance, the announcement of Prom king and queen and the runner-ups was made. The winners were, second runner-ups Todd Howie and Theresa Walsh, first runner-ups Tim Clark and Kristi Liebrock, and King Steve Markley and Queen Kim Esquivel. The king, queen, and court danced to the theme song "Hold on to the Night." The couples then enjoyed dancing until 1:00. After that each couple went their own way, knowing they shared a wonderful evening together.

-Michelle Roe

Fabio Ribeiro and Patricia Velasquez, our exchange students from Brazil and Columbia, enjoy a moment together before the Prom. The Prom is a new experience for many of the exchange students.

Theresa Walsh takes time to talk with a friend. For seniors, Prom was a very special time to share with friends.

Aaron Spangler, Michelle Roe, Malena Lewis, and Jeff Marr enjoy each others company while waiting for the dance to begin. Spending time with friends at Prom is always a pleasant time.

Juniors Say Goodbye;

The Junior and Senior classes united in friendship for the last time on the night of the Jr.-Sr. Banquet and Senior Honors Assembly. The opportunity to share memories and anticipate the future with friends was apparent by the smiles on everyone's faces as well as a few tears here and there.

The banquet was held in the high school cafeteria. Members of the sophomore class waited on the Juniors and Seniors, serving the excellent food prepared by a group of parents. The banquet was brought to a close with the reading of the Senior class history by Mr. Godefroidt.

With the conclusion of the banquet, the seniors donned their caps and gowns for the first time and assembled in the gym for the Honors Assembly. Many students received special awards and recognition. Every award given was important and had special meaning to each person who received one.

Mike Anschutz and Patti Hoffman help themselves to some punch before the formal beginning of the banquet. Members of the sophomore class serve food and beverages during the banquet.

The banquet and honor assembly made the Seniors realize that it was actually their turn to graduate from Breckenridge High School and have their opportunity to make it on their own.

-Brian Kennedy

Mark Kennedy and Kristi Liebrock receive the Outstanding Senior Awards. Knowing that you have earned the respect of your classmates makes the award even more special.

MEMORIES NEVER

The long awaited moment finally arrived. On June 4, 1989, ninety-four seniors dressed in maroon and white, marched into the gymnasium to the sounds of "Pomp and Circumstance."

The ceremony began with an Invocation given by Rev. Russell Kreml, followed by comments from Student Council President, Malena Lewis. Next we heard presentations given by Salutatorian Aaron Spangler and Valedictorian Rodney Laurenz.

During the ceremony, the Senior High Band and Senior High Choir each performed two selections. For the seniors who belonged to these organizations, this would be their last high school performance.

As the band and choir performed their selections, many eyes were filled with tears as we sat there thinking about everything that had happened to us in the last thirteen years. We thought of the friends we made and the days of grade school and junior

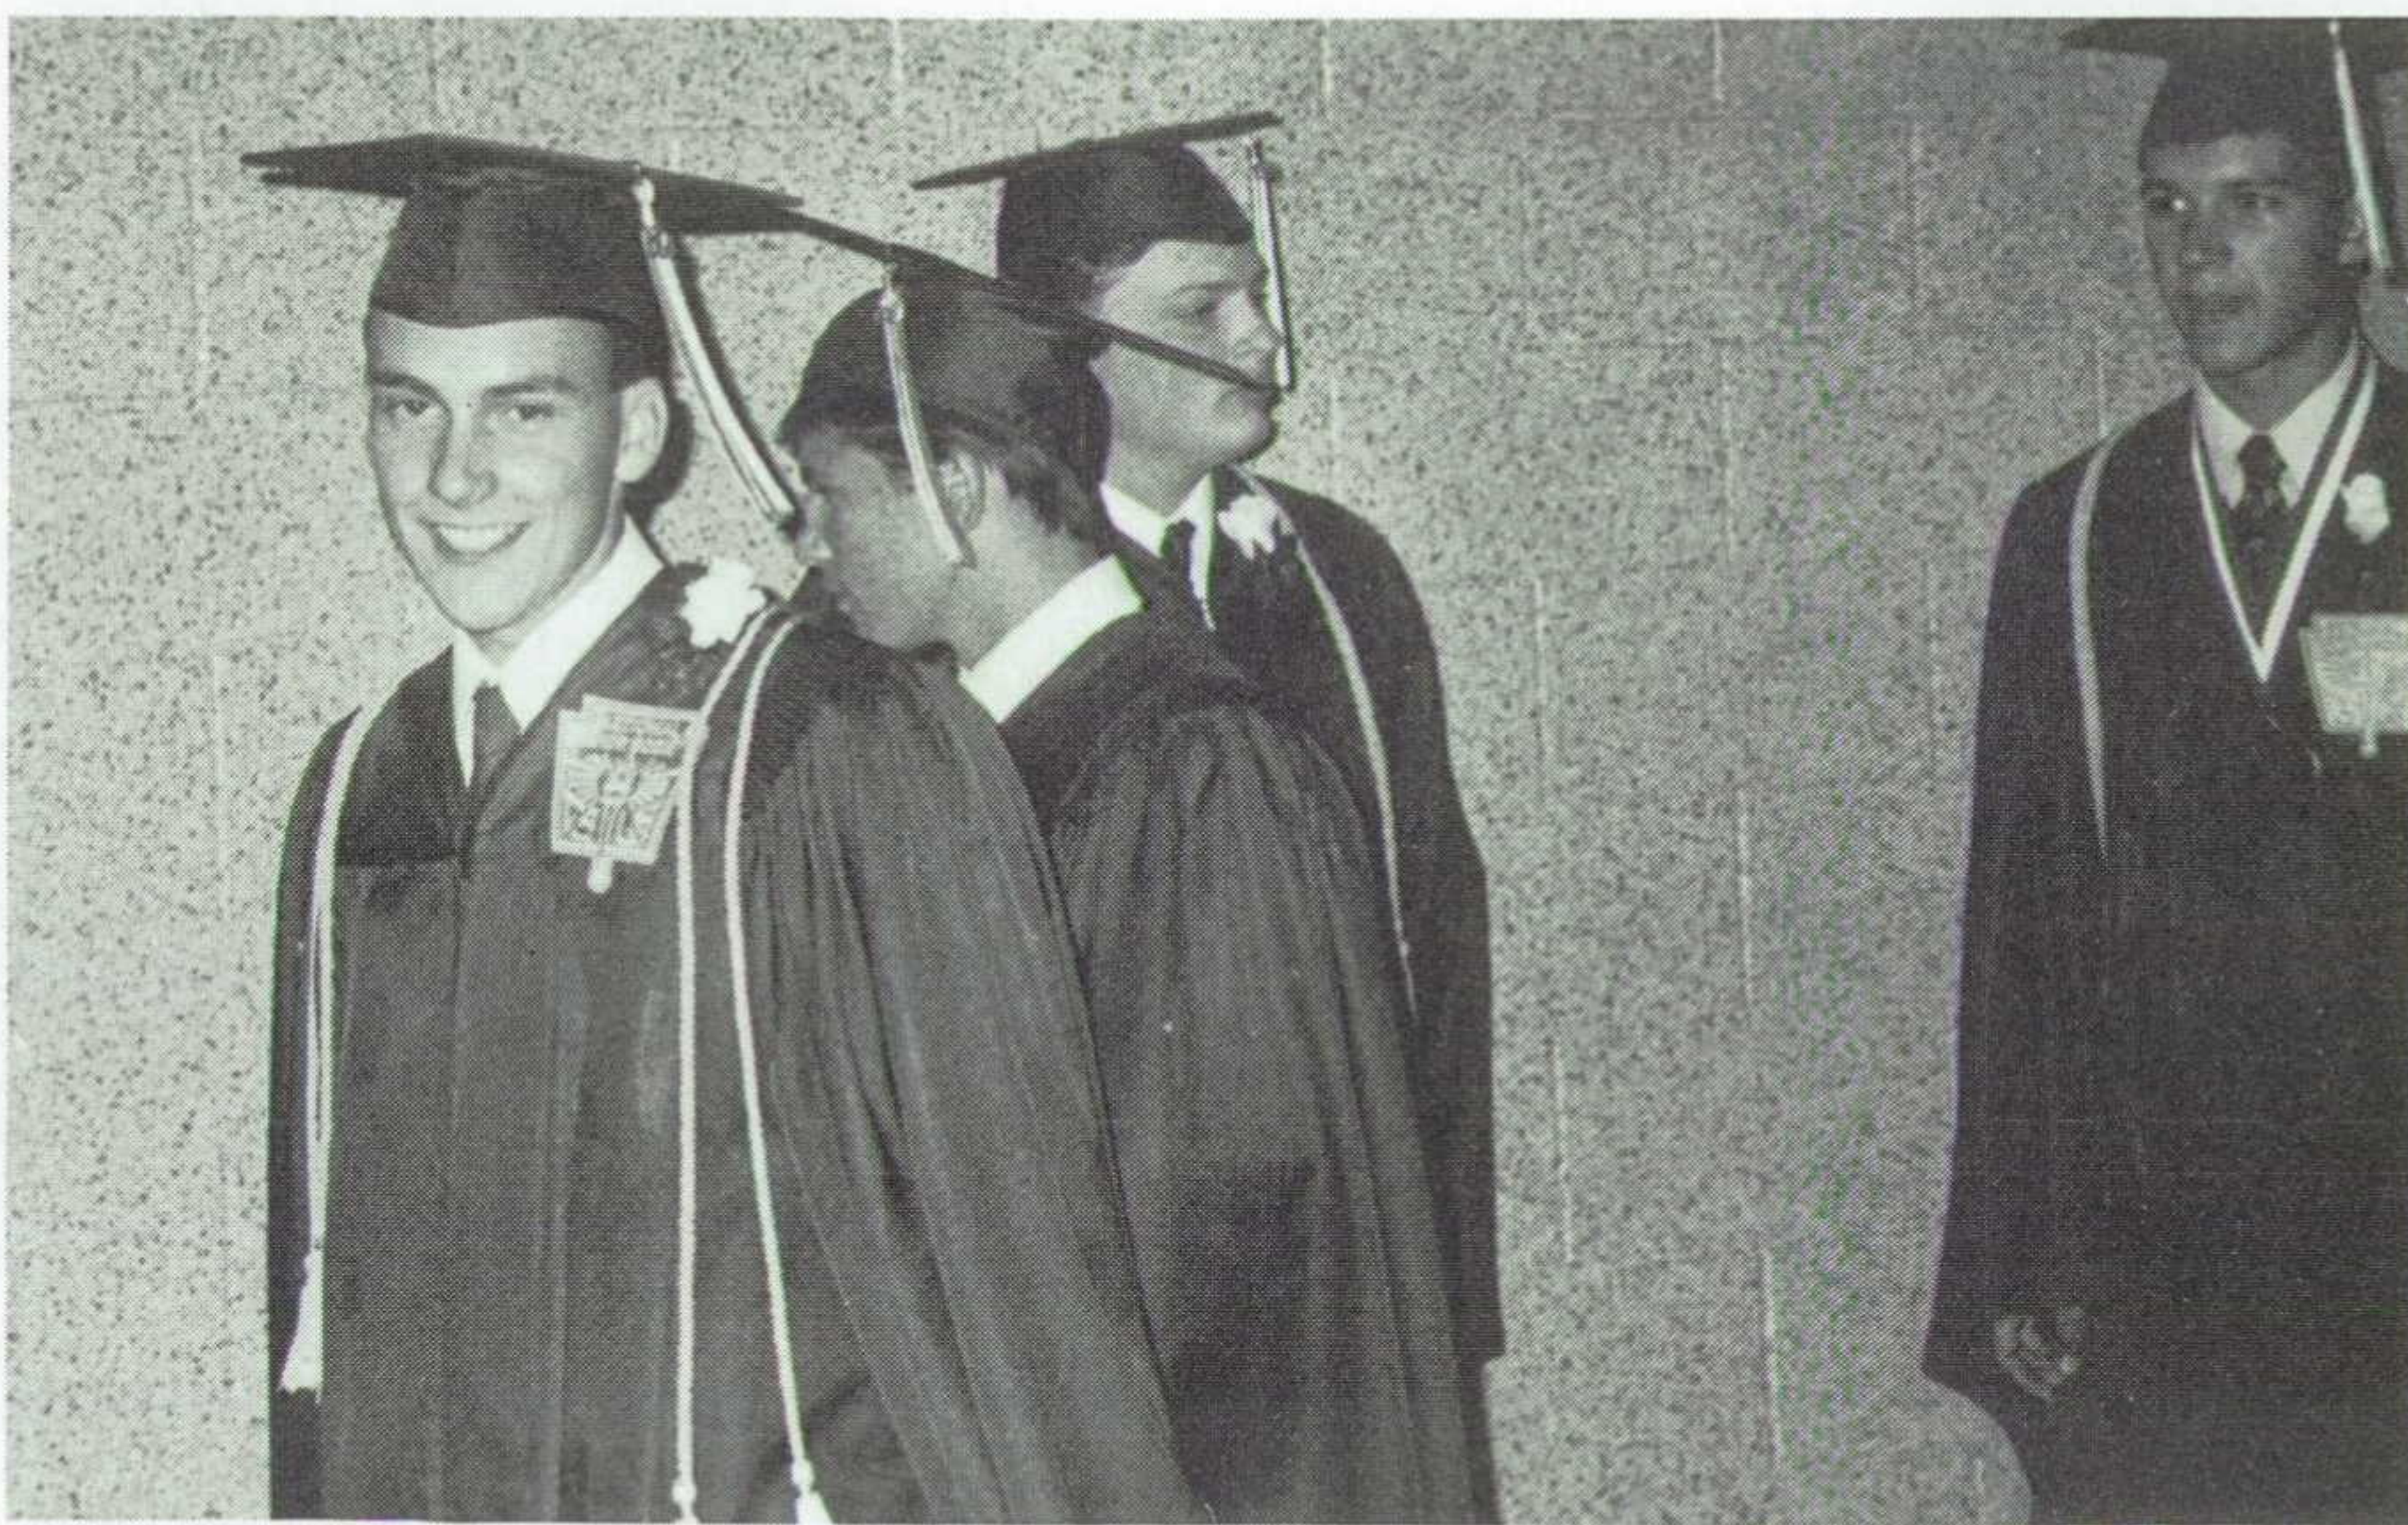

high. We also thought of the future, ready to face the challenges that await us.

After an introduction of the School Board, Mr. Amstutz presented the Class of 1989. As each of us walked across the platform, Mr. Hagey presented us with our diplomas. As we walked off the platform, we realized we were no longer Breckenridge High School students, but we were now Breckenridge High School alumni.

To end the ceremony, Rev. Ray Olling gave the Benediction. As we left the gymnasium as a class one last time, many faces were filled with happiness and sadness. There was happiness because we knew we had made a major accomplishment in our lives. There was sadness because this was the last time we would all be together as a class.

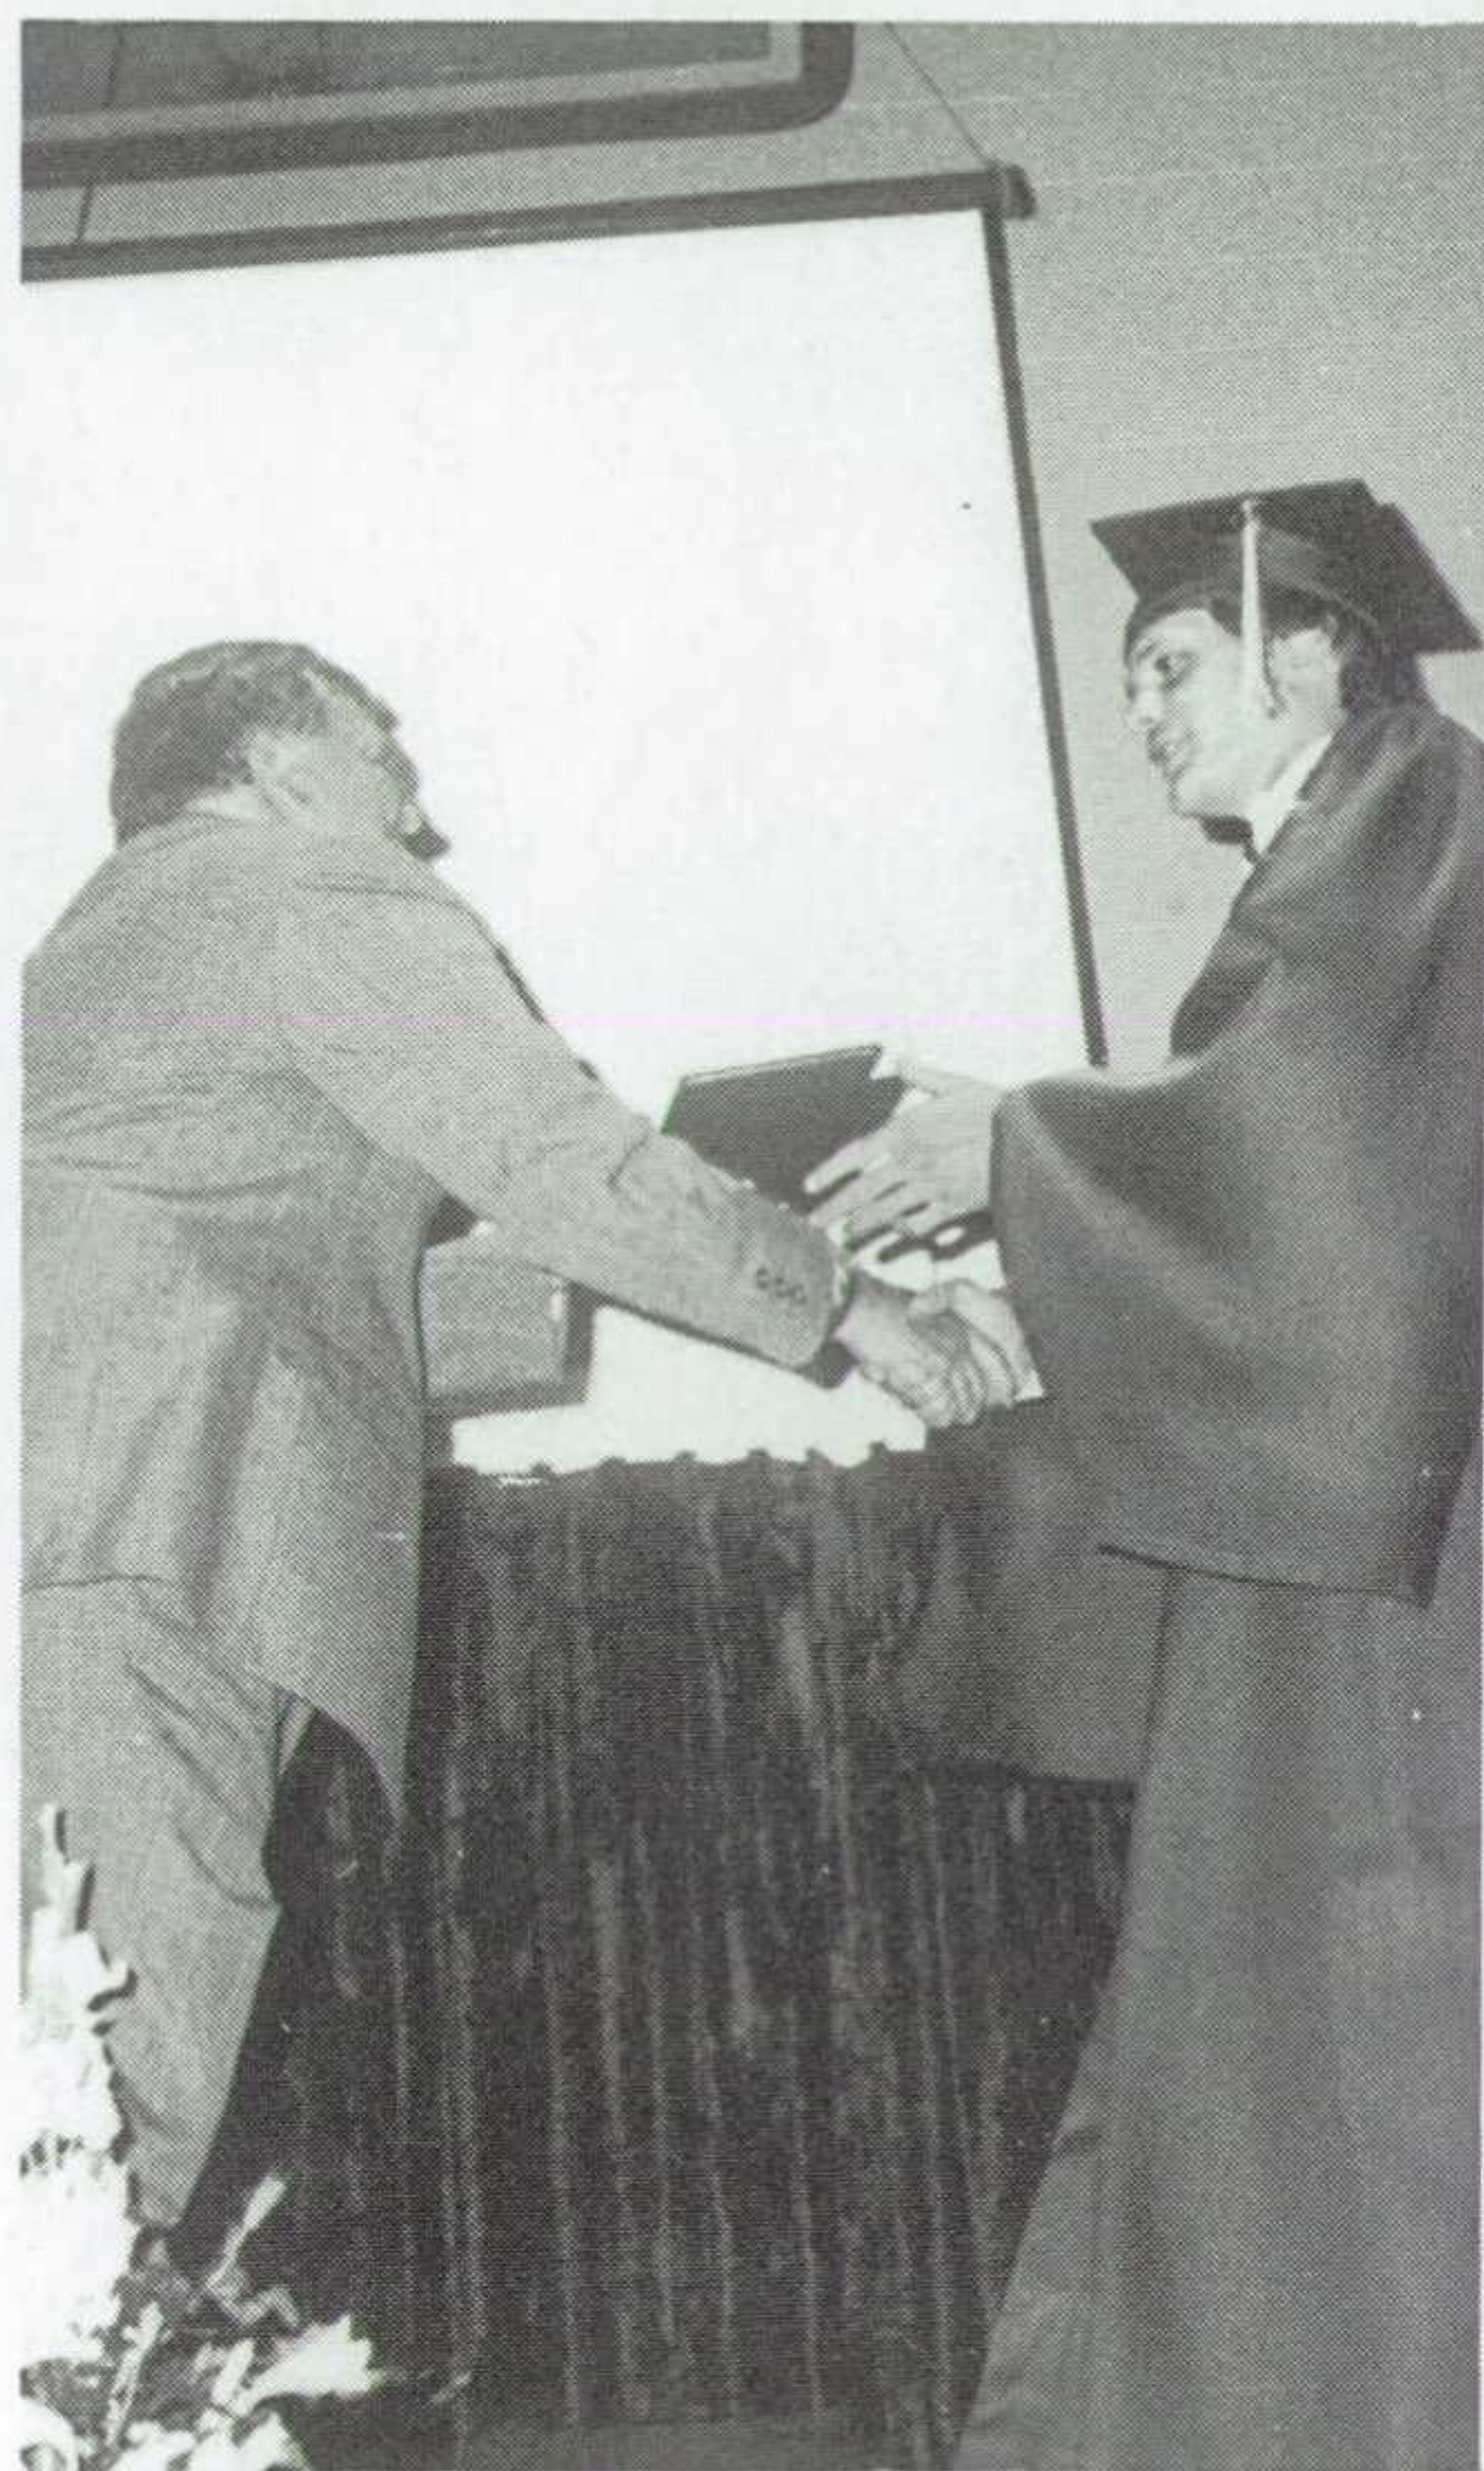

We may never see each other again, but the memories will always be with us.

Ryan Schaub and Megumi Funabashi progress out of the gym as alumni. This is a time that will be remembered for the rest of ones life.

Excitement seems to fill the air as the seniors enter the gym for the last time as students. Class president Mark Kennedy flashes a smile as he and fellow senior guys line up for marching.

Troy Oswald receives his diploma and congratulatory handshake from Mr. Hagey. Mr. Hagey fit in well at BHS through his first year as superintendent.

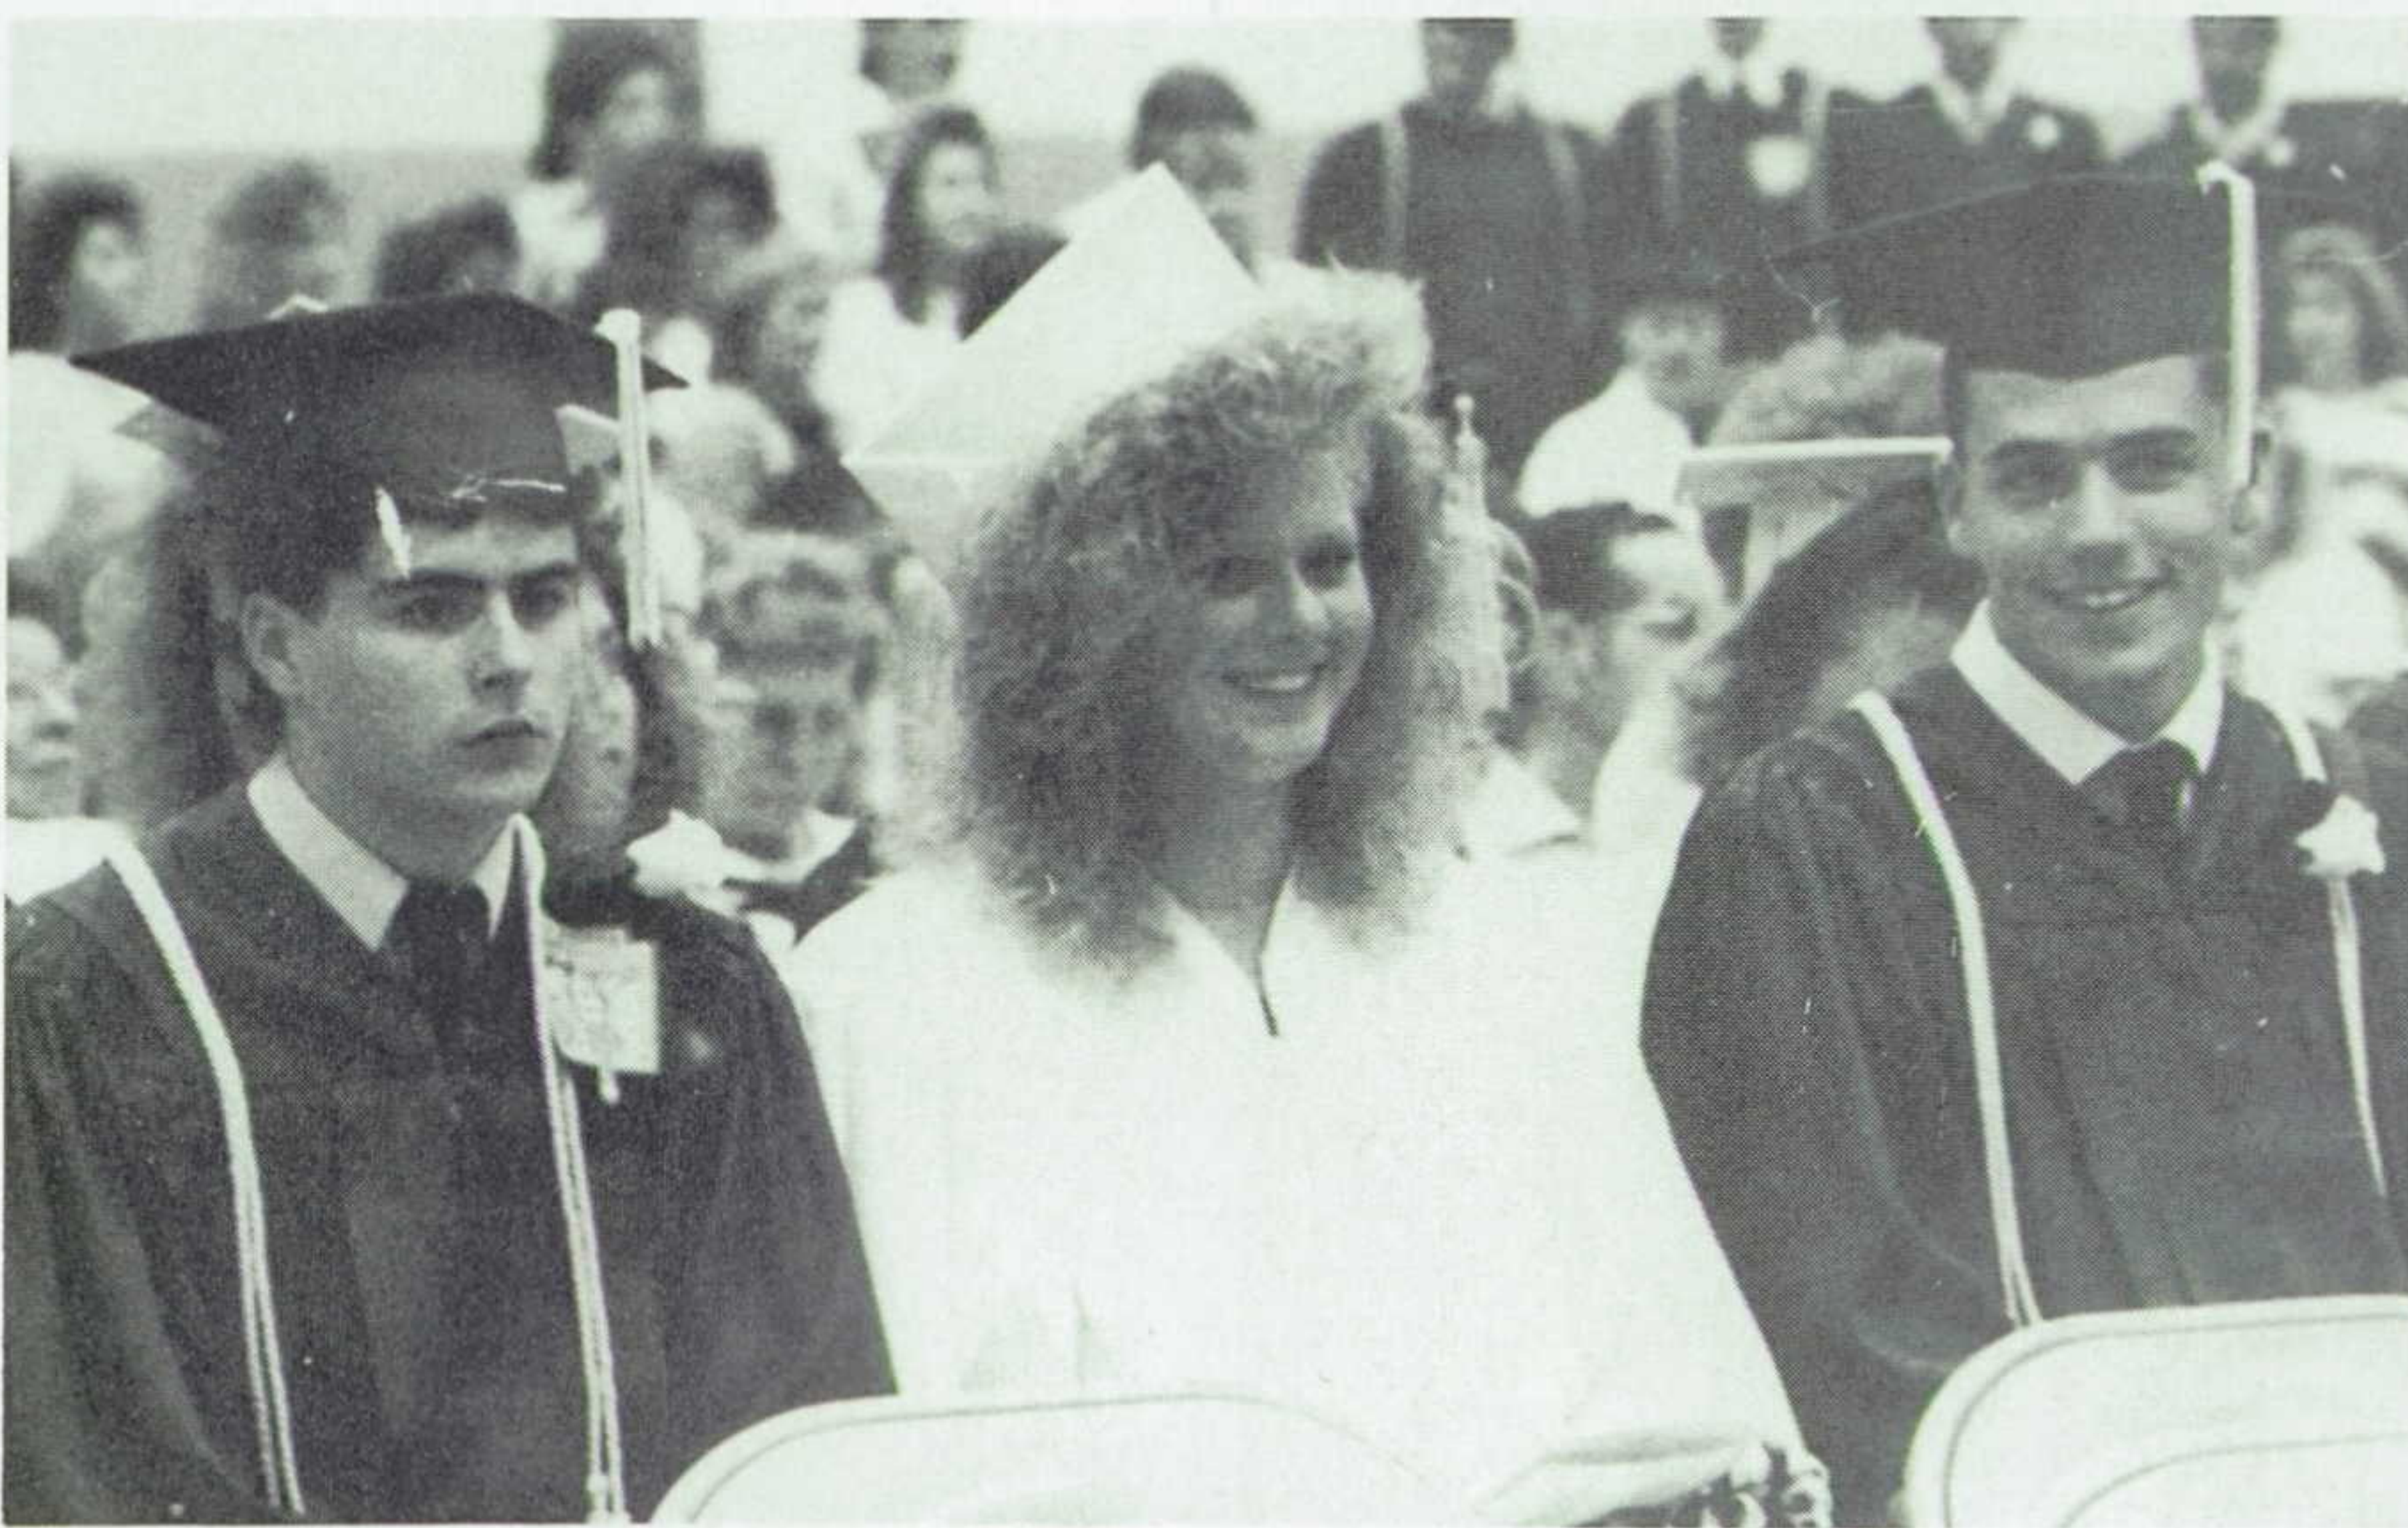

TO BE FORGOTTEN

Lisa Bushre assists a close friend with her gown. Lisa is always there to help when she is needed.

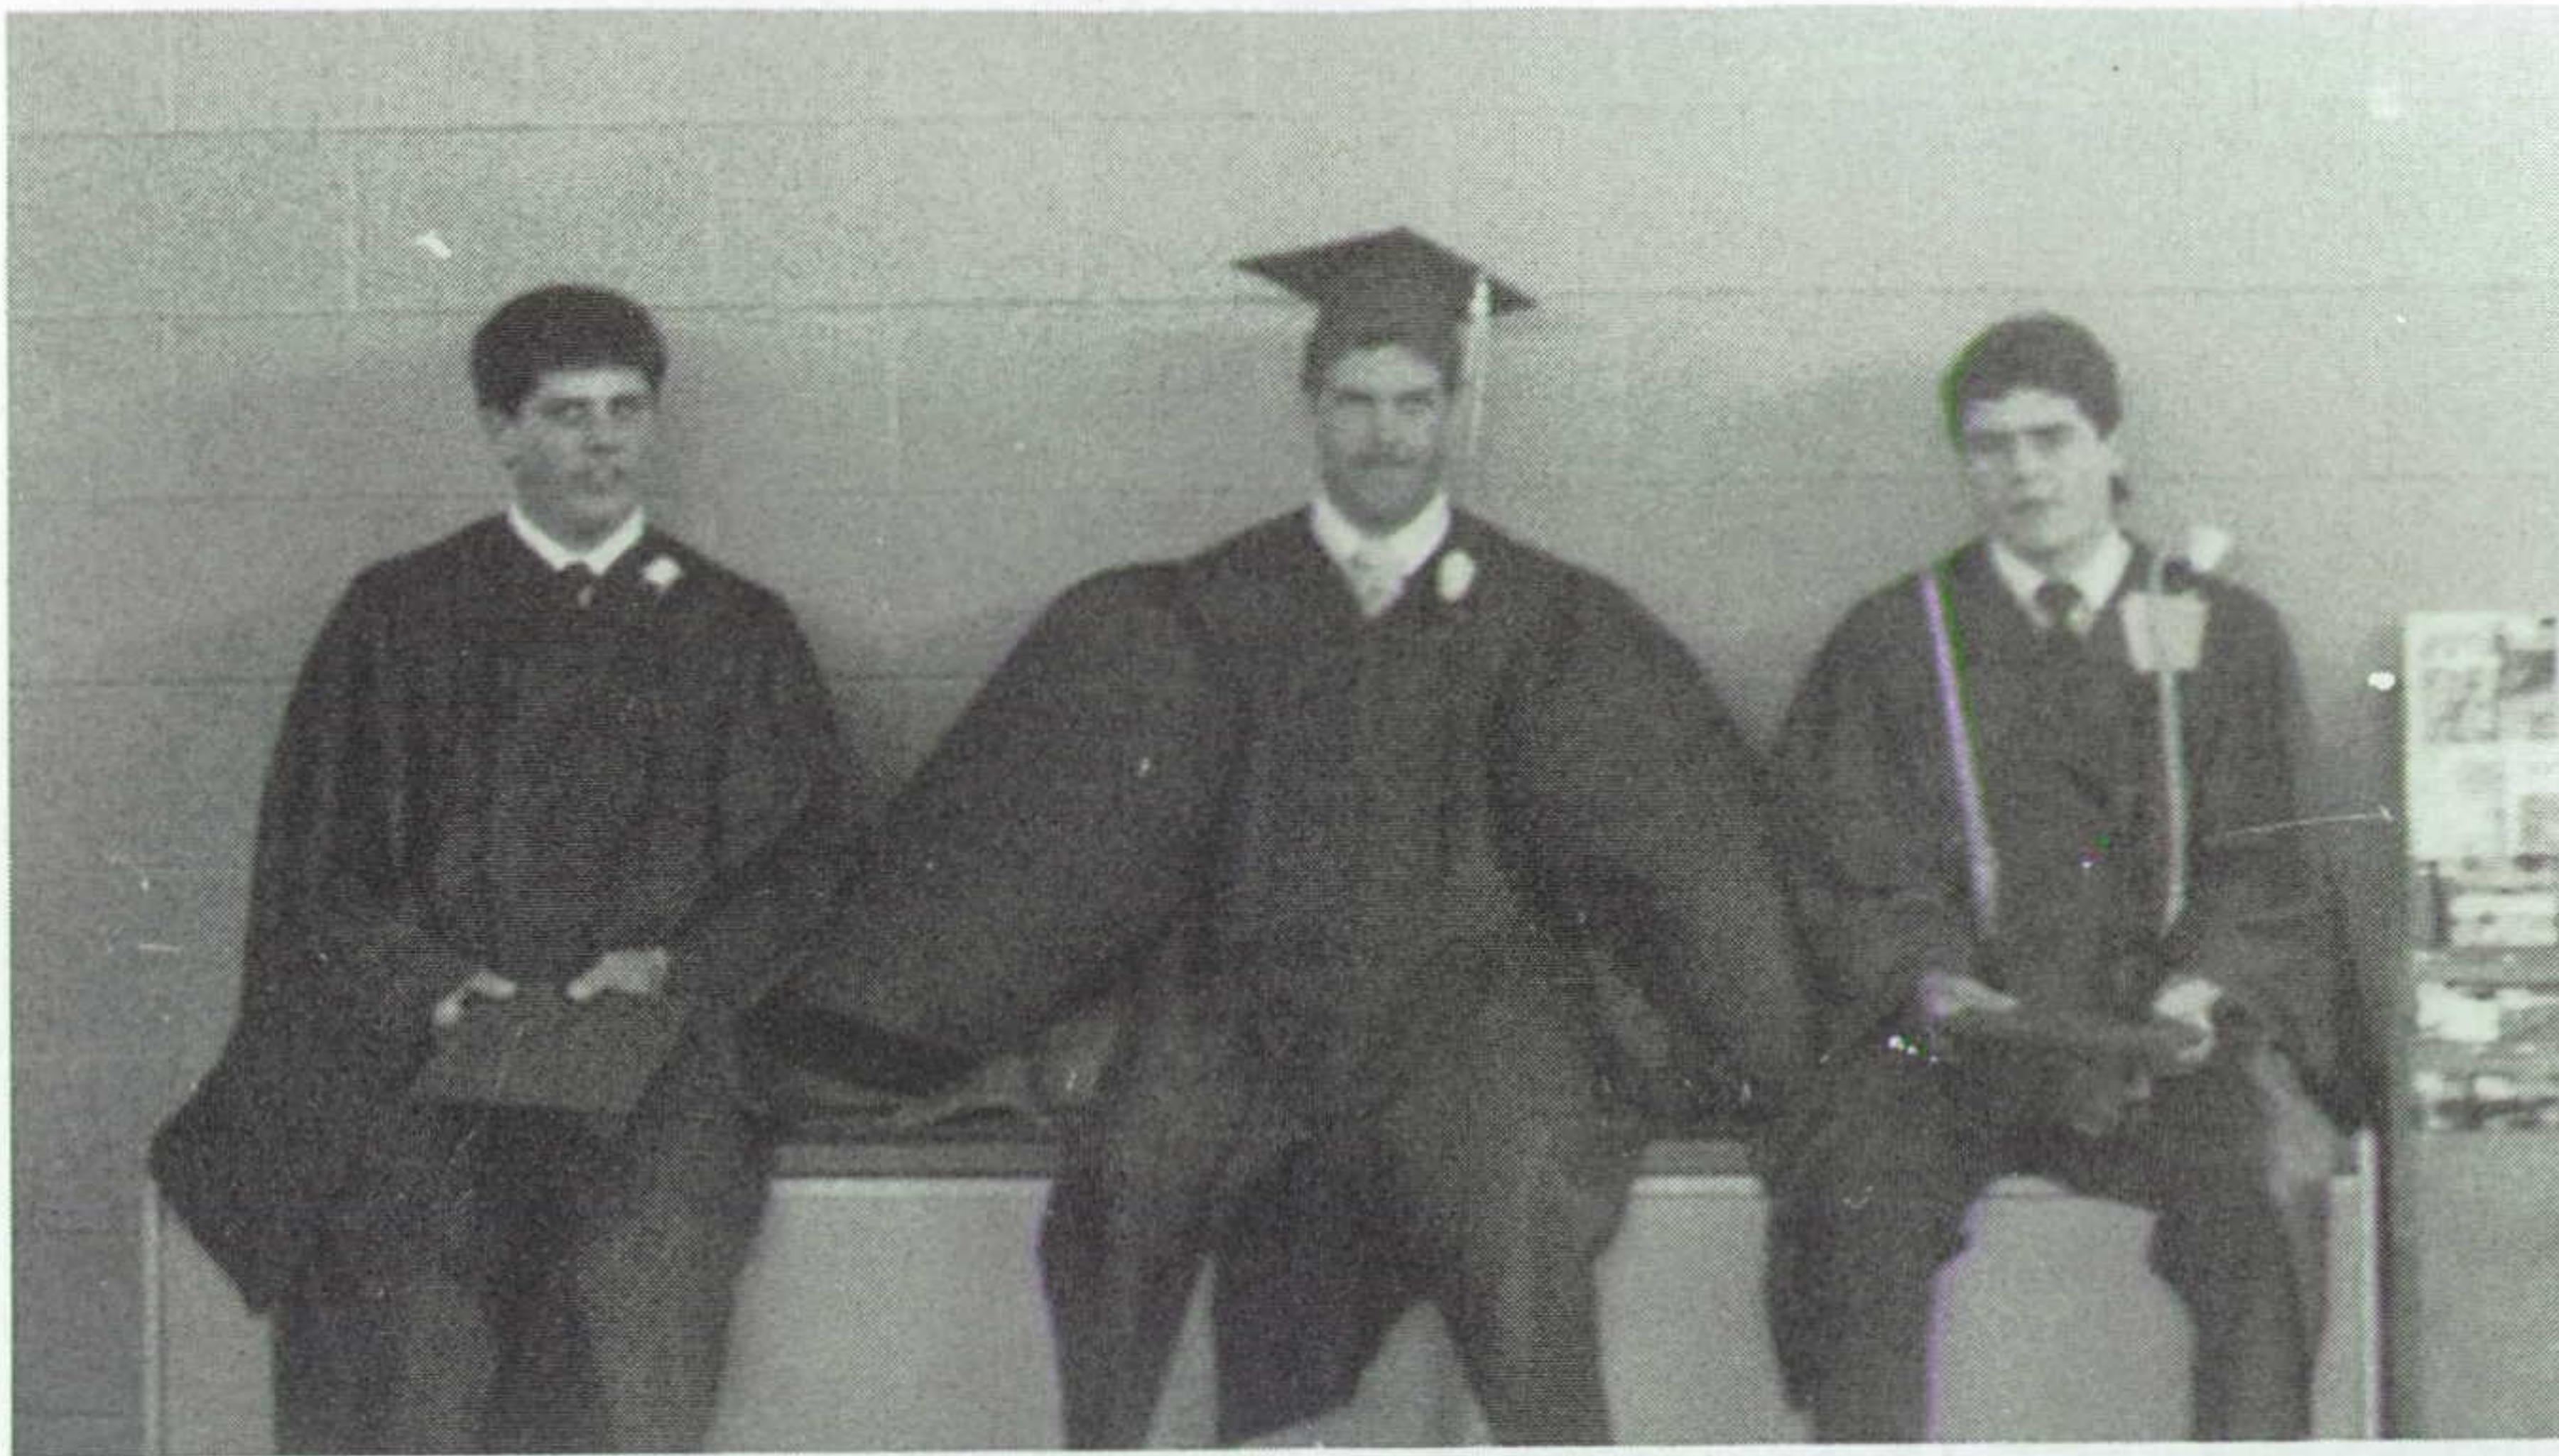

Tim Clark and Theresa Walsh march in with each other to the sounds of the BHS band playing "Pomp and Circumstance." Having that special someone to walk with makes graduation more memorable.

Derek Pavlik, Tiffany Bott, and Chad Plaxton break the tension with a few laughs. Getting your mind off things during these times always helps.

Melanie Cole helps a classmate make adjustments on her cap. Melanie graduated fourth in the senior class.

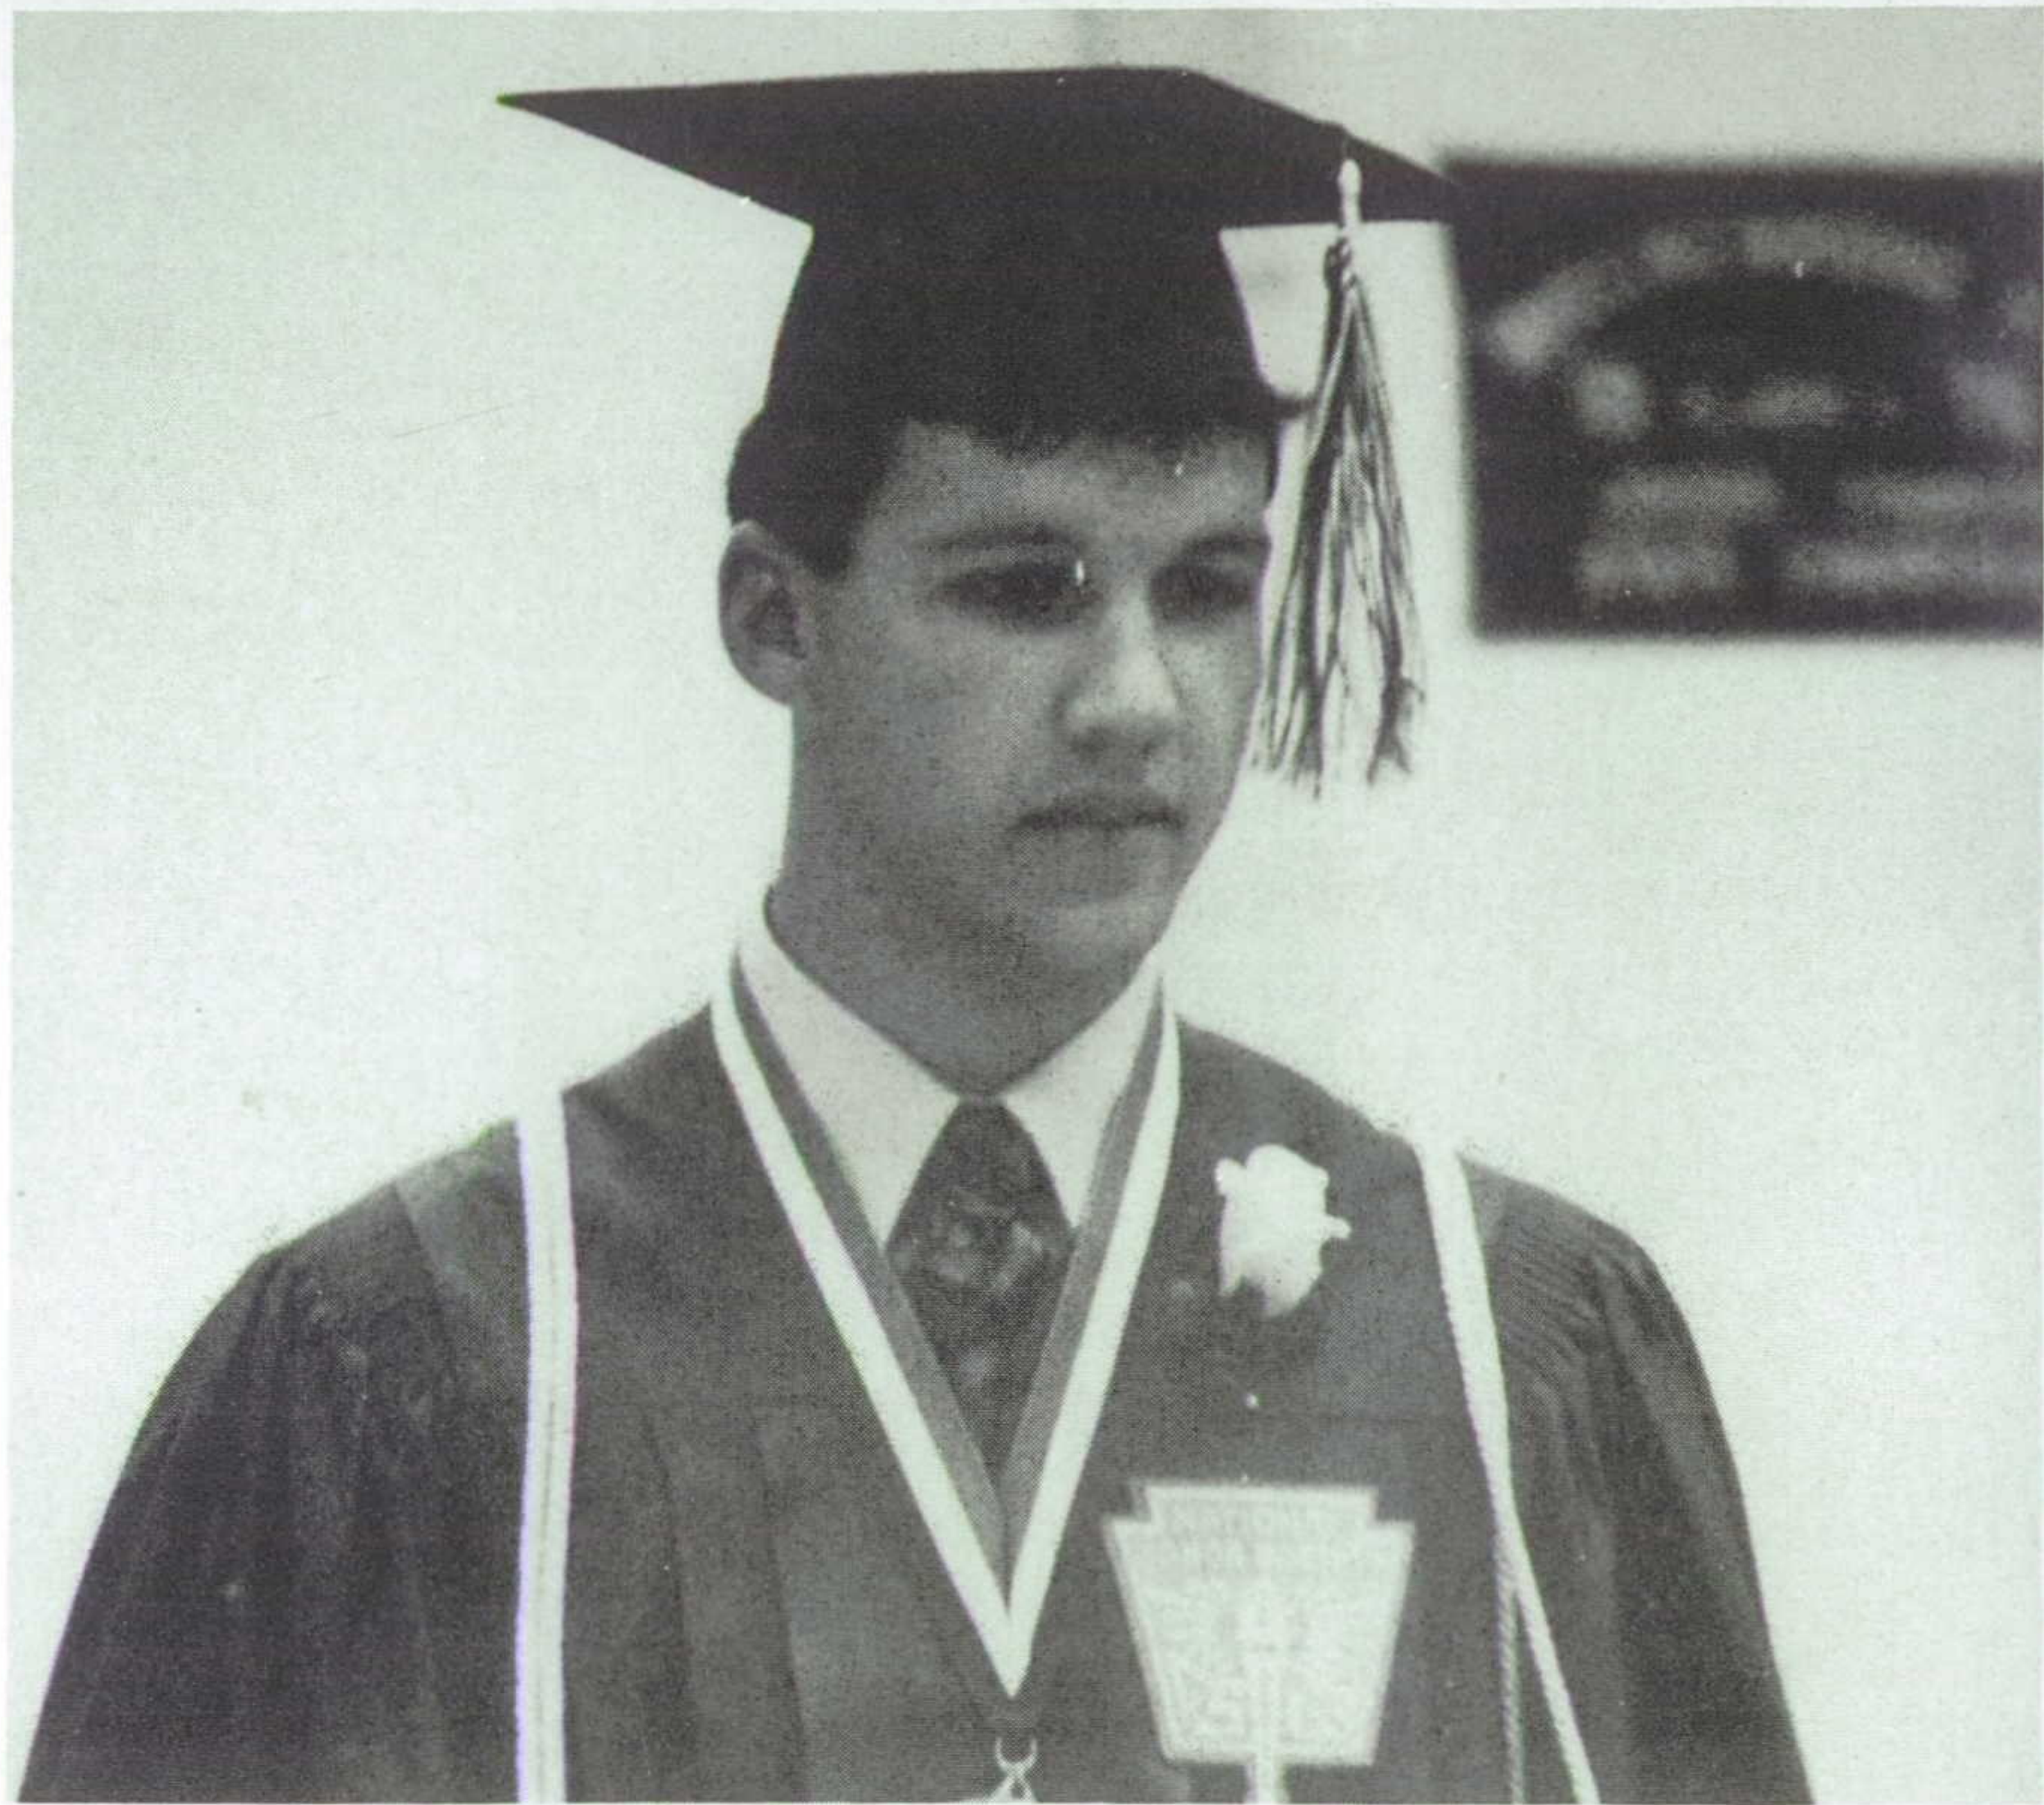

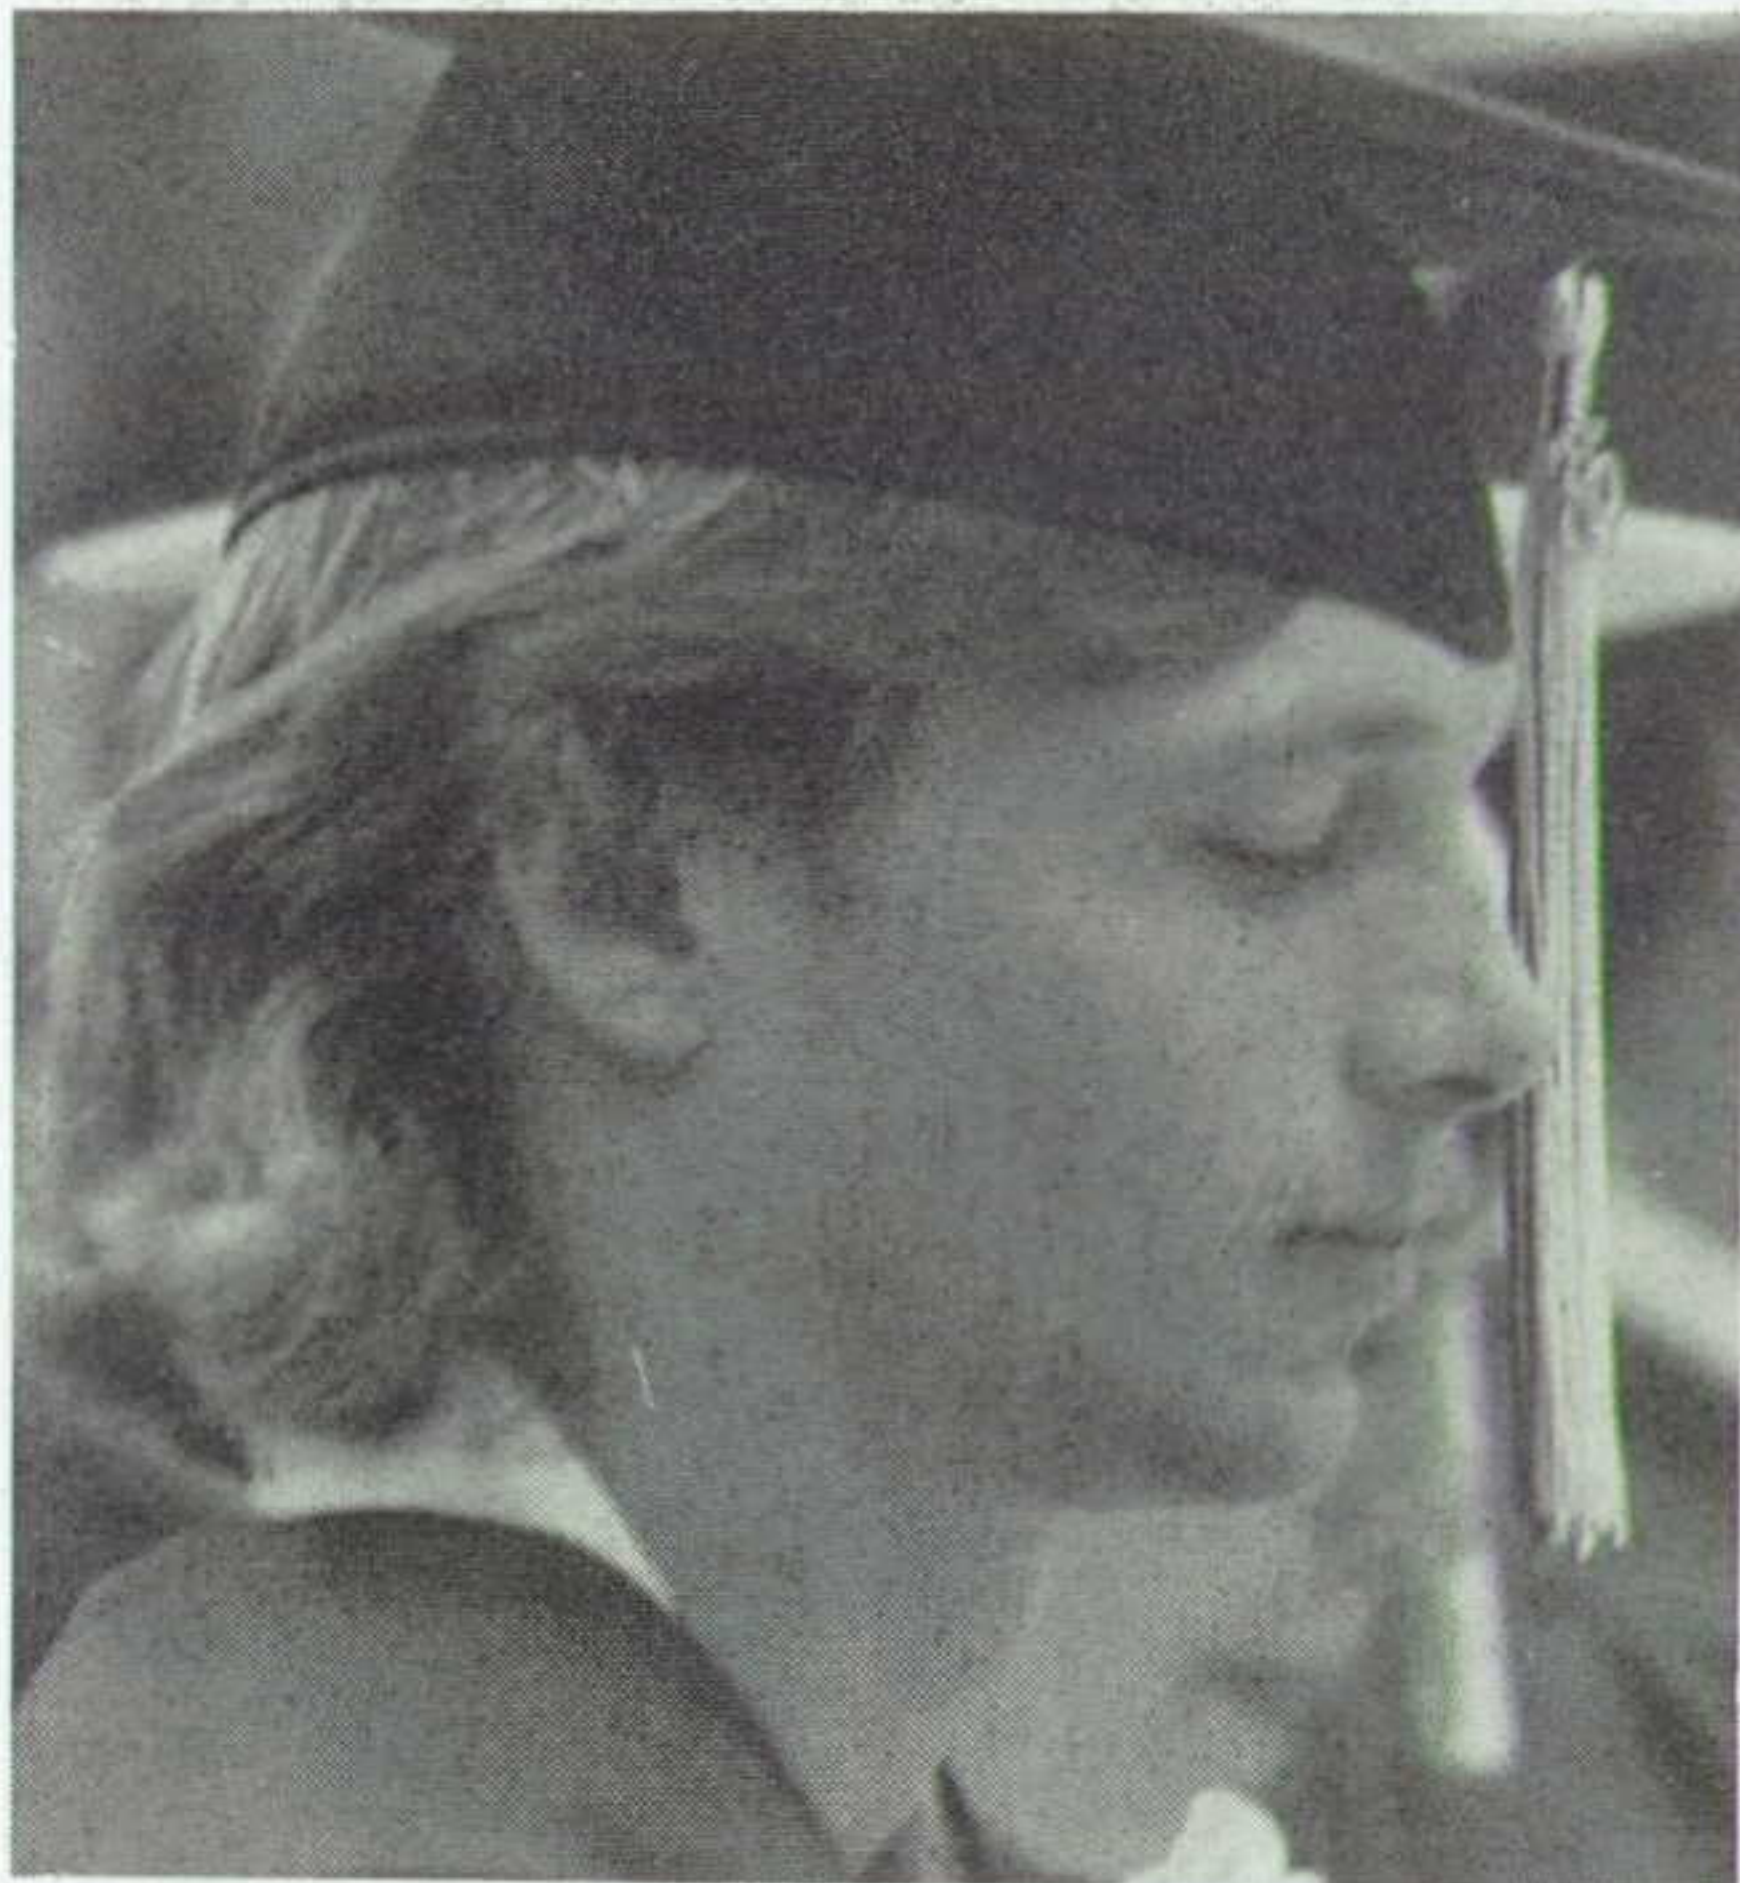

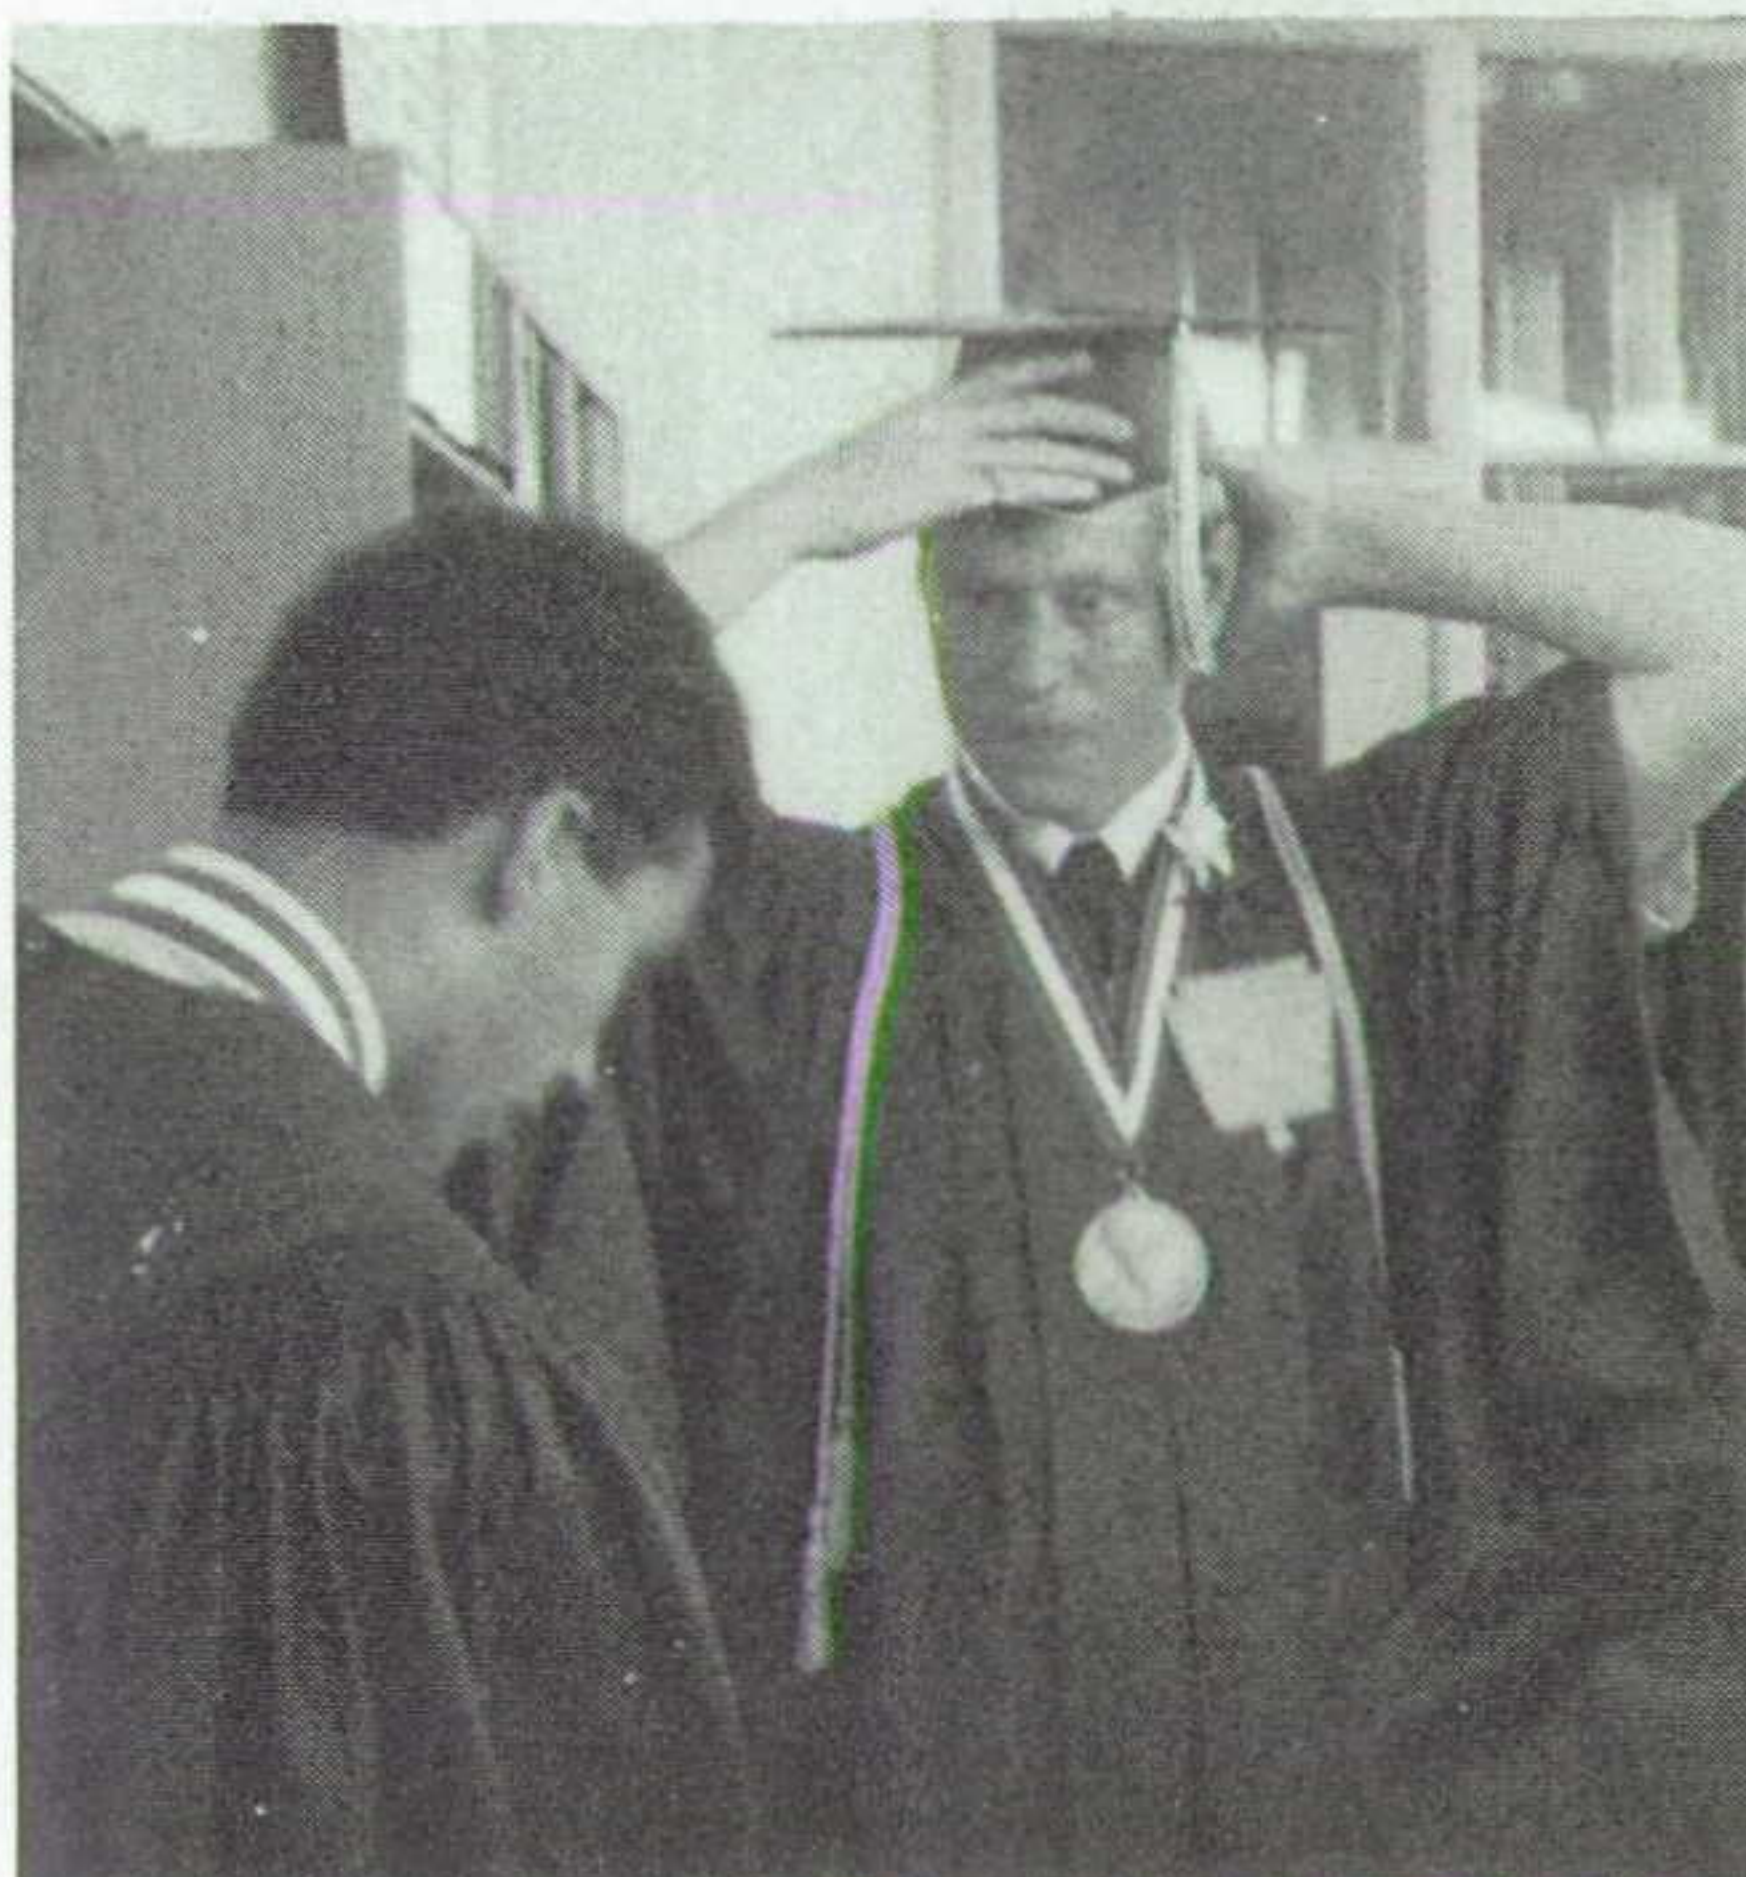

Kevin Nephew, Mike Faulman, and Derek Pavlik spend some time together awaiting the start of commencement. Meeting in the library before graduation allows seniors to remember the good times they spent together.

During marching ceremonies future BHS alumni anxiously wait. For some, graduation is a time of joy and for others sadness.

Mike Anschutz recollects his times at BHS. Mike's positive attitude was beneficial to the senior class.

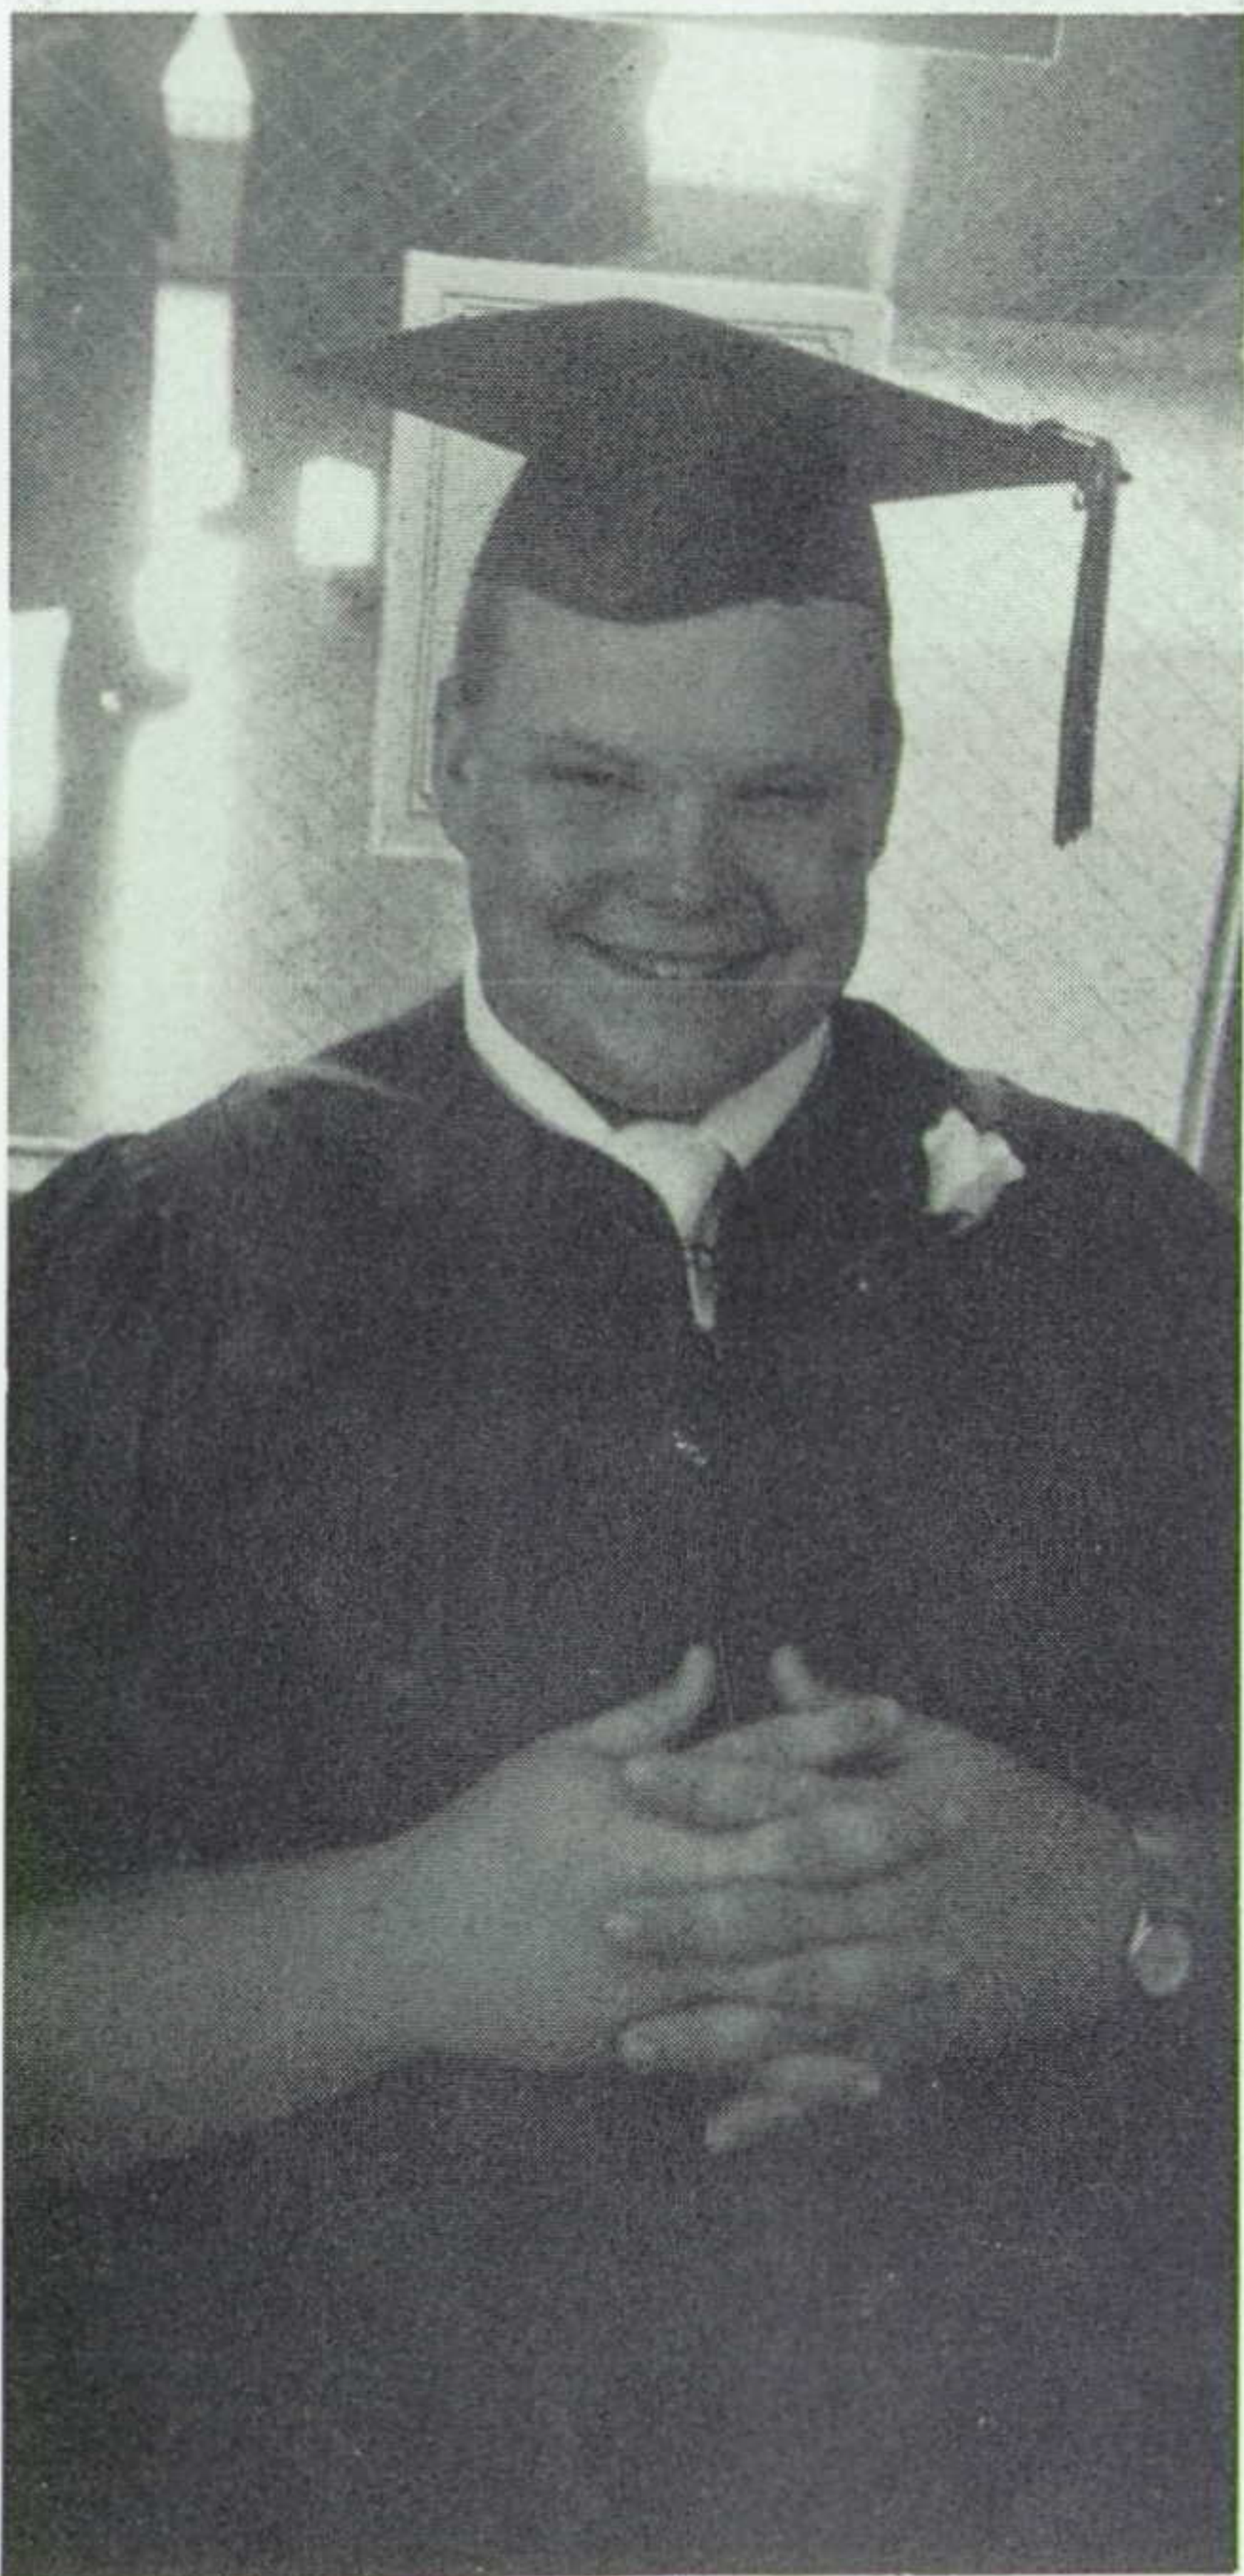

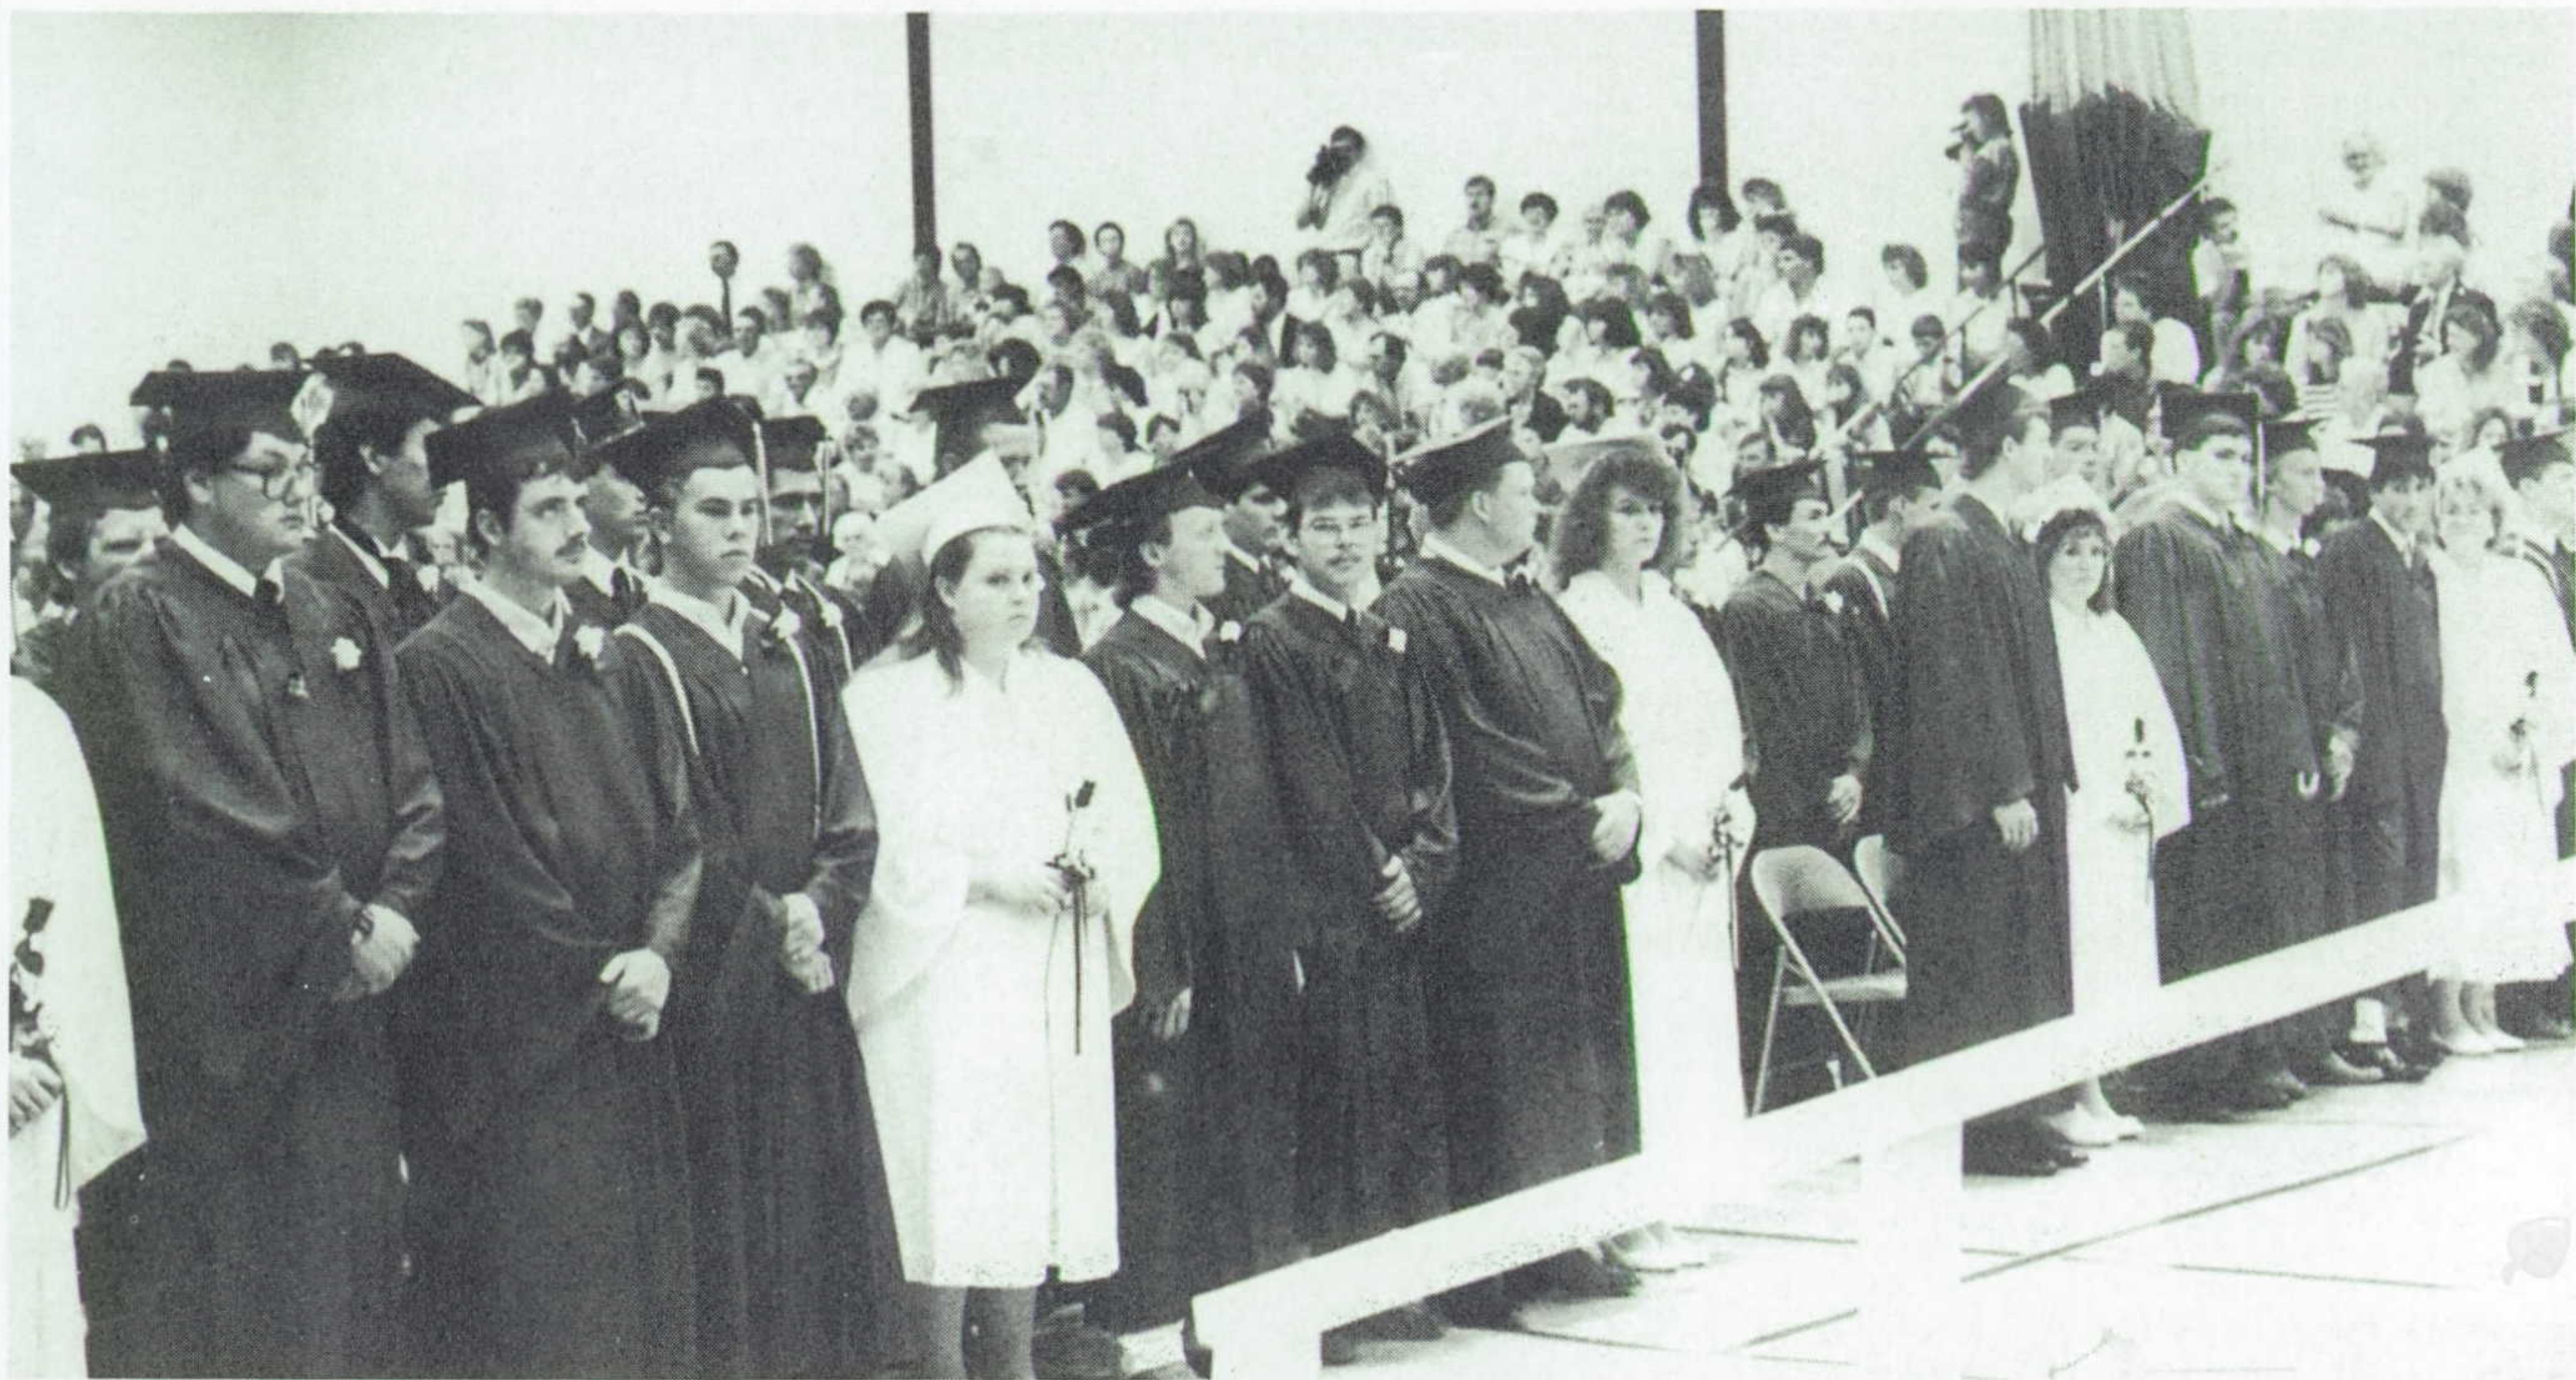

School board president Karen Giles shakes Eric Krafft's hand as he leaves the stage with his diploma. Graduation is a day long awaited by many seniors.

Rodney Laurenz nervously approaches the stage for his valedictorial address. Rodney's experience in FFA helped him with his speech during graduation.

Aaron Spangler makes final adjustments on his cap and gown. Looking good is important for a once-in-a-lifetime event like this.

Jeff Breasbois tries to relax during the final minutes before graduation. Jeff's easy-going attitude helps him through tension-filled times like these.

Malena Lewis comments on the Class of '89. As student council president Malena represented the senior class well.

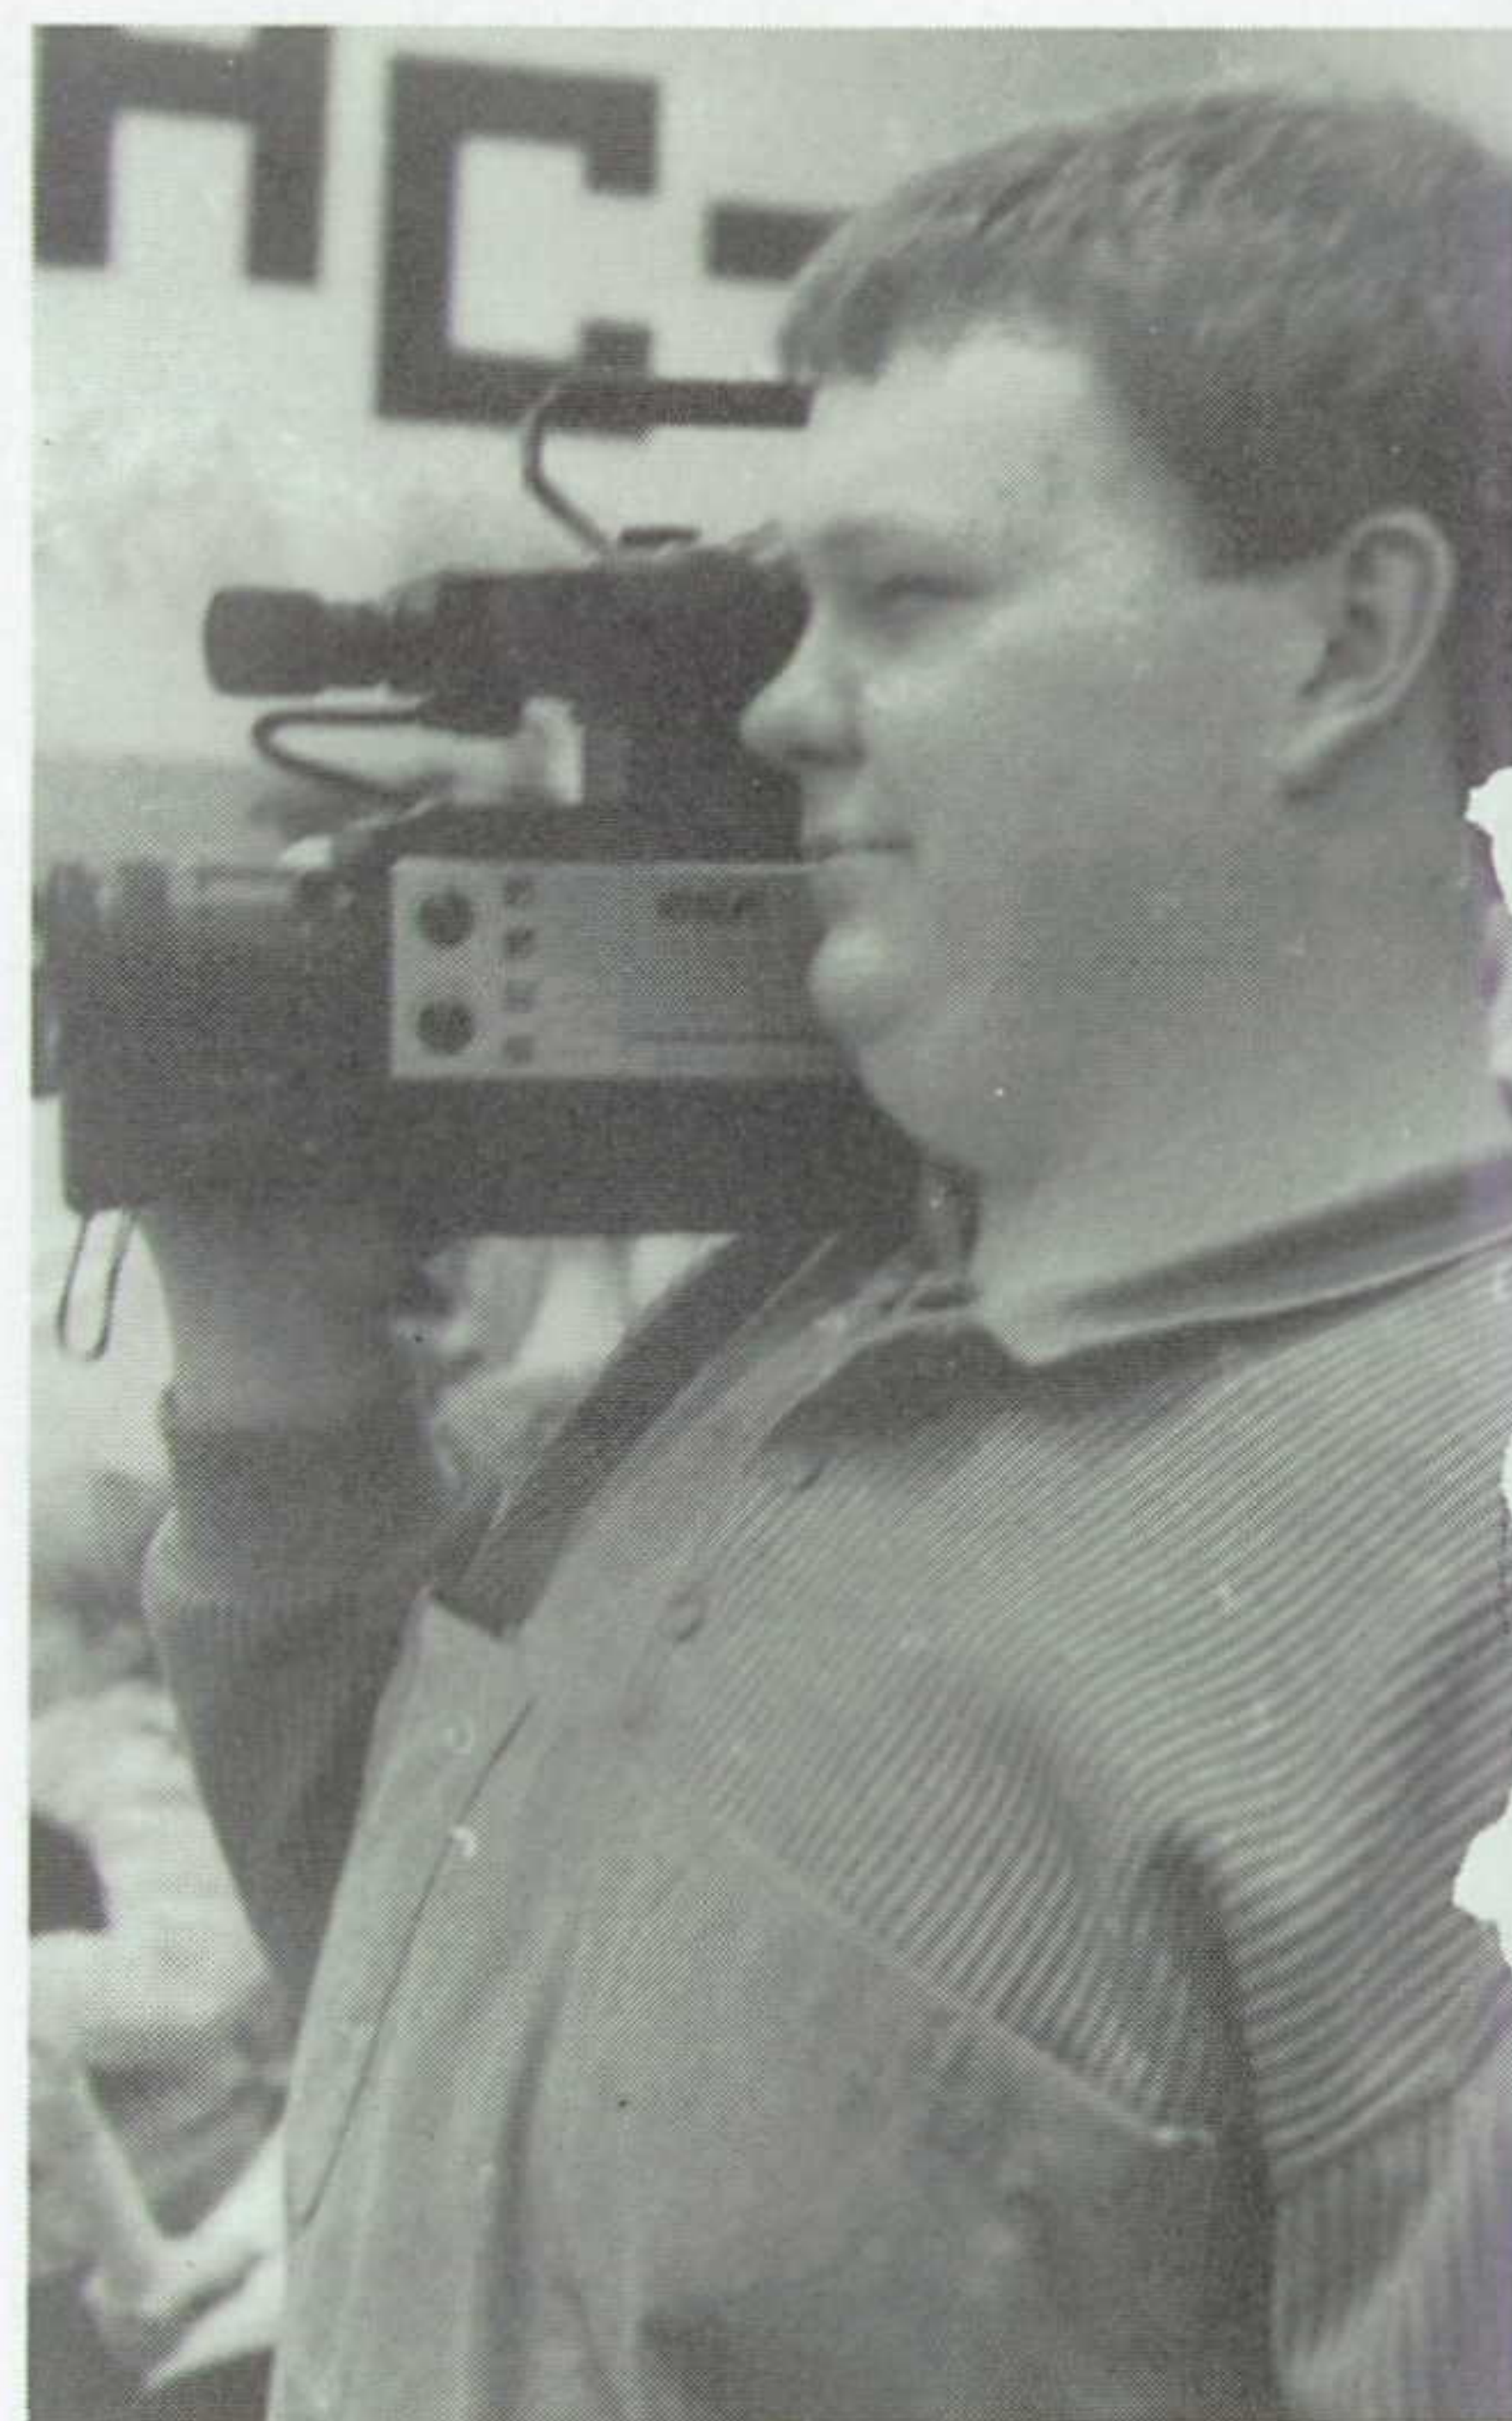

Jeff Siler and Karri Ostrander think of future plans as they sit patiently through commencement. The ceremony gave everyone a chance to recall old memories and find their place in the years to come.

Dave Morris questions Mr. O'Neill's physics prowess. Dave always seems to come up on the short end of these arguments.

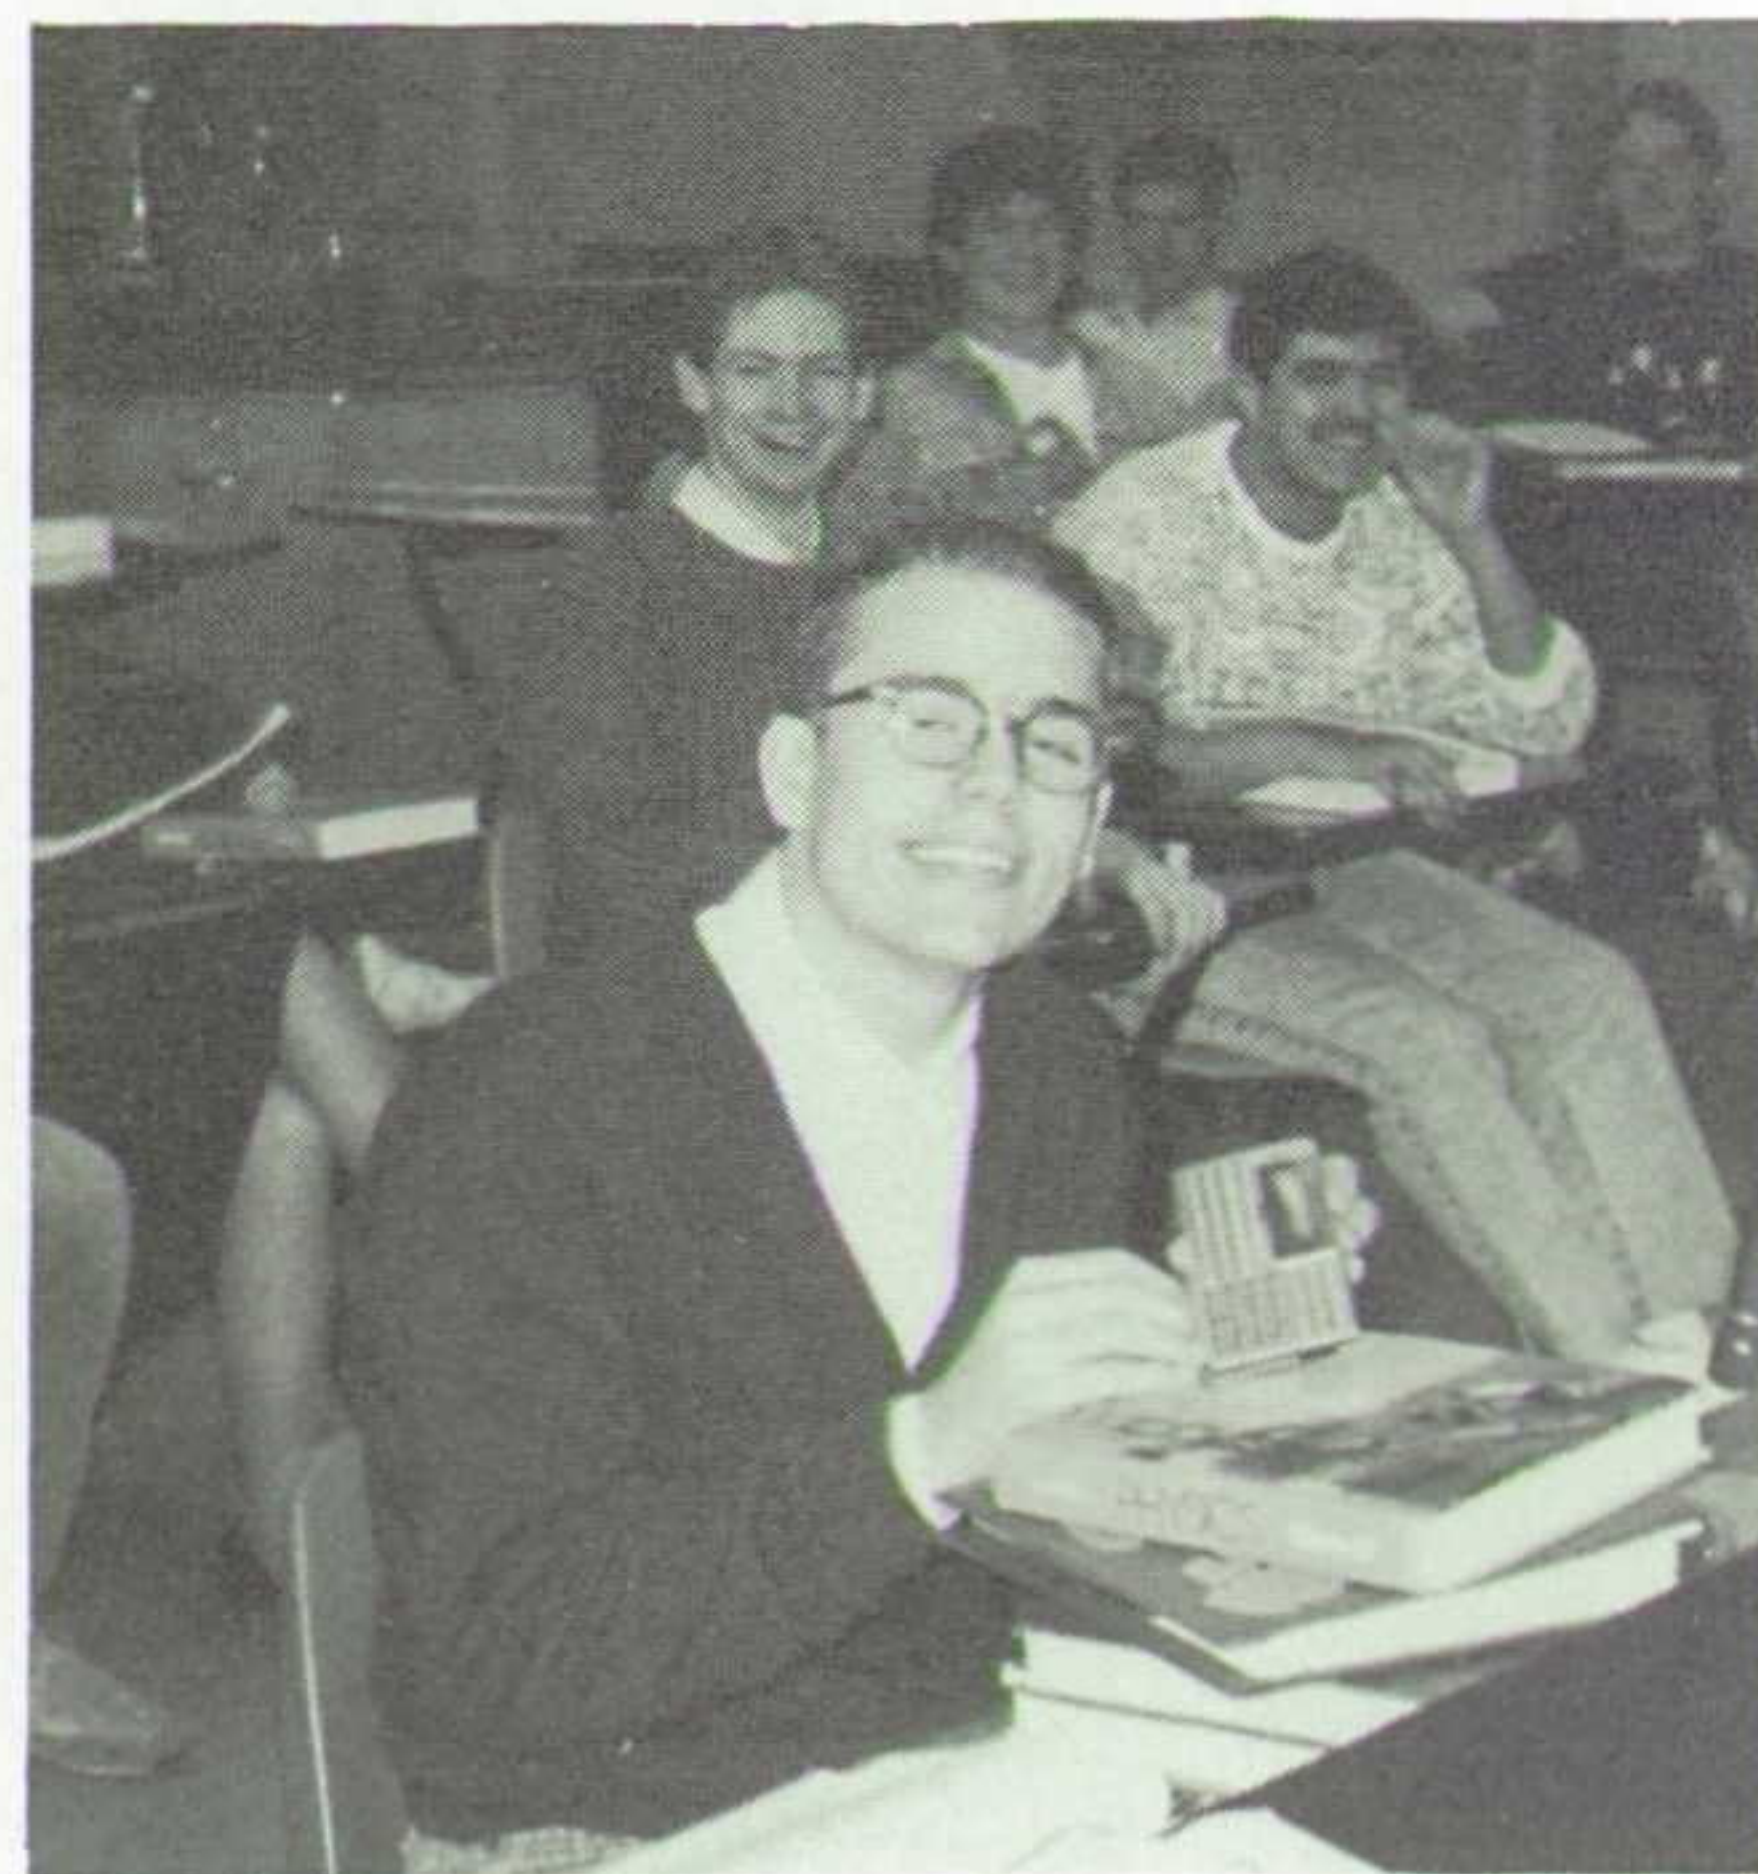

The seniors bid farewell to Mr. Ivan. His efforts here at BHS were greatly appreciated by many students.

Jeff Breasbois tapes the procession of candidates during halftime of the Snowball basketball game. Capturing the special moments on tape will allow the memories to last forever.

The "Dr. of Style", Chad Plaxton, shows us the new look. Chad's outgoing personality often leaves him as the center of attention.

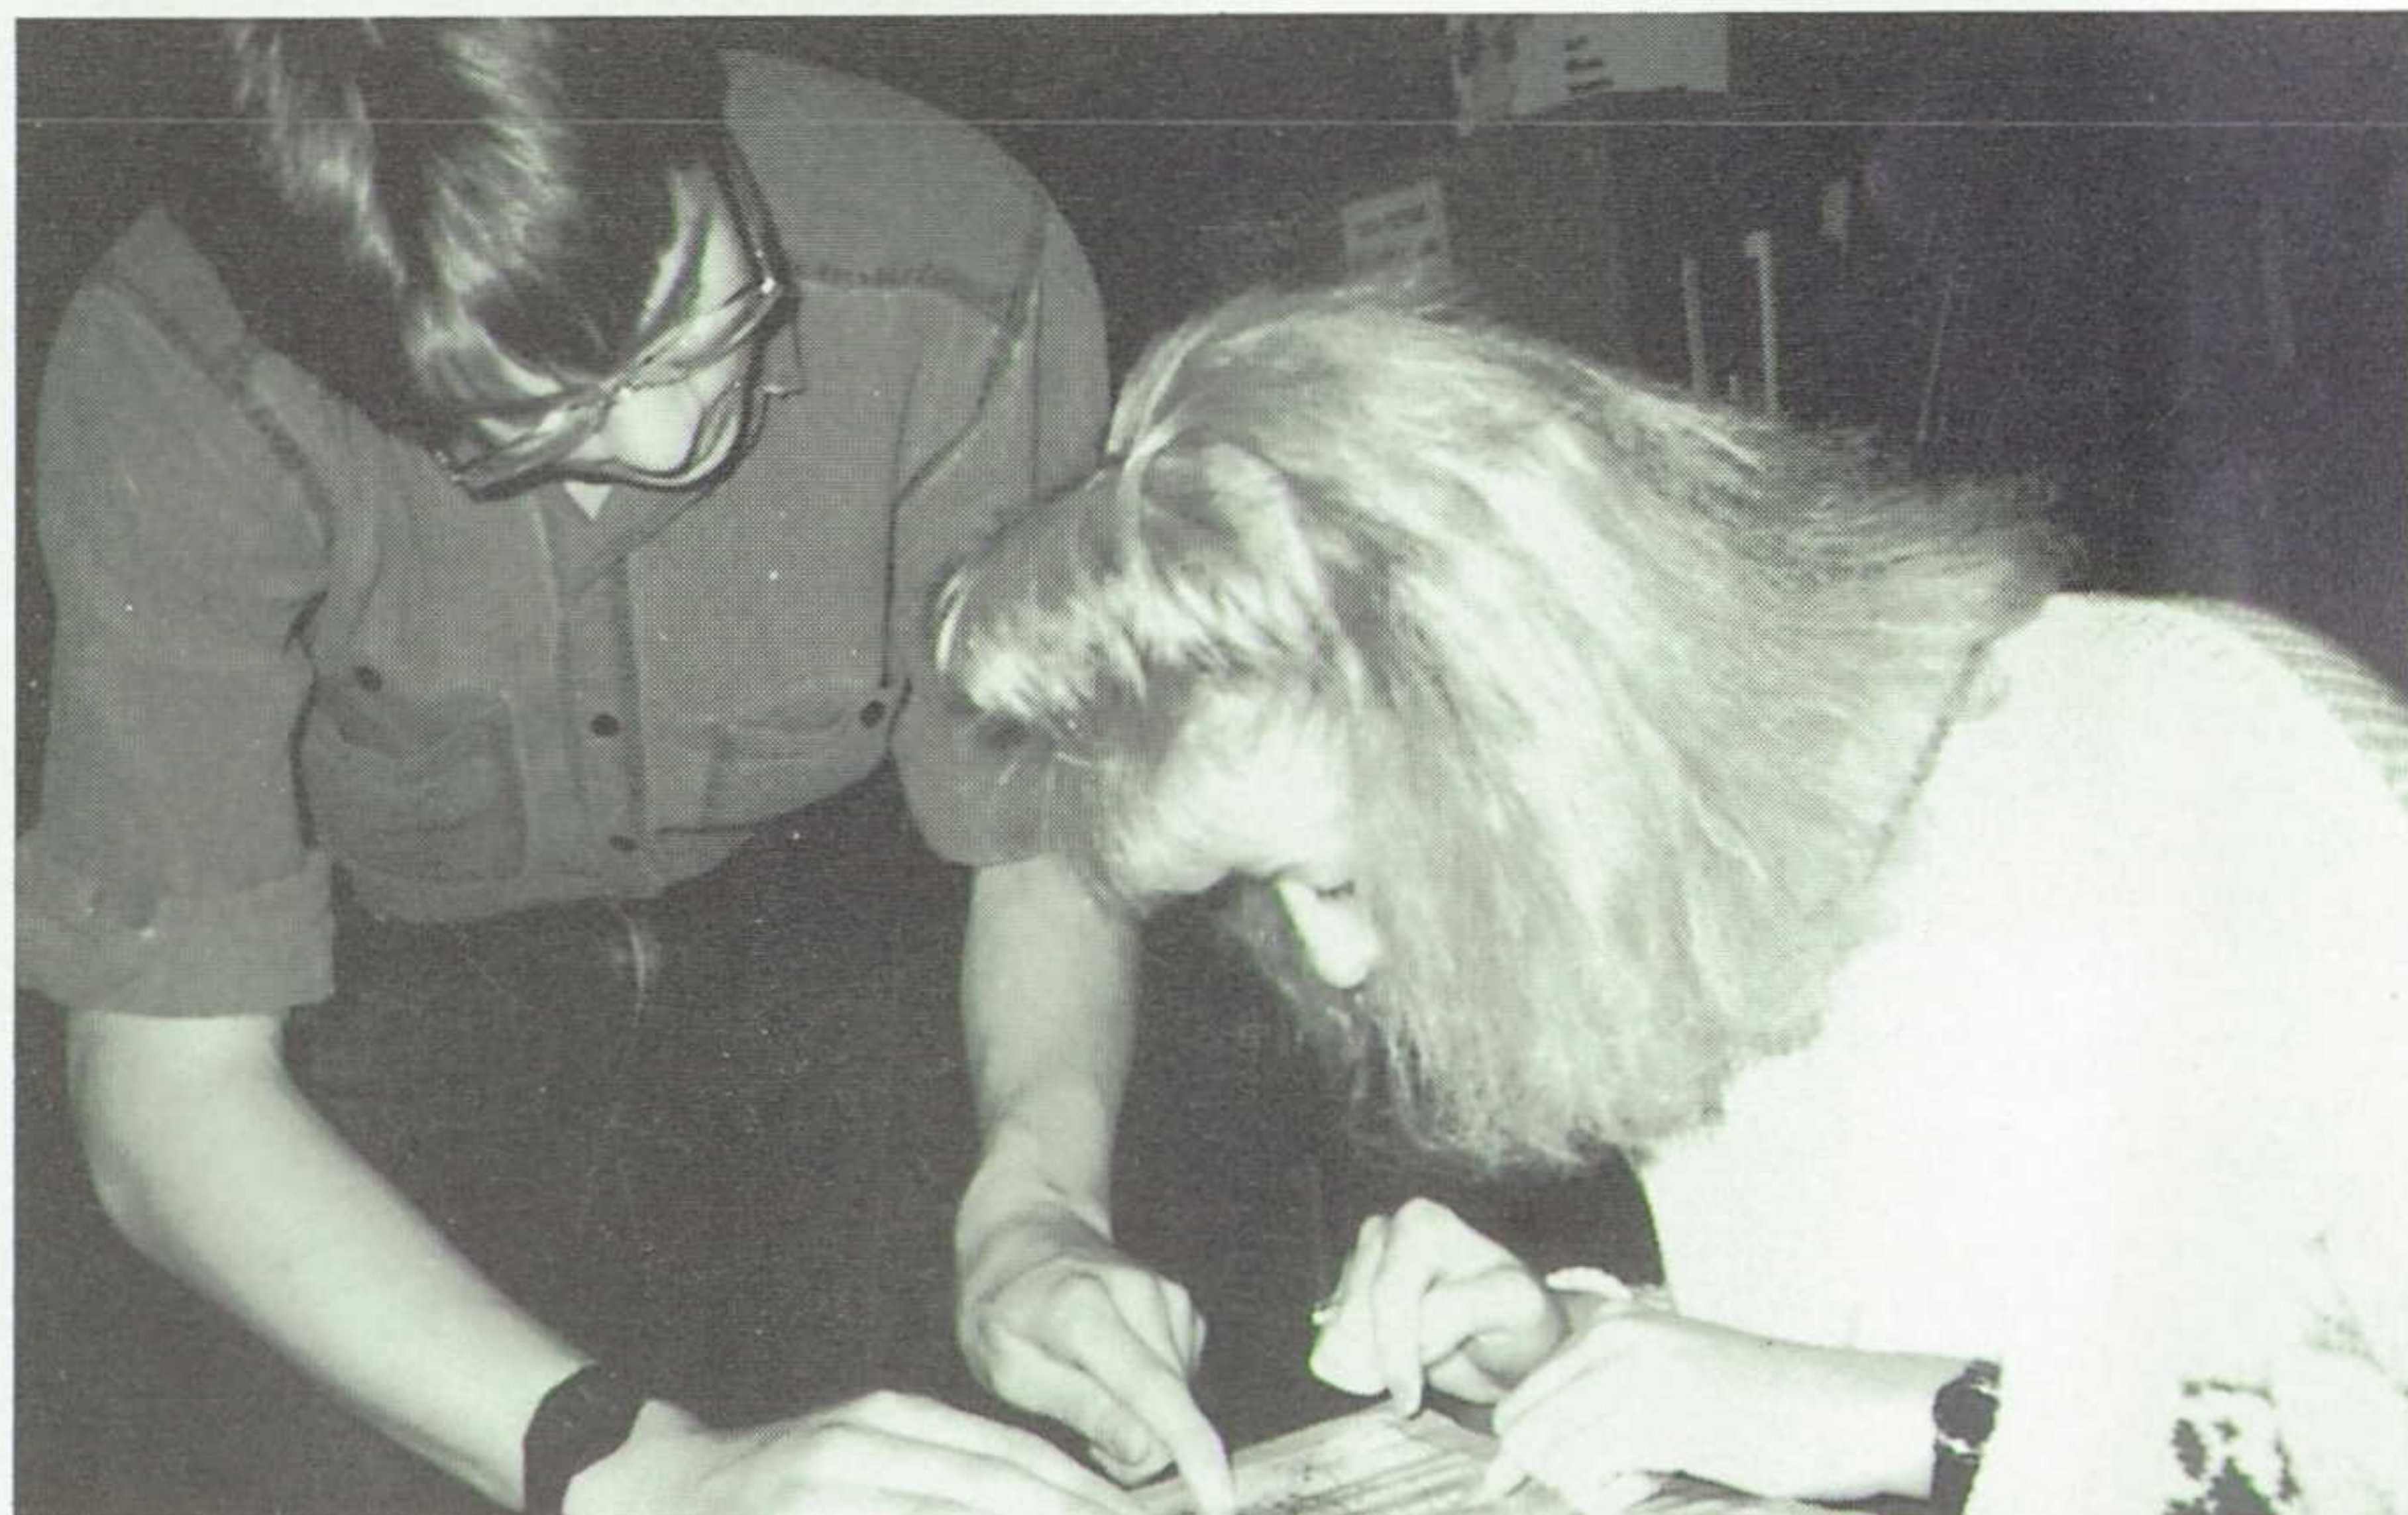

Kristi Liebrock flashes an elated smile while awaiting the start of the Homecoming Queen's Assembly. The assembly adds to the anticipation as to who will be elected queen.

A chorus of senior girls are savoring the good times in their last year together. The thought of high school as being just memories often brings many seniors closer together.

—Brian Kennedy

Jeff Siler shows us that it's not what you put into it that counts but what you pull out of it. Since it's arrival, the pop machine has been a much welcomed luxury.

Mark Kennedy and Matt Knapp consider who to vote for as they watch the queen's assembly. The queen candidates answer various questions to help the student body decide.

Chris Anschutz and Kristi Liebrock cut out hearts to decorate Mrs. Herbst's room. Chris and Kristi spend their spare time helping with all sorts of different projects.

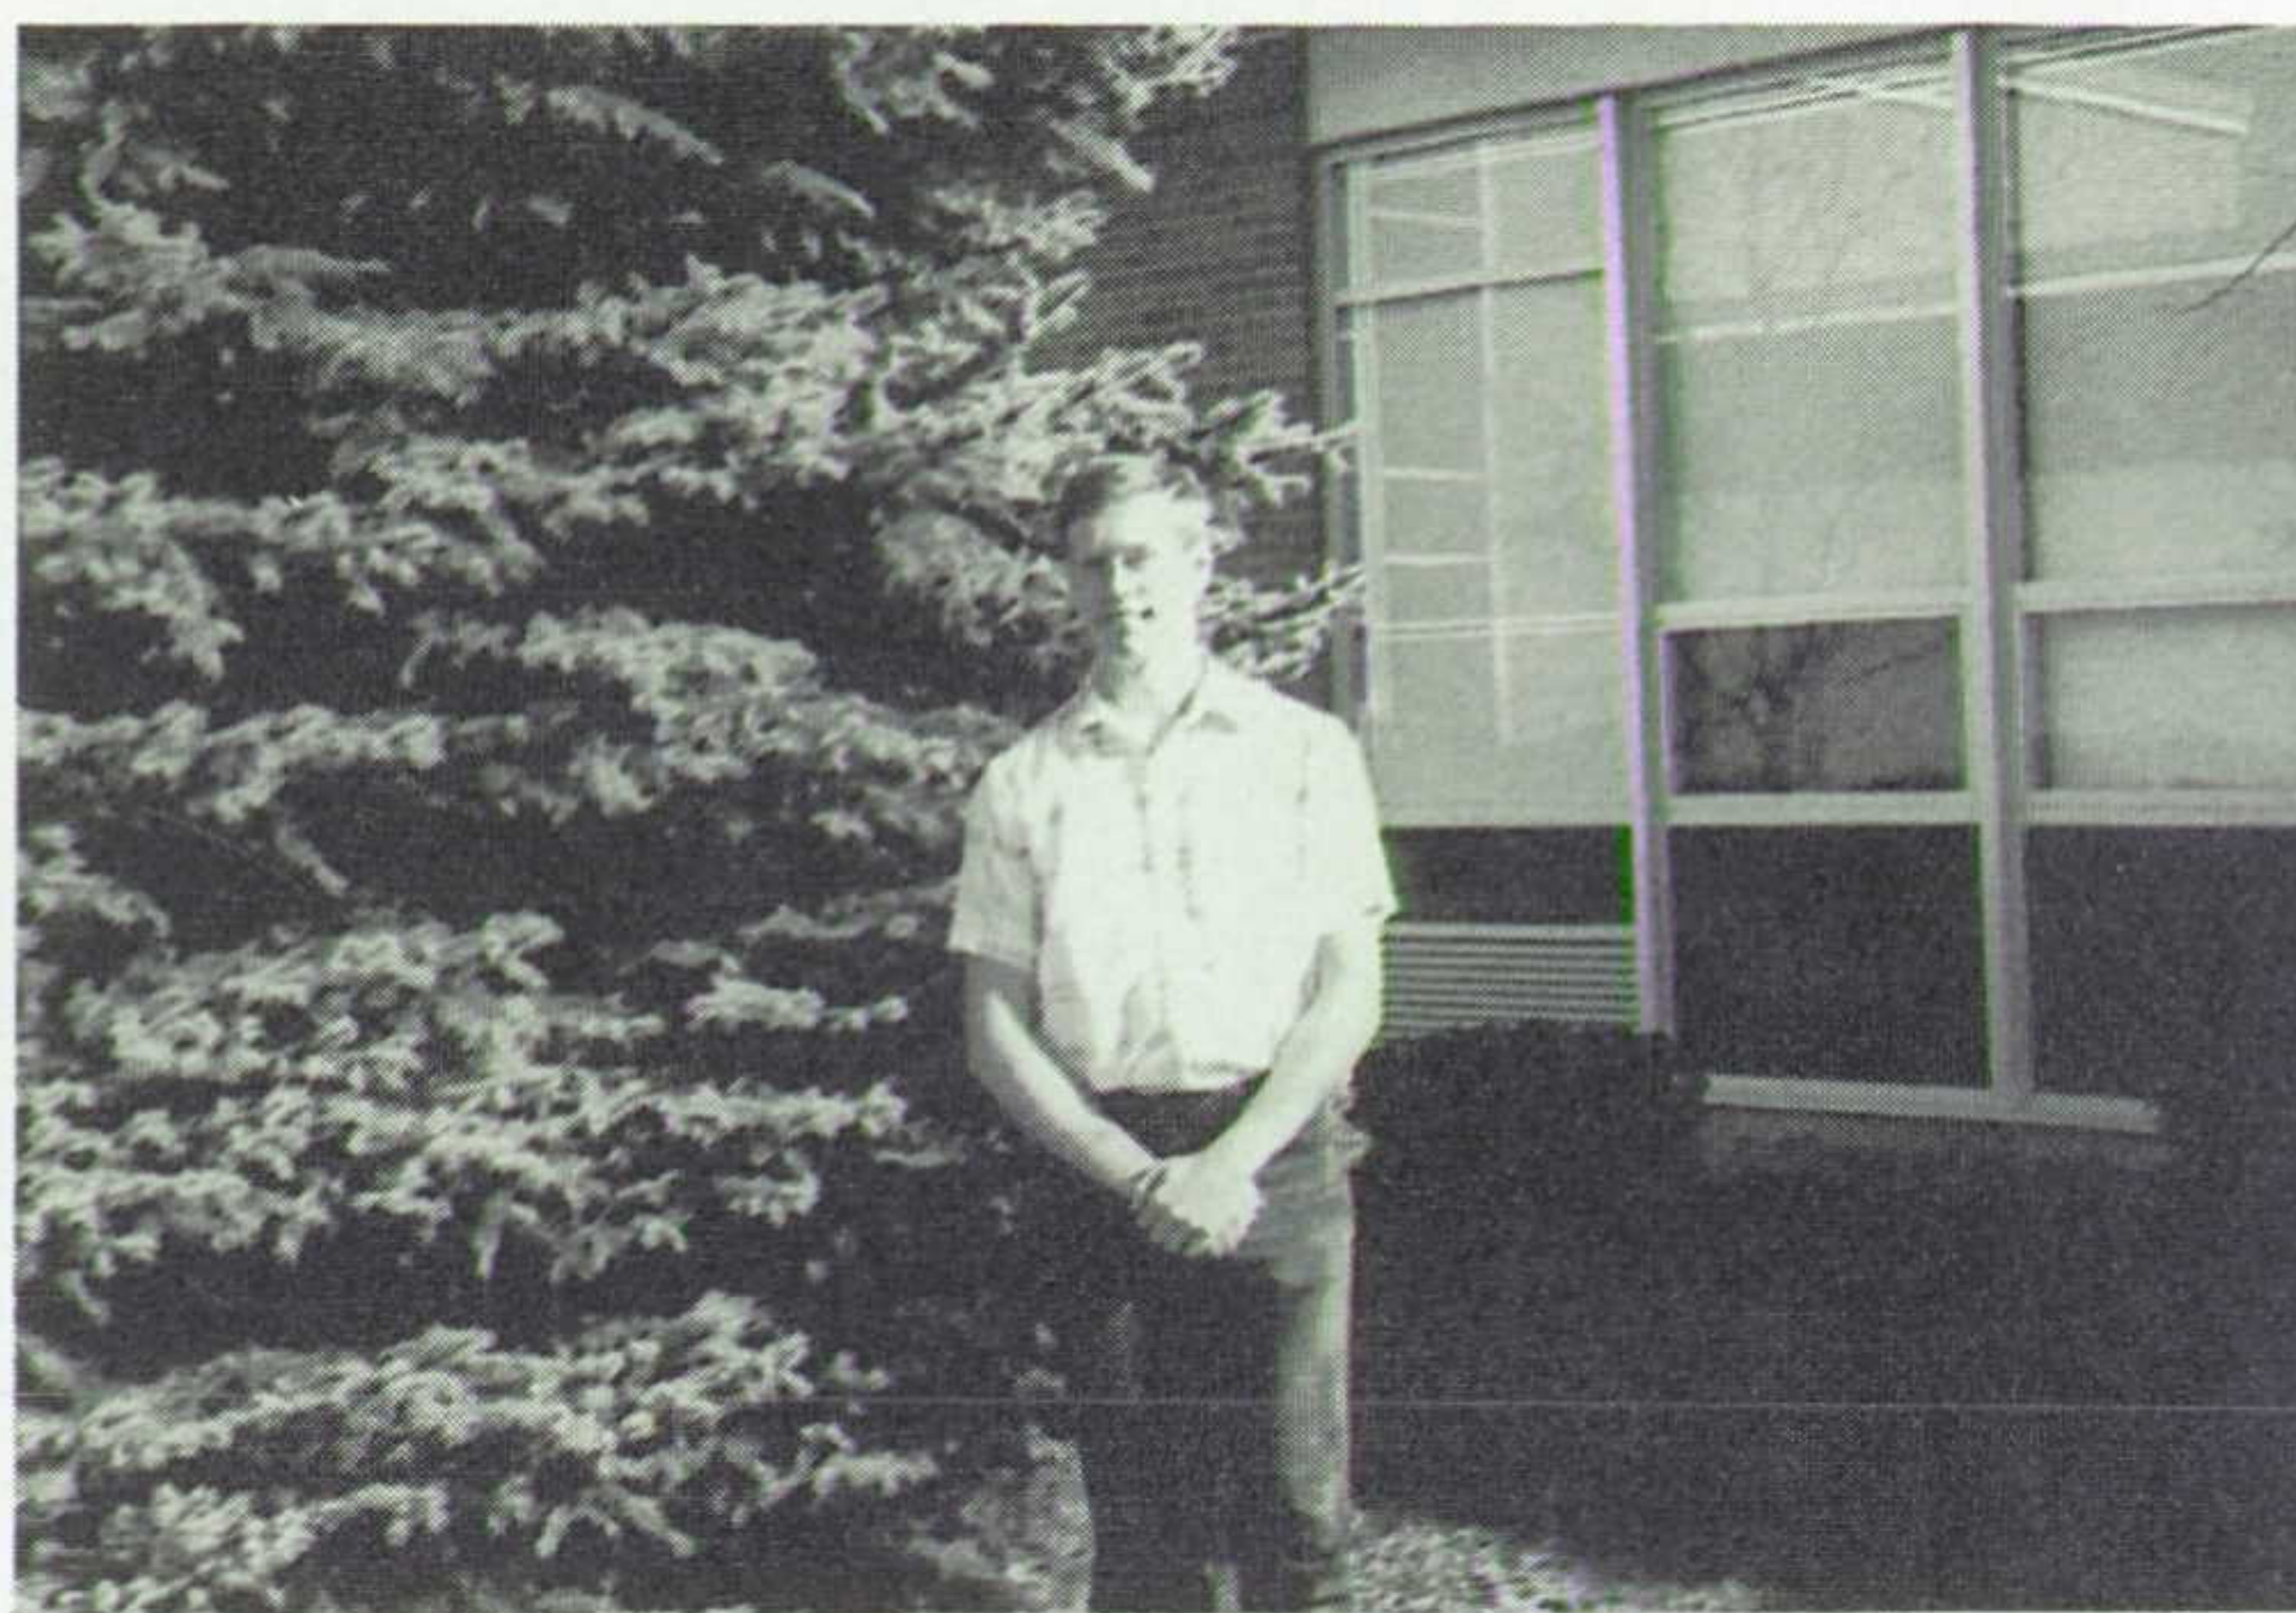

HARD WORK LEADS TO HONORS

Valedictorian-Rodney Laurenz

Valedictorian Rodney Laurenz resides at 860 W. La-Porte Rd., Wheeler, with his parents Gerald and Carolyn, brothers Randy and Rusty, and sister Julayne. In his spare time, Rodney enjoys hunting, water skiing, going out, talking with friends, and eating. While at BHS, he has been active in FFA, leadership forum, wrestling, football, student council, band, Quiz Bowl, and National Honor Society. Rodney is graduating with a perfect 4.00 GPA. His most memorable time at BHS was winning the state FFA demonstration contest. Rodney's future plans are to attend Michigan State University to study engineering, and eventually he would like to raise a family.

Salutatorian-Aaron Spangler

Salutatorian Aaron Spangler enjoys hunting, fishing, outdoor activities, and watching television in his spare time. At BHS, he has participated in band, FFA, track, golf, wrestling, National Honor Society, Quiz Bowl, and Homework Hotline. Aaron resides at 4159 N.E. County Line Rd., Merrill, with his parents Matthew and Melva and brother Scott. His most memorable times at BHS were winning the state FFA demonstration and public speaking contests and participating in the national level public speaking contest. Aaron is graduating with a 3.95 GPA. His future plans are to attend Michigan State University to study engineering through the Air Force ROTC and then seek employment.

David Morris and Mark Powell dress up in king and queen costumes for a skit. The humorous side of BHS is commonly represented at the pep assemblies.

Jason Whiting, co-captain of the football team, excites the crowd with a skit performed by himself and other senior football players as part of the Homecoming pep assembly. Assemblies are held several times throughout the year to get the student body in high spirits before an important game.

Michelle Roe carefully plans out her editor's ladder. The ladder is the first and probably the hardest step in producing a yearbook.

Mark Seward and Doug Shankel flip through their yearbooks and remember the fun times they had in the past year. The yearbooks are given out during the fall at an annual yearbook party.

Seniors Mark Kennedy, Steve Frost, Scott Robertson, Brian Kipp, Roy Garza, and sophomore Keith Green show their unbelievable talent in forming a pyramid. They were cheerleaders for the students and parents who attended the powder puff football game.

Karri Ostrander, Melissa Powell, Chad Plaxton, Jeff Siler, and Jason Whiting prove that being seniors can often be a relaxing position to hold. Sitting by the heater is a tradition all seniors share and is passed down to the upcoming juniors.

Brian Kipp and Roy Garza pose for a unique picture to let everyone know that seniors are 1. Playing the part of cheerleaders is often a comical scene at the powder puff football game.

Seniors Mark Kennedy, Steve Markley, Jeff Breasbois, Jim Ryan, and Lisa Bushre pose for a quick picture while ordering their caps and gowns. The year seems to fly by; first you're ordering gowns, then you're wearing them.

MEMORIES TO BE CHERISHED

As we the class of nineteen eighty nine look back on our years at BHS, we realize that it wasn't just a time for learning but a time for making long-lasting friendships. We set many goals for ourselves; sometimes reaching them, other times failing. Through each experience, good or bad, we gained enough knowledge to help us make it in today's world. The years we spent together at BHS will be memories which will always be cherished.

We began our high school years as enthusiastic freshmen. We found our lives being filled with after-school activities and responsibilities, and we were given more freedom. As individuals, we had to start thinking about grades and what we were going to do with our lives. Our class officers for the year were: president-Jeff Siler, vice-president-Melanie Cole, secretary-Melissa Powell, treasurer-Rachael Danks, publicity-Bob Nugent, and representatives-Robyn Pratt, Brad Shebester, and Brett Yankie. Michelle Roe was our Student Council Senator. Our first big event for the year was Homecoming, and we selected Karri Ostrander as our representative. Later that year to represent our class at Snowball, we chose Kandi Wertz and Steve Markley. Our freshman year also meant the time to purchase our class rings. To end our freshman year, we selected Lisa Bushre and Chad Plaxton as outstanding girl and boy.

As sophomores, we found out what high school was really all about. Many of us had schedules which consisted of college-prep classes. For many students, being a sophomore also meant turning "sweet sixteen" and getting our driver's licenses. We were led that year by president-Mark Kennedy, vice-president-Steve Markley, secretary-Melissa Powell, treasurer-Malena Lewis, publicity-Bob Nugent, and representatives-Robyn Pratt and Michelle Roe. Our Student Council Senator was Melanie Cole. Kristi Liebrock was chosen to represent us for Homecoming, and for Snowball we chose Theresa Walsh and Chad Plaxton. Our outstanding sophomore girl and boy were Karri Ostrander and Mark Kennedy.

Our junior year brought with it the responsibilities of sponsoring the junior-senior prom and banquet. Our class officers had the biggest job of all because they had to get these events organized. Our class officers were: president-Mark Kennedy, vice-president-Steve Markley, secretary-Melissa Powell, treasurer-Malena Lewis, publicity-Bob Nugent, and representatives-Velvet Cutting, Rachael Danks, and Robyn Pratt. Michelle Roe was our Student Council Senator. For Homecoming, we selected Kelly McEntee to represent us. Tragedy struck our class in late October, as we learned of the death of our classmate, Kelly McEntee. Kelly was a good friend to all of us, and she will always be remembered. To represent us at Snowball, we chose Carrie Conrad and Scott Robertson. It was now time to plan and put on the nineteen eighty eight prom. The prom was held at the Embers in Mt. Pleasant, on April 30th. The theme was "Lost in Time." It turned out to be a beautiful evening, and we will always remember that special night. On May 26th, we held the traditional junior-senior banquet to honor the seniors. This would be the last time we would be

together with the seniors, and it also meant saying good-bye to many good friends. To end a very exciting year, we chose Melissa Powell and Jeff Siler as outstanding junior girl and boy.

Before we knew it, we were seniors, and we had to convince ourselves that it was our last year of high school. We had many decisions to make, and none of them seemed to be easy. One of the hardest decisions was what we were going to do after we graduated from high school. Many of us filled out college applications, hoping we would be accepted to the college we always wanted to attend, while others decided to join the Armed Forces. Our senior class officers were: president-Mark Kennedy, vice-president-Steve Markley, secretary-Gary Coulson, treasurer-Lisa Bushre, and representatives-Derek Pavlik, Robyn Pratt, and Michelle Roe. Our Student Council Senator was Rodney Laurenz. To represent us at Homecoming, we chose Melanie Cole, Kristi Liebrock, Karri Ostrander, and Kandi Wertz. From this group of royalty, Karri Ostrander was crowned Homecoming Queen. The members of our Snowball court were Lisa Bushre, Carrie Conrad, Kim Esquivel, Melissa Powell, Todd Howie, Chad Plaxton, Scott Robertson, and Jeff Siler. Scott Robertson and Carrie Conrad were elected as King and Queen. On April 15th, the junior-senior prom was held at the Mt. Pleasant Country Club. The theme for our last prom was "Hold on to the Night." As graduation day approached, we began to think about the thirteen years we spent together as a class. In those thirteen years, we made many friends and learned a lot about each other. On June 1st, the junior-senior banquet and honors assembly was held. Many of us were presented scholarships or given awards on this night. That long awaited day finally arrived. June 4th was a day that would always be remembered because this was the last time we would be together as a class. Ninety-six seniors, all in white and maroon were gathered in the gymnasium, surrounded by family and friends. Our class was well represented by Valedictorian Rodney Laurenz and Salutatorian Aaron Spangler. As we came forward to receive our diplomas, we realized we were no longer high school students. We were now adults, ready to face the world.

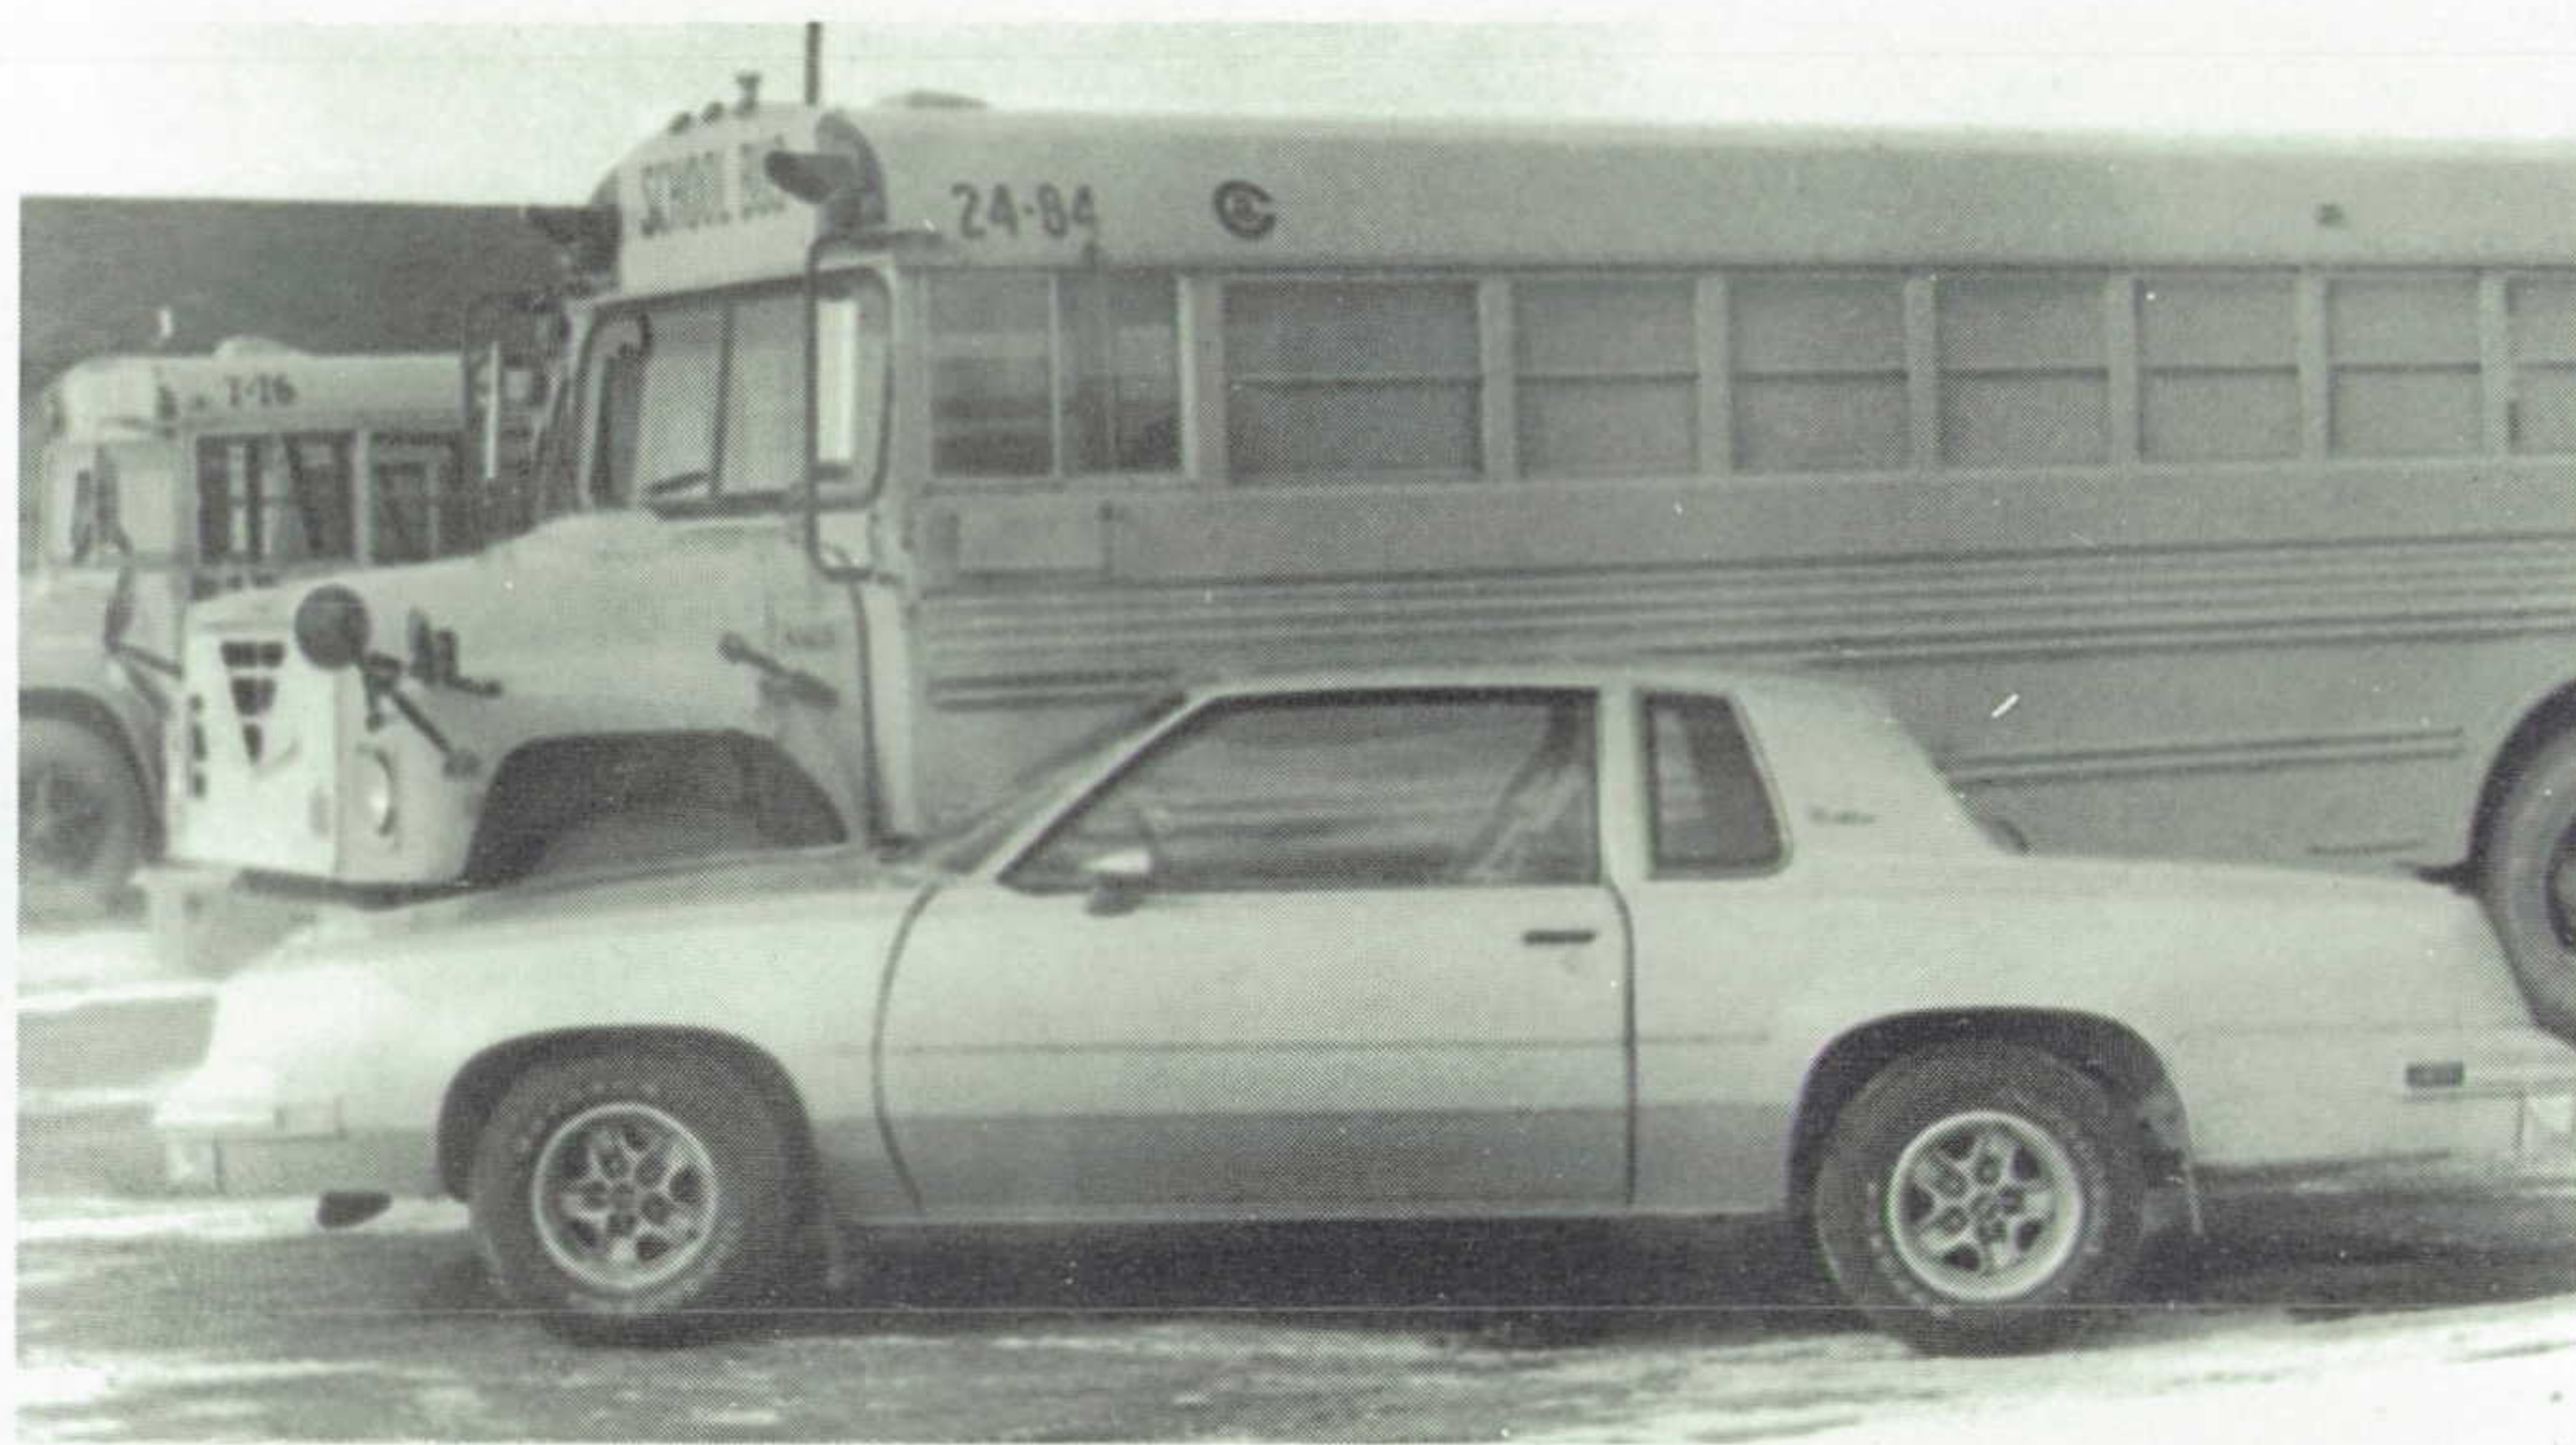

As we left BHS, many eyes were filled with tears, as we said good-bye to our friends and remembered the times we spent together. We left Breckenridge High School as the graduated class of nineteen eighty nine, holding on to the memories of yesterday and dreaming of tomorrow's accomplishments. As our class motto says: What we hold of yesterday is only a memory, but tomorrow is an accomplishment that is yet to be made.

—Michelle Roe

Choice Of The Day

Life at BHS is more than just going to school everyday, attending your classes, and then leaving. There are many choices that must be made regarding one's daily routine. For instance, what's the difference between riding the bus and driving in by yourself? Are hot lunches really that bad, or is it just that students enjoy their own food from home more? What kind of after school activities are available? Do any of these questions ring a bell? Here are some pros and cons concerning these areas.

Although the general attitude towards bus riding is negative, some people are compelled to the extra time you have during a bus ride. Whether it be used for sleeping, catching up on some unfinished homework, or just passing time by chatting with a friend. However, when was the last time you received a white slip while driving in on your own? By bringing your own car, you are allowed to sleep in longer and bypassing the many stops your bus makes while on the way to school. Also driving means being able to

replace the noise of screaming kids with the radio or sliding in one of your favorite tapes. It also never hurts to show off you freshly washed and waxed car. For most, the choice is clear, but just in case old faithful should break down you've always got the bus!

Once you have arrived at school and your breakfast been worn off by three vigorous hours of study, what do you have for lunch? For some it's no problem because they've already packed a hearty feast for themselves and brought it to school with them. On the contrary, for the others it's time to race to get a good spot in the hot lunch line. Aside from the bad reputation hot lunch

has acquired over the years, the scales seem to be evenly balanced between hot and cold lunch at BHS. No matter what they say about school lunches, it's never hard to find somebody shamelessly begging some nice hot food off of another person's tray. Whatever your fancy may be, it's never hard to leave BHS with a full stomach and a smile on your face.

Well, now that the school day is over, what do you do to occupy your time? Athletics seem to be the popular choice among students at BHS, boys and girls alike. There still remains questions though. Due to the overlapping seasons of several sports, a choice of preference must be reached. For boys, do you go for ruggedness, savagery, and sheer competitiveness of football or the subtleness and tranquility of golf, or further yet test your endurance in cross-country? Do you long to hear the crowd chanting your name at a basketball game or do you want to prove yourself by going one on one in some fast paced wrestling action. Girls, are you going to be cheered while playing basketball or volleyball or would you prefer to be the one doing the cheering either as a cheerleader or pom pon girl? Do you want to feel the exhilaration of putting the winning basket or spike down, or rather that of winning a cheerleading competition or performing the perfect pom pon routine? Whatever the choice of BHS students, great pride is taken in their athletic accomplishments.

So there you have it. Whether you take one side or the other or just enjoy the best of both worlds, having the liberty to make your own choices makes coming to school at BHS everyday a worthwhile experience.

Michelle Roe, Velvet Cutting, and Lisa Bushre are busy cutting, coloring, and taping cartoons and posters in the senior hall. With some late nights and support from each other, the seniors placed second in the hall decorating competition.

An enthusiastic Garfield says "GO" for the Huskies. Nicki Berlin, who drew Garfield, showed her talent by painting most of the windows in the junior class hall.

Track runner Scott Strouse, b-ball player Bobbi Mayle, football player Rich St. John, and baseball fan Amy Shankel dress in their

sports uniforms as they participate in Sports Day. Each one displayed individual spirit throughout the week.

Spirit Comes Alive

The week of Homecoming was an eventful one indeed. The Student Council selected the theme of "Cartoons" with the halls being filled with all kinds of characters. With most of the students participating, the high school was alive with spirit.

The week started off with Button Day, when students wore numerous buttons on their clothes. The next day was Sports Day, where students appeared in their favorite sports uniform. One of the new events was Kings and Queens Day on Wednesday. On this day, students were to dress up in nice clothes and look like "royalty". The other new activity was Morning Day. Some students came to school looking like they just rolled out of bed, which some of them did. These days were definitely original. The last day of the week was the traditional Blue and Gold Day. This day always seems to get more participation than the other special days.

All during the week, the students worked diligently on their class float and hall decorating hoping their class would win. The long hard hours paid off for the seniors as they received first place in Spirit Week. The juniors were in a close second followed by the freshmen in third.

The week of Homecoming activities was definitely one to remember.

A life from the other side

Matt Knapp is from Skipsea, East Yorkshire, England. Matt came to America for several reasons: to meet new people, try new things, and to find out what the U.S. is really like. While staying in the U.S., Matt lived with Leashers. When Matt was asked what he liked best about America he replied, "The food, the people, school finishing before 3 p.m., MTV, and Mountain Dew." While at BHS, Matt has been active in football, journalism, and the newly formed United Nations. In his spare time, he enjoys listening to music, playing soccer, watching movies, and shooting pool. When Matt returns home he, says what he'll miss the most is MTV and the relaxed atmosphere at school. He plans to finish school and take A levels.

Patricia Velasquez is from Cartagena, Columbia where she lives with her parents, Fernando and Gloria Velasquez, and her brother Ferdy, who is in the Navy. Patricia is staying with her American family, the Halls. Patricia came to the U.S. to learn about the life and to speak better English. While at BHS, Patricia has been active in Pompon, cross country, and Spanish Club. In her spare time, Patricia enjoys reading, writing, and going out with her American family and friends. When asked what she likes most about the U.S. she said, "The people, the school, and of course my family." When returning home Patricia plans to finish high school and attend college. She says she'll deeply miss the school activities and her friends of BHS.

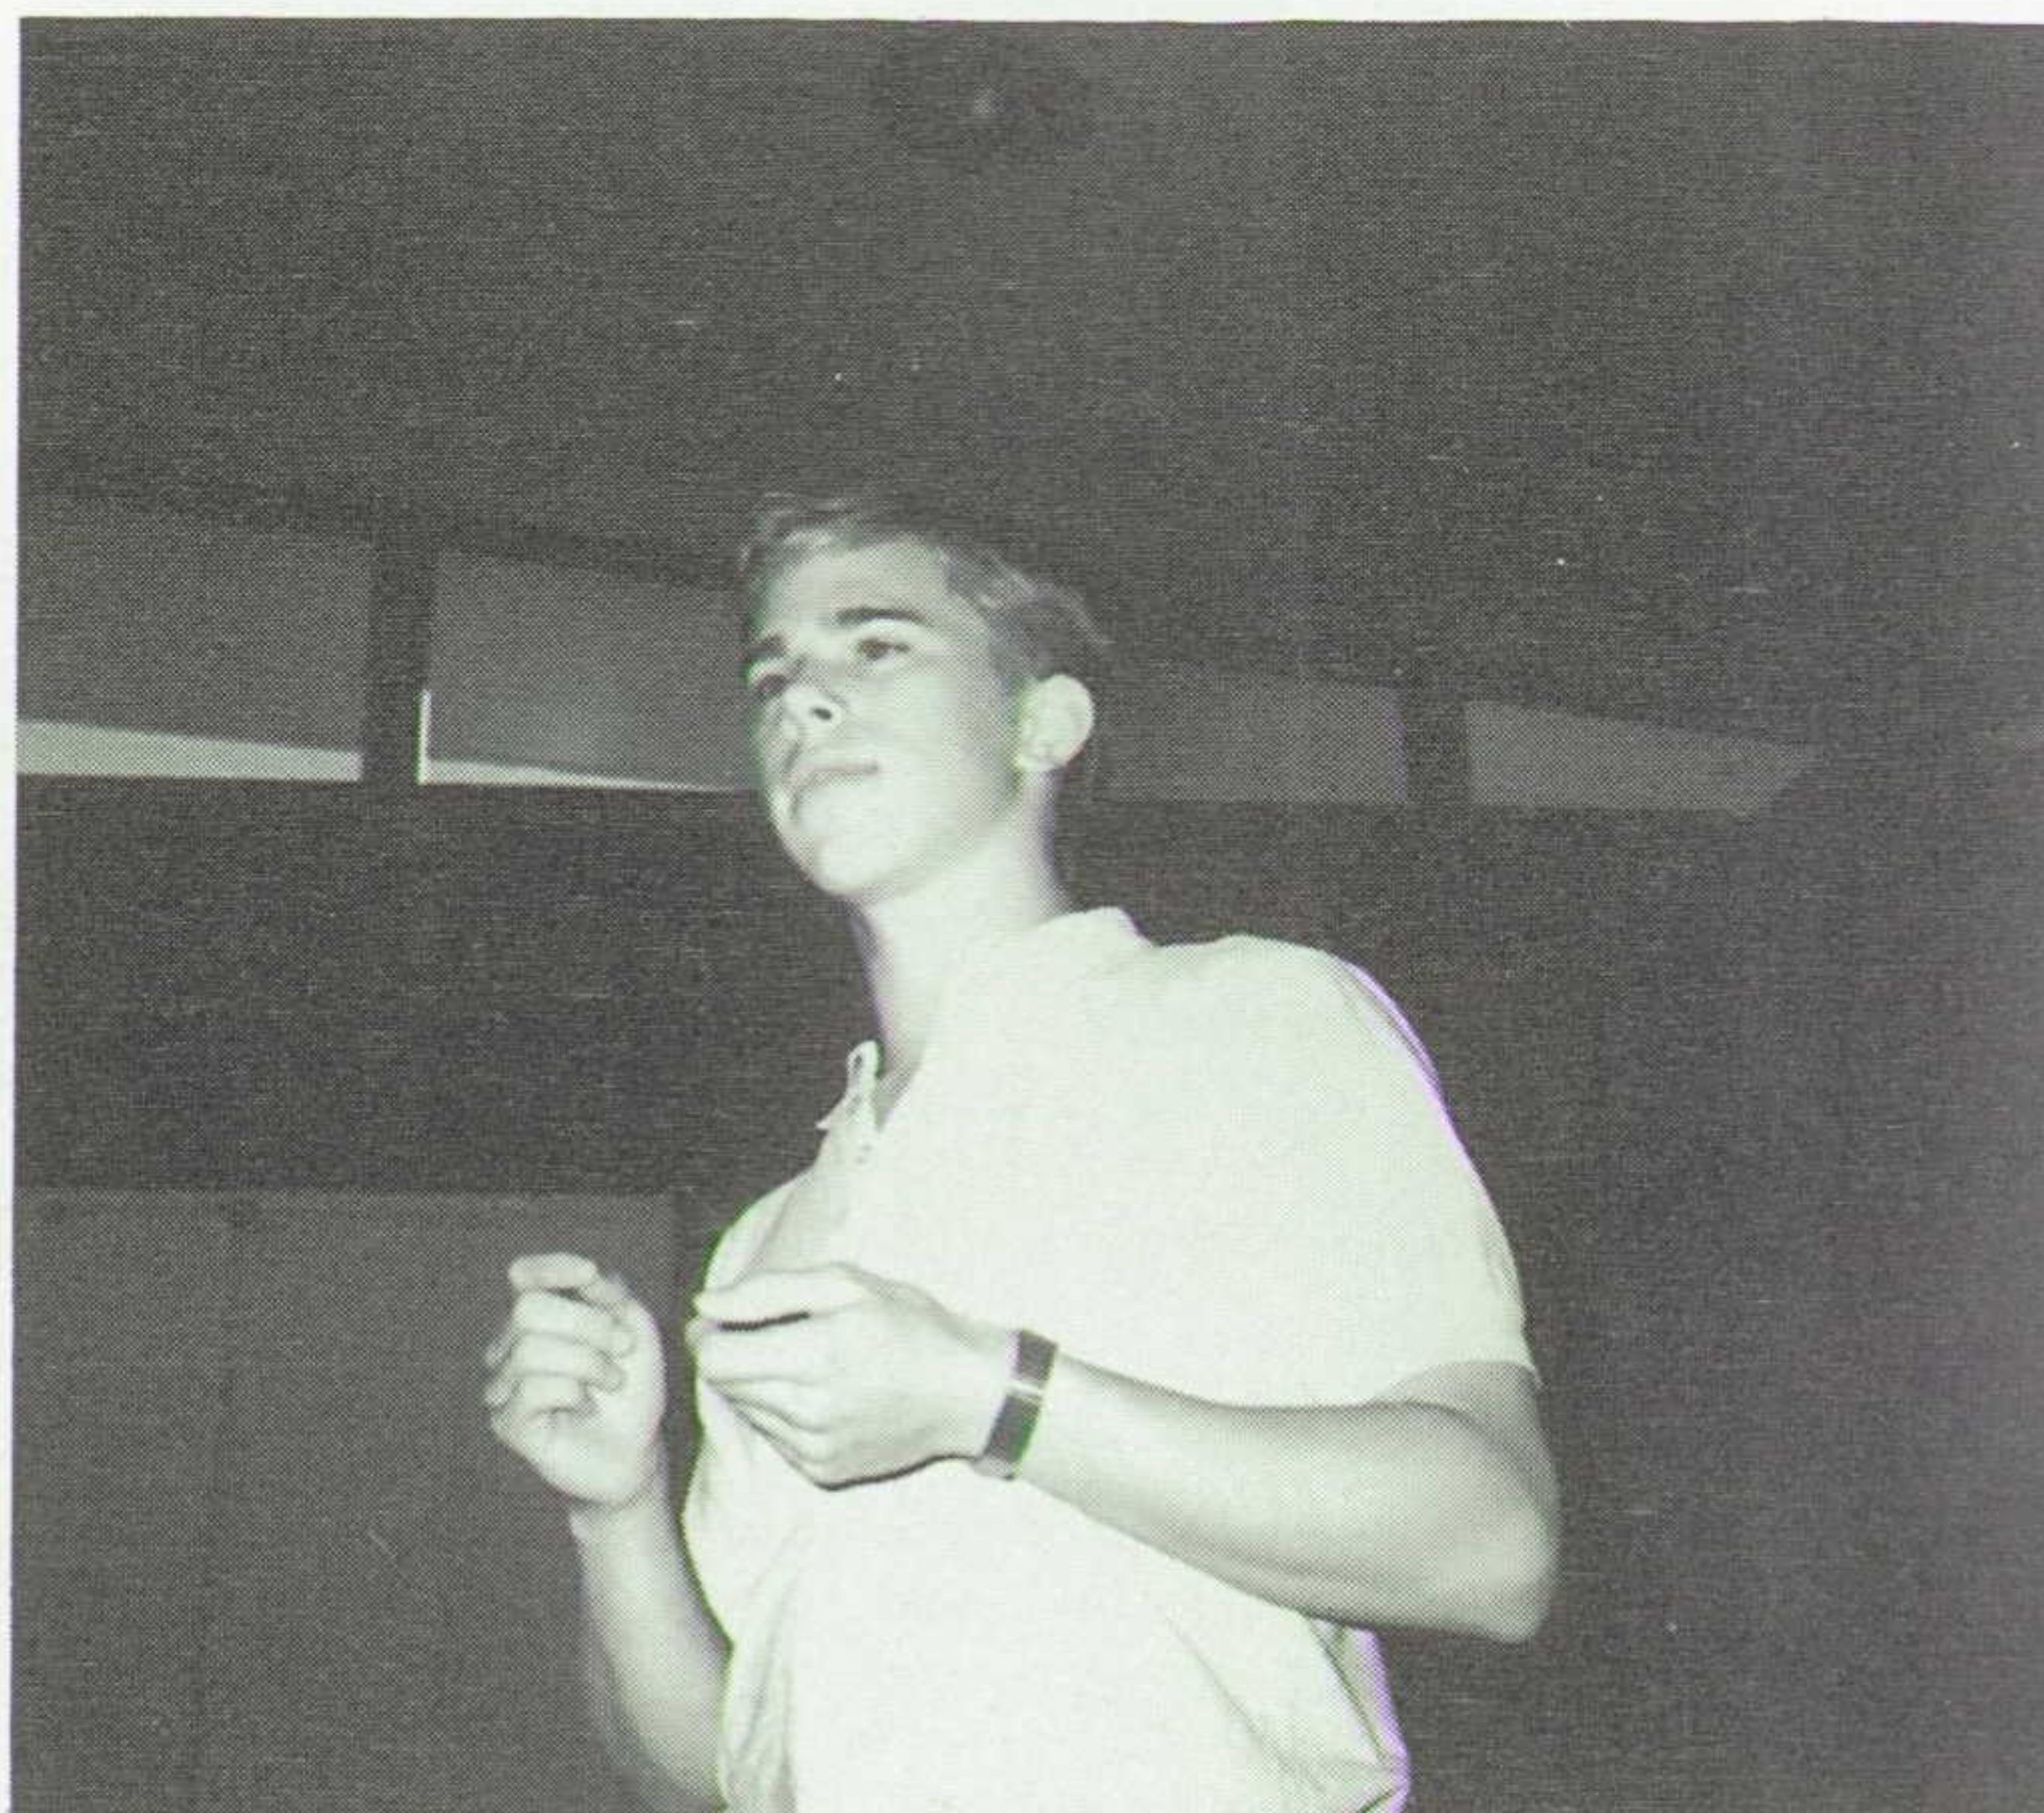

Four of the exchange students share a laugh as they ride the Spanish Club float. Comparing cultures often brings a smile to each of their faces.

Mike Bona and Fabio Ribeiro became close friends during their stay in Breckenridge. Together, they experience the homecoming tradition for the first time.

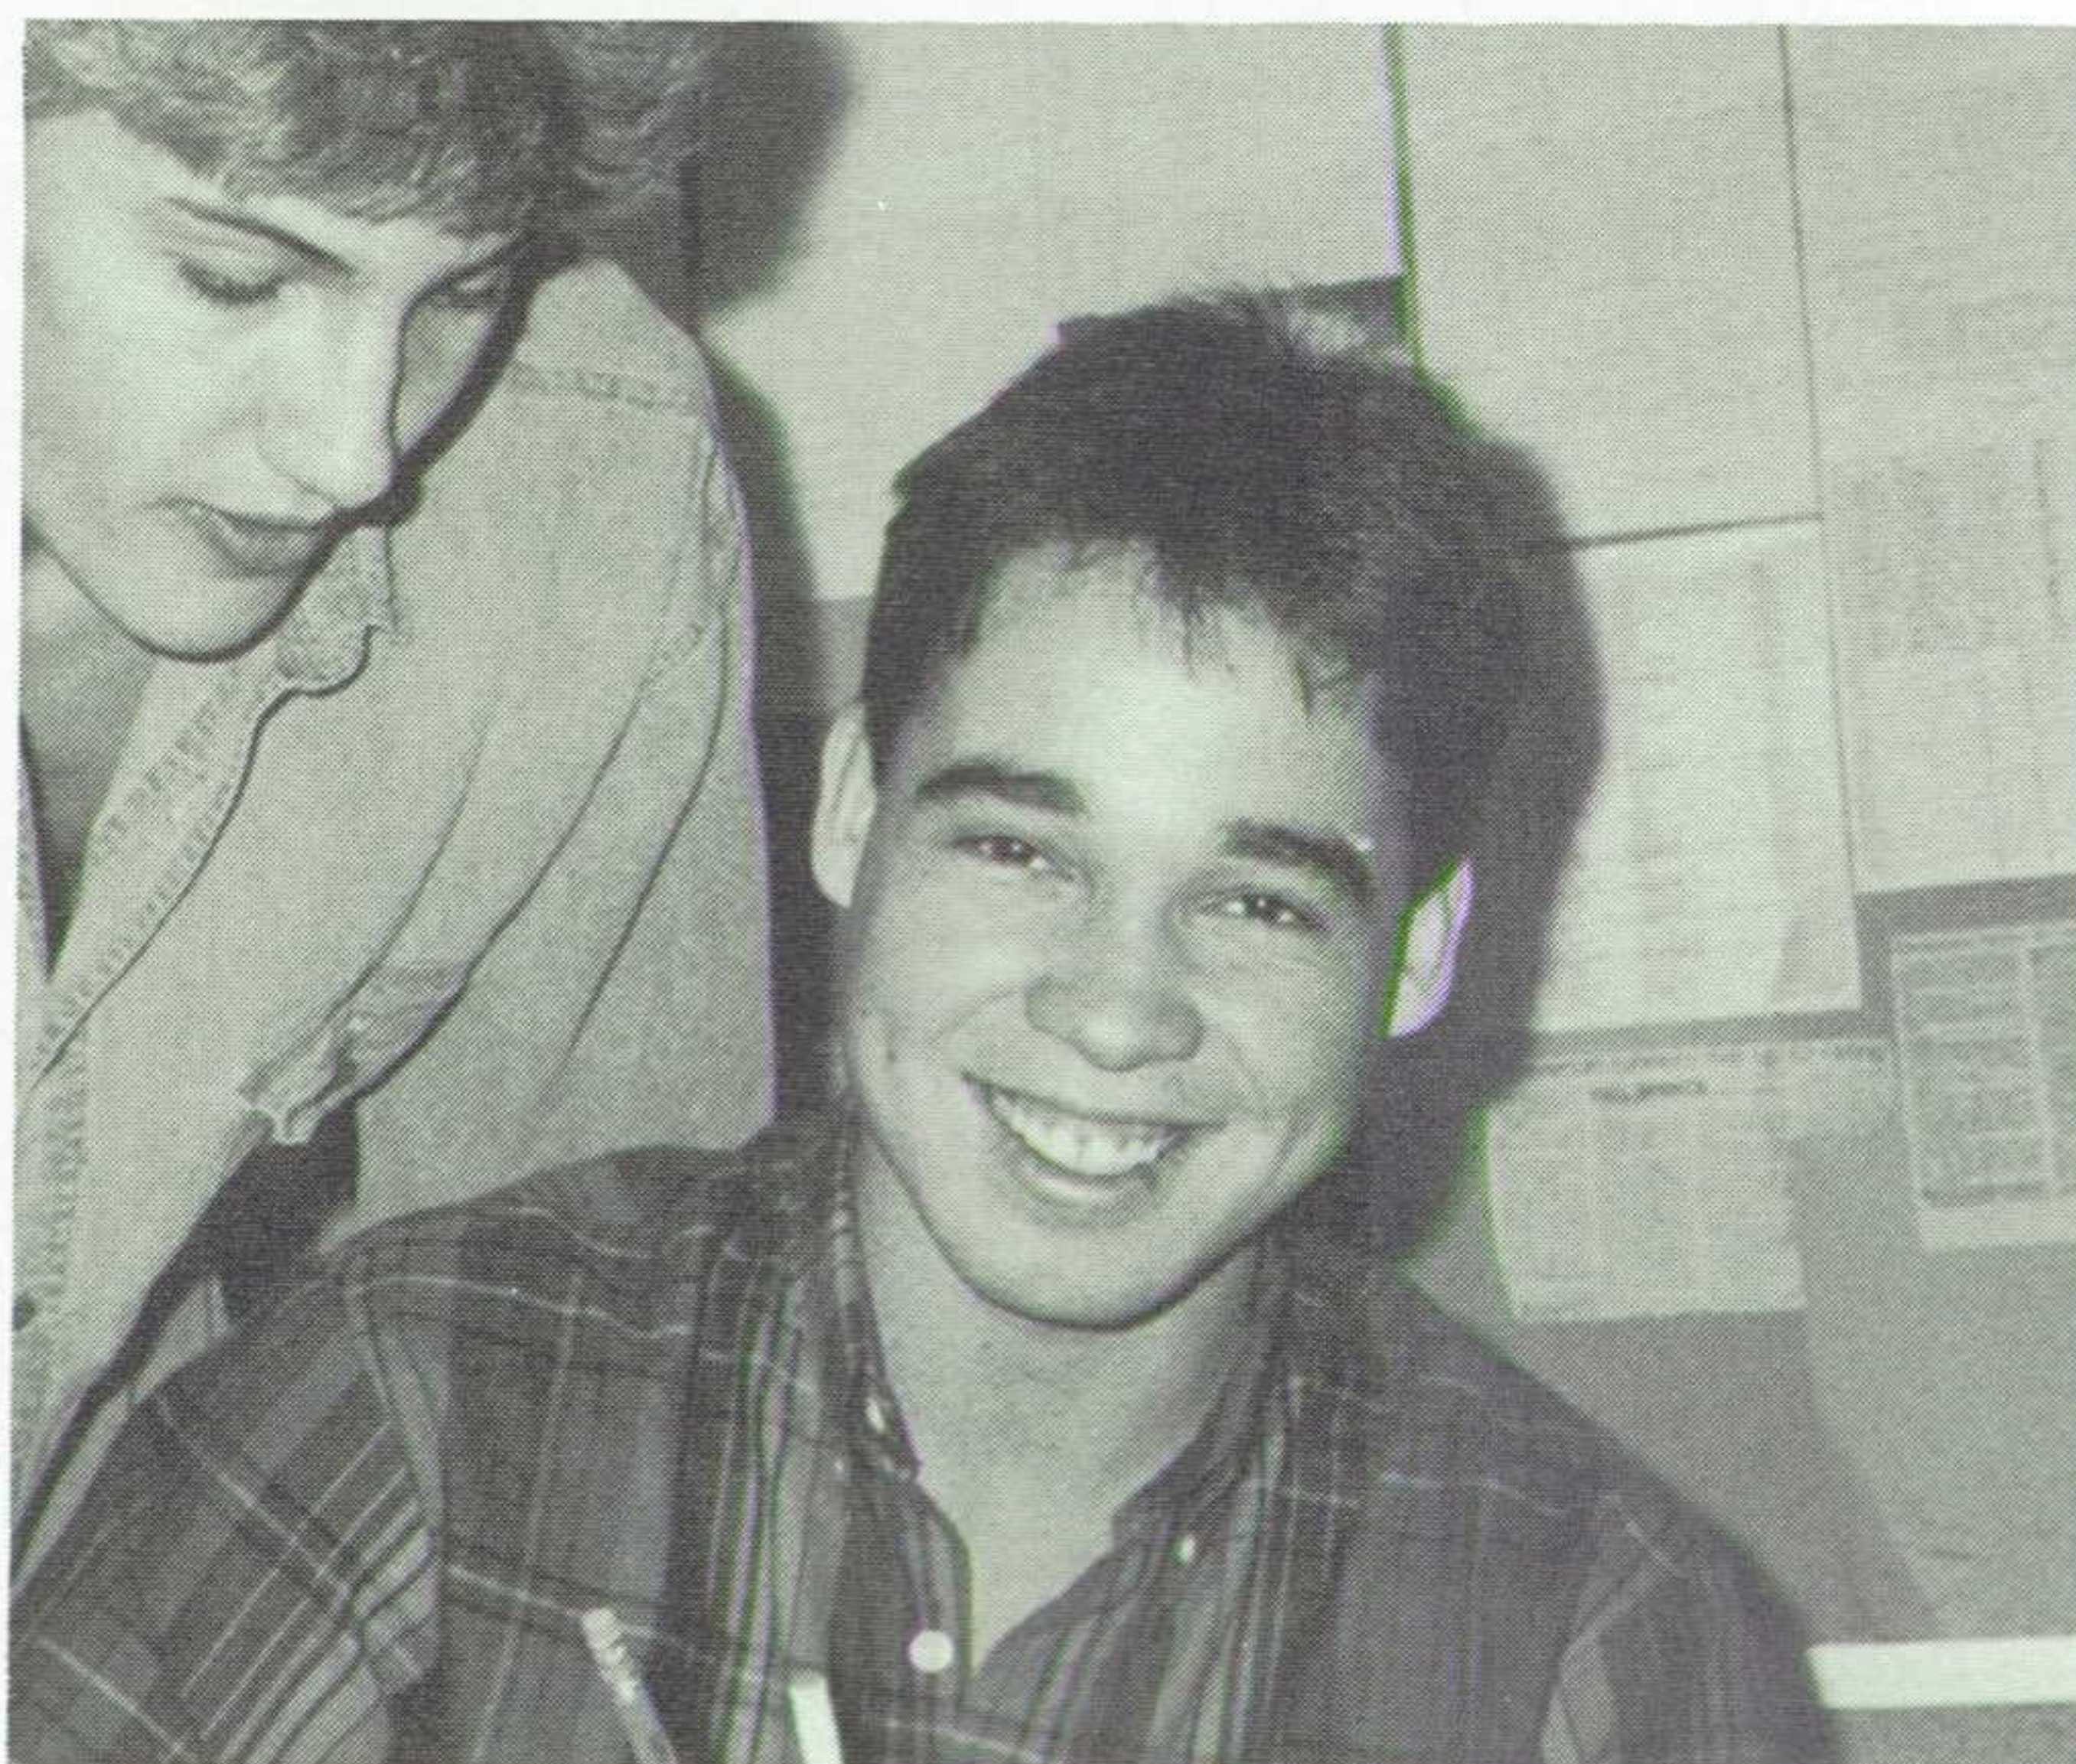

Cindi Betancourt

Michael Bona is from Nurnberg, Germany. His father, Herman, is an engineer and his mother, Adelheil, is a secretary. He also has two sisters, Barbara and Caroline. Michael lives with his host family Earl and Ilah Oberst. His favorite thing about the U.S. is the friendly, open-minded people. In his spare time, Michael enjoys table-tennis, going out with friends, and listening to music. When asked what made him come to the U.S. he said, "curiosity toward American way of life, to improve my English, and to make something diferent of my life." After returning home, Michael plans to finish school and travel around the world. He will deeply miss his host family and friends of BHS.

Megumi Funabashi lives in Yokohama, Japan. While staying in the U.S., she lived with Jim and Laura Acton. In her spare time, she enjoys reading and writing letters. When asked what she liked most about the U.S., she replied, "There is much land and many trees. The people are very kind." Megumi says she came to America to learn more than when she came here 2 years ago. When returning to Japan, Megumi plans to continue high school.

Fabio C. Ribeiro lives in Cuiala, Brazil with his parents and three brothers, Tiago, Marcelo, and Andre. Fabio is currently living with the Plaxtons as his host family. While at BHS, Fabio has been involved in football, FFA, track, skiing, and a soccer coach. In his spare time, he enjoys sleeping, writing letters, practicing sports, and reading. Fabio's future plans are to return home, attend college, travel around the world, and come back to America to work toward a Ph.D. degree. When Fabio was asked what made him come to the U.S., he replied it was his curiosity of American life and to help him learn to speak English. While staying in the U.S., Fabio says the thing he likes best is the special attention given to sports. After returning home, Fabio says the things he'll miss the most are the friends he's made, his American family, and Diet Coke.

A Touch of Royalty

The date was September 30, 1988 a day that would continue the Homecoming tradition at BHS.

The class of 1989 chose Melanie Cole, Kristi Liebrock, Karri Ostrander, and Kandi Wertz to vie for the honor of being the 1988 Homecoming Queen.

On Wednesday, an assembly, hosted by Mr. O'Neill, was held in honor of the four Queen candidates and the underclassmen representatives. Representing the freshman class was Wendy Kostal. The sophomores selected Chris Breasbois, while the junior representative was Sue Capen. After the candidates and their escorts were introduced to the student body, each senior girl answered a serious question and an "on the spot" question. Voting took place on Thursday, as the students and teachers selected their favorite candidate. No one knew the final results until halftime of the football game.

On Friday, as the school day came to a close and the evening activities commenced, the candidates waited with eager anticipation. After the candidates were escorted onto the field by their parents, the hours of waiting drew to a close when Karri Ostrander was named Homecoming Queen for 1988. Karri then received congratulations and hugs from her mother and the rest of the Homecoming court. The 1987 Homecoming Queen, Carmen Siler, returned to crown Karri, and the new Superintendent, Mr. Hagey, presented roses to the new Queen.

Karri was recrowned at the dance by Mark Seward and Jason Whiting, captains of the football team. After the recrowning, there was a special dance in honor of the new Queen and her court. This was a memorable night for Karri and the students at BHS.

Karri Ostrander's dreams came true, as she was crowned Homecoming Queen. Karri was crowned by Carmen Siler during halftime of the football game.

FLIPPING THROUGH THE

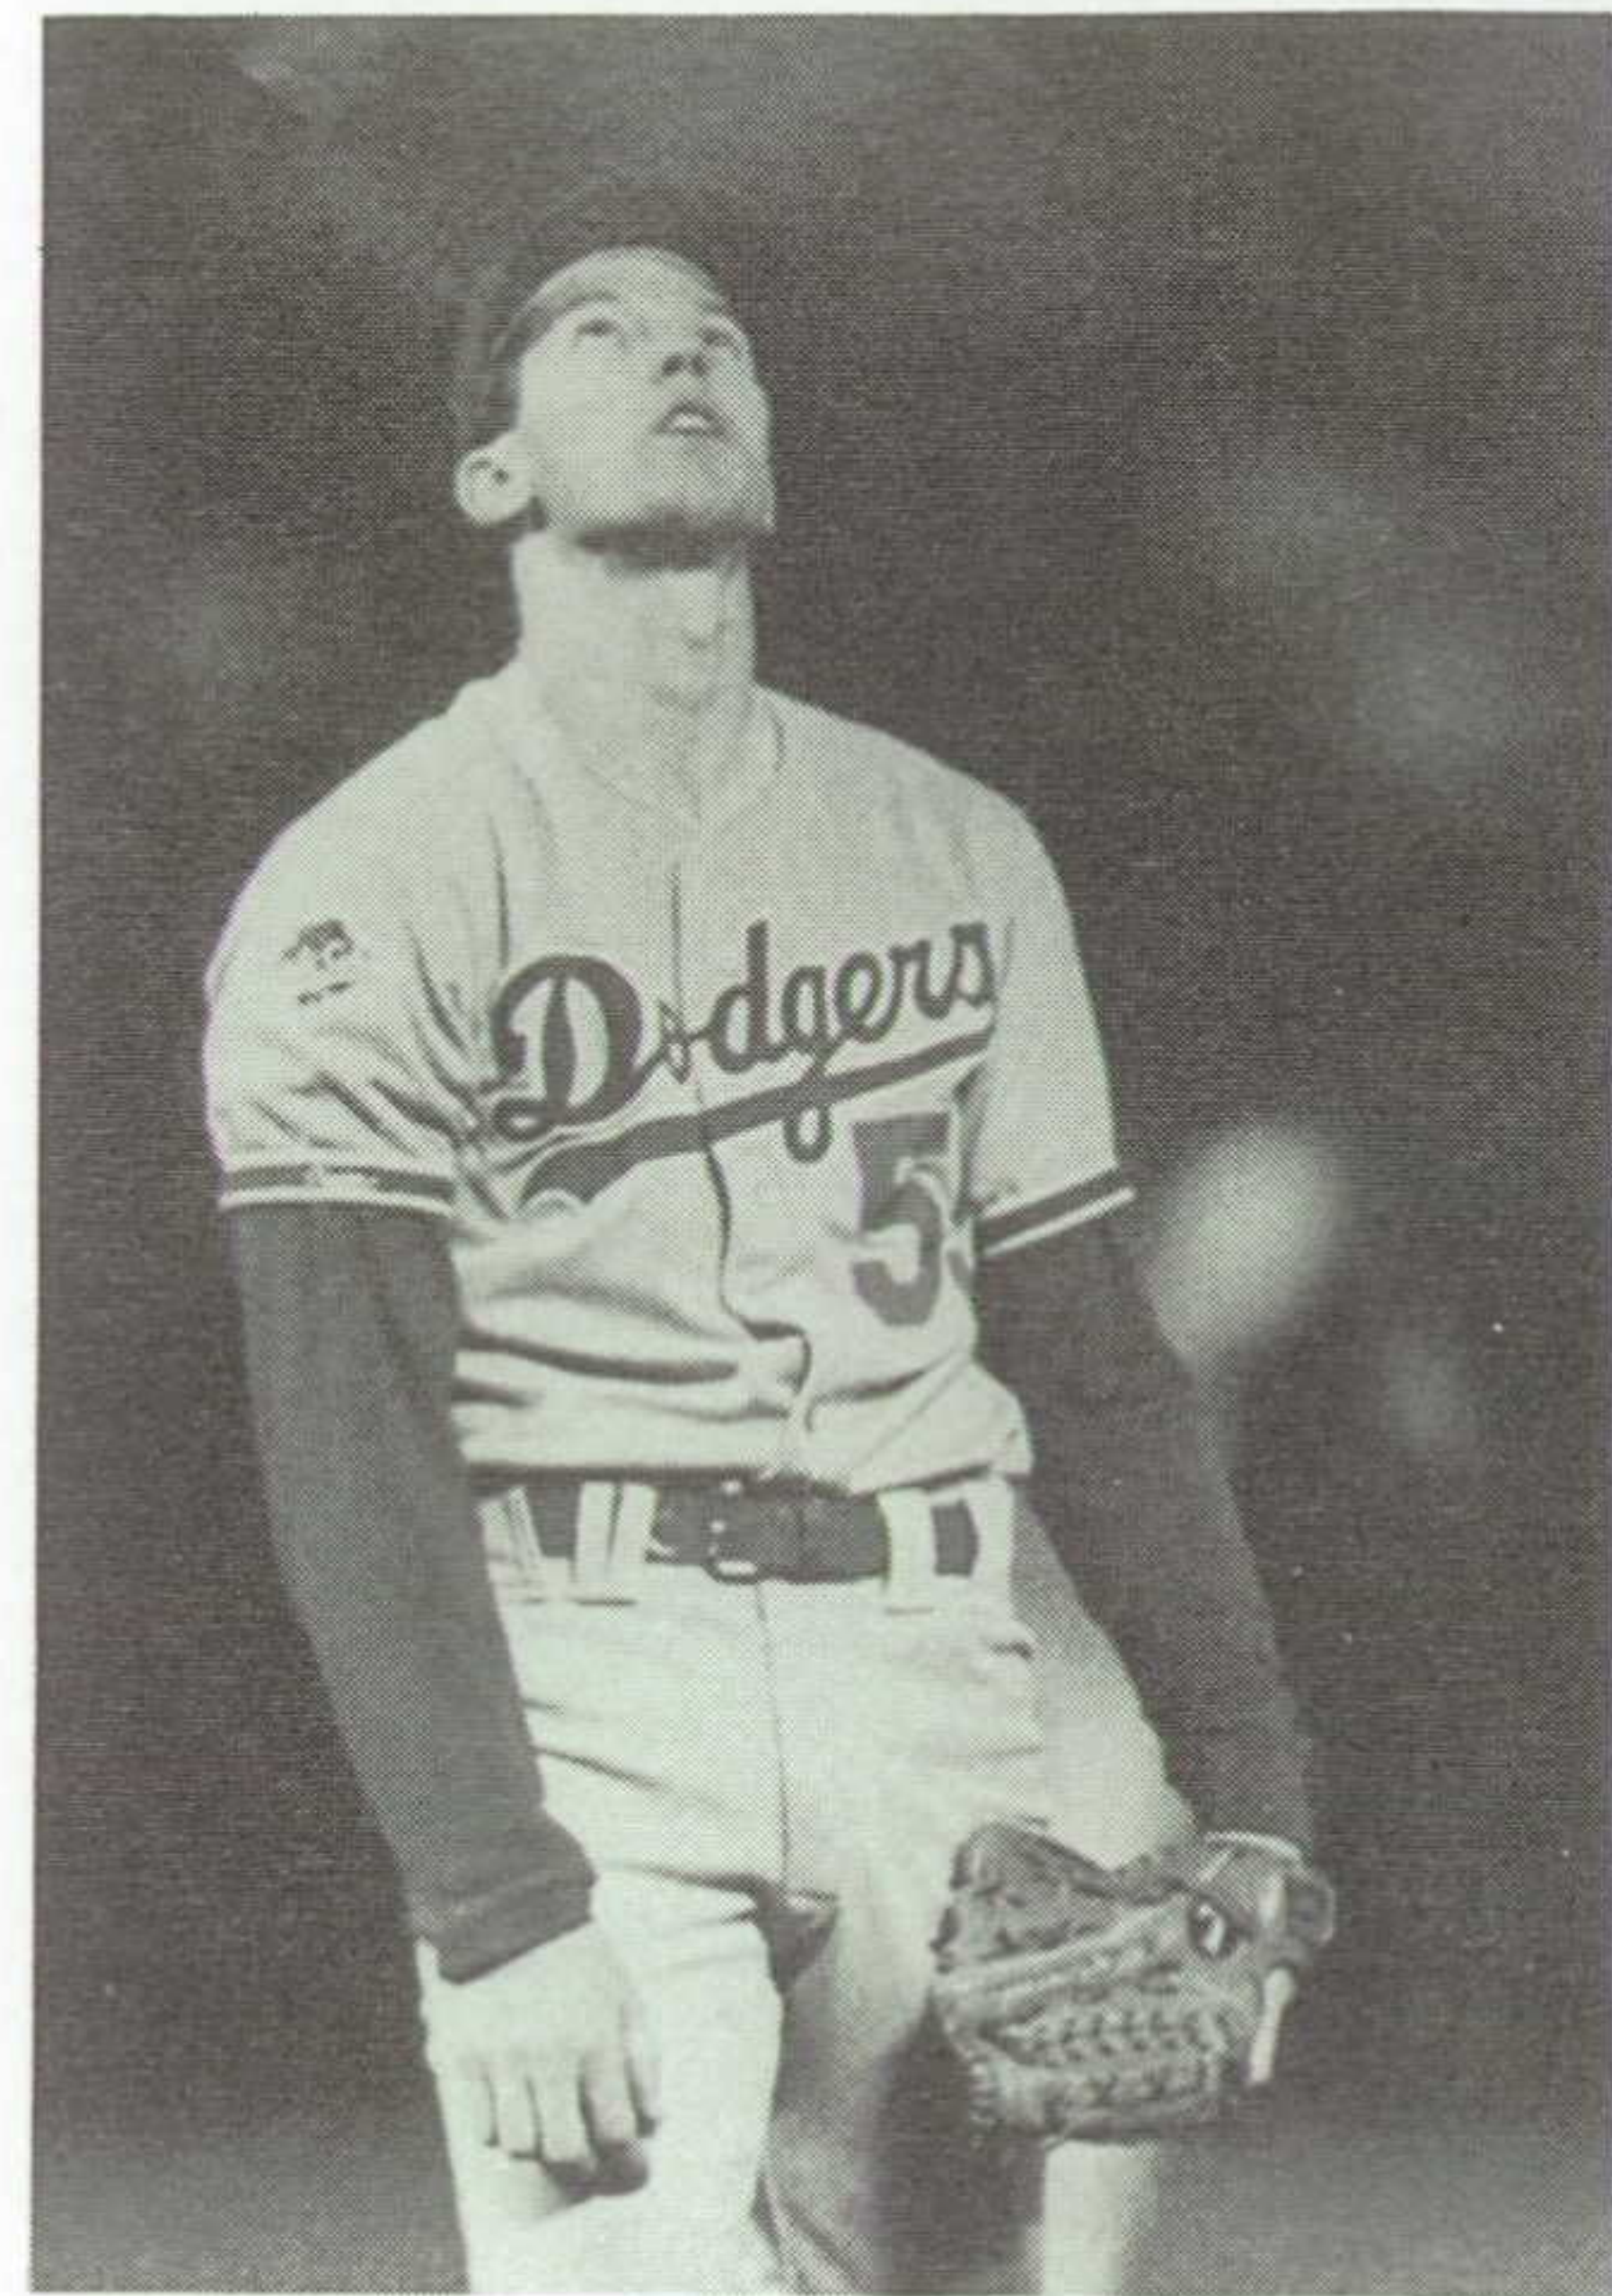

The 1988-89 school year started out in full swing after a blazing hot summer. The summer of 1988 had 30 days of over 90 degrees Fahrenheit. With the added humidity, the heat index made the temperature average over 100 degrees per day. This summer also brought on the worst drought since the 1930's. The reason for the drought was answered by weather experts; they said the jet stream had changed course and wasn't bringing needed rainfall to the Midwest. The drought devastated America's breadbasket, where crops were burned up from the heat and high winds. Midwest farmers lost an estimated \$15 billion dollars, but Congress passed nearly \$6 billion dollars in drought relief aid. The hot summer also caused many forest fires across the country. Yellowstone National Park had 1.38 million acres of its 2.2 million acres charred; it was the worst fire ever recorded in our national parks.

The greenhouse effect was also an item in the news. Scientists said the greenhouse effect deals with the

warming of the earth's atmosphere caused by pollution from automobile engines and industry. The experts also have reason to believe the greenhouse effect caused the jet stream to change course and result in the drought.

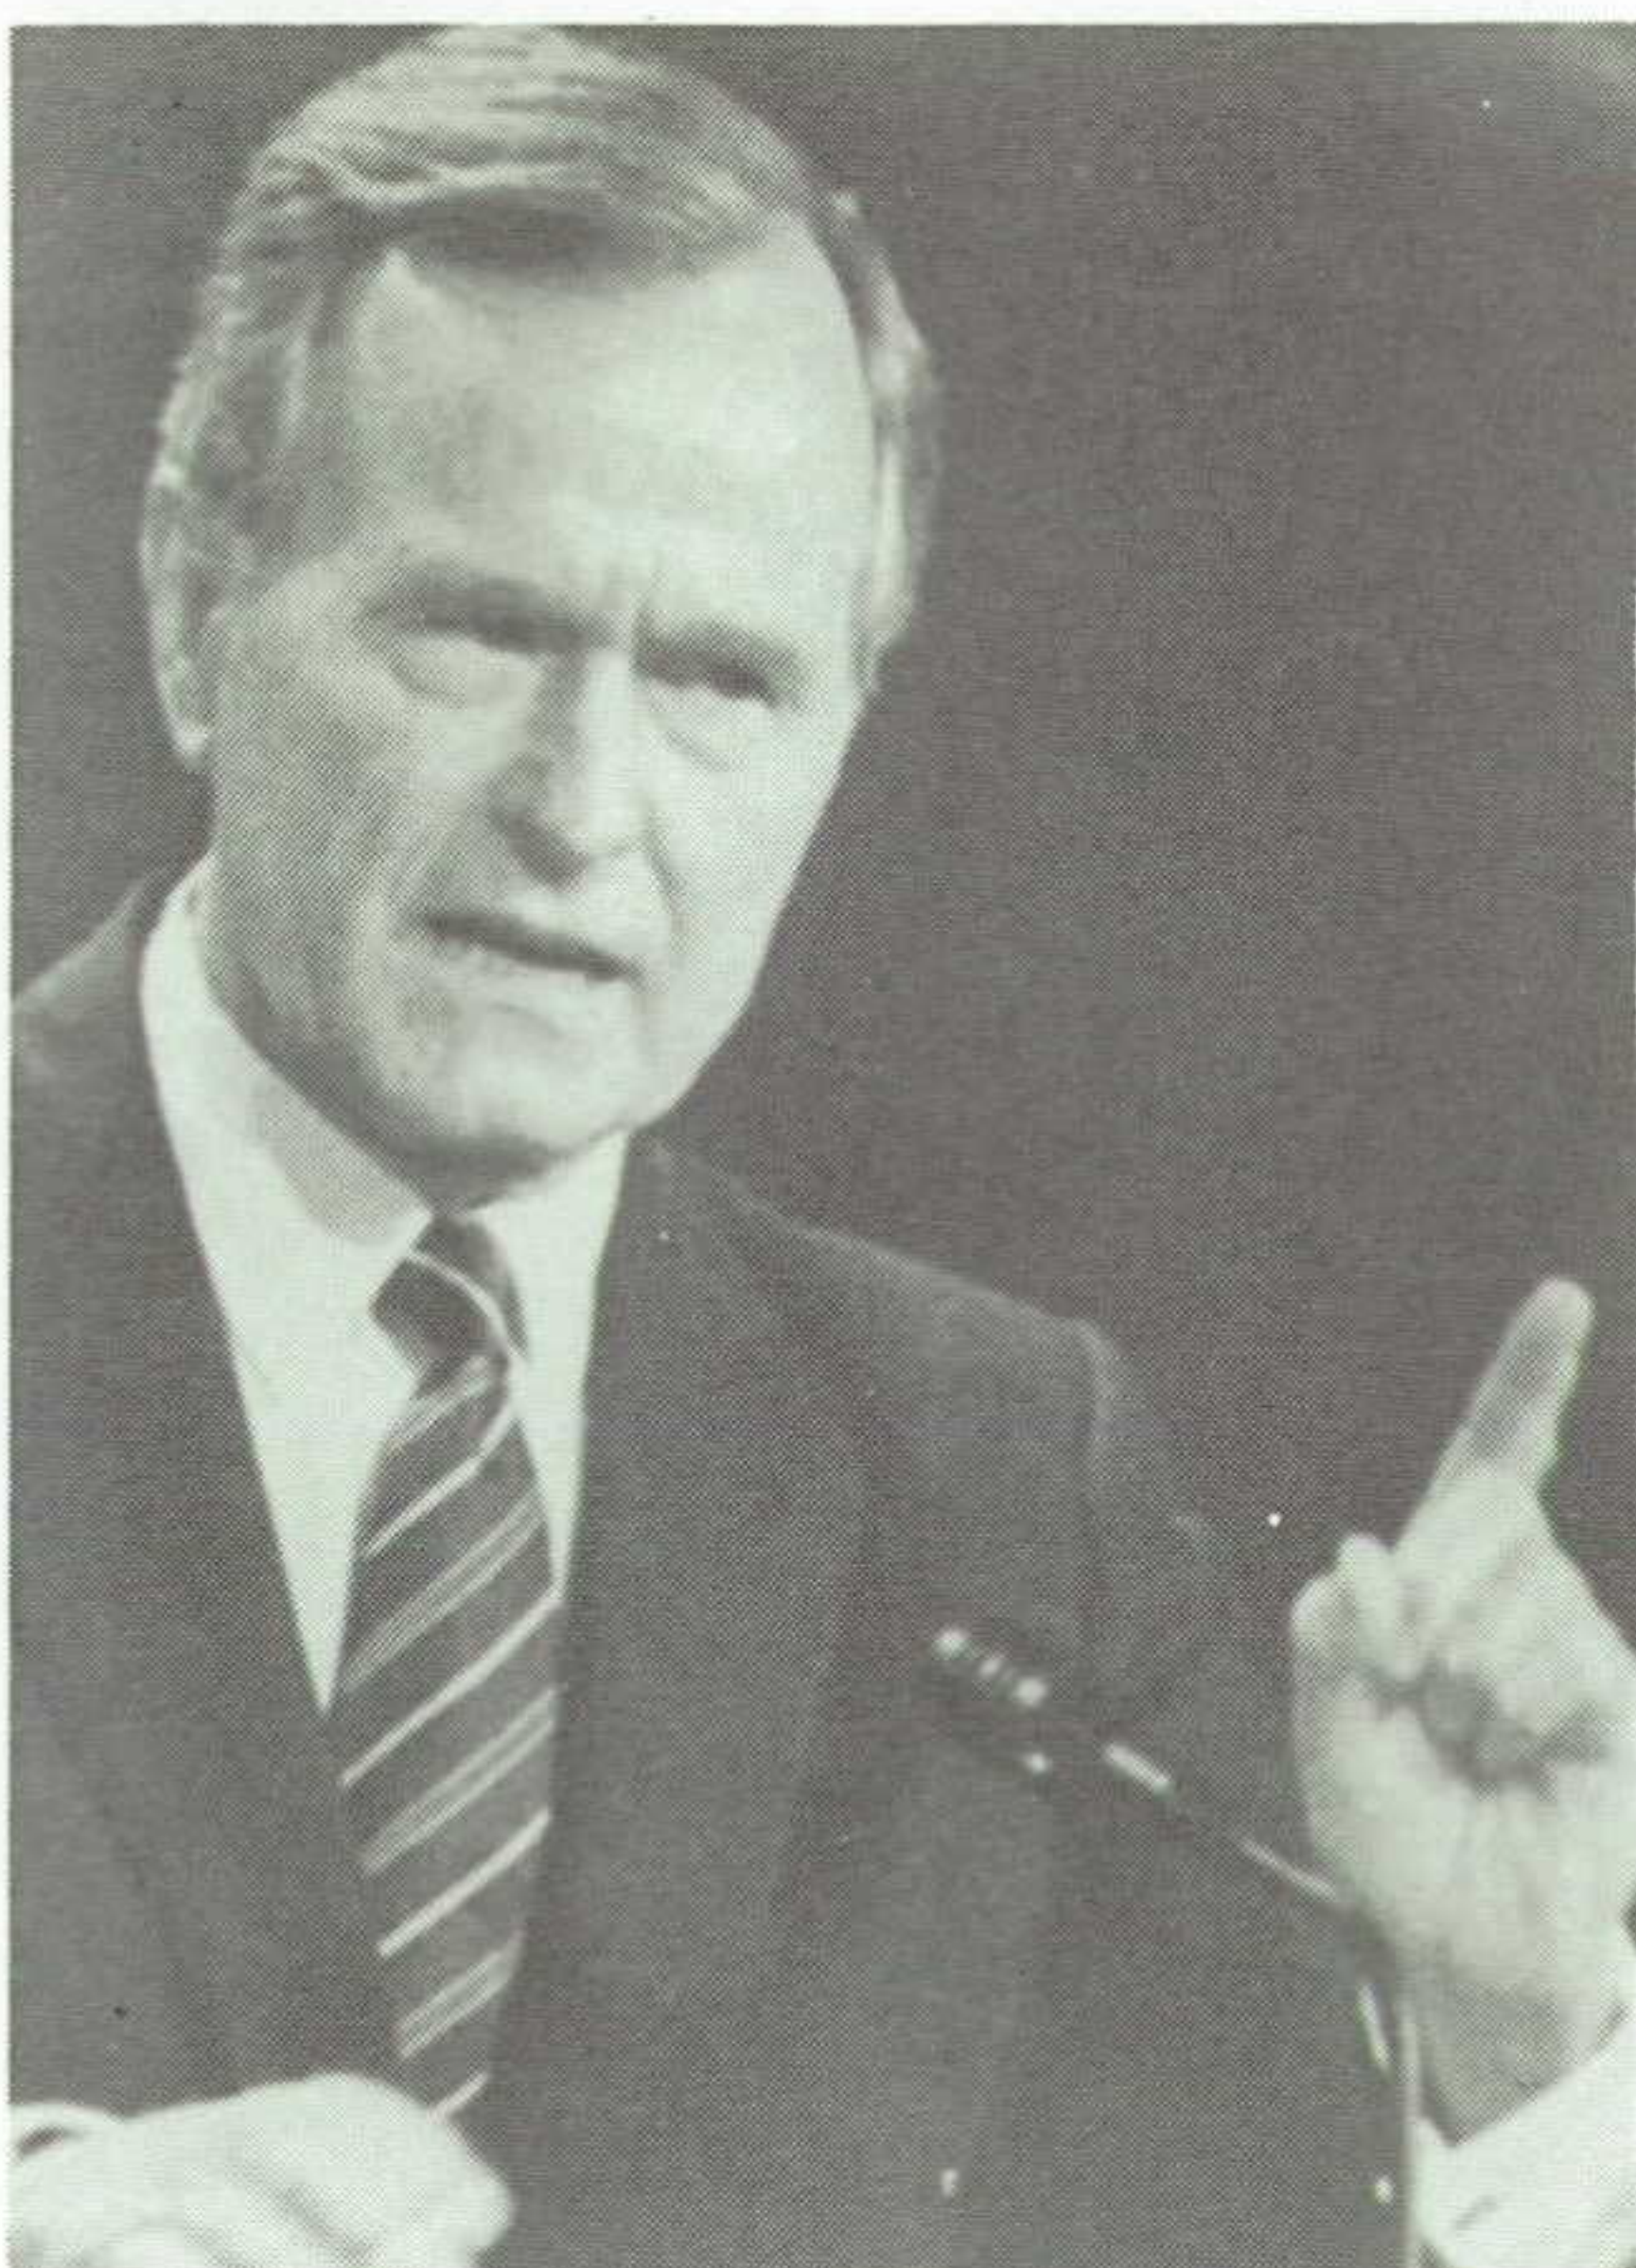

The environment also had contamination on more than 50 miles of New York beaches. The beaches were closed because of debris washing to shore, including hospital wastes of syringes and blood vials.

The public's attitude has been changing since the early 1980's. During April of 1988, a federal law was passed banning smoking on all U.S. scheduled airline flights of two hours or less. Surgeon General C. Everett Koop mailed a brochure called "Understanding AIDS" to 107 million households. The brochure informed the public of the dangers of AIDS (acquired immune deficiency syndrome), the ways it is transmitted, and the ways of avoiding the disease. Billions of dollars are being spent each year on research for a cure, but no breakthrough has been discovered.

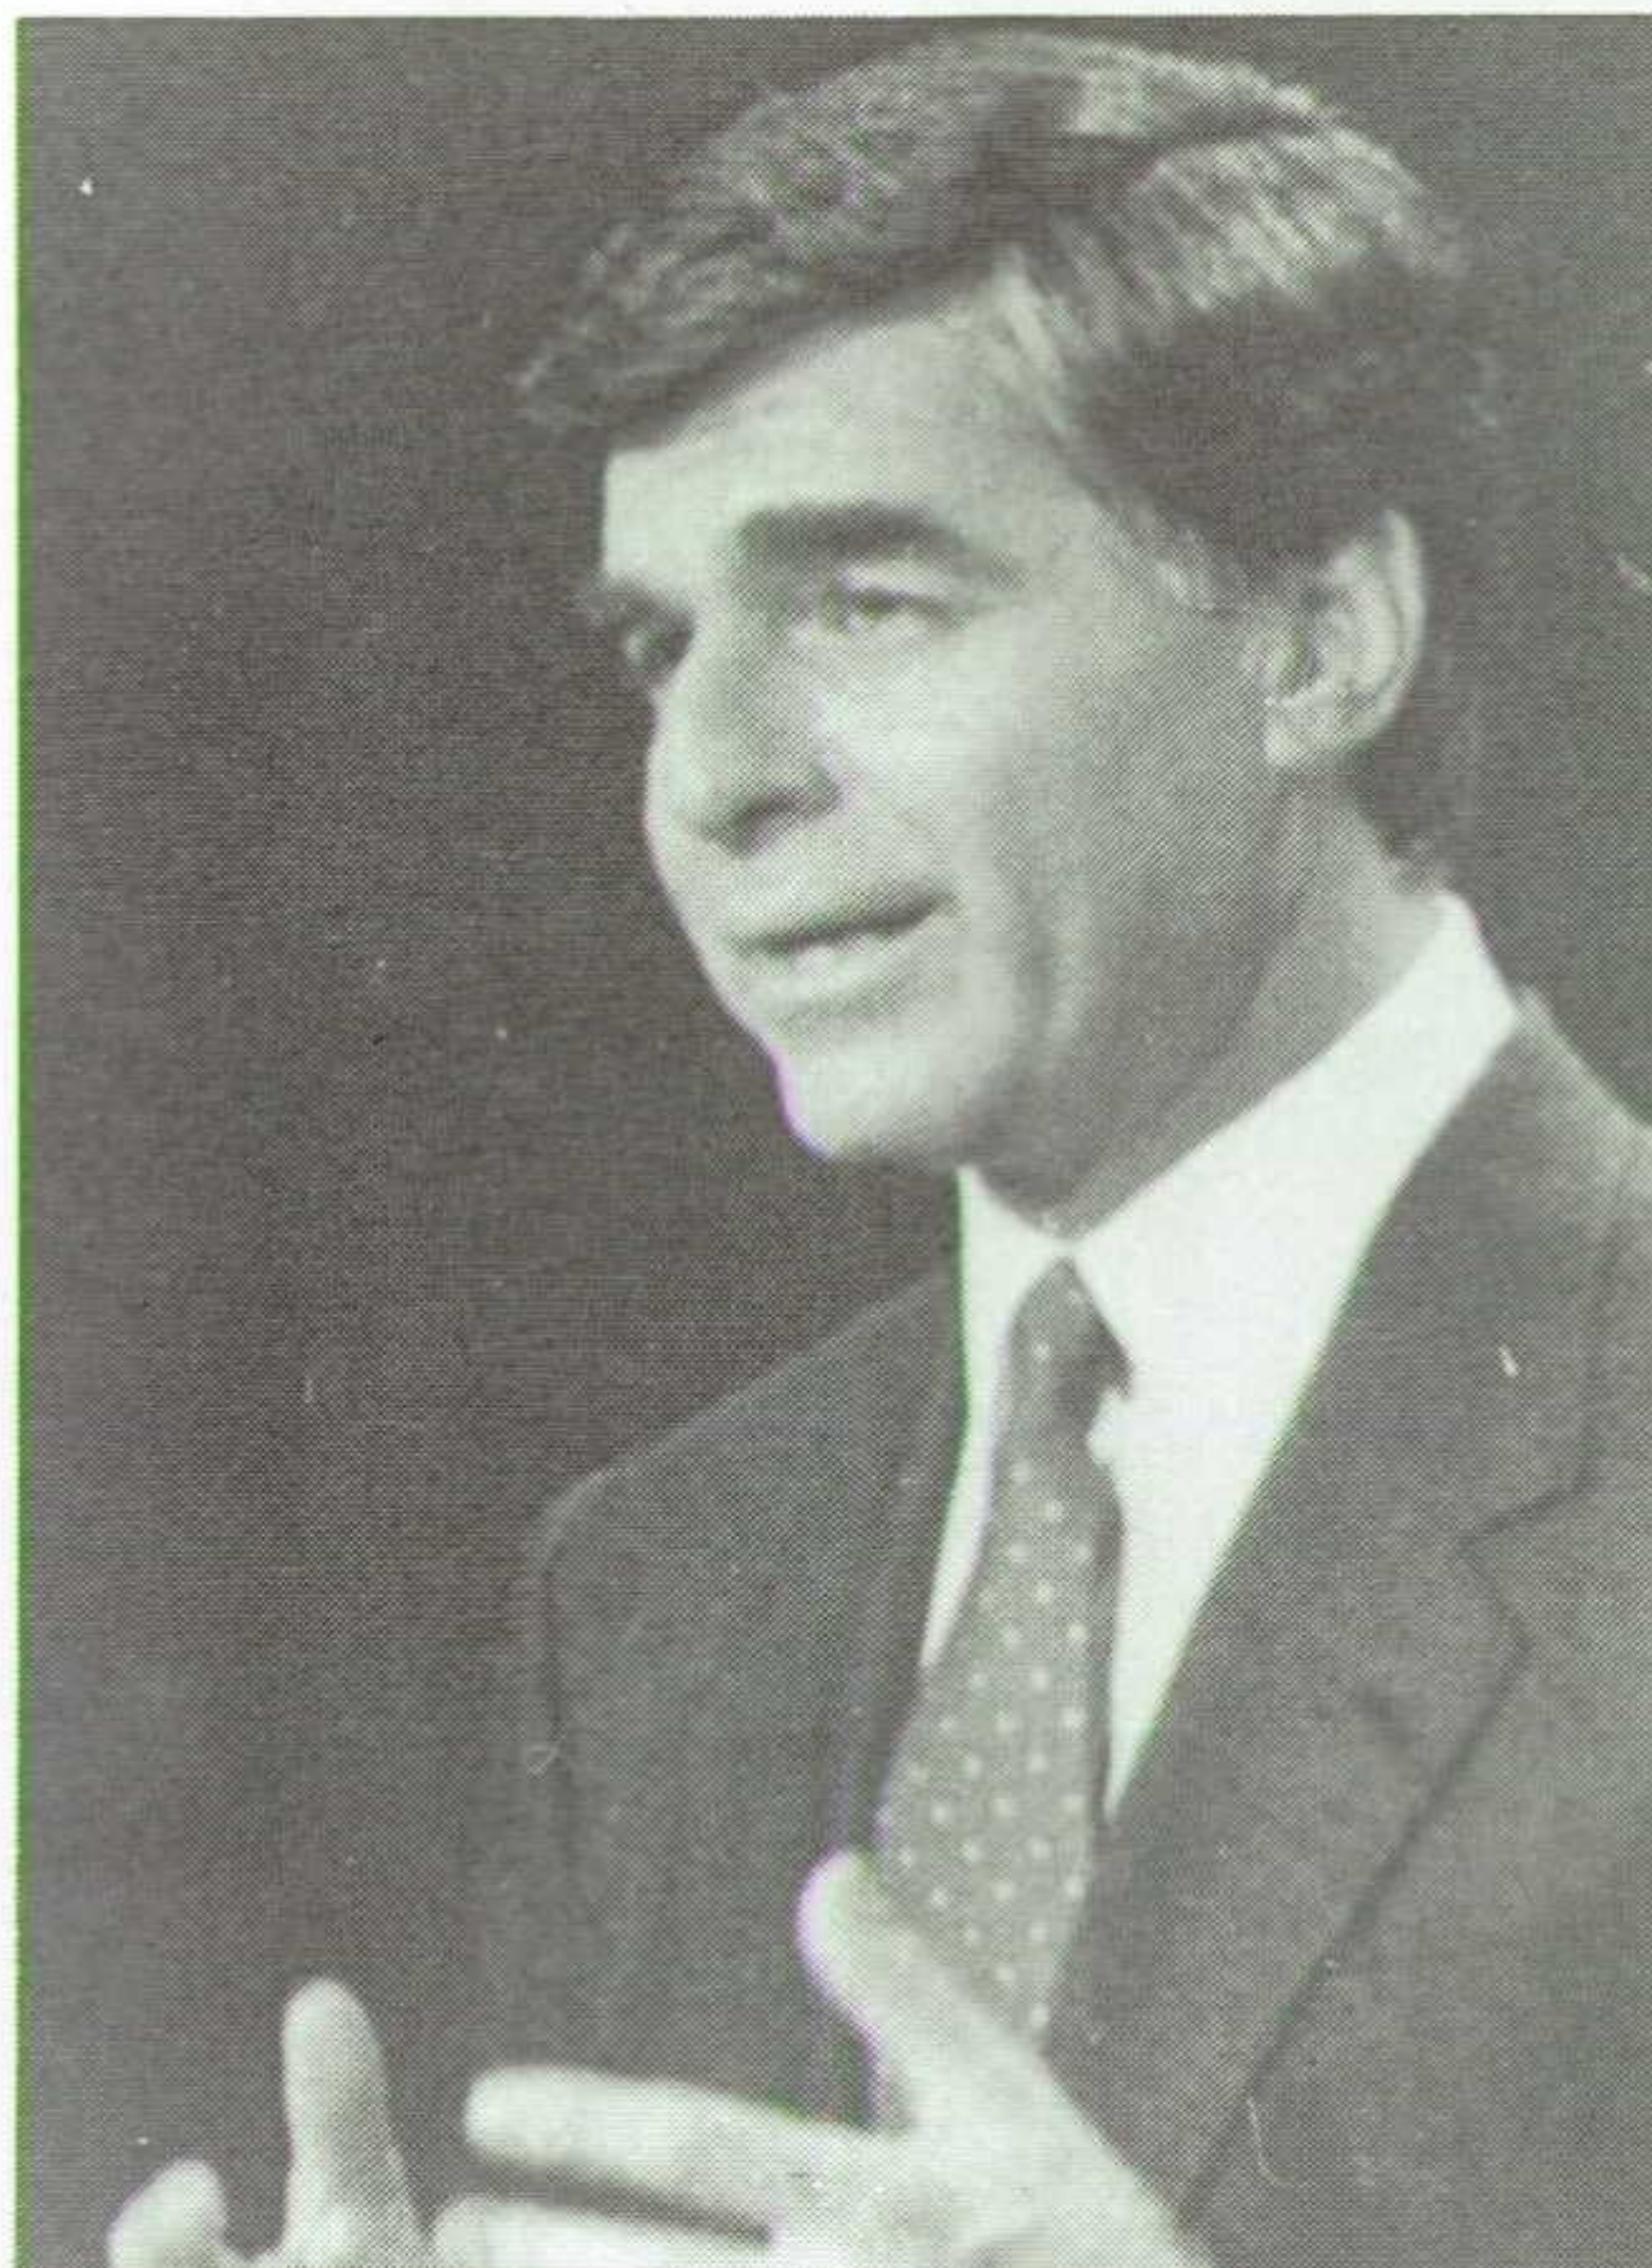

The year of 1988 also saw the gathering of the world's athletes for the 24th Summer and Winter Olympics. The Winter Olympics were held in Calgary, Alberta, Canada, where the U.S. won six medals. The American heroes for the winter games were figure skater Brian Boitano and speed skater Bonnie Blair, who both earned gold medals. At the Summer Olympics, the world's best woman athlete, Jackie Joyner-Kersey, set a world record in the heptathlon and also won the long jump to capture gold for the United States. The summer games were held in Seoul, Korea.

The interest of watching professional and collegiate sports has been a favorite pastime for young and old alike. In professional football, the Super Bowl teams were the Cincinnati Bengals and the San Francisco 49ers. Super Bowl XXIII was held in Miami, where San Francisco won 20 to 16. In the major league baseball scene, the Los Angeles Dodgers squared off against the Oakland Athletics in the World Series. The Dodgers won 4

YEAR

of the first 5 games played to become the best team in baseball. Professional basketball had the Los Angeles Lakers and the Detroit Pistons going for the championship. The Pistons were known as "The Bad Boys of the NBA," because of their physical play and rough attitudes toward the game. The Los Angeles Lakers won the championship for the second year in a row, but Detroit forced the series into the best of seven games before coming up short. In hockey, the Edmonton Oilers faced off against the Boston Bruins in the Stanley Cup Finals. Edmonton won the series 4 games to 2. In college sports, Notre Dame was voted 1 in the nation for football, and the Kansas Jayhawks won 71-68 over the Oklahoma Sooners to win the NCAA basketball championship. Our home state Michigan Wolverines defeated the University of Southern California 22-14 to win the 1989 Rose Bowl.

In early spring, the candidates for president of the United States started campaigning across the country. The smaller and weaker candidates were forced out early because of financial problems and the lack of popularity. When March 8, 1988, arrived it was "Super Tuesday," the day when the southern states hold caucuses and basically decide the Democratic and Republican leaders in the election. The four Democratic candidates were Michael Dukakis, Dick Gephardt, Al Gore, and Jesse Jackson, and the Republicans were George Bush, Bob Dole, Jack Kemp, and Pat Robertson. Michael Dukakis was the Democratic winner on "Super Tuesday" and went on to be nominated at the Democratic National Convention held in Atlanta. He represented the Democratic Party for the remainder of the election. Vice-President

George Bush came out the Republican victor on "Super Tuesday." In August, he was named the Republican nominee at the National Convention in New Orleans. The presidential candidates then went on to name their vice-presidential running mates. Democrat Michael Dukakis chose Lloyd Bentsen of Texas, and Republican George Bush selected Dan Quayle of Indiana. Both candidates campaigned across the country delivering their issues and debating twice on national television. When election day arrived, the voters went to the polls and voted the Republican Bush/Quayle ticket as the new President and Vice-President of the United States.

The past year had many events and situations that came to the in-

terest of everyone. The drought burned up crops all across the country, while scientists said it was caused by the greenhouse effect. Professional athletes competed to entertain millions across the nation, while athletes from all over the world came together in Olympic competition. The candidates for the presidency campaigned right up until election day. The many events of the world, nation, and community expanded the horizons of the students of BHS.

SPORTS. . .

Like Its Never Been Before

I think that sports are important because they give you something to be proud of, and they also make you more responsible.

-Chad Plaxton

Athletics are ordinary people with extraordinary determination.

-Kim Esquivel

I enjoy working with the girls varsity volleyball team. It's always nice when you have gals that are academically and athletically sound. This makes my job a little easier.

-Coach Lon Busch

Consider for a moment, what we achieve from athletics -- the sheer fun of playing -- the building of a healthy and alert mind -- stamina, courage, unselfishness, and most importantly, perhaps -- the will to win.

-Coach Rudy Godefroidt

I feel there is much more to coaching than the actual winning and losing aspect. As a coach, there is an opportunity to touch people's lives in a positive way, to make a difference with their future thoughts, to help them believe in themselves so they may strengthen possibilities of success in their lives.

-Coach Don Gleesing

Sports are a great part of high school. They give you the chance to meet all kinds of people, while having fun. Sometimes the friends you make in one sport are in another one you are in, which can lead to long friendships. Sports also prepare you for the competition of the oncoming world after you graduate.

-Corey Brown

BHS sports, there is nothing like it. It's hard to stand on the sidelines and watch your friends giving it their all.

-Jeff Breasbois

To me, being able to participate in athletics at BHS gives me an opportunity to go out and give 110% at the sports I like. Just being able to do my best and work to attain my goals leaves me with a feeling of accomplishment.

-Brian Kennedy

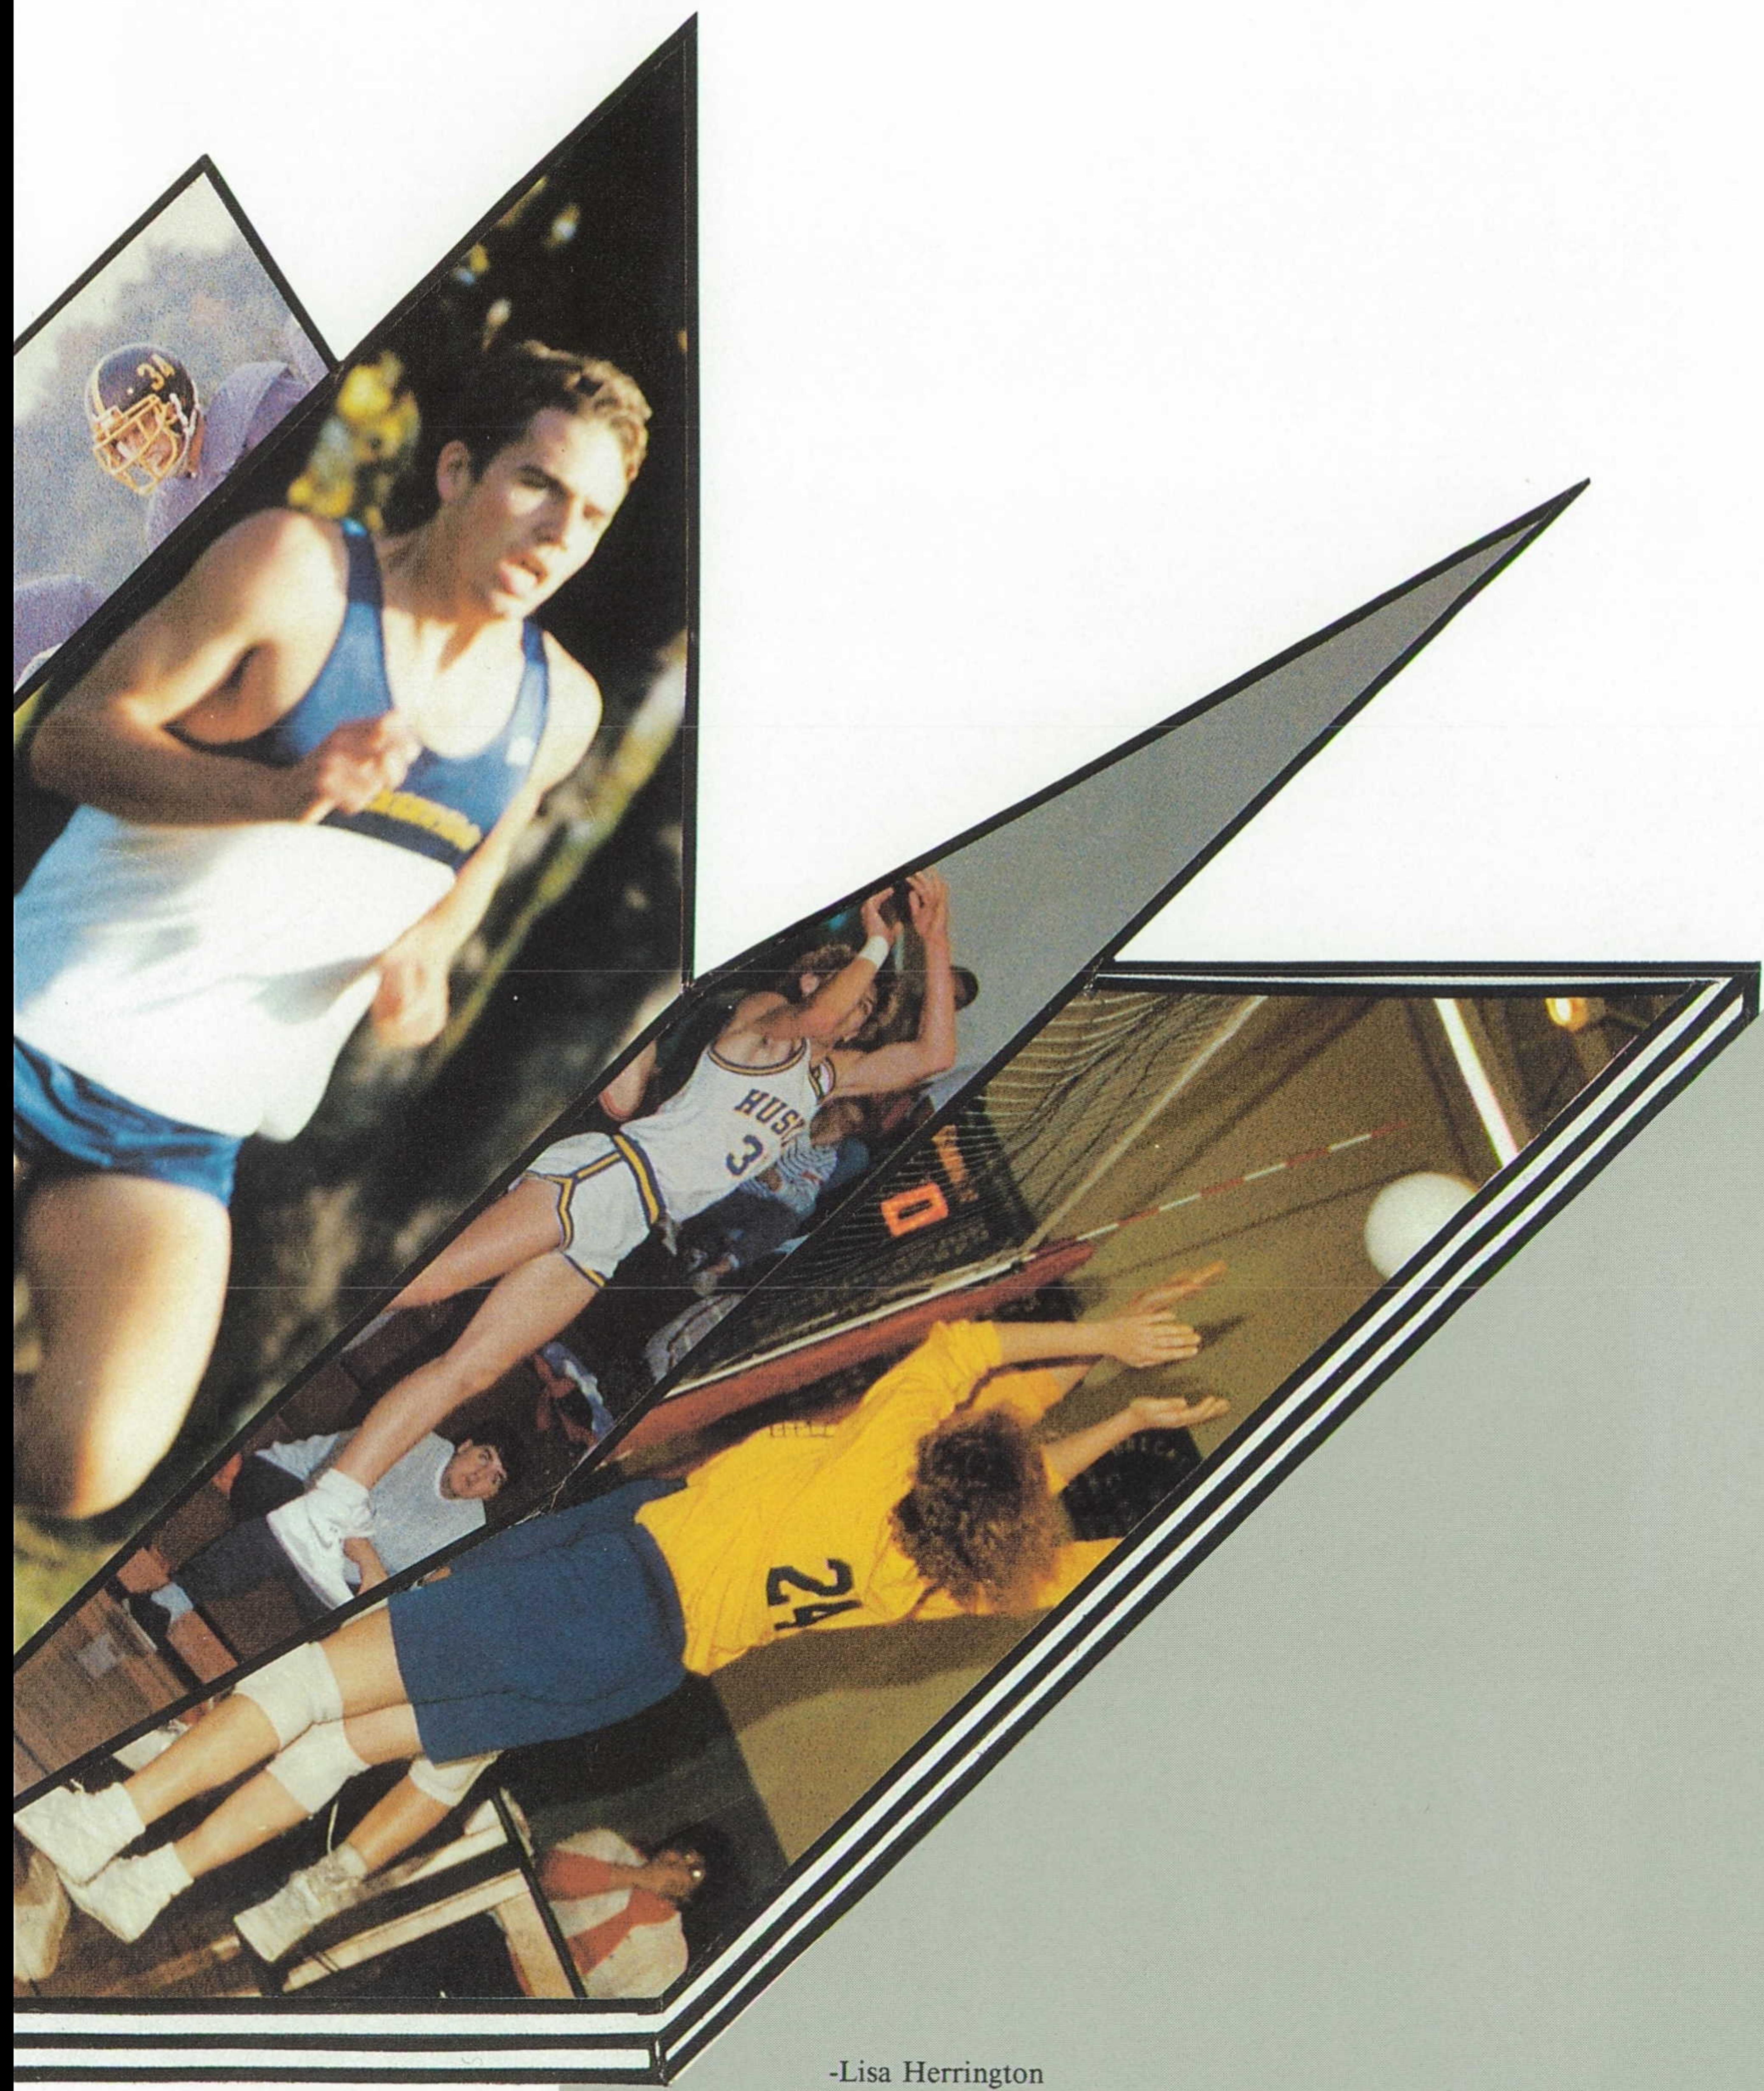

Participating in sports gives you an opportunity to interact with different people, to improve yourself, and to learn how to succeed.

-Darcy Gallihugh

To me the enjoyment of sports all depends on the coach. With my experiences playing football, wrestling, and baseball, I have benefitted from the leadership and guidance of my coaches. Sports are great, but even better with a good coach.

This past year, Breckenridge and three other schools from the CML joined with four other schools to form a new league. This new league is called the CSAA, which stands for Central State Activities Association. The CSAA is not just a sports league. The league is experimenting with other activities in more of an academic area. Ithaca had a debate in which two teams discuss topics of importance or things happening in the world. The team that gives the best argument wins the debate. Shepherd sponsored a science exhibition where teams get a project to do, and they have only so long to do it. They have to build the project using limited supplies then explain how it works. St. Louis held an instrumental music contest. The contest was judged on students' performances using instruments like the flute or drums. Montabella had an arts competition based on drawing and painting. Carson City-Crystal had a computer contest that had exercises done on a computer. Central Montcalm held a language arts writing competition. Students would write about things in three different areas- essay, poetry, or short stories. Lakeview held a model United Nations assembly. At this assembly students would pretend to be a representative of an-

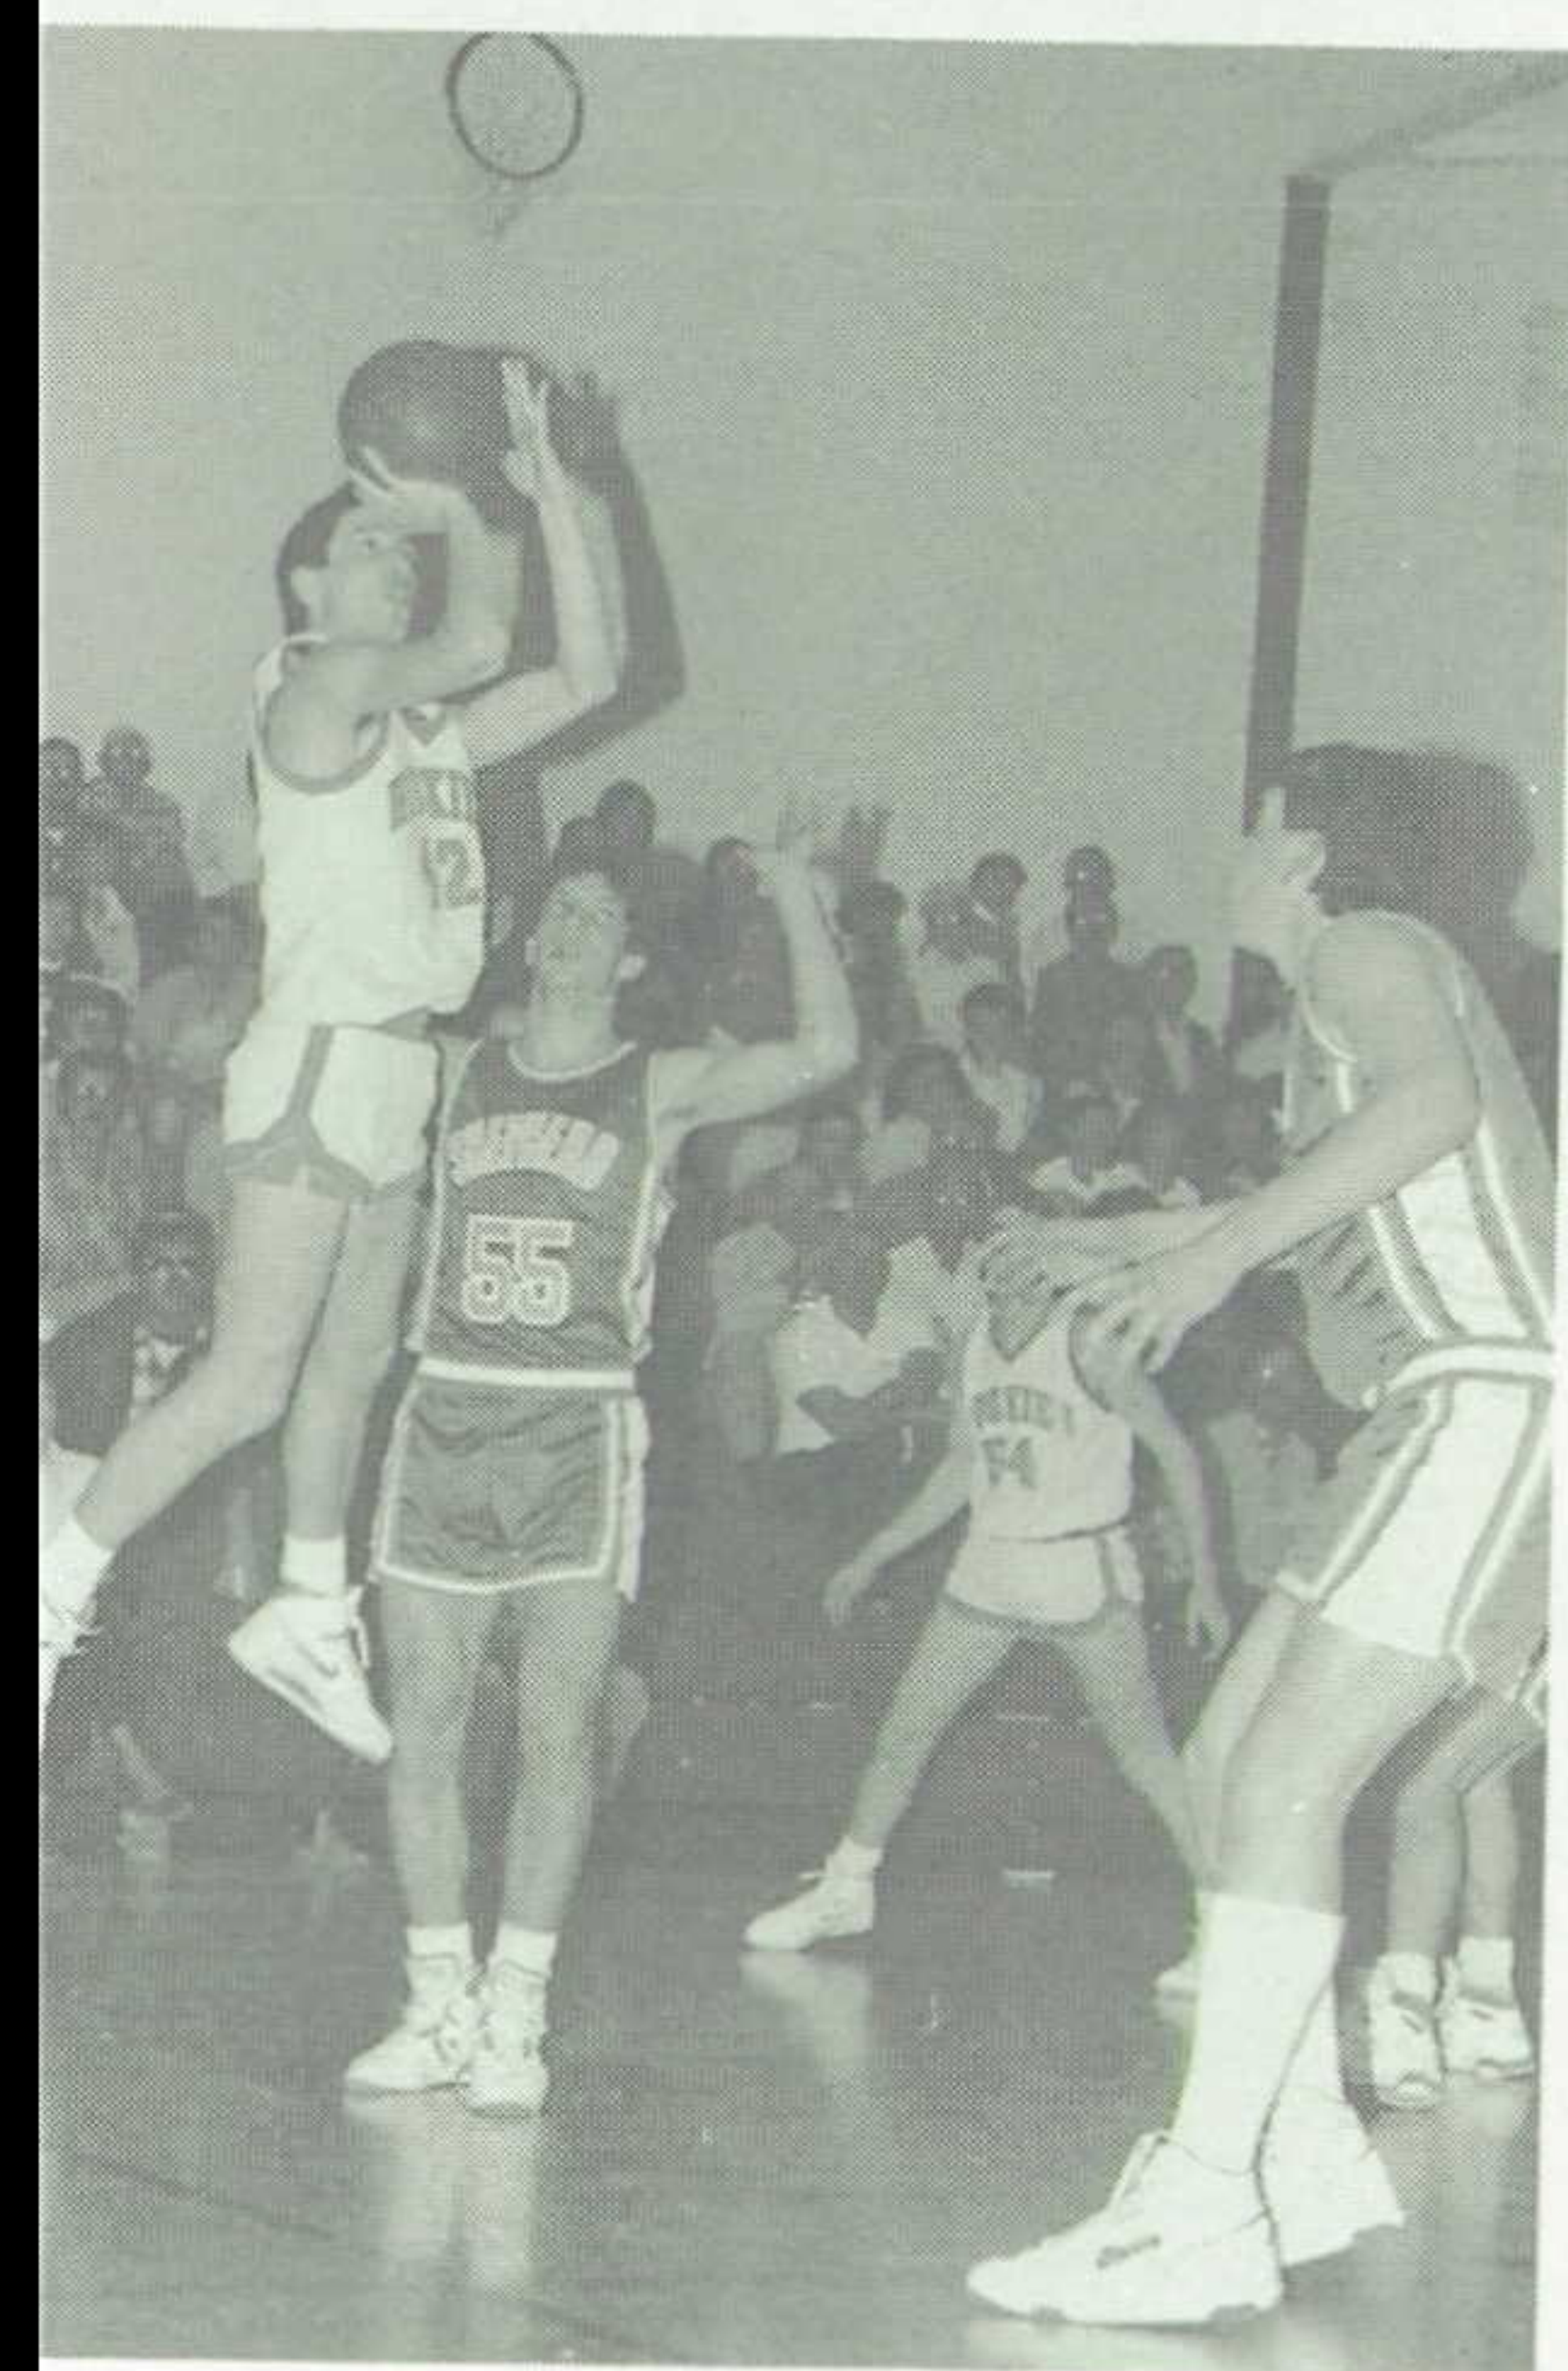

other nation. They would get together and try to solve the problems of the world. Here at Breckenridge a quiz bowl competition was held. In quiz bowl there are two teams consisting of four people receiving all sorts of different questions. When a person off either team knew the answer, they would hit their buzzer and answer. If that person got the answer right, his or her team would receive points. The team with the most points at end of a certain time would win.

Breckenridge has enjoyed a successful year in sports and in the other activities of the new league. Breckenridge's quiz bowl team received a fourth place finish. Melissa Powell came in first place with her essay in the language arts competition. Because of Melissa's essay, she also was named to the All-League Language Arts Team. In the fall Breckenridge held a cheerleading competition in which our J.V. squad received a first place finish. Though Breckenridge had lots of success, this success can not be compared to the experience it has gained from joining a new league and getting the opportunity to start new activities.

Touch Downs and Experience On the Rise

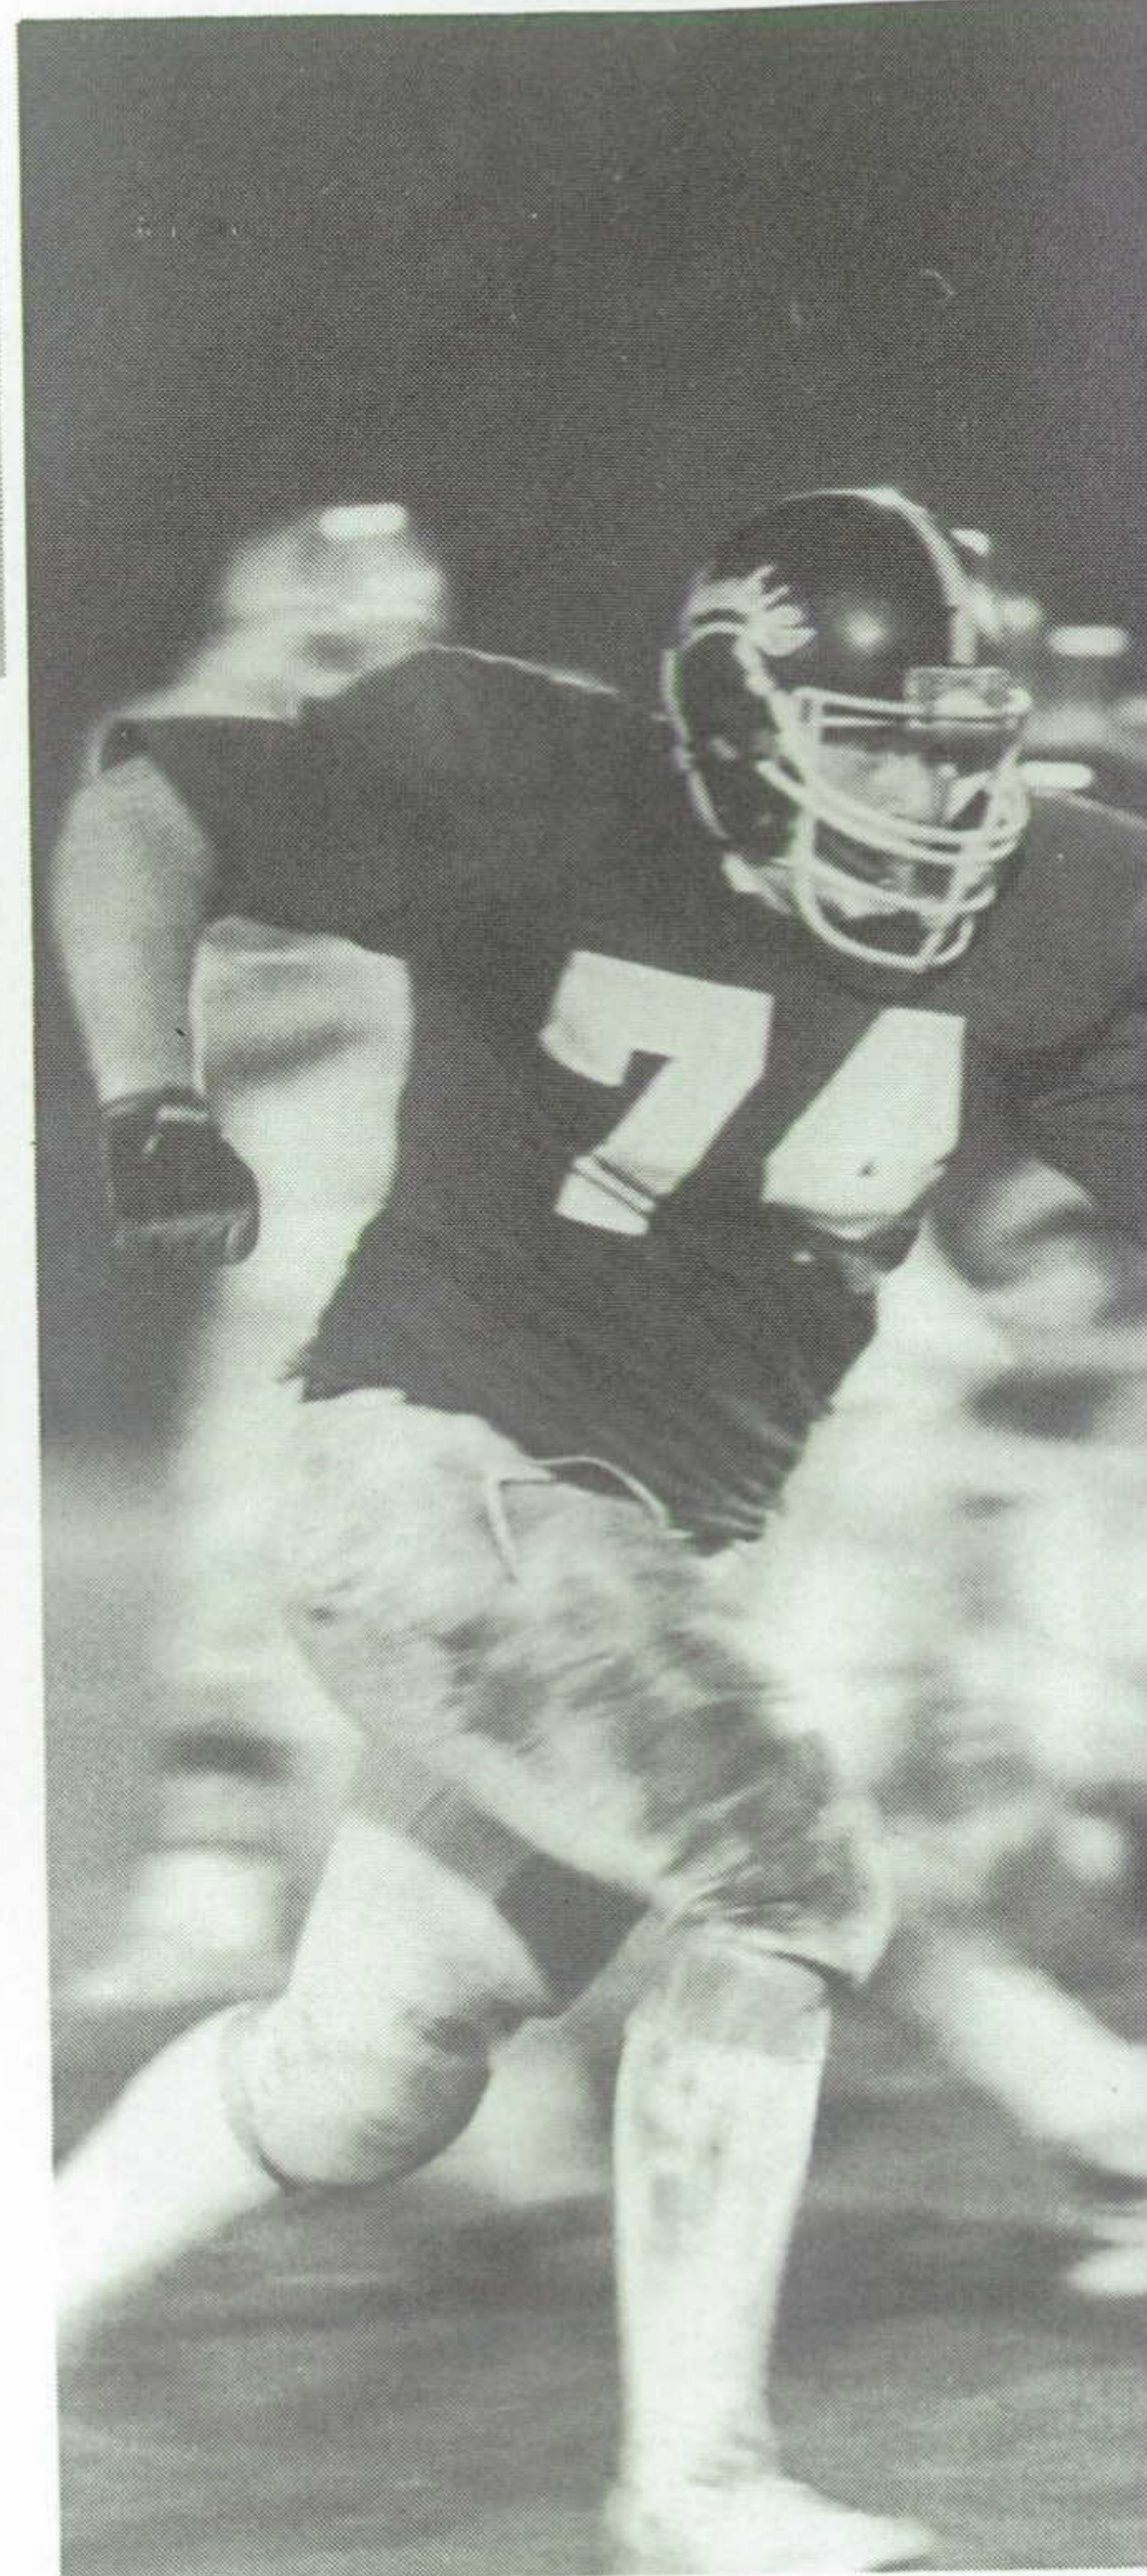

Touch downs and experience were on the rise during the football season. Winning on their home field with Lakeview and against rival Merrill proved to be the highlights for the Huskies season. Struggling to establish a winning tradition, the team worked hard to accomplish personal goals.

Rich Sanchez was chosen as M.V.P., and Chris Perkins was voted as M.I.P. Jason Whiting, Mark Seward, and Rich Sanchez received honors on the new CSAA All League Team.

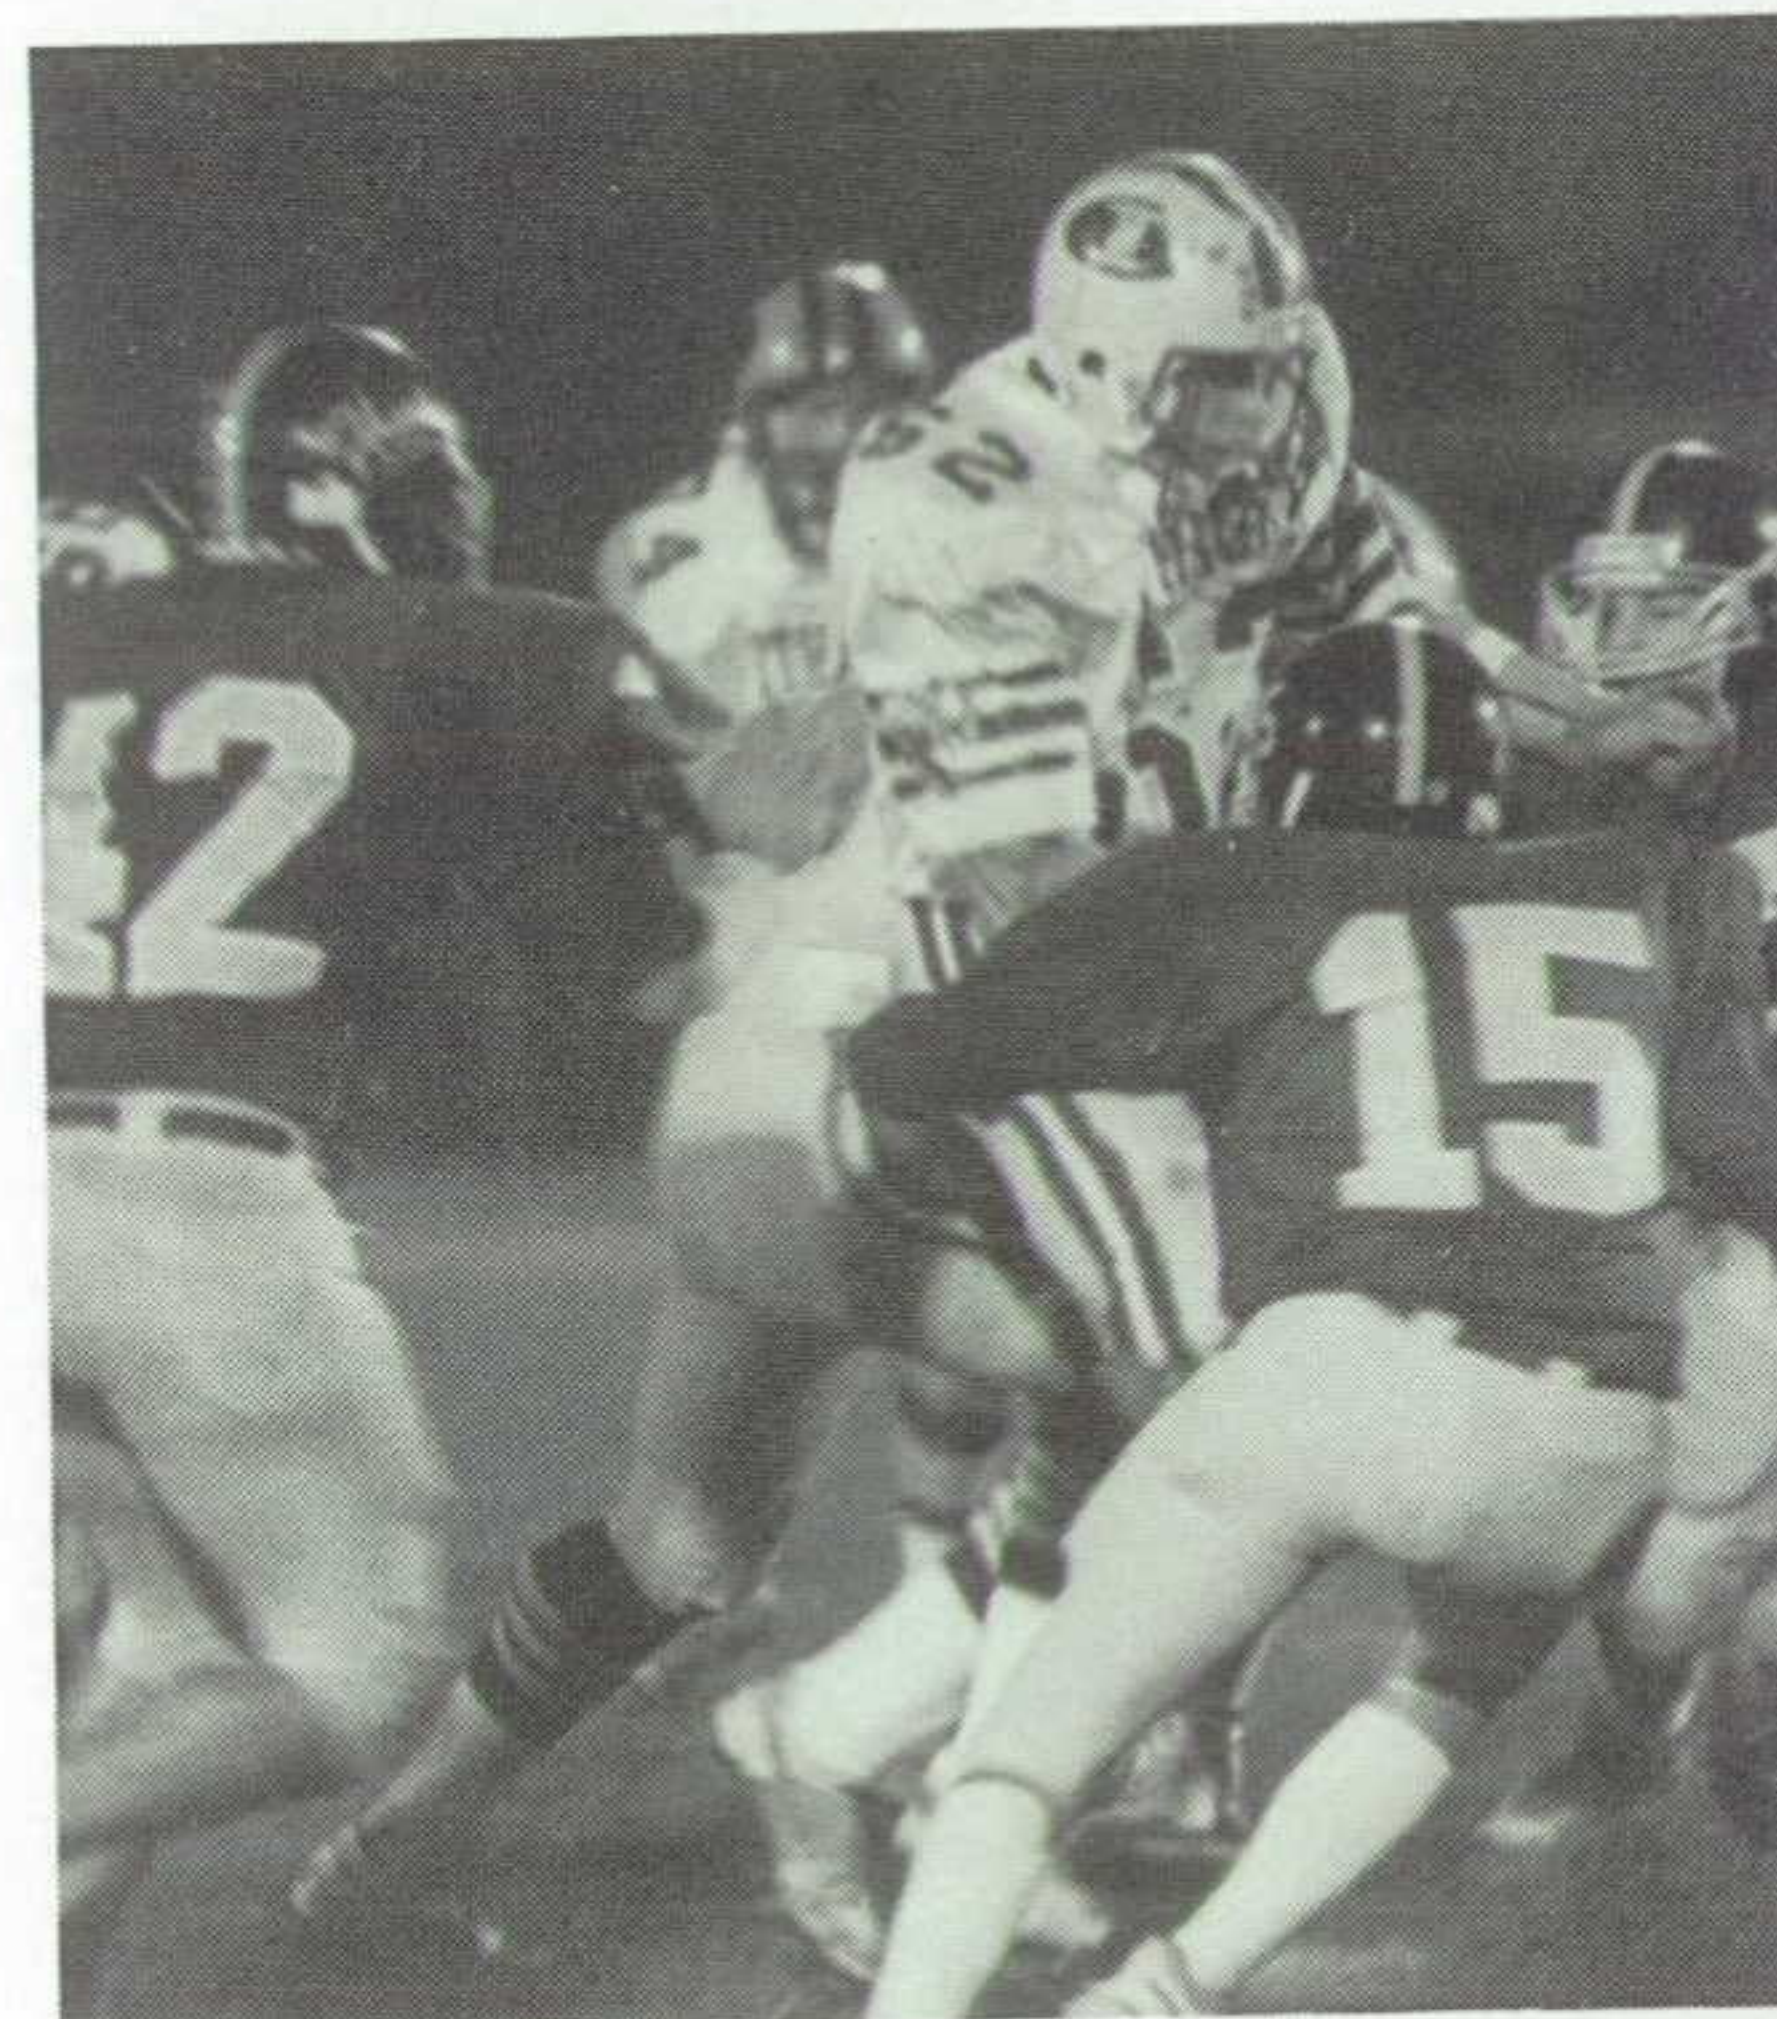

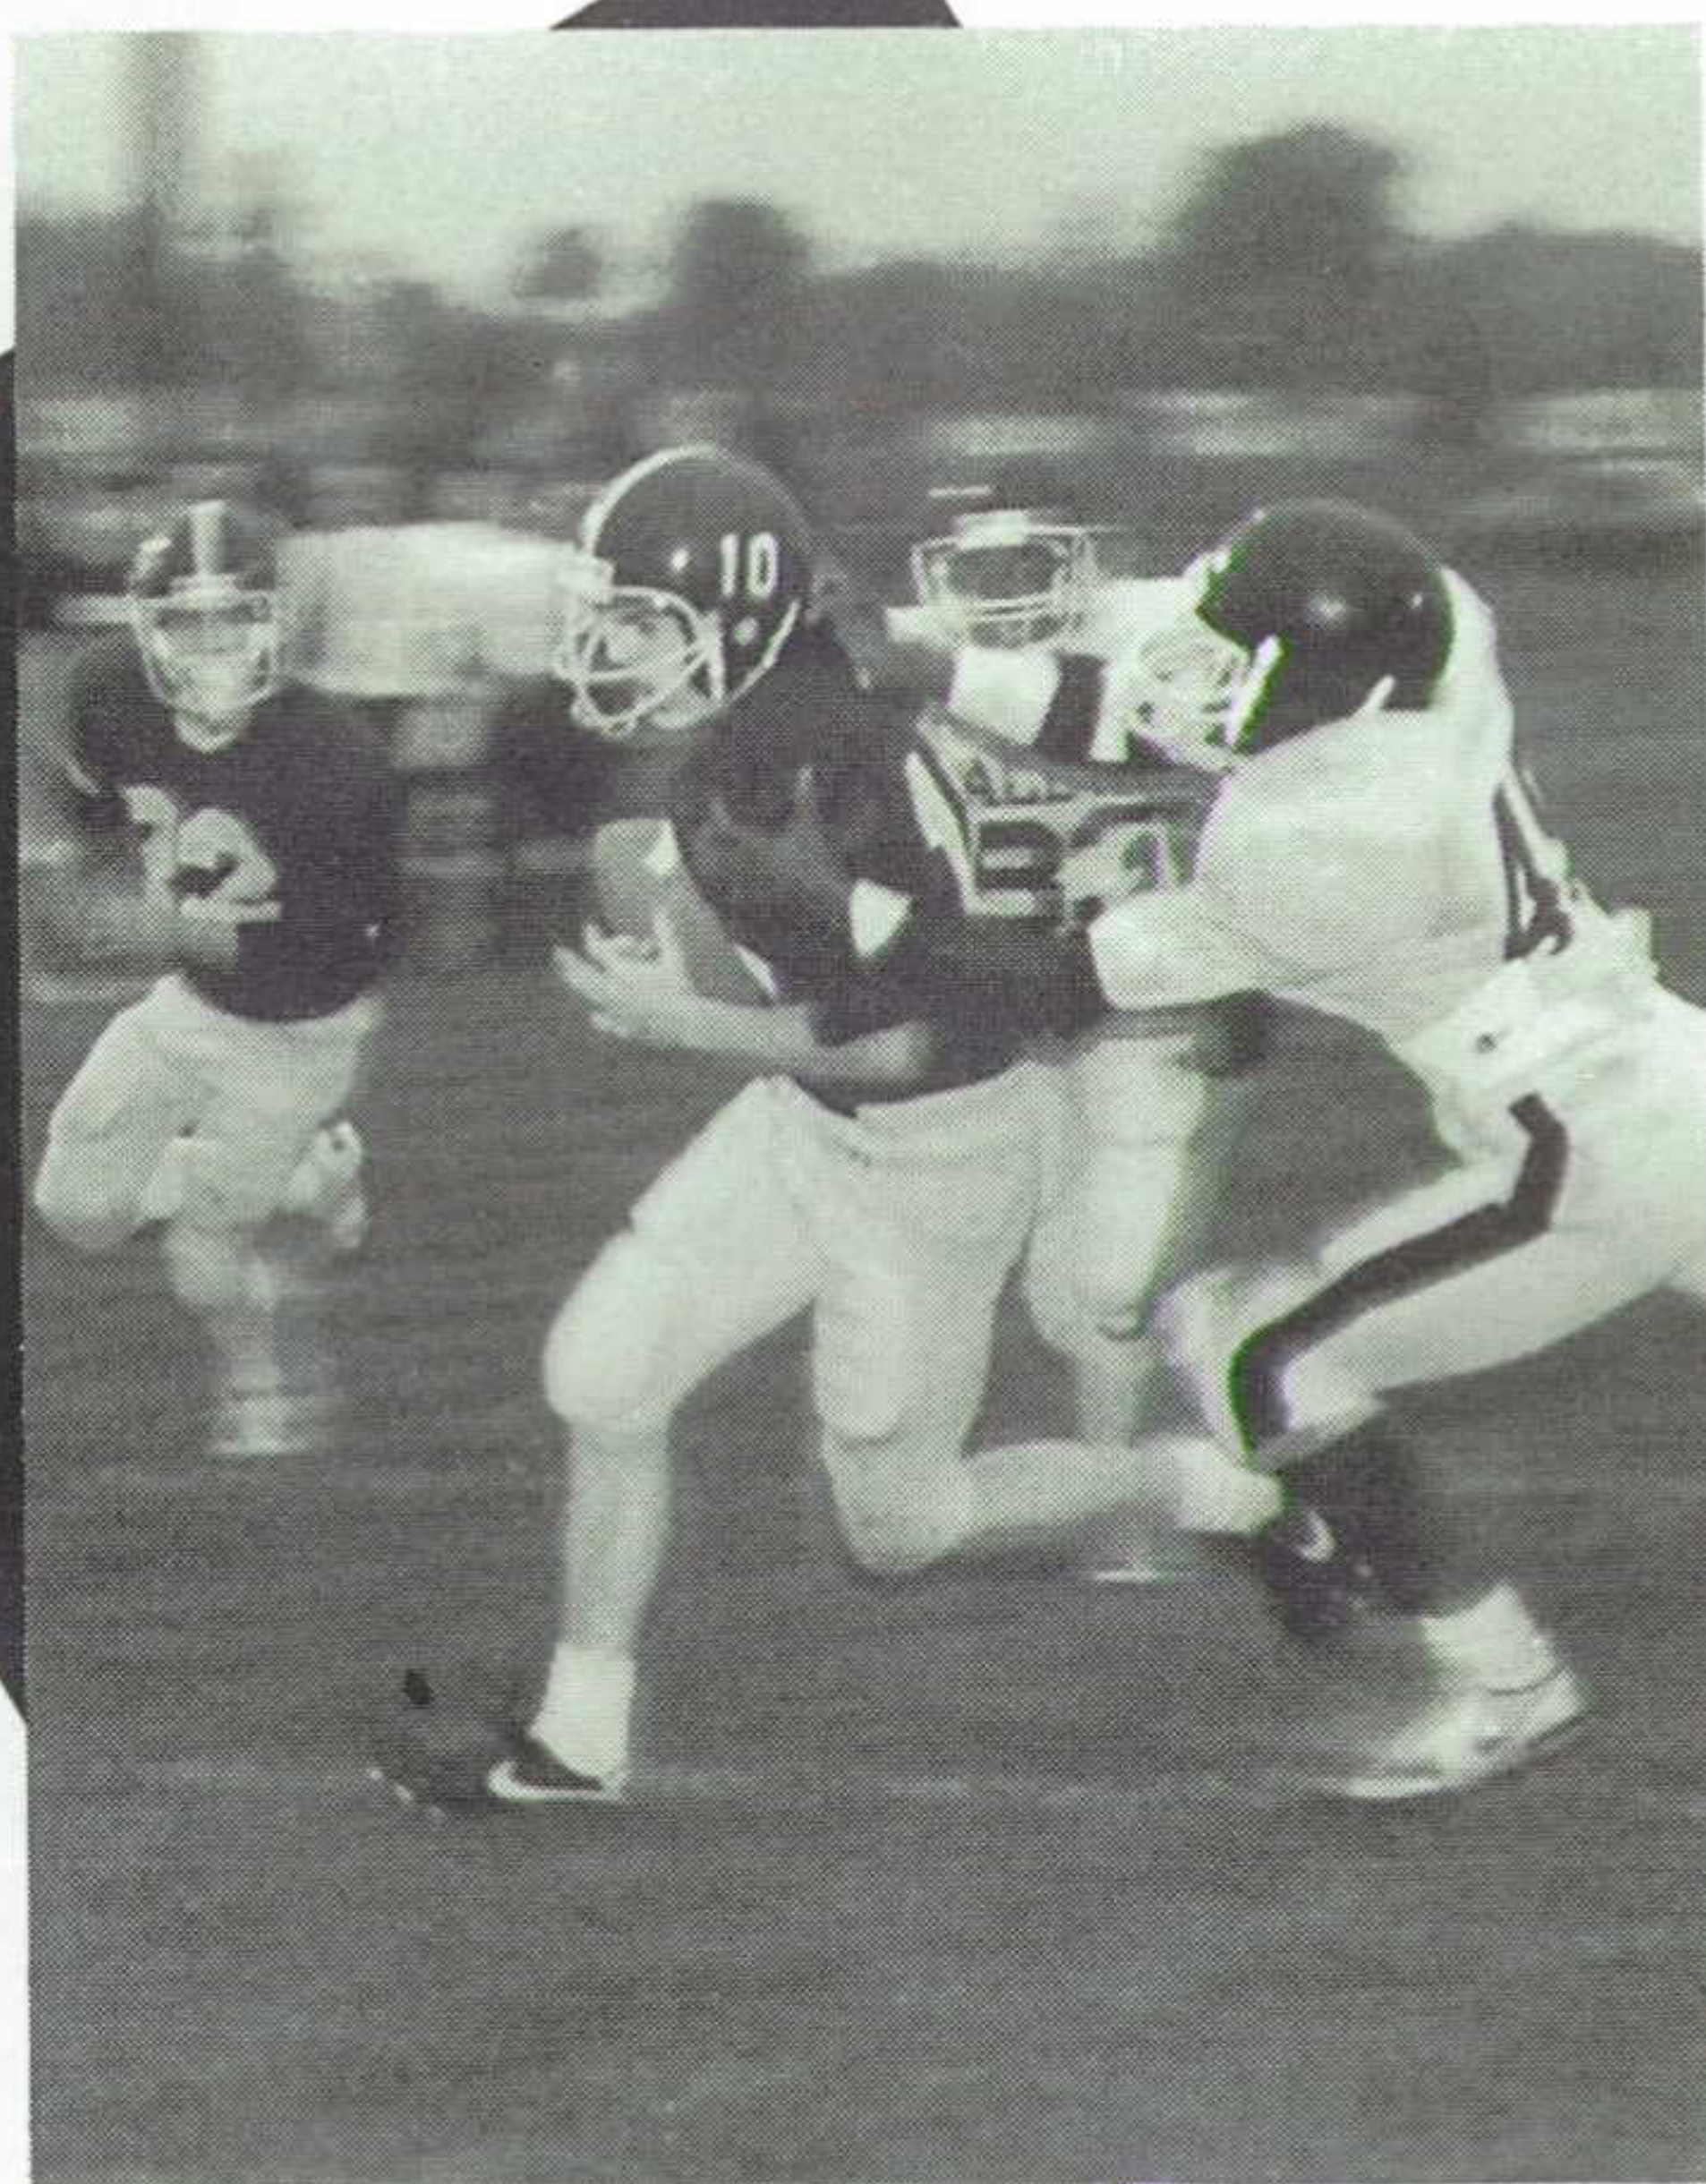

Mark Seward and Rich Sanchez commented on the season, "Even though we didn't have a winning season, we feel that the team accomplished many goals that were set at the beginning of the year. One of the goals was never to give up, and the team feels that they never did."

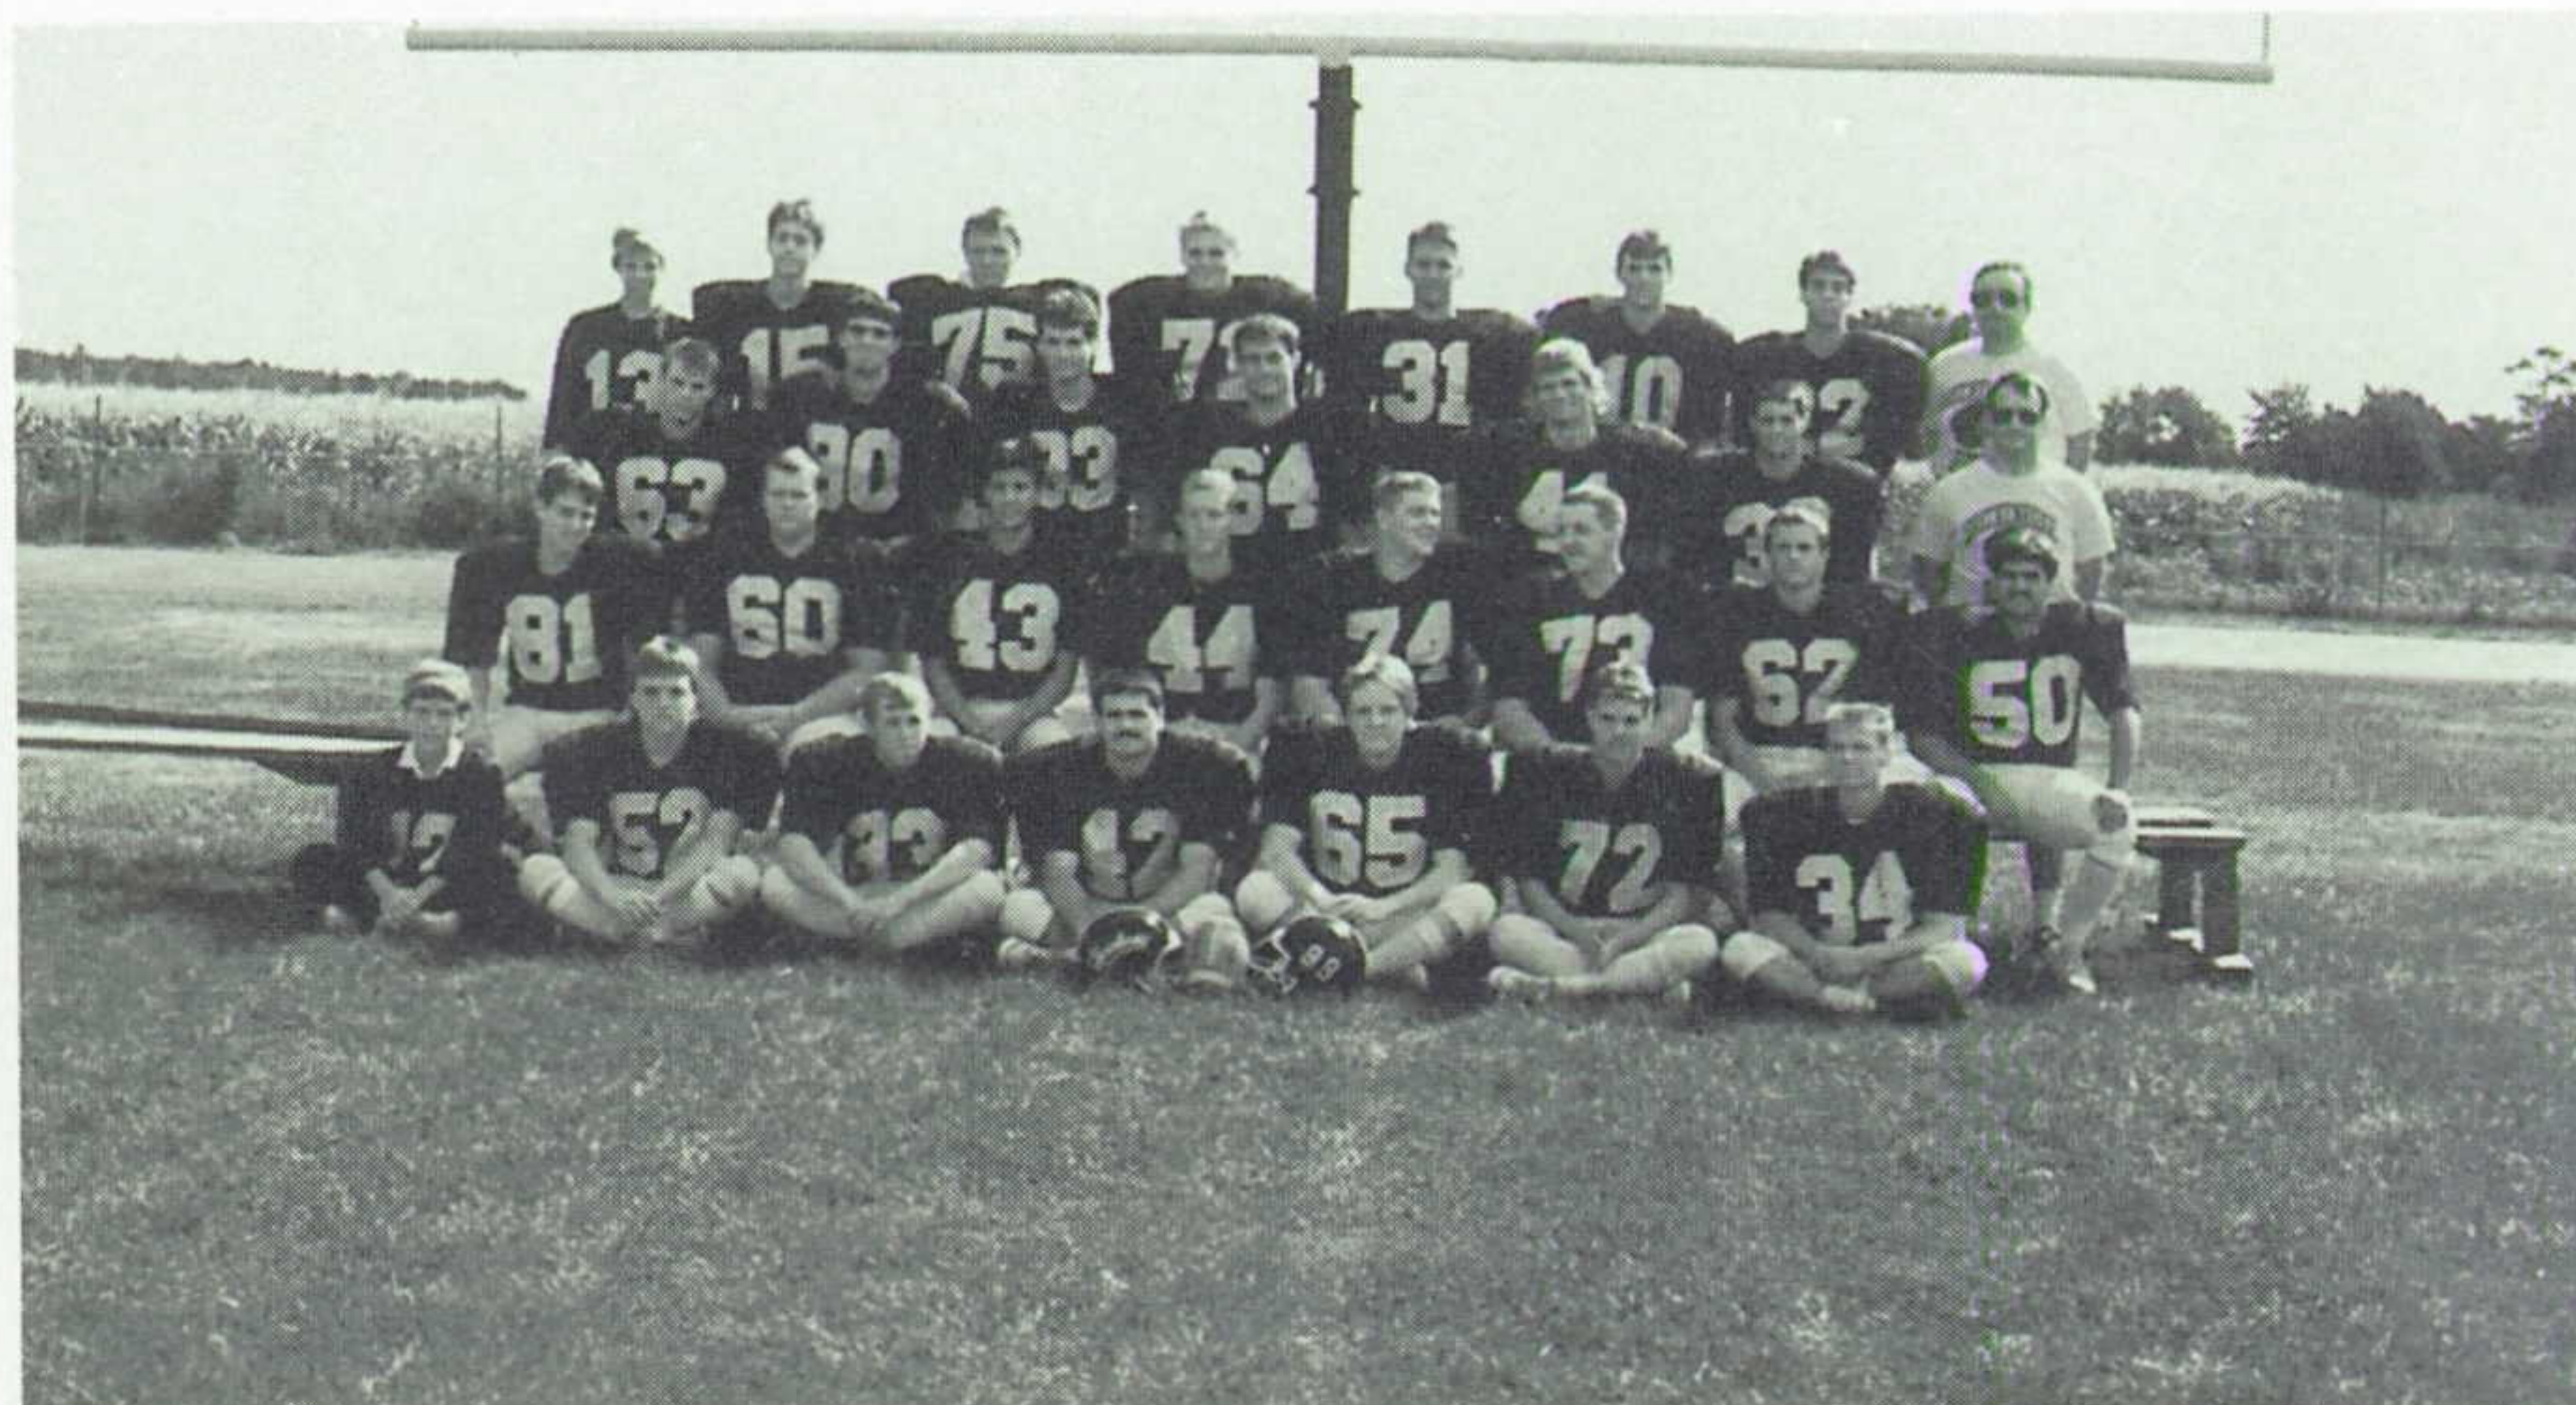

Lead blocker, Jason Whiting provides Mark Seward with the protection needed to gain valuable yardage. Their leadership was evident in Mark's 664 yards rushing and in Jason's making First Team All League Selection.

Steve Smith scrambles for extra yardage to gain a Huskie first down. Along with passing, his season was highlighted with several long yardage runs.

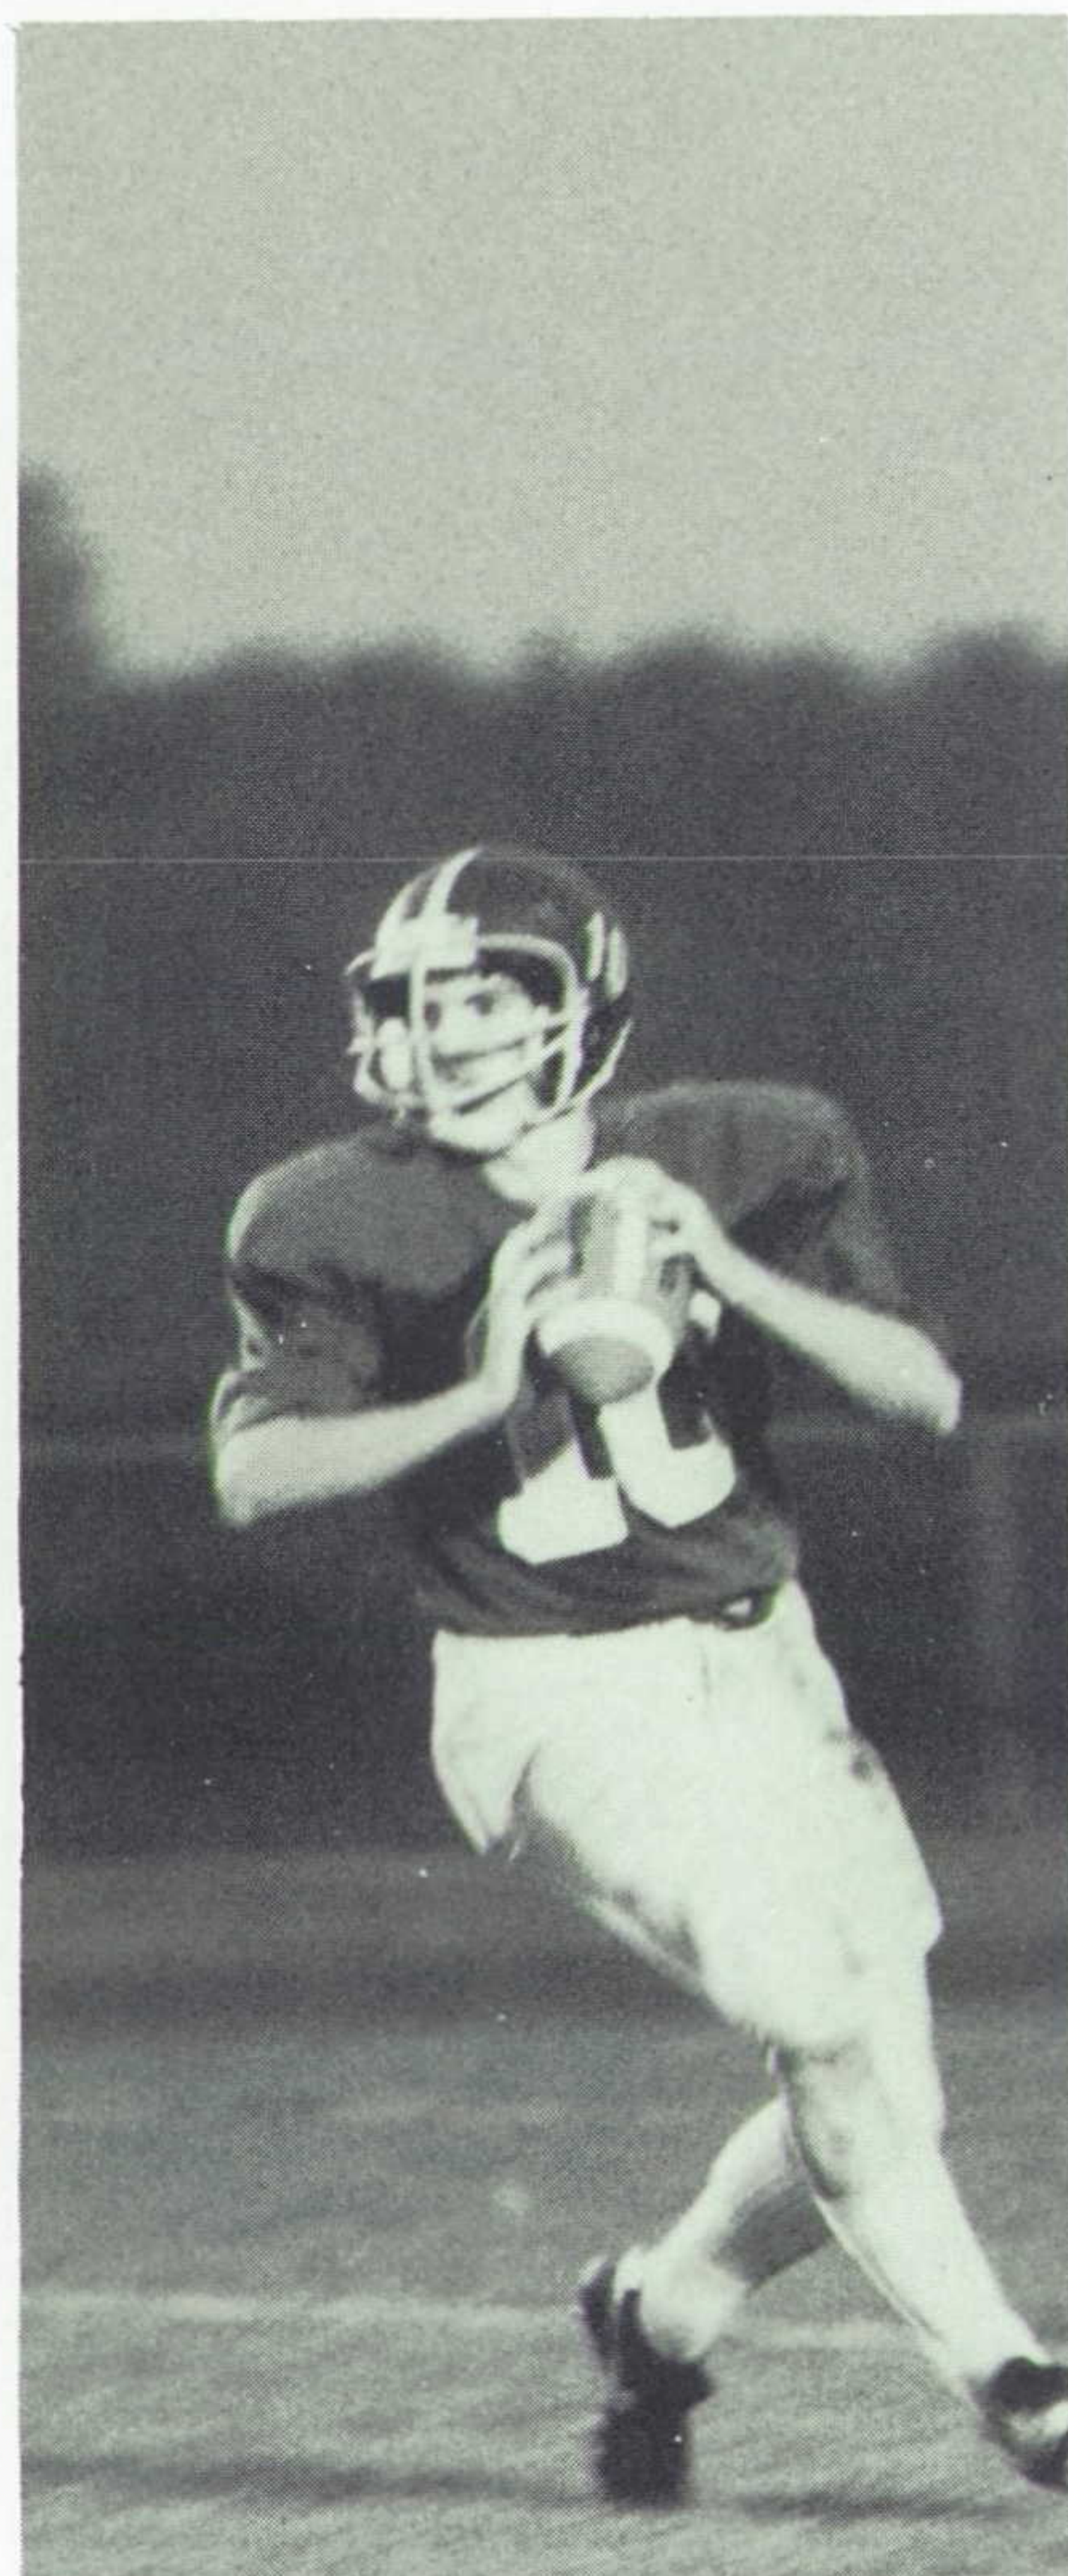

Kirk Croff and Jamie Buchanan tackle Ithaca's running back. A strong point of the team was their goal line defense.

Jason Whiting pulls for a lead block around the right end. The offensive line's intensive blocking proved to be a valuable factor in many games.

Go for Par

The arrival of the CSAA brought a new face to the Huskie golf team. After all the divots were replaced, the BHS golfers posted a 5-9 league record and a 6-11 overall record. A sixth place finish in the first CSAA league meet and fifth in the final standings earned the team its best finish ever.

The main reason for the much improved record of the Huskies was the return of six letter winners, all shooting consistently in the forties. The Huskies had a very well balanced attack with a different medalist nearly every meet. Nevertheless, the team could always count on their M.V.P. and co-captain for two years running, Corey Brown. Plenty of additional support came from co-M.I.P.'s, Jason Ostrander and Trent English, who will be returning next year.

Along with the many individual and team successes came a milestone for Coach Redes. The golfers

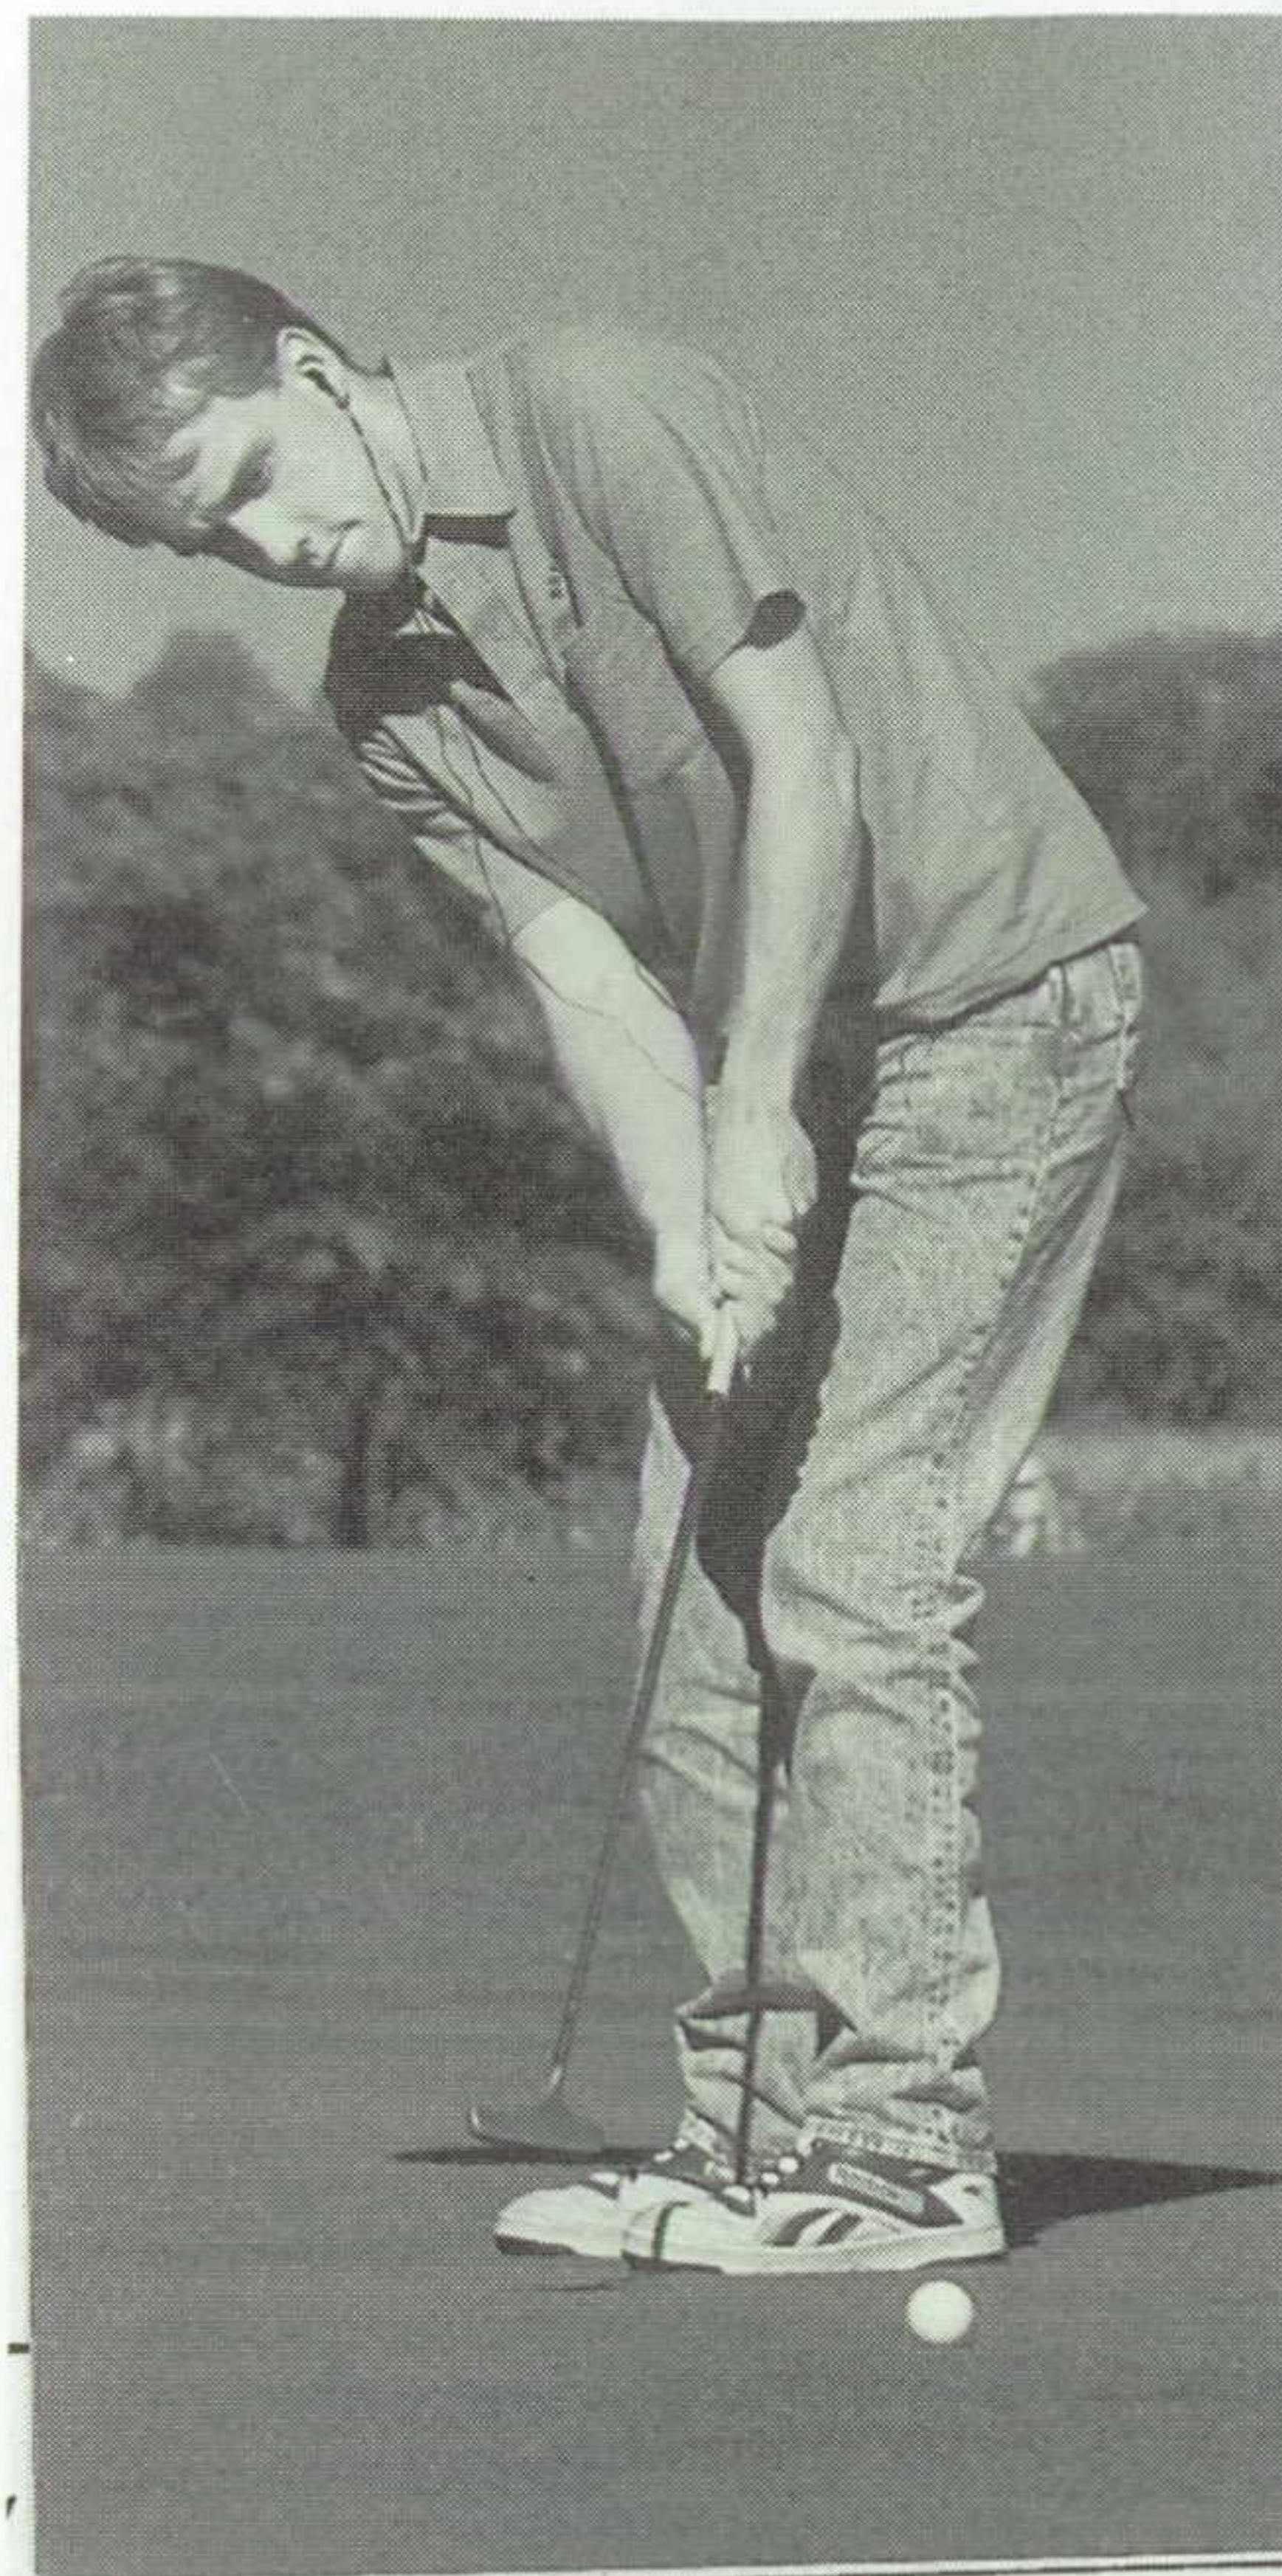

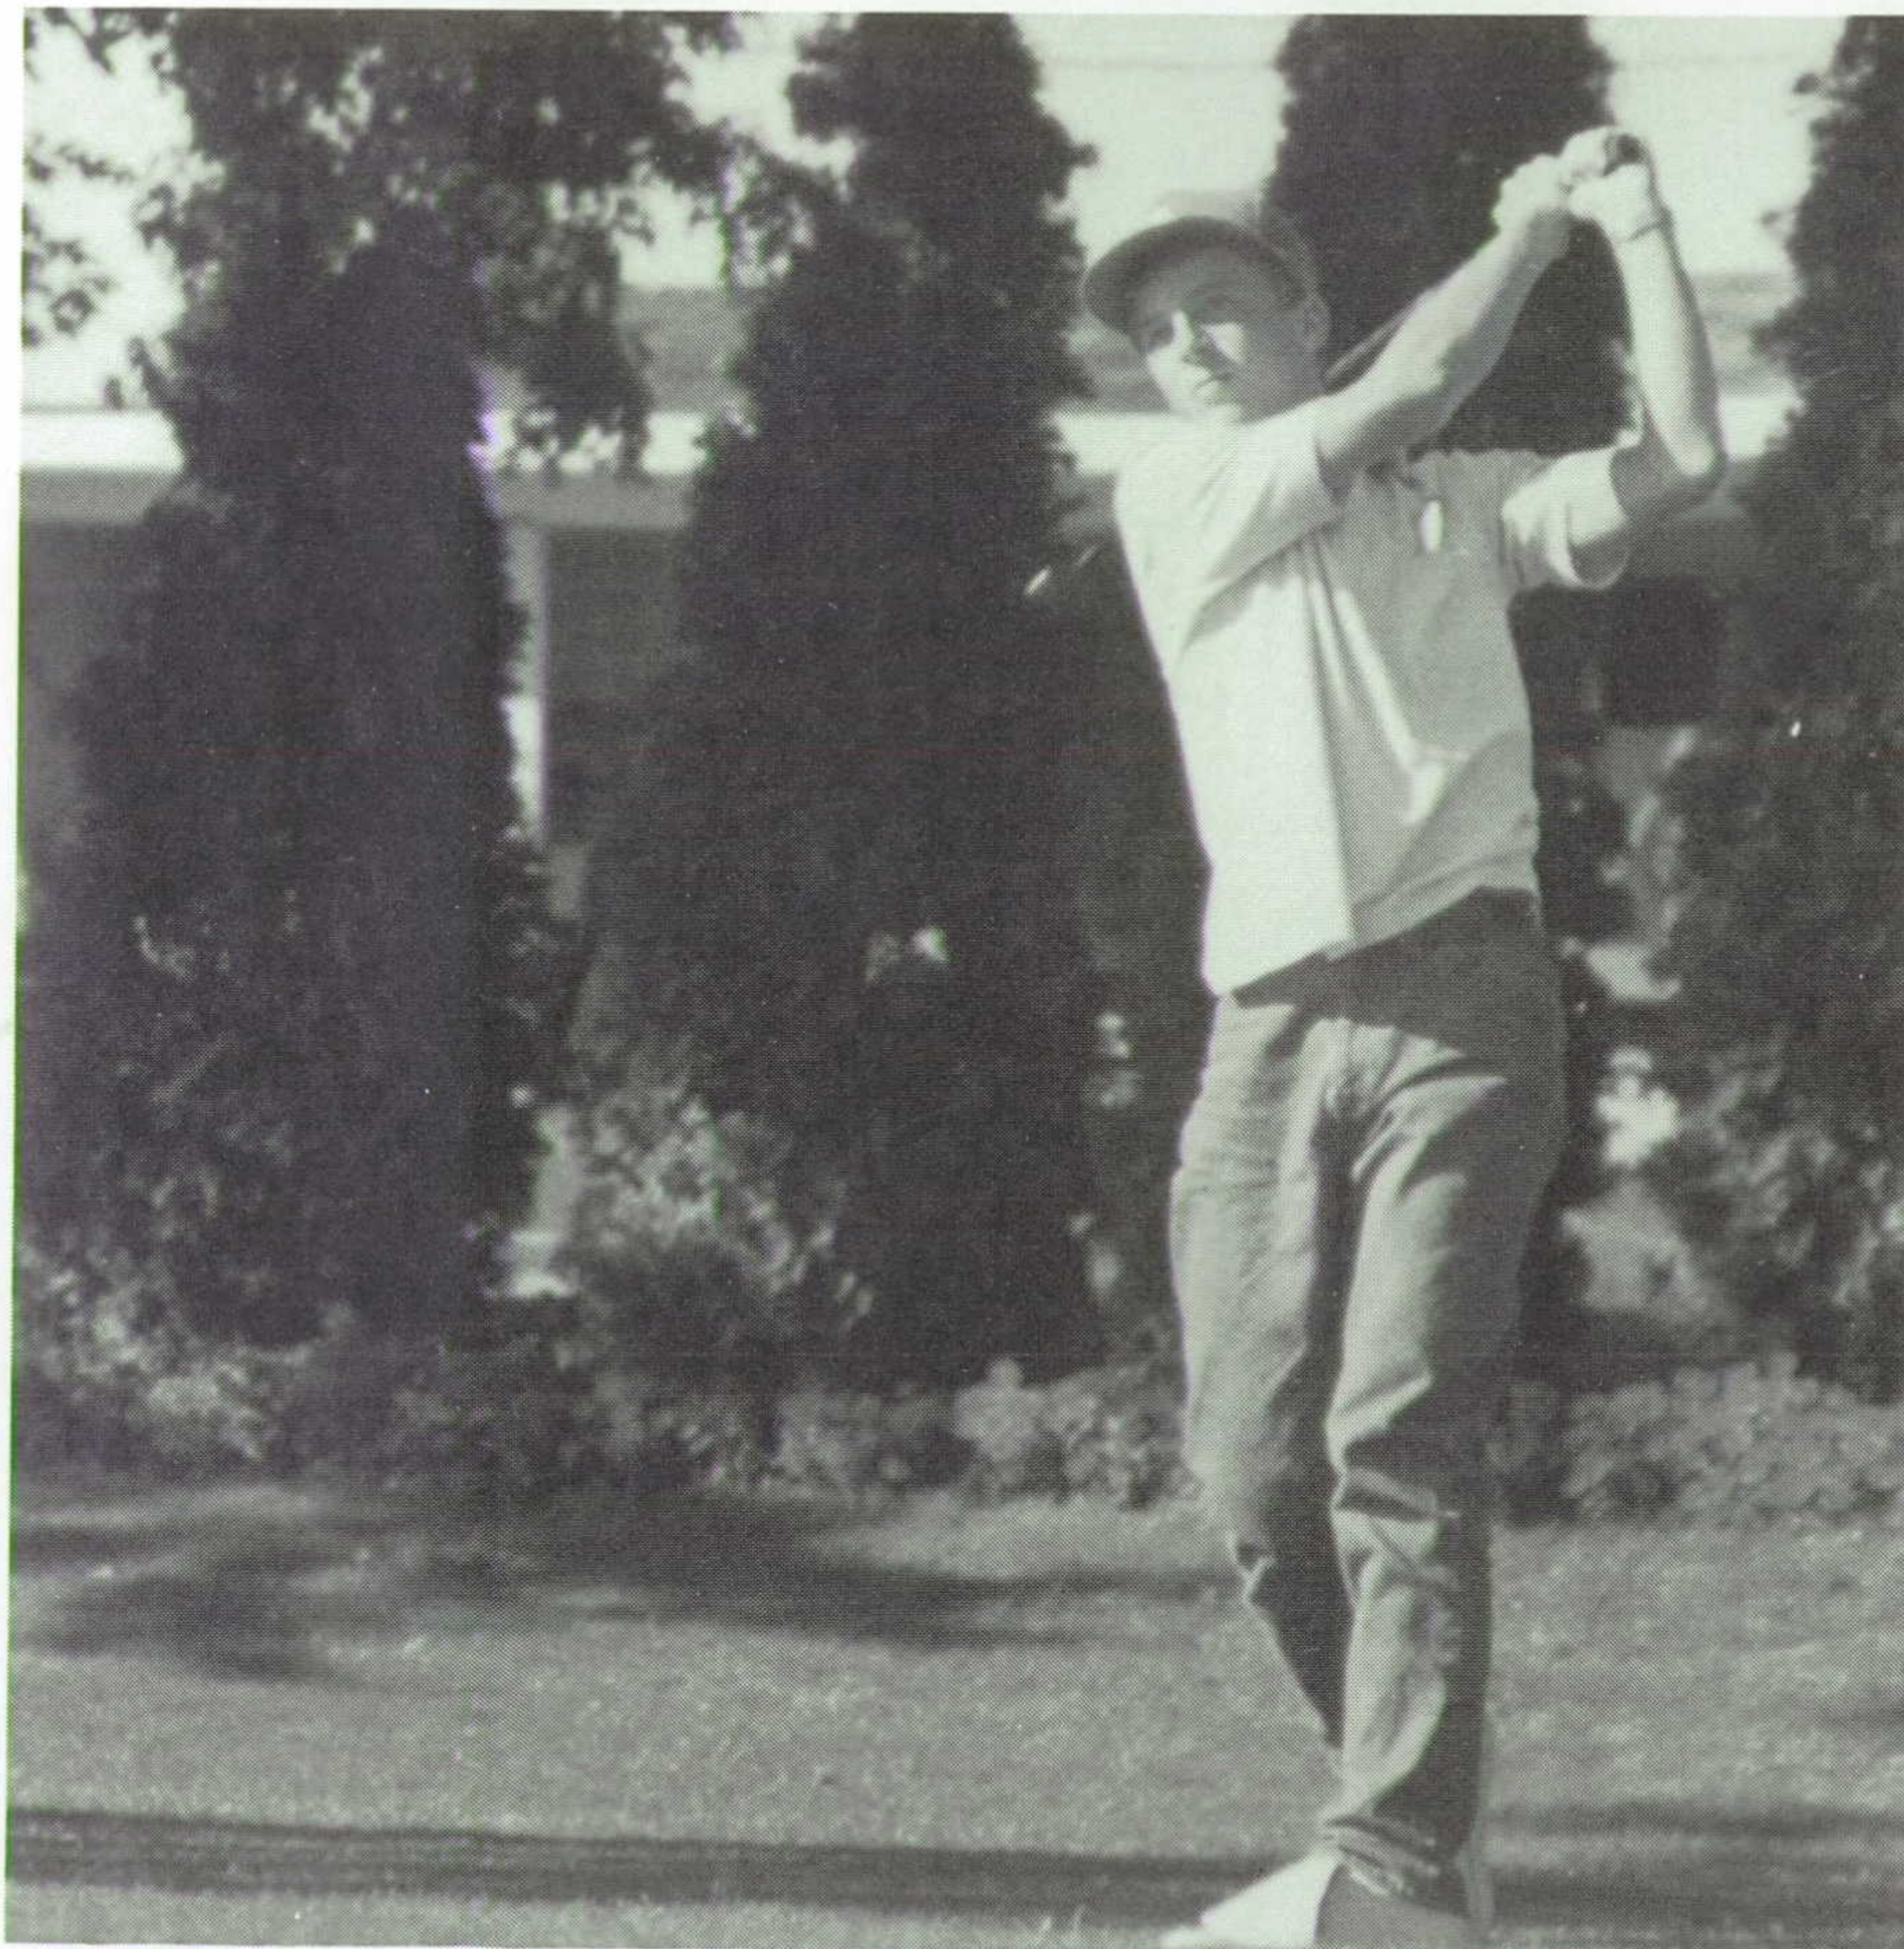

gave Coach Redes his first win since taking over before the 1987 season, with a 197-204 victory over Carson City-Crystal. Coach Redes speaking of his team, "Our first match really had me worried; Bullock Creek was very good. Then we played Carson City-Crystal. I felt great. It sure was fun to win."

The only void on next year's team will be the loss of four year letter winner and co-captain, Ryan Schaub. Ryan's leadership and experience will be sorely missed in the future. However, with the return of nine team members and the always promising aspects of the upcoming freshmen, a good season will be inevitable next year.

Mark Zsoter keeps his head down during his swing. Utilizing such basics was Mark's key to success during the season.

"Spirit Rockin' Hot!"

Tryouts for the 1988-89 Varsity Cheerleaders were held the previous spring allowing the ten girls to practice and to compete throughout the summer. With four new girls and one returning from an exchange program in England, the girls put their talents together and traveled to the Ingham County fairgrounds to attend their first competition. The squad returned home with first place honors, for the second consecutive year, in the class C division. They received a team trophy, \$100, and individual awards from the Coca-Cola Company. The squad continued their hard work in preparation for their next competition, sponsored by WIOG the New 102, to be held at the Midland County fairgrounds. The girls performed their routine and for the third consecutive year won a first place trophy in the class C division along with an additional \$100 for future expenses. As the fall season approached, the girls hosted the first CSAA league competition. With the JV squad, the girls performed the BHS fight song and received first place. When the winter season arrived, the girls once again went through the changing of squads between football and basketball and began to prepare for their February league competition. The girls are well known for their unity and hard work, along with their "SPIRITIZING" ideas. Excellent talent will be lost with the five graduating seniors, who will be greatly missed at BHS. With five returning members, the JV potential moving up, and the support of the student body, another year of productive spirit and pride will be provided.

BHS GOES THE DISTANCE

The seven seniors led the way for the boys cross country team of 1988. Through teamwork and dedication, the Huskies had a successful year. Captain Chad Plaxton and teammate Jim Snow finished the season with all league honors by tying for first place at the league meet. Jim then went on to qualify at the regional meet and to compete at the state meet. The team finished the season out with three wins and four losses.

Coach Godefroidt helped to keep spirit up and achieve team unity by always being there for individuals as well as the whole team. He said, "The season had some real bright moments but new runners are needed to replace the seniors leaving."

Top returners for next year are Andy Williams and Scott Strouse. A commitment for working all year round by these two and everyone else keeps the excellence of BHS cross country at its best!

The first ever CSAA girls cross country team was very inexperienced but made up for that fact with their hard work and dedication. Coach Godefroidt liked the work the girls did. He said, "They need to increase the numbers next year especially with the two seniors that are leaving." The team voted Velvet Cutting as Most Improved and Cara Hurt as Most Valuable. As top runner, Cara Hurt received all league honorable mention and will be the number one returner.

A Night To Remember

'Twas the beginning of the year and what better way to start it off, but with the Snowball Dance. Just like all the winter dances, it took place after a basketball game, but it was no ordinary dance. This was special because of the crowning of the Snowball King and Queen.

On the Wednesday before the dance, the voting took place. The decision was certainly a hard one to make because all of the girls and guys were very deserving of the title of King and Queen. The candidates for the Queen were Lisa Bushre, Carrie Conrad, Kim Esquivel, and Melissa Powell. The candidates for King were Todd Howie, Chad Plaxton, Scott Robertson, and Jeff Siler.

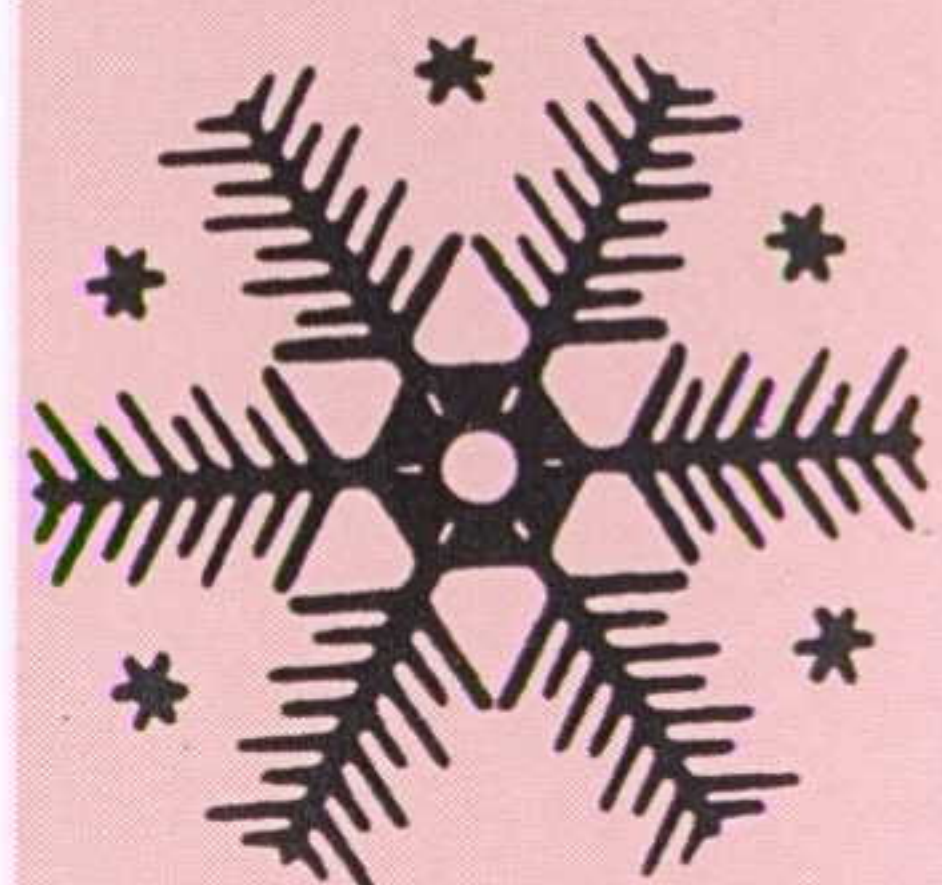

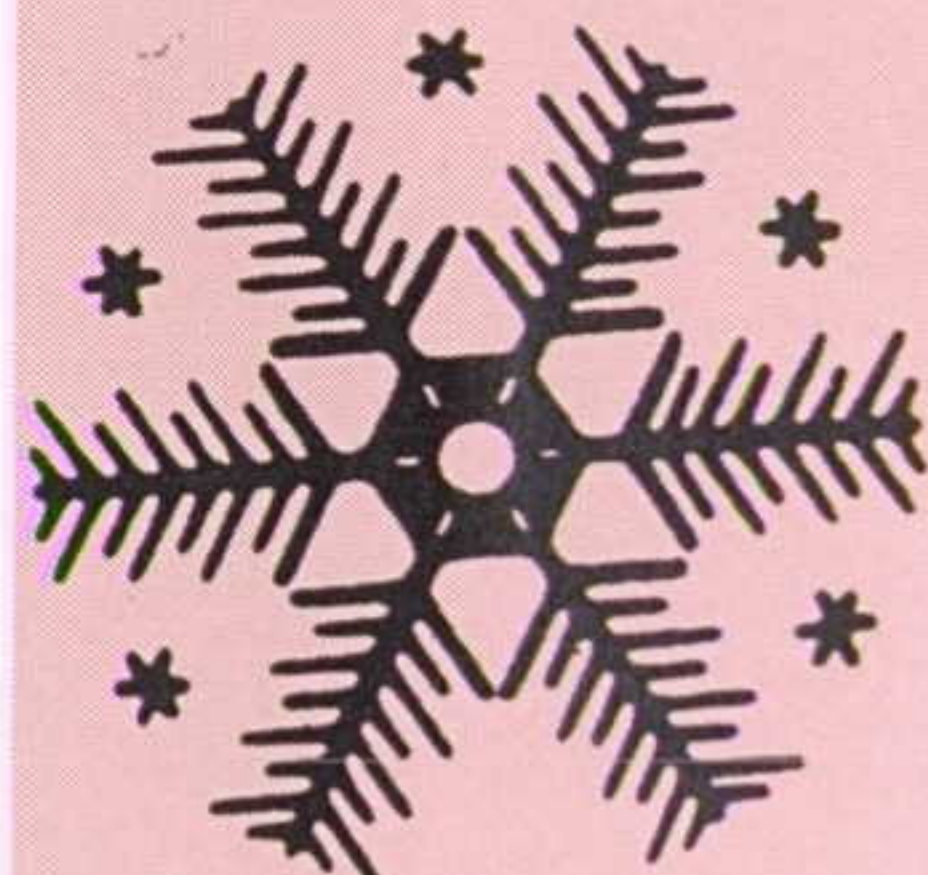

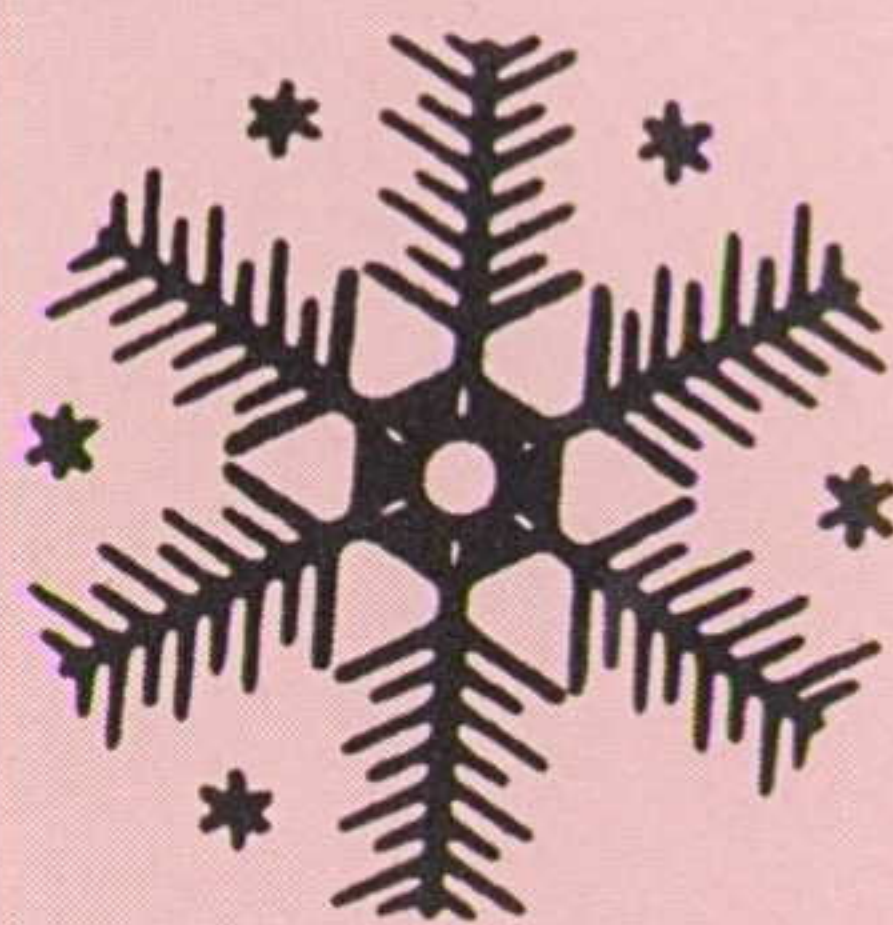

On Tuesday, January 17, the assembly for the King and Queen candidates was held. The class representatives were escorted out first starting with the freshmen, Heath Plaxton and Delcie Rohde. Next were the sophomore choices, Troy Saunders and Cheryl Collins, and from the junior class came Rich St. John and Lanette Hunicutt. After all the representatives were escorted in and

seated, the questioning began. The candidates were each asked one spontaneous question. These questions were definitely not on the serious side. The main purpose was to see how well the candidates could handle a ridiculous situation.

The buzzer sounded that ended the second quarter. Last minute "good lucks" were given as the candidates were brought out onto the court. Last year's King and Queen, Corey Hurt and Tina Wertz stood in front of them knowing what they were feeling at that moment. As the girls stood in their beautiful gowns, it was finally announced that Carrie Conrad was the new Queen. The crowd was silenced, and Scott Robertson was named the new King. Tina Wertz went forward to crown Carrie and present her with roses. Corey Hurt put the traditional blue robe on Scott, and he received a pewter goblet.

After half-time, the game continued, unfortunately, to a loss. At the post game dance, Carrie and Scott were recrowned, and they had a special dance to end a very special night.

-Stephanie Vaughn

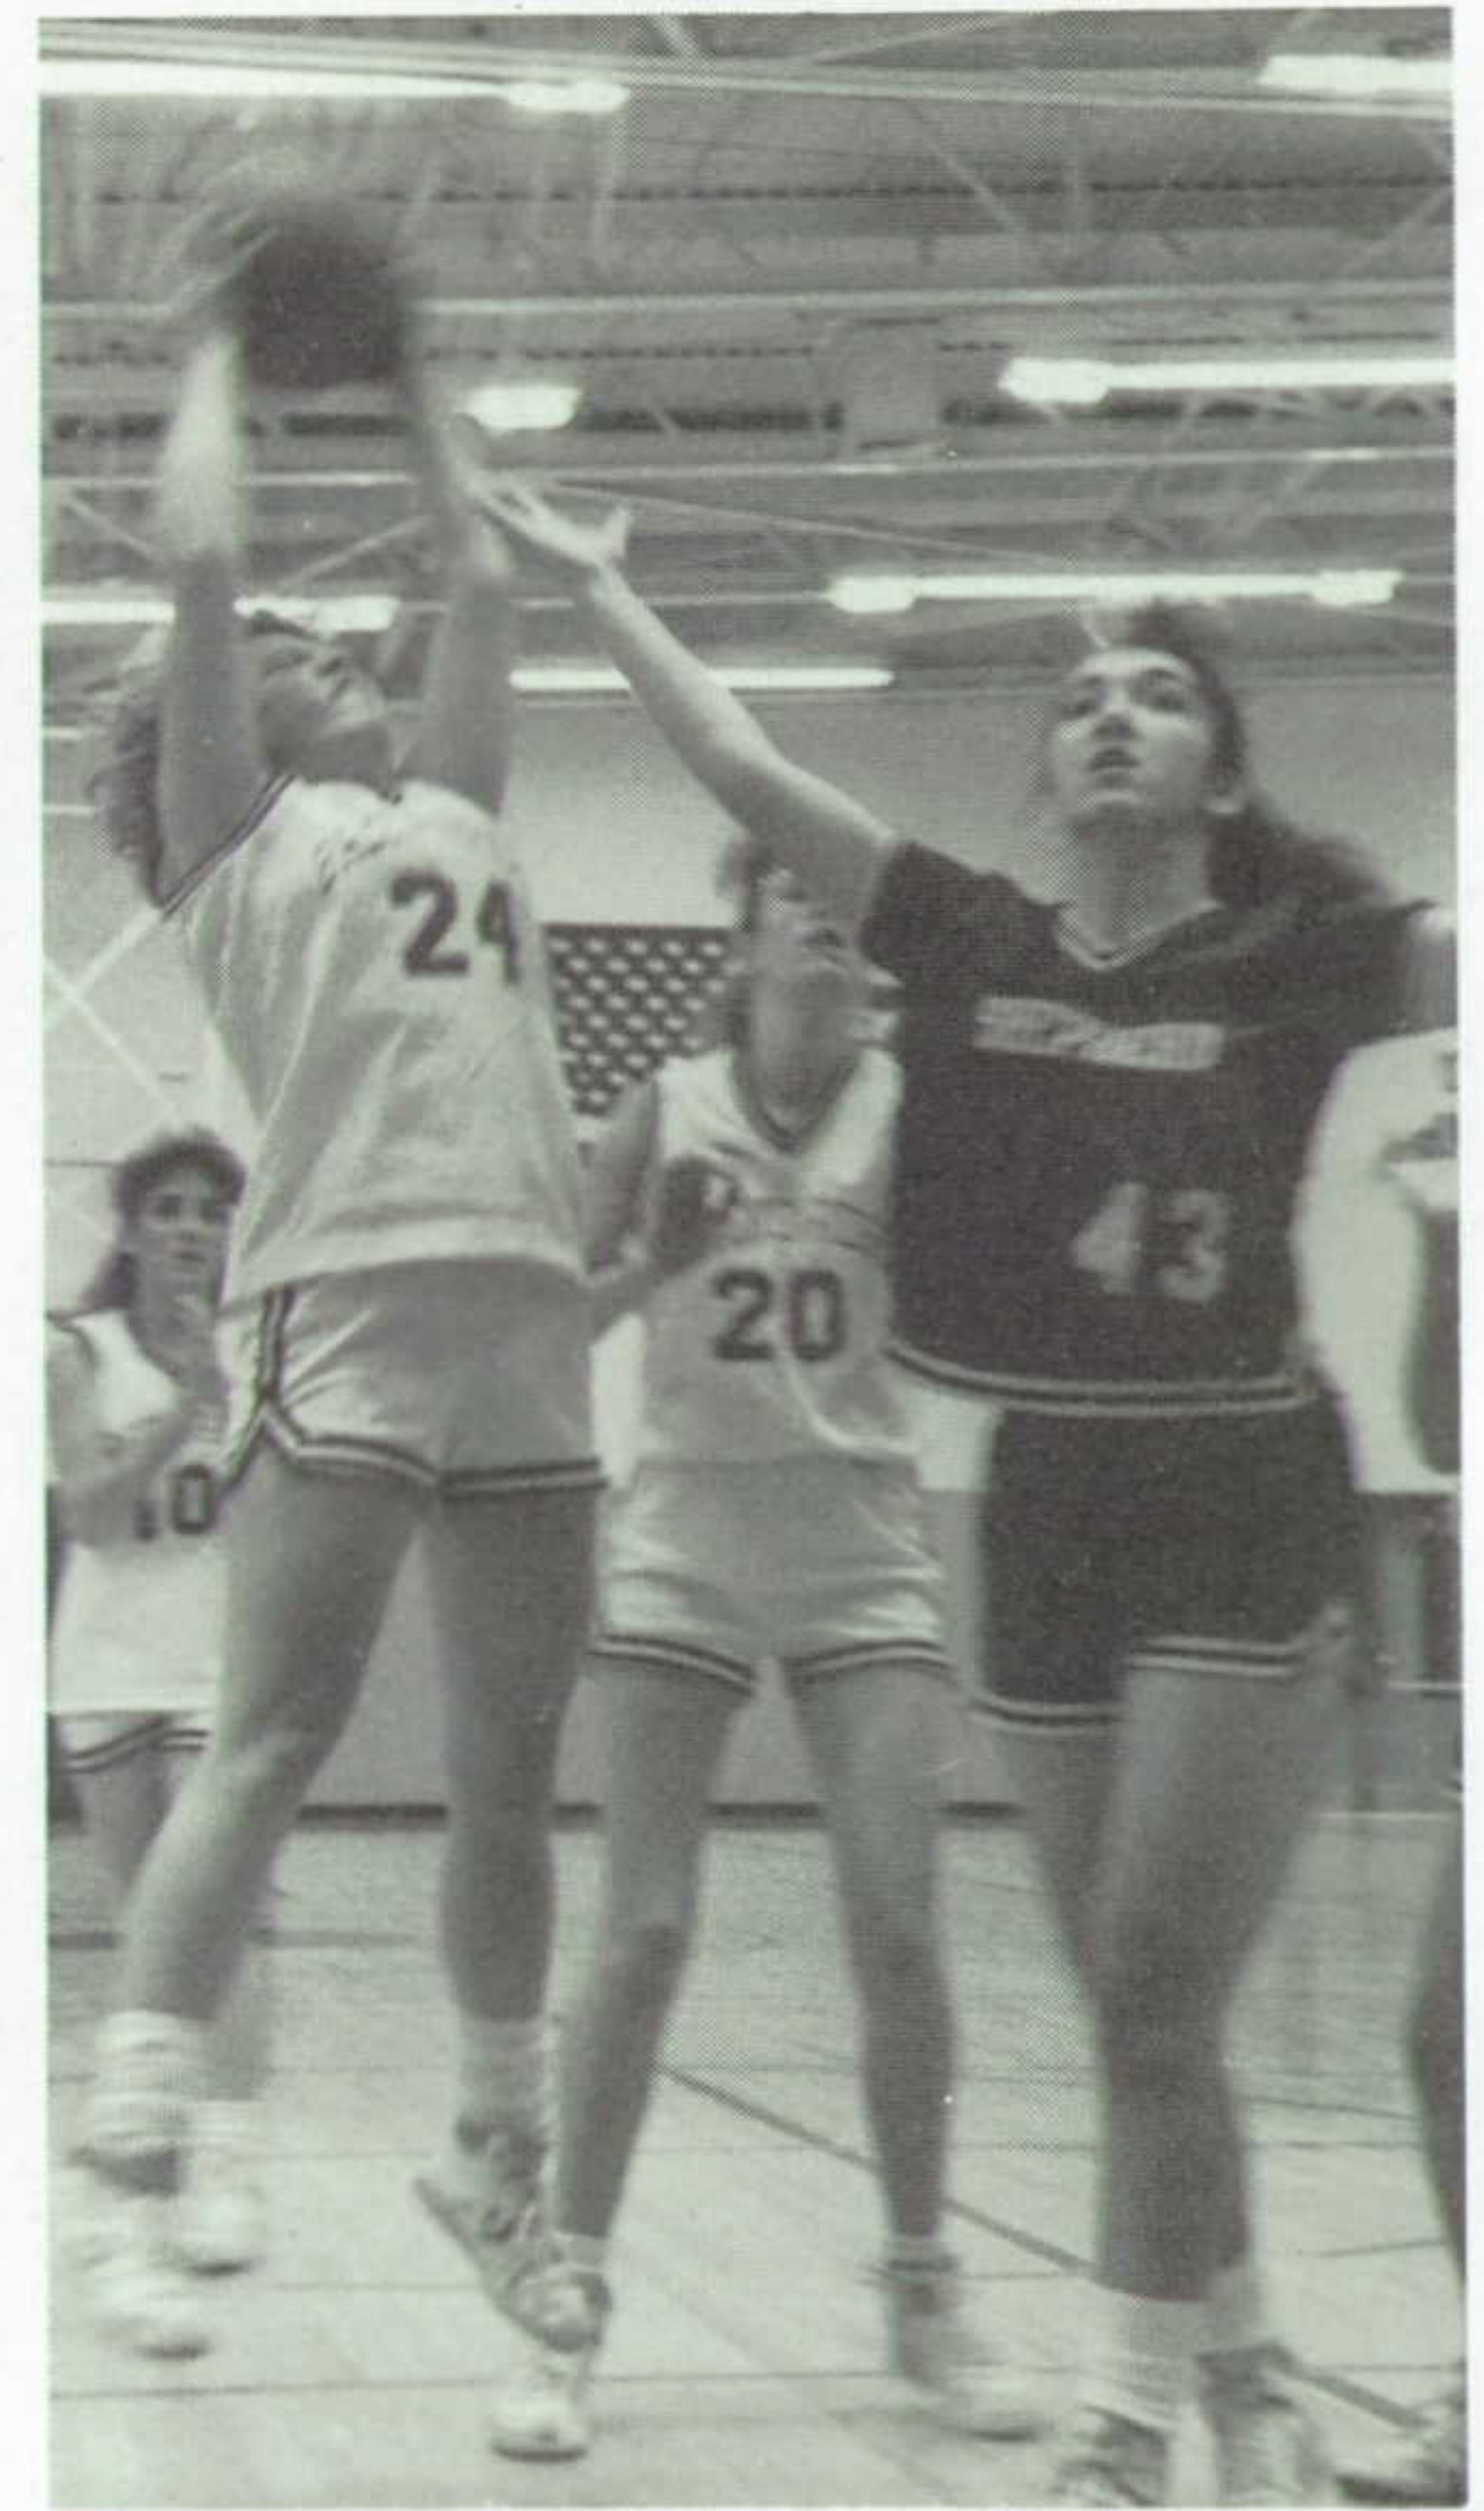

The moment came when Carrie was announced the new Queen. Through tears of joy, she accepted her crown, along with hugs and words of congratulations from other members of the court.

Huskies

Center Cindy Shankel shoots over her Merrill opponent. Cindy's hard work and pride paid off as she was chosen for honorable mention on the CSAA All League Team.

Senior Melissa Powell takes the rebound to continue the offensive action. Melissa's talents, added with the talents of the others, showed tremendous Huskie Pride.

FIRST ROW: manager-Tracey Childs, Tiffany Bott, Tammie Tester, Rachael Danks, Melissa Powell; BACK ROW: Coach Zimmerman, Kris Root, Cindy Shankel, Bobbi Mayle, Kari Secord

Fight for Victory

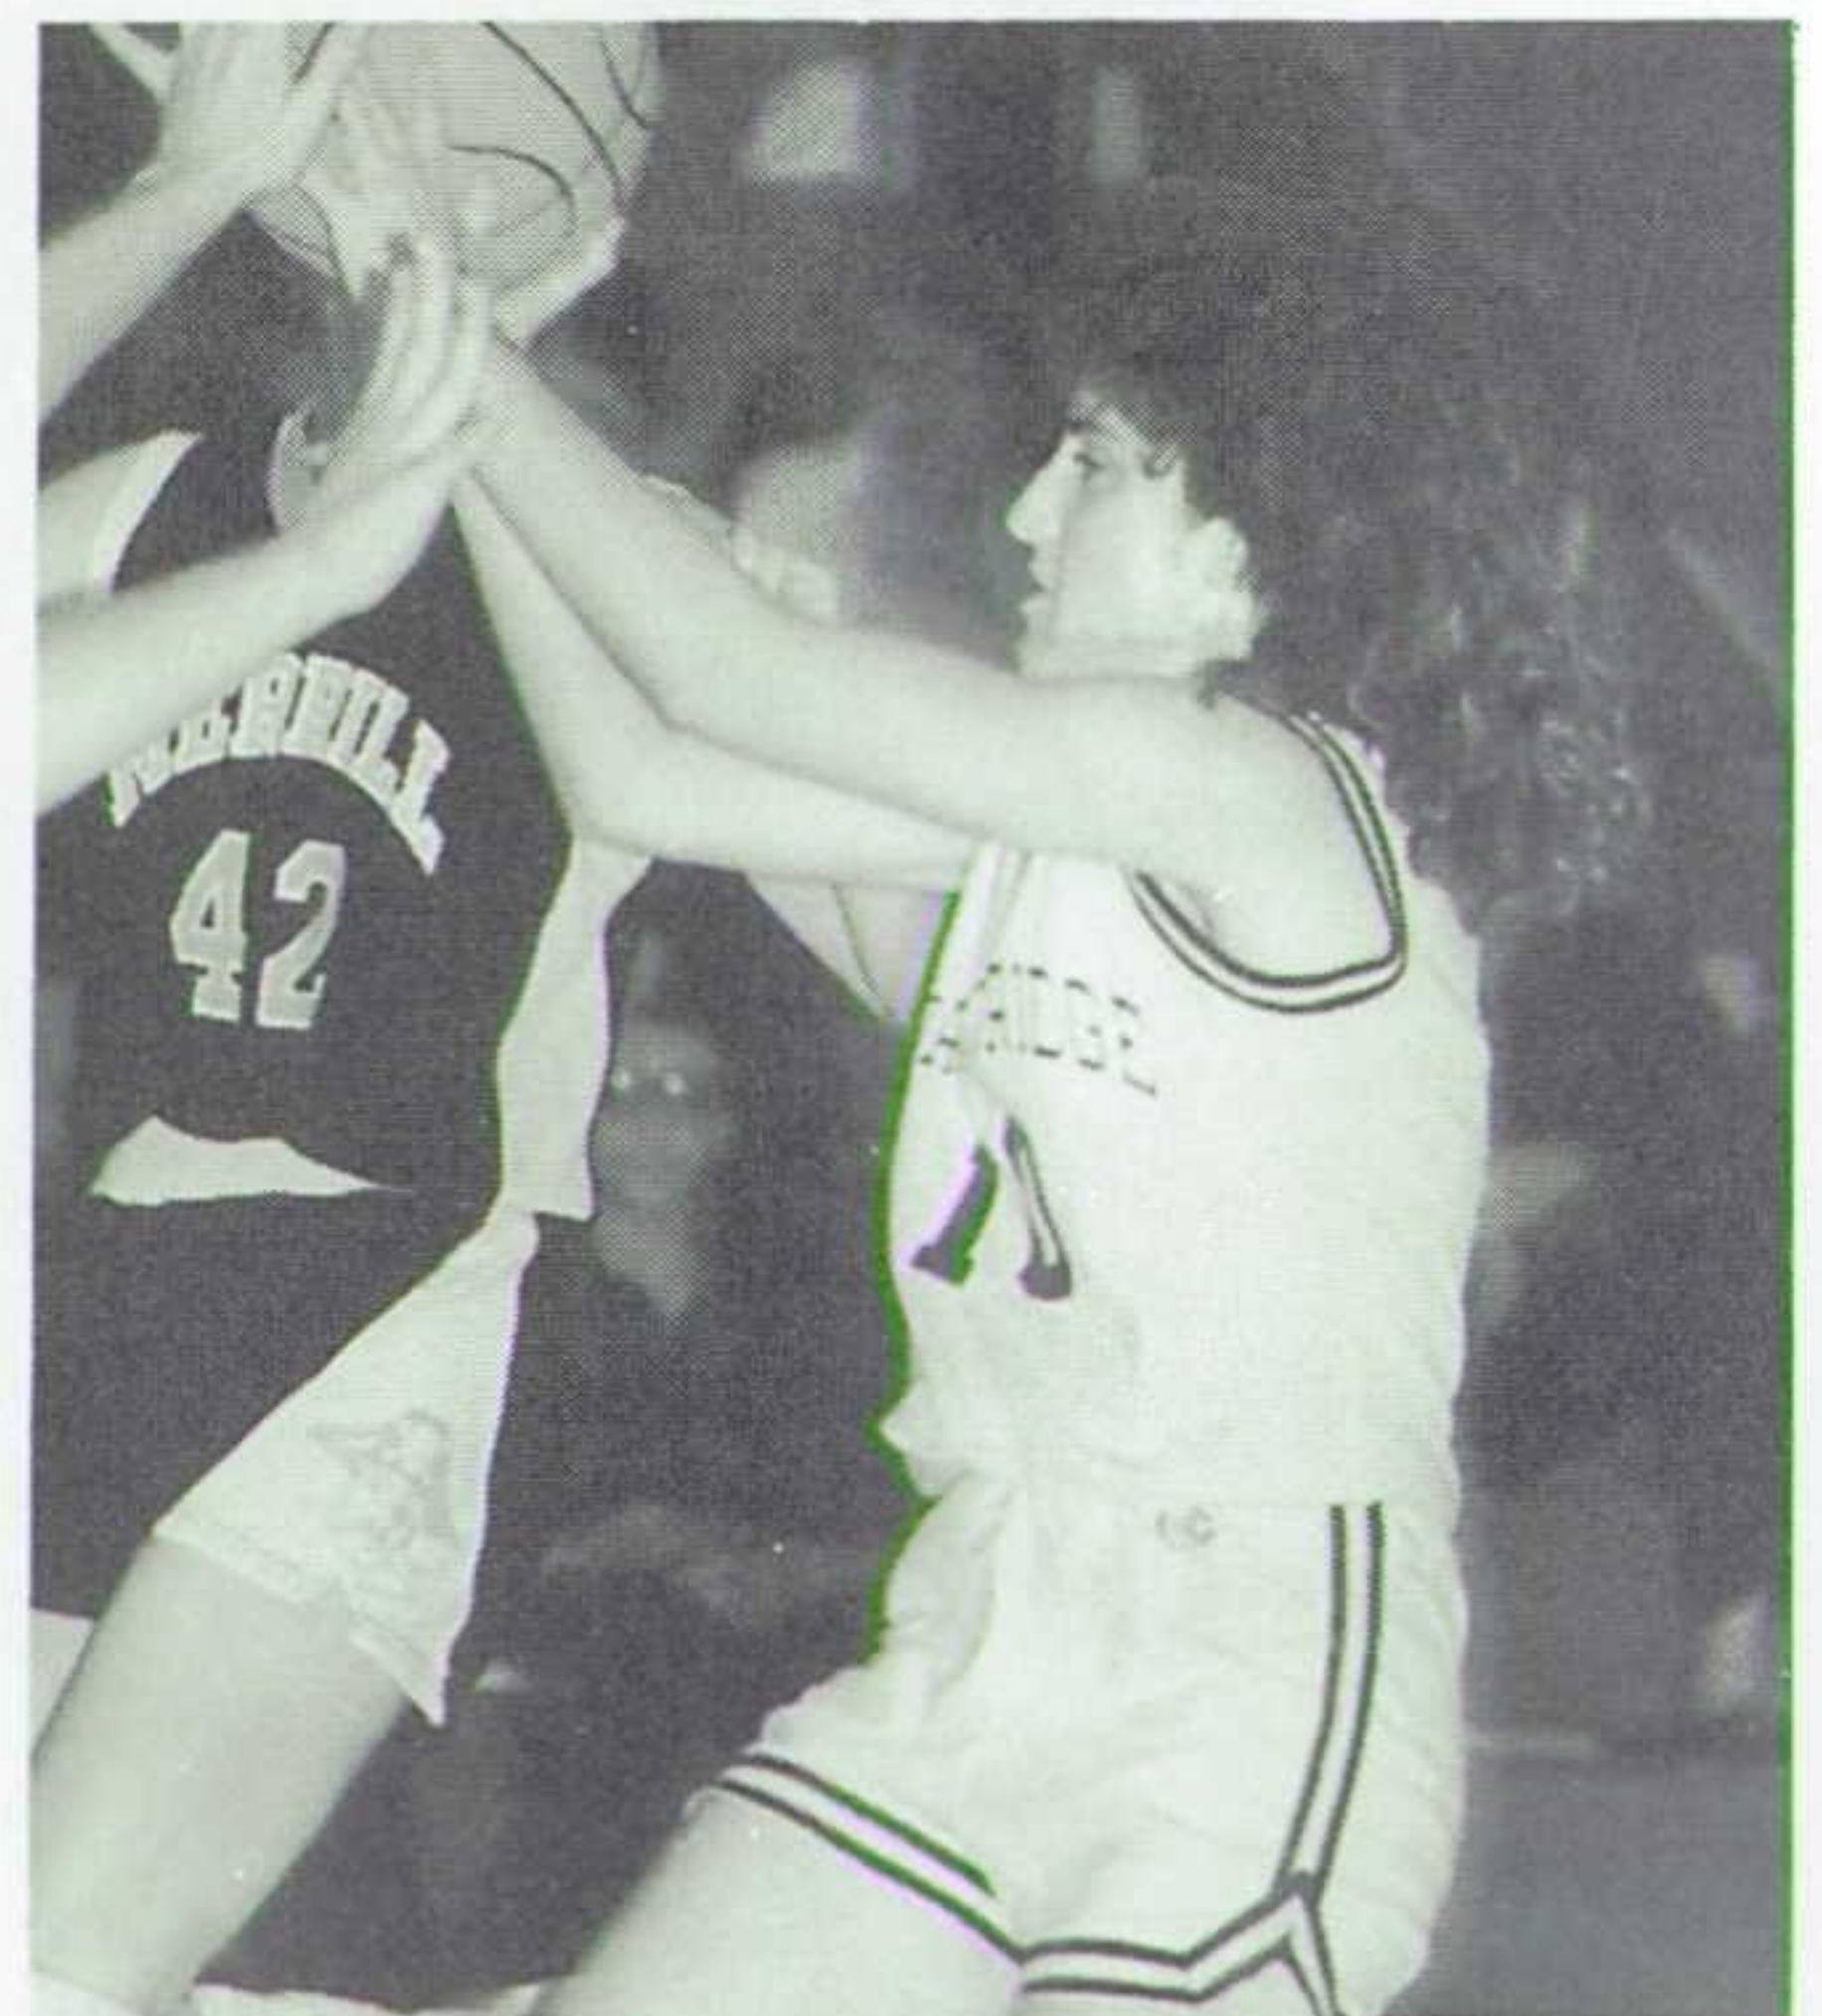

Jumping for the Huskies, Bobbi Mayle fights for the first offensive play. As a junior, Bobbi played her second year on varsity.

Senior Tammie Tester shoots the ball as junior Cindy Shankel prepares for the rebound. Cindy and Tammie put their talents together to show their dedication for the team.

Guard Kari Secord, cornered, looks for a teammate to pass the ball to. Kari worked hard to lead the team as point guard.

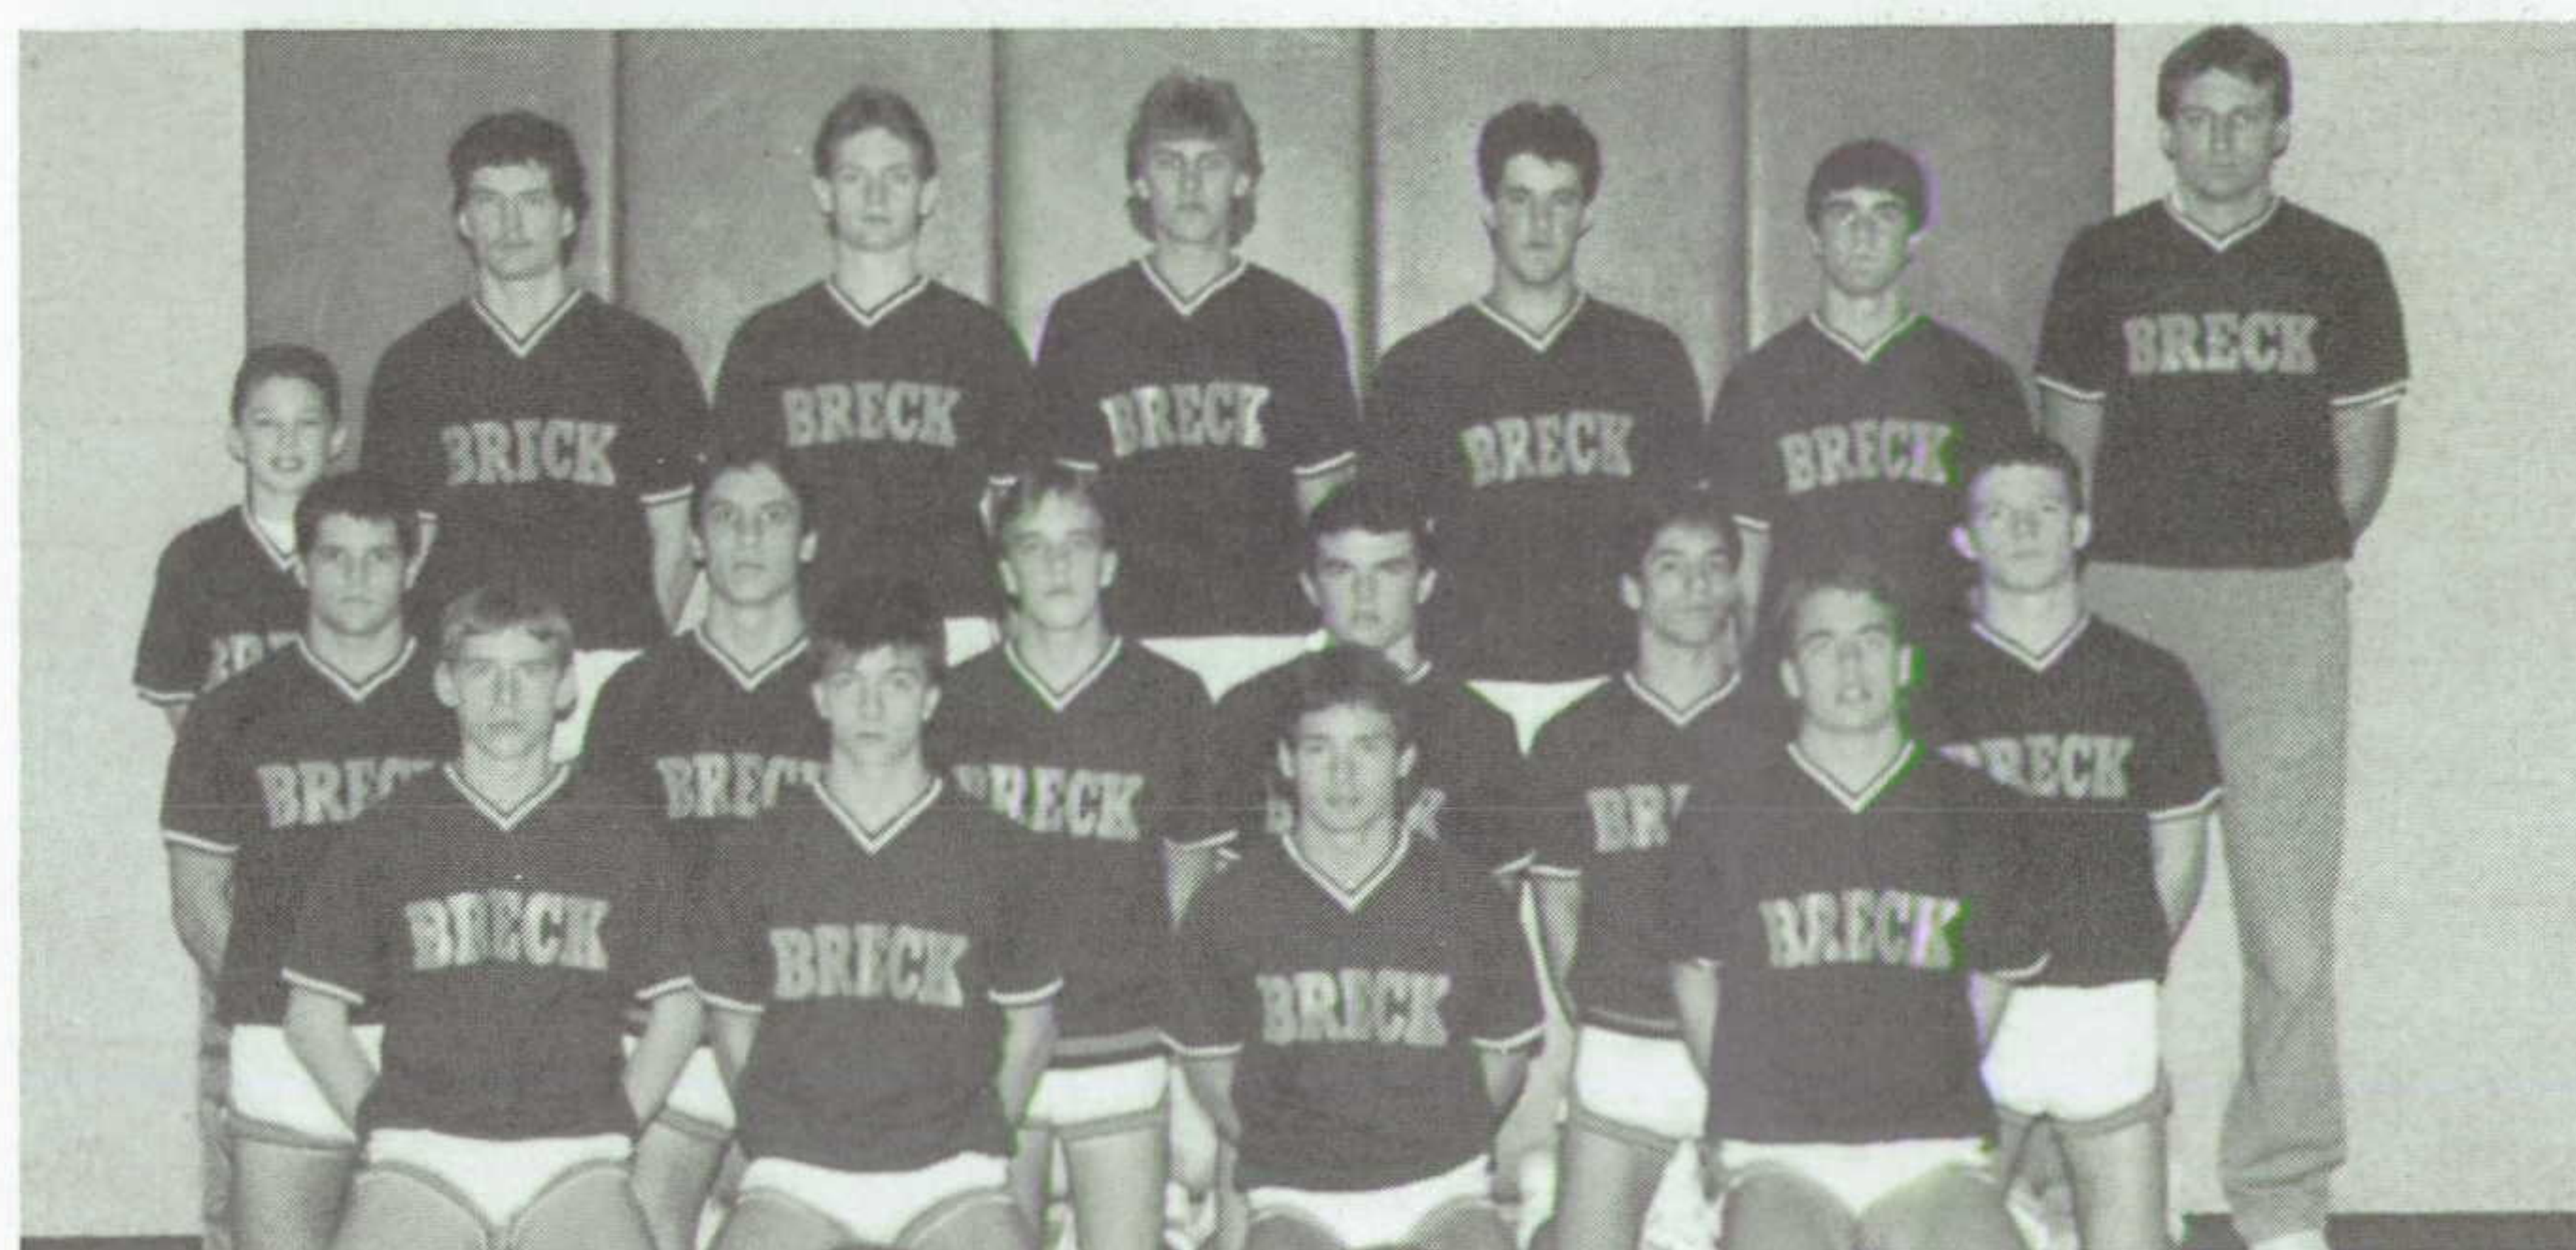

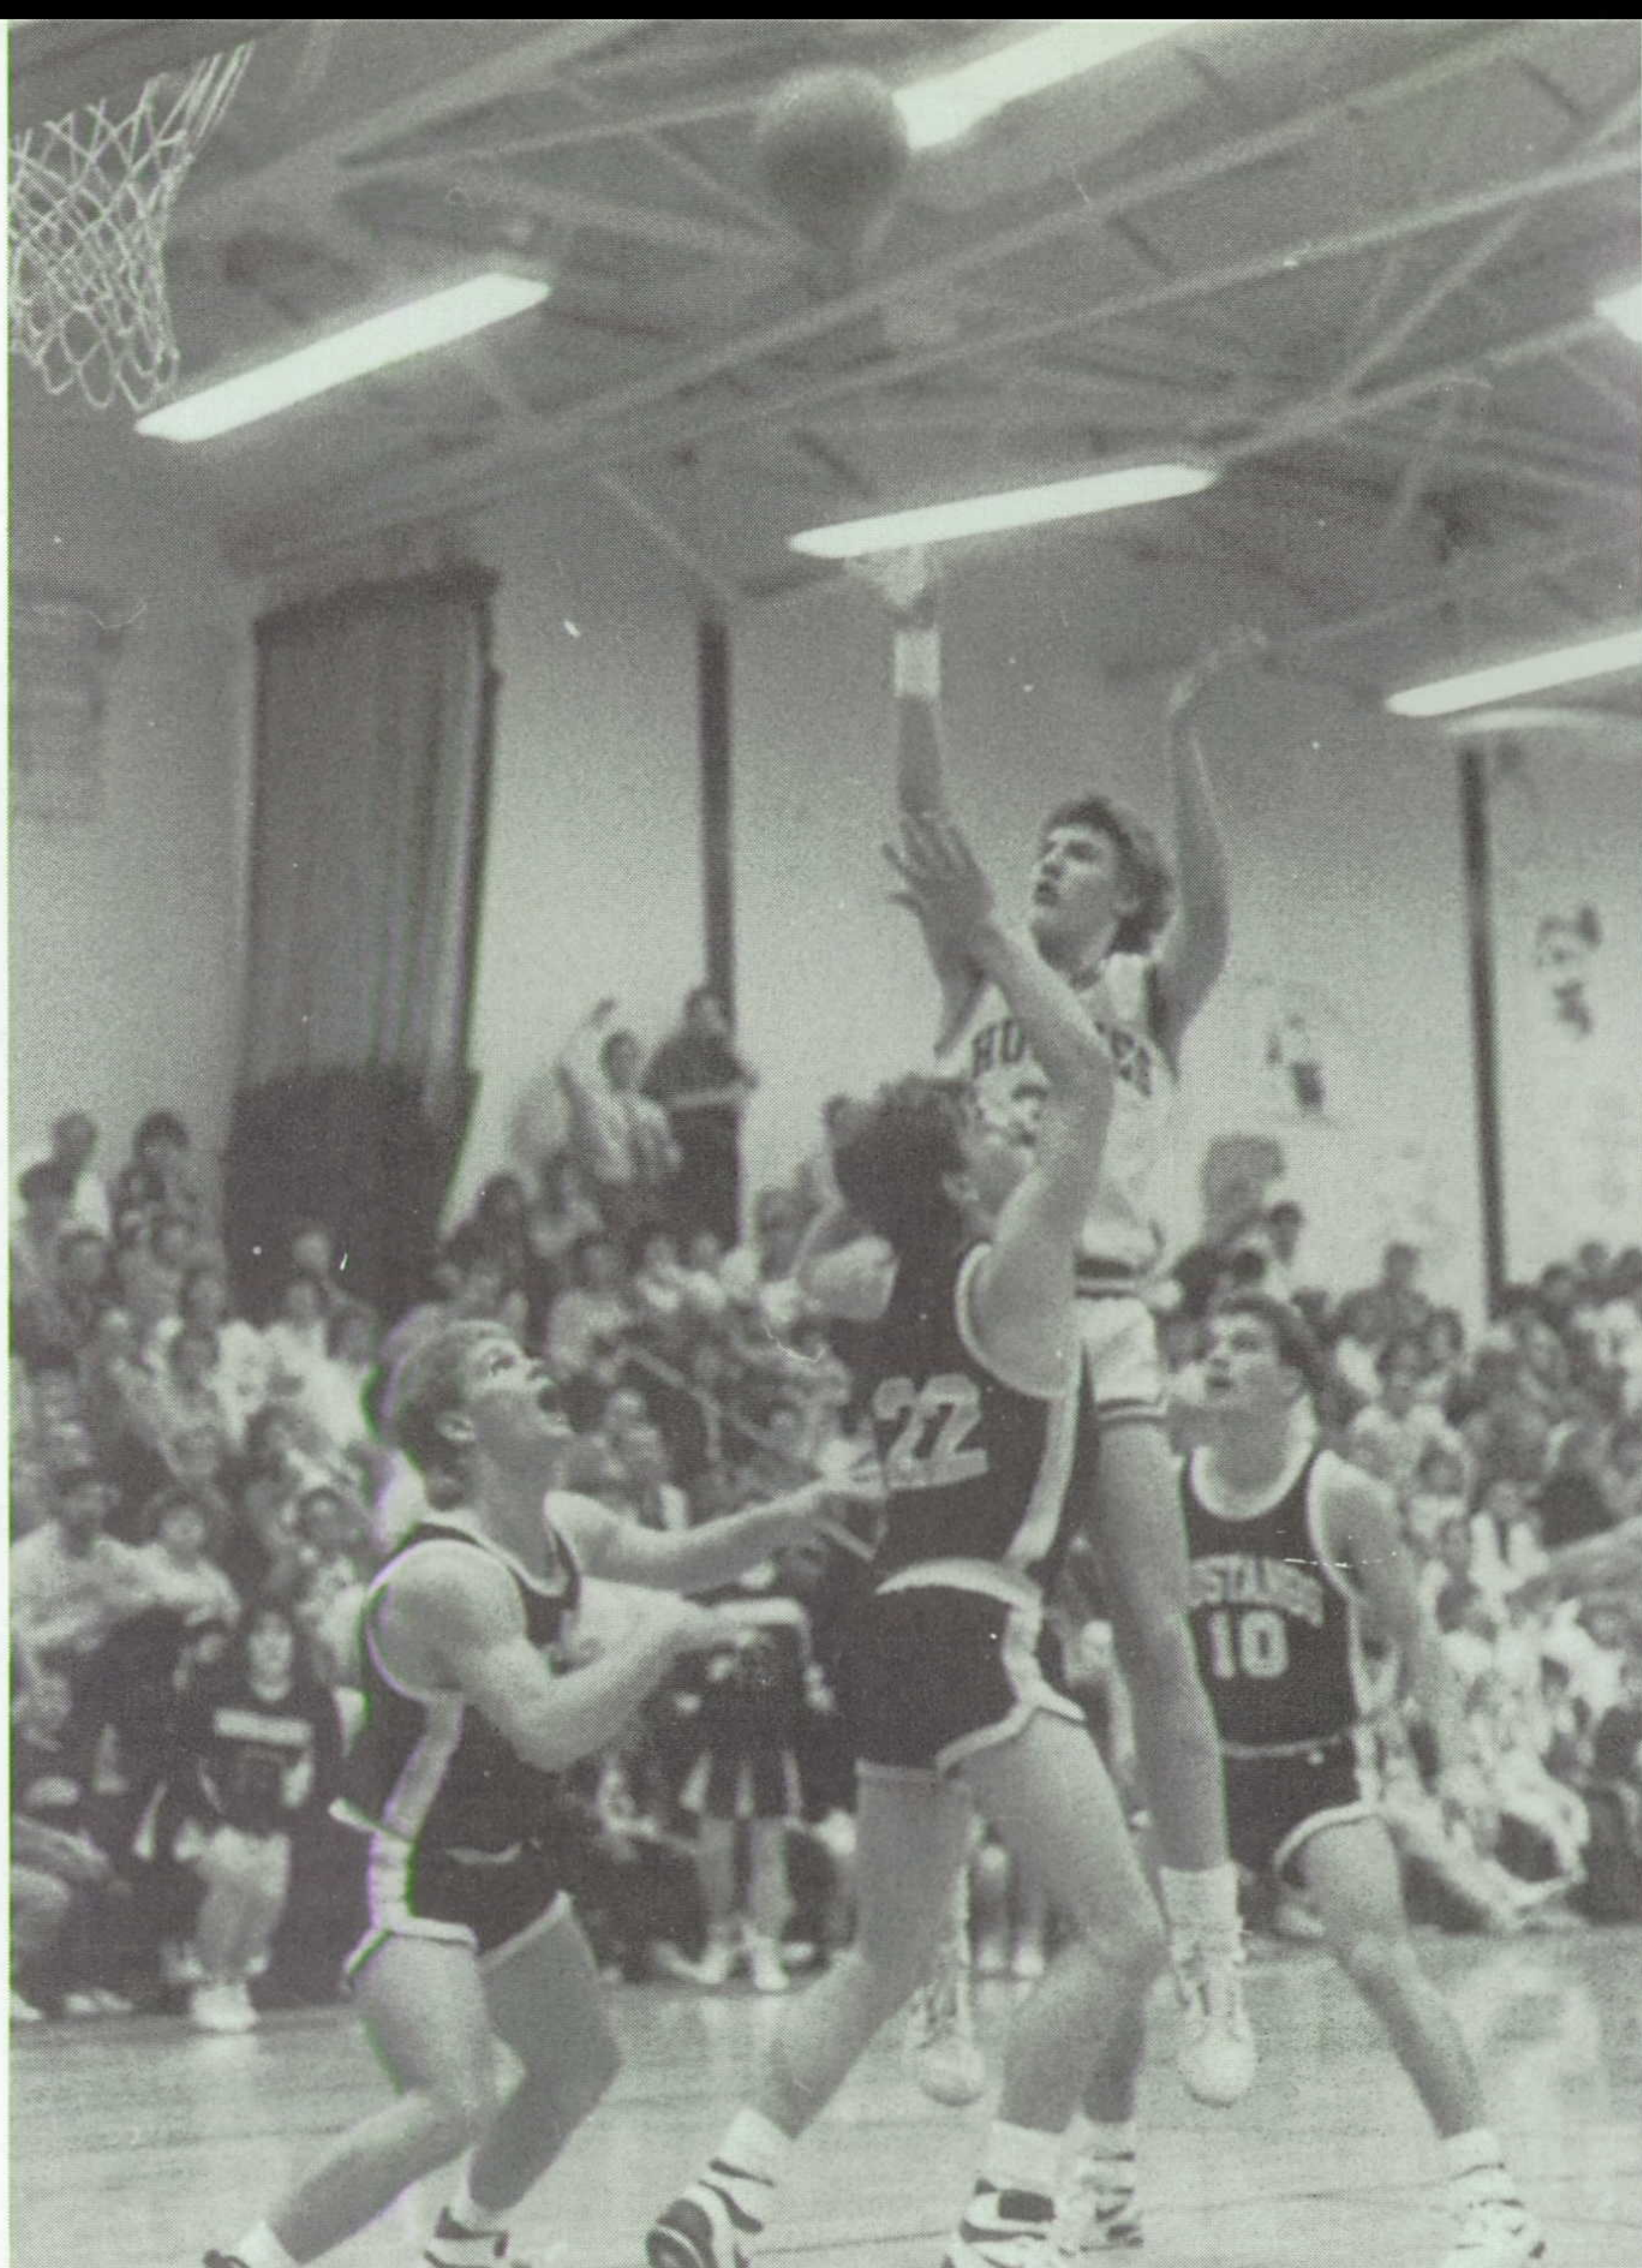

The girls varsity basketball team definitely had an exciting year. "The team got off to a slow start and was unable to recover. Fatigue played a major role in our struggles; also we needed more girls on the team," stated Coach Zimmerman. A high point of the season came with the Huskies victory over Shepherd in the District games. Tammie Tester, Melissa Powell, Tiffany Bott, Cindy Shankel, and Kari Secord led the team. Coach Zimmerman commented, "The highlight of the season was getting a good draw for districts, winning our first game, and having a chance to play for a district championship. We came up short, but hopefully the experience will help the underclassmen in the future." They finished the season with an overall record of two wins and twenty losses. M.V.P. honors went to Tammie Tester and Cindy Shankel. The team Hustle award went to Kari Secord. Cindy Shankel also received CSAA Honorable Mention. The team will be losing four seniors leaving the juniors in control. With good teamwork, positive leadership, and the desire to be "victorious," the team will certainly be successful.

-Cindi Betancourt

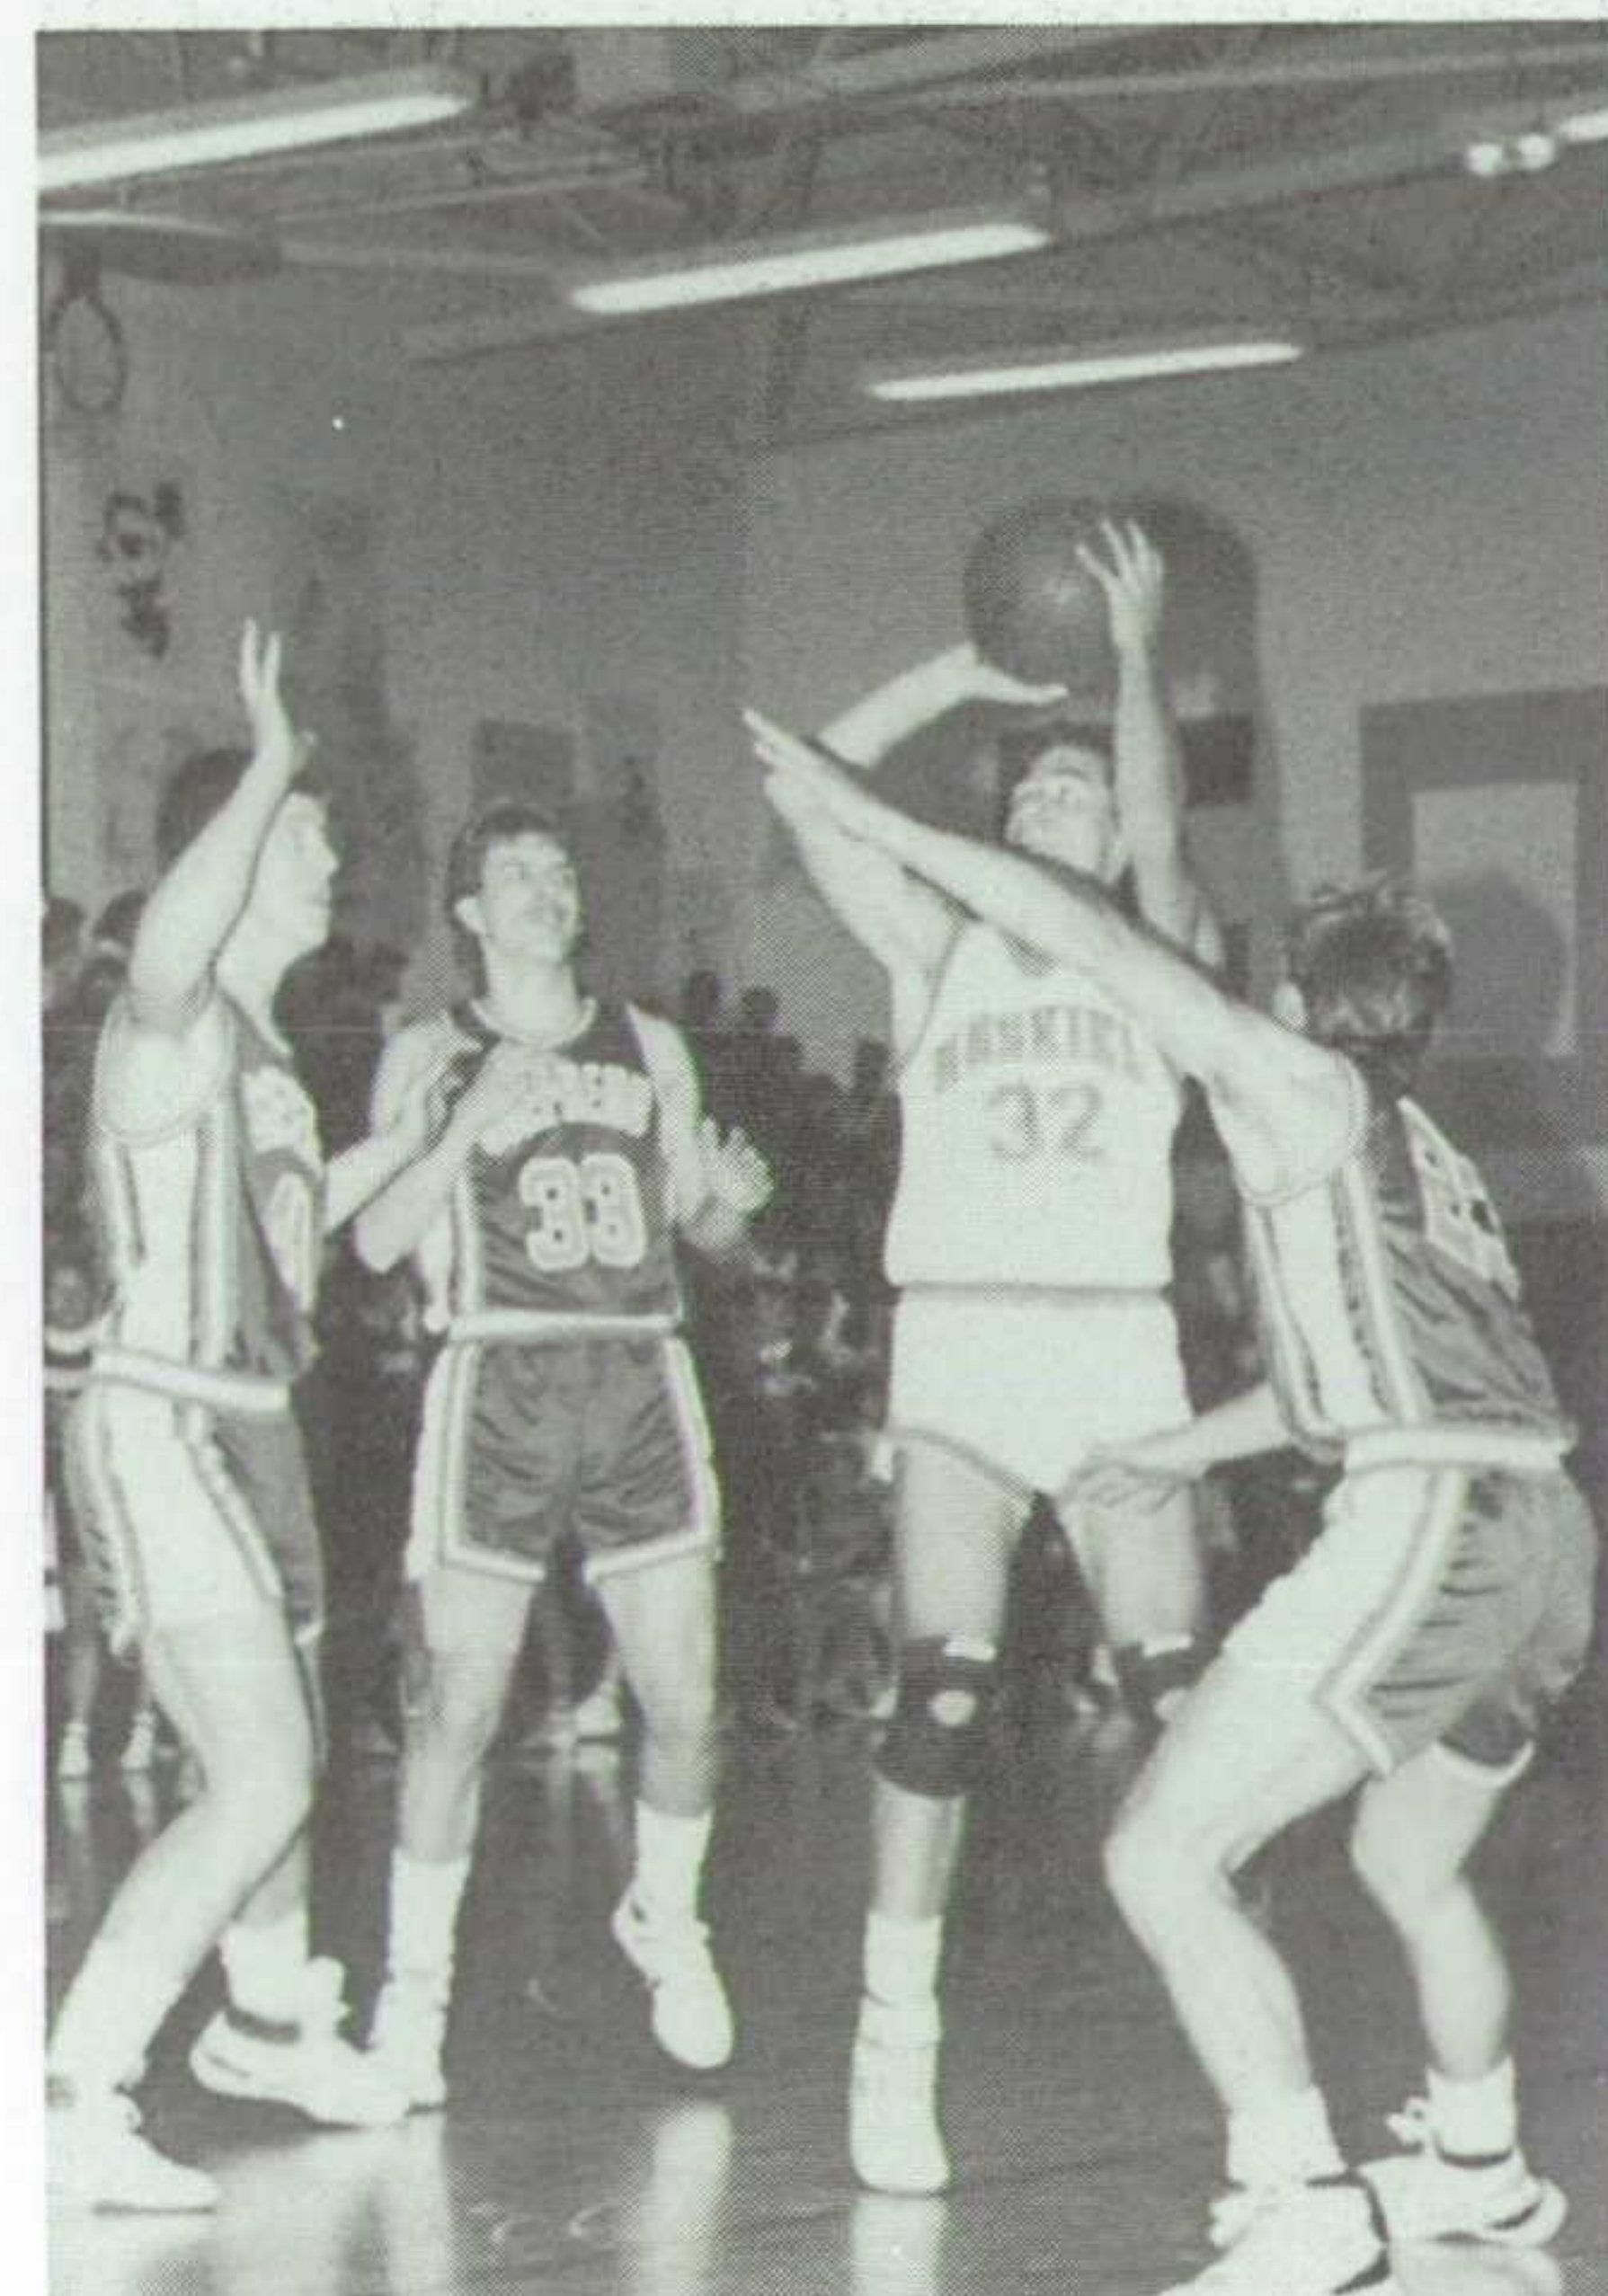

Scott Robertson shoots over the Montabella defense. Scott was the leader for the team at the offensive and defensive ends of the court.

Jim Ryan takes a baseline jump shot over the opposing defensive player. Jim started some games and came off the bench to help support the team effort.

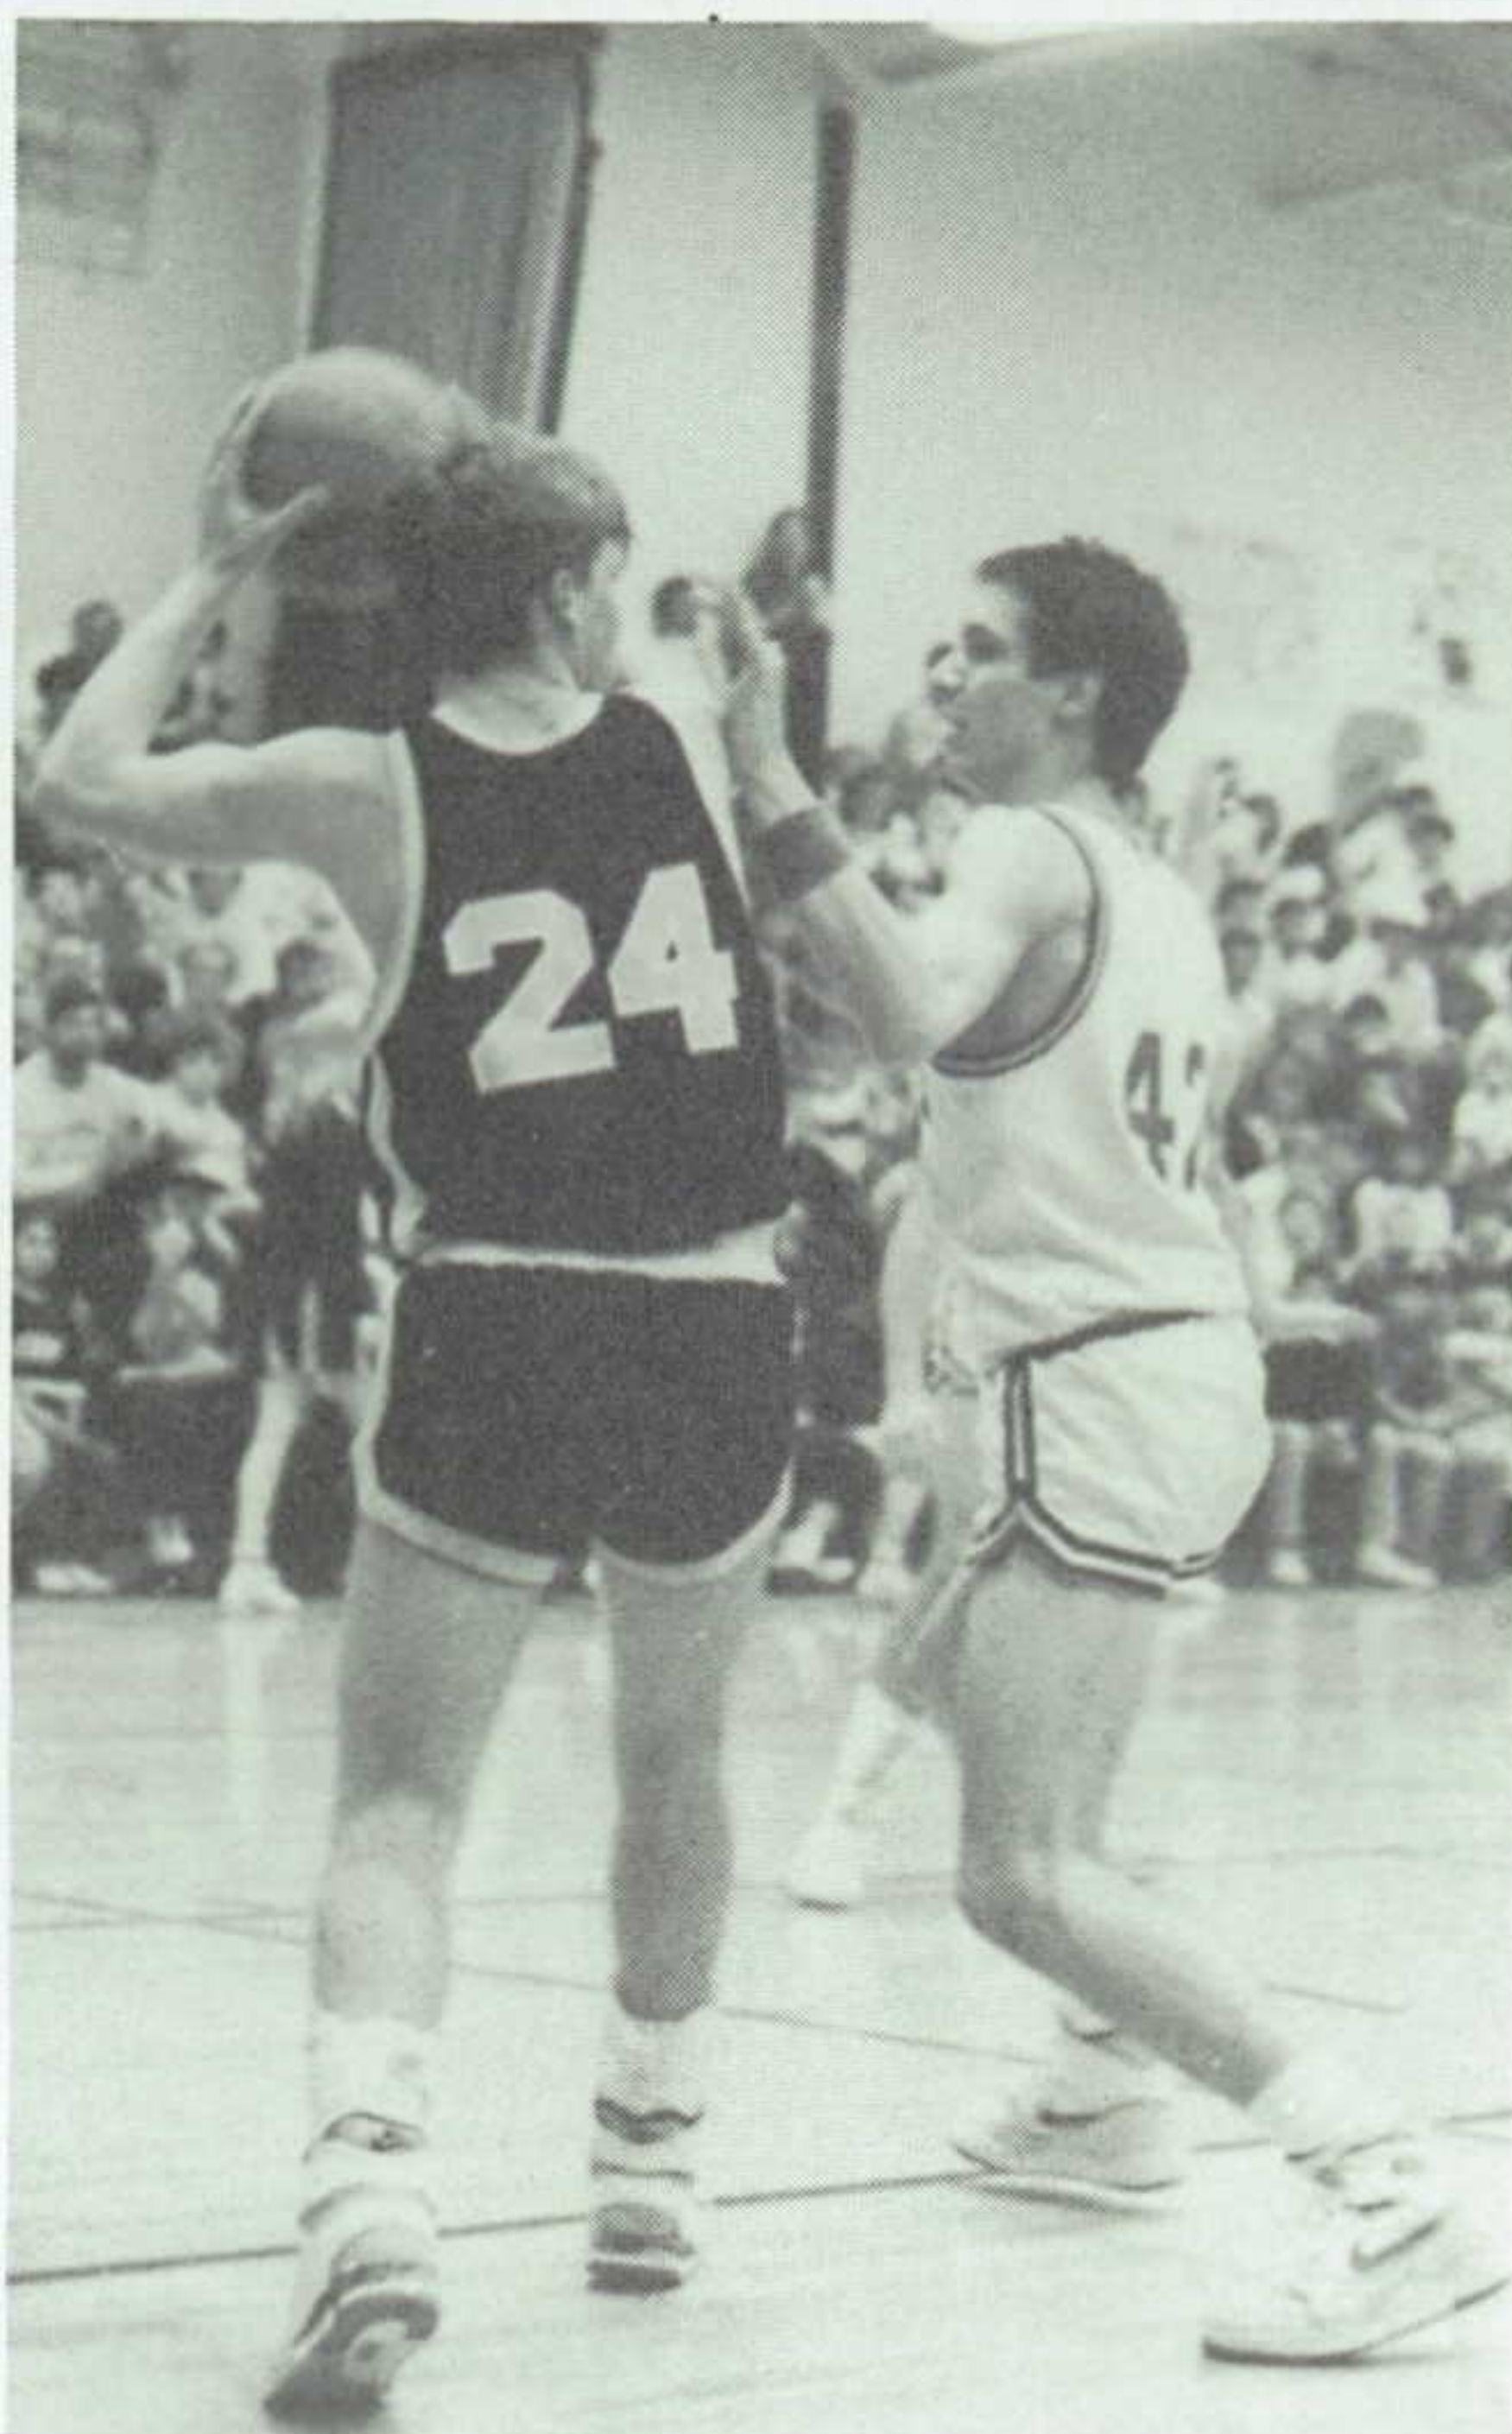

FRONT ROW: Jeff Ostrander, Lance Geiling, Scott Strouse, Chad Plaxton; SECOND ROW: Brian Gillis, Steve Markley, Brian Kennedy, Steve Smith, Rich Sanchez, Jeff Siler; BACK ROW: Corey Clark, Ryan Schaub, Scott Robertson, James Ryan, Aaron Schall, coach-George Herrington

Chad Plaxton takes a shot among the opposing pressure of three Shepherd players. As a senior, Chad provided leadership that the team needed when the game was on the line.

New League Proves Difficult

Steve Markley puts defensive pressure on an opponent. Good defense is equally important as playing offense.

As the 1988-89 season began, the boys varsity basketball team knew they had a tough task ahead of them. After losing nine players from the 1988 district champion team and joining the new CSAA league, the Huskies would have a hard time adjusting as a team. What should have been a rebuilding year, the Huskies turned the season into an exciting one.

The team's final record was 8 wins and 13 losses. The year ended in a 50-49 overtime loss to St. Louis at district tournament play. For the Huskies, this was a typical game that resembled the whole year. Many of the losses were games which were within reach of a win.

The Huskies were led by Scott Robertson, who was voted M.V.P. by his teammates, 1st team all-CSAA, and the team's leading scorer. Other honors went to Steve Smith for being voted Most Im-

proved Player by his teammates; Chad Plaxton was named all-CSAA honorable mention and was awarded the Mr. Hustle award; Rich Sanchez was also named all-CSAA honorable mention and was voted as the best defensive player by his teammates.

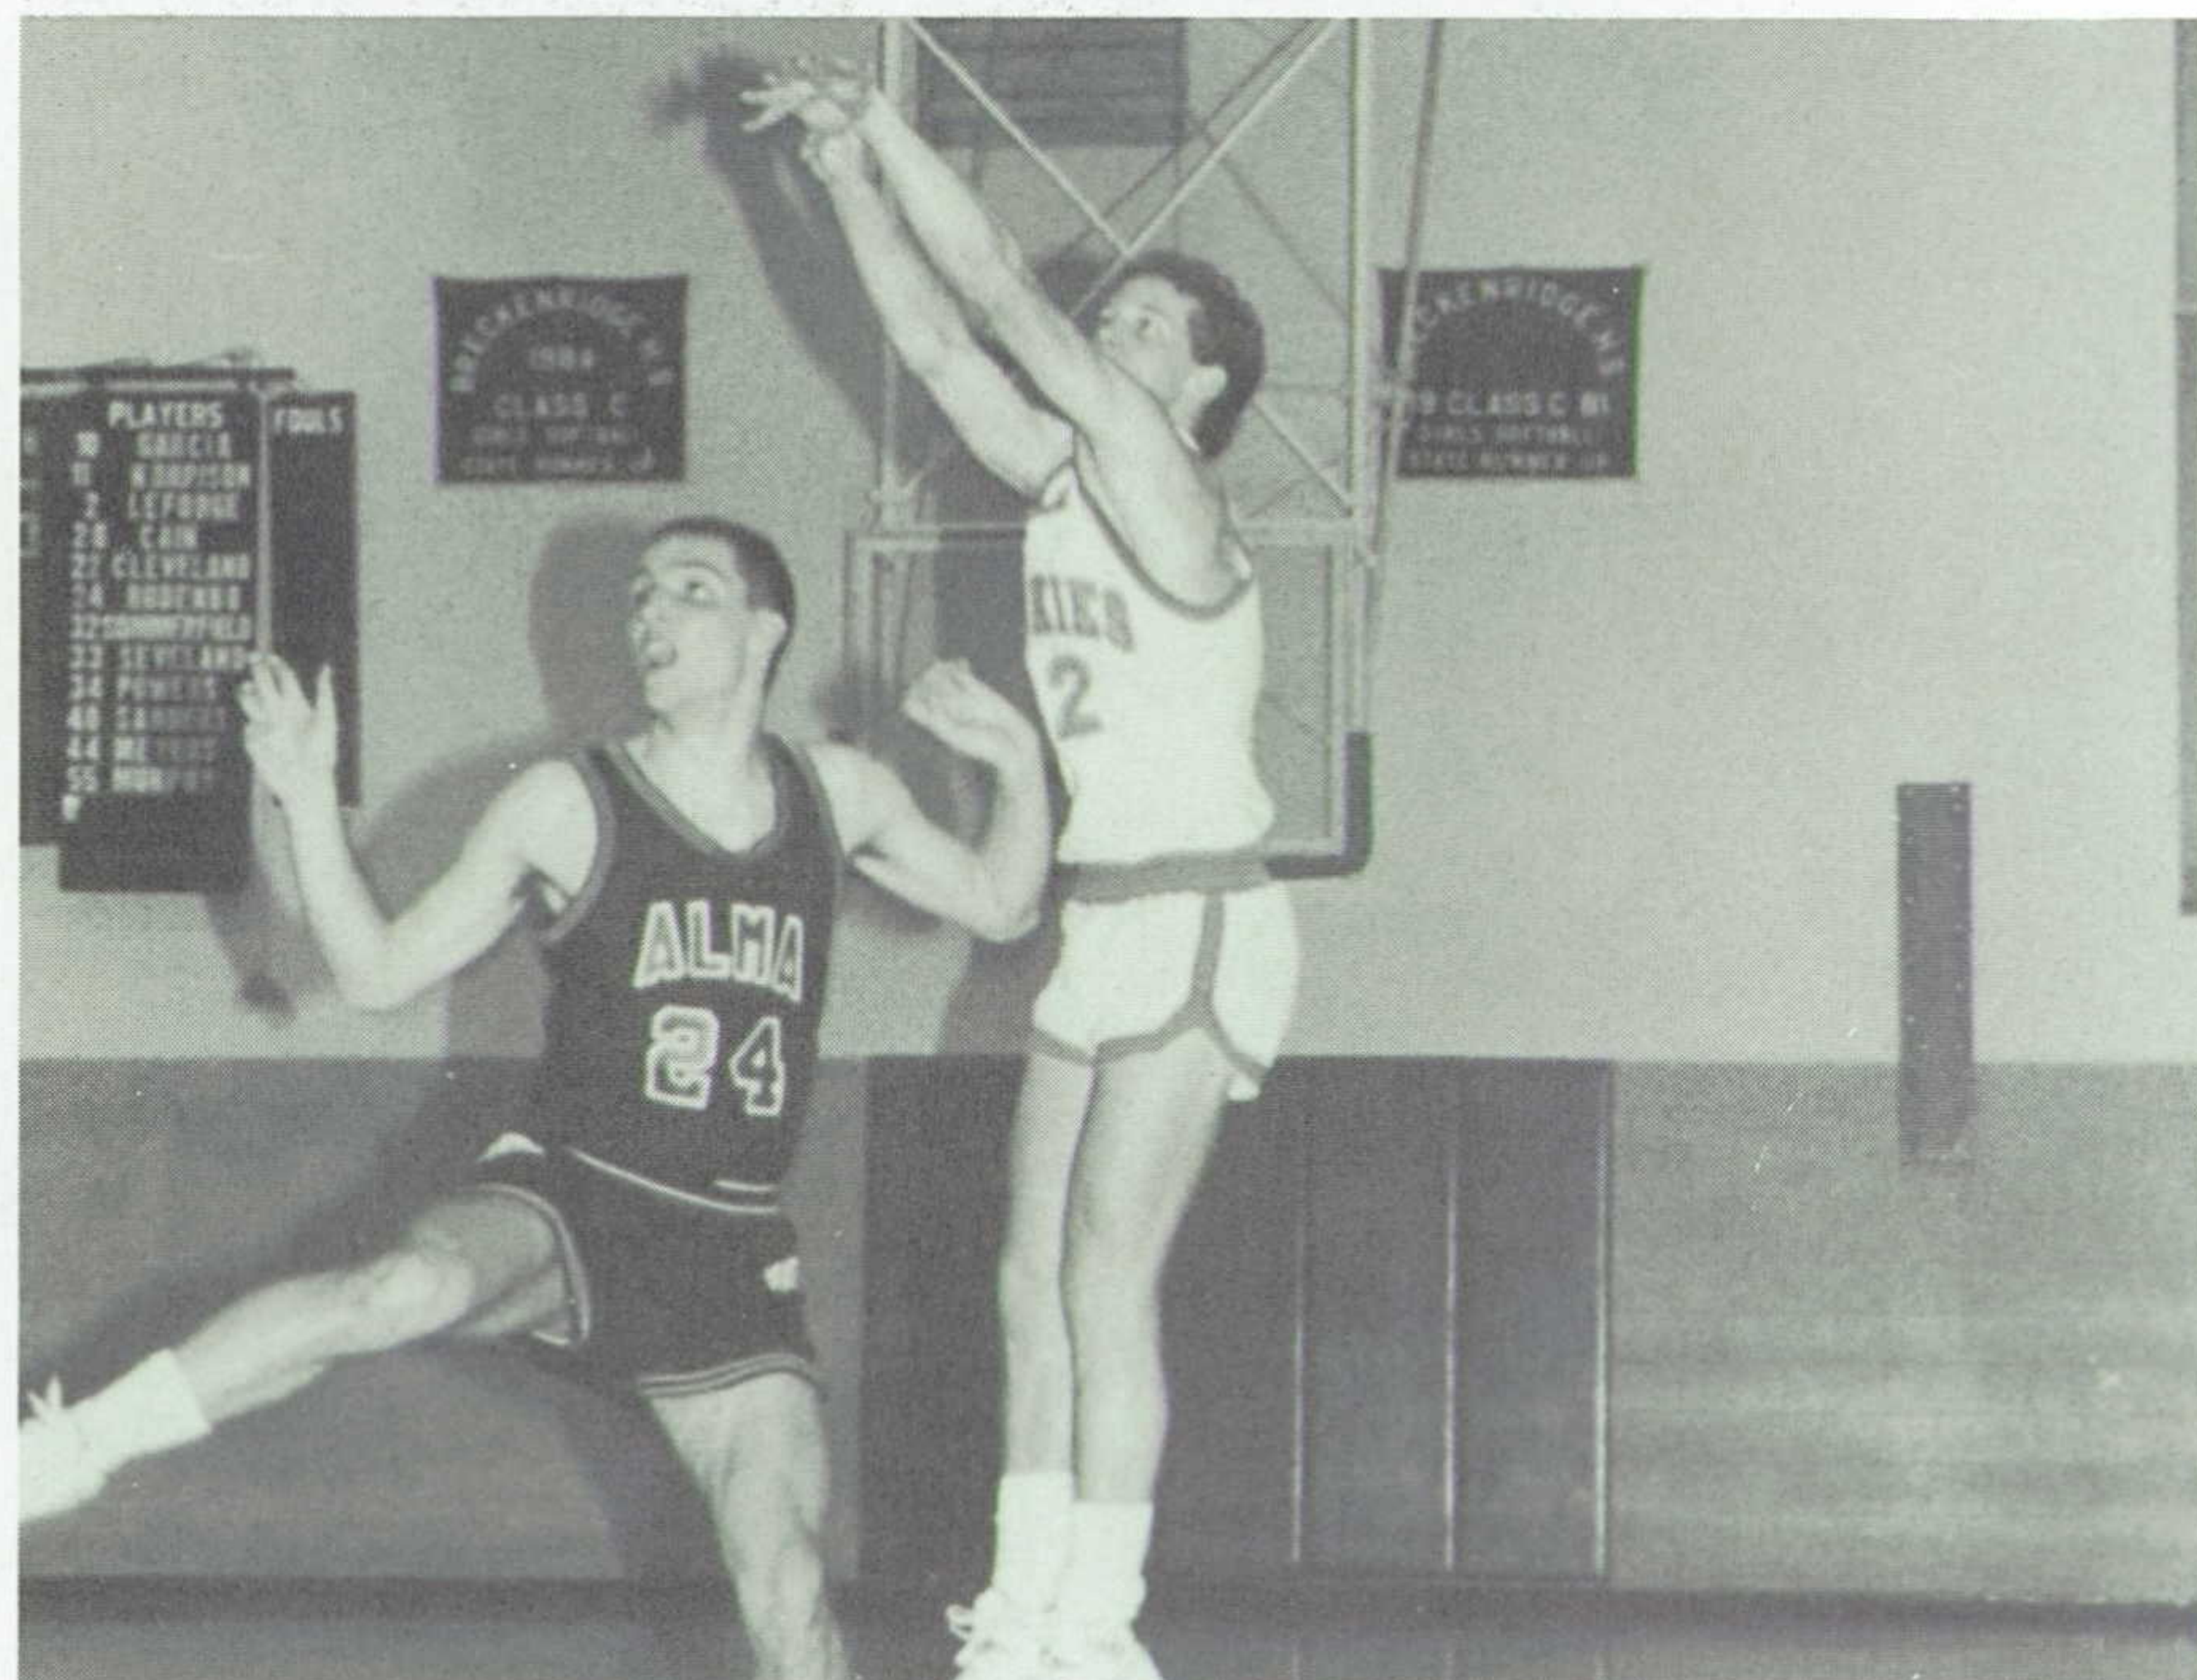

Working hard was a characteristic shown by the team during practices and games throughout the year. Losing only six players to graduation, this year's hard work should definitely pay off for next year's team. Having nine lettermen returning for the 1989-90 season, the Huskies will have the experience and leadership necessary for a successful year.

-Jim Ryan
-Steve Markley

Rich Sanchez shoots while being among a crowd of players. Rich was the only junior that started every game of the season.

Jeff Siler launches a three-pointer. Jeff often came through with a three-point goal to maintain a little offensive spark.

A Season Of Ups And Downs

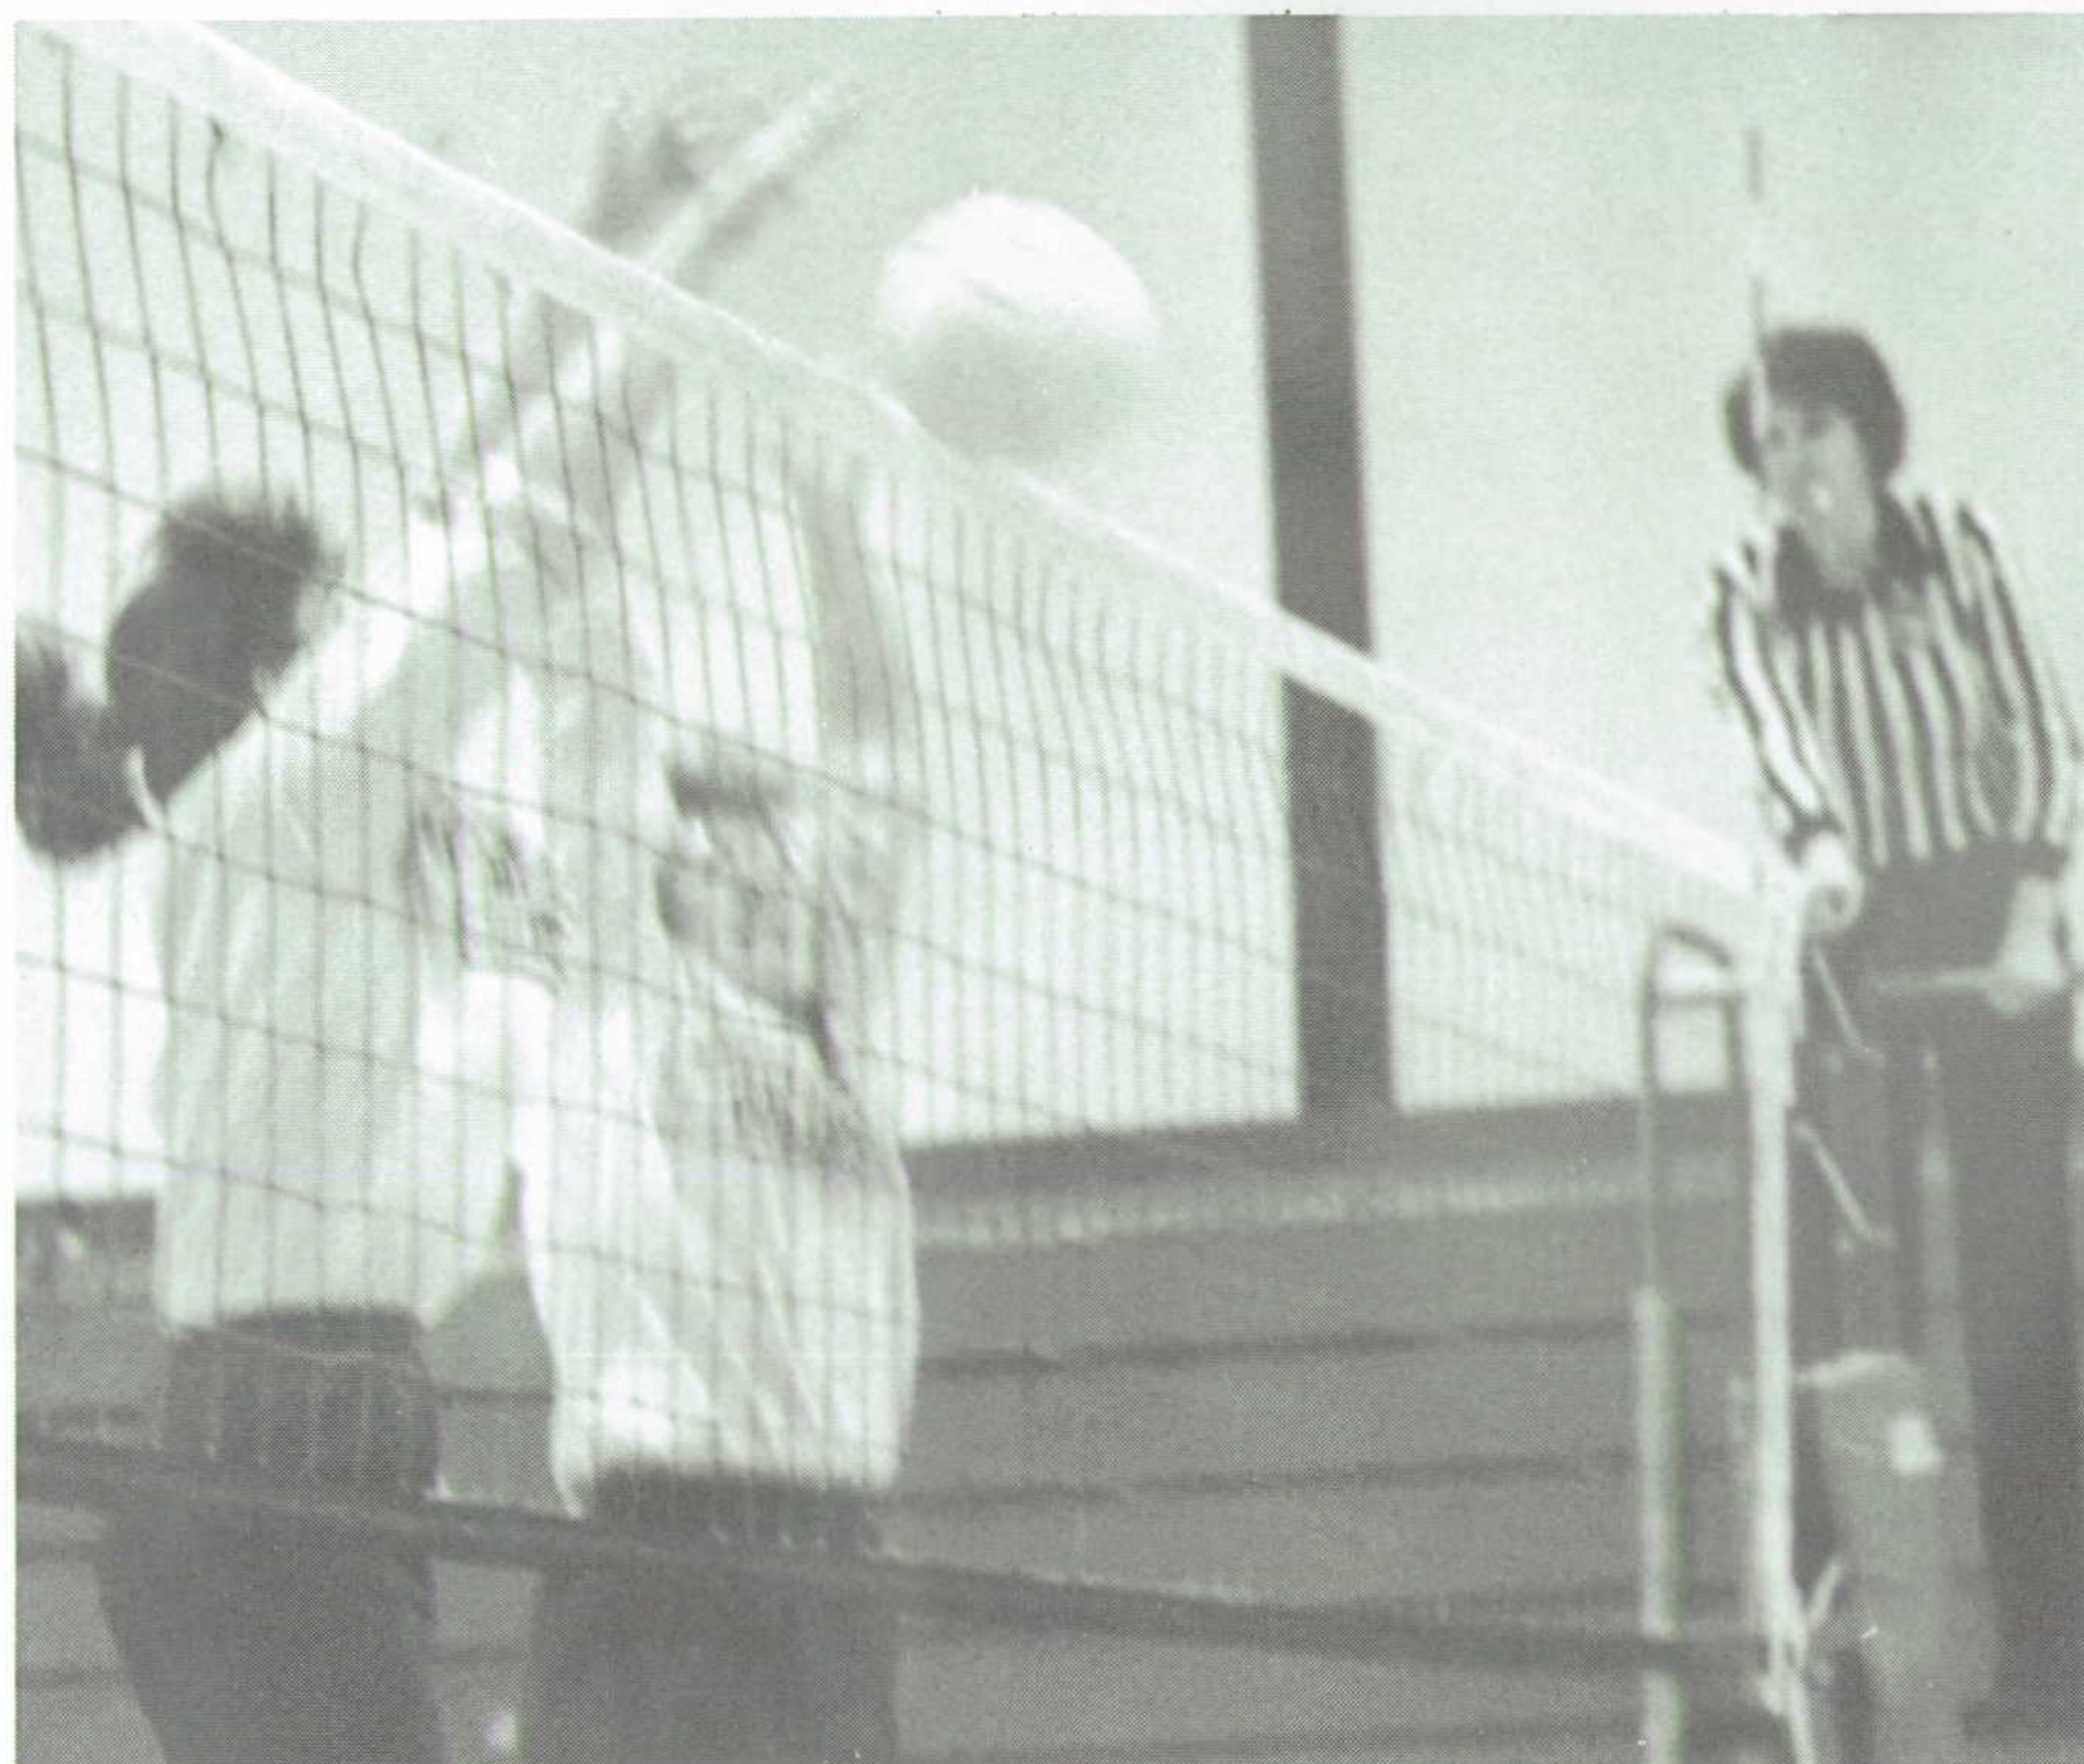

Cindy Shankel executes a nice bump to the setter while Melinda Schmitz and Wendy Kostal look on. Cindy was a first year varsity player and an asset to the team.

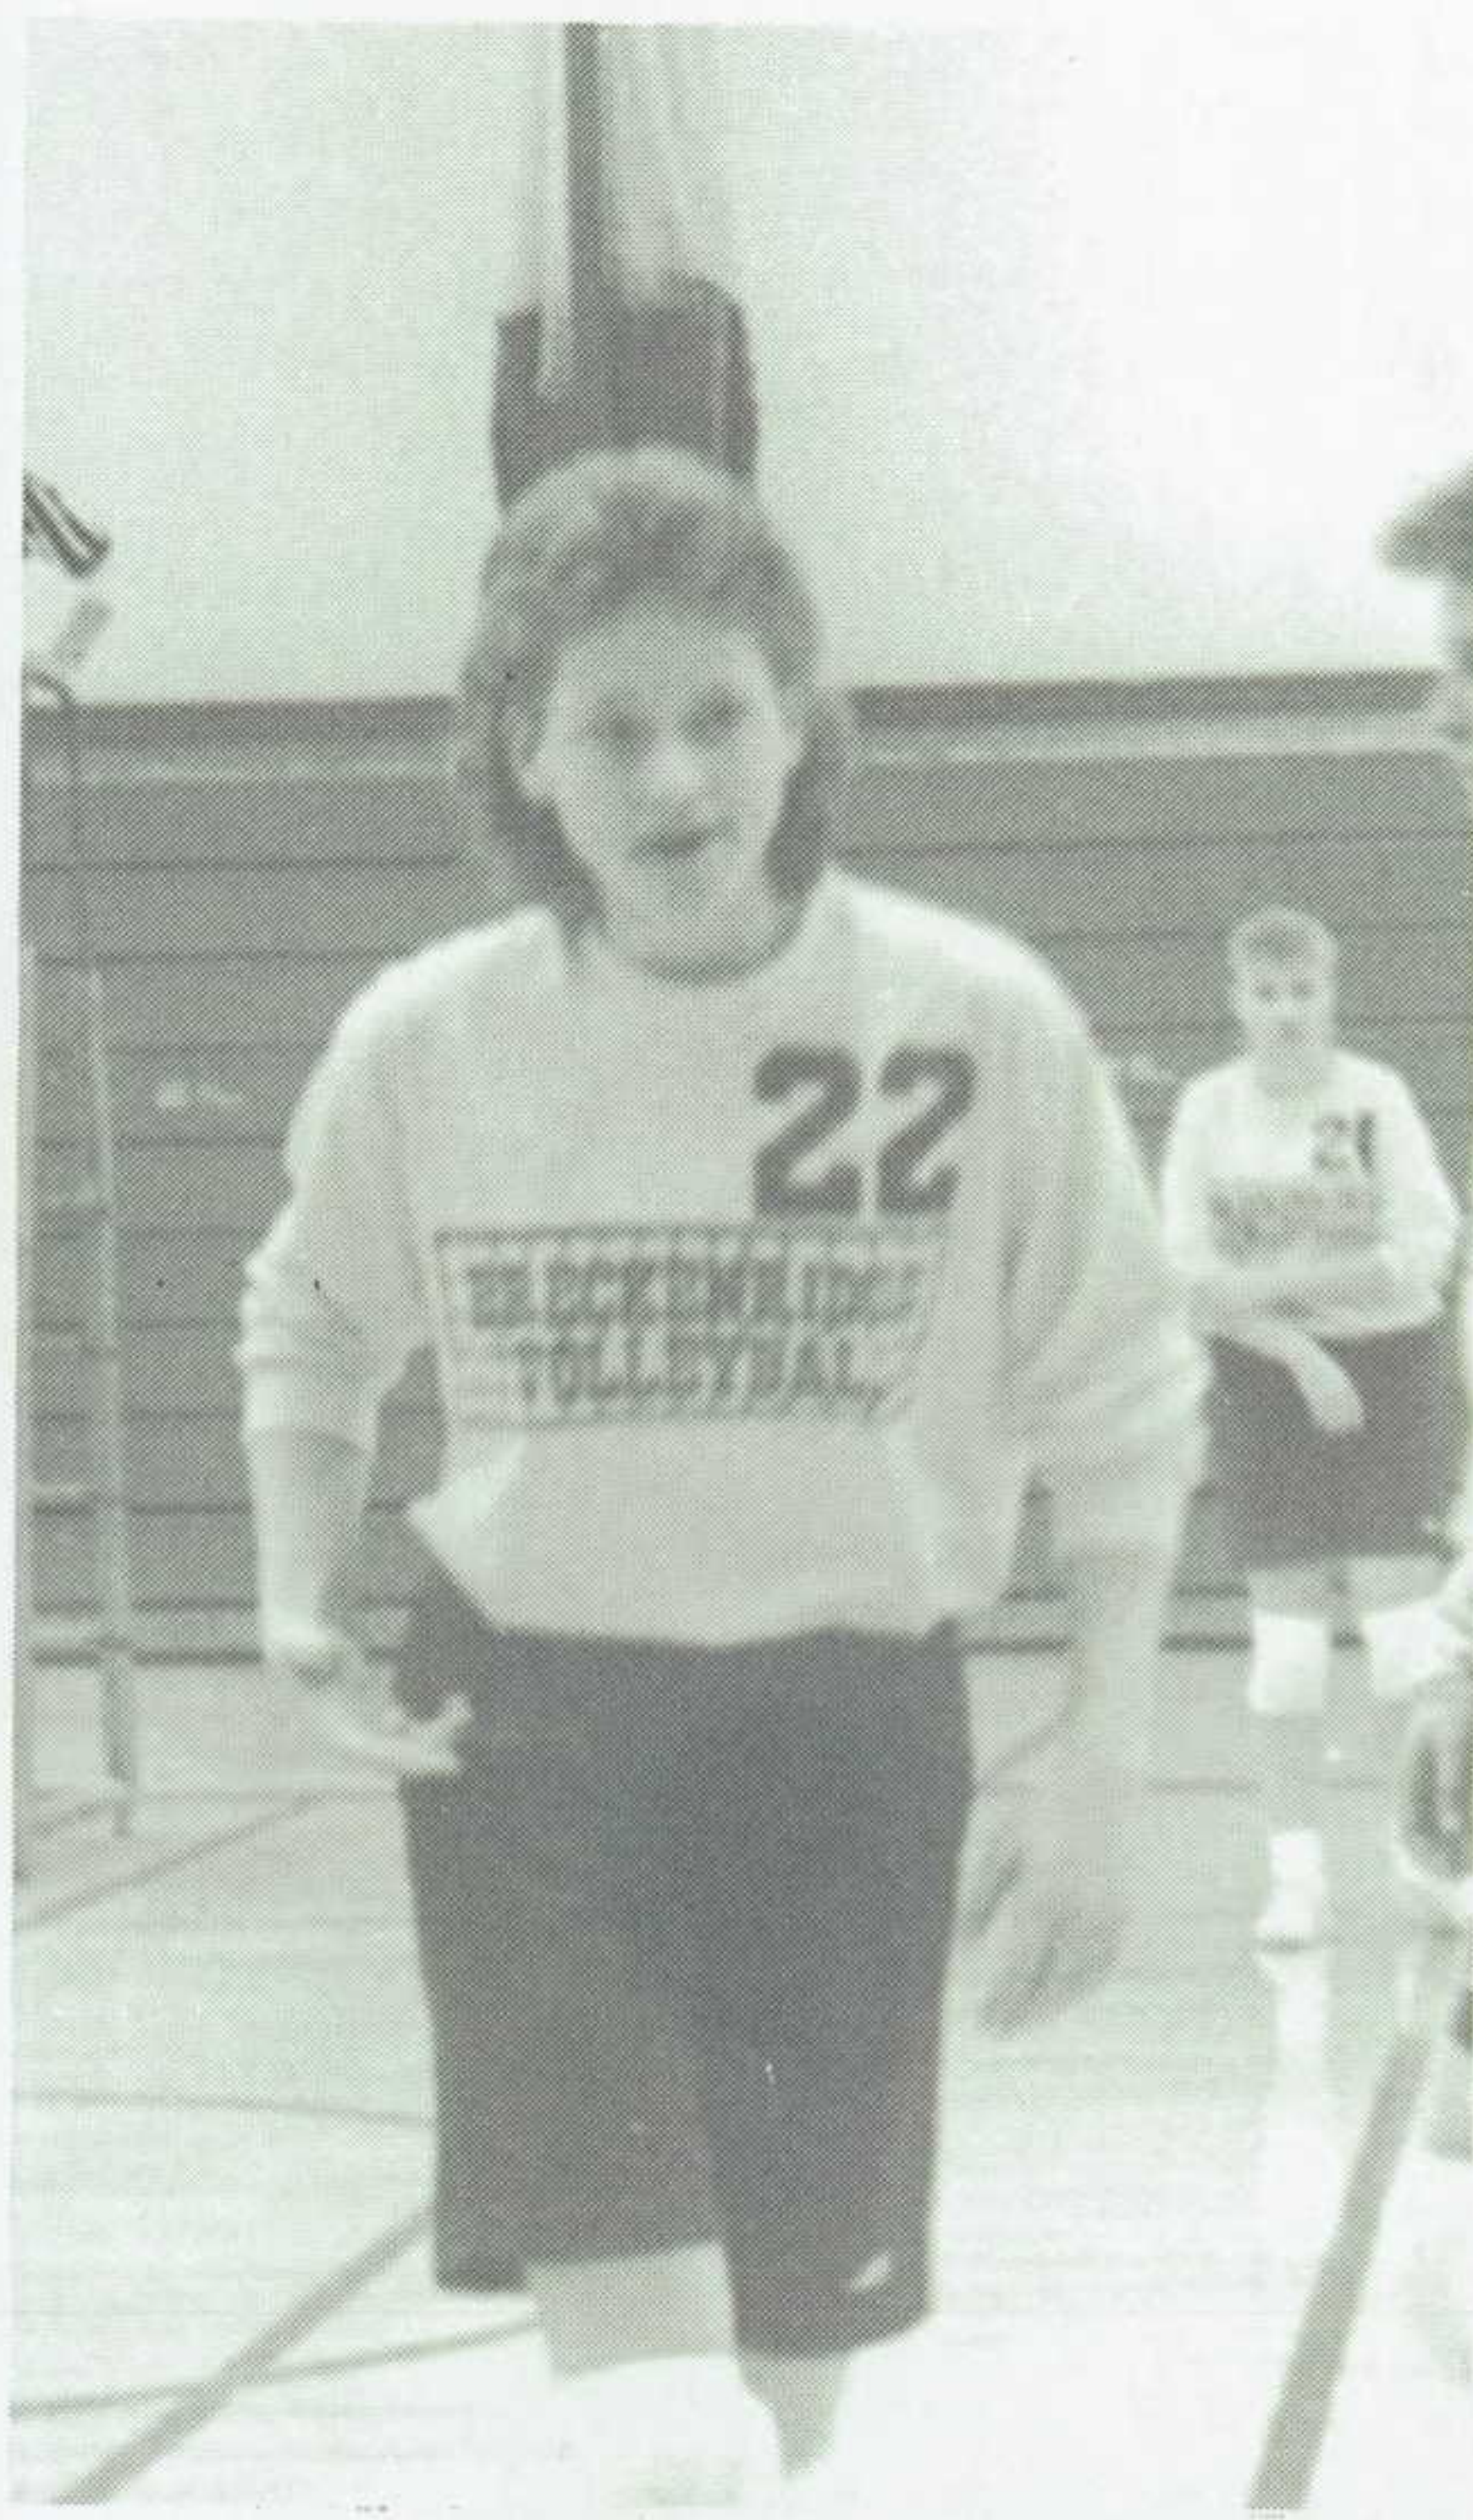

Cindy Shankel and Wendy Kostal go up together at the net to block a spike. A double block is sometimes hard to do, but they seem to block well together.

At a time out, Mr. Busch tries to explain to the girls what is going wrong. The girls listen very carefully to correct their mistakes.

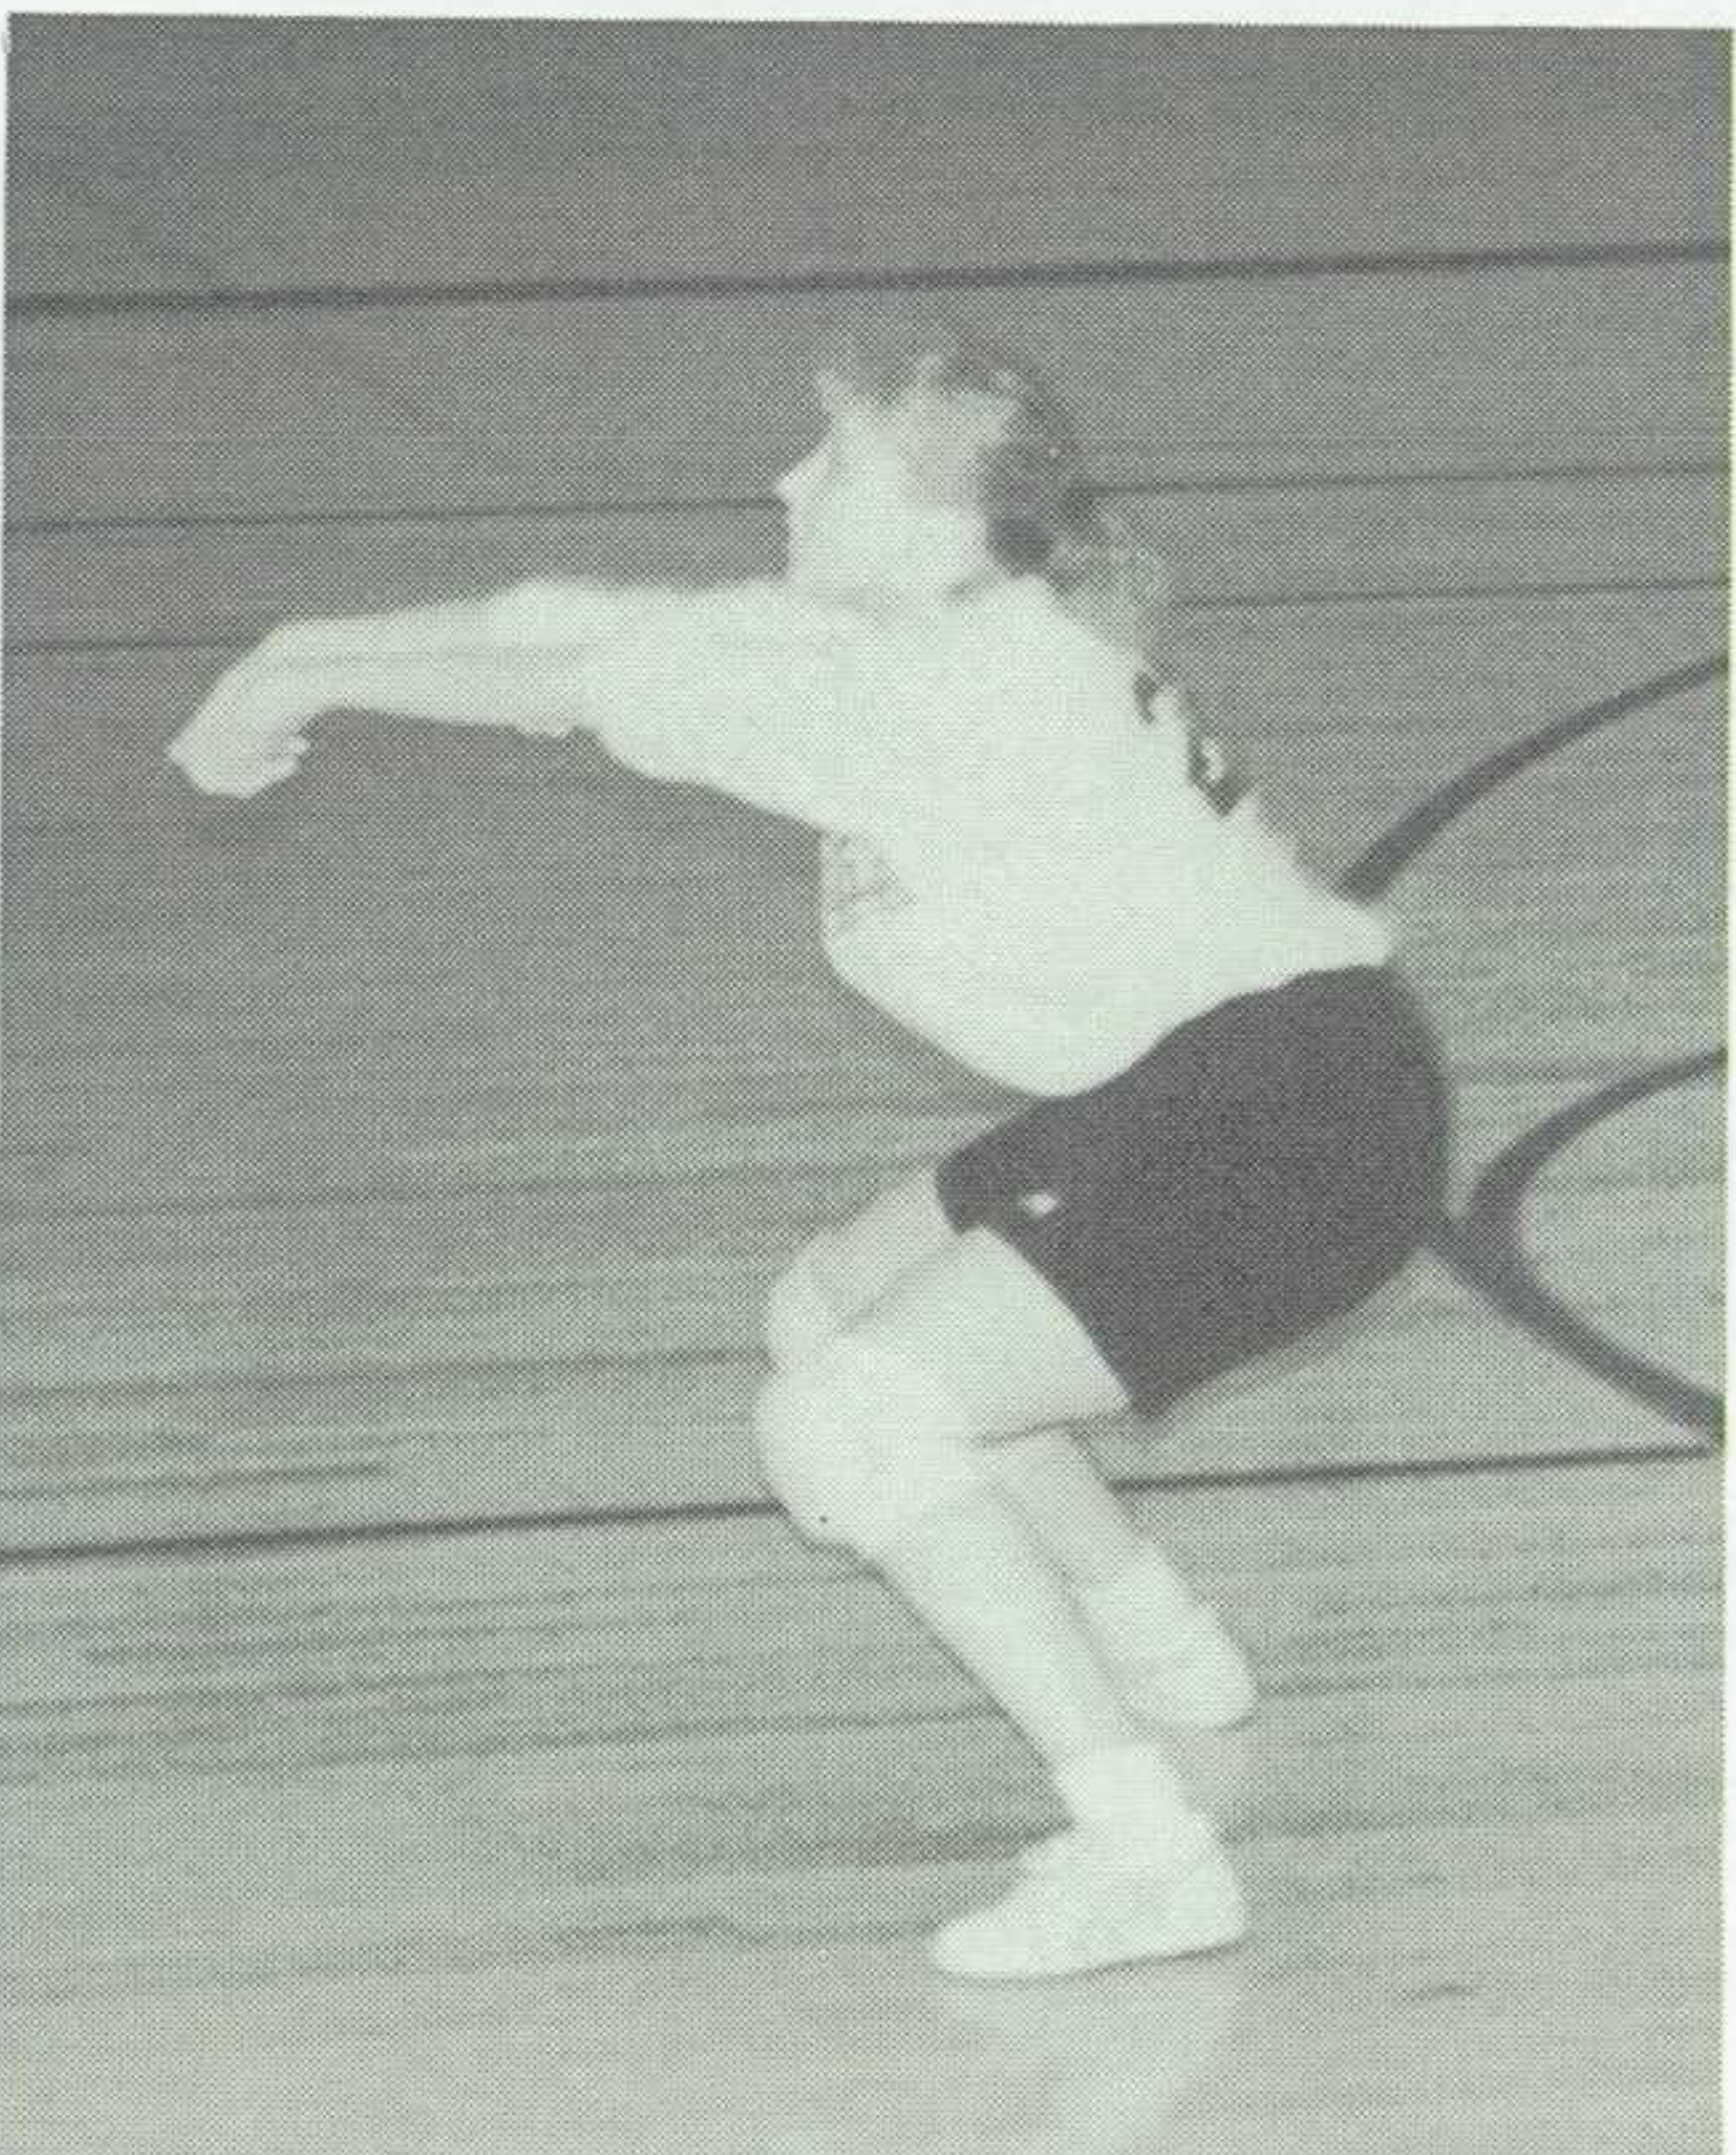

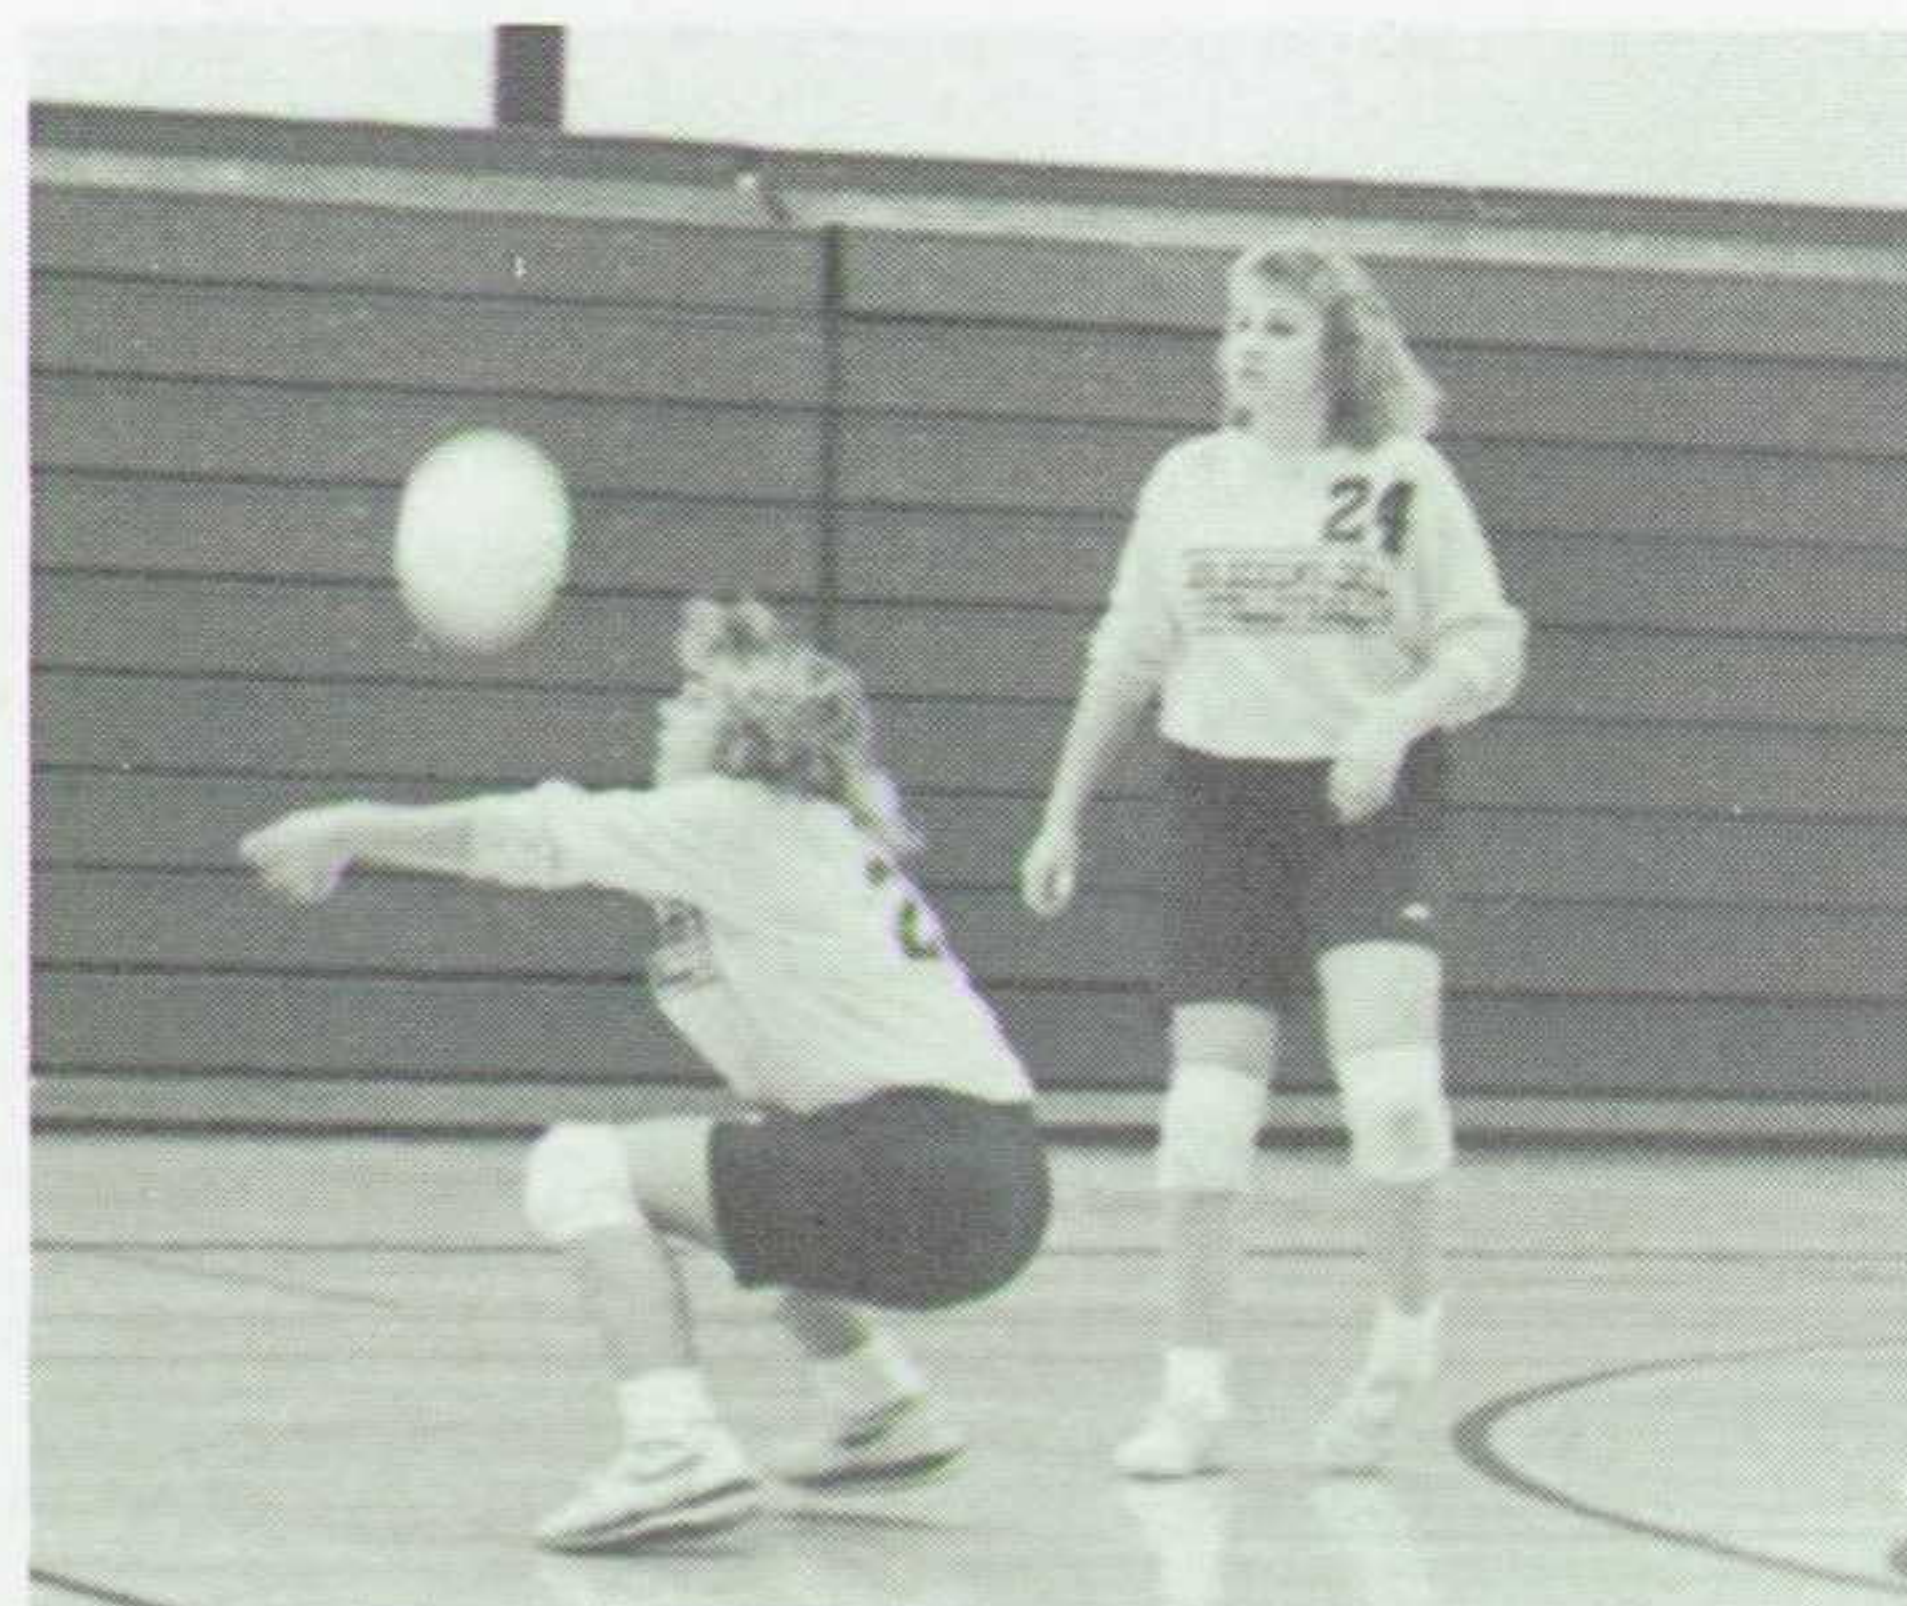

Debbie Belles stands ready for the serve to come over. Being alert and aware is a very important part of playing volleyball.

Melinda Schmitz is taken out of the game to enable her to catch her breath. Melinda has the potential to be a great volleyball player.

As Wendy Kostal digs under the ball, Stephanie Vaughn anticipates what will happen next. Wendy came up on varsity for the last few games.

FRONT ROW: Kristin Prahin, Debbie Belles, Kim Esquivel, Melinda Schmitz, Wendy Kostal; BACK ROW: Bobbi Mayle,

lost Darcy Gallihugh to an injured ankle. The team went to a new tourney at Ferris State, which presented to be a new challenge. The team was pleased with the results.

The team will be losing one senior, Kim Esquivel. With new players along with the old experience, the team looks very promising for next year.

-Stephanie Vaughn

The volleyball team had a very rocky season. At the Carrollton Tourney, Cara Hurt reinjured her ankle. Before the season really got started, Debbie Belles hurt her finger, and a few of the girls were out with the flu. The 1989 team definitely had its ups and downs, but they did finish third in the new league.

The team, for the second year in a row, took first place at their Breckenridge Invitational. The Ithaca Sweetheart Tourney, which took place in Breckenridge, proved to be a disappointment to the team. They not only failed to place, but they

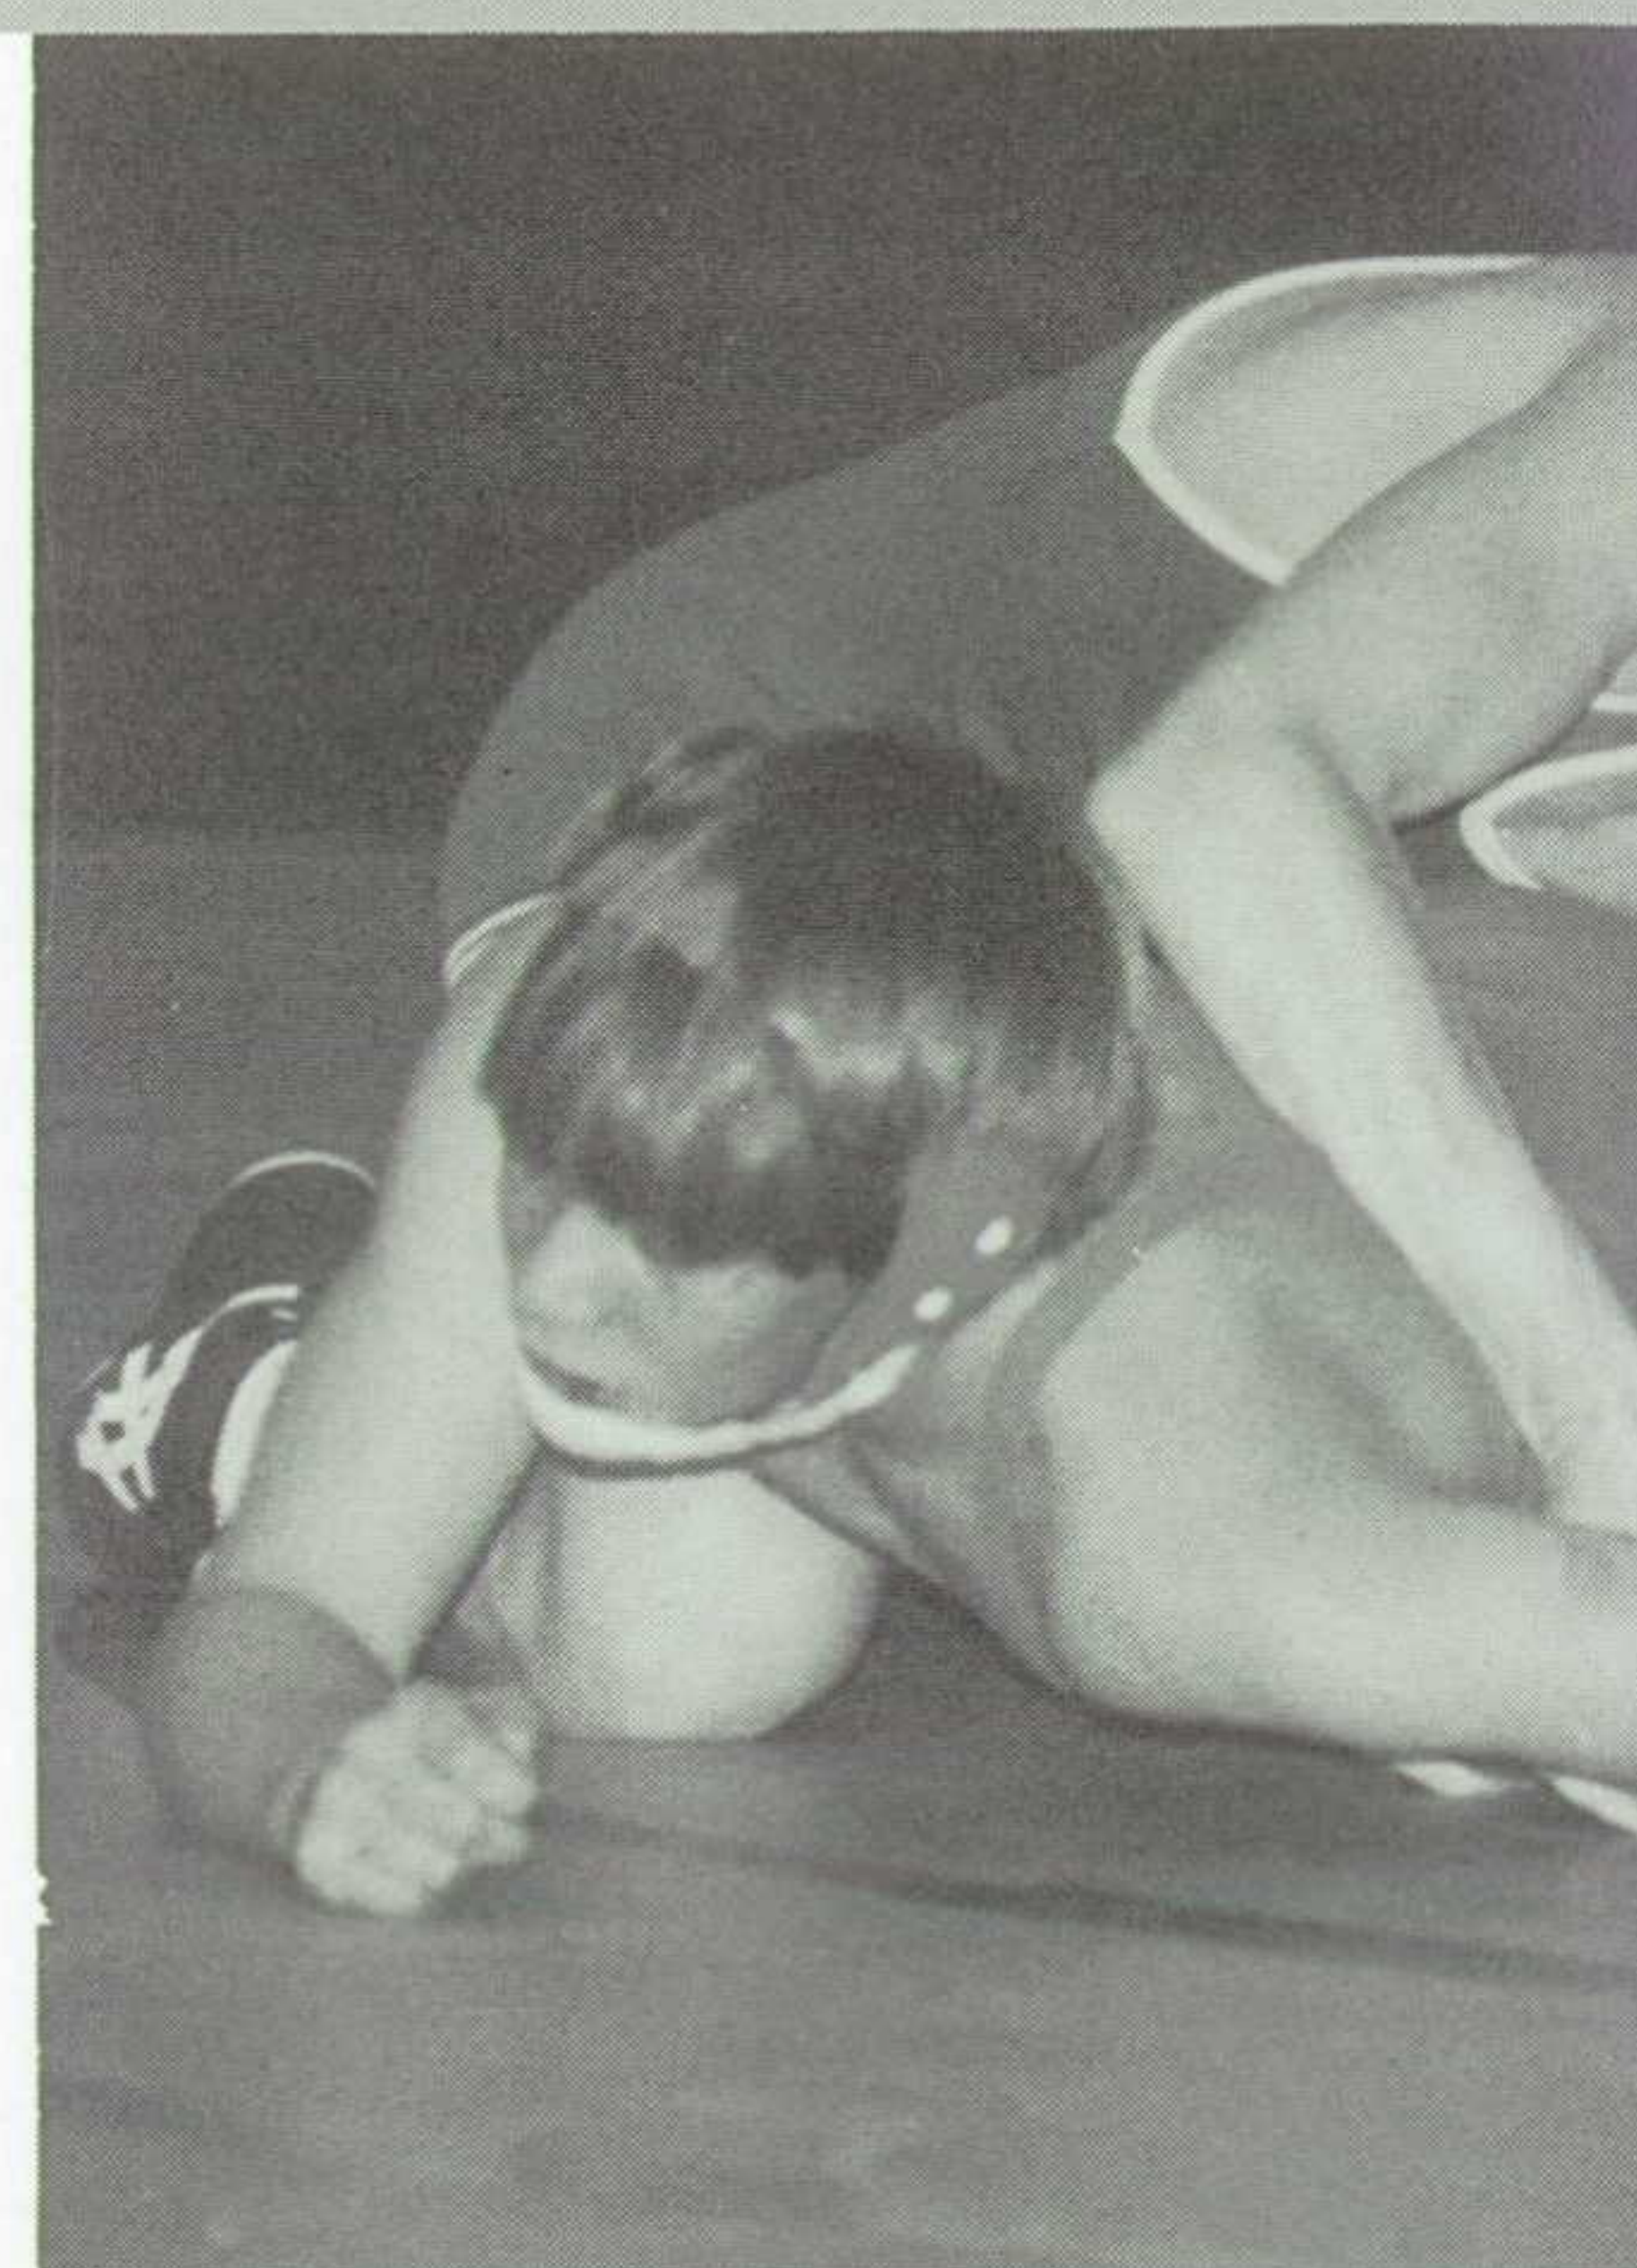

BHS Grapplers' Season Ends Strong

The Huskie wrestling team, faced with a young, inexperienced team finished the season with 7 wins in the last half of the season to raise their record to 9 wins and 15 losses over-all. Placing second behind M.L.S., who became regional qualifiers, at the Breckenridge tournament was one of the highlights the team faced. With the season being shortened again by state regulations, it seemed that in no time districts were upon us. Winners from Breckenridge that advanced to regionals were seniors Doug Shankel (Hwt.), Gary Coulson (189), Rod Laurenz (171), and Mike Faulman (152), with Doug Shankel being the

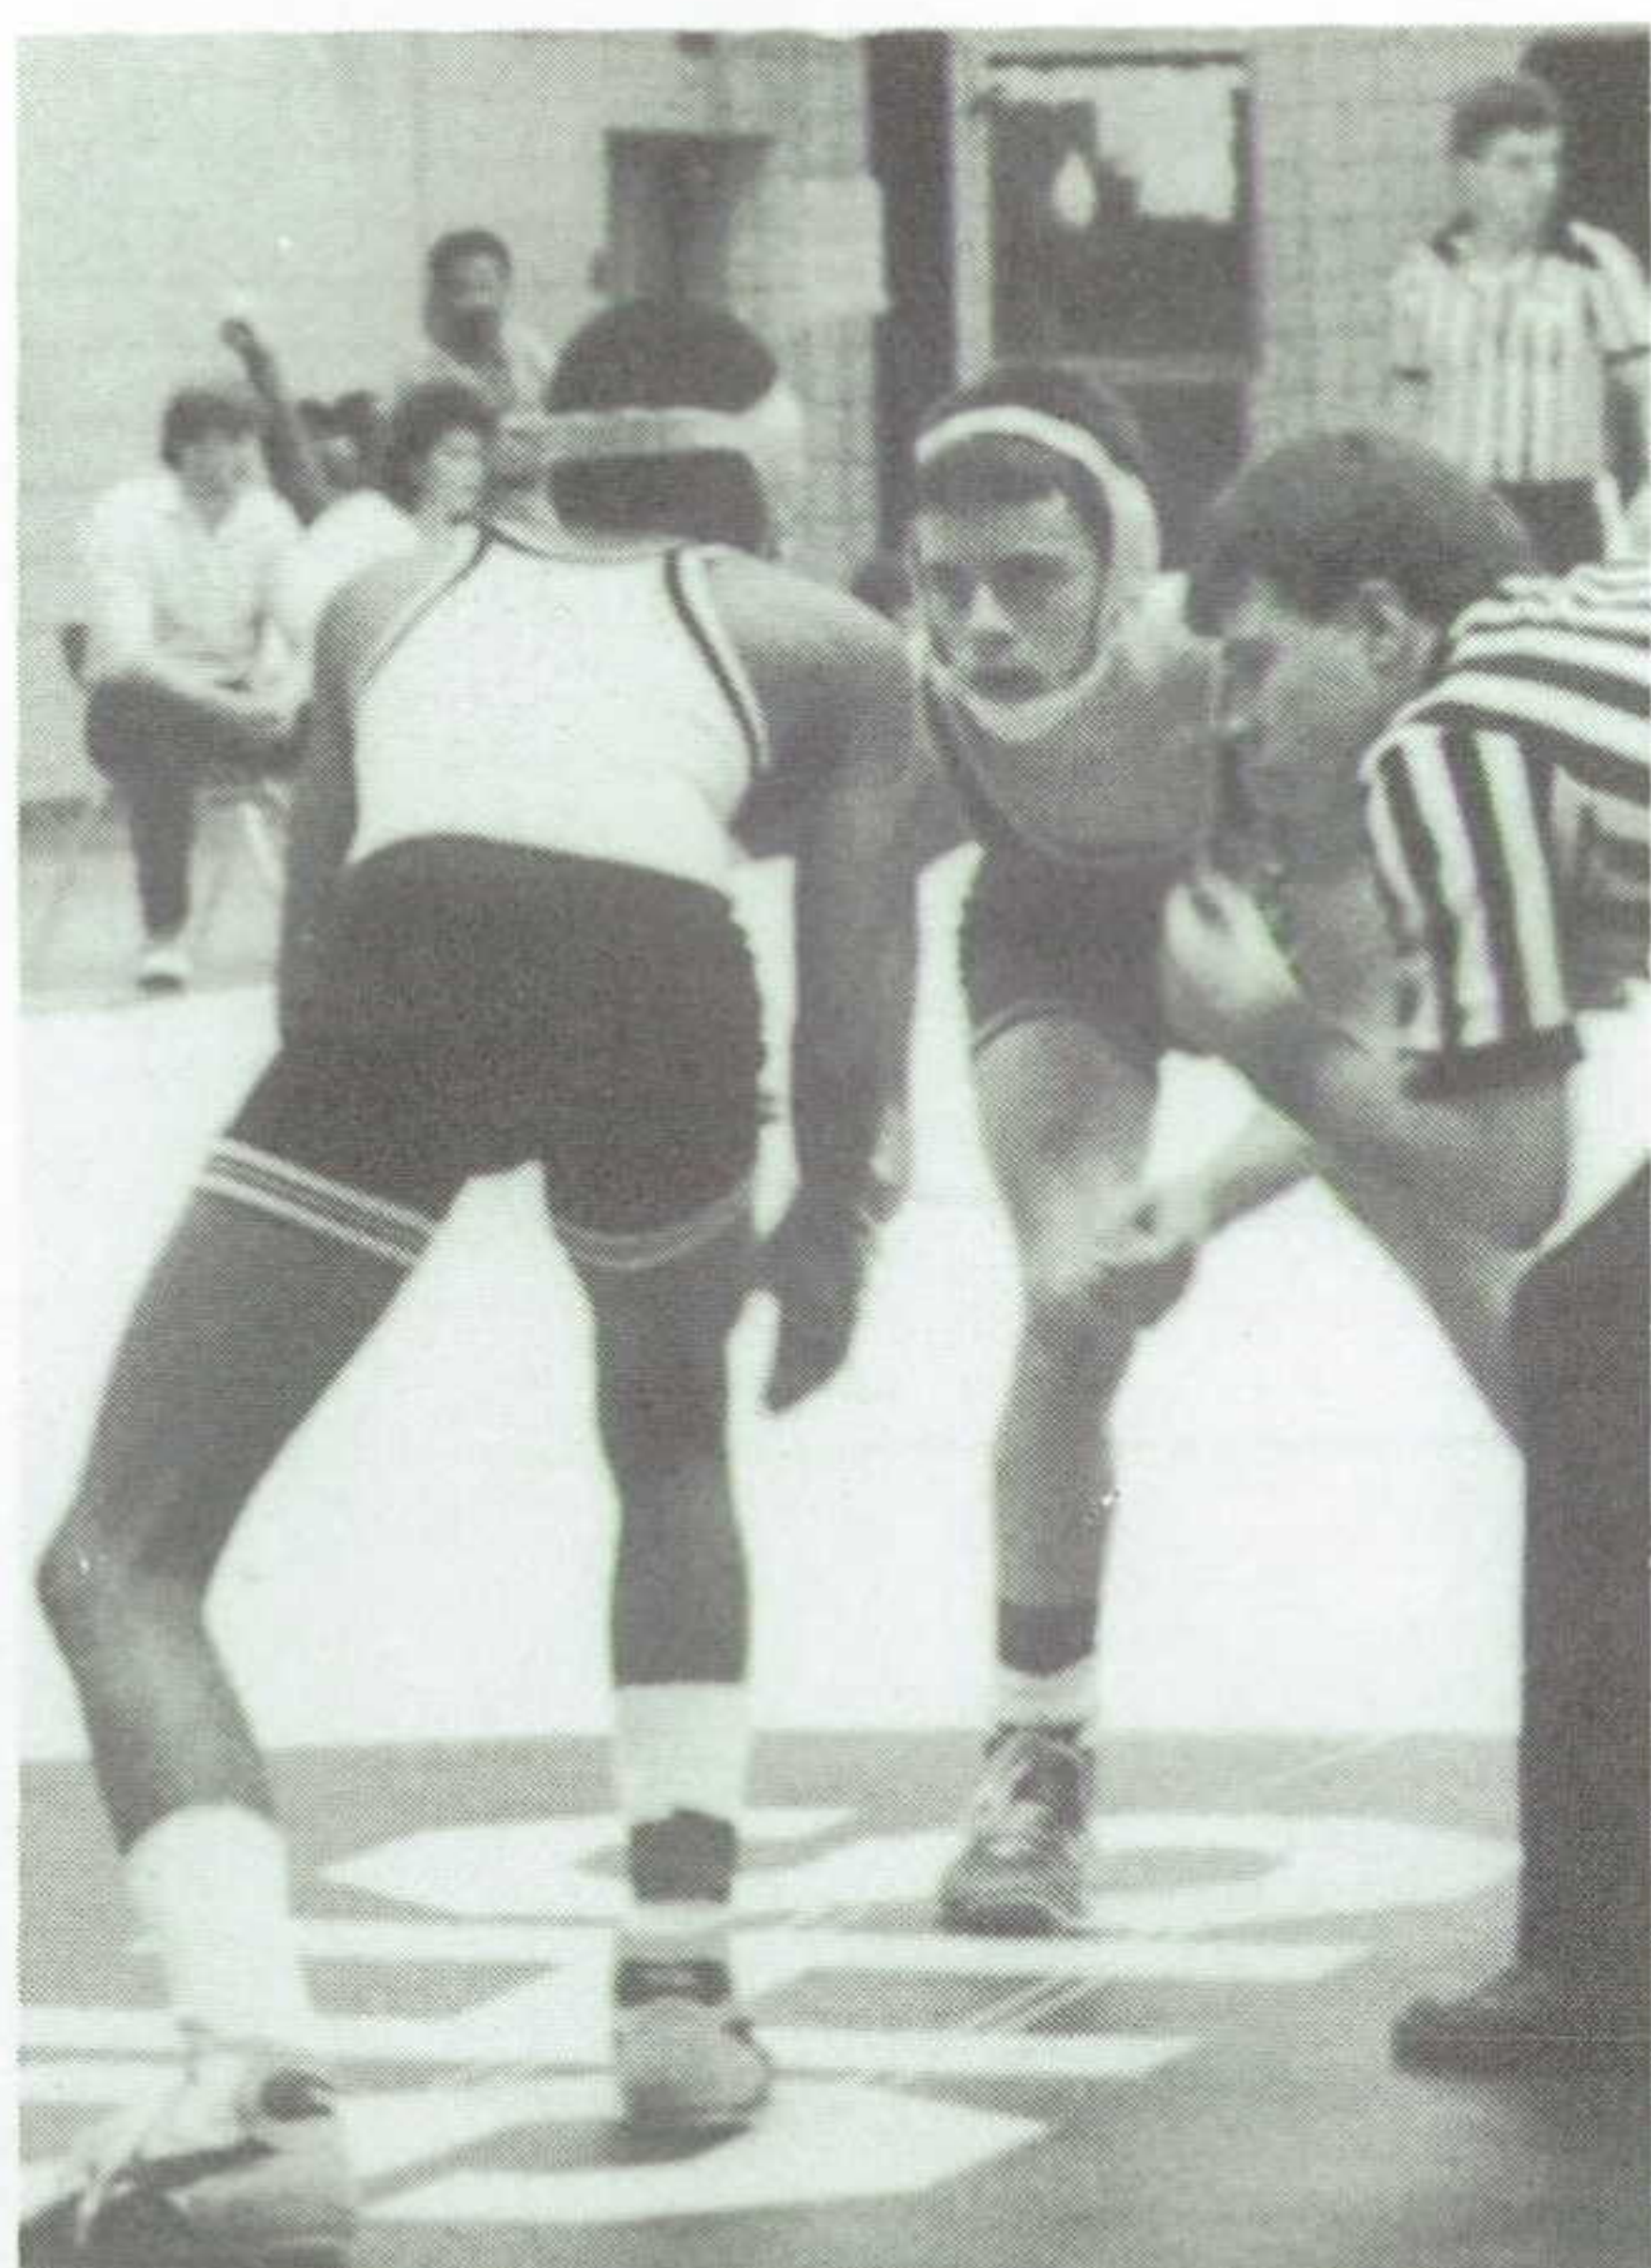

lone Huskie to compete at the state level. Doug also posted his 100th win this season. These recognitions along with being a tri-captain, with Larry Luckett and Mark Seward, earned him the M.V.P. award. Most Improved Player was handed out to Rod Laurenz and Mike Faulman. Rod also earned the coaches award. Mark Abell was voted outstanding Freshmen/Sophomore for the 1988-89 season.

The 12 members returning will be looking forward to becoming team leaders and adding a firm foundation to build on.

-Gary Coulson

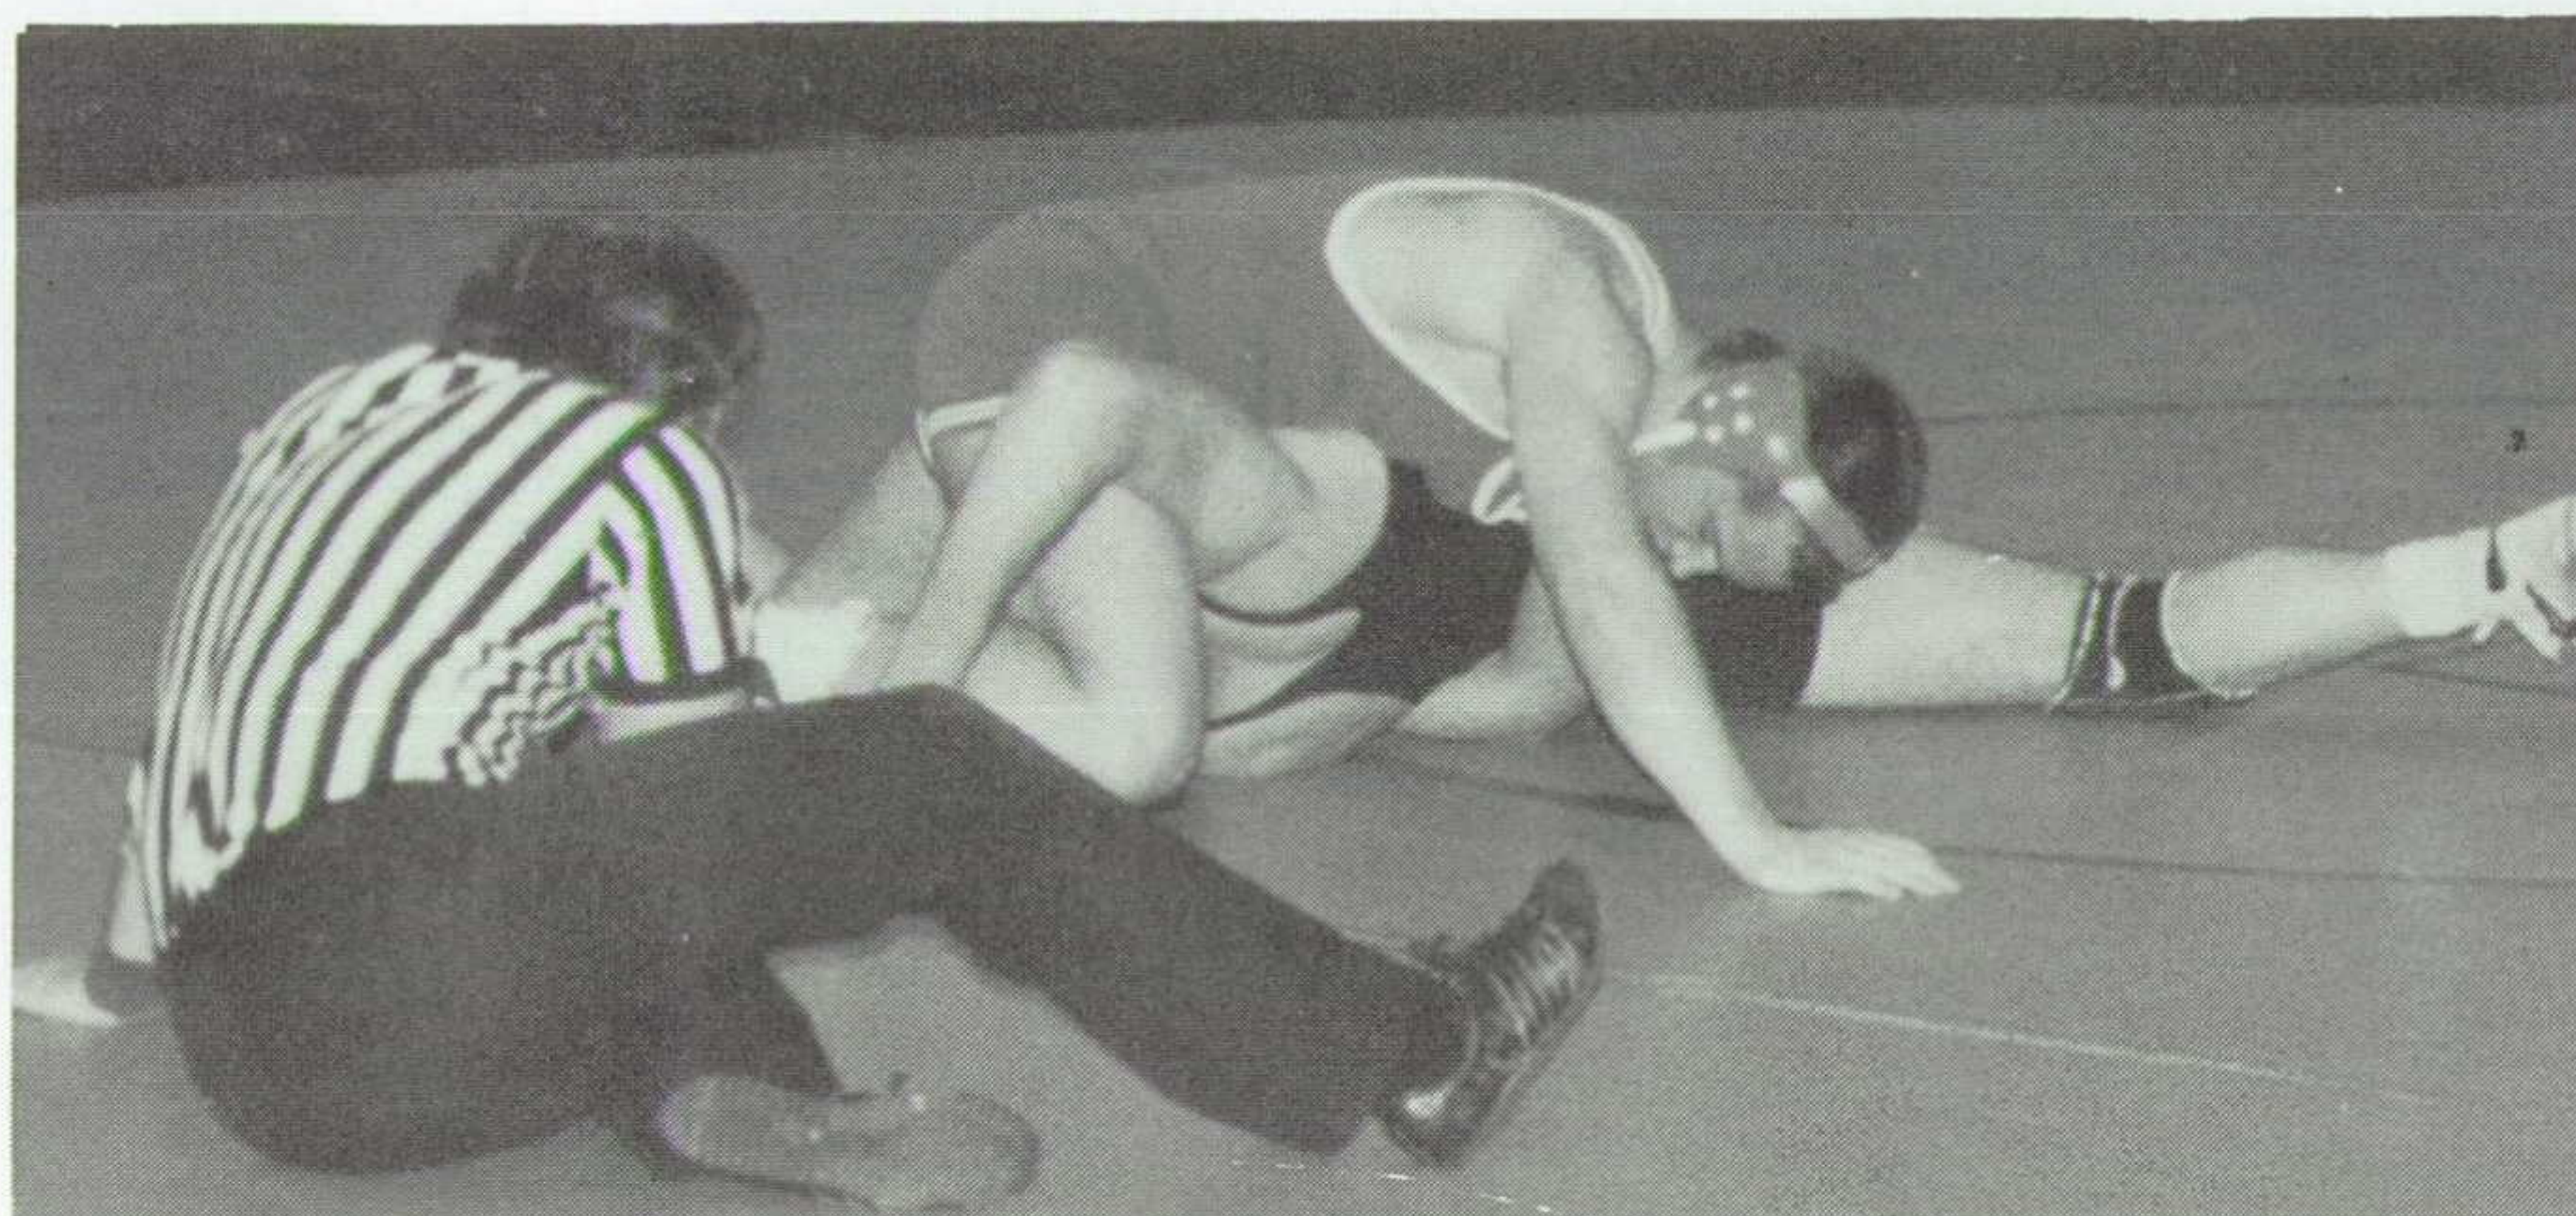

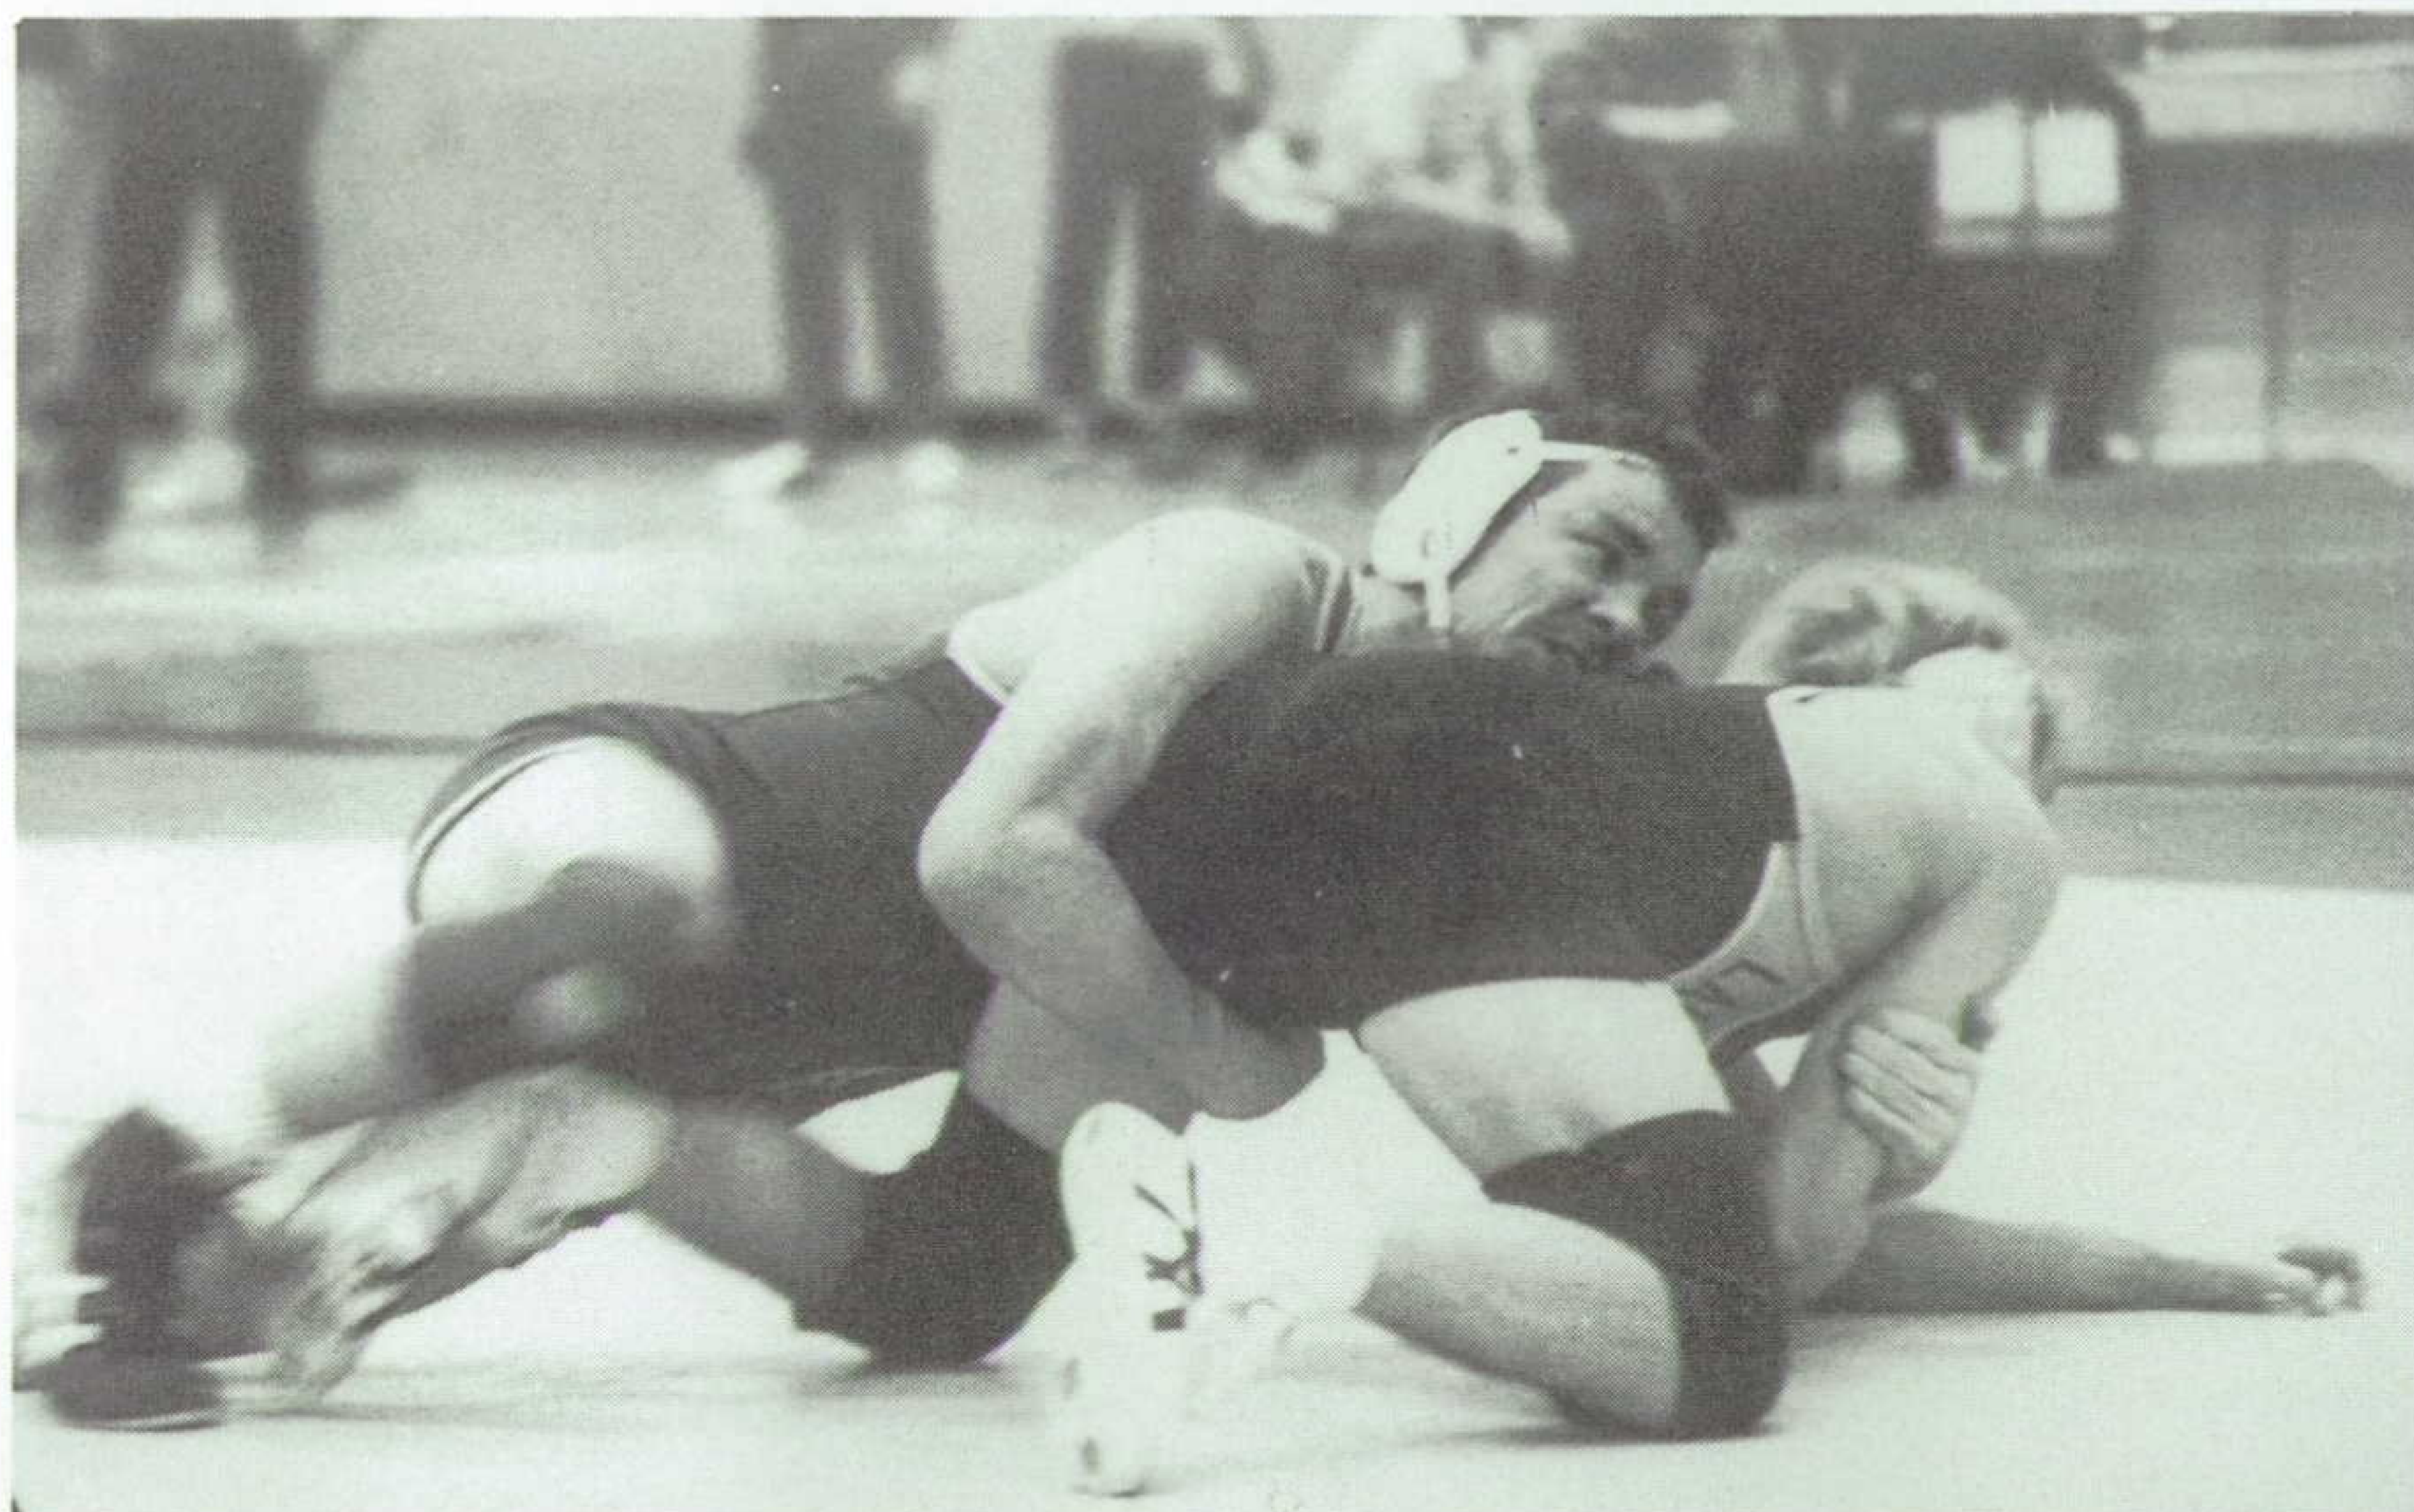

Larry Luckett breaks down his opponent. Larry's season was shortened by a knee problem which occurred during the season.

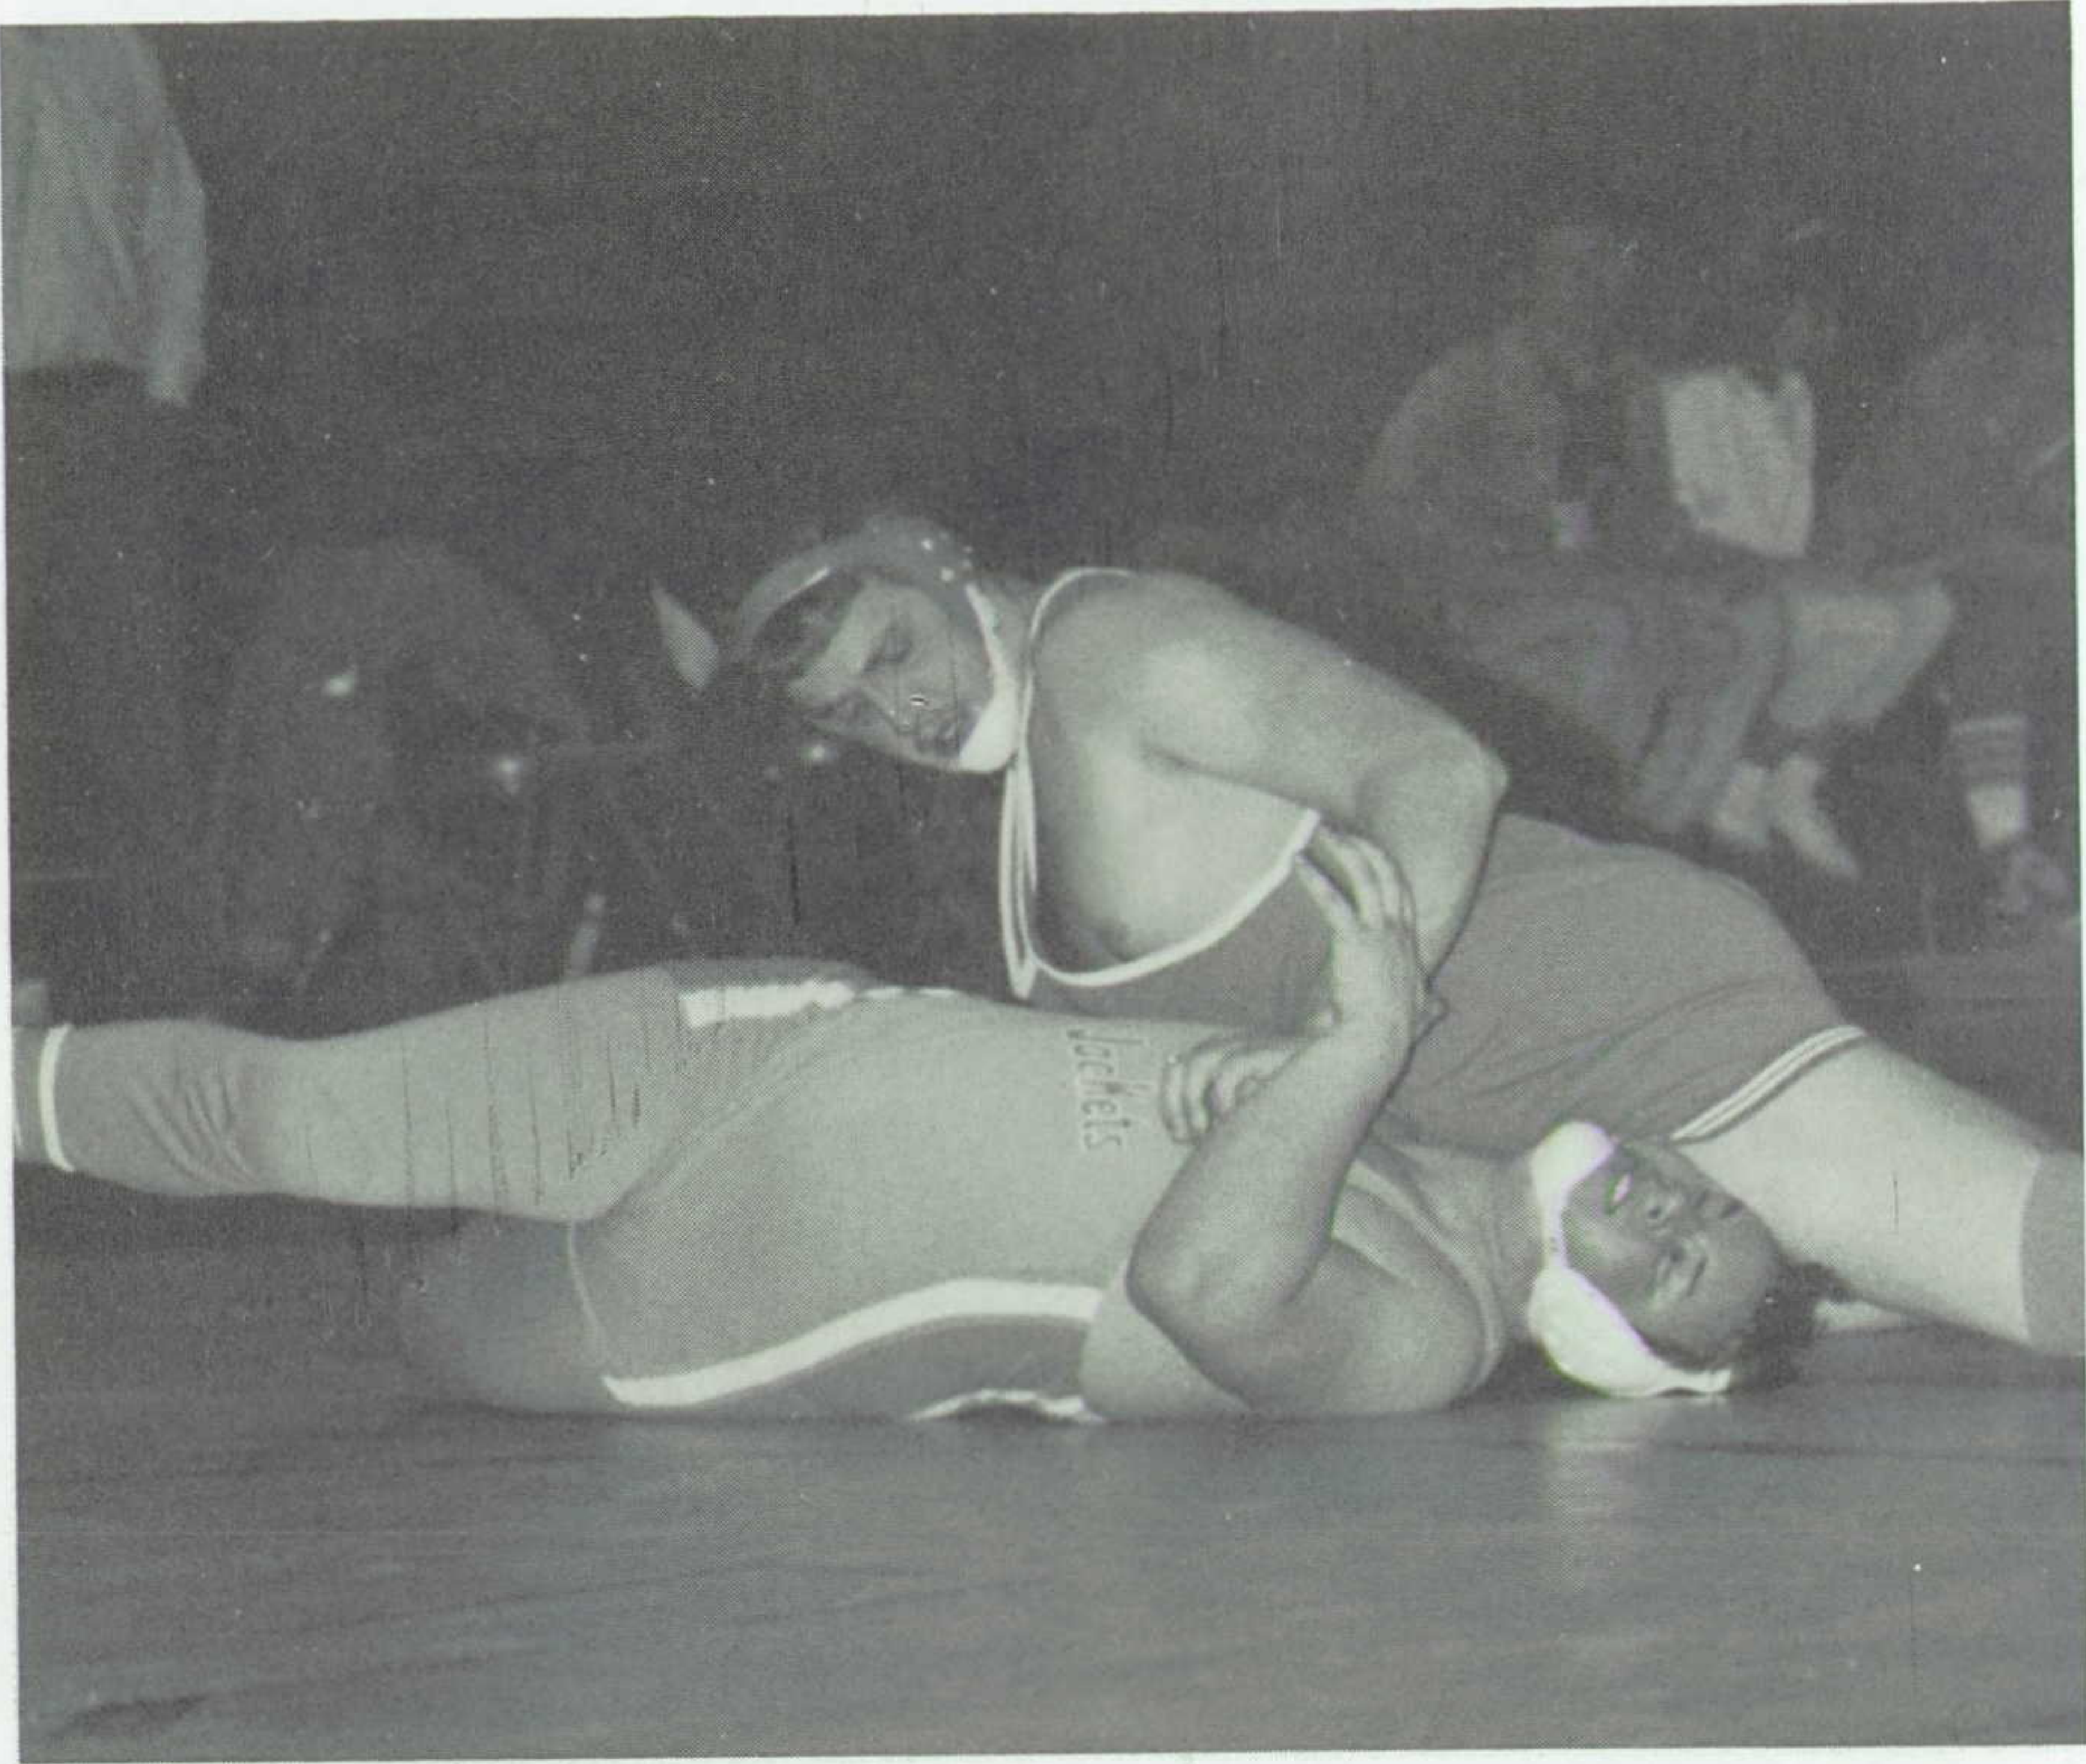

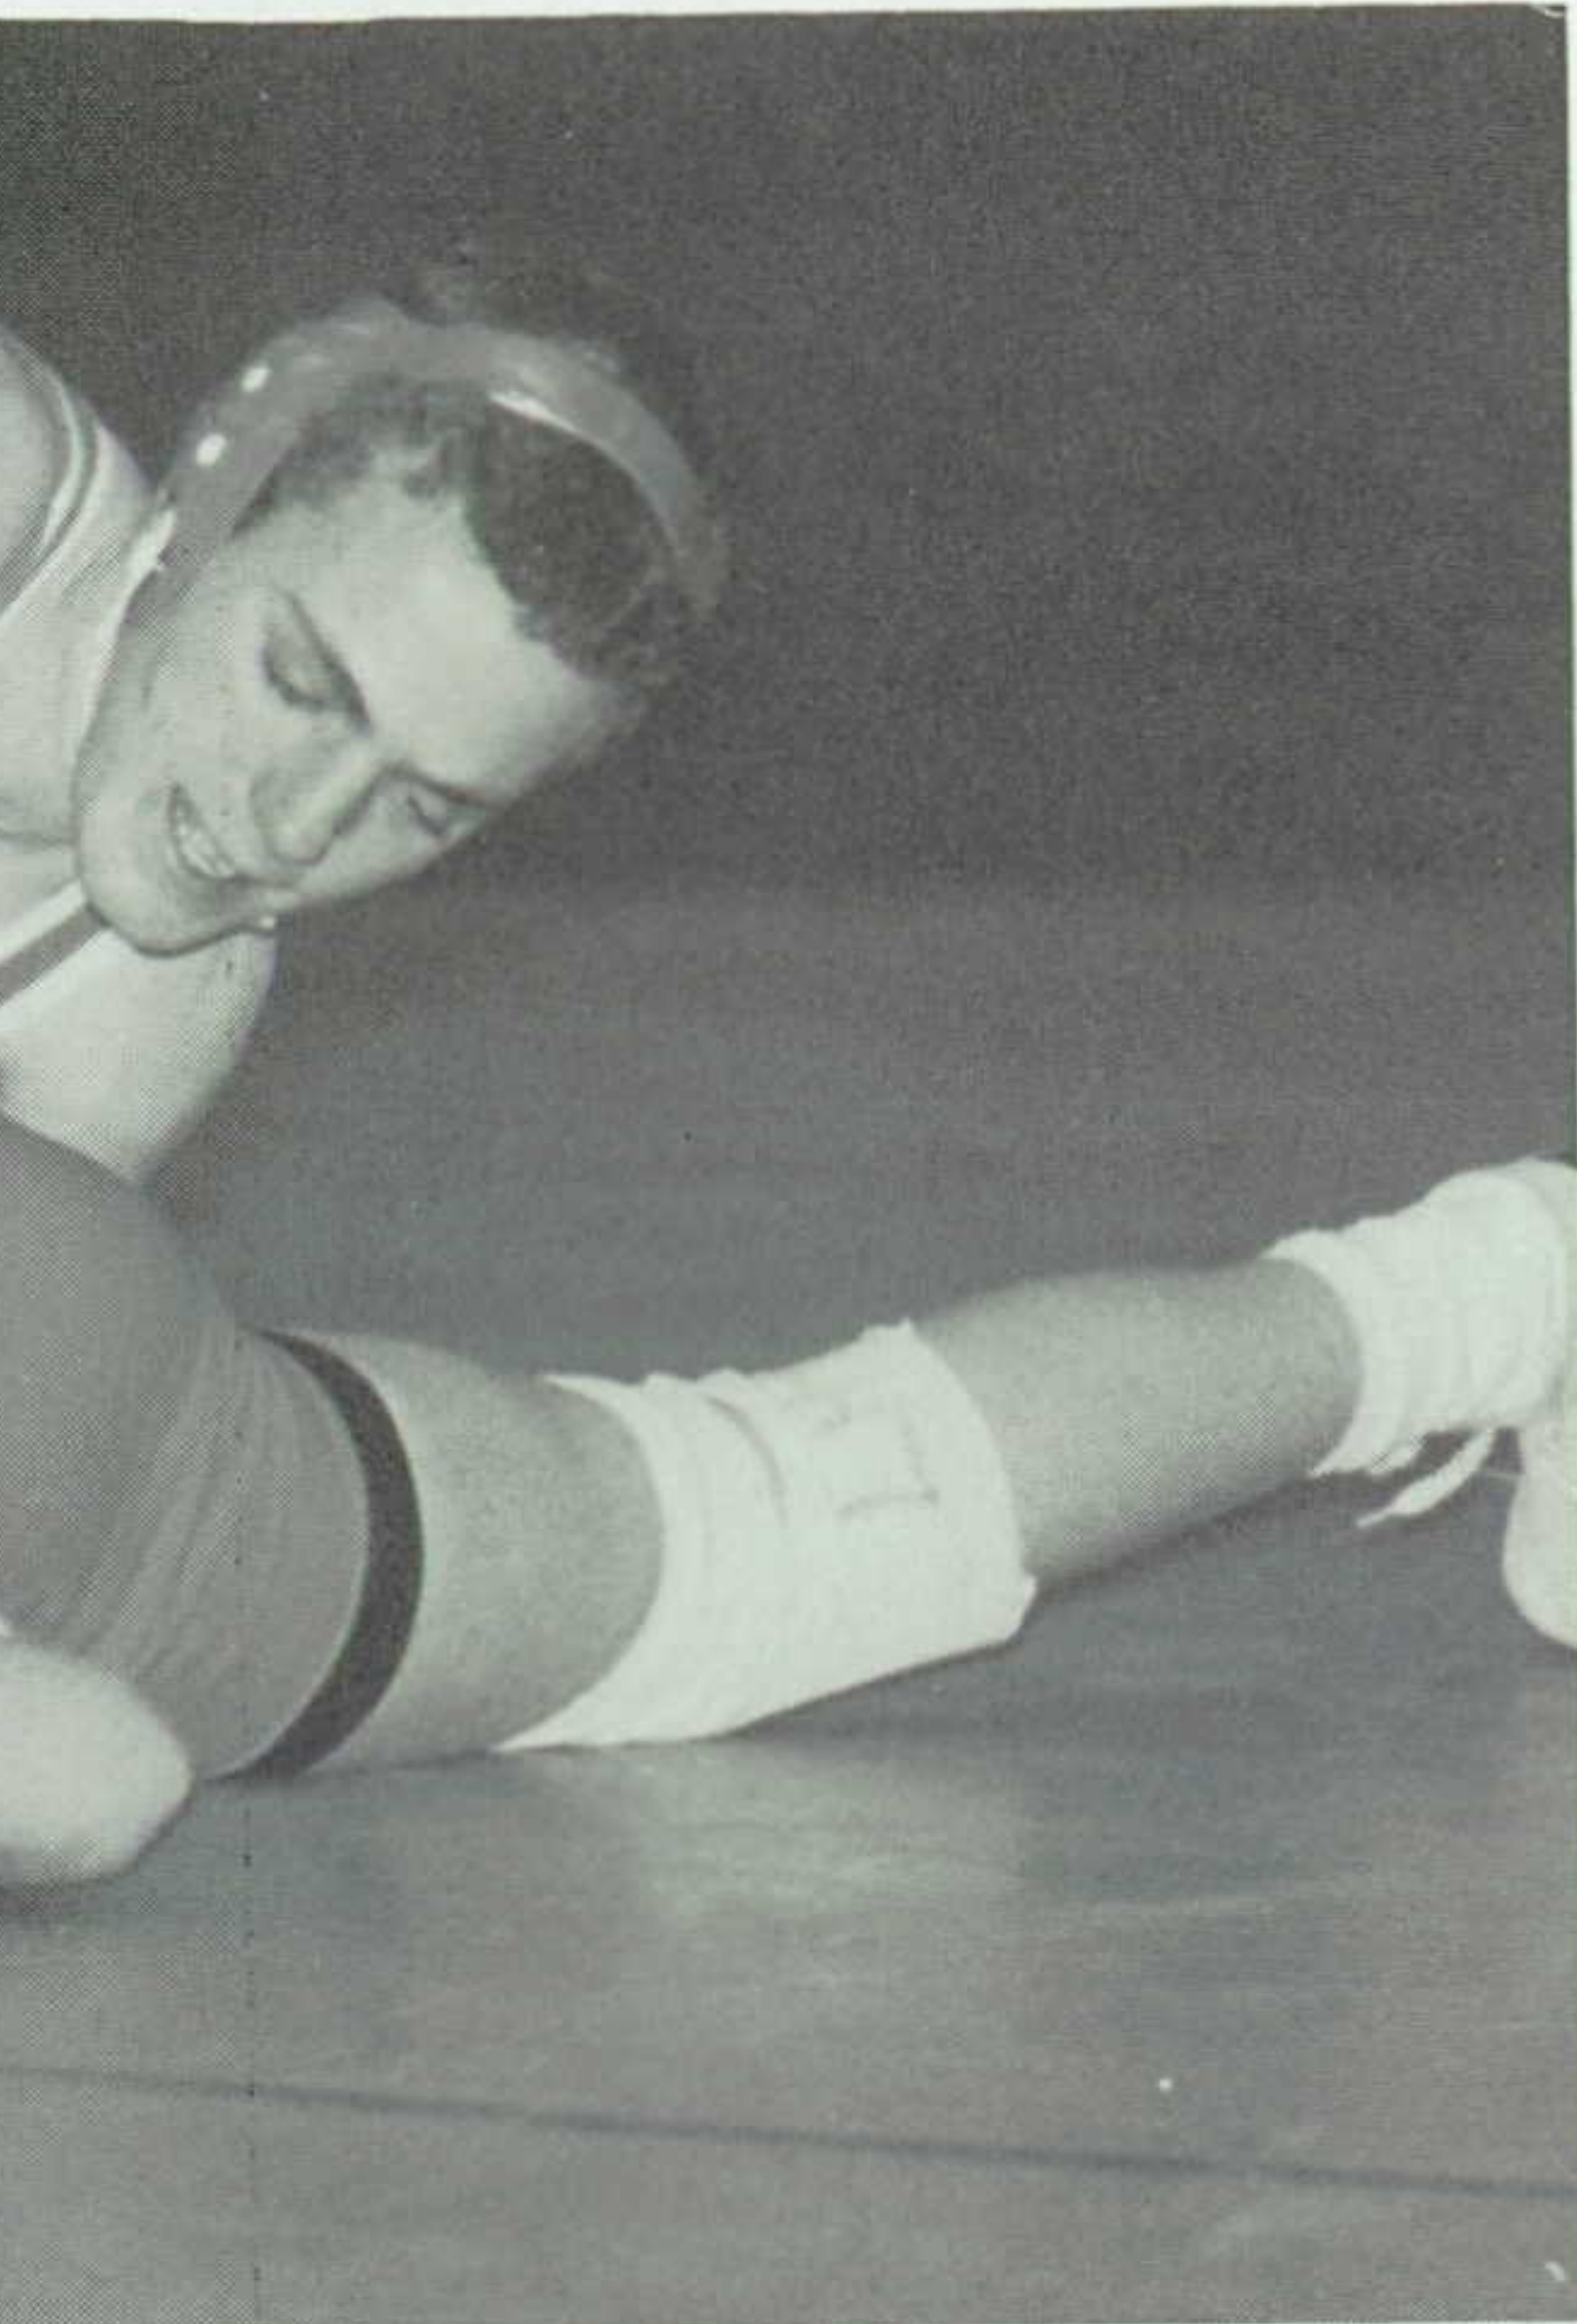

Mark Abell, starting his match in neutral position, mentally plans his first move. Preparing yourself mentally in wrestling is sometimes more important than physical preparation.

Gary Coulson rolls his opponent over to get him into a pinning position. Gary advanced to regional competition to finish out his season.

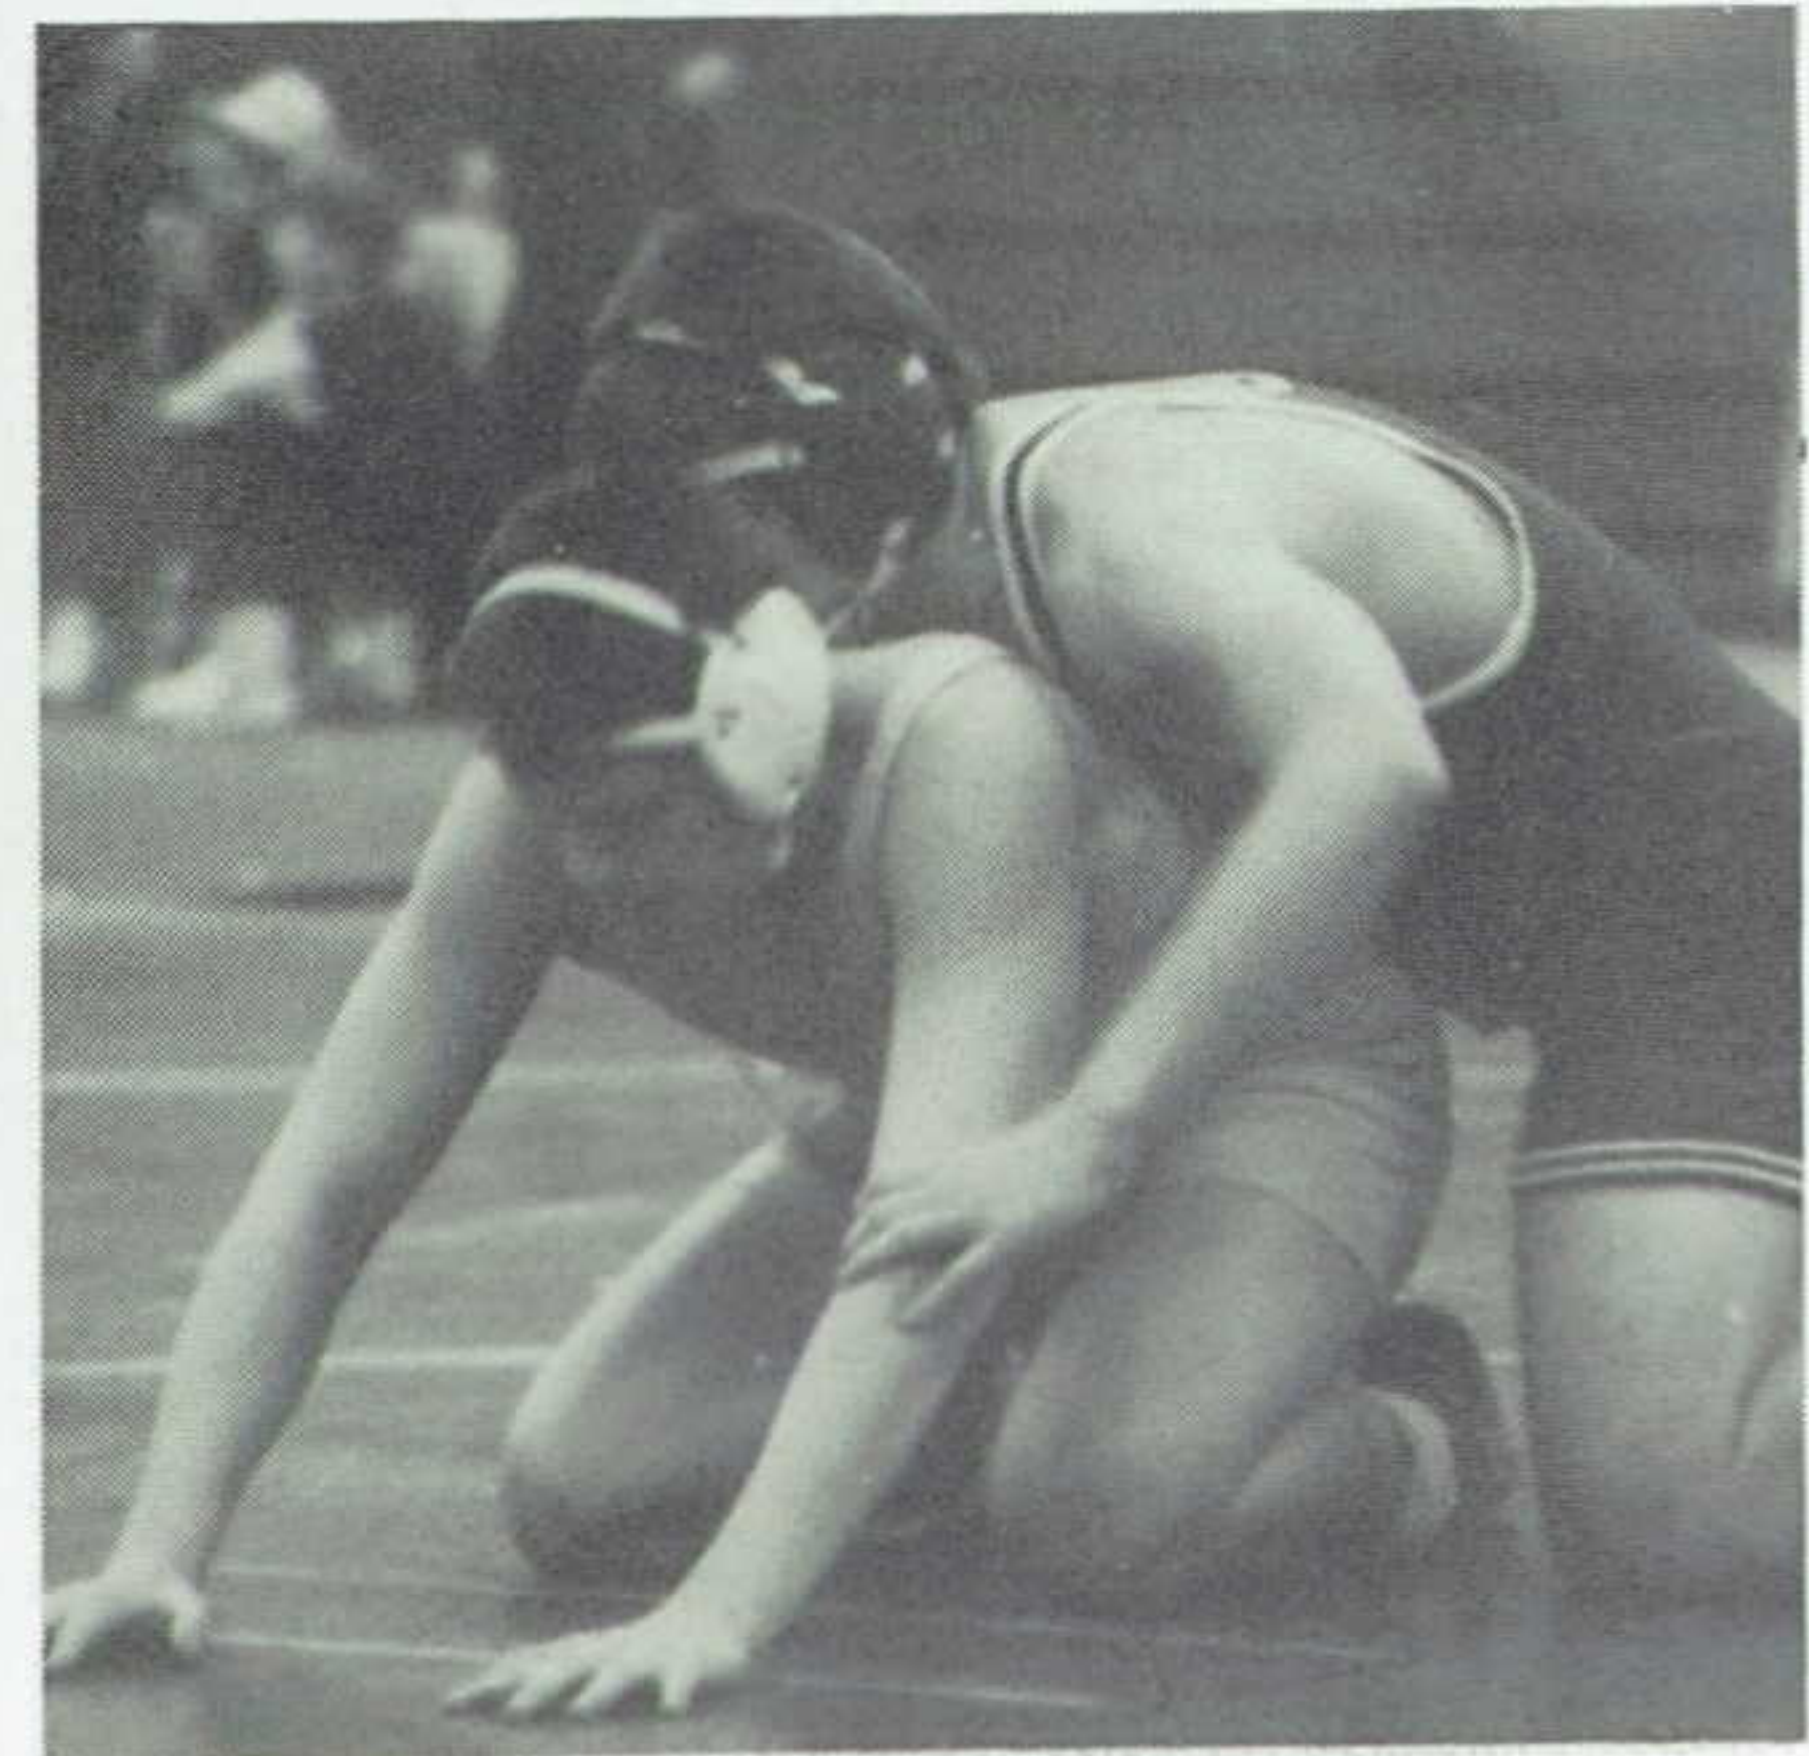

Chris Gross attempts to turn-over his opponent by using a tilt move. Chris will be returning as a senior in hopes of a great season.

FRONT ROW: Coach Gleesing, Troy Hammond, Mike Faulman, Rod Laurenz, Doug Shankel, Aaron Spangler, Derek Pavlik, Larry Luckett, and Coach San Miguel;

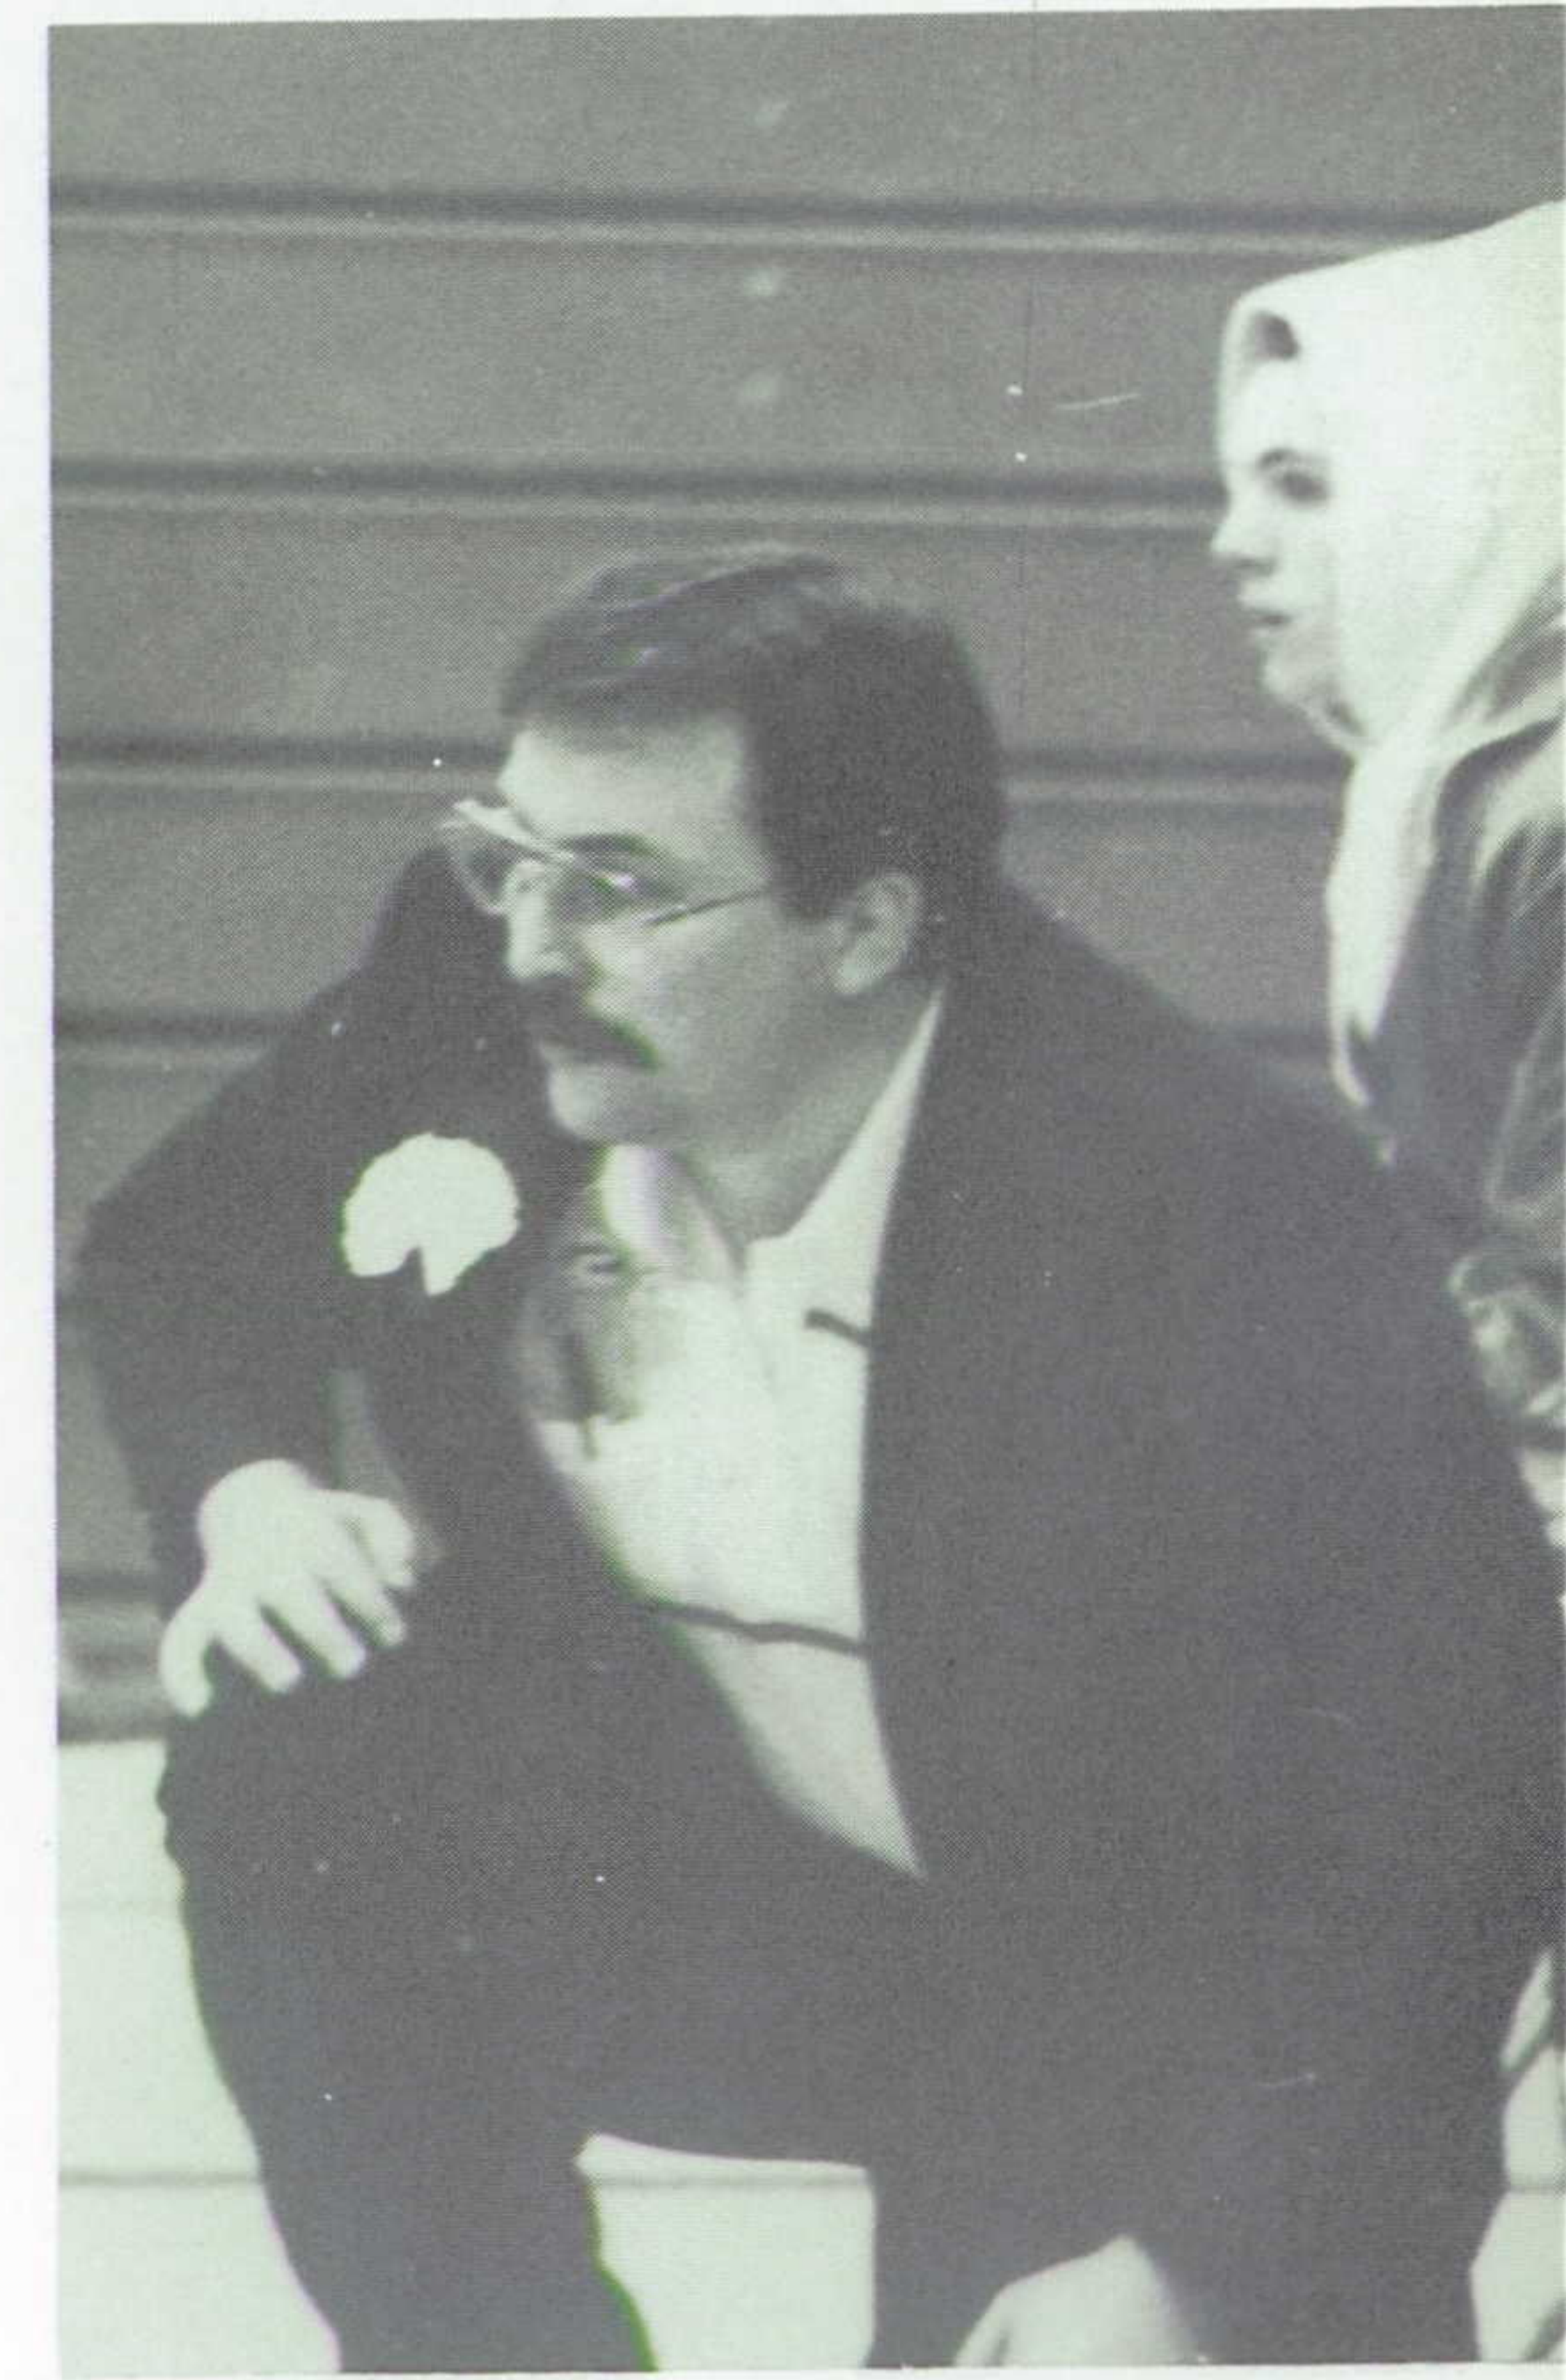

BACK ROW: Derrick Bailey, Keith Green, Roger Strait, Brad Gillis, Chris Gross, Kirk Croff, Mark Abell, Konrad Sumner, John Williamson, Brian Sitts

Brad Gillis awaits the referees whistle to begin wrestling. Brad was one of the 3 freshmen to wrestle varsity during the season.

Coach Gleesing and Chris Gross show their interest while a member of the team wrestles. Although wrestling is an individual sport, team support plays a large role in a match.

Doug Shankel works for a pin during a varsity tri-meet. Doug got his 100th win during the 1988-89 season.

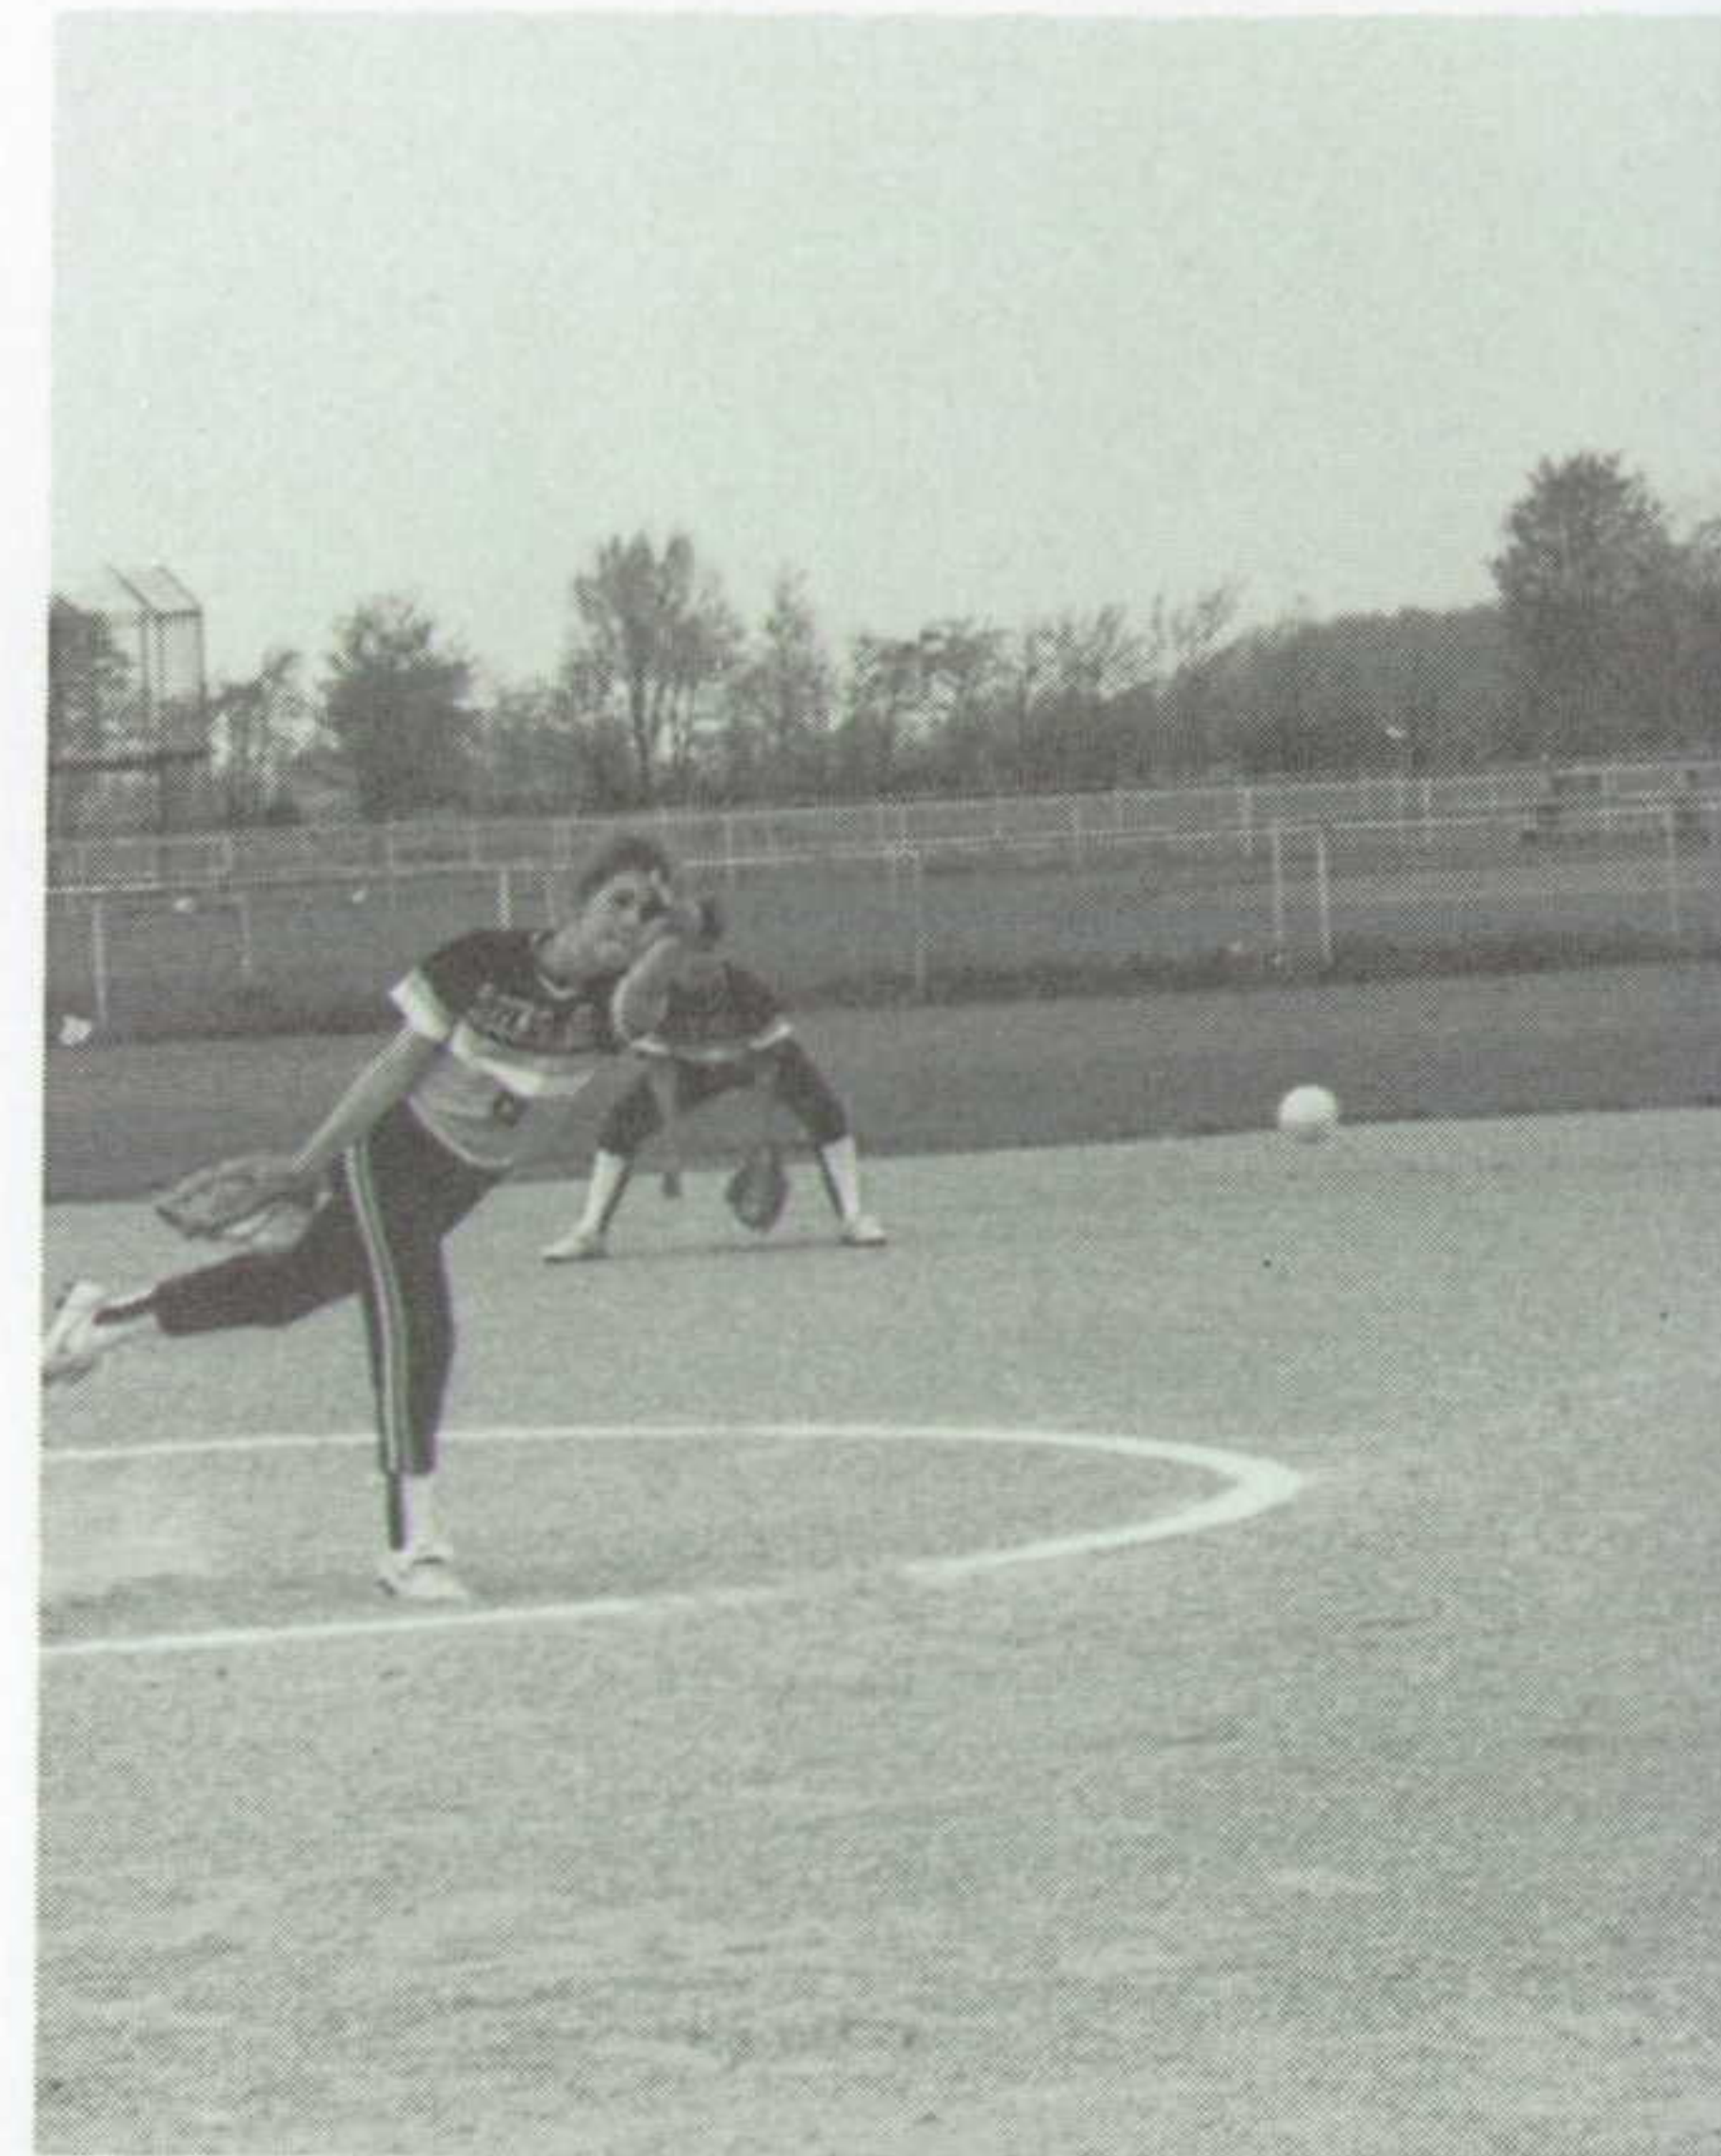

B-VILLE STRIKES

Senior, Carrie Conrad, waits for the pitch. Carrie had a very good season and was voted most improved offensive player.

The Huskies take the field. With their strong defensive team, these girls were a tough opponent to any school.

FRONT ROW: Kim Esquivel, Tammie Tester, Carrie Conrad; SECOND ROW: Cheryl Mattson, Wendy Kostal, Nicki Berlin, Cindy Shankel, Julie Siler, manager-Ginger Kostal; BACK ROW: Coach Mark Zimmerman, Mollie Sheldon, Melinda Schmitz

Co-captains, Kim Esquivel and Tammie Tester, led the way for the 1989 varsity softball team. With the efforts of the whole team, the season was a very successful one.

After a day long struggle, the girls came home with a second place finish from the Dewitt Invitational. Three girls qualified for the all tournament team that day: Kristine Root, Tammie Tester, and Wendy Kostal. All in all the team had ten wins and four losses and finished sixth in the league.

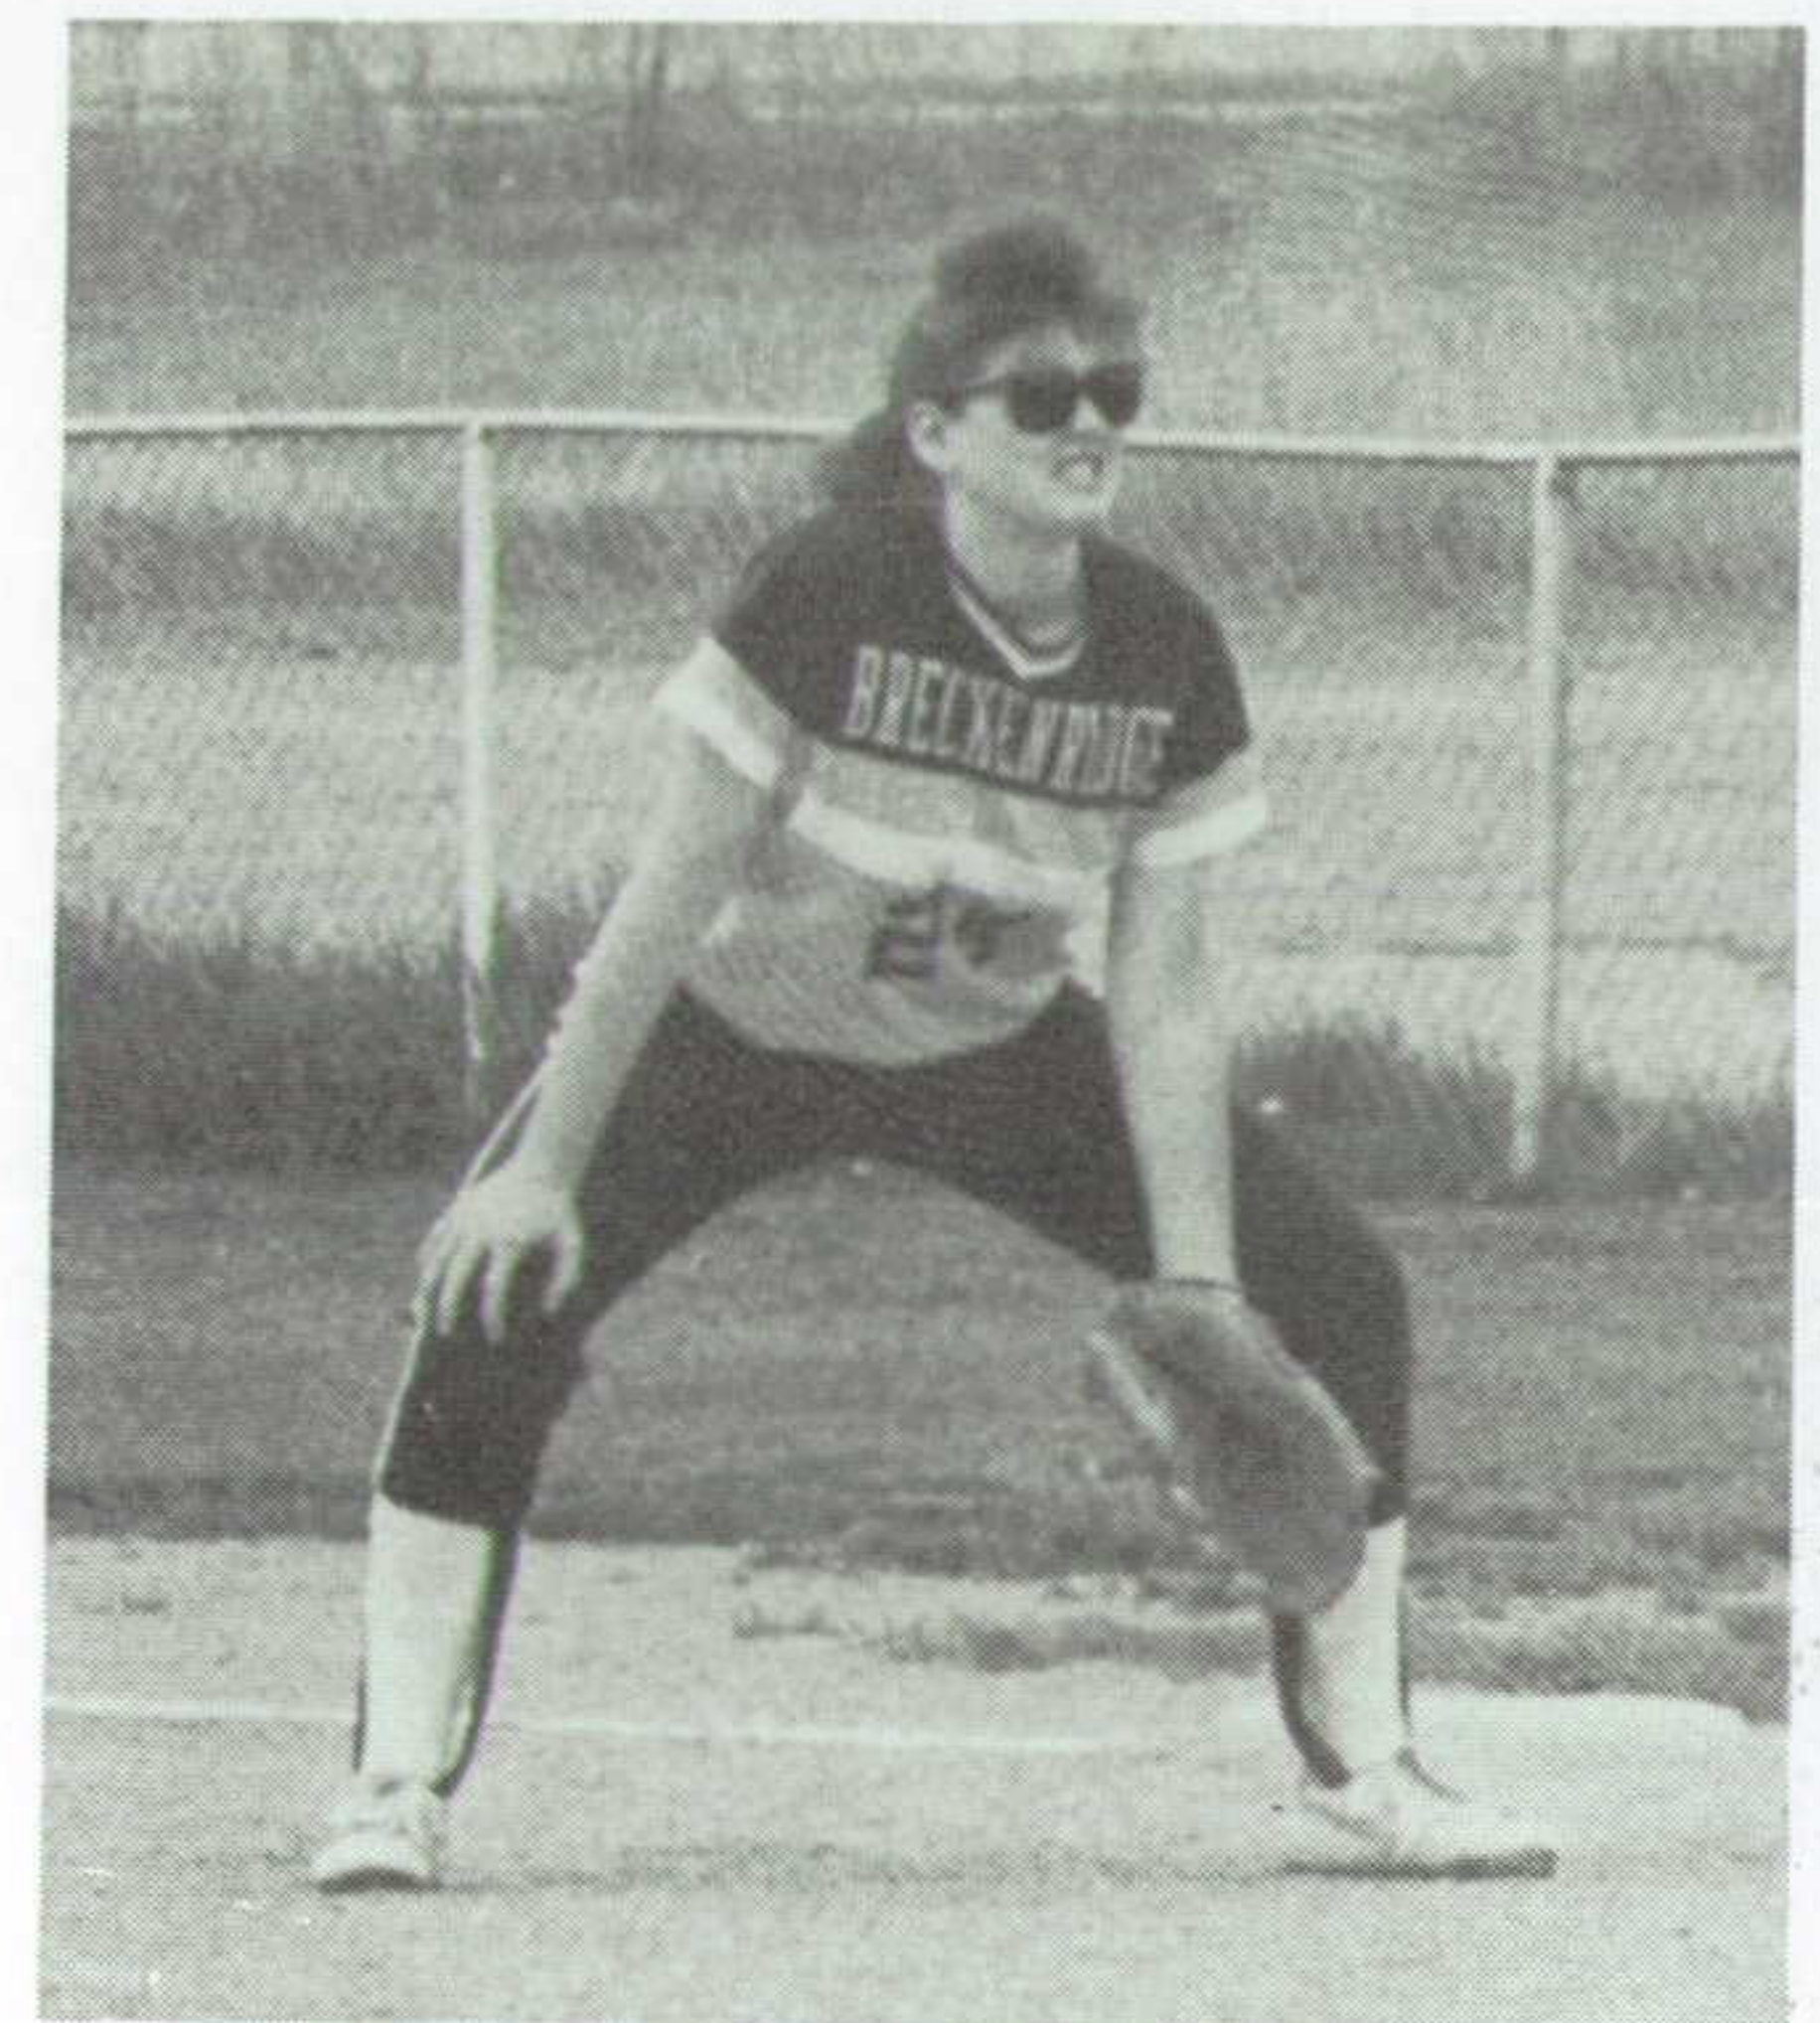

Wendy Kostal had the honor of earning all league honors this year, as a freshman. Most improved player awards went to Cheryl Mattson (defensive) and Carrie Conrad (offensive). Most valuable player award went to Wendy Kostal.

Although there are three seniors leaving, B-ville will strike back again next year with the strong team moving up.

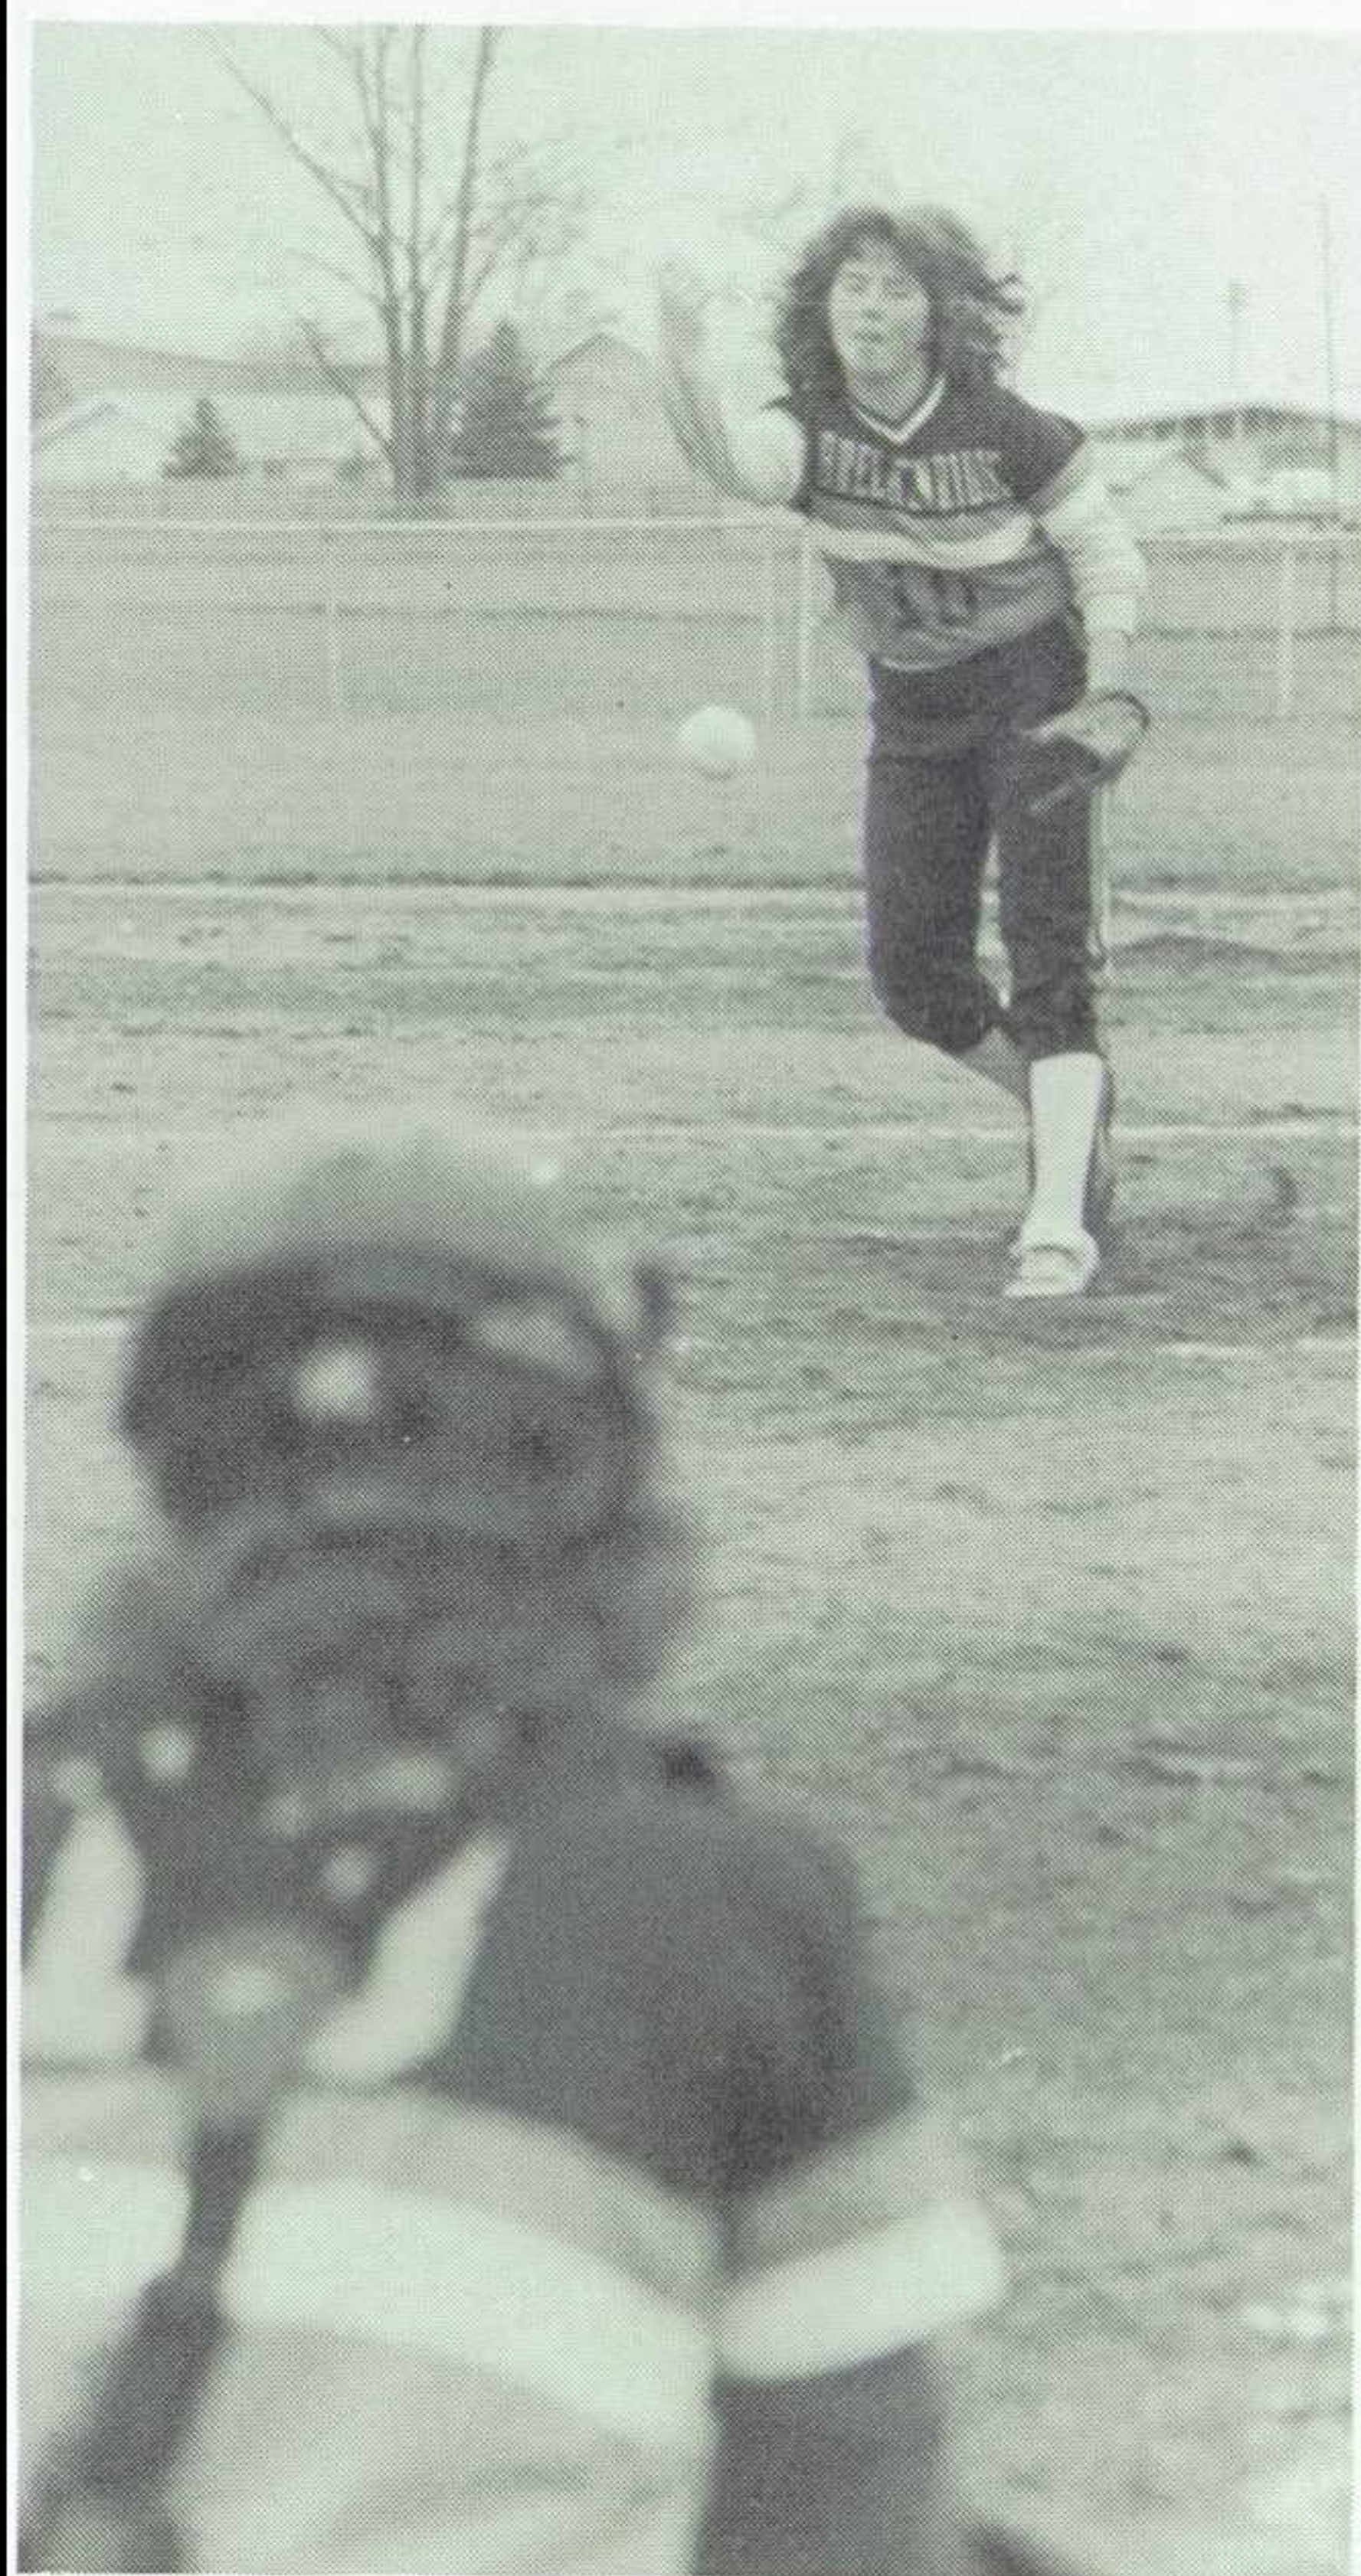

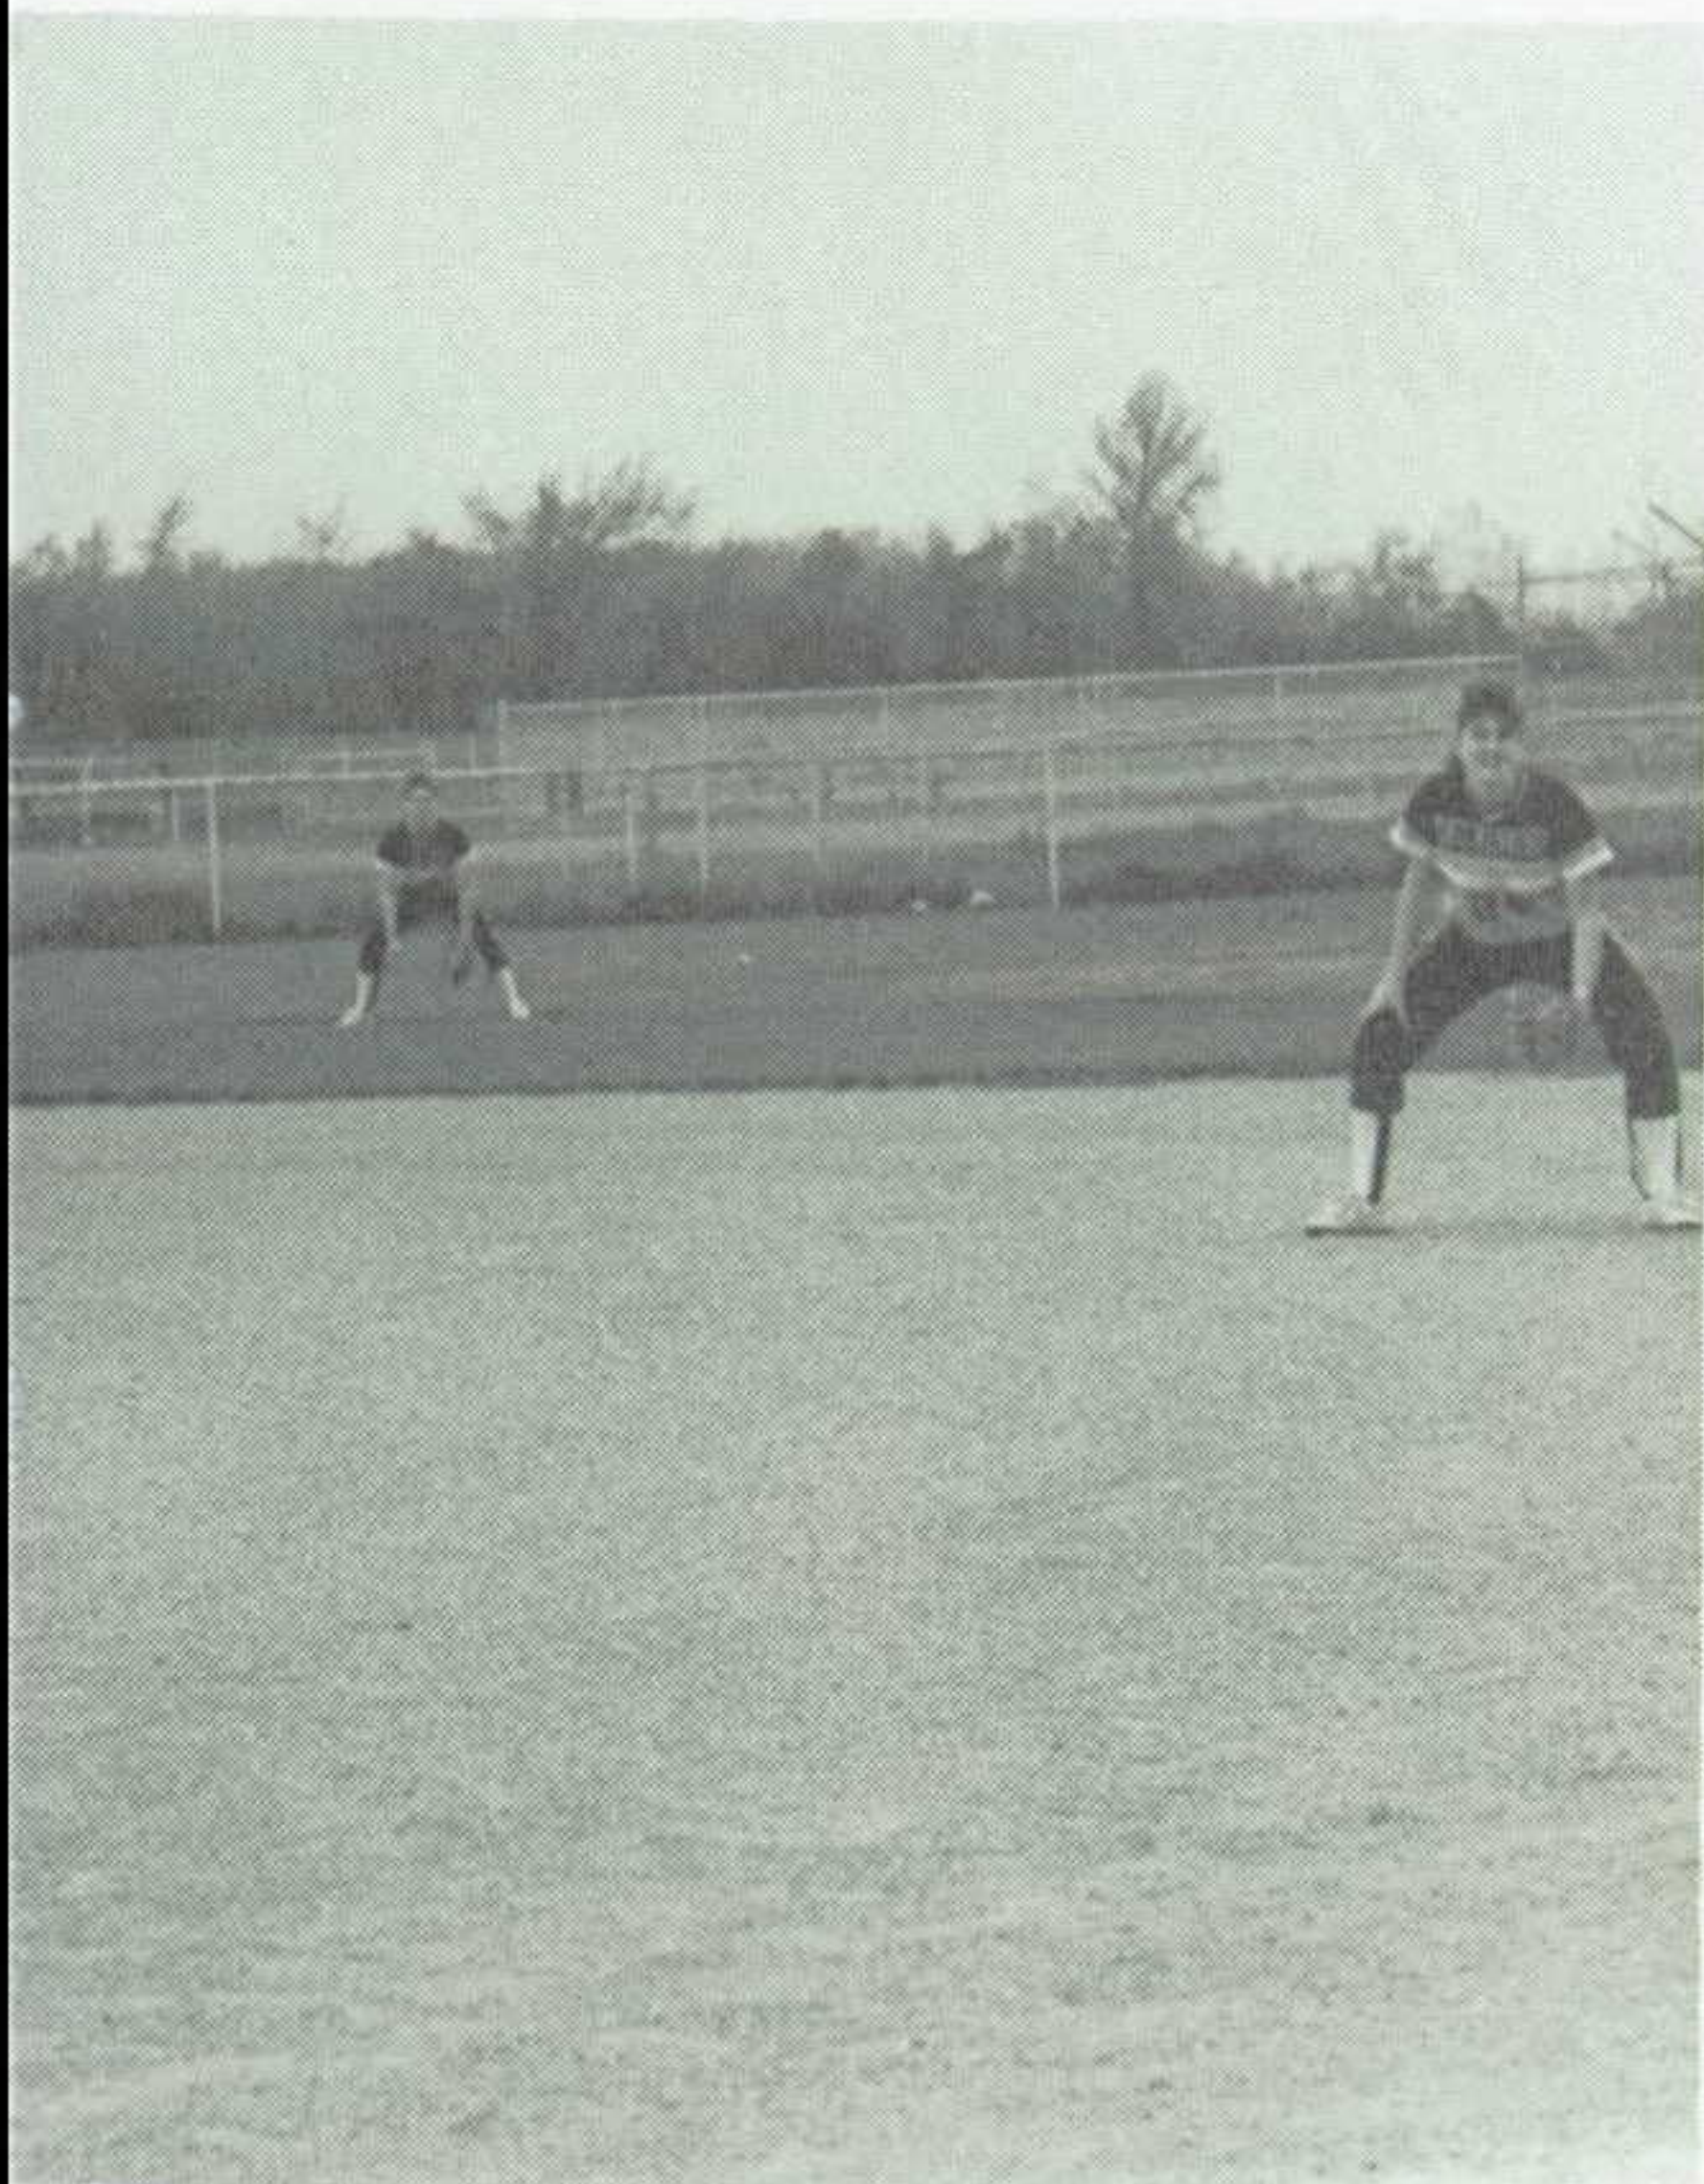

Kim Weburg

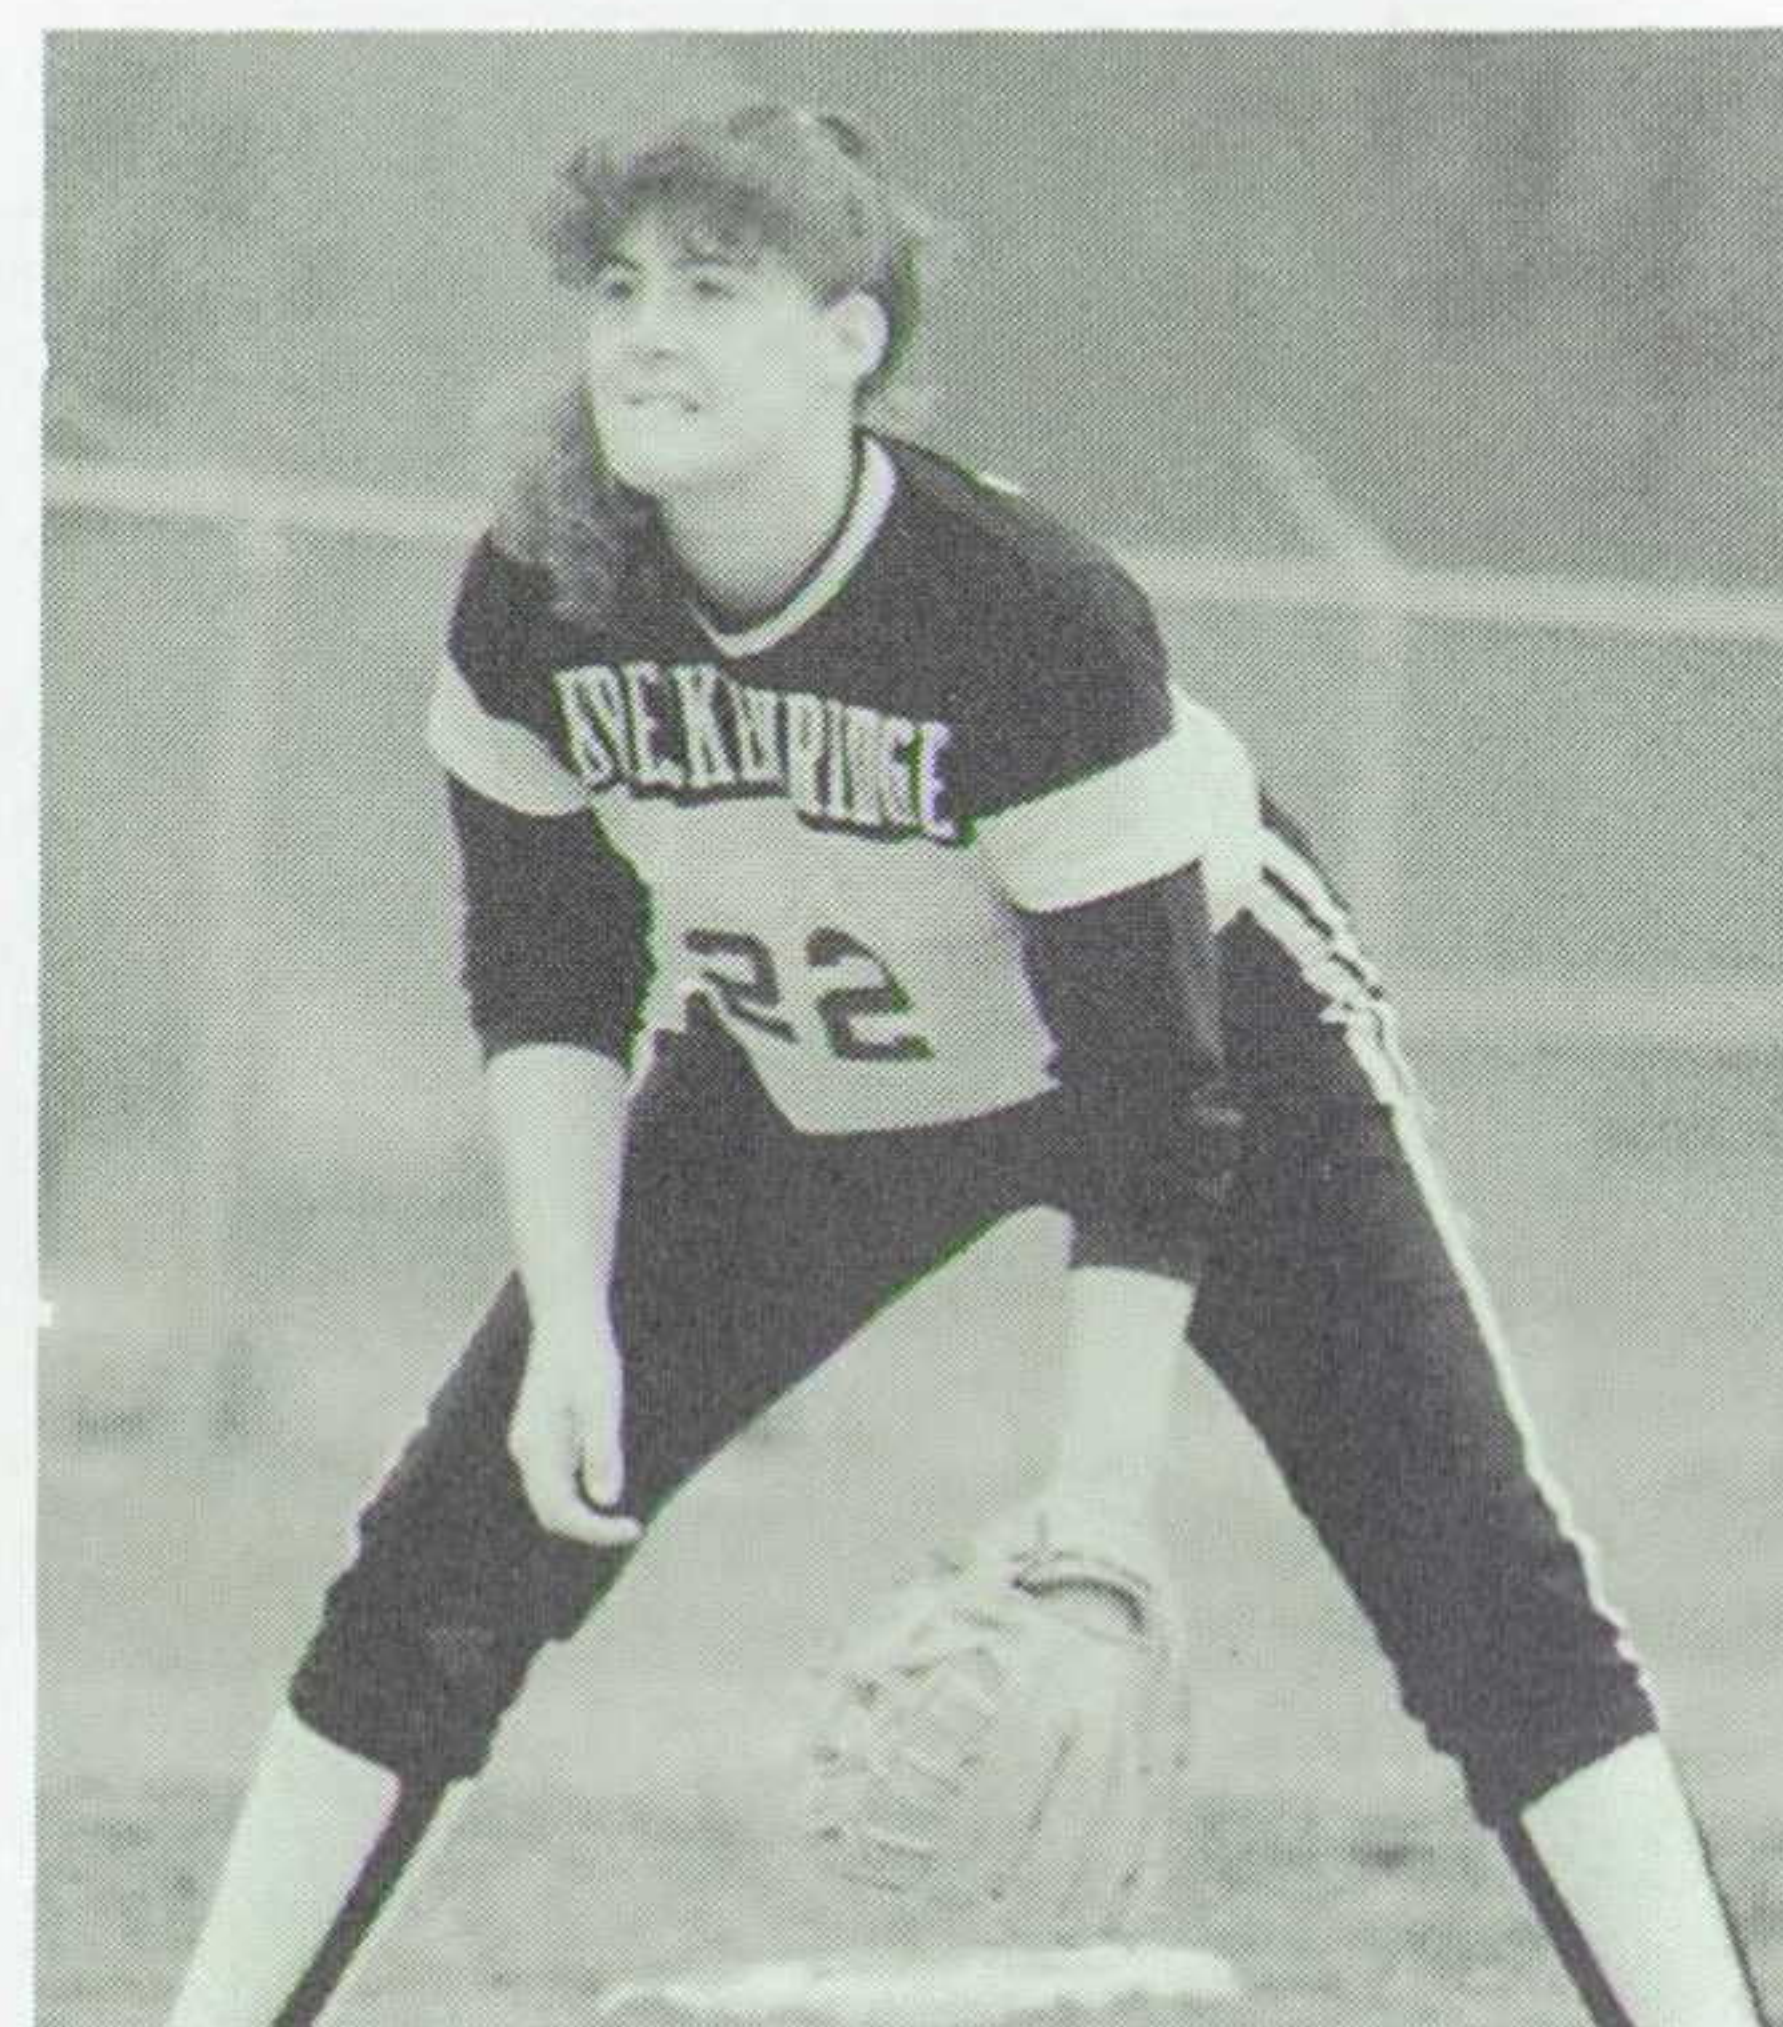

Cindy Shankel pays close attention to the game. Being alert and ready to react is the sign of a good player.

BACK

Kristine Root throws a fast pitch. As the main pitcher, she must always try her hardest.

Tammie Tester plays third base. Tammie was voted co-captain by her teammates .

Four year softball player, Kim Esquivel, keeps her eye on the ball. To participate in the same sport during your whole high school career shows tremendous dedication.

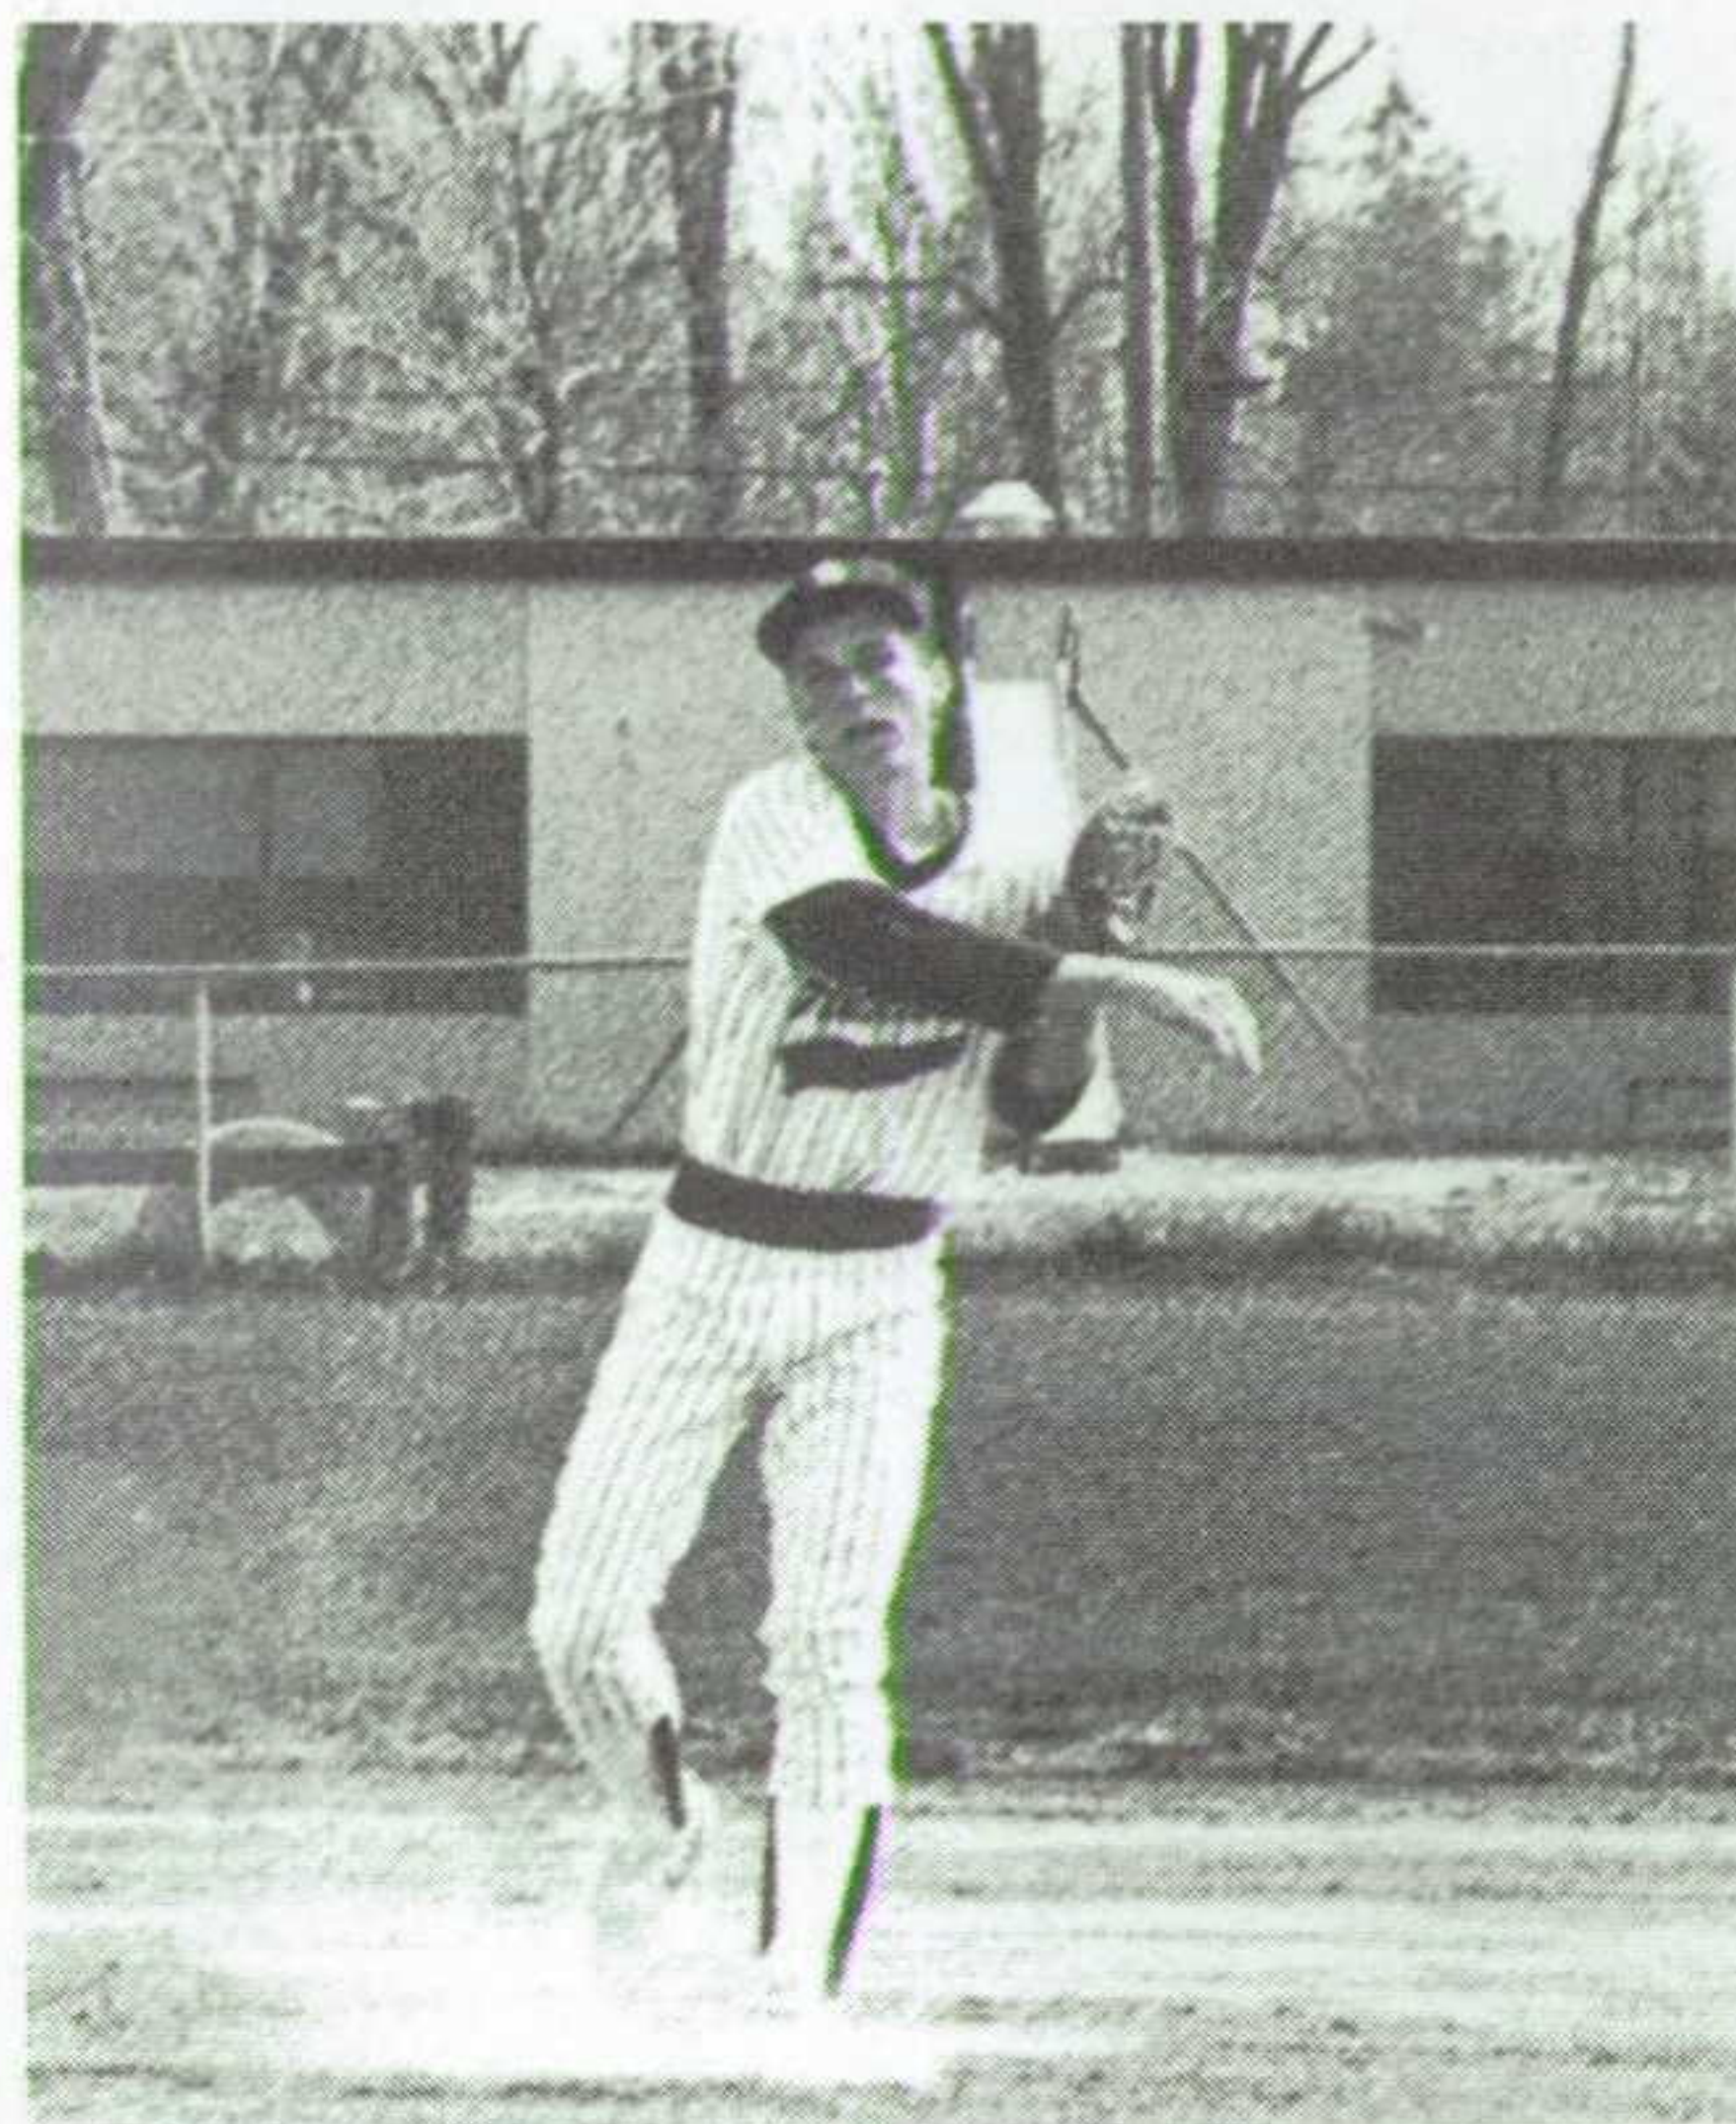

Wendy Kostal slides into home base. As a freshman, Wendy proved that she was a valuable addition to the team by achieving all league honors.

Breckenridge Slams

Corey Brown catches and throws the ball to first baseman, Steve Smith. This is Corey's first year on varsity, and his biggest asset toward the team seems to be playing second base.

FRONT ROW: Coach Webb, Mike Abell, Rich Sanchez, Mark Seward, Steve Smith, Chris Perkins, manager-Chad Gallihan; BACK ROW: assistant coach-Gene SanMiguel, Corey Brown, Eric Krafft, Jerry Palmer, Troy Hammond, Ty Hammond, Brian Gillis, Jeff Siler, assistant coach-Jack Willman

Brian Gillis relaxes between innings to concentrate on the Huskies lead. As a junior, Brian has learned winning is important and now takes winning very seriously. He often plays left field or can be found catching behind the plate, suggesting a variety of pitches.

Brian Gillis prepares to catch the third strike of his Lakeview opponent. Brian was the catcher for Jeff Siler when he pitched his first no-hit game.

Mark Seward congratulates, Chris Perkins on driving in the last homerun in the semi-final game at the Dewitt tournament. The team went on to win the tourney championship.

To assure his run home is secure, Rich Sanchez looks to see where the ball is as he rounds third base. As a junior, Rich played his second year on varsity and was a valuable asset to his team.

The 1988-89 varsity baseball team's season opener with Fulton resulted in a win. Then the Huskies moved on to Alma. The big blow came in the fourth inning when Rich Sanchez hit a grand slam to "ice" the game. Continuing into the season, we learned that playing three years on varsity have done nothing but help senior, Jeff Siler. Siler tossed a six-inning no-hitter, leading the team in defense with a 11-0 pitching record.

The team became champs at the Dewitt Invitational. Mark Seward was chosen tourney M.V.P. Eric Krafft, Jeff Siler, Steve Smith, and Brian Gillis were chosen for the all-tournament team.

To end the year, the players had a 23-11 record and gave M.V.P. honors to Jeff Siler, M.I.P. to Brian Gillis, and Rookie of the year to Steve Smith.

-Cindi Betancourt

Knowing this could be the final pitch of the game, Jeff Siler pitches his curve ball to the Lakeview batter. Jeff pitched the whole game with 10 strikeouts, 2 walks, no runs, and reaching his goal getting his first no-hitter of the season.

Huskies Bring First CSAA Title Home

The 1989 boys high school track team captured first place in the CSAA this year with a perfect 11-0 dual meet record. The team also accomplished a first place finish in the CSAA League Meet thus securing their league championship.

Complimenting the teams triumphs were the many individual honors. Chad Plaxton was selected by the league's coaches as league MVP. Konrad Sumner was recognized for accumulating the most points of any other runner in the league. The top honors of state qualification were achieved by Jason Whiting in the shot put, Troy Oswald, Rich Gray, Chad Plaxton, and Scott Strouse in the 800m relay, and Troy Oswald, Troy Saunders, Konrad Sumner, and Rich Gray in the 400m relay.

The team selected Chad Plaxton and Konrad Sumner as co-MVP's with Troy Saunders as MIP. This years track team has one of the most successful seasons ever. The Huskies Track Team was the bright spot of the BHS athletic program and provided everybody with a feeling of pride.

Another successful handoff is completed by Troy Oswald and Richard Gray. Rich and Troy were part of the 800 meter relay team that qualified for the state meet.

Power and determination led Jason Whiting to an outstanding season. Jason earned all league honors in the CSAA.

Todd Howie strides his way through the 3200 meter relay. Todd's efforts and leadership will be missed next year.

FRONT ROW: Andy Williams, Troy Sumner, John Hoyt, Matt Hadanek, Konrad Sumner, Michael Bona, Mario Gutierrez, Rob Leasher, Todd Hagey, Phil Eichbauer; MIDDLE ROW: Chad Plaxton, Dave Gutierrez, Scott Strouse, Troy Saunders, Brent Clark, Jim Snow, Fabio Riberio, Roy Garza, Coach Redes, Cory Hackett, Eric Earley, Coach Peters, Matt Knapp, Coach Gleesing; BACK ROW: Coach Godefroidt, Rich Gray, Todd Howie, Troy Oswald, Ryan Schaub, Jason Whiting, Scott Robertson

Konrad Sumner edges out an opponent at the finish of the 100 meter dash. Konrad racked up the most points for the boys track team.

Eric Earley soars over the pole vault bar during warmups. Eric helped the team to an undefeated league record.

Outnumbered Huskies Against The Odds

The 1989 girls track team showed enthusiasm throughout the season. Even though the team consisted of a mere 11 girls, they had some brilliant performances.

"Hopefully," coach Godefroidt said, "If most of the girls stay in track, the team should turn around and show their talents in the future years."

With only one senior on the team, the young Huskies should grow to be one of the best teams in the league.

-Brett Yankie

Kari Secord pushes herself for the finish line. Kari was a valuable asset for the girls track team.

Delcie Rohde and Amy Edgar show a winning attitude in the 100 meter dash. They both proved to be successful sprinters during the season.

Silery Greenway shows her style throwing the shot. She performed well this year and is expected to continue in upcoming years.

FRONT ROW: Maria Gorsuch, Laurie Hollenbeck, Tracey Whitney, Kari Secord, Kristi Liebrock, Silery Greenway; BACK ROW: Coach Godefroidt, Jennifer Mollema, Coach Redes, Coach Gleesing; MISSING: Cara Hurt, Amy Chapin, Amy Edgar, Delcie Rohde

Laurie Hollenbeck is caught in mid-flight in the long jump. The girls usually fared well in this event.

Amy Chapin strides out for a good handoff. In order to be a successful relay team, handoffs are very important.

J.V. Pride, Alive!

FRONT ROW: Delcie Rohde, Beccy Krafft;
BACK ROW: Lisa Stoneman, Jenni Coulson, Rebecca Shankel, Amy Coty, Jennifer

Hall, Becky Hays; Not Pictured: coach-Deb Gaines

The J.V. squad get their fans rowdy with the "BHS Yes!" cheer. The girls have practiced hard to perfect their floor cheers while giving each other support throughout the year.

Lisa Stoneman, along with the crowd, cheers on the J.V. basketball team to a victory. Lisa is very good on the squad and shows great leadership at all the games.

Beccy Krafft waits patiently to start the next cheer. As a sophomore on the squad, Beccy is usually seen giving her all to support the J.V. players.

Interested eighth and ninth graders got together last spring to tryout for the 1988-89 J.V. cheerleading squad. This was an exciting time for all who participated and especially the eight chosen to lead the J.V. fans.

Full of spirit, the girls worked together during the summer making up chants, learning floor cheers, and tumbling routines. Attending their first CSAA Fall League competition, the squad performed two floor cheers and with the varsity squad the school fight song! They

received two-first place honors.

Throughout the remainder of the football and basketball seasons, the girls worked hard showing their spirit and pride for the Huskies. Continuing to practice, they prepared for another competition held in St. Johns. The girls presented themselves very well, returning with a fifth place honor. The squad has been very successful; their pride definitely shines!

FRONT ROW: Lisa Herrington, Kristine Root, Norma DeSonia, coach-Deb Stoneman; BACK ROW: Carrie Willson, Maria Gorsuch, Julie Buchanan, Kristine Watkins

Norma DeSonia and Lisa Herrington talk about their recent performance. These two were the only J.V. girls to make it on the pom pon competition squad.

Maria Gorsuch and Kristine Watkins practice a kickline. Both of these freshmen worked hard to improve their performances.

Carrie Willson tries to remember the fight song. This year was the first time for the cheerleaders and the pom pon girls to perform the fight song together.

CSAA was not the only new thing at Breckenridge this year. A J.V. pom pon squad was also formed to create more spirit during junior varsity games. Freshmen, sophomores, and juniors made up this squad. Coach Deb Stoneman was glad for this squad because it gave more interested girls a chance to get involved. The squad was small this year with only seven girls, but it should grow in the future.

-Kim Weburg

Julie Buchanan performs to the song "Born to Boogie". The J.V. girls used this country song for their last routine.

Flip Side Season

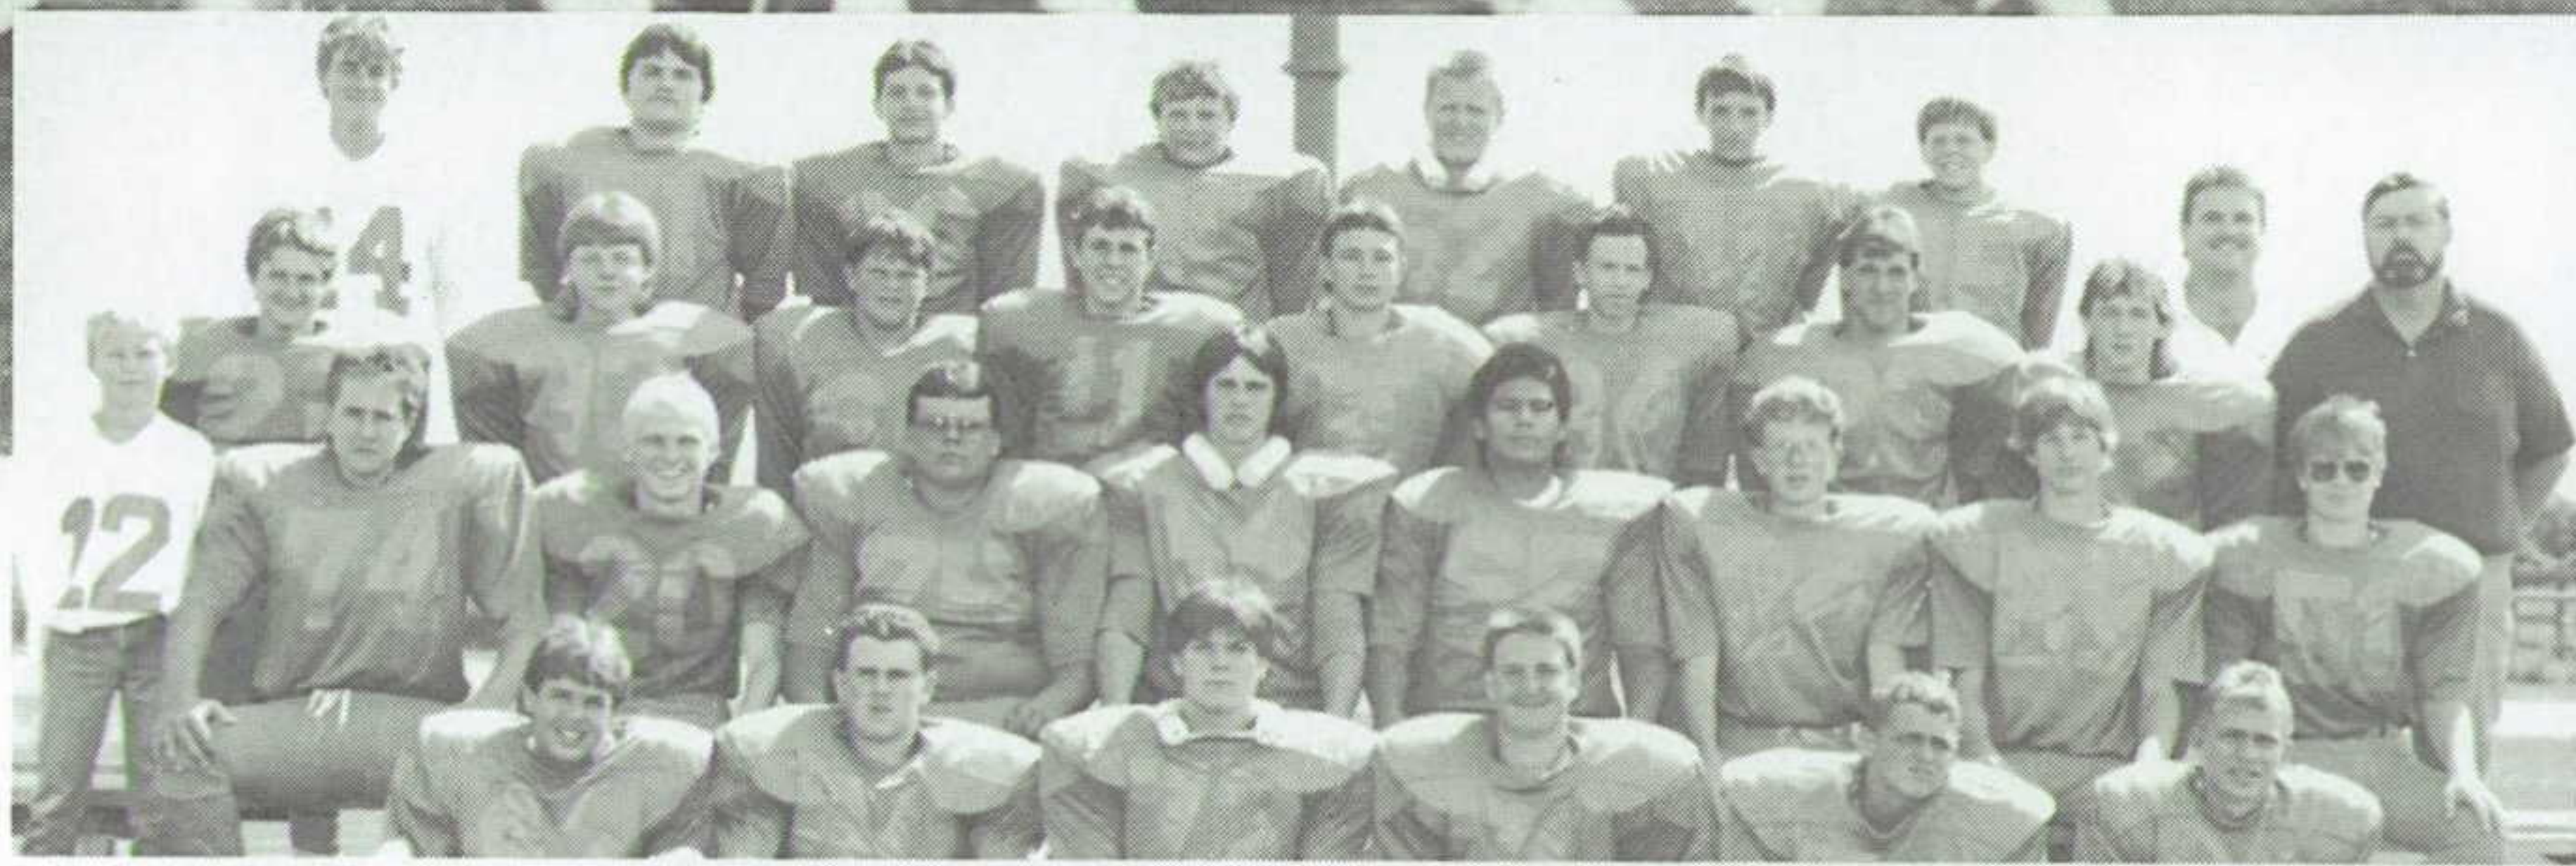

Mark Powell's fake to Rob Leasher confuses the defense. Meanwhile, Troy Saunders adds to his season's rushing yards.

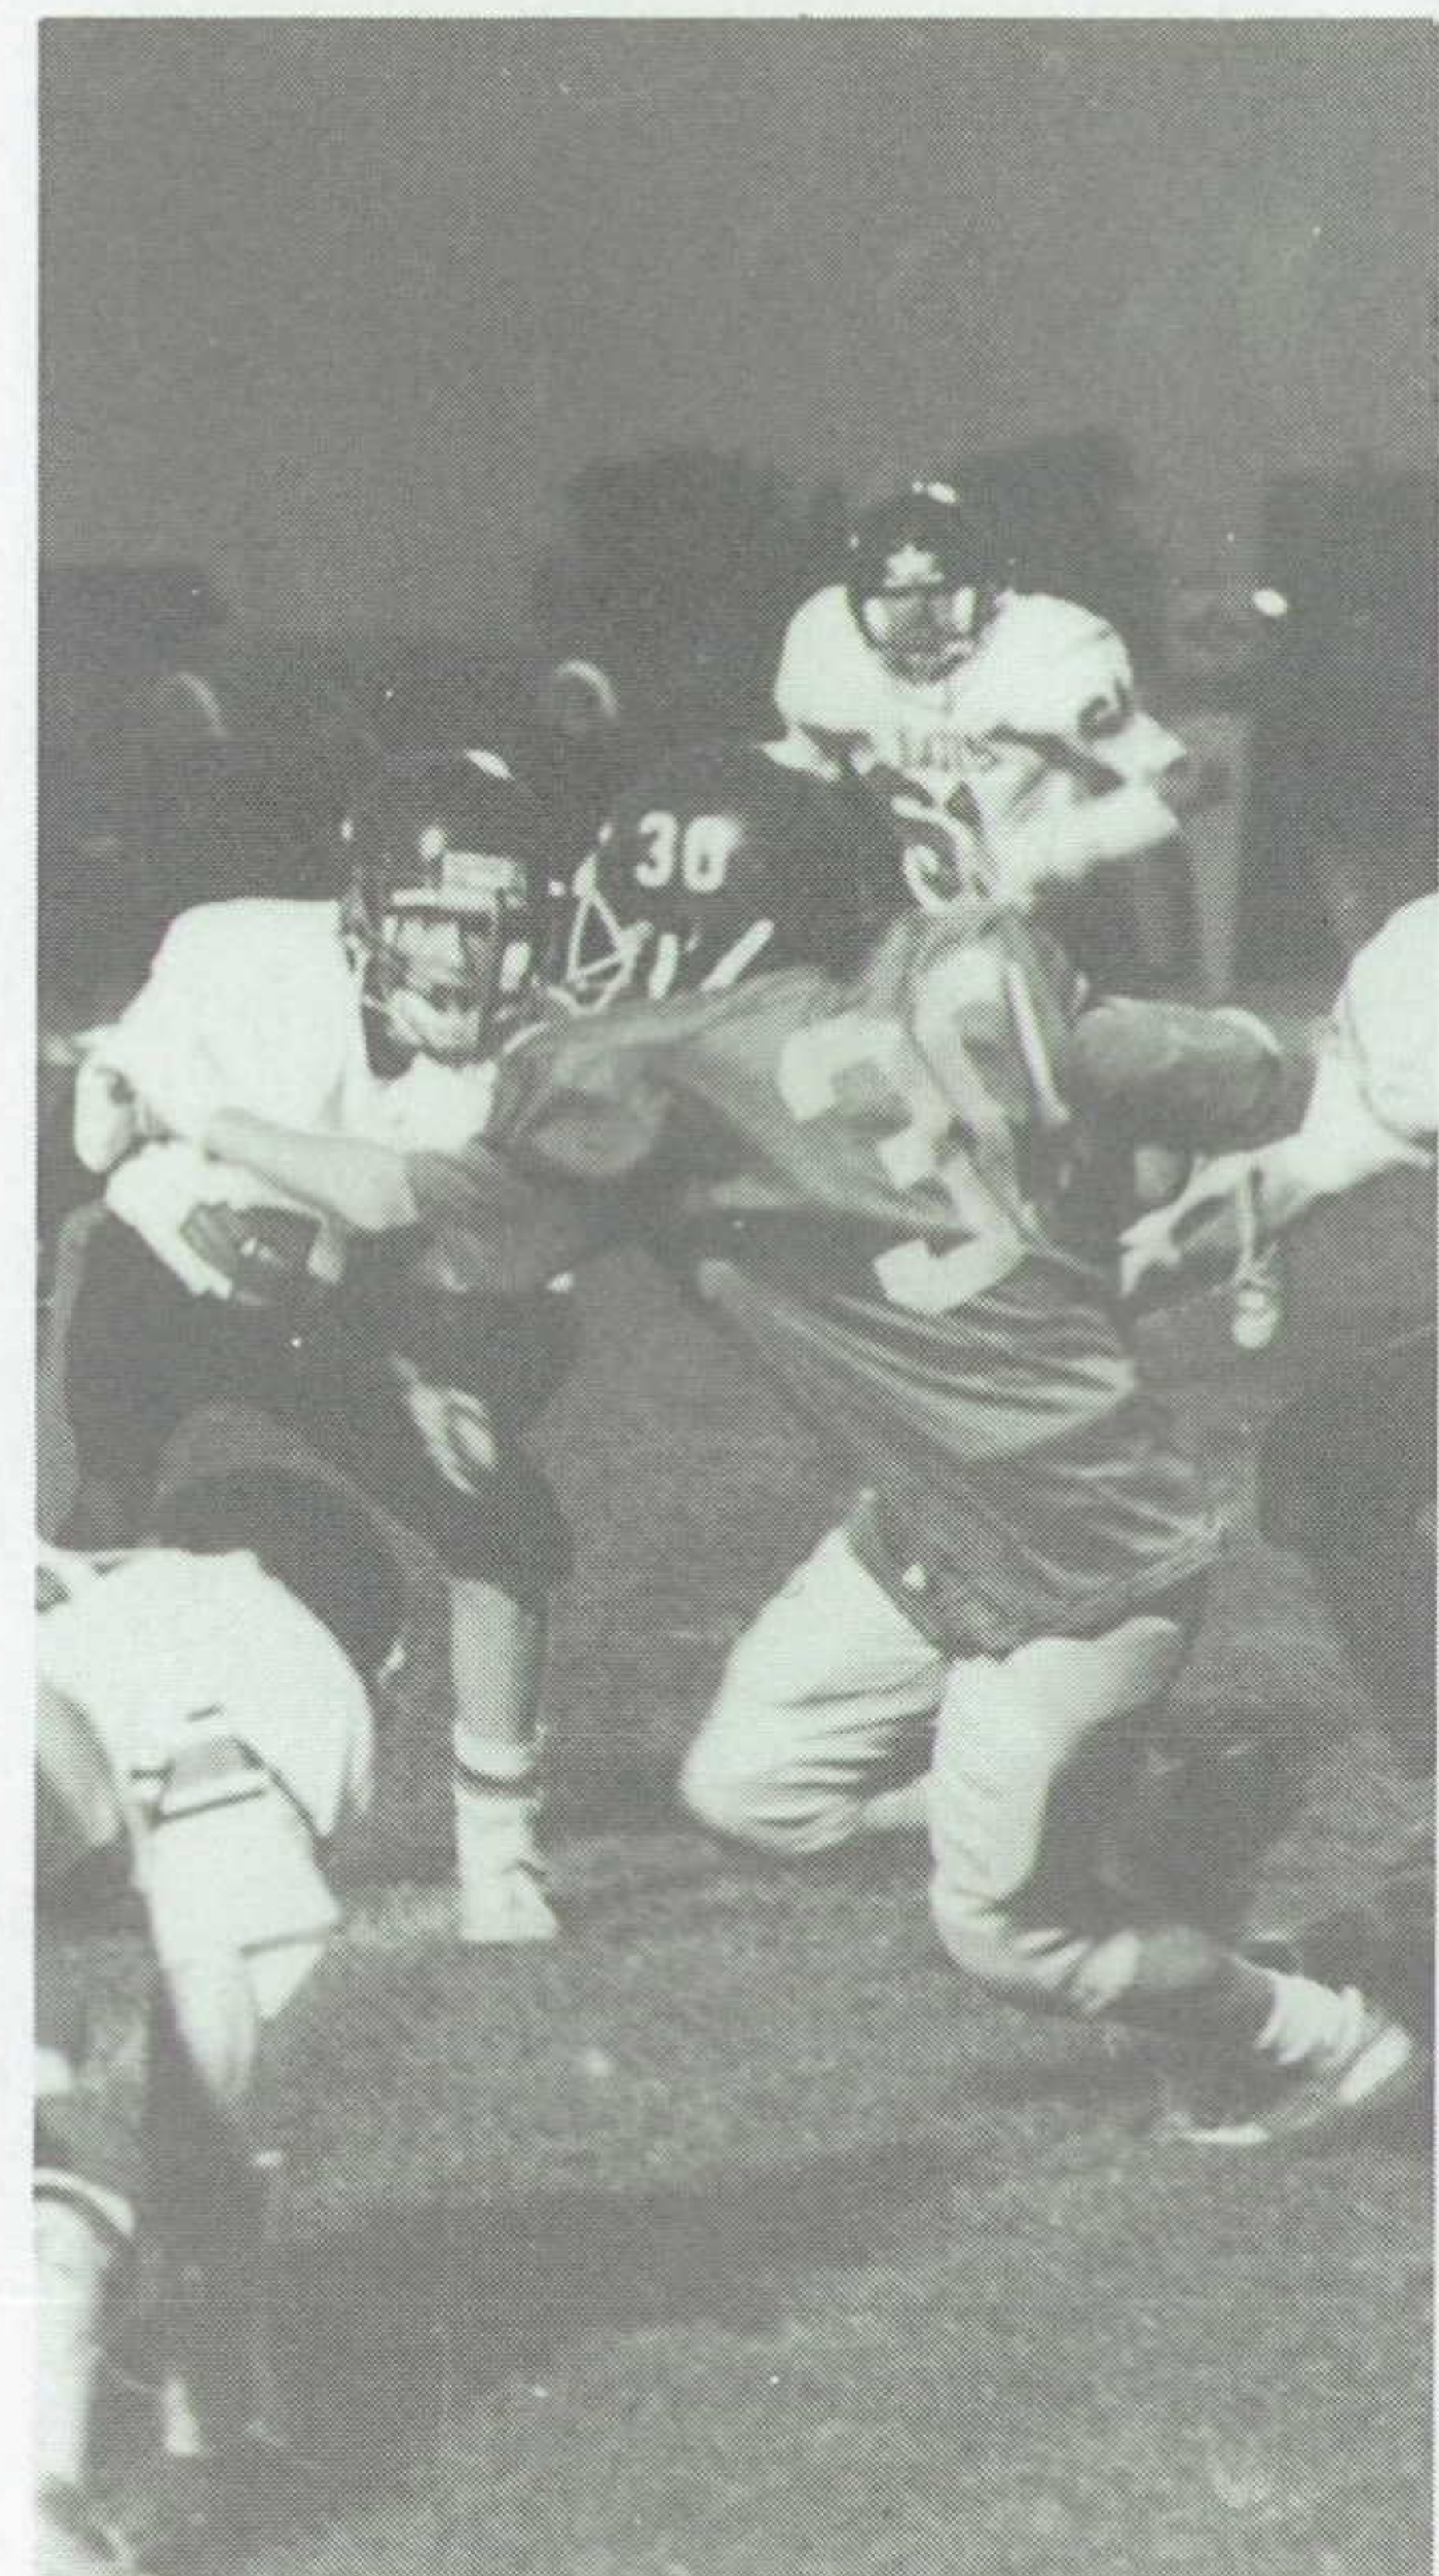

The J.V. football team played a tough season in a new league and finished 2-6-1 overall. Although a losing season, the flip side was two big wins and a last minute scramble to tie the exciting final game. Most valuable player, Troy Saunders, led the Huskies in rushing with 784 yards. Rob Leasher, Rick DeSonia, and Heath Plaxton also totaled triple figures in this department. Rob led the defense in tackles with 64, while Troy, Rick, Heath and Terry Schall all amassed over 50 each. Brian Federspiel was voted Most Improved Player. The team can look back on both sides of the season with pride.

-Matt Knapp

Determination Leads To Success!

FRONT ROW: manager-Molly Zimmerman, Teresa Childs, Melinda Schmitz, Julie Siler, Jennifer Willman; BACK ROW: Coach Thering, Kathy Gross, Amy Chapin, Bobbi Clark, Wendy Kostal, manager-Brent Clark

Bobbi Clark shoots a basket against Shepherd. The J.V.'s heavily defeated the Blue Jays both home and away.

The team gathers around Coach Thering during a time out. Mr. Thering's tactics and the girls' skills and enthusiasm proved to be a winning formula.

Champions of the new CSAA league, the J.V. girls basketball team finished the season with an overall record of 16-4. Only 2 members of last year's team returned, making Coach Thering's task a difficult one. However, this did not hinder him or the team's performance. The junior varsity consisted of six freshmen which means next year's team will have plenty of experience to fall back on. M.V.P. Melinda Schmitz was also the team's top scorer with 244 points this season. Wendy Kostal, who earned the Hustle award, was only just behind with 243. The entire team was awarded M.I.P., which sums up the spirit and enthusiasm that went into this very successful season.

-Matt Knapp

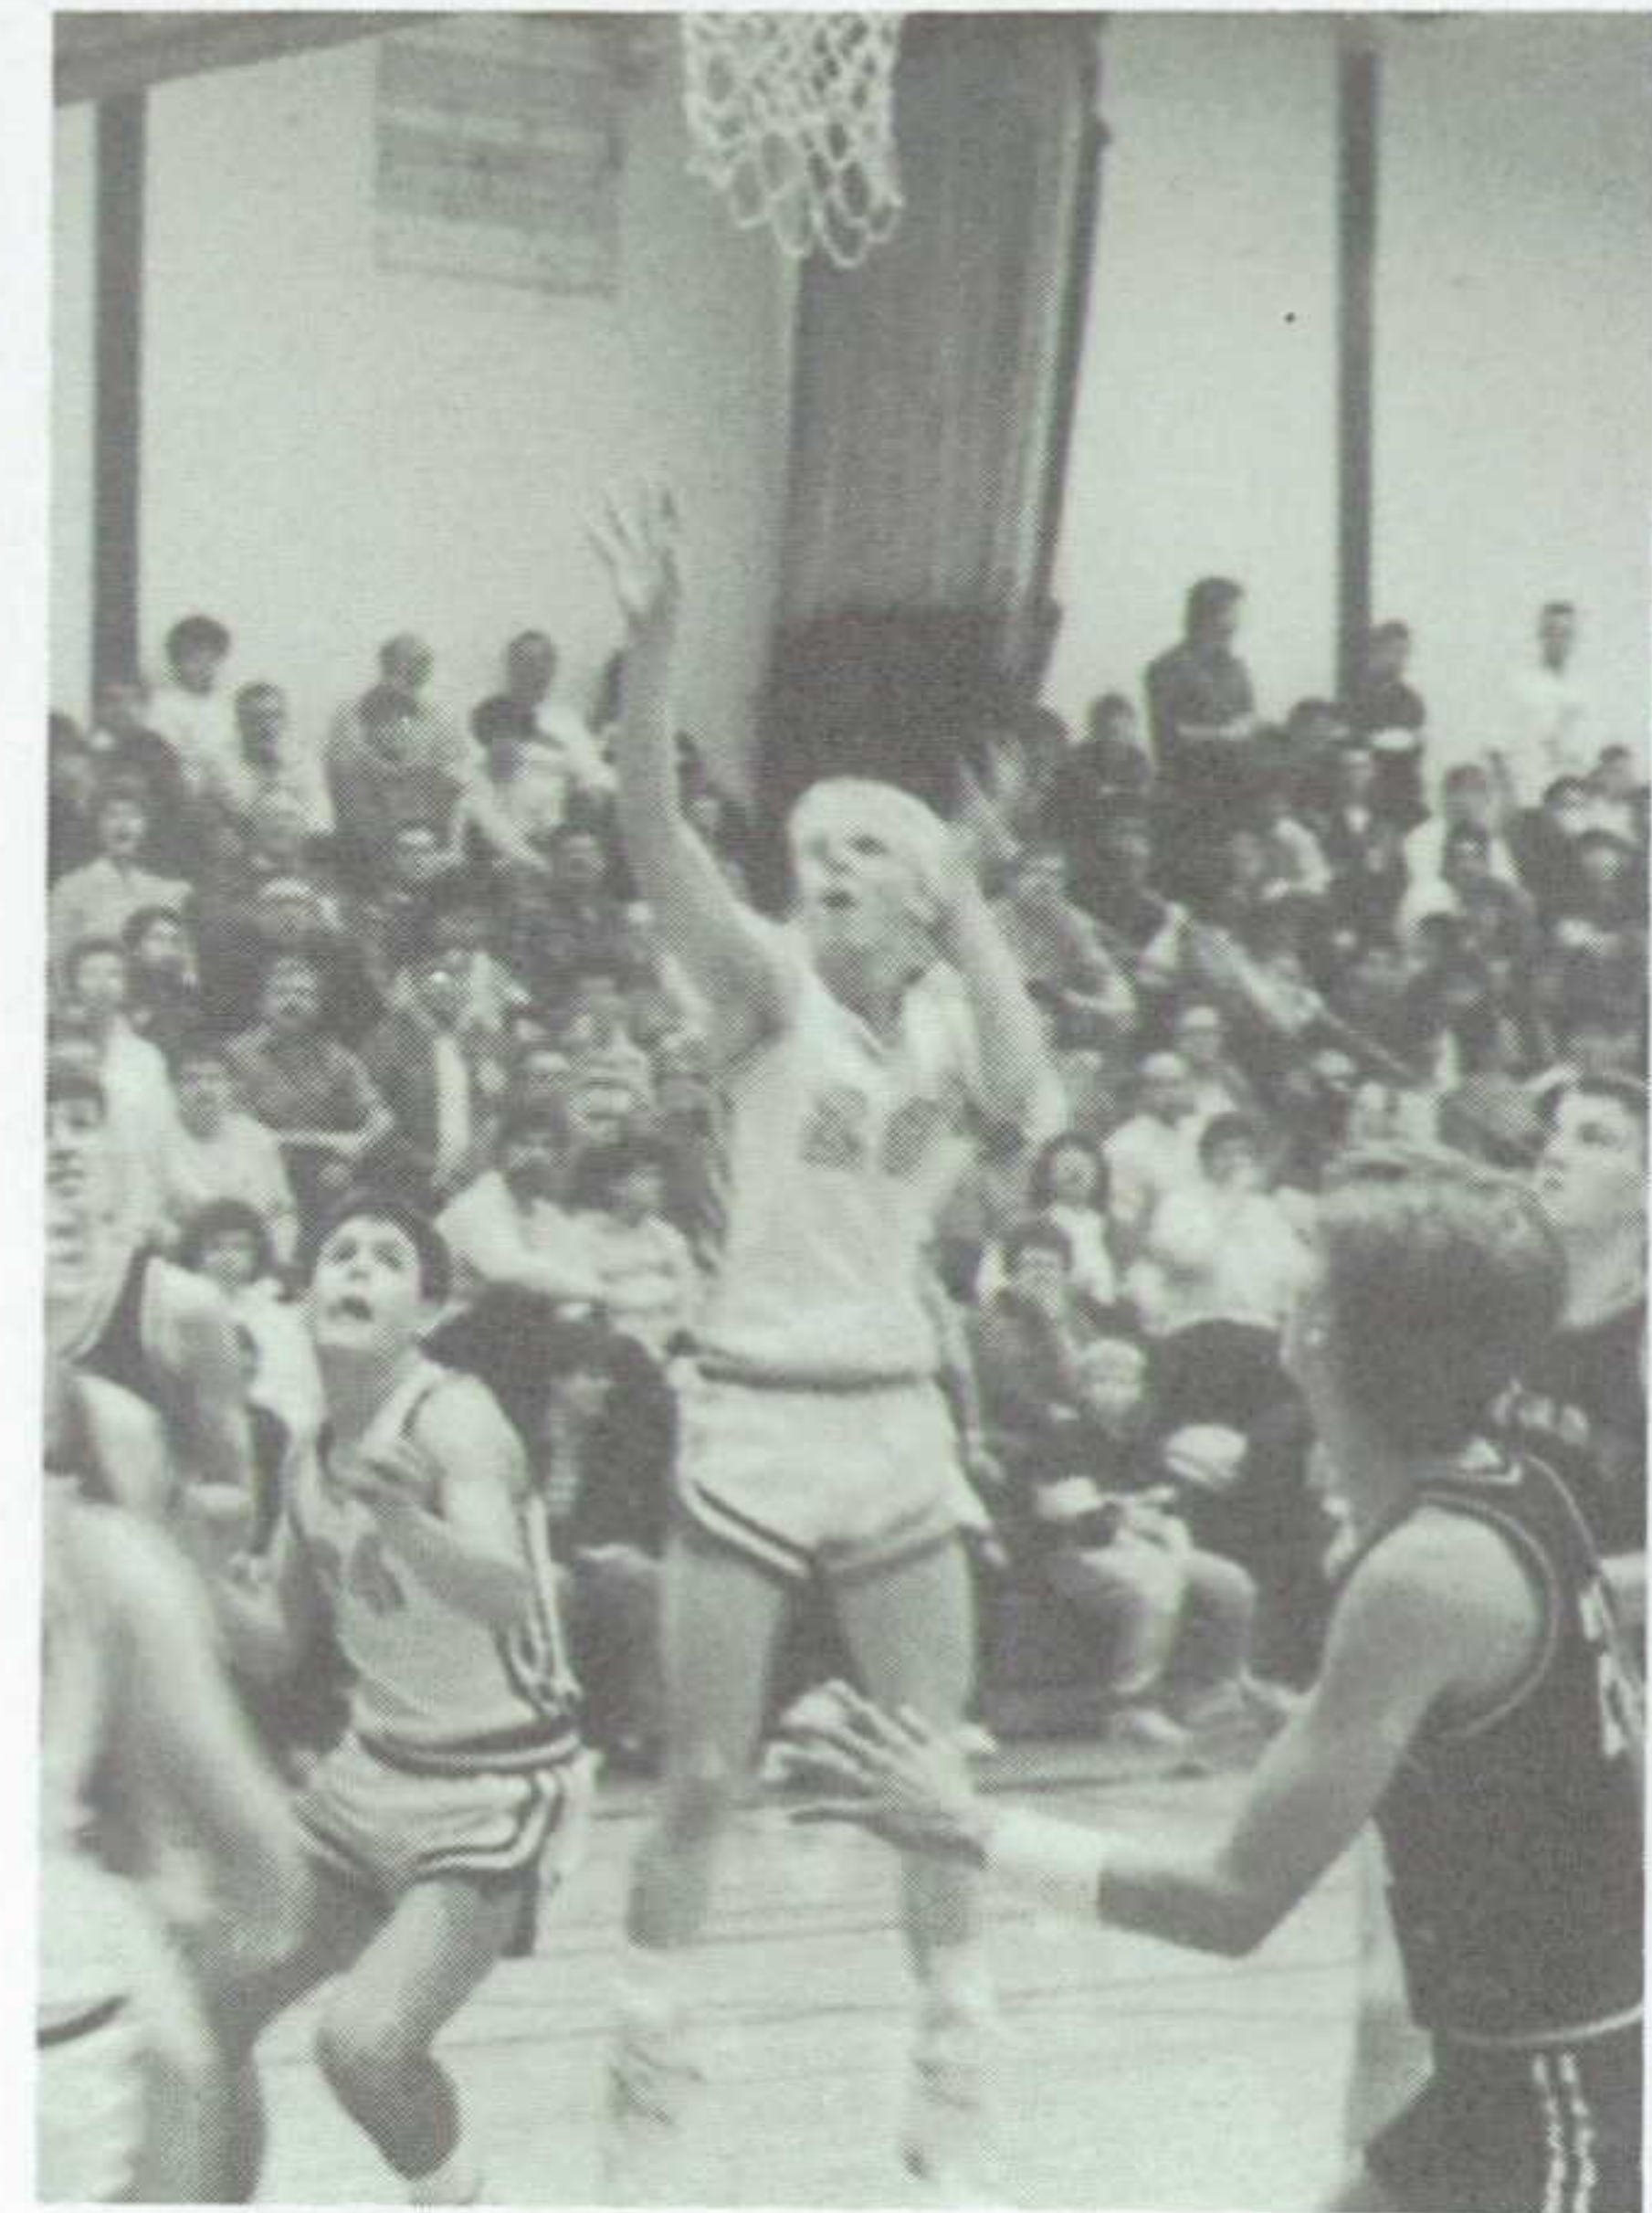

Melinda Schmitz and Julie Siler look on as Bobbi Clark defends the basket. In basketball, defense is said to be the best form of offense.

The Ability to Succeed

Heath Plaxton shows determination as he saves the ball for the Huskies. Heath has great potential for the seasons to come.

Sophomore Troy Saunders shoots the ball for two. Troy's hard work was a big asset to the team throughout the season.

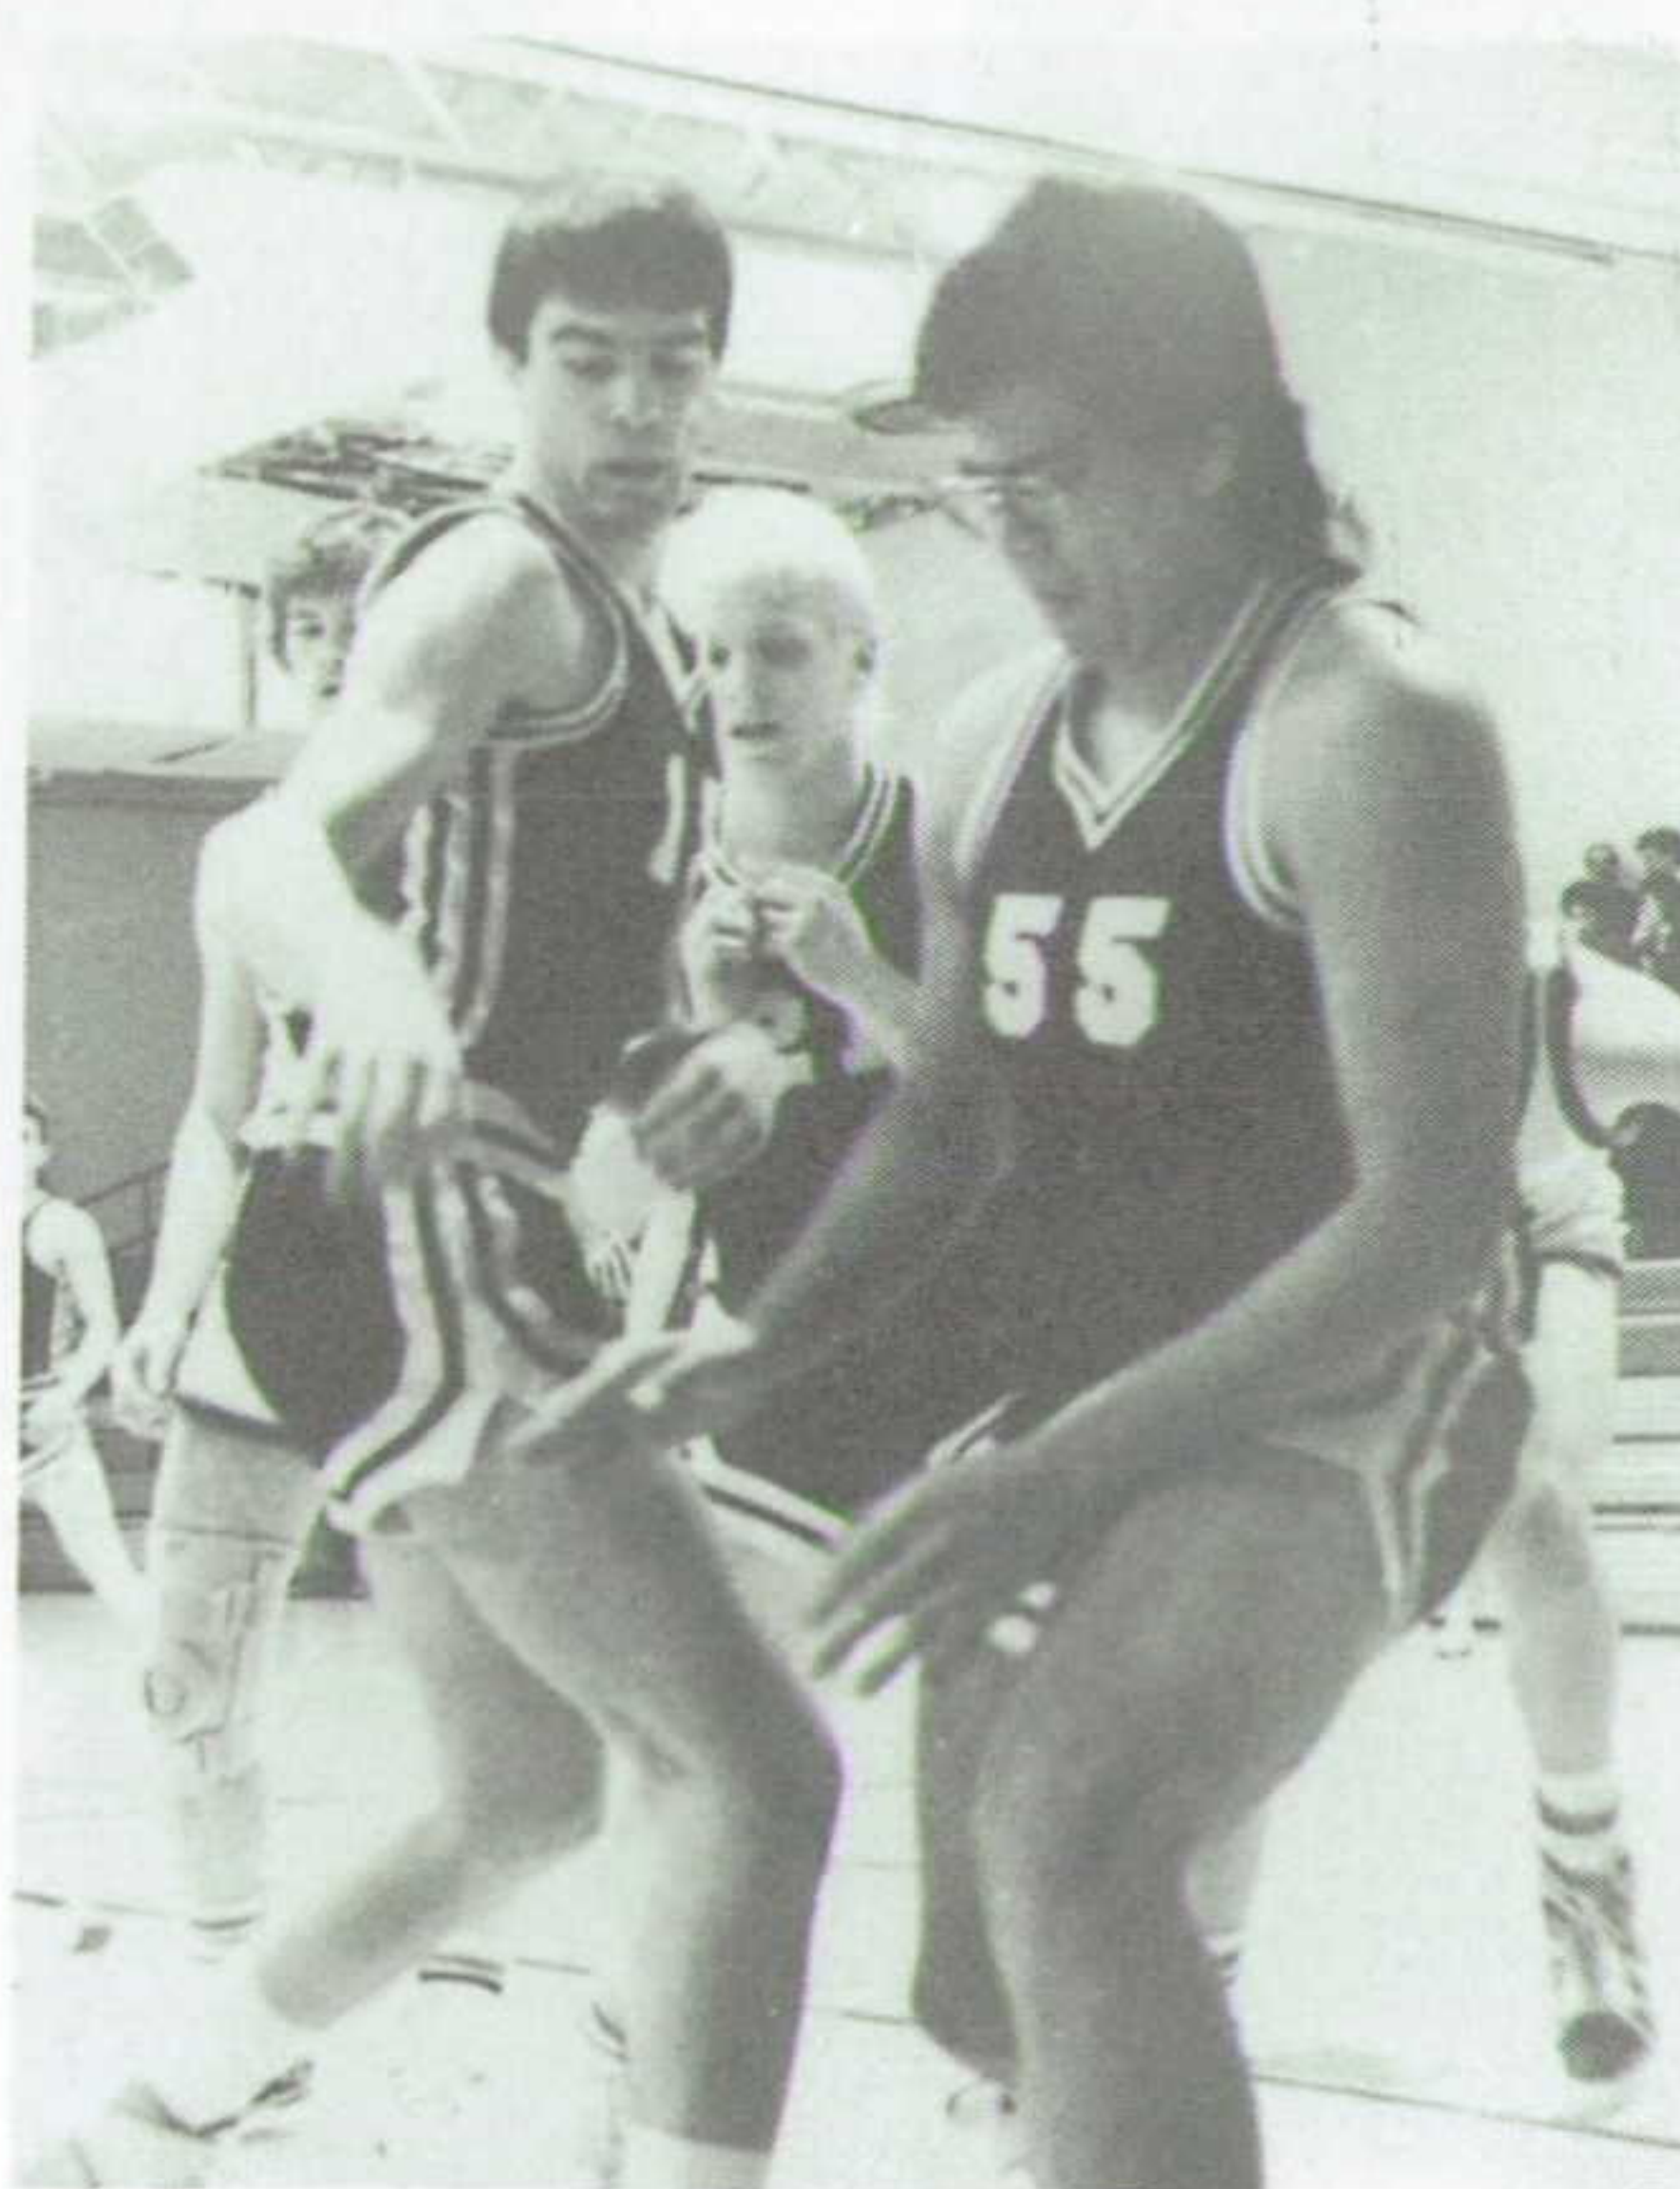

The J.V. basketball team ended the 1988-89 season with an overall record of 2 wins and 18 losses. The ability to perform well under tough circumstances was a major asset for the team. In the new CSAA league, the team finished with a 2-12 league record. Even though the winning record wasn't high, the team's ability to perform was high. Co-captains Troy Saunders and Mario Gutierrez took leadership of the team. Mario also received the Top Rebounder Award with 132 rebounds. M.V.P. honors as well as Top Scorer Award went to Heath Plaxton with 161 points as a freshman. Rick Shebester took the lead in assists with 43 and steals with 52. With the outstanding ability the freshmen have, next year will be successful.

Aaron Schall, Troy Saunders, and Mario Gutierrez are all determined to catch the "runaway" rebound. Troy and Mario took leadership of the team as co-captains.

In deep concentration, Amy Chapin bumps the volleyball. Bumping the serve is the first step in returning the opponent's serve.

Hard work pays off

The J.V. girls volleyball team had an outstanding season. The girls put their talents together and worked very hard as a team. They ended the season with 24 wins and only 3 losses, putting them in first place for the CSAA league.

The girls practiced hard and played well in all their games. Their efforts paid off when it came time for tournaments. They played well in the Sanford tournament and received second place. At the Huskie tournament, the girls had a very

good turn-out. Having the home court advantage, they pulled through with a first place. With the effort of the returning players, next year will prove successful.

Chris Breasbois bumps an attempted kill while Teresa Childs stands near. Close plays sometimes require the help of a teammate.

Teresa Childs dives to save the spike. Teresa puts her all into each play to help the team.

Inexperienced but Determined

The J.V. softball and baseball players are relatively inexperienced, but they strive hard to attain the goals they set for themselves. Their games improve from the experience they obtain. J.V. baseball finished second place in the league with a 10-4 record and J.V. softball also finished second place in the league with a 11-3 record. The J.V. baseball players chose for their M.V.P., Rich Overla and co-M.V.P.'s for J.V. softball were Becky Hays and Teresa Childs. Voted as M.I.P. were Andy Brickner and Katrina Mazurek. Kathy Gross sums it up best by saying, "Being on J.V. softball team was a rewarding experience. It may take lots of work and dedication but

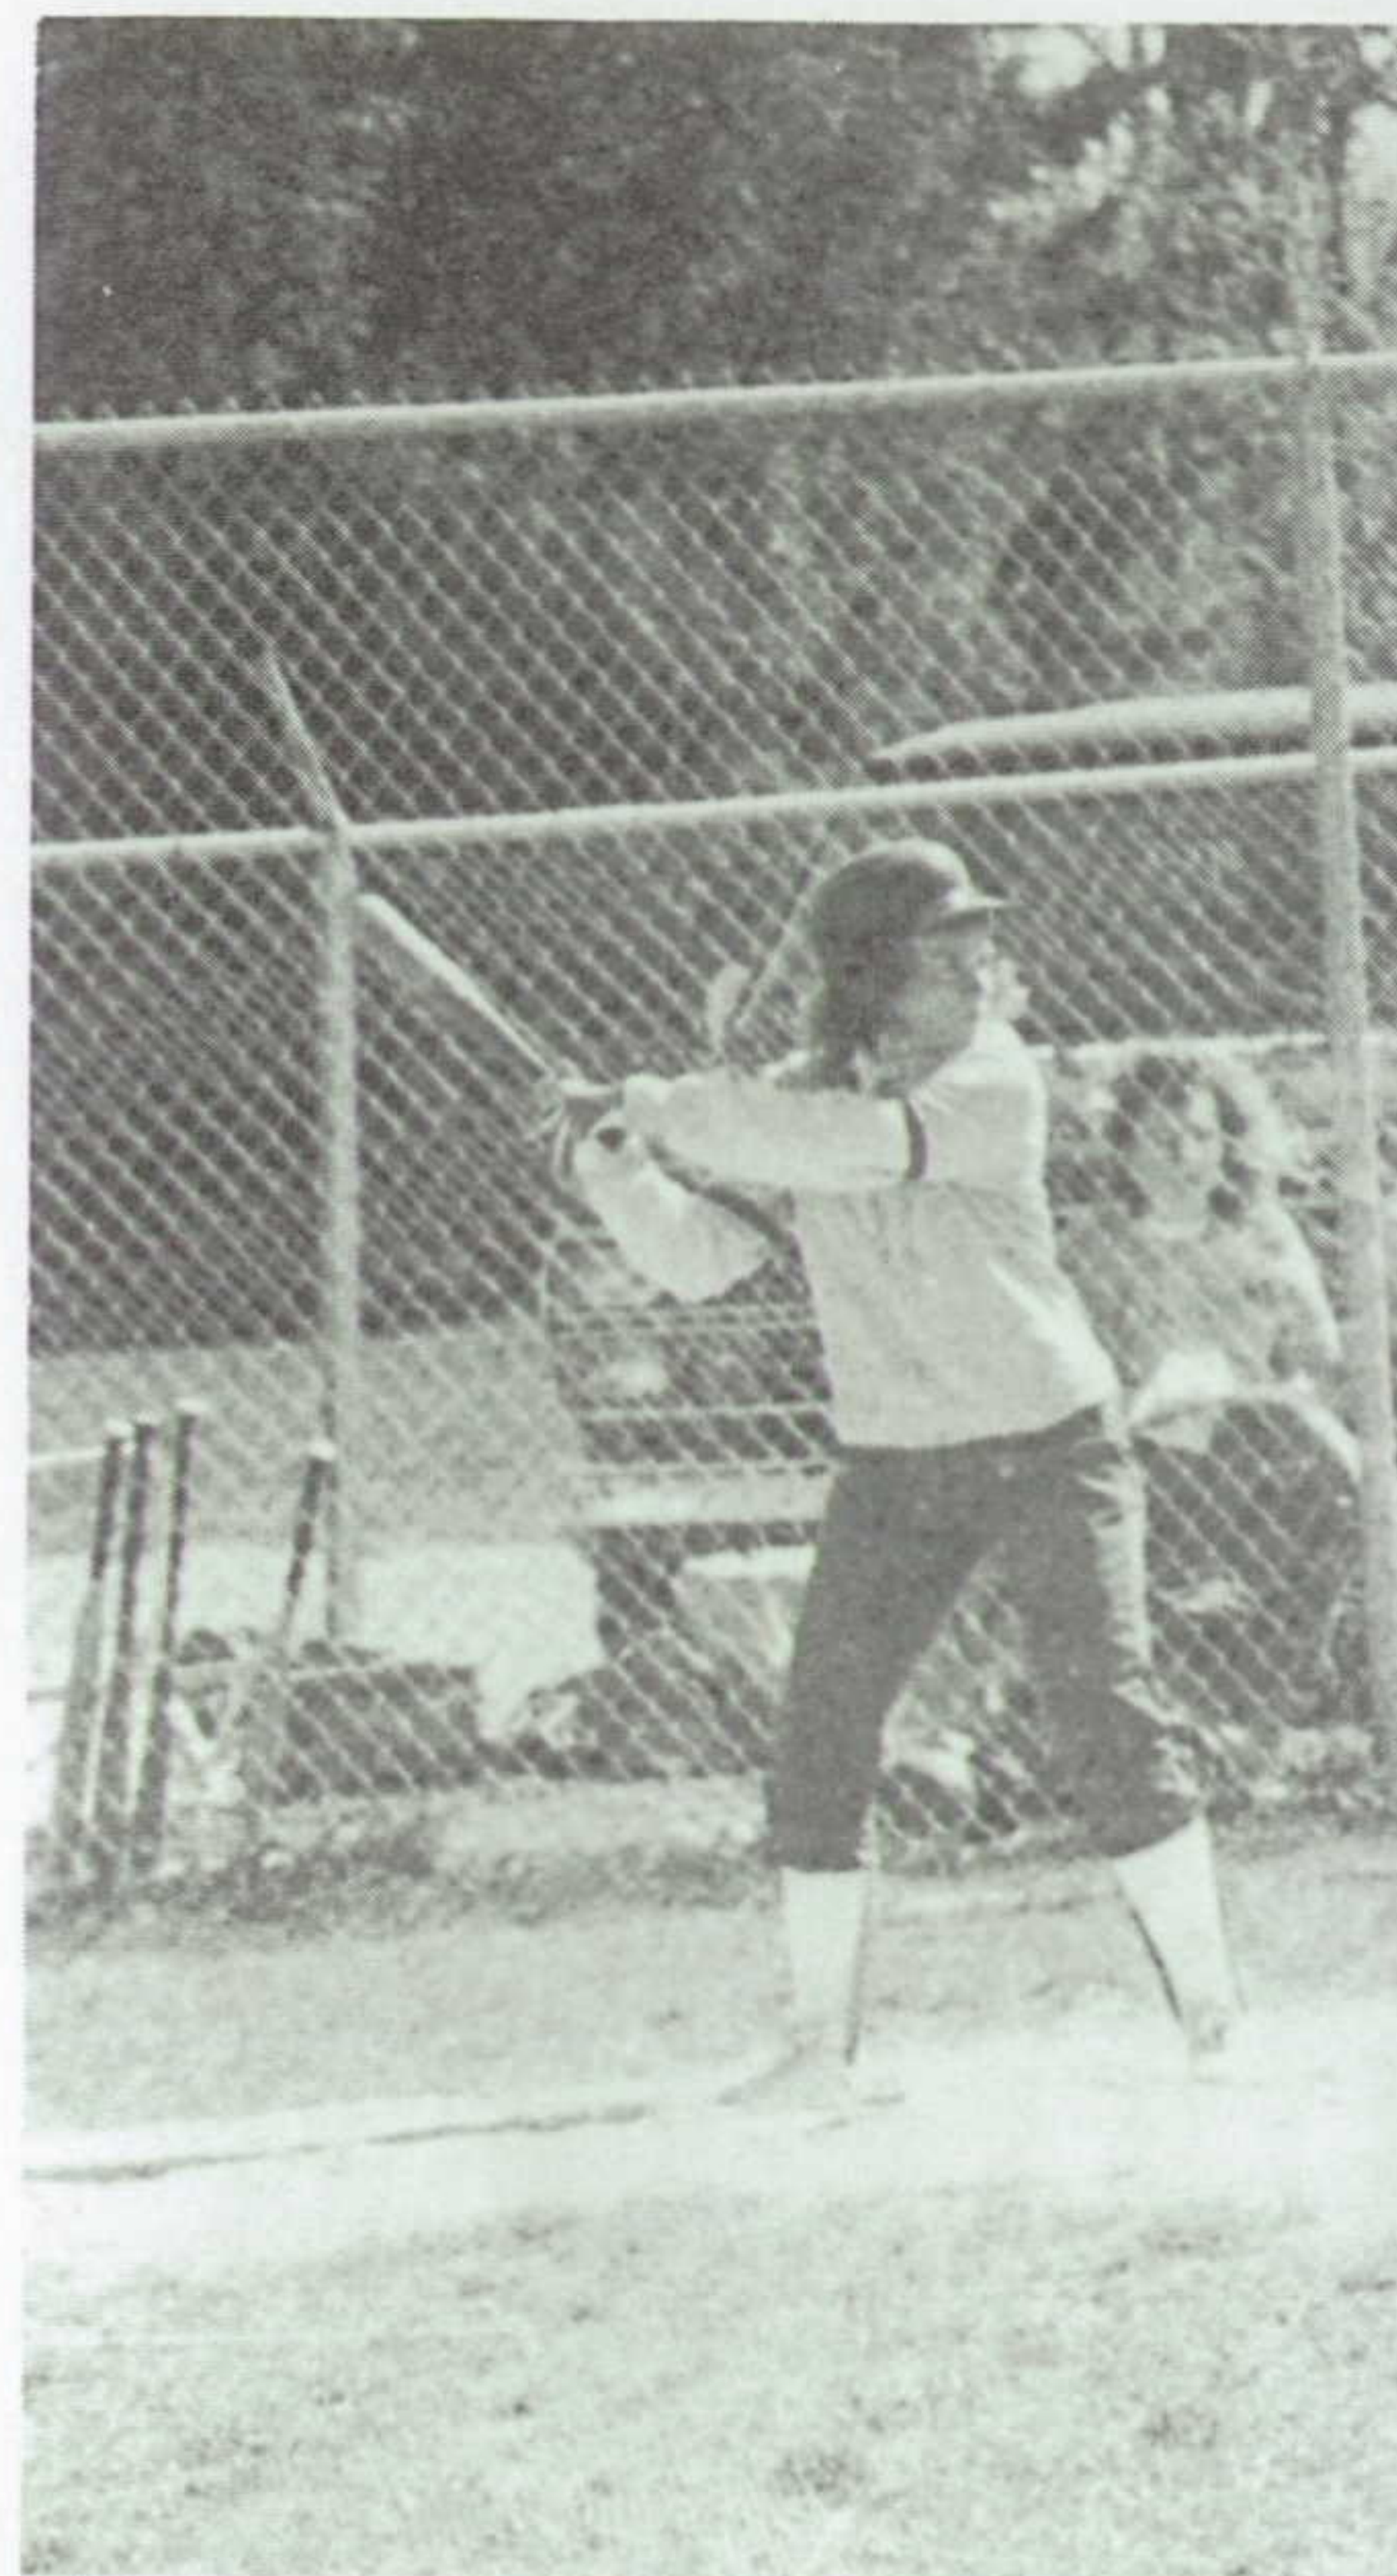

you also make new friends." As a freshmen, Brad Gillis, gives his opinion on his first year playing J.V. baseball. "We had our highs and lows during the 1989 season but we had mostly highs. We were quite successful in league games and we were excited about the possibility of the league. We owe our gratitude to coach Ther-ing and coach SanMiguel for our success. For Kim Carter being on the J.V. softball team meant, "My first year of J.V. softball brought me many new friends and alot of good times. We all worked as a team and always strived to be the best."

Kathy Gross stands at the plate waiting for the perfect pitch. As a freshman, Kathy showed great potential for the up coming years.

Heath Plaxton keeps his eye on the ball, waiting for a chance to make a base hit. Freshman, Heath was a great addition to the J.V. baseball team.

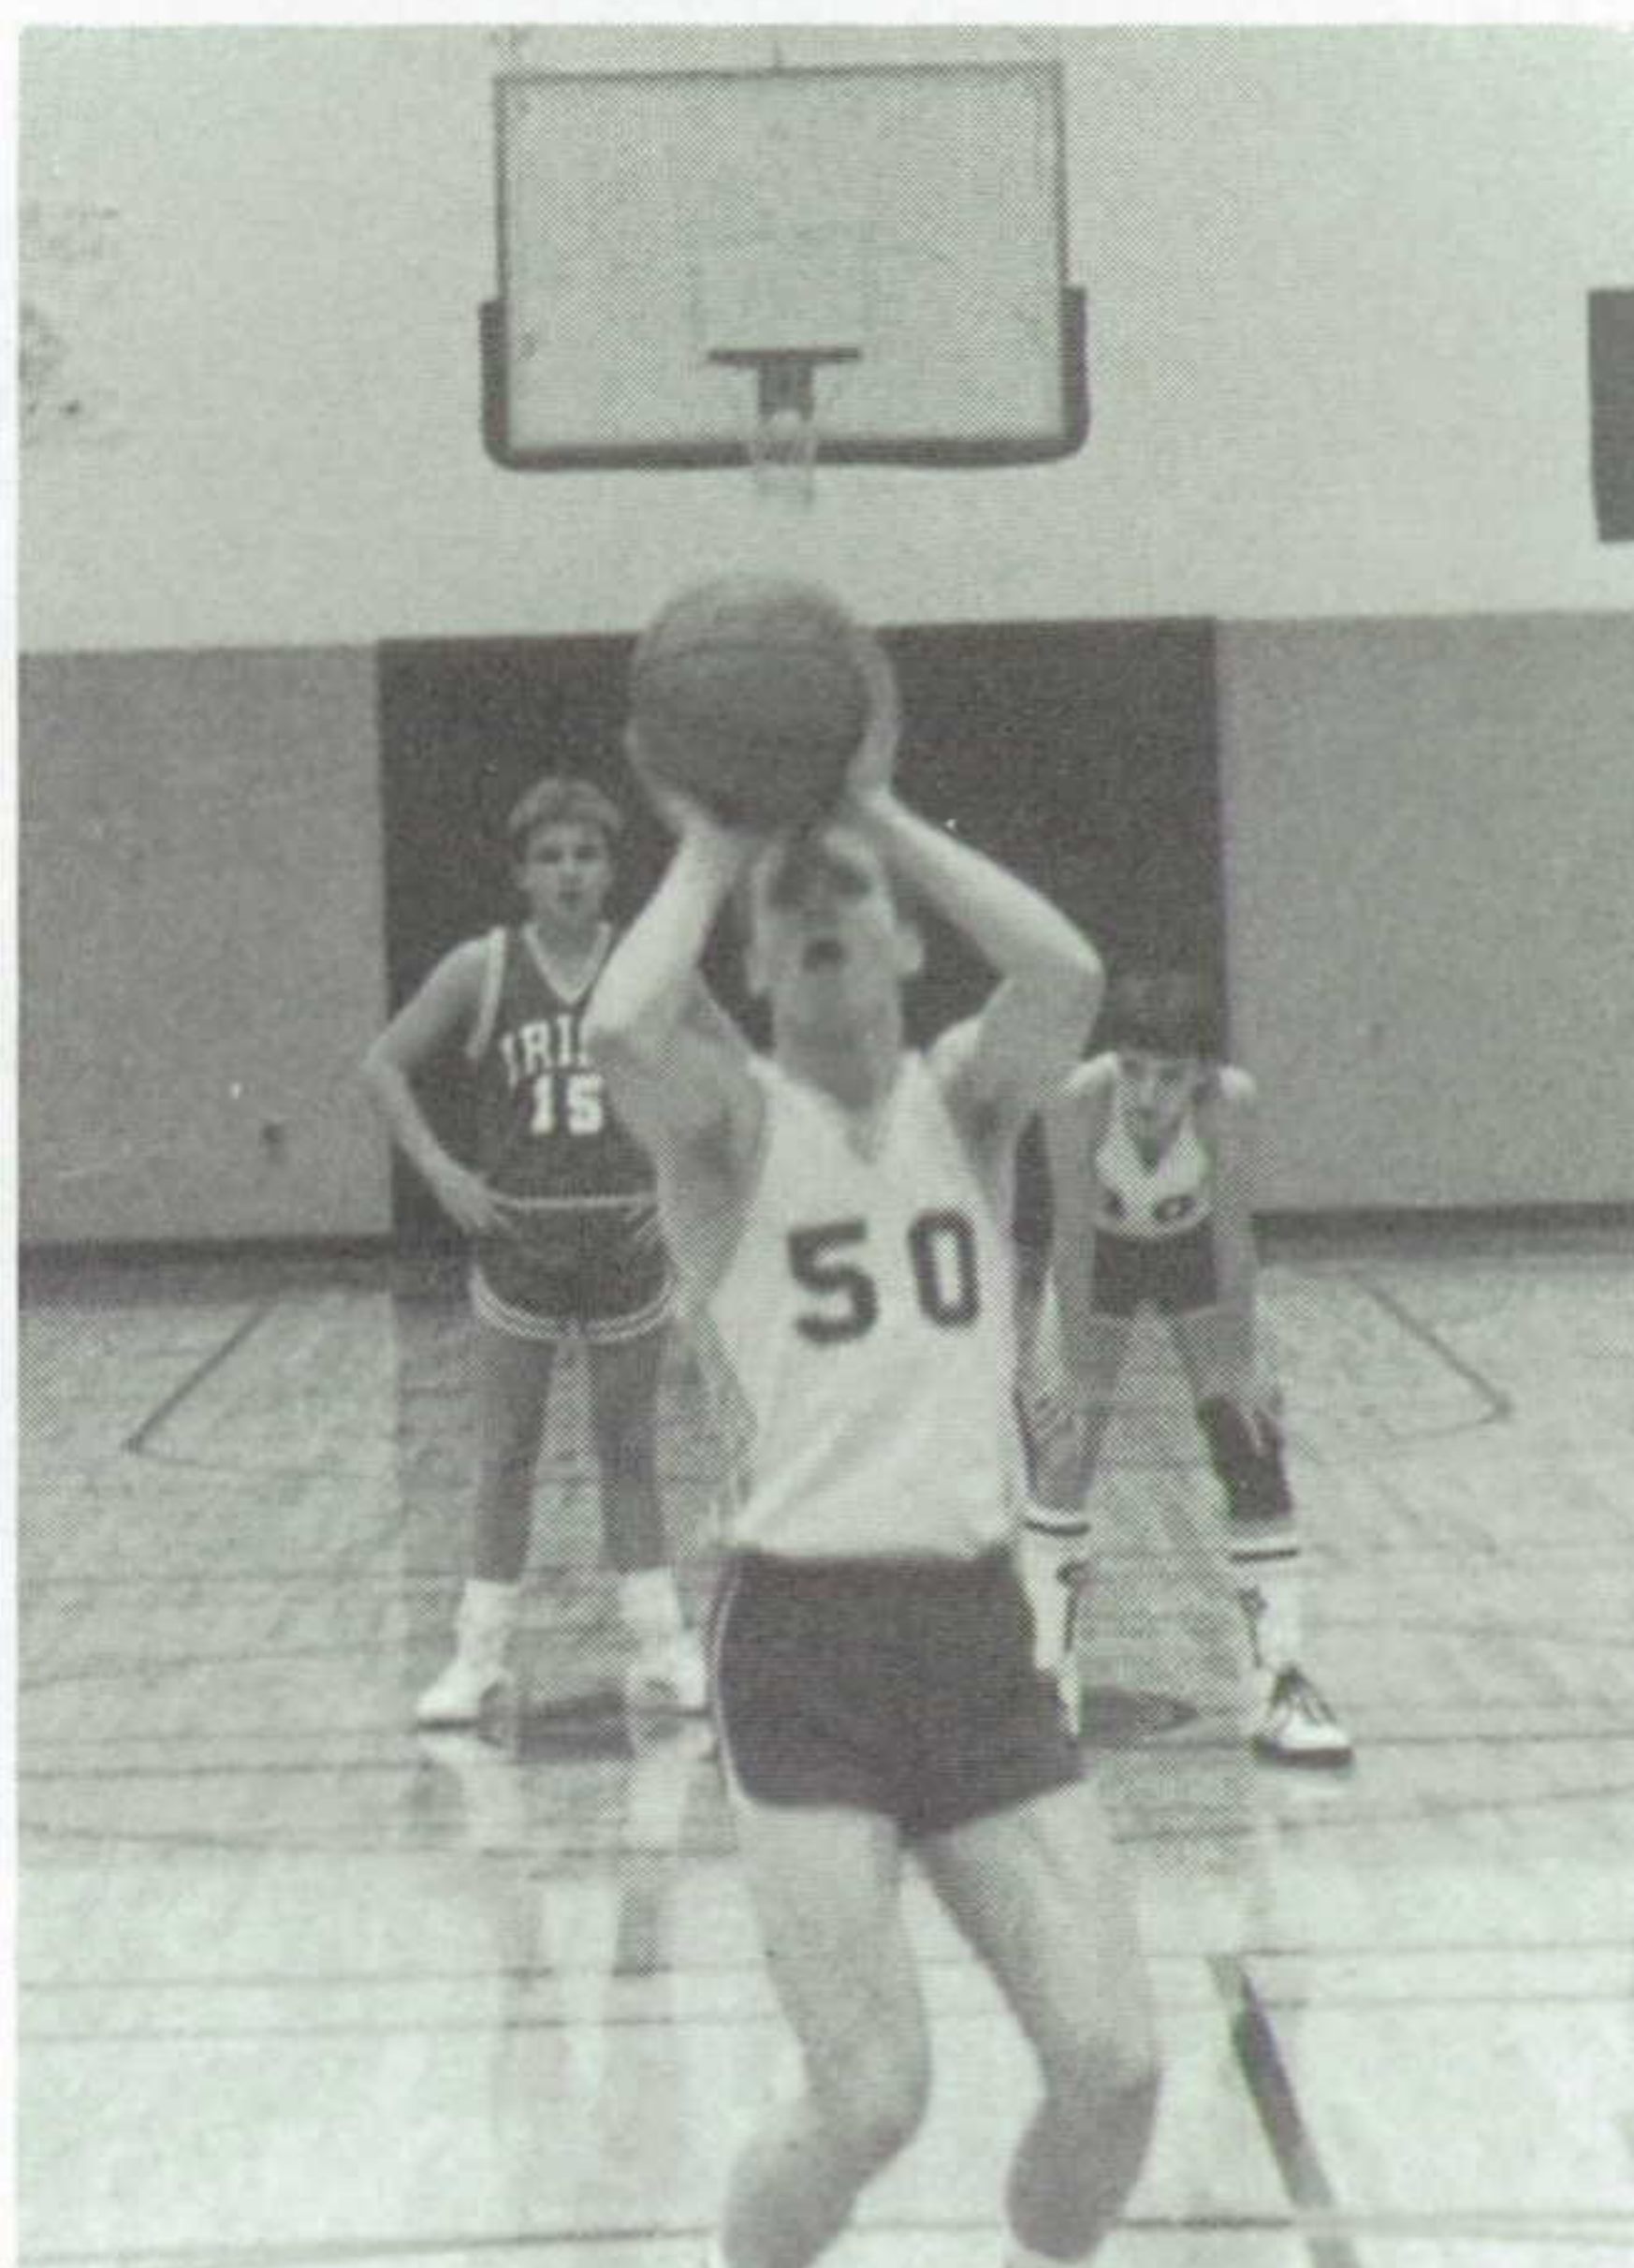

Teresa Childs throws the ball to a fellow teammate during warm-up. Warm-up is an essential factor to all the players, to help enable them to do their best.

Players group together on the playing field to discuss strategy. The players found out that working together can lead to a successful game.

Freshmen learn the hard way

Brent Clark gets set to fire up a free throw. Making free throws can mean winning or losing a game in the end.

This year at BHS the basketball program was expanded with the addition of a freshmen basketball team. With this new addition more freshmen will get to play. The experience they will gain from more playing time will make the varsity program more competitive in the future.

The freshmen team experienced a tough first season. Their record was a disappointing 1 win and 16 losses. Playing hard every game, the team was close to victory before finally falling to defeat in the end. Chosen for individual awards were Jason Ostrander as M.V.P. and Mike Humm as M.I.P. Picked as the team captain was Brent Clark.

With many talented junior high boys coming up the freshmen basketball program hopes to start a winning tradition. This year's freshmen will stride to make the J.V. team the best it can be next season.

The Honors of Going to State

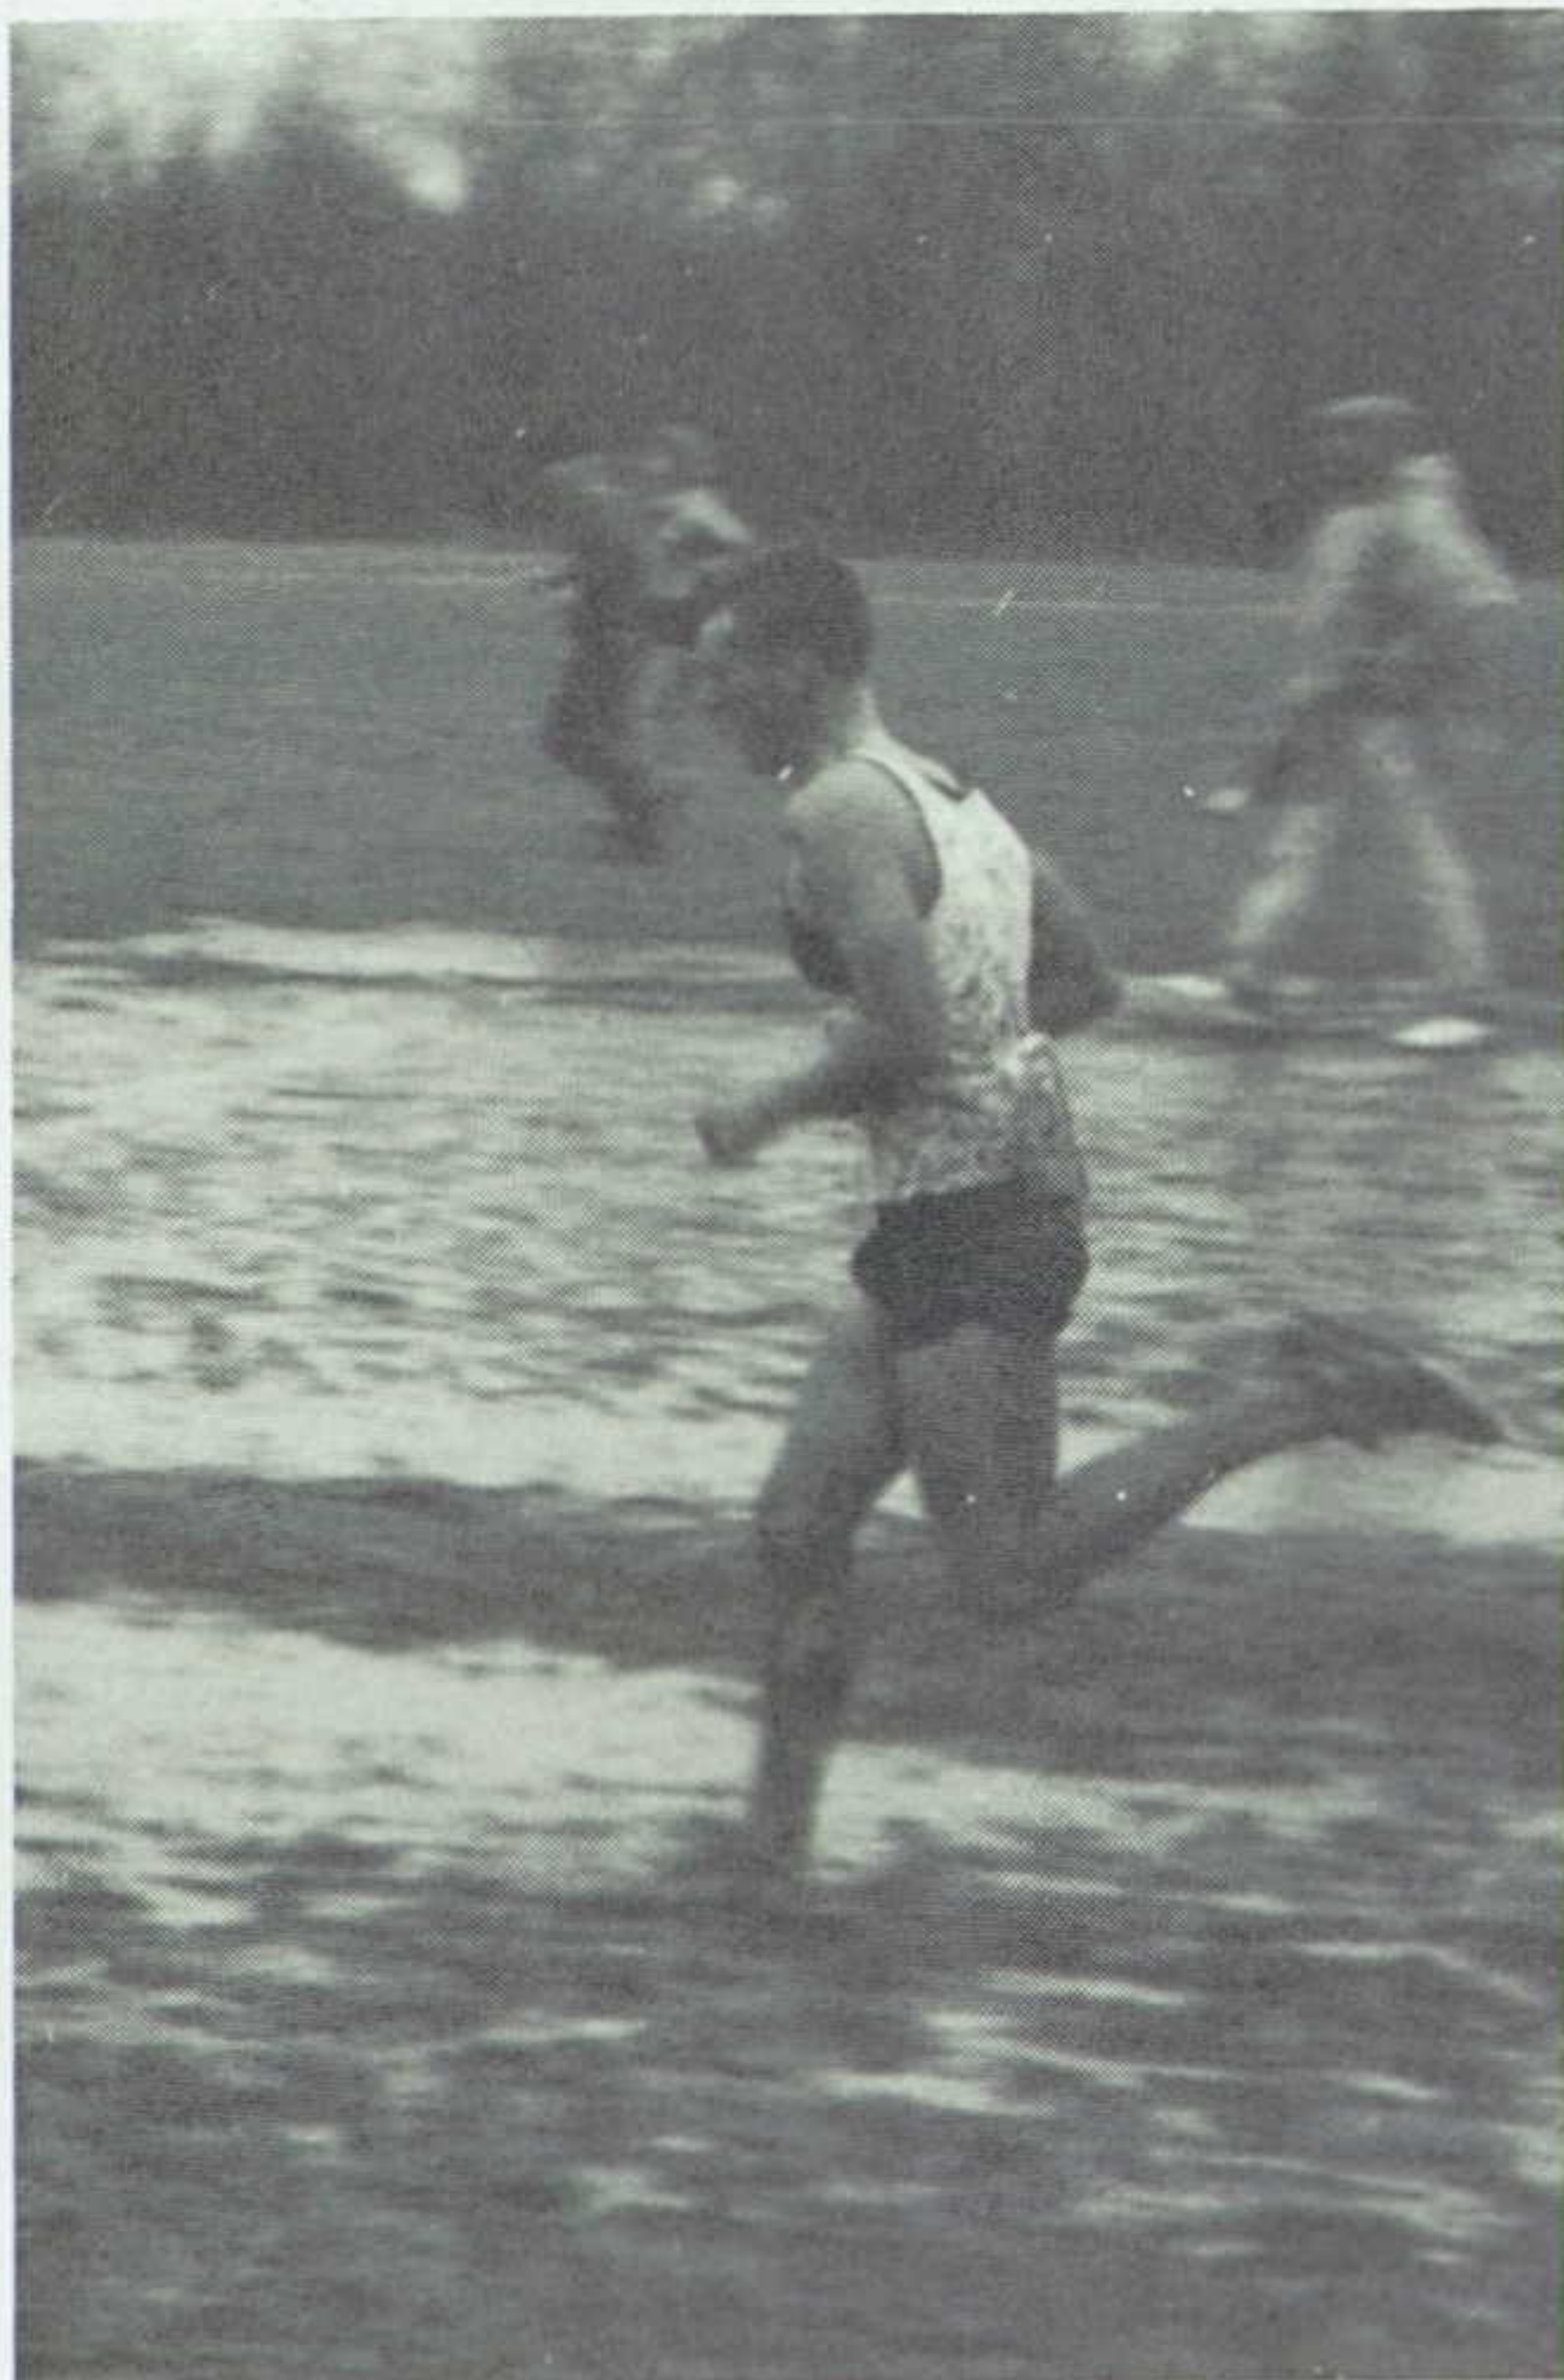

Doug Shankel gets ready to wrestle again after scoring a point over his opponent. Doug qualified for state competition as a heavyweight.

Troy Oswald, Rich Gray, Chad Plaxton, and Scott Strouse teamed up to run in the state meet at Alma College. These four qualified for state in the 800 meter relay.

The honor of being good enough to go to state is something that sets apart the good athletes from the gifted ones. Qualifying for state in a sporting event is something that takes lots of practice and hard work. It does not stop there though; in state competition a person must be mentally prepared as well as physically. This elite group of people had the talent and determination to represent our school in state competition and should be congratulated for this fine accomplishment.

-Aaron Schall

Jim Snow strides through the mud while heading toward the finish line. Being able to handle adverse weather helped Jim get to the state cross country meet.

Jason Whiting went to state in the shot put and Konrad Sumner ran in the 200 yard dash. Hard work helped them get to take on the competitiveness of state competition.

Troy Oswald, Troy Saunders, Konrad Sumner, and Rich Gray ran great together this season. Because of this running, they qualified for state in the 400 meter relay.

The thing I noticed and liked about Band is the opportunity. Every year there is basically the same faces, with a few new ones, so no matter what year it is or who teaches the class, Band itself remains familiar.

I have enjoyed Journalism for my junior and senior year at BHS. The production of a yearbook is a fun, but rough task. Journalism has allowed me to design a page, write copy, produce black and white pictures, and to gain experience on a computer. You become easily motivated knowing you must do a good job because every yearbook will be looked at by many people and for years to come.

Leading the Way

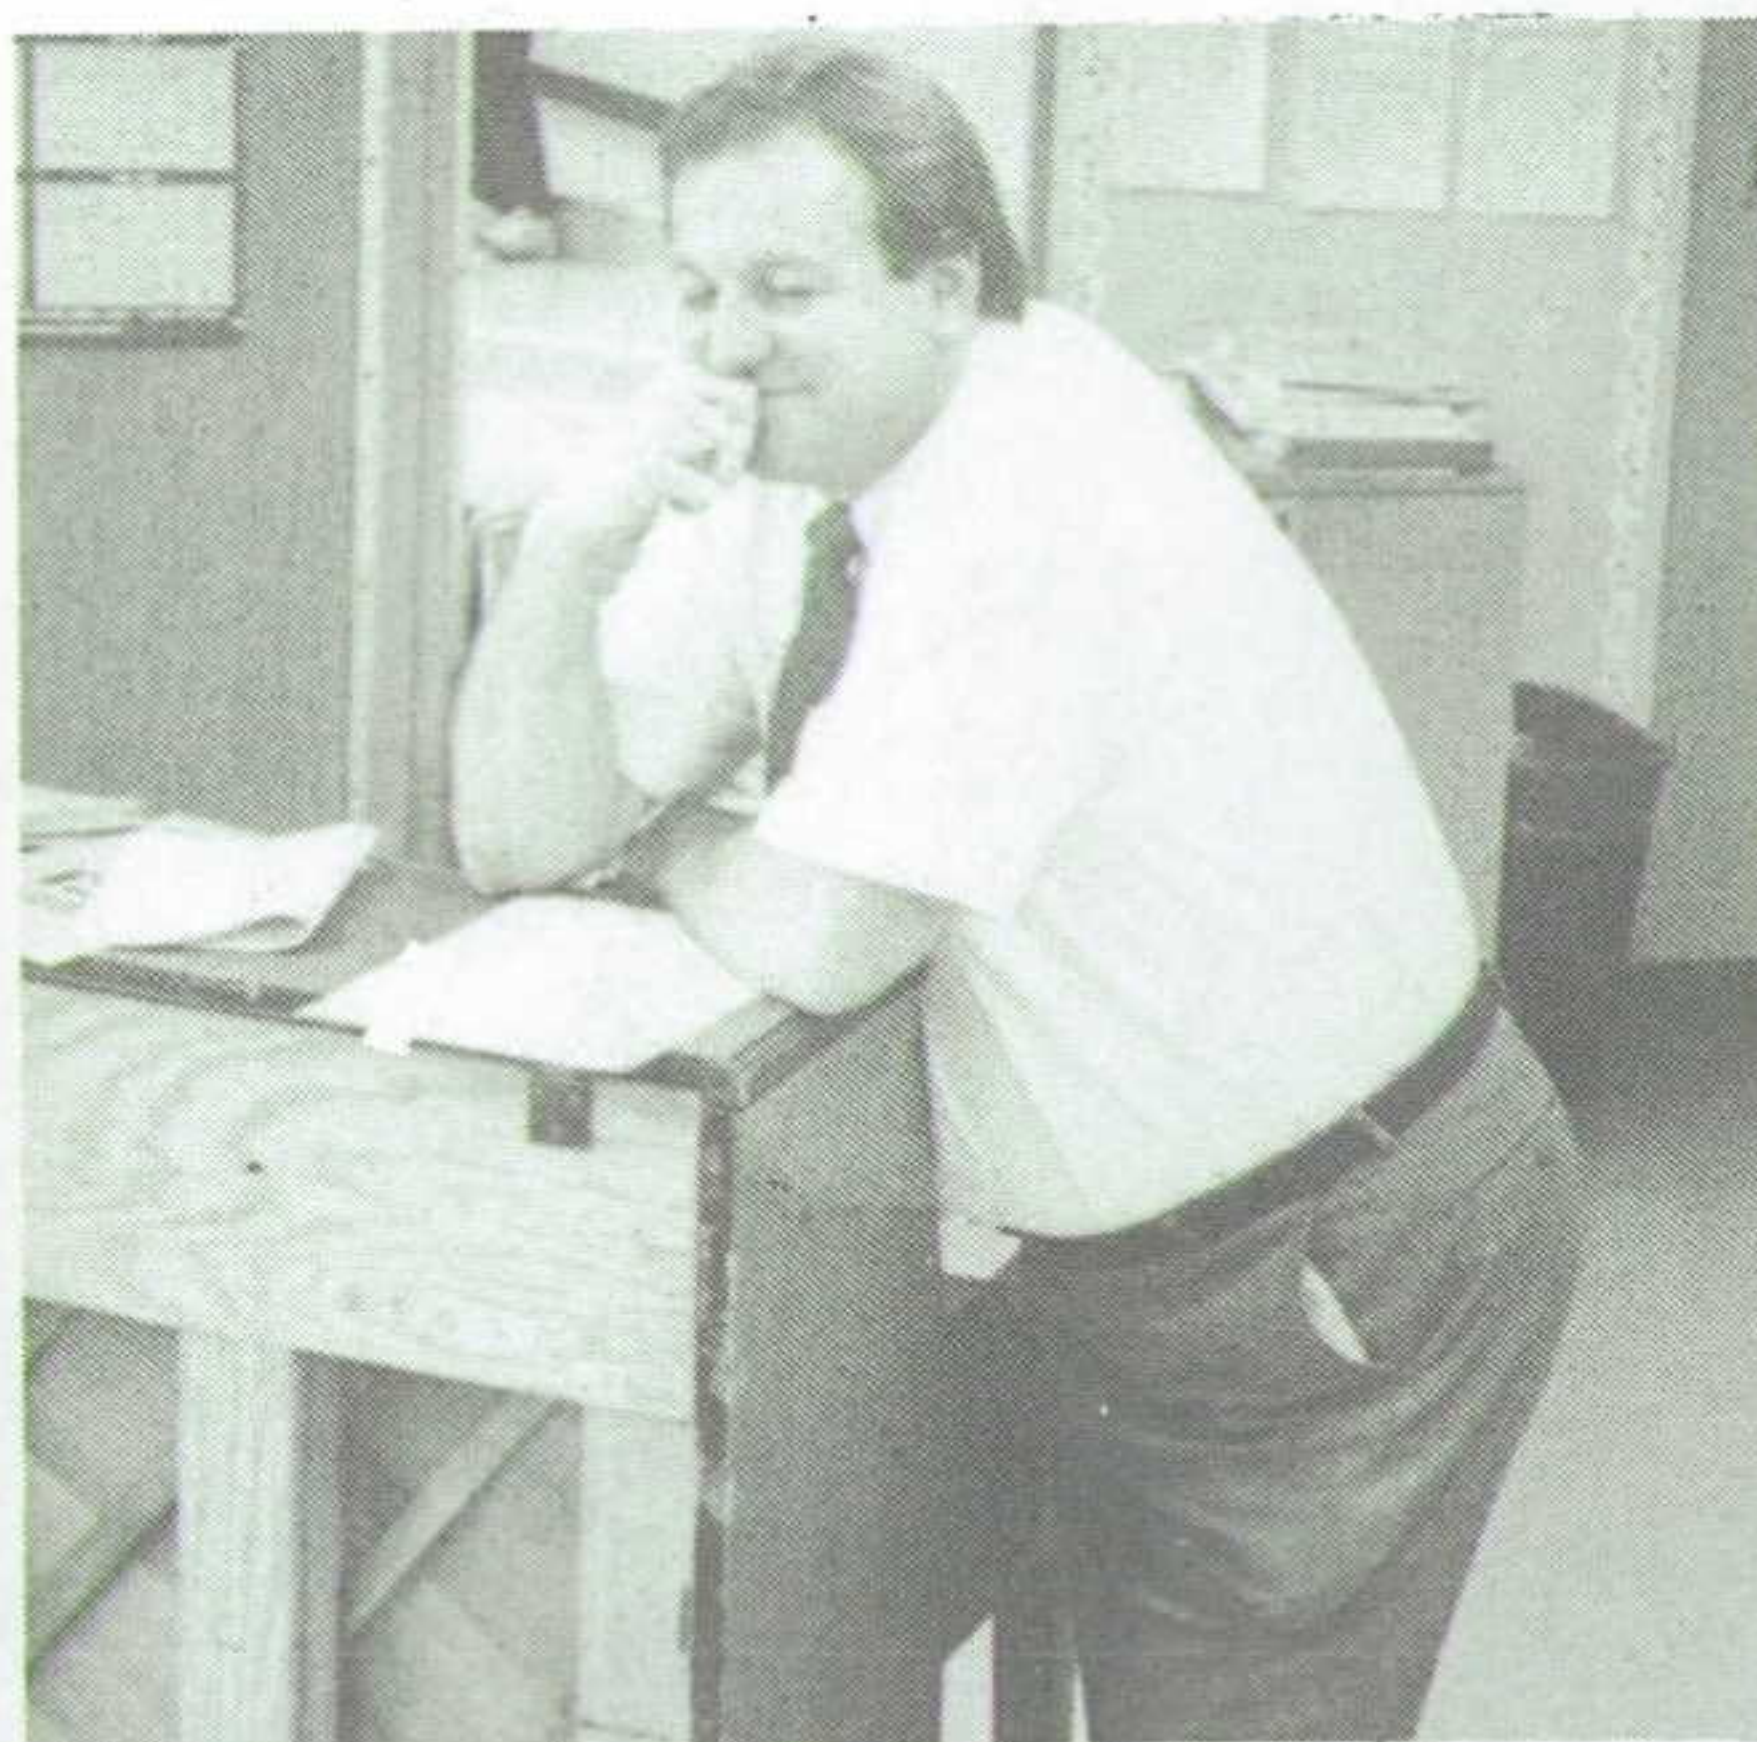

The student council did another fine job organizing and carrying out the many activities that make the year fun for everyone. The year started out with the Homecoming parade, assembly and dance. For the Homecoming assembly, a boy out of each grade was paired with a boy out of another grade, and one was dressed like a king and one like a queen. Then the crowd cheered for which pair they liked the best. Dave Morris and Mark Powell won king and queen, but their prize was a royal pie in the face. During the Christmas season Santa's elves passed out candy canes to students in the East and West Elementary schools as well as the the high school. Adopt a family, the Snow-ball ceremonies and dance as well as the Muscular Dystrophy and United Way collections were also done by the student council. The exchange student party was also done again this year. Another fun

event put on by student council was the powder-puff football game. The teams for the game were the juniors and freshmen against the seniors and sophomores with the seniors and sophomores coming out on top.

The student council members are elected to the council by running for a certain position then being voted in by the other students. This year Malena Lewis was chosen as president with Nicki Berlin as vice-president. In other offices Rachael Danks was picked as treasurer and Darcy Gallihugh as secretary.

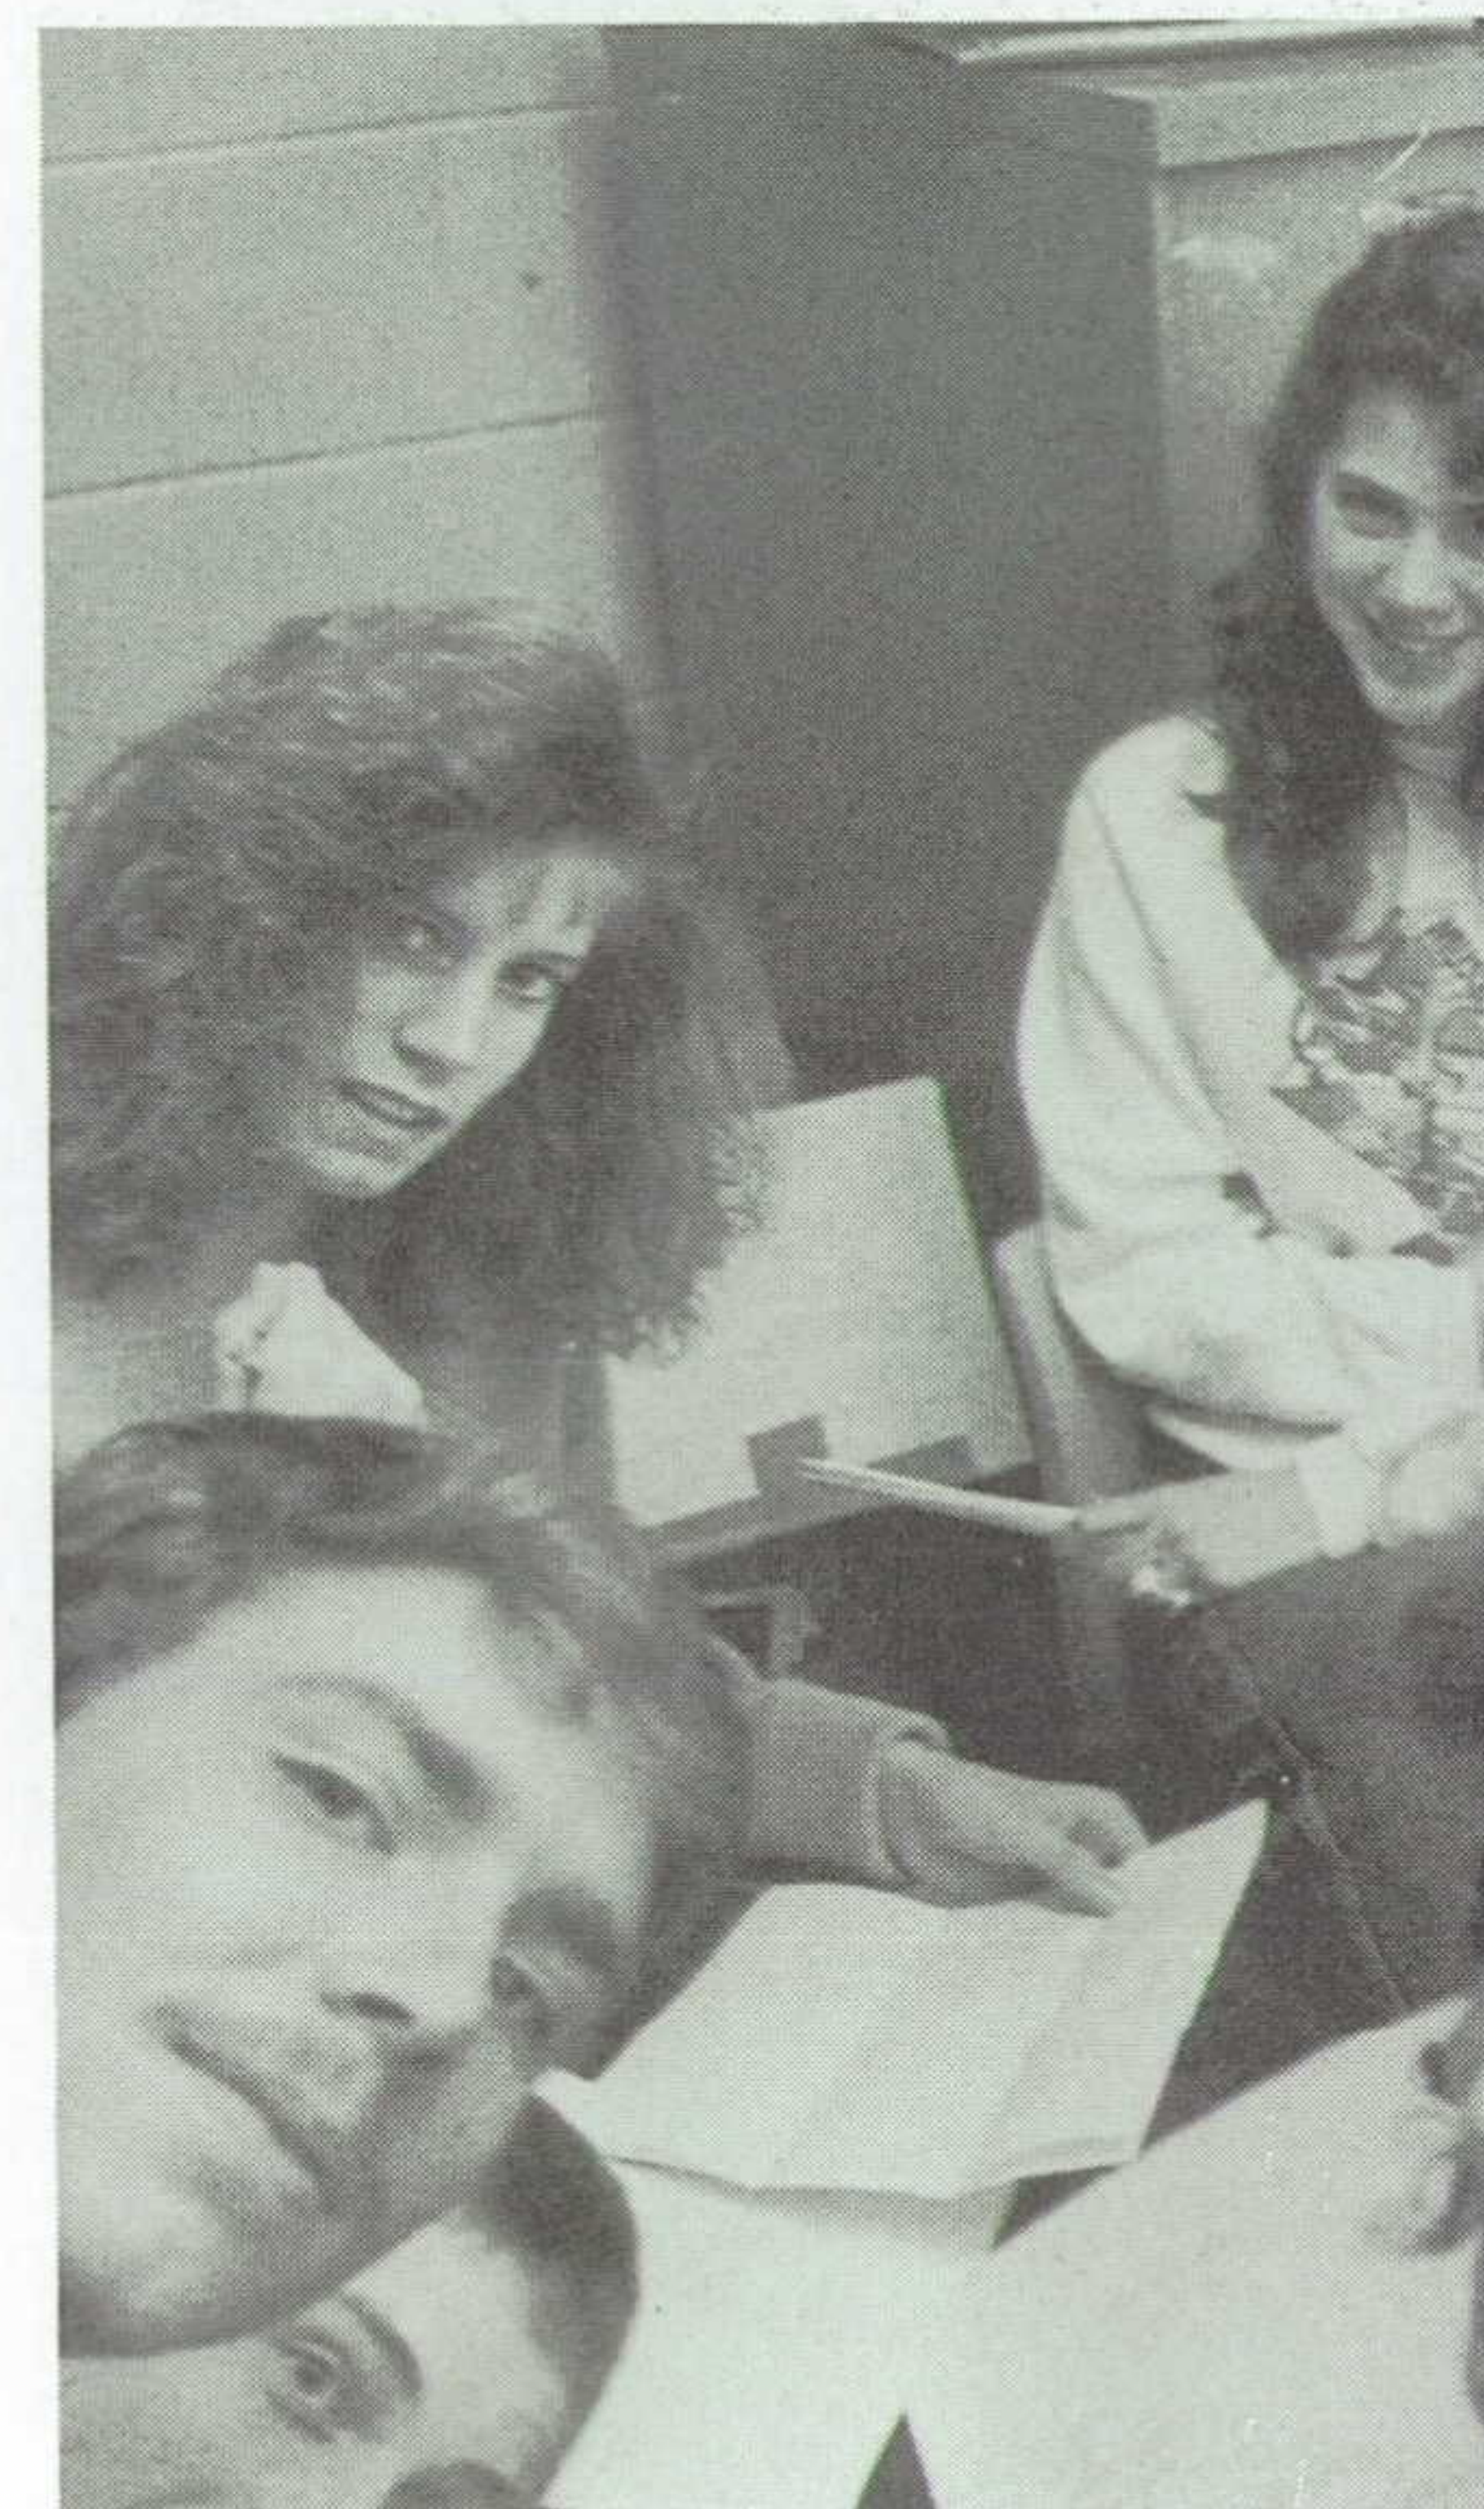

Being a member of student council is an honor for each member and without them the many activities that make the year more successful and enjoyable would not be possible. Many of the members will go on to be successful at whatever they do when they graduate.

-Aaron Schall

Mr. Godefroidt takes time to think about what happened at the last student council meeting. Being an advisor, he listens in at the meetings to offer his opinion as needed.

Chad Collins and Kristen Valliere are up for king and queen of the Homecoming assembly. This assembly was one of many activities made possible by the student council.

Student council officers check over their notes before the meeting starts. Being an officer you must be prepared to present your topics of discussion prior to the meeting.

Gaining Experience for the Future

Although BHS offers a variety of classes, some people choose to take vocational courses, while still others choose to work in co-operative courses. The chance to meet new people, learn a trade, and even make money are some of the reasons they are attracted to these courses.

Working in the co-operative courses provides students with a view of what it's like out in the real world. They learn valuable skills and earn money which will help them in their future careers.

Taking vocational courses allows students to further extend their knowledge of a subject or career of particular interest to them. Besides extending their knowledge, they attain salable skills geared towards placement in the job market.

So whether it be vocational courses or co-operative courses, most of the students agree that taking these courses will help them with their goal of making it in the real world. It will also be an experience that they never forget.

Founded by the National Association of Secondary School Principals, the National Honor Society is an organisation for students considered to possess high standards of leadership, scholarship, service, and character. Every year, students, who are elected by a faculty committee, are inducted into the society. The annual banquet and ceremony was held on May 3rd. The senior members said their farewells and new members were welcomed. In its 23rd year at Breckenridge, the society is still going strong and looks to continue well into the future.

The Flip Side Of Jekyll

"Don't Try To Hyde From Me Dr. Jekyll", a comedy spoof, was the 1989 Drama Club production. The cast, consisting largely of first time performers, were well received by their audiences, who enjoyed the misadventures of the manic Dr. Jekyll. Mr. and Mrs. Grahek, as co-directors, brought out the best in the inexperienced, but enthusiastic cast and added their own style to the production. The rehearsals were chaotic and great fun but also hard working. "It was a rewarding experience," Bob Nugent, who played Jekyll, said. "Drama will help you act throughout your life," Racheal Danks added, stressing the importance of an active drama department

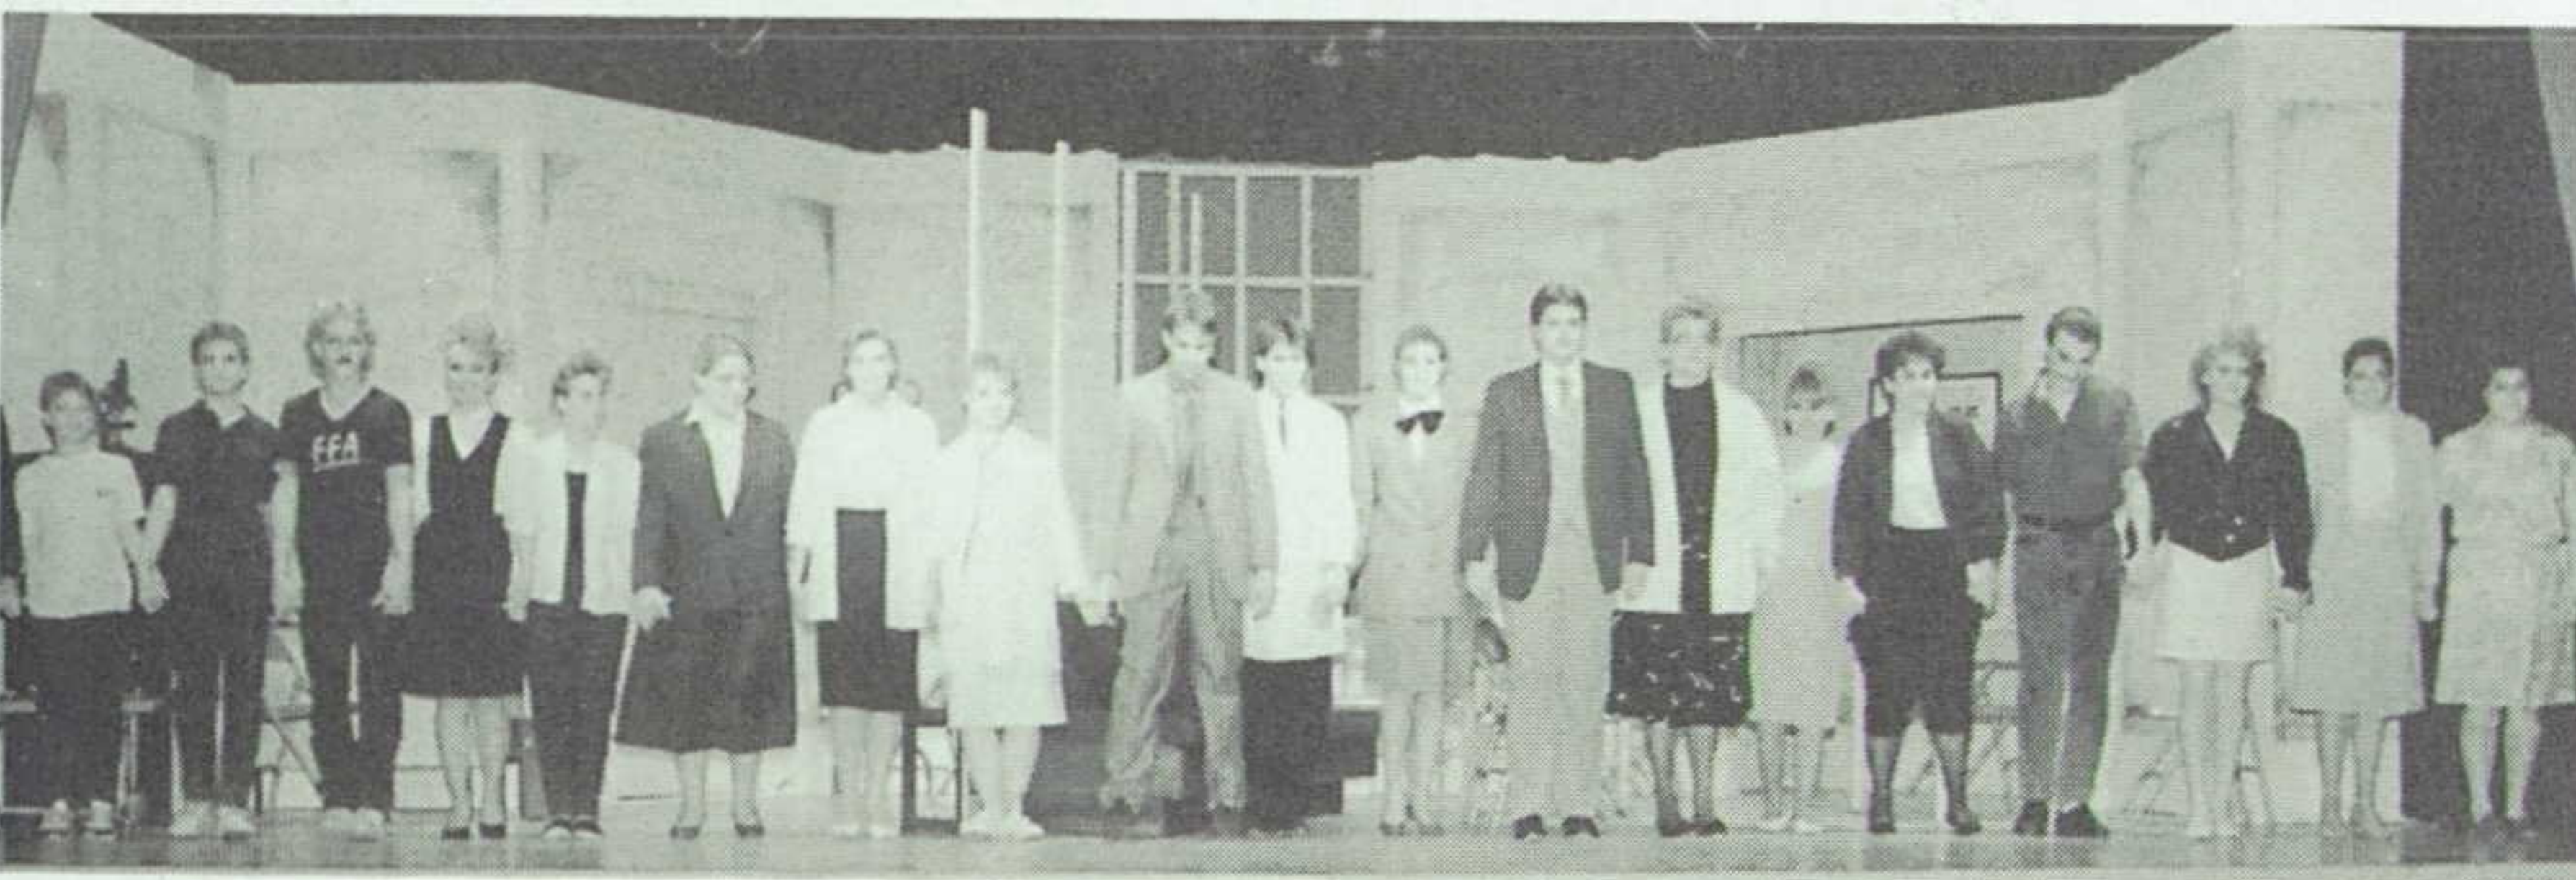

Mrs. Rich attacks the mild Dr. Jekyll and Prudence as grinning villan Reggie Van Whispo looks on. Interplay between characters is essential for a sucessful comedy production.

The cast: Don Priest, John Cole, Ben Vedrode, Paul Clark, Amy Fletcher, Frankie Smith, Christine Kreml, Maria Gorsuch, Susan Clark, Matt Knapp, Bob Nugent, Rachael Danks, John Shultz, Jayme Kelly, Cheryl Mattson, Jenny Grahek, Dale Rohn, Julie Buchanan, Tammy Garza, Stacey Woodland

Nurse Frandanger and Dr. Terreван discuss Dr. Jekyll's fate at the medical hearing. In their first senior high production, Maria Gorsuch and Susan Clark excelled.

John Schultz, as the arrogant Dr. Reticule, chats to the movie starlet (Julie Buchanan) at Mrs. Rich's party. John enjoyed the role of the world renowned doctor with an ego to match.

TAKE A RUN FOR THE BORDER

The Spanish Club started off their activities for the year with the election of officers: president-Sue Capen, vice president-Michelle Roe, secretary-Stephanie Vaughn, and treasurer-Vickie DeLong. Under their new leadership, the members began their annual fundraiser for the various activities throughout the school year. The Spanish Club sponsored a float for the exchange students to ride on, during the Homecoming parade. For the Christmas season, Spanish Club drew names for their Espiritus. For one week, each member had a secret friend, who sent them little gifts and messages. At the end of the week, the members had a party, where everyone found out who their Espiritus were. To finish out the year, Spanish Club went to Casa del Rey, a Mexican restaurant in Saginaw, for an authentic Mexican dinner. This is the event that the members look forward to all year.

ALL THE RIGHT ANSWERS

Aaron Spangler beats his opponent to the buzzer during a toss up question. As team captain, he displayed a distinctive leadership role.

Quiz Bowl started their eleventh year of competition. Breckenridge hosted the new CSAA League Competition, where they received fourth place with 5 wins and 2 losses. They attended a Quiz Bowl Invitational at Alma College, where they lost in the semi-finals to the eventual winner of the class C-D competition. All of the team's hard work and dedication led to success when they came out winners at the Gratiot-Montcalm Invitational. The team finished second when they took part in the Gratiot-Isabella Invitational. To finish out the year, team members, Aaron Spangler, Bob Nugent, Derek Pavlik, and Ed Chism with alternates Dale Olling, Mark Kreml, Melissa Powell, and Todd Hagey went to the state competition held at Port Huron and placed second. Despite the pressure of competing, each member of the team put forth all of their effort, which enabled them to be efficient in each competition.

Change Brings Same Results

The beginning of the school year brought a change to the Breckenridge FFA Chapter. With a new advisor, Mr. Reaume, at the helm, the chapter flourished. The students adapted well to Mr. Reaume as he also did to the students. Many new characteristics were brought to the classroom, too.

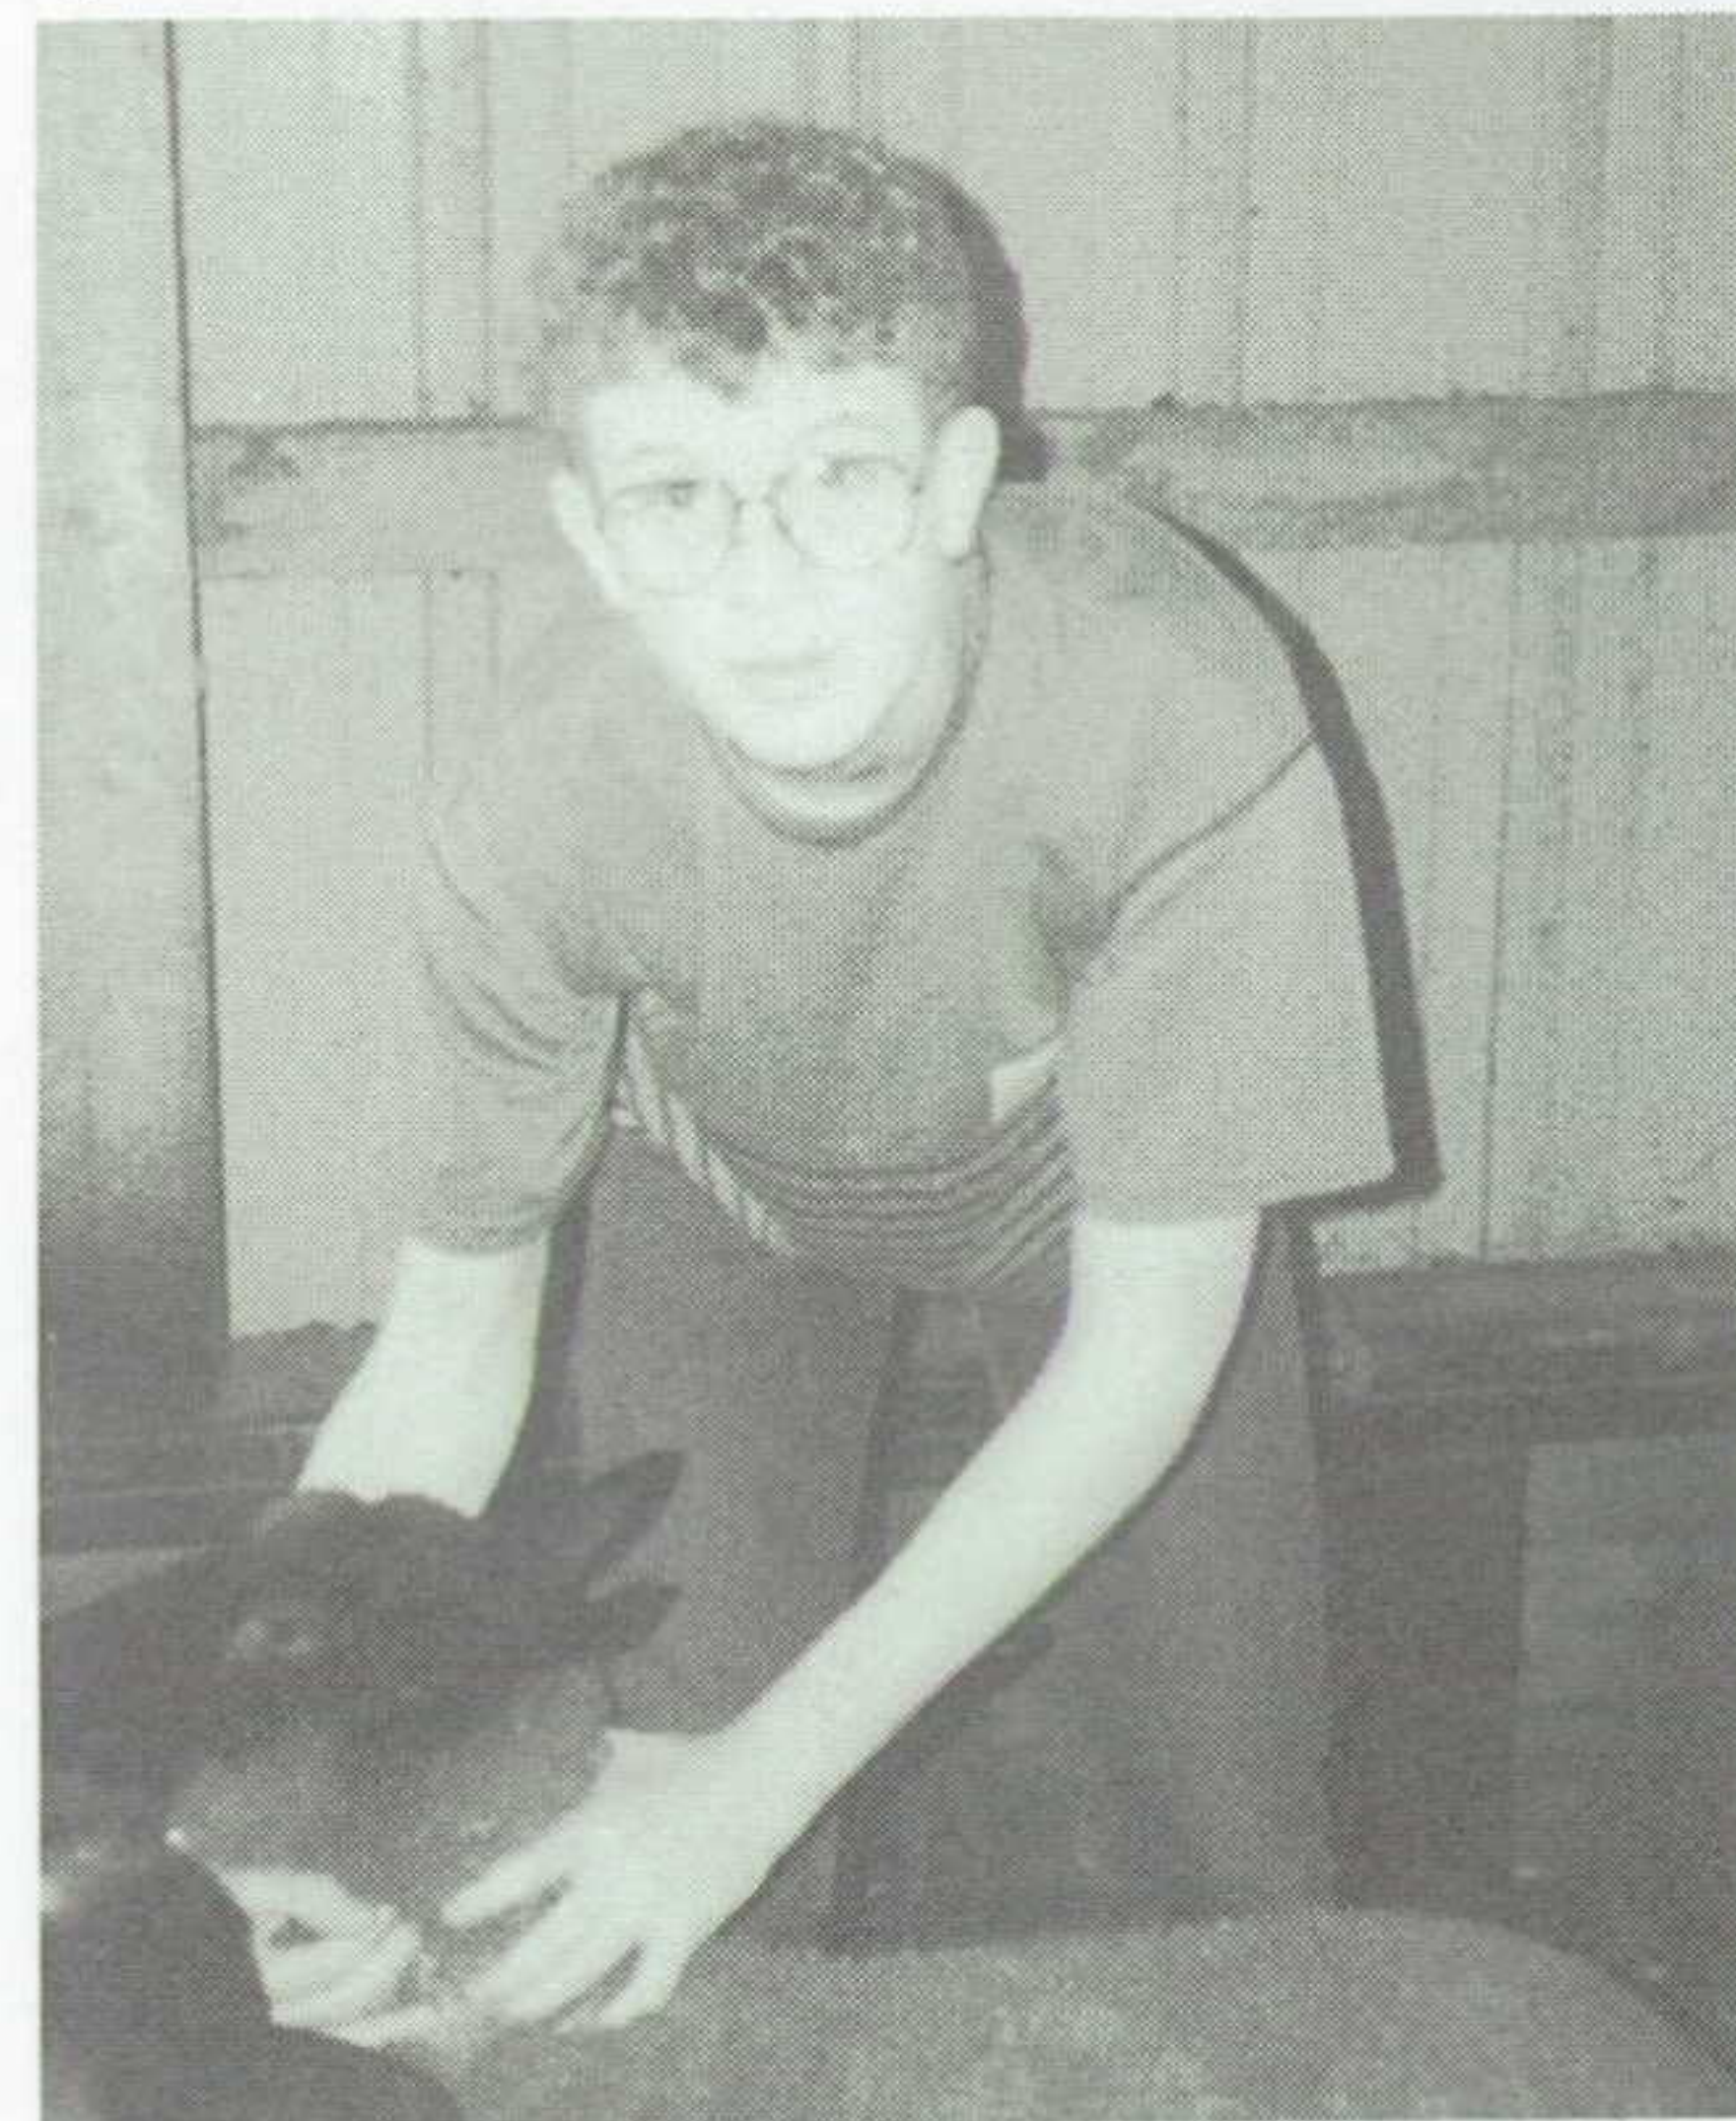

Under Mr. Reaume's leadership, the chapter continued to be one of the best in the state. During the State Convention, awards were brought home by the Parliamentary Procedure team, Extemporaneous Public Speaking, and Prepared Public Speaking. A state winner, Rodney Laurenz will represent our chapter at the National FFA Convention this November in Kansas City, Missouri, for his Prepared

Public Speech. Receiving the State Farmer Degree were Jim Ryan, Tim Clark, Todd Stoneman, Rodney Laurenz, Aaron Spangler, and Robyn Pratt.

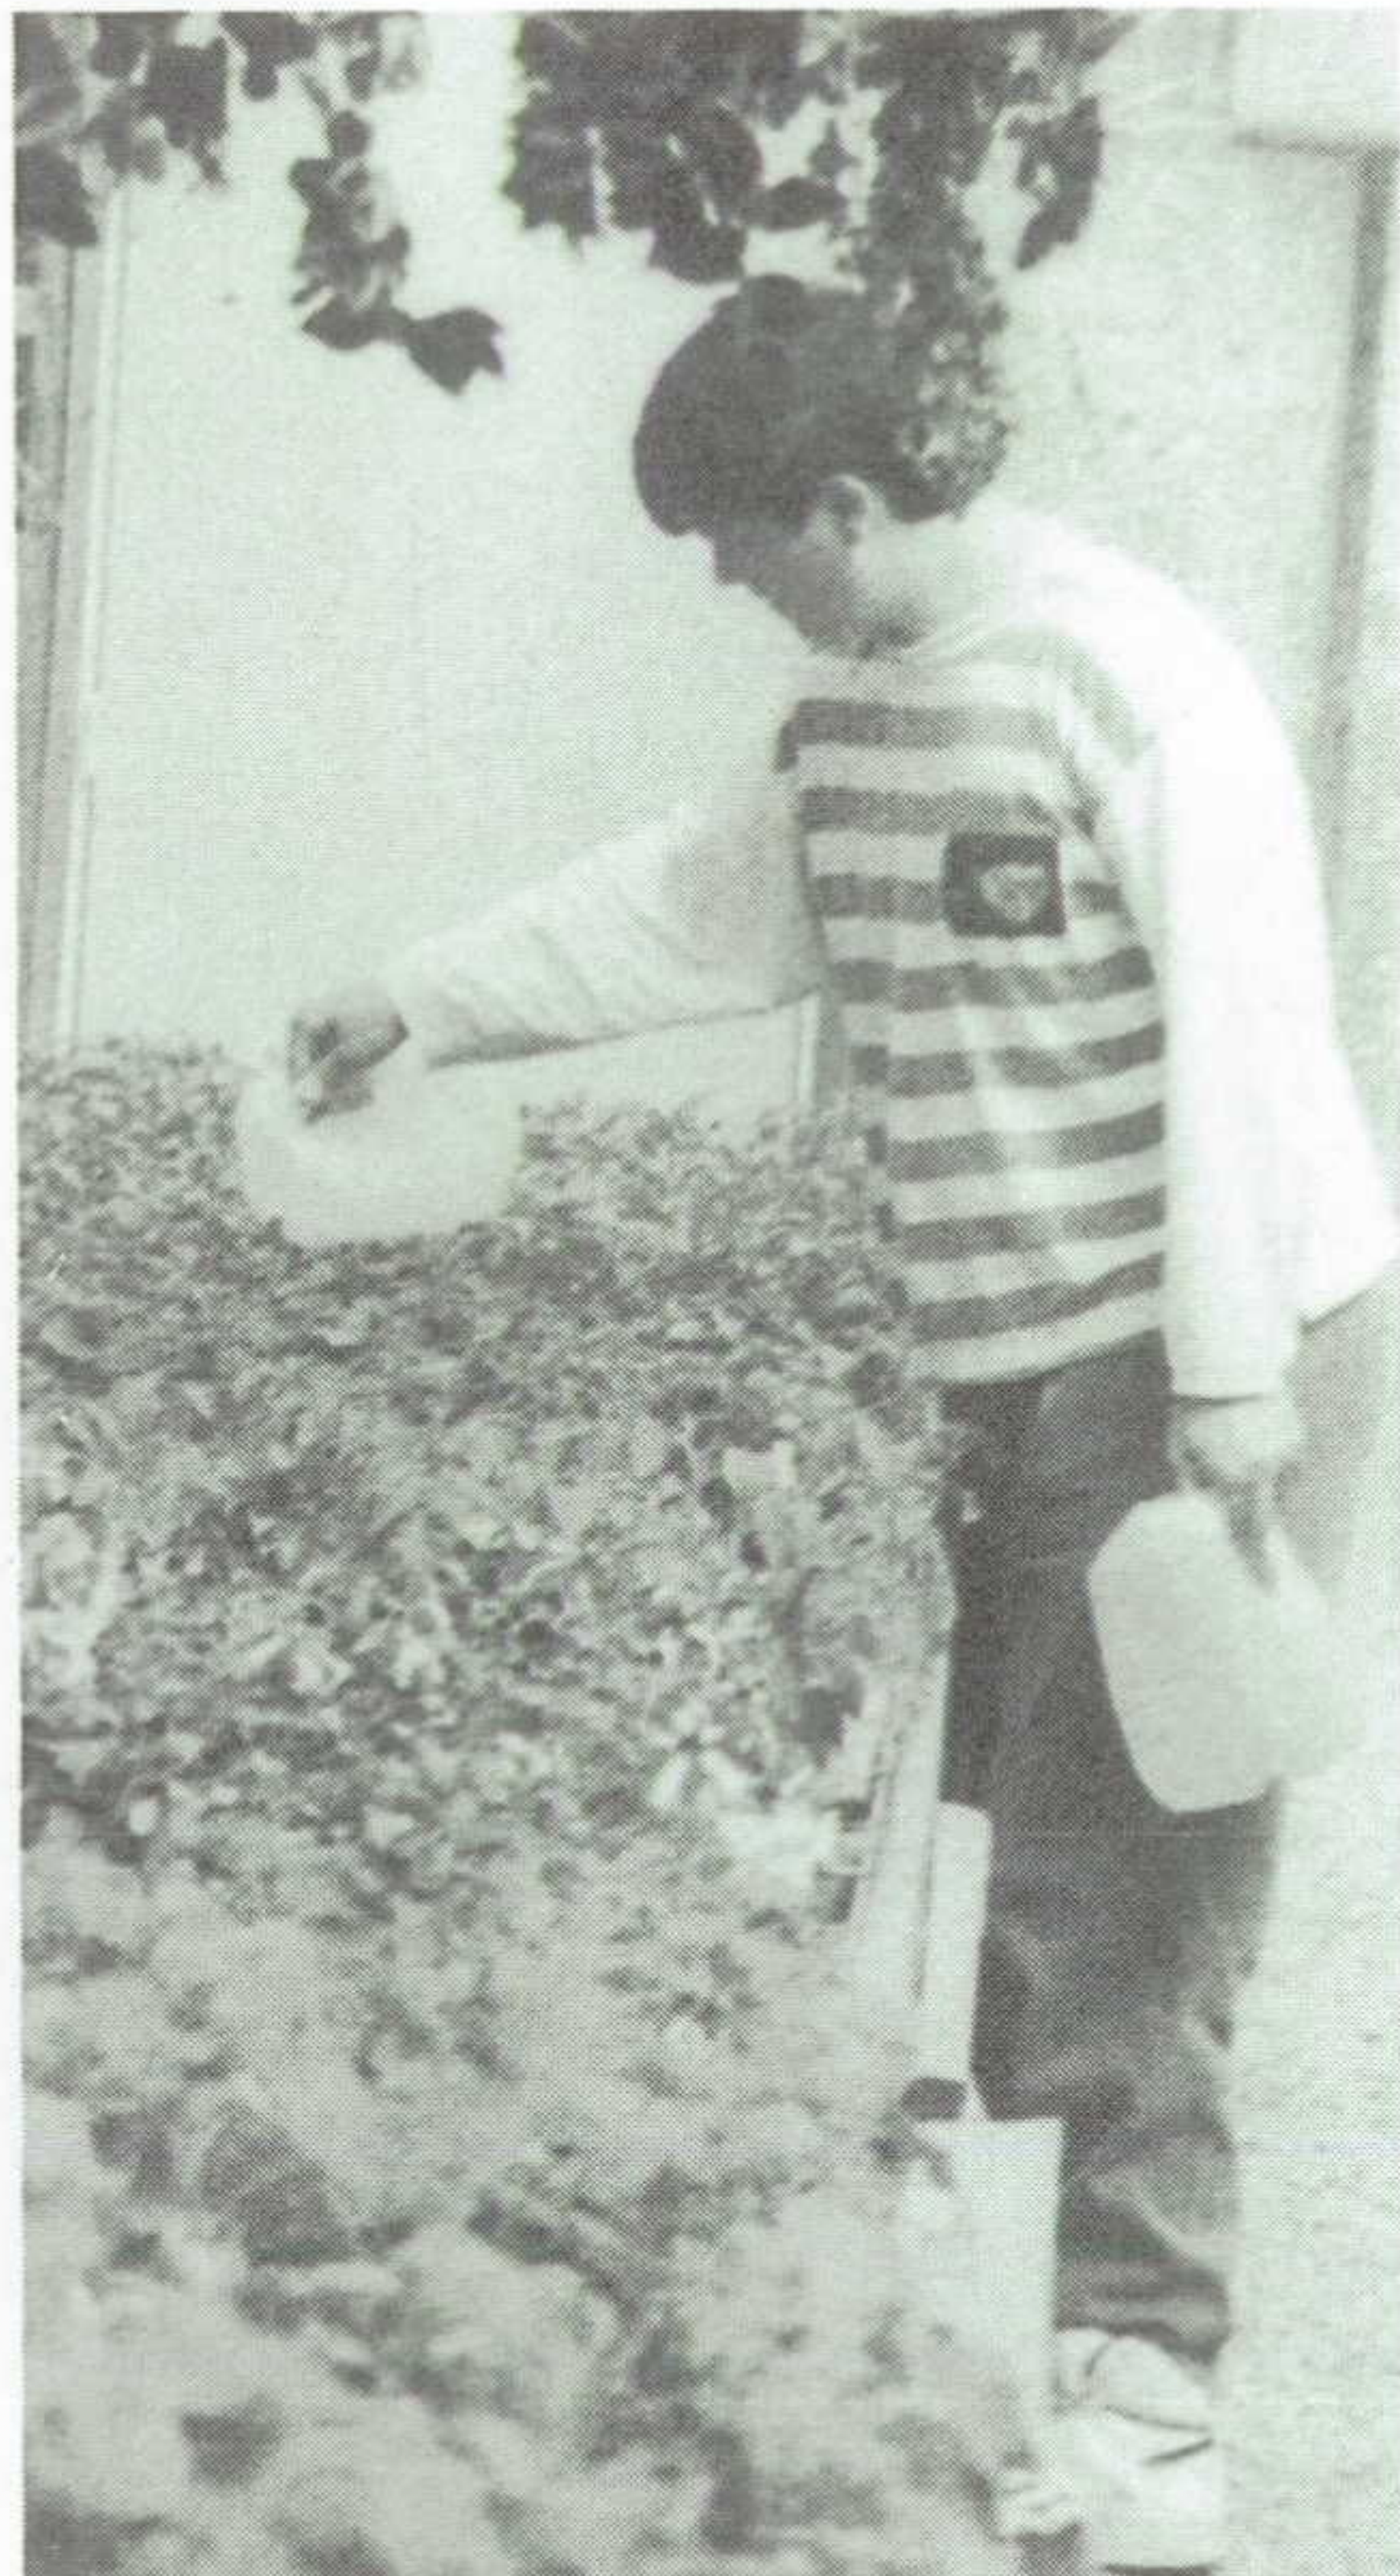

On April 21, the chapter held its annual parent/member banquet. All chapter award winners in the various areas, along with the district, regional, and state-competing leadership teams were honored. Also gaining honors were the retiring officers and their parents.

Many goals are reached as the chapter's great accomplishments progress. Being one of the most consistently remarkable chapters in the state allows the students the chance to be recognized in the many activities. With the great participation, the Breckenridge FFA

Chapter achievements will certainly continue.

Flipping through the memories

Being a member of the Journalism class has a big responsibility behind it. Although it is a lot of fun and a good experience, there's also a lot of hard work to be done. As a production team, we all pulled together with determination to make this 1988-89 yearbook a success.

Working with a computer, designing a page, thinking of titles, and choosing a theme are only a few of the "many" steps to a successful yearbook. There is also taking pictures, processing them, picking which ones are appropriate for your page, and cutting them to fit the dimensions you have set for them. There are blue and gold patrons to find and ads to sell. You must write copy for each page and captions for each picture. All of this work must be put together, written out, and mailed by the given deadline. As that deadline approaches frustration and tension are in the air. When you reach perfection, then it's time to stop!

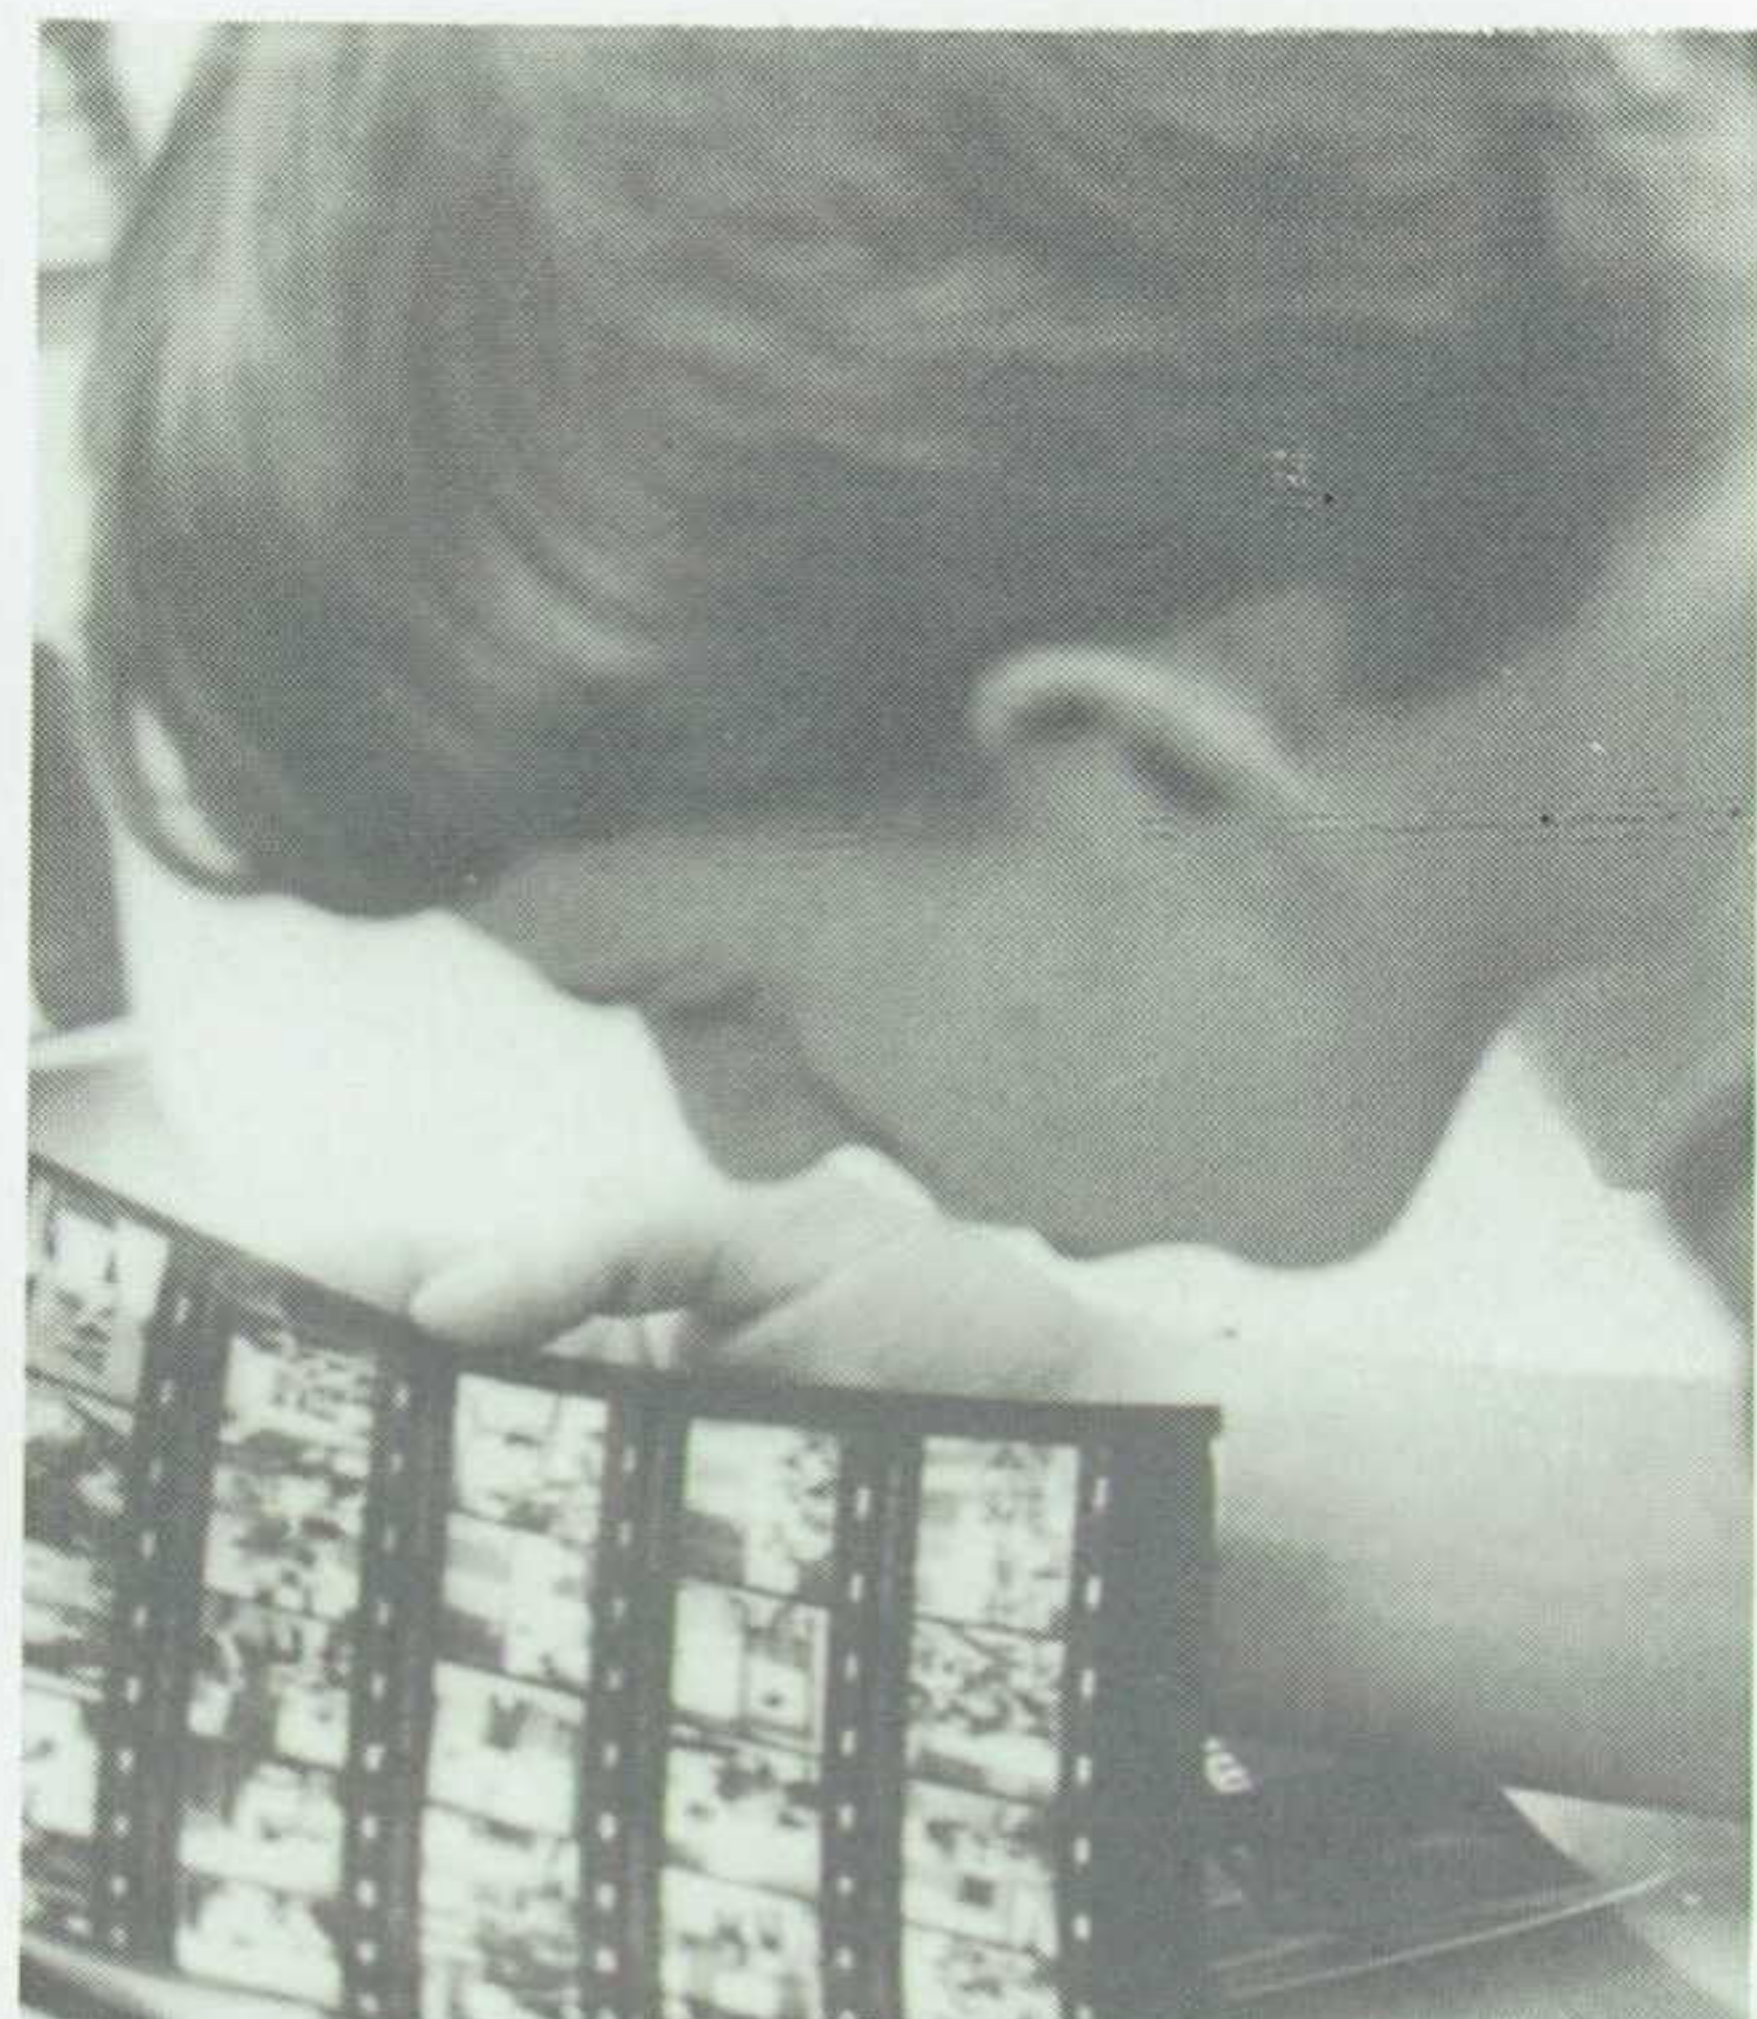

As a team we have dedicated our time and talents to create these memories, to remind ourselves of the goals we reached, or the simple days at lunch. Whatever there is to remember it was captured for this book. Although the work is over, the memories never stop!

Lynell Perkins listens closely to Mr. Beamish. As a freshman, senior band can be a very challenging experience.

The Marching Huskies began their year with a two week band camp at the school. Drum majors, Nicki Berlin and Susan Clark helped Mr. Beamish to teach the drill and strengthen weak marchers. When school started, officers were elected to band council as follows: president-Rachael Danks, senior representative-Roy Garza, junior representative-Kim Weburg, sophomore representative-Julayne Laurenz, and freshman representative-Lee Morris. These people worked with Mr. Beamish to help whenever possible. At the first home game, the band presented their pre-game and halftime show. From there they had a great season topped off by marching at the Alma College Homecoming parade.

After marching season, thoughts turned to Christmas and pep band. The band formed a smaller Christmas Carol band that performed at many places including the Farmers State Bank and the Christmas tree lighting ceremony downtown. The band played many traditional songs for the Christmas concert including a narrative of "Twas the Night Before Christmas" with Mrs. Kushion speaking the narrator's part.

Pep band began by purchasing new shirts and playing with a powerful sound. The band broke up into two groups that performed at every basketball game to add excitement and drama. With the help of student director, Mr. Jay Gainforth, Mr. Beamish got the band ready for festival. There they received a I division in sight reading and a I division overall. For the first time in many years, the senior high band decided to continue on to state festival. They worked very hard and came home with a II division.

A NOTE OF SUCCESS

The senior high choir started off the 1988-89 year very successfully. It started on October 8, with auditions for Regional Honors Choir at Olivet College. On December 3, the Regional Honors Choir performed for State Honors Choir. There were four members of senior high choir selected to be part of the T.V. 12 Honors Choir in the Saginaw Symphony Orchestra Pops Concert in Saginaw at the Civic Center on December 6. The chosen were: soprano-Dawnn Guthrie, alto-Stacey Woodland, tenor-Johnathan Schultz, bass-Dale Rohn. All four were very excited for this was a once in a life time opportunity. The choir held their annual Christmas concert, Choral Winter Festival Concert, and Spring Pops Concert. On February 4, the District 5 MSVA Solo and Ensemble was held at Breckenridge High School. The Madrigals received a second division, and Dale Olling and Mark Kreml both received first divisions. As April grew to an end, the Madrigals were getting ready to go to Toronto, Canada, for their performance at the Festivals of Music.

A Time of Growing

A Time of Learning

My freshman year was made of new experiences, many friendships, and sports. Celebrating Homecoming and Snowball brought new experiences. Just being in high school brought many long lasting friendships, and with a tough schedule, studying paid off knowing I would be eligible for sports. I know my freshman year is just the beginning of my success at BHS!!

Wendy Kostal

The sophomore year moves so quickly. The teachers tell us to think for the future. Before we know it we'll be planning for life, and it all started here.

Julayne Laurenz

Being a sophomore means to me, getting my driver's license, going out on dates, and closer to getting out of school.

Tyler Willman

I was told that my sophomore year would be my hardest year. I realized that if I sat down and did my best, I could make it through the year. Your sophomore year is as hard as you make it. So you decide for yourself just how hard it should be. Good luck!

Maria Alonzo

During my freshman year, I got three things: smarter, lots of life-long friends, and terrific memories.

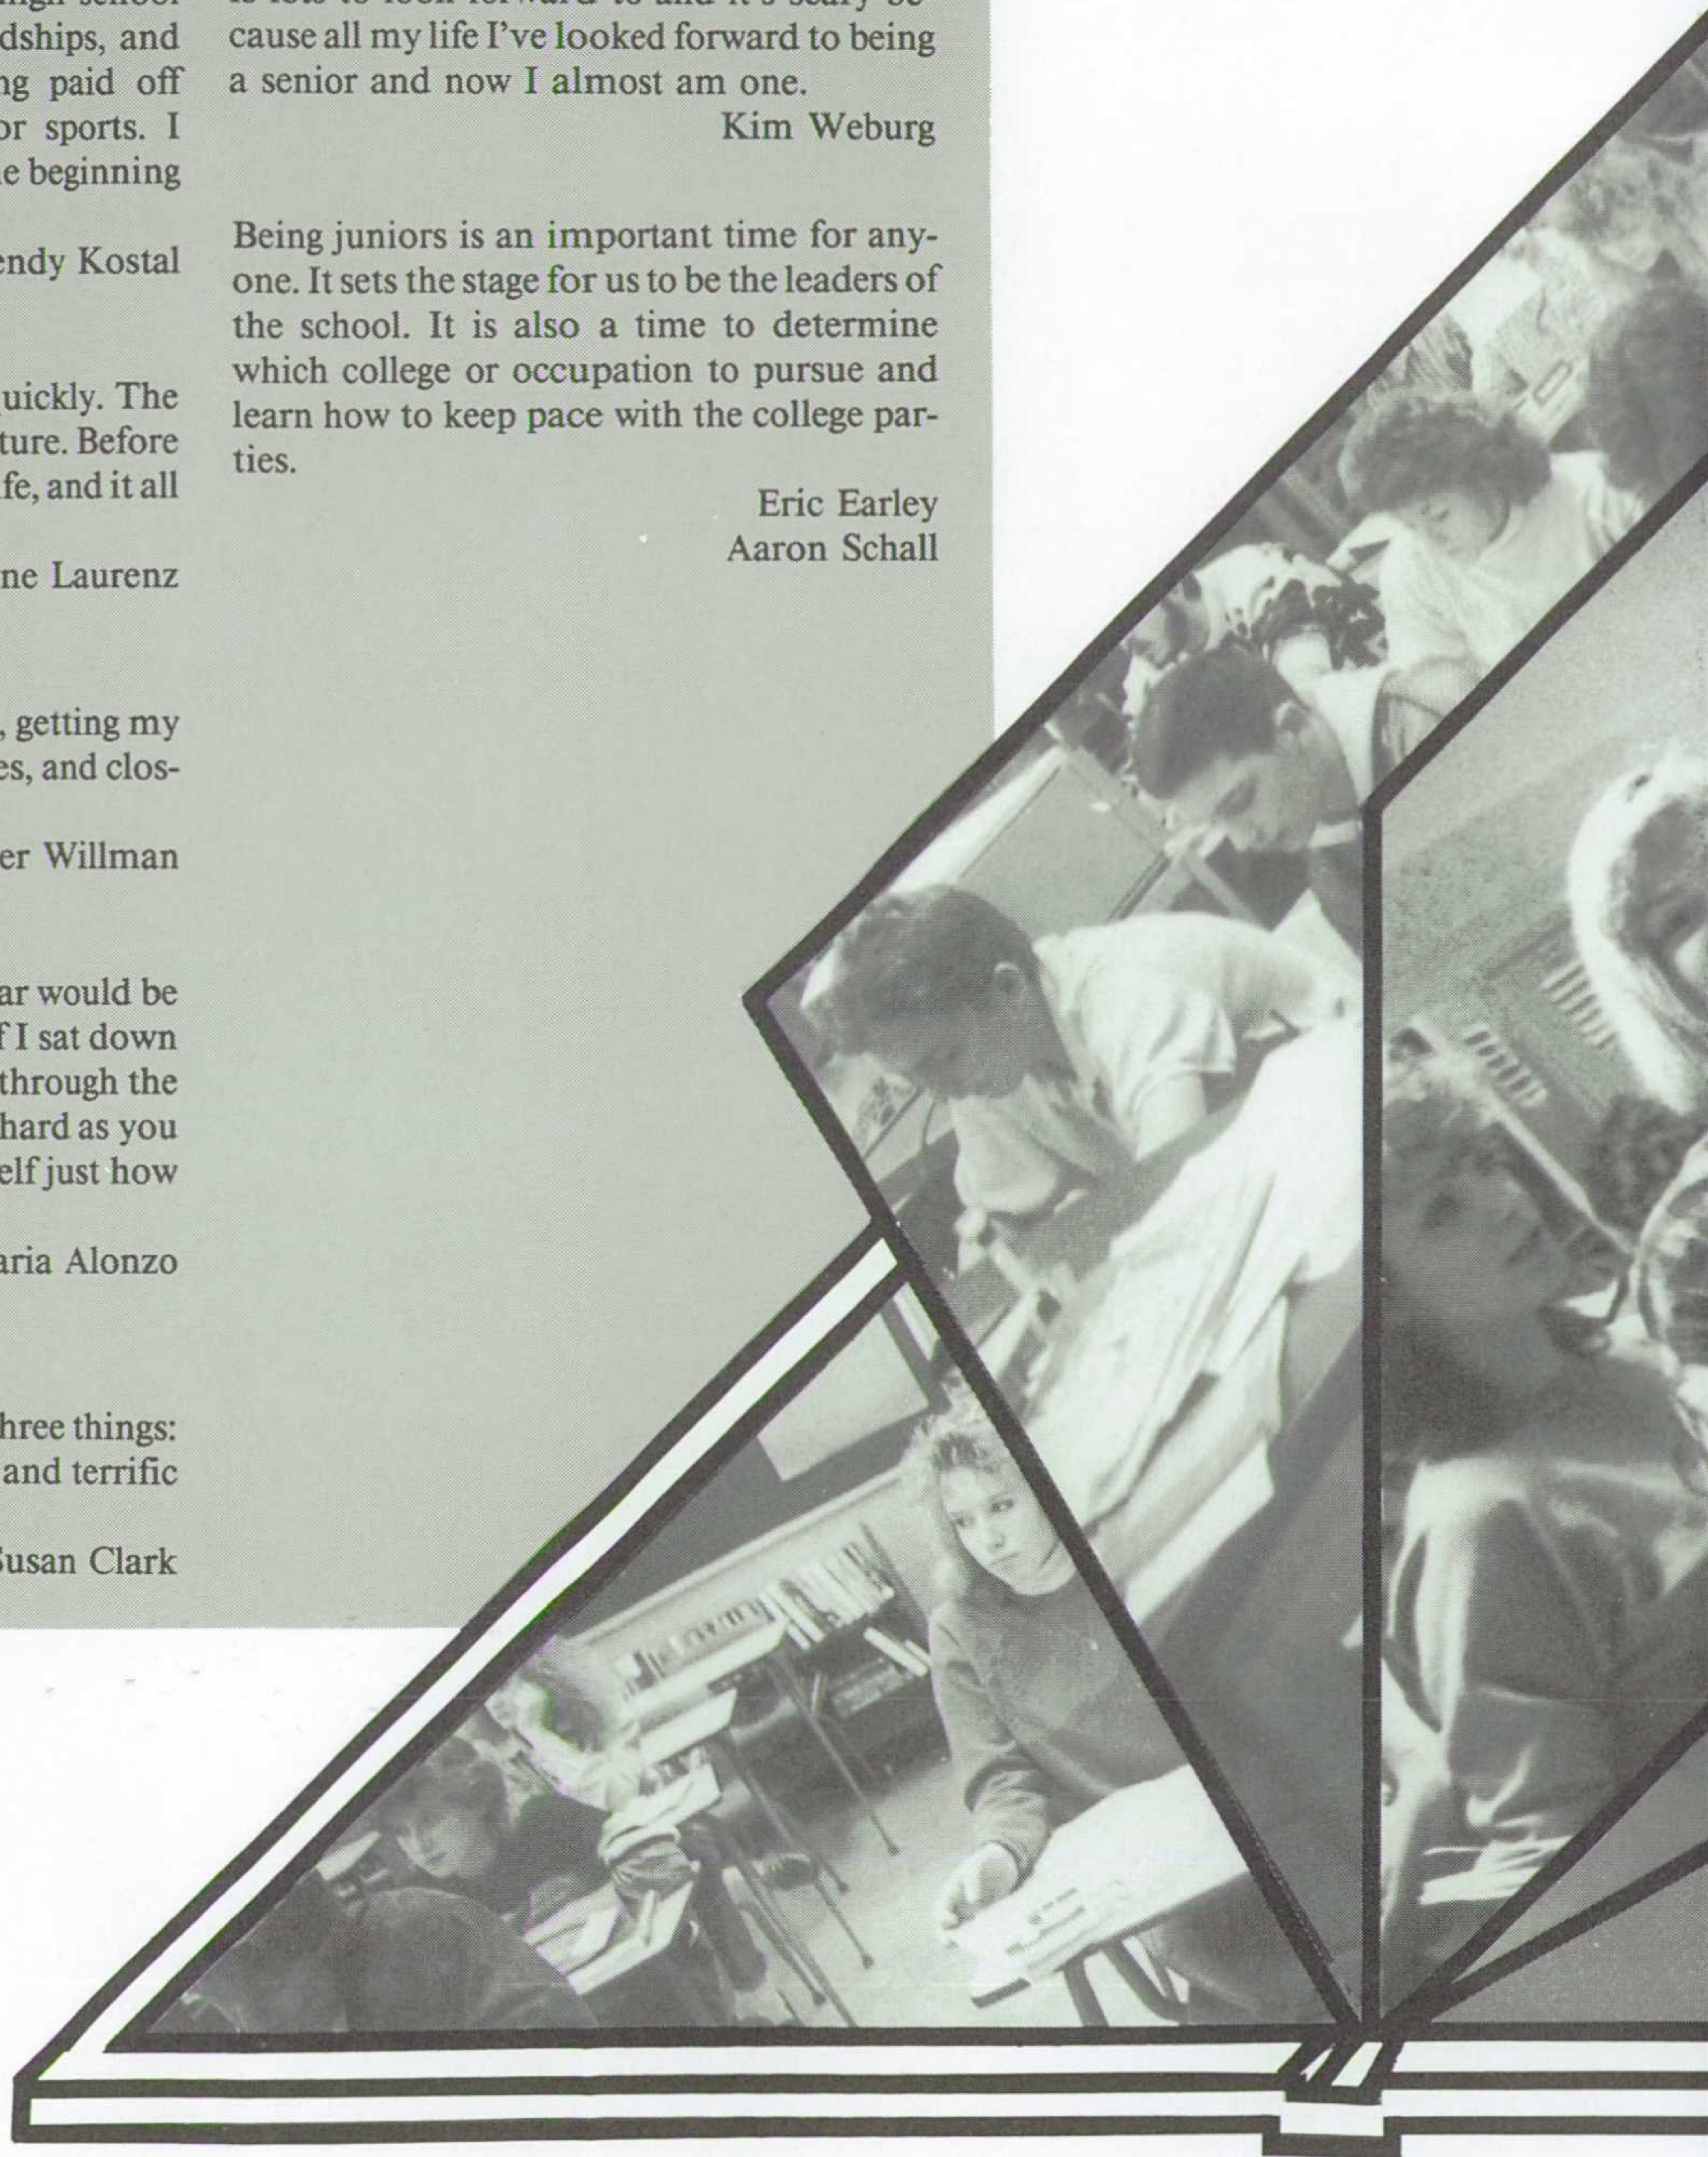

Susan Clark

I can remember growing up and learning a lot. Now I'm a junior, and this year there is prom and the junior-senior banquet. There is lots to look forward to and it's scary because all my life I've looked forward to being a senior and now I almost am one.

Kim Weburg

Being juniors is an important time for anyone. It sets the stage for us to be the leaders of the school. It is also a time to determine which college or occupation to pursue and learn how to keep pace with the college parties.

Juniors

The 1988-1989 year was a success for the junior class. The class of 1990 started out with the traditional magazine sale which sold an amazing \$5,100. They followed with a submarine sandwich sale which profitted \$500. The juniors, who came in second in the homecoming festivities, elected Sue Capen as their representative. For Snowball, the juniors chose Lanette Hunnicutt and Rich St. John. The final events for the juniors were the Prom and Junior-Senior Banquet. The experiences from the underclass years have prepared the class of 1990 to become the leaders of the school- SENIORS.

Sophomores

College-prep geometry, world history, and chemistry are just a few of the difficult classes the sophomores had to face in probably the hardest year of their high school career. Although it was tough, they knew it would pay off in anything they did in the future.

When the time for homecoming came around the sophomores chose Christine Breasbois to represent their class. Troy Saunders and Cheryl Collins were honored as being the Snowball representatives. Throughout the year the sophomores raised money to prepare them for their busy junior year.

Entering their final two years of high school, the class of '91 knows that it is time to start preparing for future opportunities after graduation. With determination these goals will be accomplished.

Freshmen

The class of '92 realized that now is the time to get serious because everything they do from now until they graduate will stick with them on their high school records. With the coming of high school is the coming of many new privileges and responsibilities.

First on the agenda was the selection of classes. Being a freshman means having the liberty of choosing one's own classes for the first time. Having this privilege allows them to take certain classes that will prepare them for the future. Next came time for participation in the annual festivities of Homecoming and Snowball. Chosen to represent the freshmen during Homecoming was Wendy Kostal. Mid-winter activities centered around the Snowball in which Delcie Rohde and Heath Plaxton were selected by their classmates as representatives. Last but not least, the opportunity to participate in sports was welcomed by many freshmen.

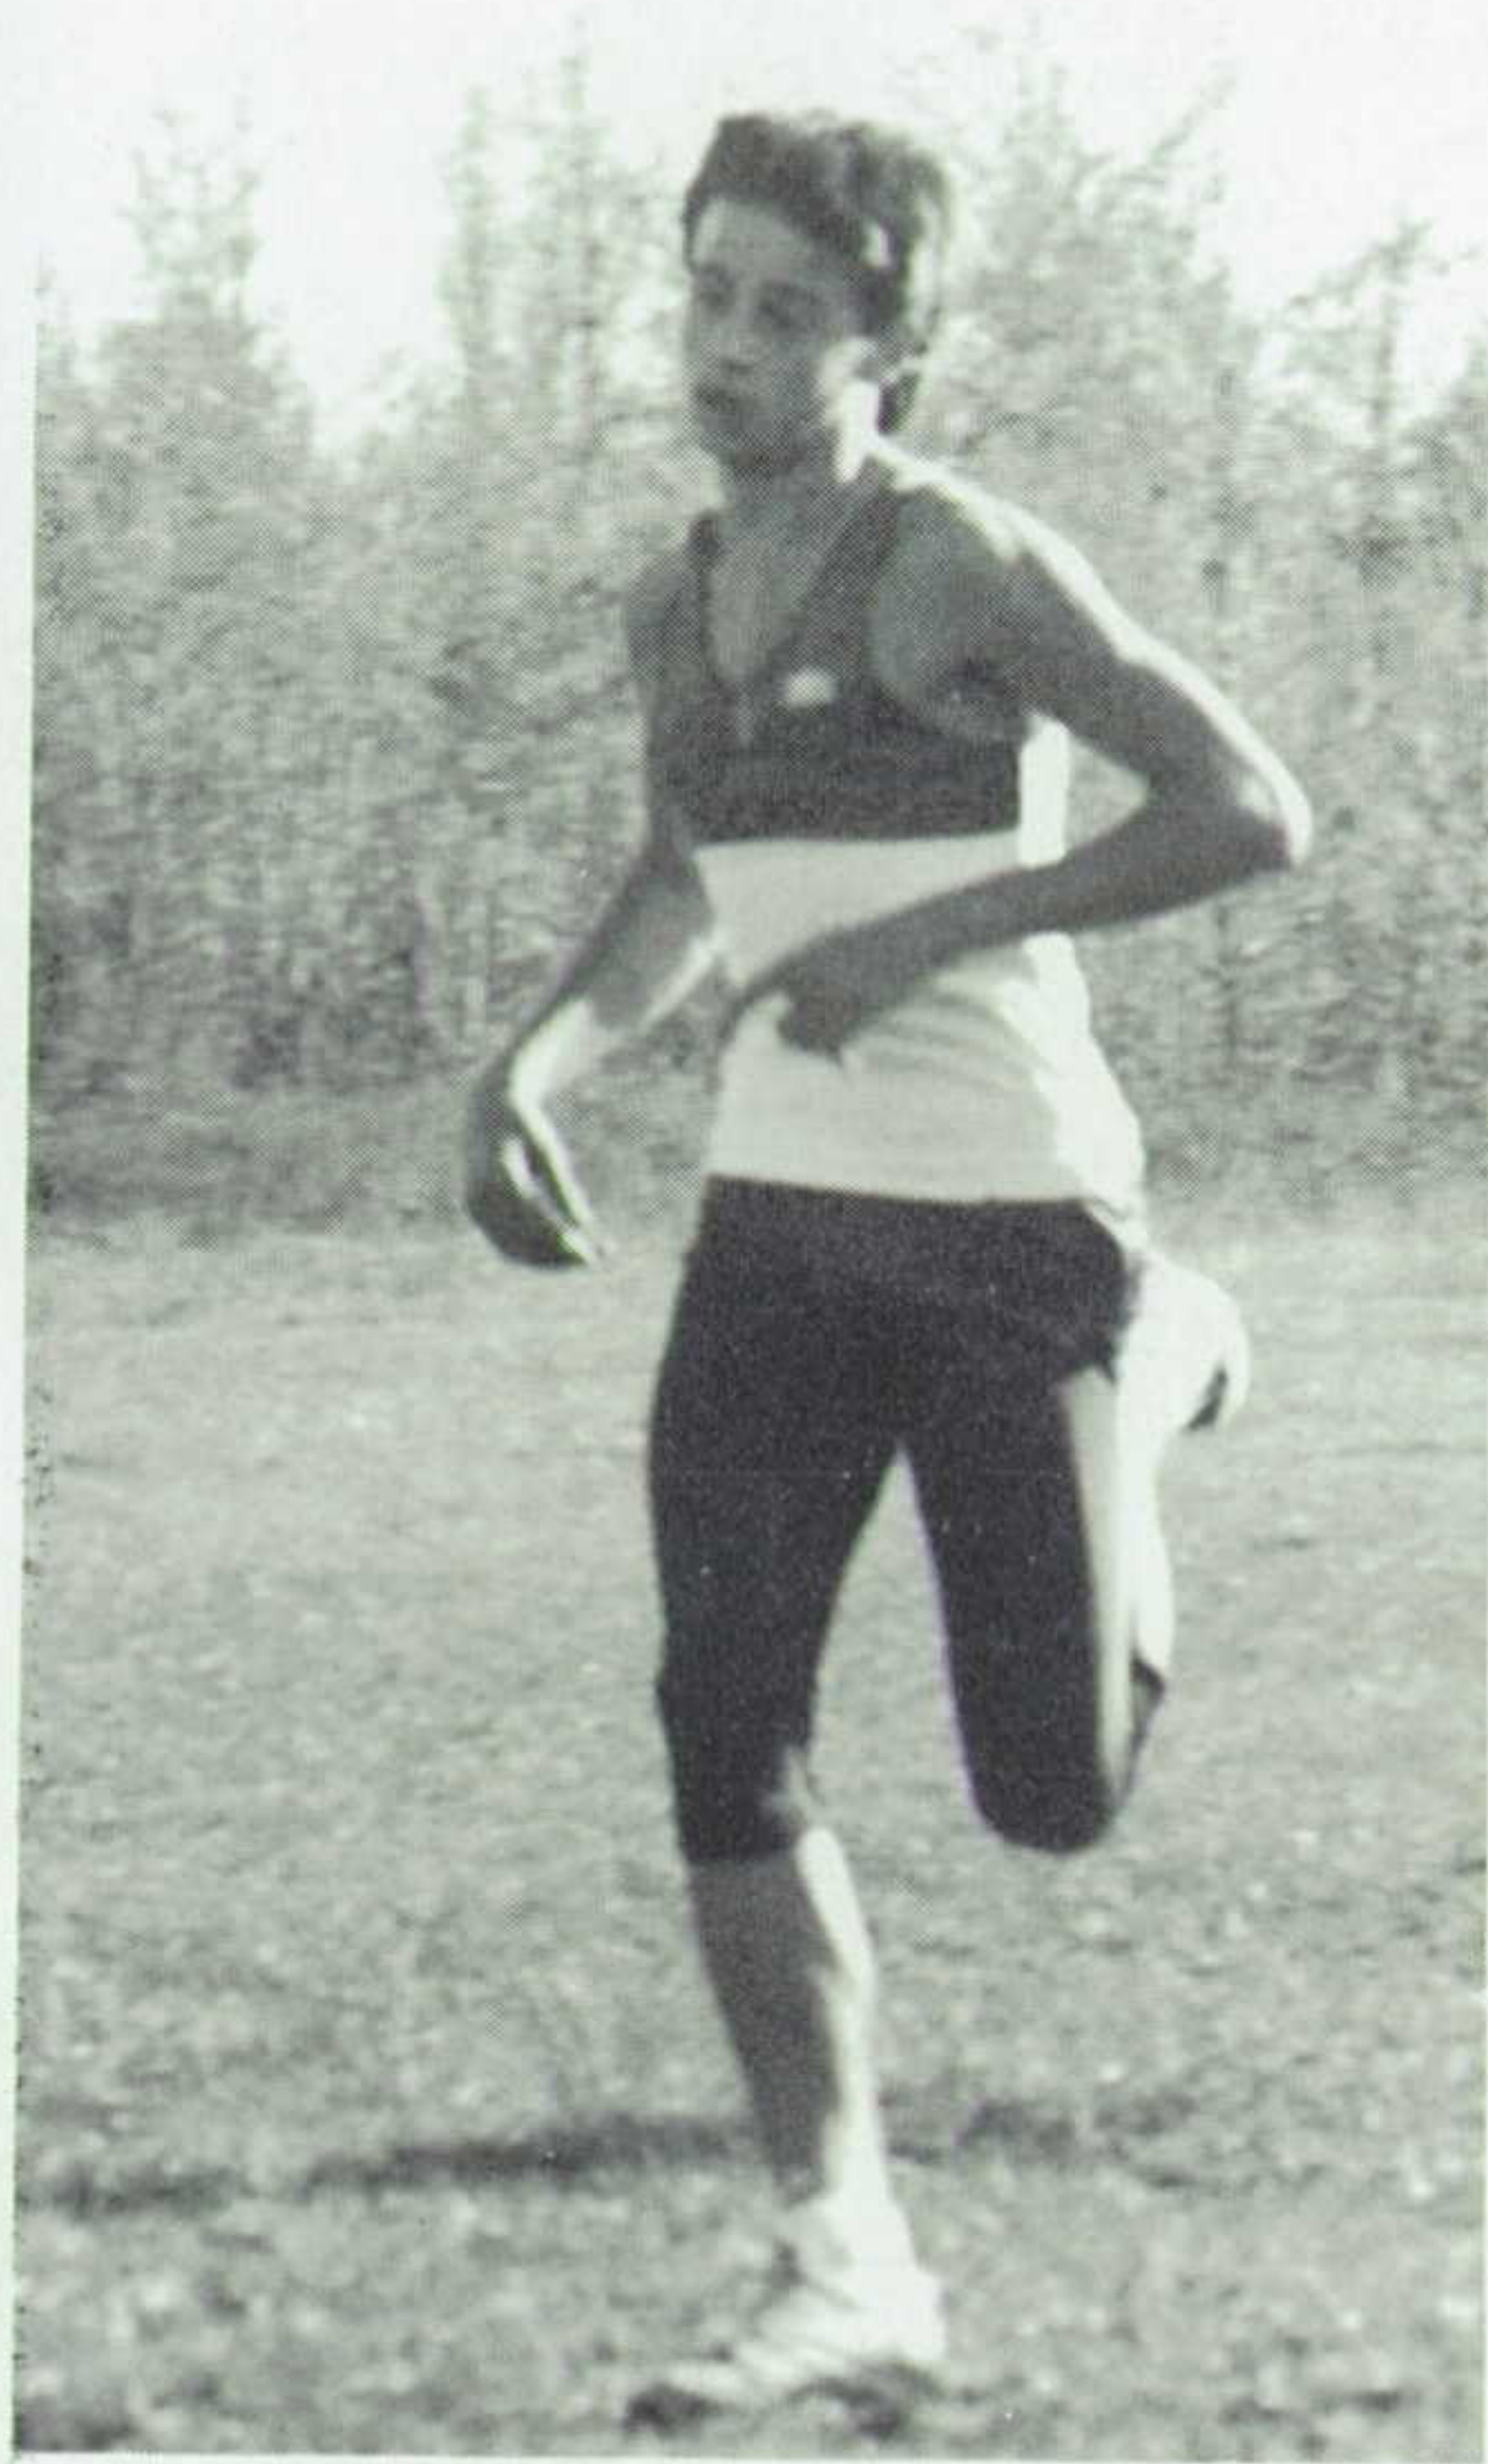

If things keep looking up from here for the class of '92, they can expect more than their share of successes and good times to come!

Loretta Daymon and Lanette Hunnicut find time between classes to catch up on the latest news. Talking with friends is an enjoyable way to spend time during lesson breaks.

Scott Strouse acts the innocent, while cheering the girls on in the powderpuff football game. Traditional roles were reversed in this annual event which matched the seniors and sophomores against the freshmen and juniors.

Keith Green and Katrinna Mazurek battle the crowds in the sophomore hall to give us this picture. The halls of BHS are always lively places to be.

Starting Over Again

The things I like about junior high is that you can meet new teachers who will teach you more. You can be in school sports and do things for the school but there are still some bad things like junior high students can't attend half the assemblies. We are treated like little children, but otherwise I like being in junior high school.

-Jason Shankel

What I like about eighth grade are the teachers because they help you decide what you want to do for the next four years of your high school career and the rest of your life.

-Noah Earley

Junior high has been fun these last two years. There's been good times, like dances and spirit week, and bad times like exams and pop quizzes. The teachers take time to help you when you need it. All these things put together are what makes junior high really special.

-Jenny Grahek

Going into high school means taking on new challenges and leaving the old behind. Getting our class rings as freshmen, taking driver's training, going to the Prom as juniors and seniors, and having Homecoming activities. But most of all I like being included.

-Michelle Westall

Junior high means a great deal to me. It's an experience of joy, friendship and spirit. Junior high's a thing to cherish and remember always.

-Stacy Strohpaal

I like being a seventh grade junior high student because I like being able to compete in sports against other schools instead of each other. This gives me a chance to meet new people. Also, I enjoy the four minutes between classes which gives me time to catch up on the latest gossip.

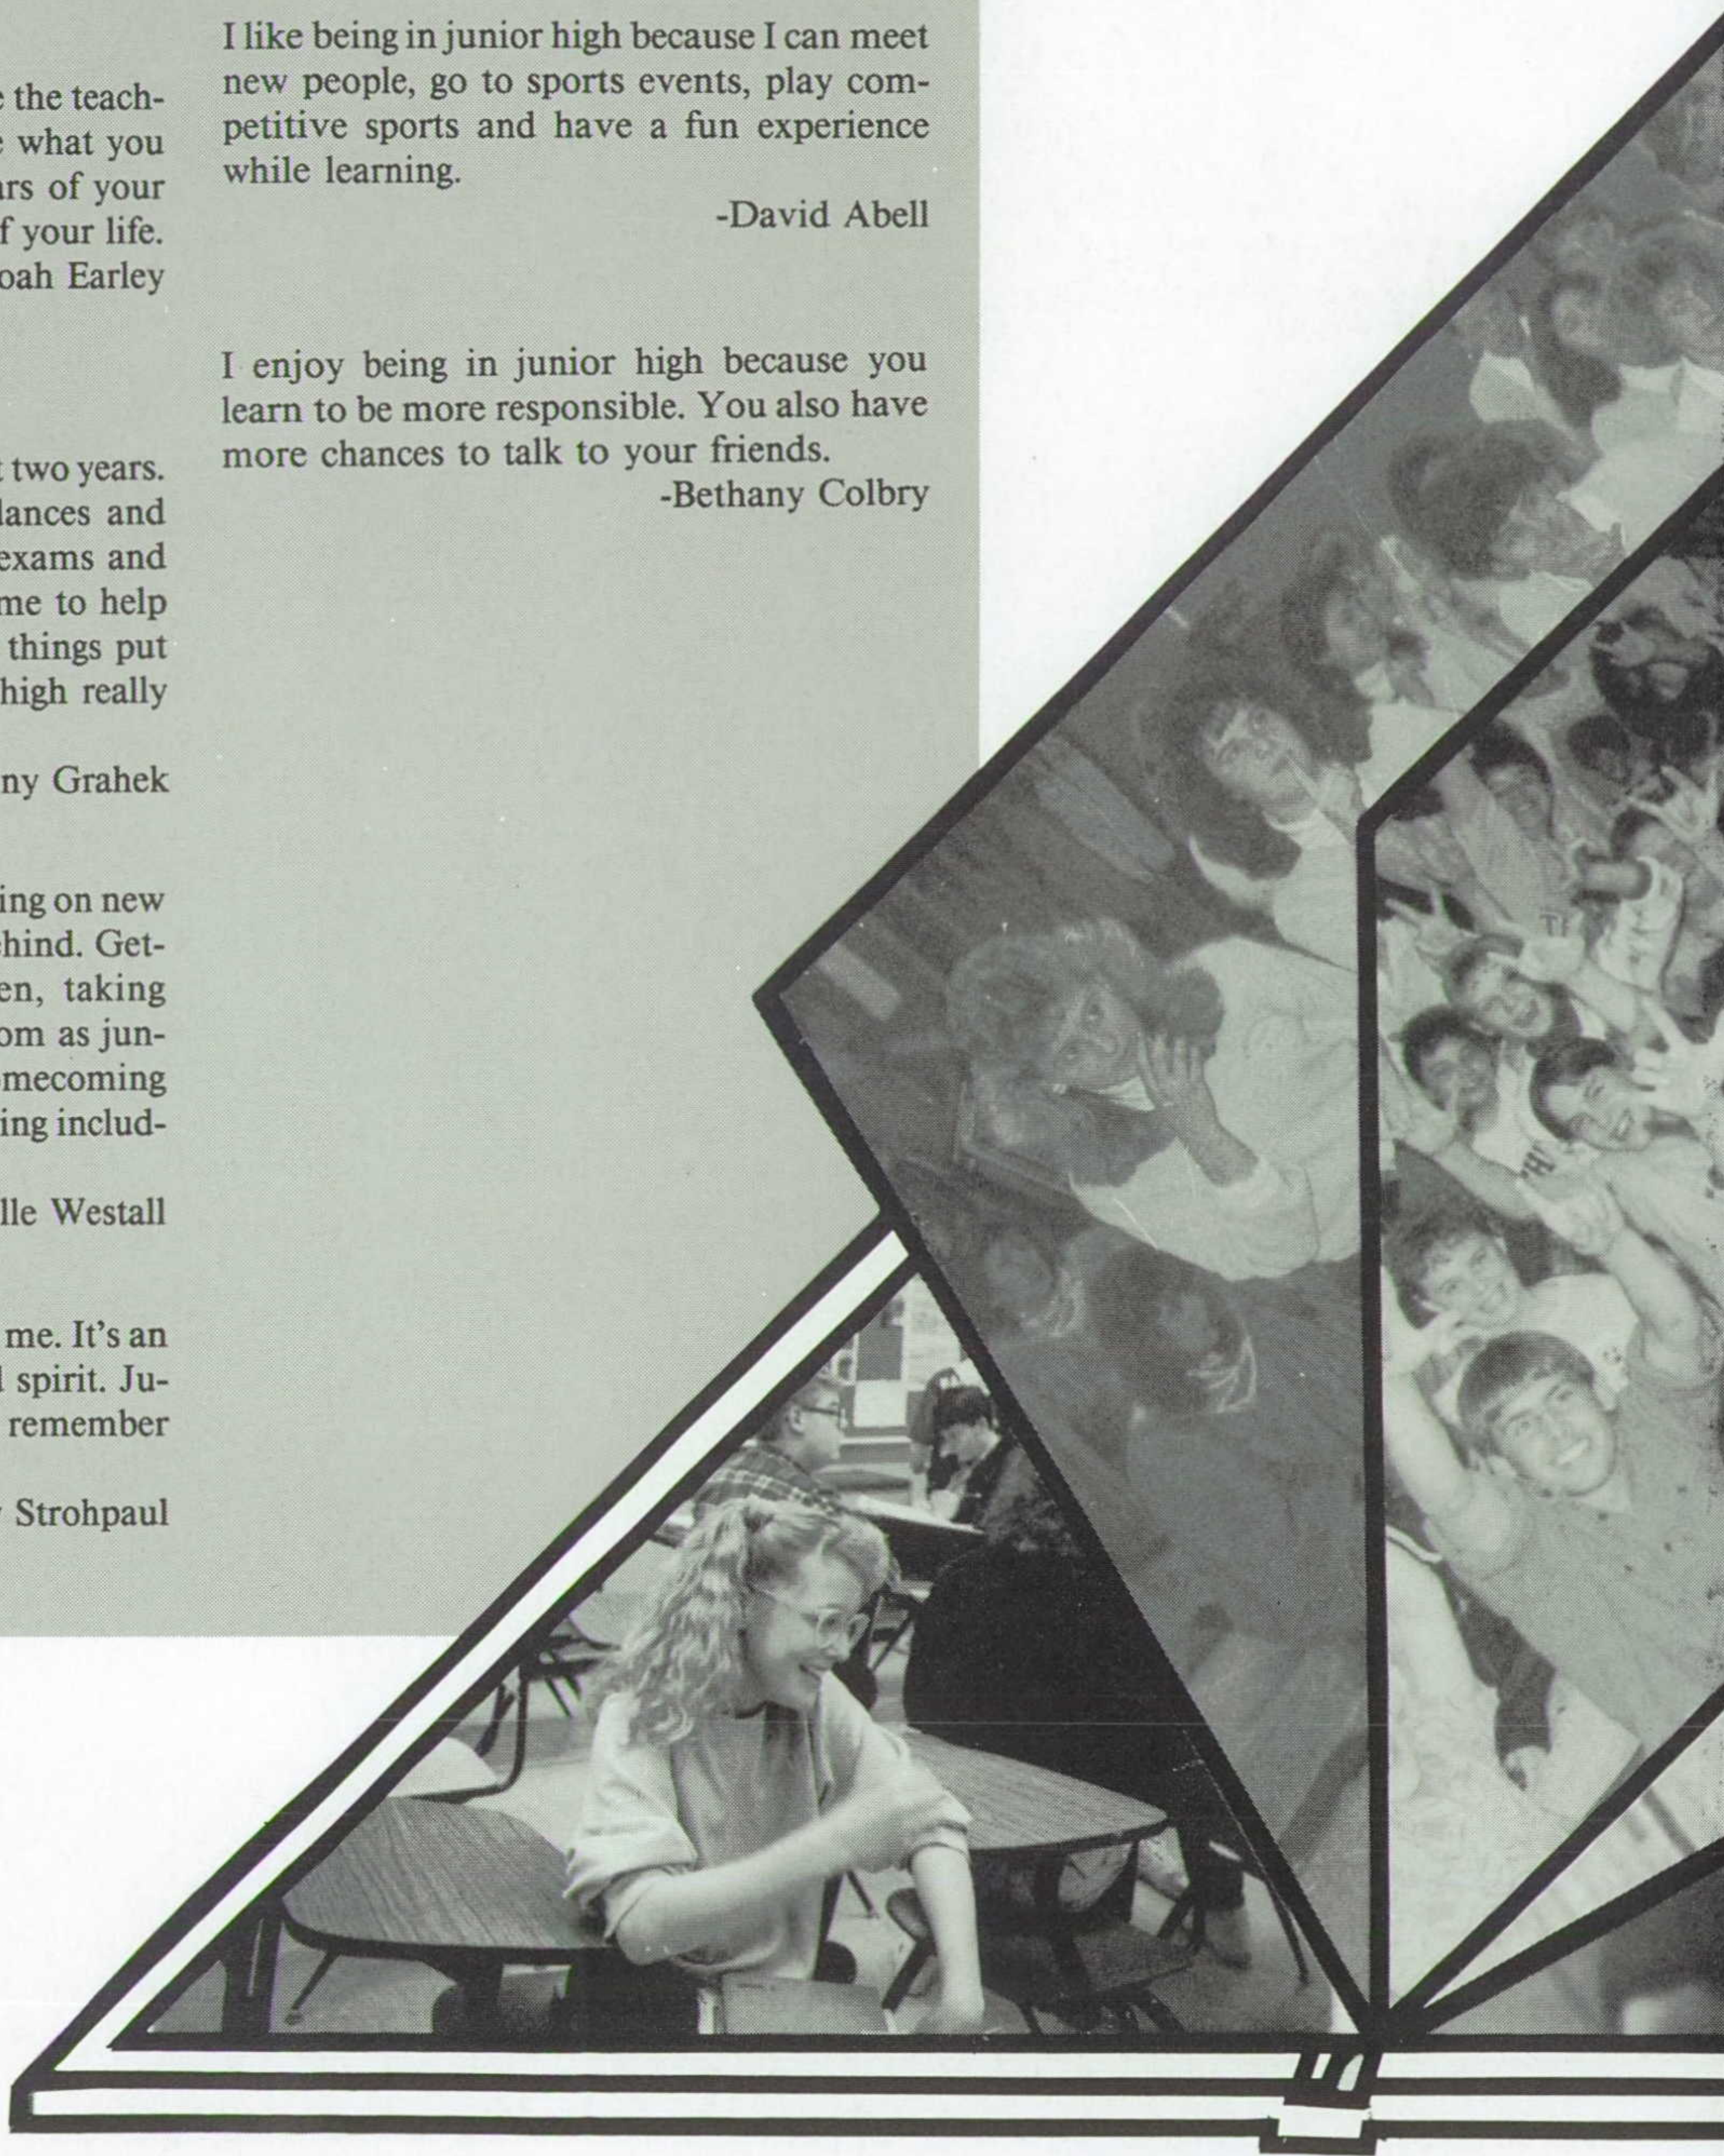

-Danielle Schall

I like being in junior high because I can meet new people, go to sports events, play competitive sports and have a fun experience while learning.

-David Abell

I enjoy being in junior high because you learn to be more responsible. You also have more chances to talk to your friends.

-Bethany Colbry

TOMORROW'S LEADERS

The junior high student council was always on the move. We started the year with a fund raiser to raise money for the activities throughout the year. At Christmas, we adopted a family of five from St. Louis. The student council supplied them with household goods, new clothes, and toys for the children. We also took donations and clothing from the junior high students. Very popular among the students were the three very successful dances. We were also invited to Lakeview Middle School for an exchange day to see how their school system works. I would hope that everyone would try to be on student council because it makes you more involved in school activities. It is really fun to be a part of it.

David Butters and Josh Hall play their music with ease. As percussionists they must learn to play many kinds of instruments.

The junior high band was 41 members strong as it began the 1988-89 school year. They elected Lisa Berlin, Mary Bush, Jason Shankel, Nora Folts, Josh Hall, and Micah Doty to their band council.

The band held a calendar sale which brought in a lot of money toward new music and a roller-skating trip. They also participated in the rock-a-thon bringing in \$739.60.

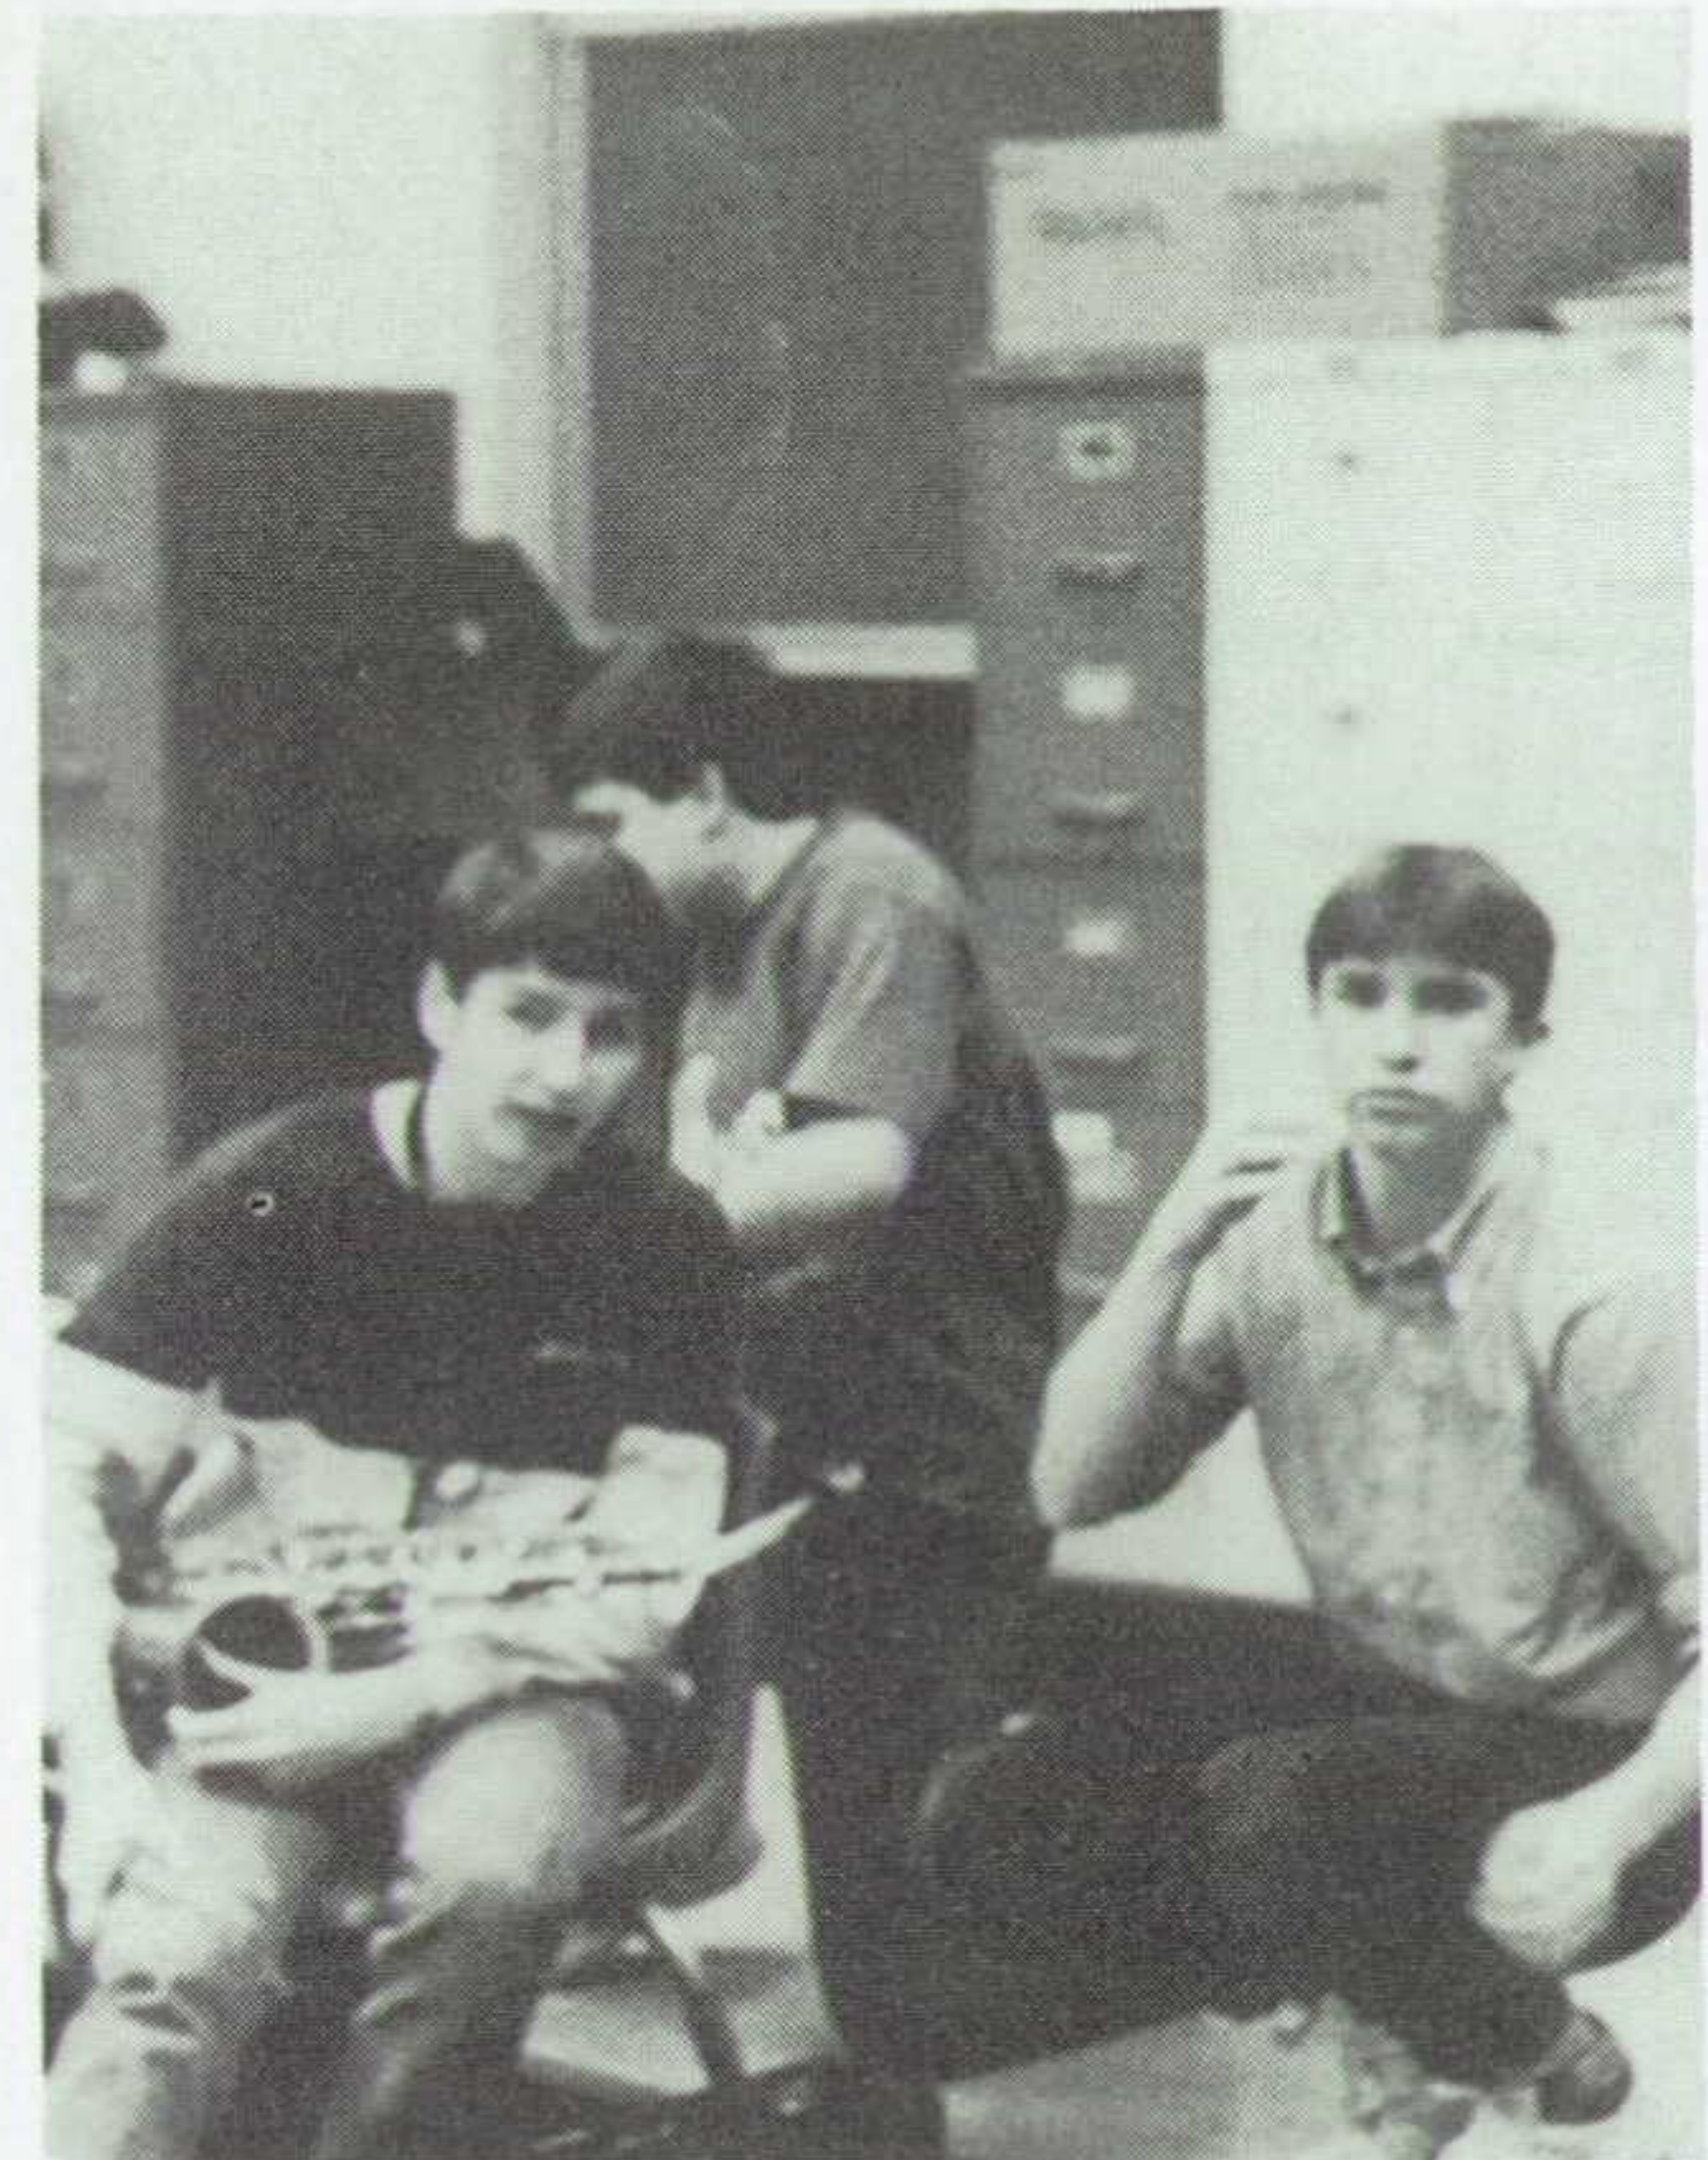

They worked very hard to prepare for their spring festival. There they received a first division in sight reading and a second division overall.

Nine of the junior high students decided to compete at solo-ensemble which was held in April. After a lot of individual work these students brought home 6 first divisions and 3 second divisions.

Junior High Sports

With the addition of girls cross country and boys wrestling, the junior high sports program continues to grow.

The 1988-89 school year for the junior high was quite the exciting one. About half of all the students in junior high participated in sports this year, and that is a very positive sign for Breckenridge sports in the years to come. Junior high sports was not even heard of until the 1983-84 school year came about. With only a boys and girls track team, you can now see the changes in all varsity and J.V. athletics. They have become more experienced and challenged, ready to take on any team that faces them. Since 1984, they now have 11 sports for the junior high to participate in so stand up, be proud, show your Huskie spirit and always let Breckenridge have the upper hand.

Bethany Colbry leads the way as the girls cross-country team strides toward another victory. The girls earned their way into a 5-2 season.

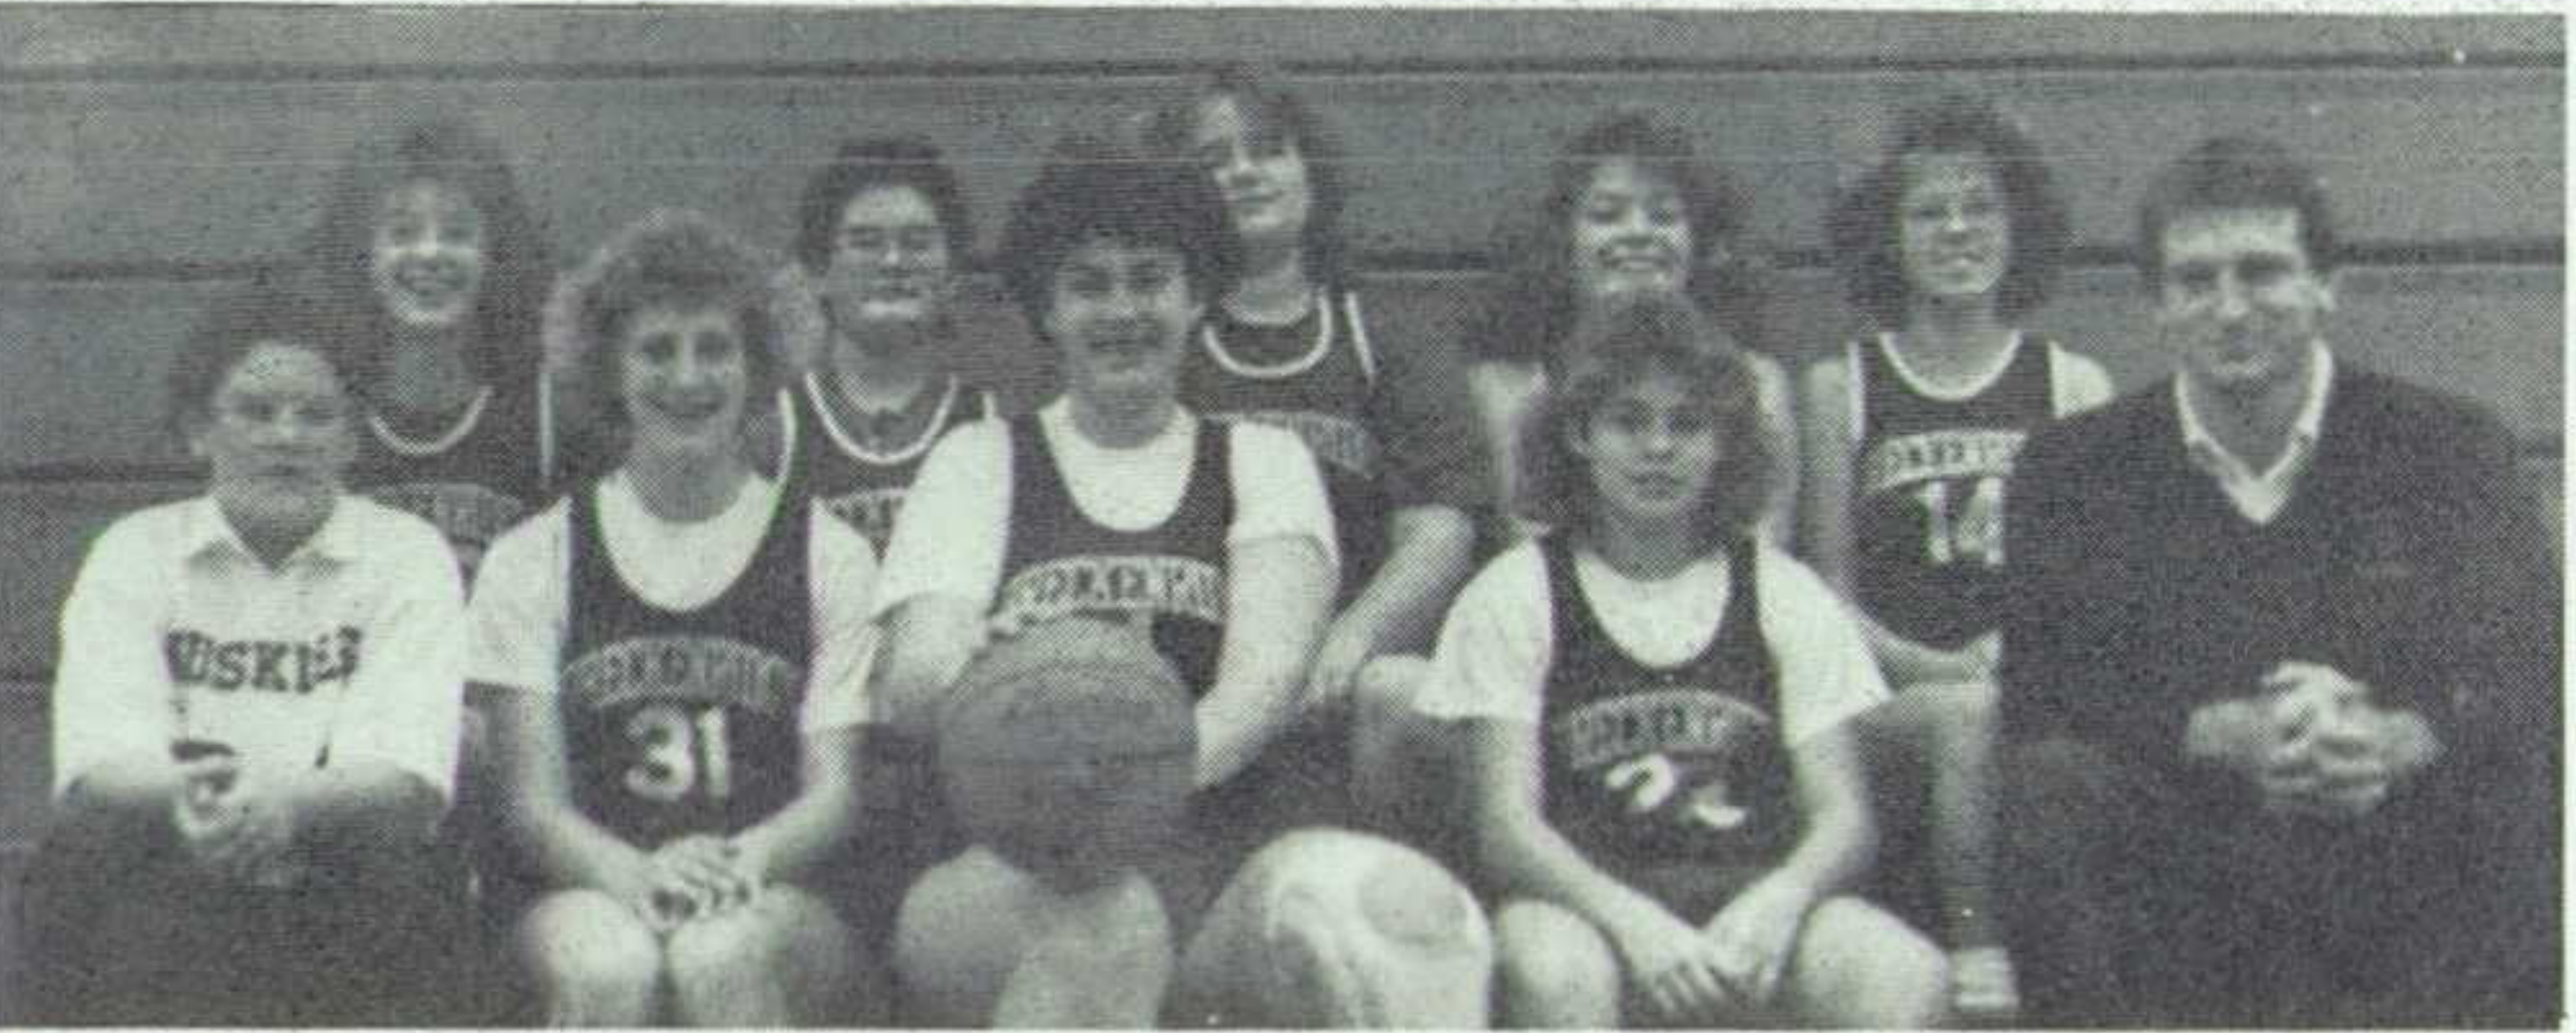

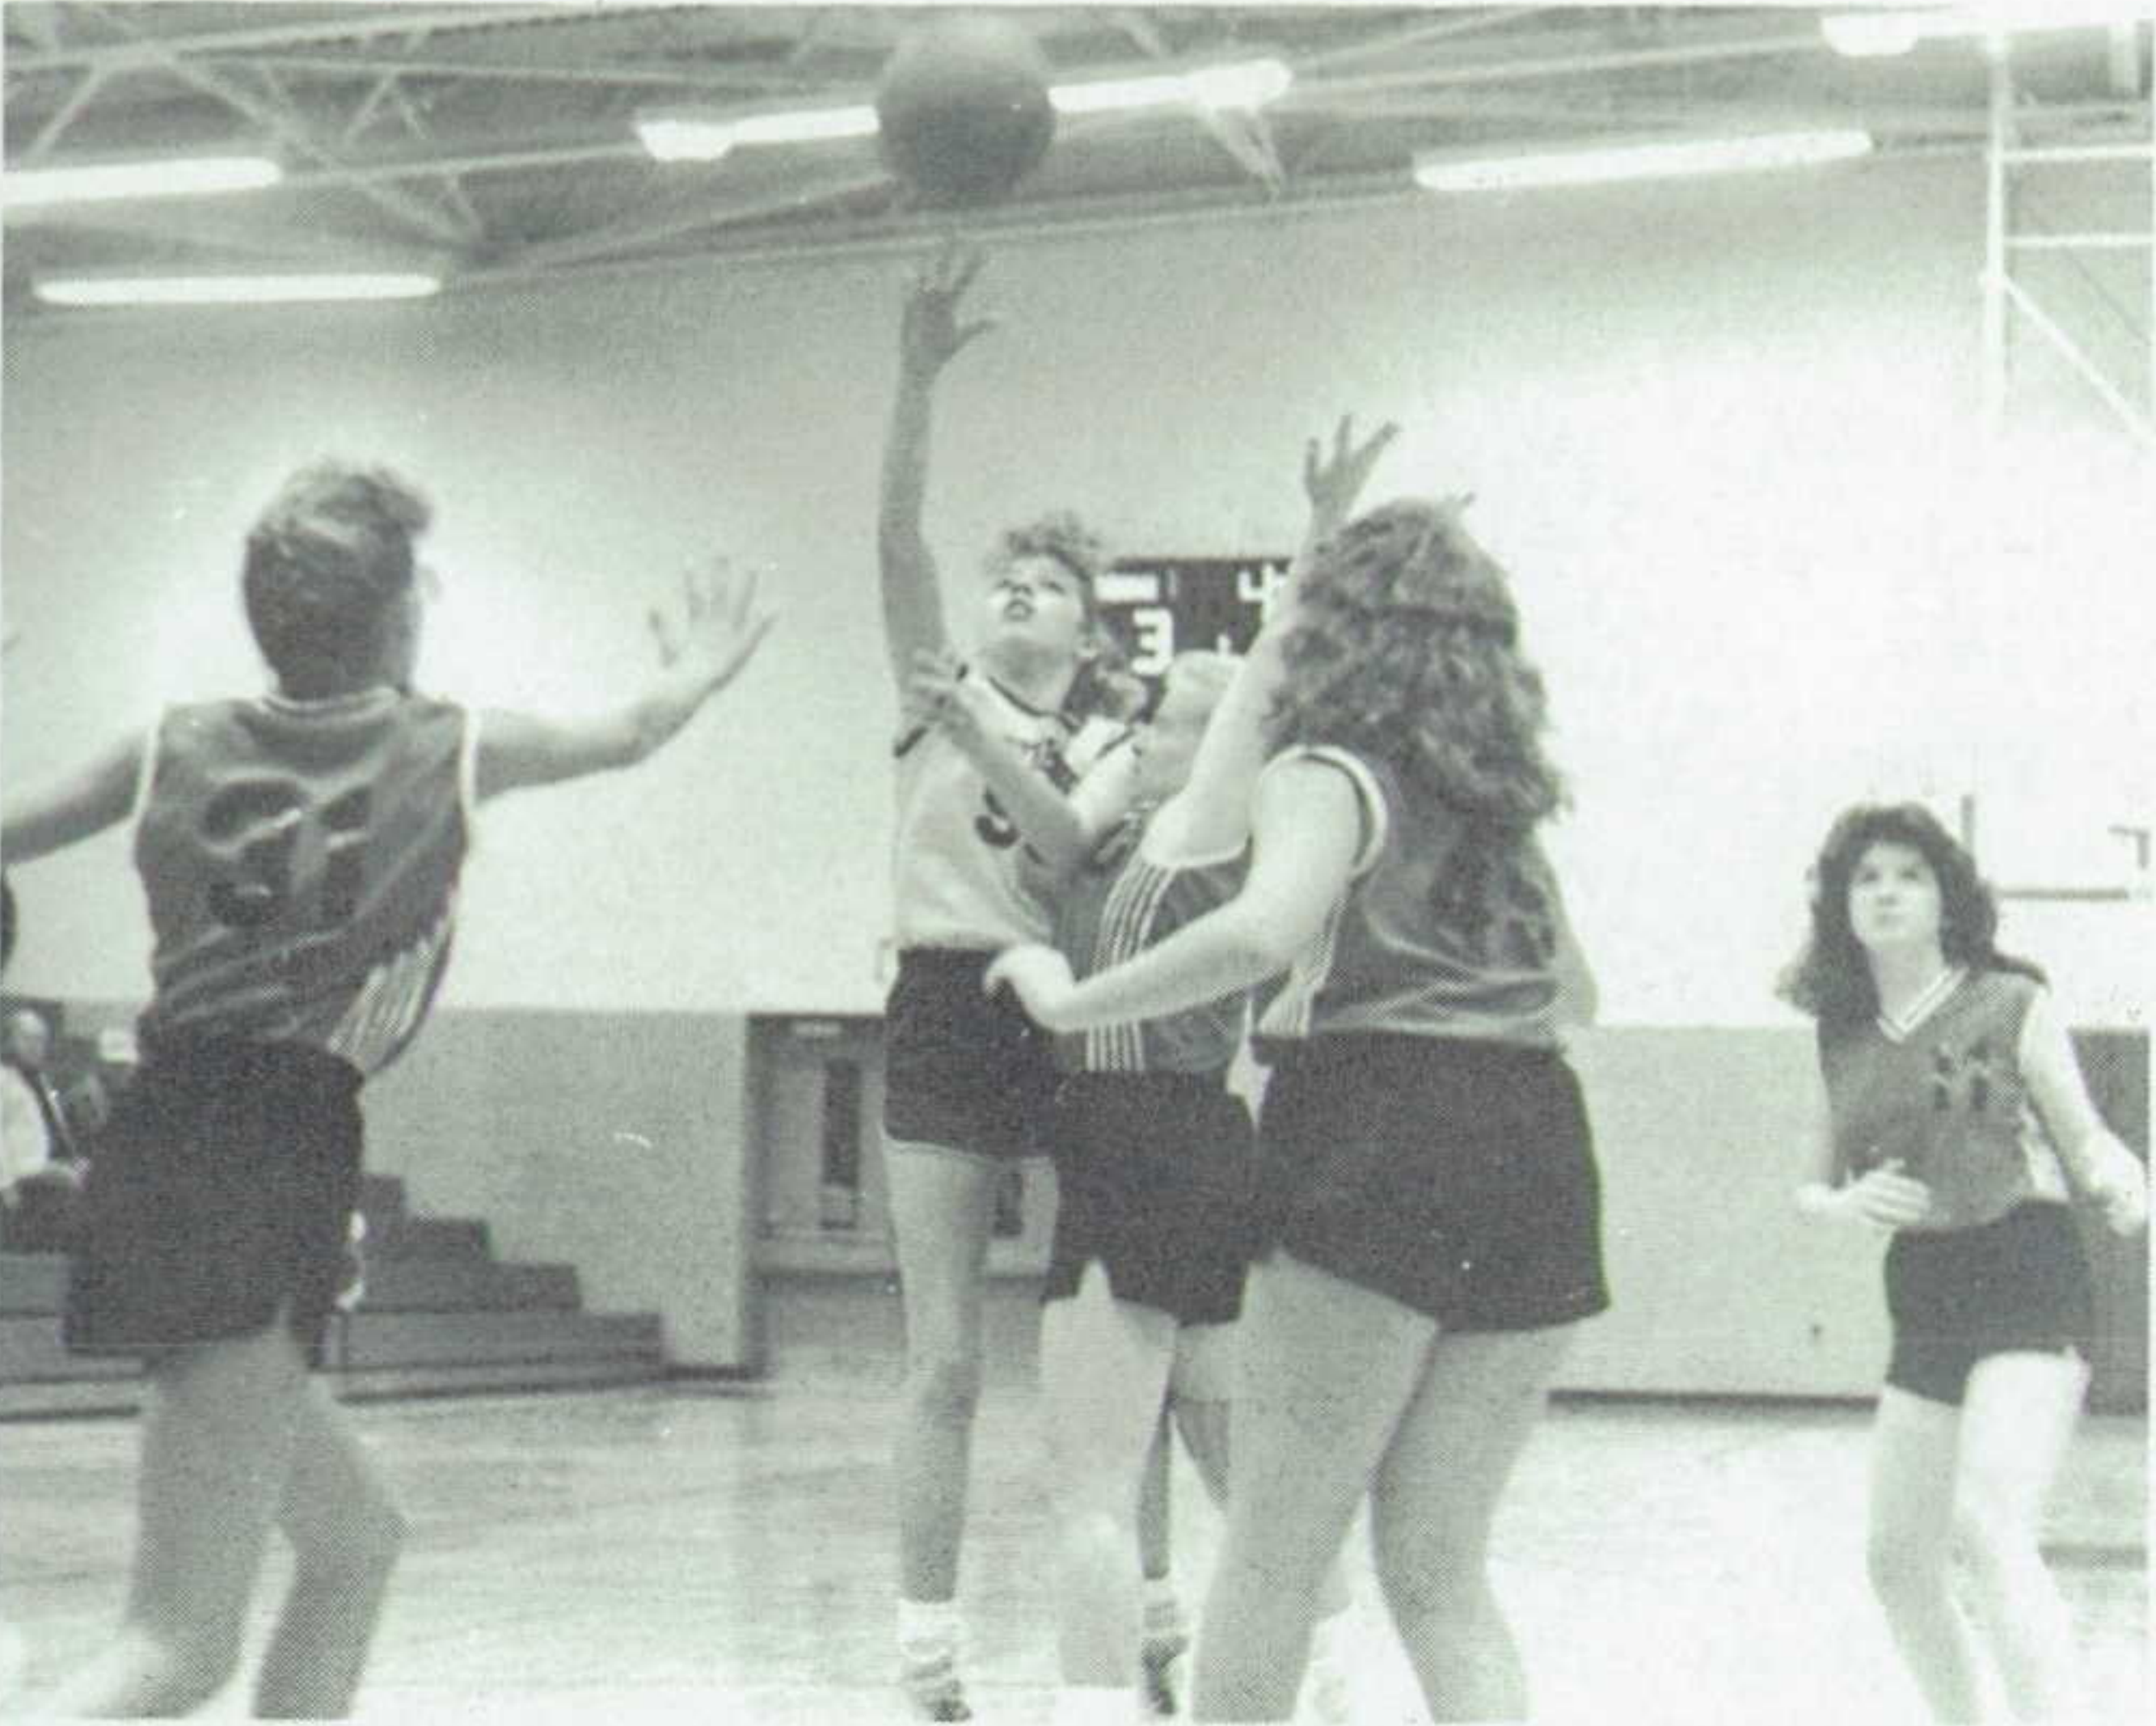

Junior high girls cross-country members include- FRONT ROW: Claudia Ward, Bethany Colbry; BACK ROW: Carrie Sherwood, Coach Godefroidt, Toni Hoyt, Colette Sutton

Junior high boys cross-country runners are- FRONT ROW: Coach Godefroidt, Deric Wright; BACK ROW: Chris Eichbauer, Kristen Valliere, Mark Williams, Derek Bailey

Kristen Valliere shows his stride in one of his many spectacular performances. The team earned a 4 win 3 loss debut in the new league.

What Makes It Happen

Along with being a secretary in the high school office, I really enjoy being a part of the many activities that happen throughout the year. A lot of very "special" friendships are made with the kids and "they" make the school a great place to be!!

-Deb Gaines

To try to define teaching specifically at Breckenridge is really to define teaching anywhere because people are basically alike—sharing the characteristics which are common to people in all places at all times. However, within the basic consistency of human characteristics there is also great variety of personality—the unique approach people have in dealing with themselves in relation to others, their environment, and the ideas which have shaped us all. This is probably the best part of teaching—seeing people develop their own strategies for dealing with their own paradoxical "unique consistency."

-Mr. Grahek

I like my job because working in the snack bar gives me the opportunity to spend time with the students who are very special to me.

-Sue Roberts

Being a counselor means trying to see the world through the eyes of a young person and being able to draw on the knowledge and experience of an adult, all at the same time. Whatever question or problem each and every high school student has, be it academic, social, or personal, is a call for help a counselor should heed. You become involved in their lives long after graduation.

-Lynn Johnson

The job of Principal is interesting and challenging because of the wide variety of duties and responsibilities that are involved. It is a great privilege to work with the excellent teachers and students in the Breckenridge Schools. Being principal allows me the opportunity to observe, appreciate and enjoy the successes of hundreds of students in both academic and athletic activities.

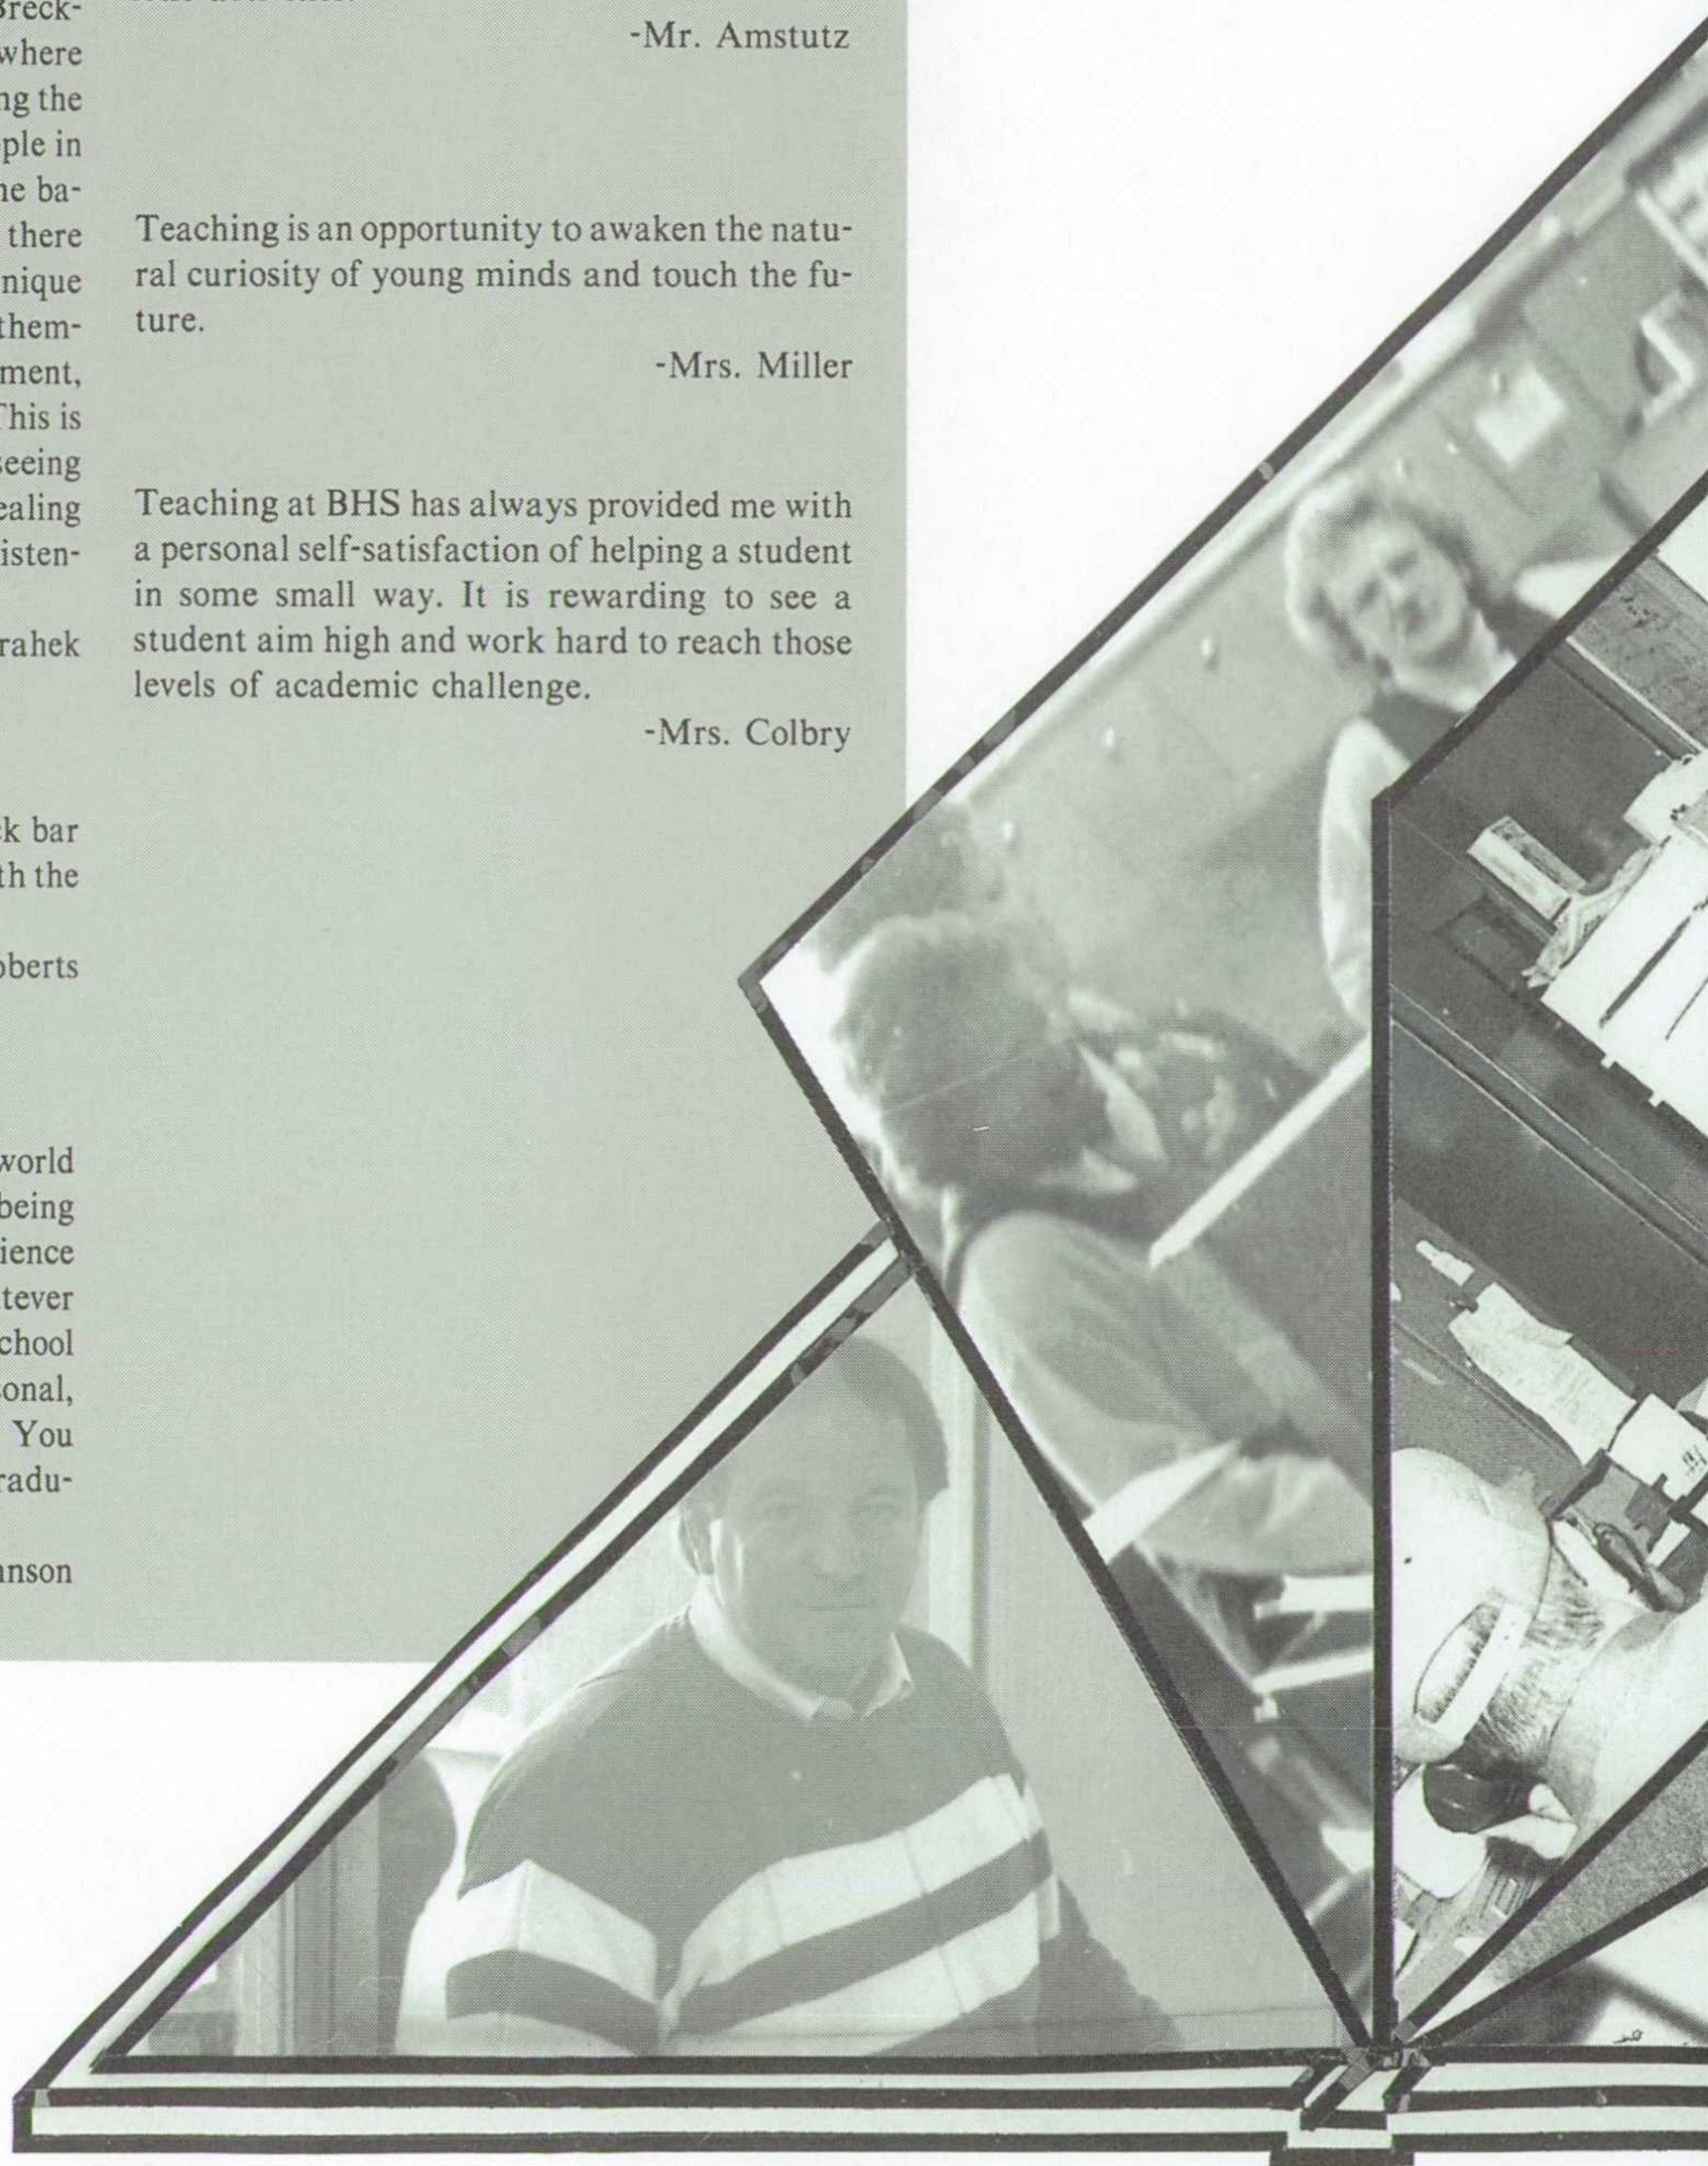

-Mr. Amstutz

Teaching is an opportunity to awaken the natural curiosity of young minds and touch the future.

-Mrs. Miller

Teaching at BHS has always provided me with a personal self-satisfaction of helping a student in some small way. It is rewarding to see a student aim high and work hard to reach those levels of academic challenge.

-Mrs. Colbry

-Lisa Herrington

MAKING IT CLICK

BACK ROW: Lew Pavlik- Community Education Director, Mr. Amstutz- Principal, Mr. Godefroidt- Assistant Principal, Mr. Hagey- Superintendent, Mrs. Clingenpeel- West Elementary Principal, missing from picture Nancy Ostrander- Lunchroom Director

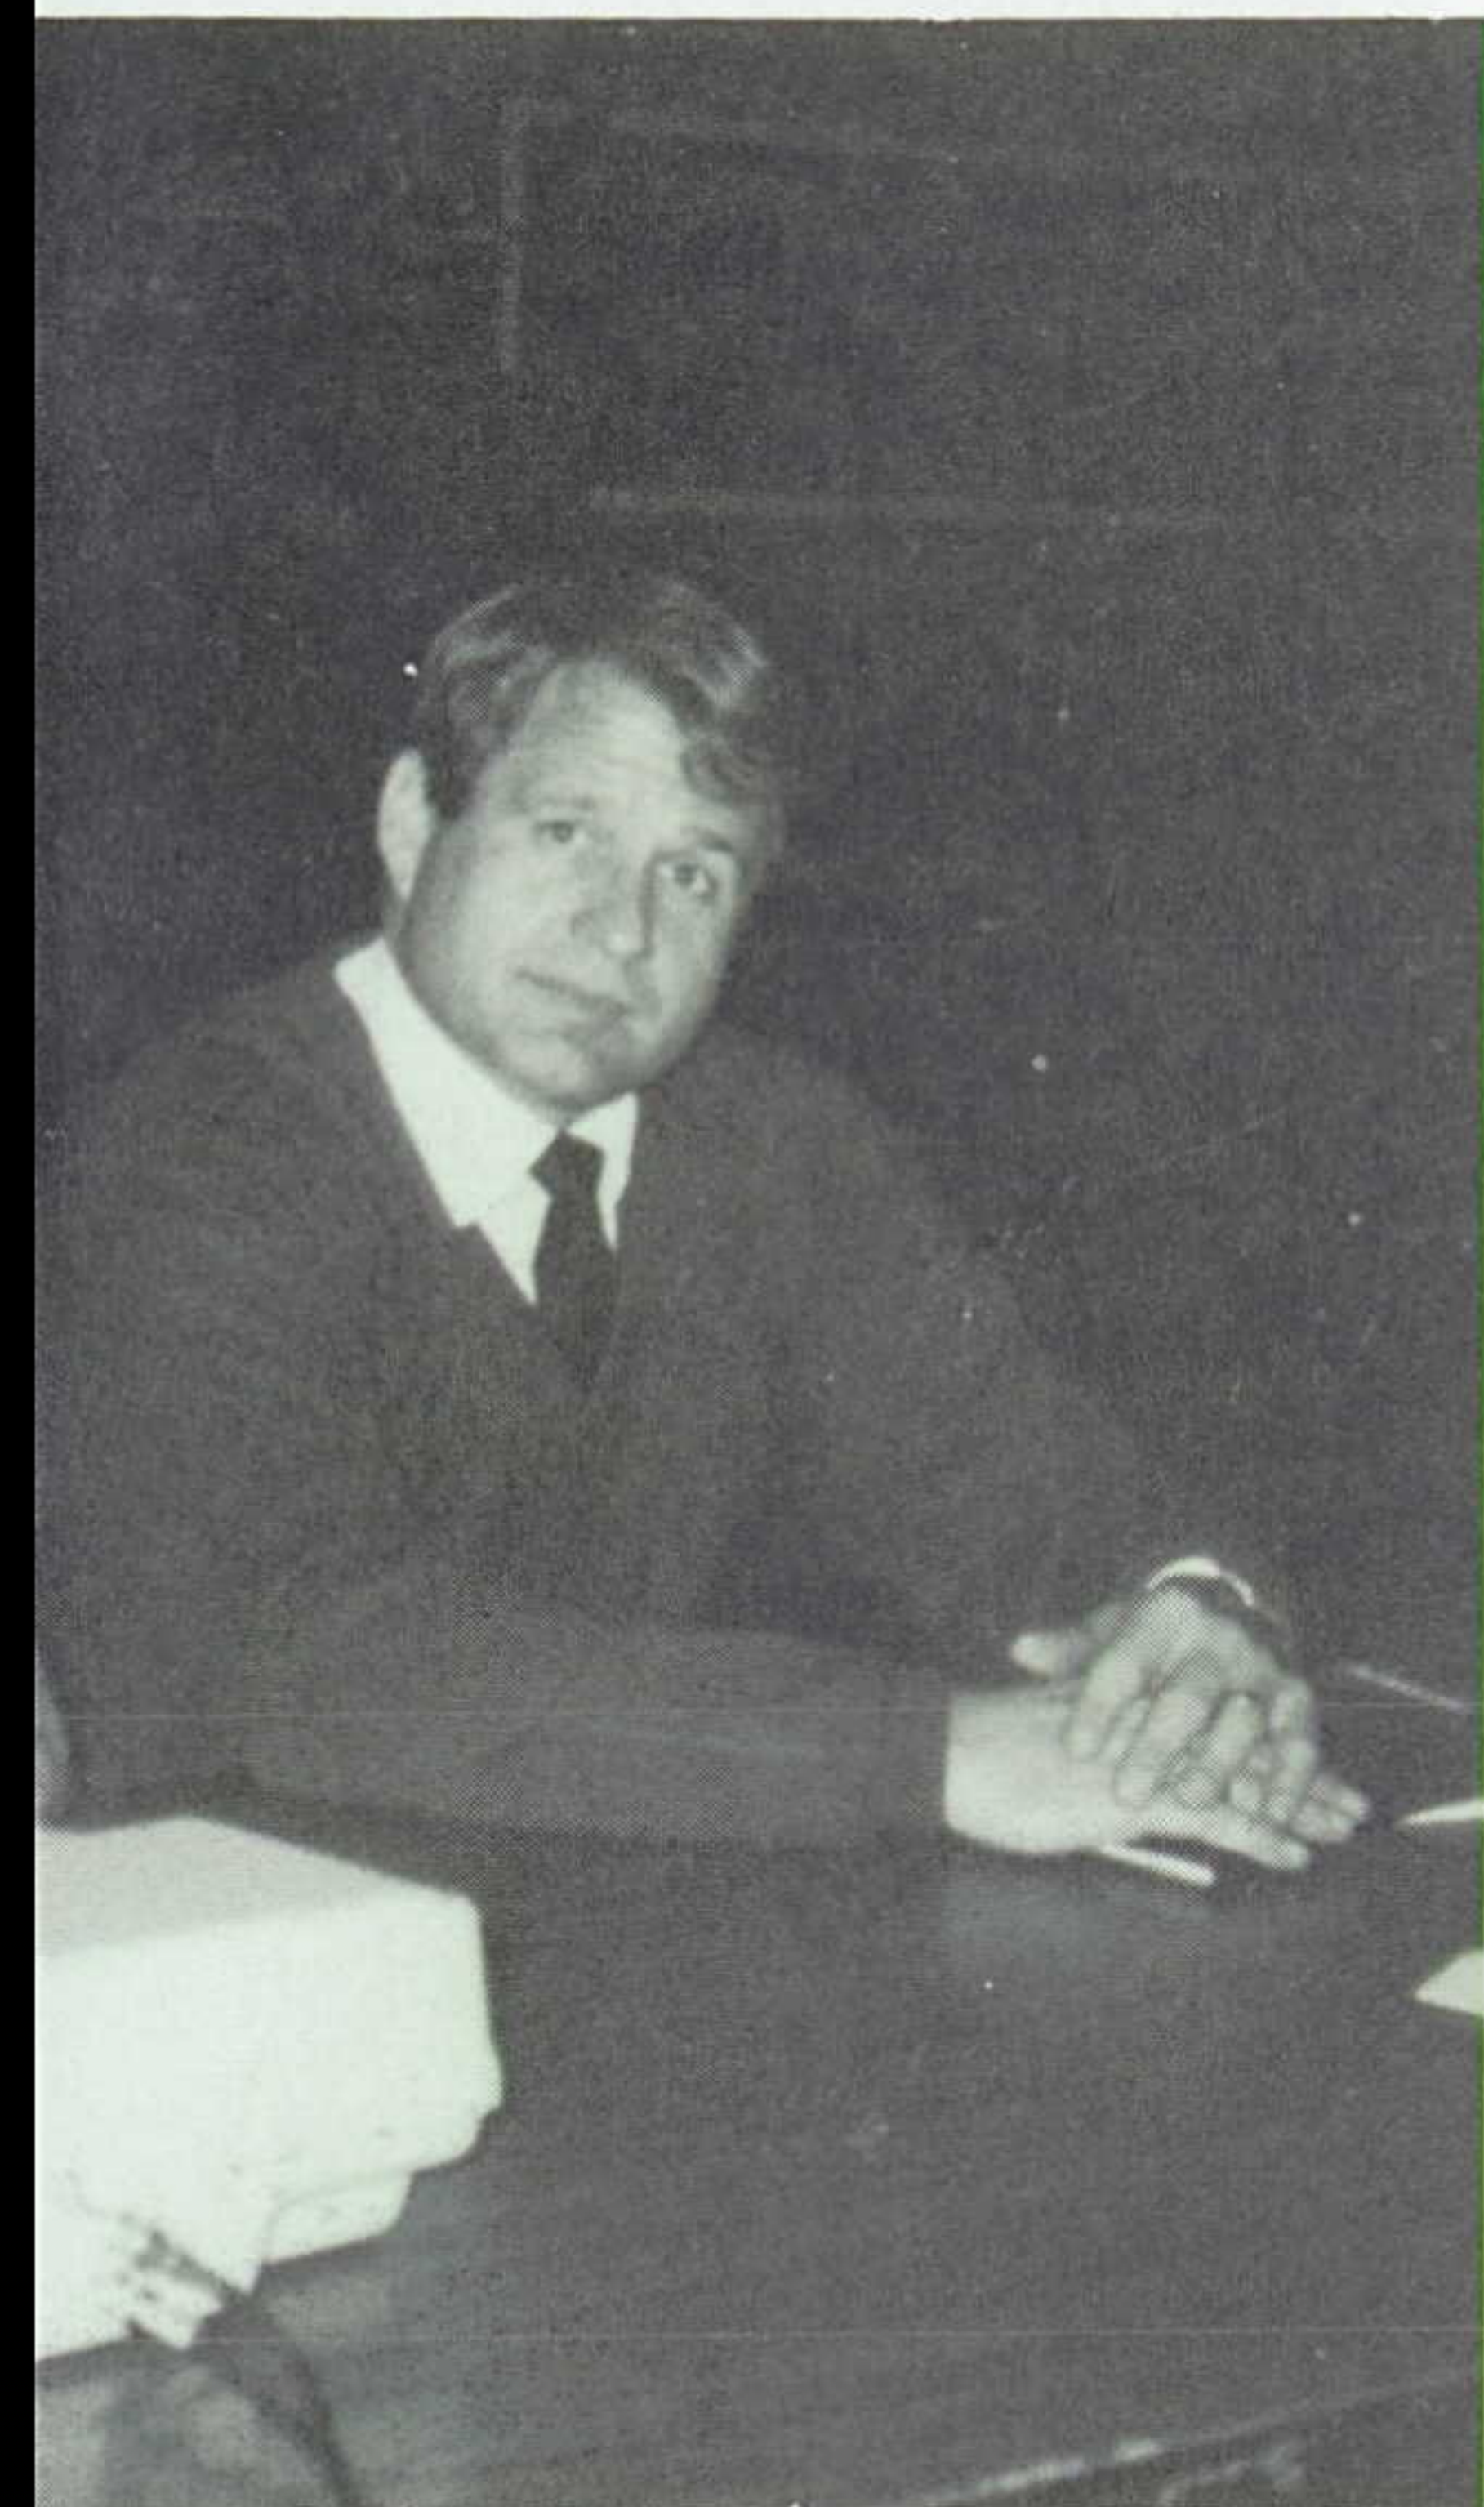

Mr. Ivan shows Mr. Godefroidt how to work the score board. Mr. Ivan spent his last few days showing Mr. Godefroidt the responsibilities which he would be taking over.

Russell Clark relaxes in his chair. Russell puts in long and hard hours to make sure that the school is in tip top shape.

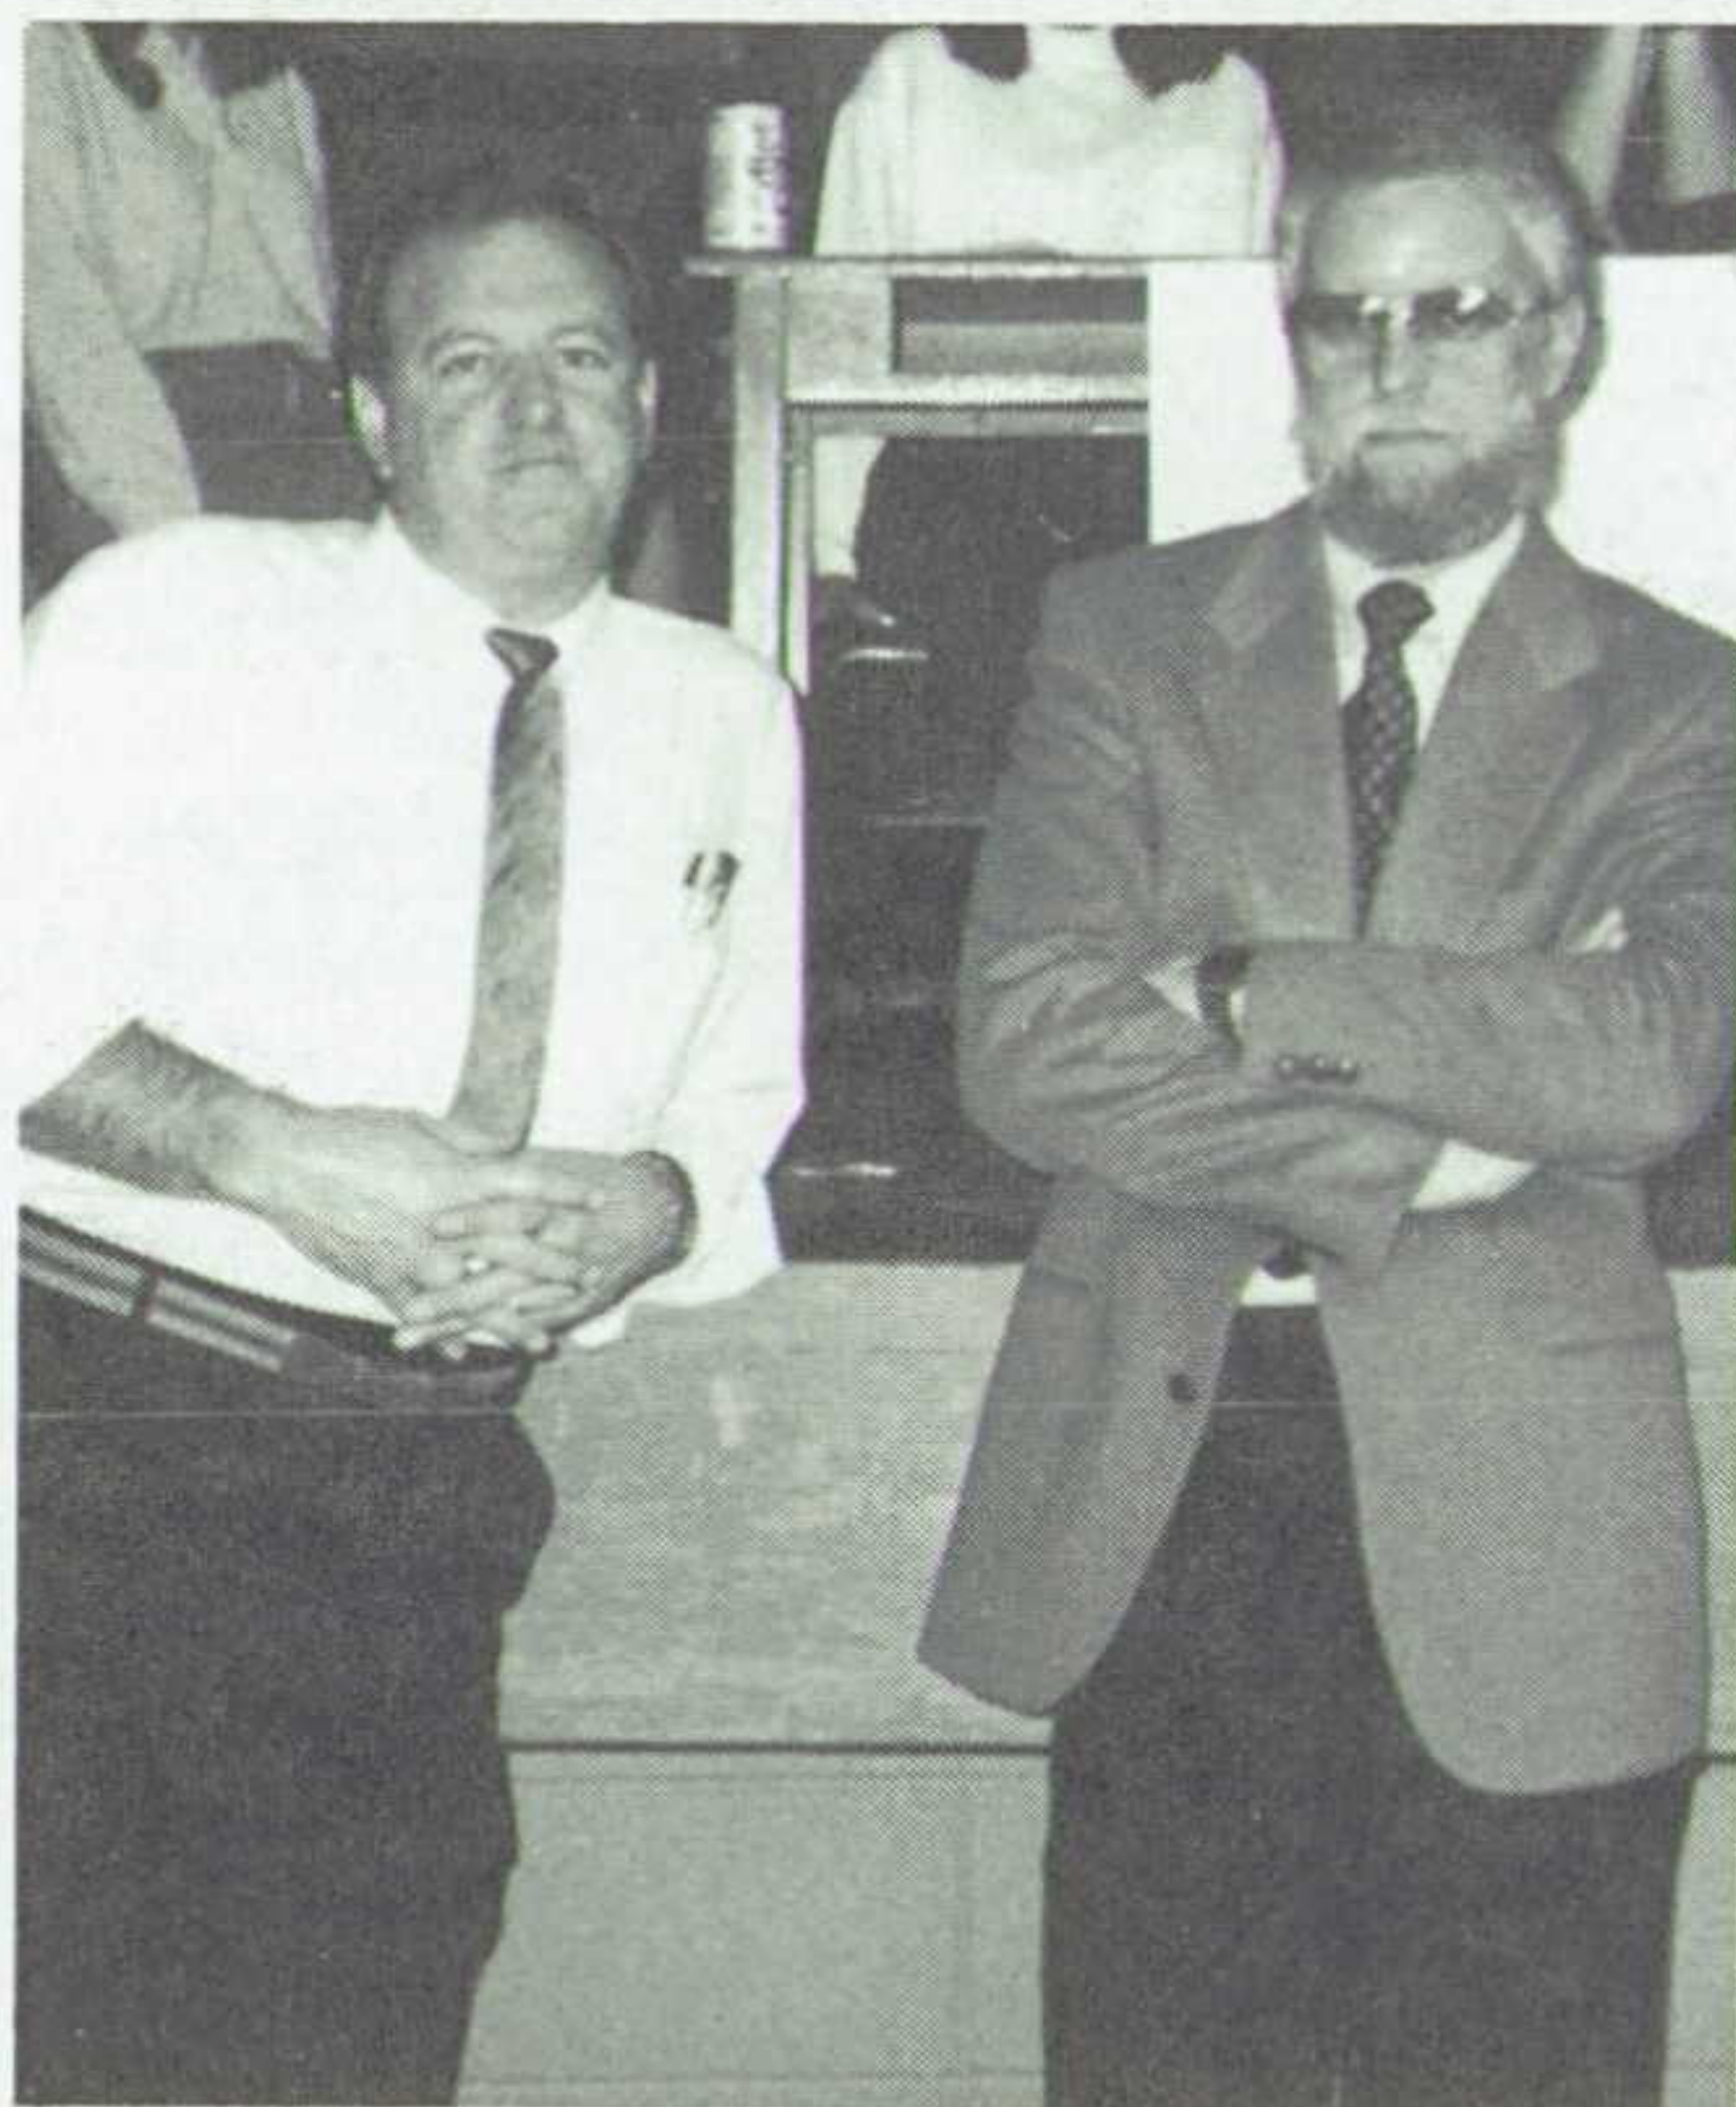

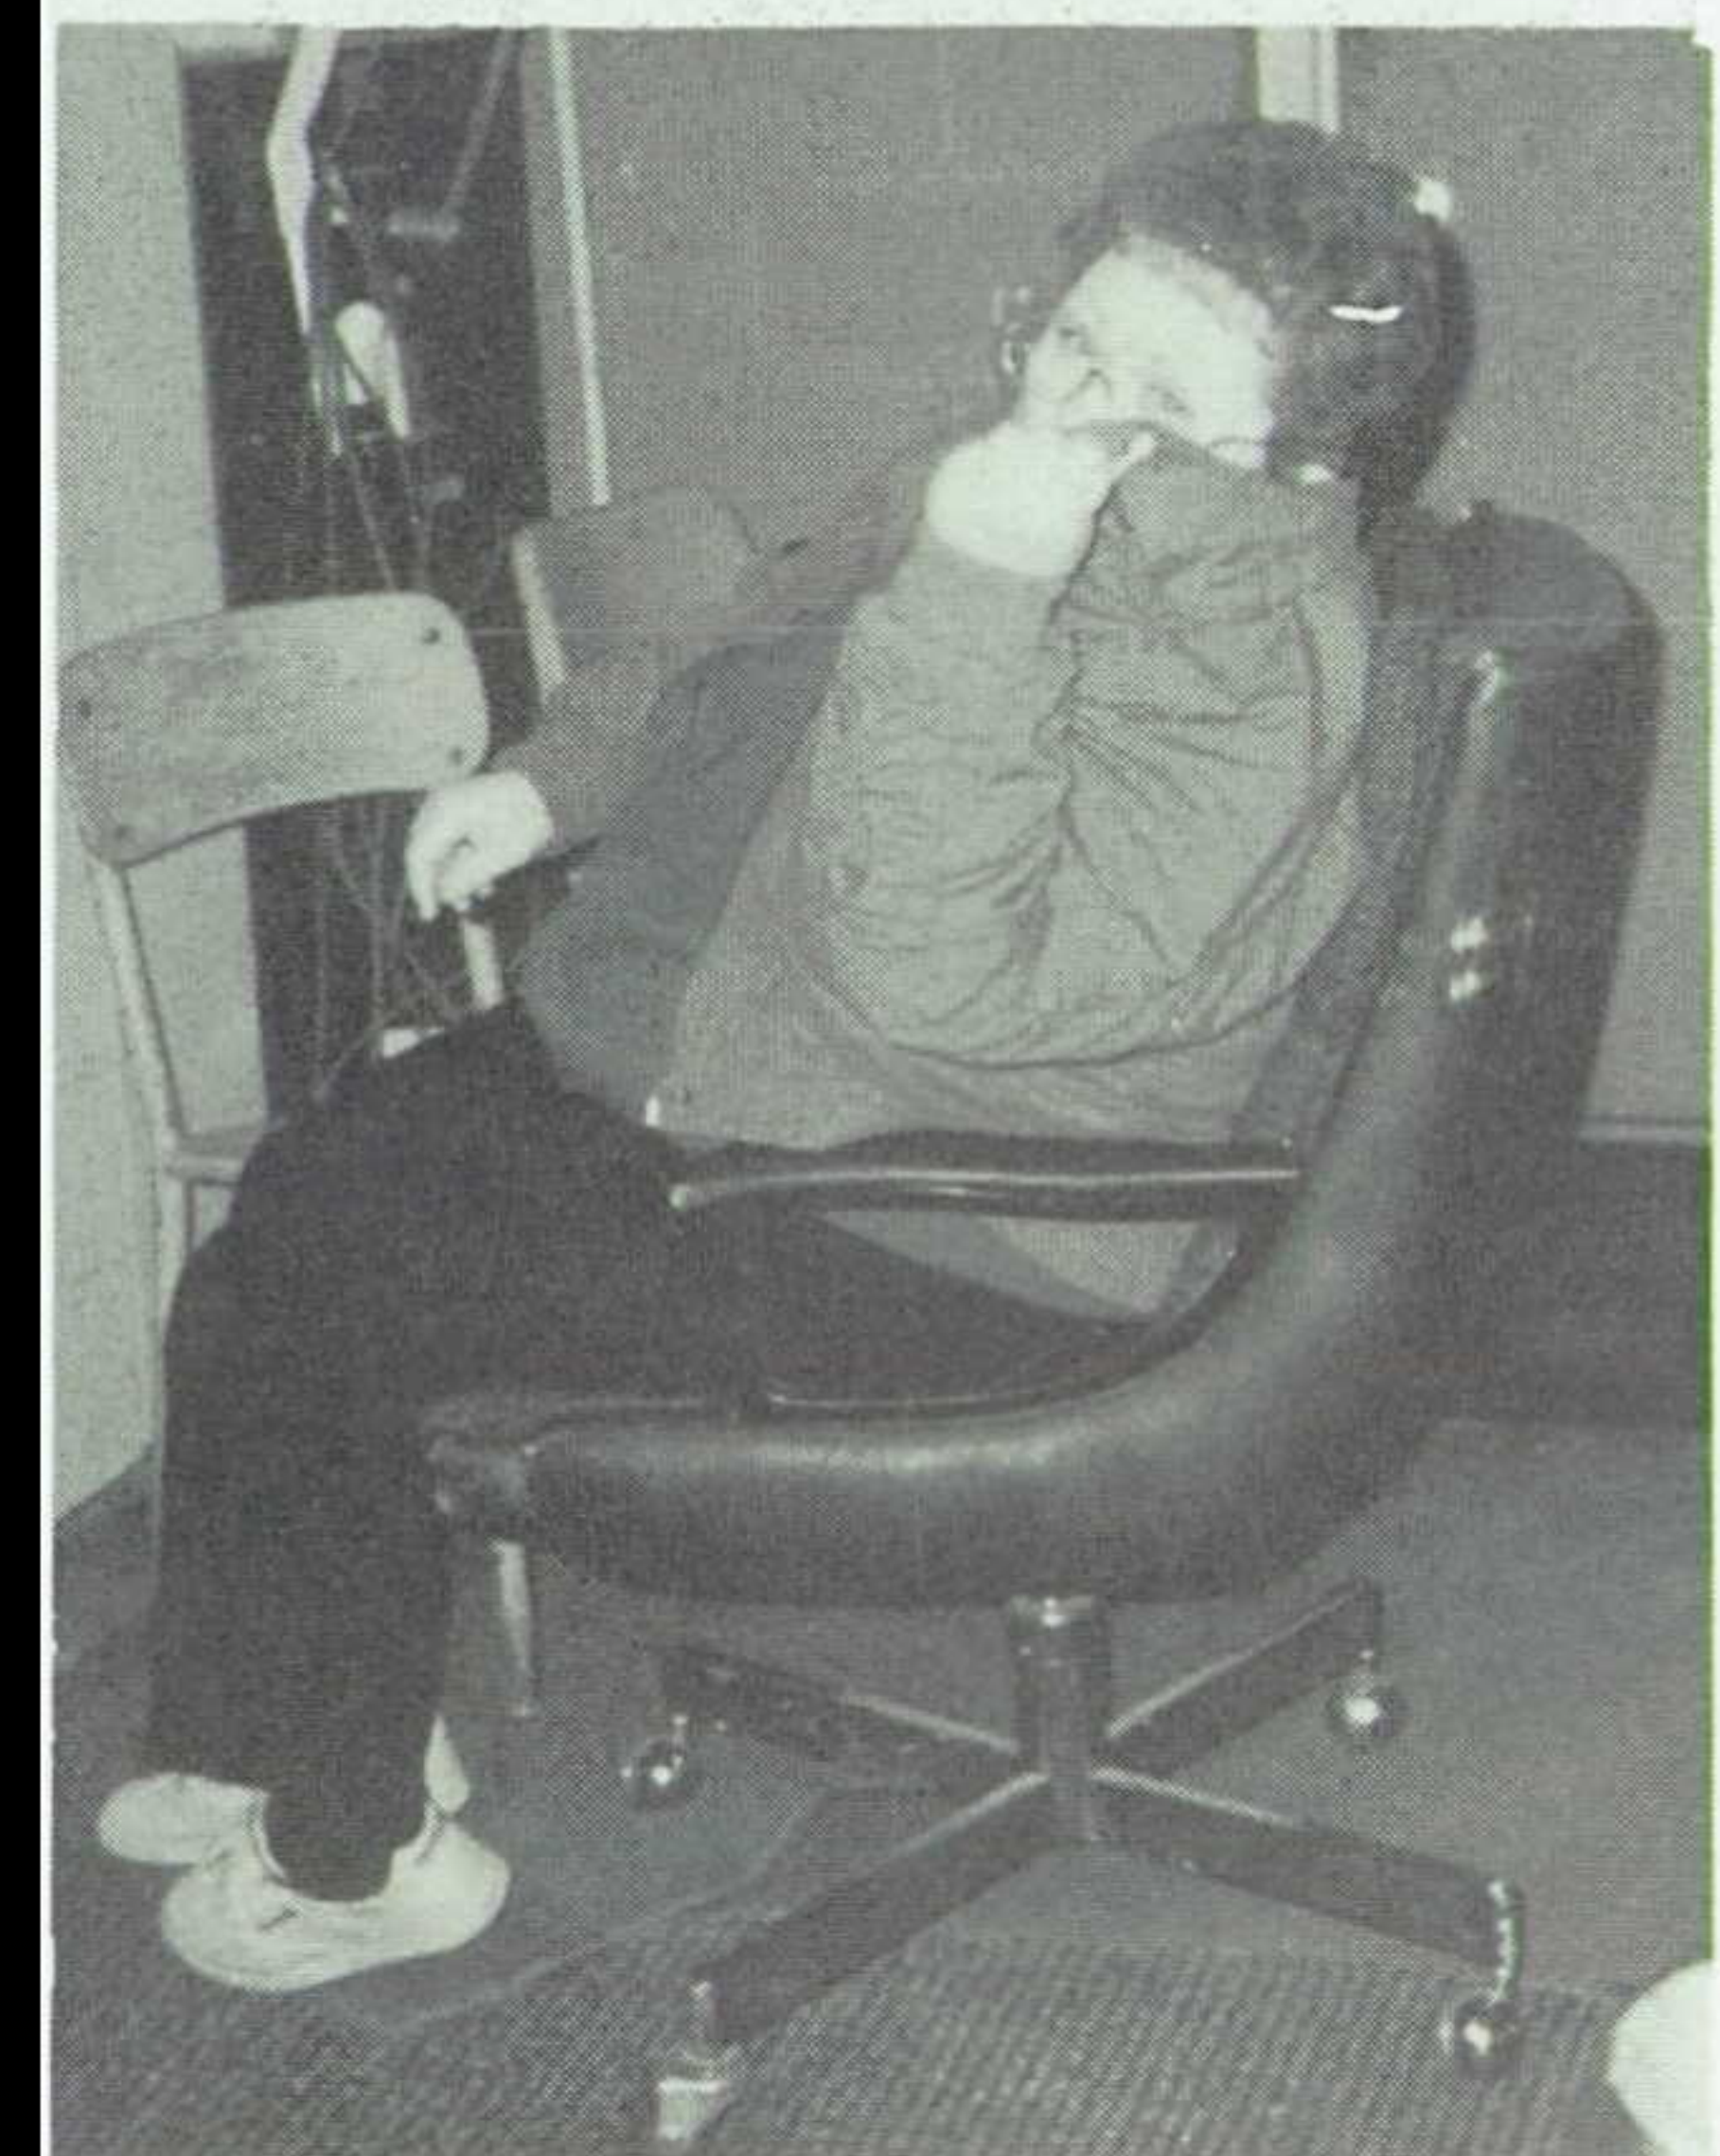

BACK ROW: Jeanne Ostrander, Janet Smith, Brenda Kipp; SECOND ROW: Barb Wright, Opal Hoyt, Linda Hewitt, Judy Childs, Gaila Miller; FRONT ROW: Jim Kennedy, Kathei Guthrie, Marylou Bailey, Phyllis Agle, Supervisor- Ed Collins, Marvin Hill

-Dawnn Guthrie

Mr. Amstutz gets ready to take a picture. Mr. Amstutz is always taking pictures at sporting events.

LuAnn Smith stops her work for a friendly smile. LuAnn is the telephone receptionist for all Breckenridge Community Schools.

Mr. Godefroidt and Mr. Amstutz take a break for a moment during junior high lunch.

Kathei Guthrie being camera shy, tries to hide from the camera. As a bus driver, Kathei works very hard to get the kids to school and back home in all kinds of weather.

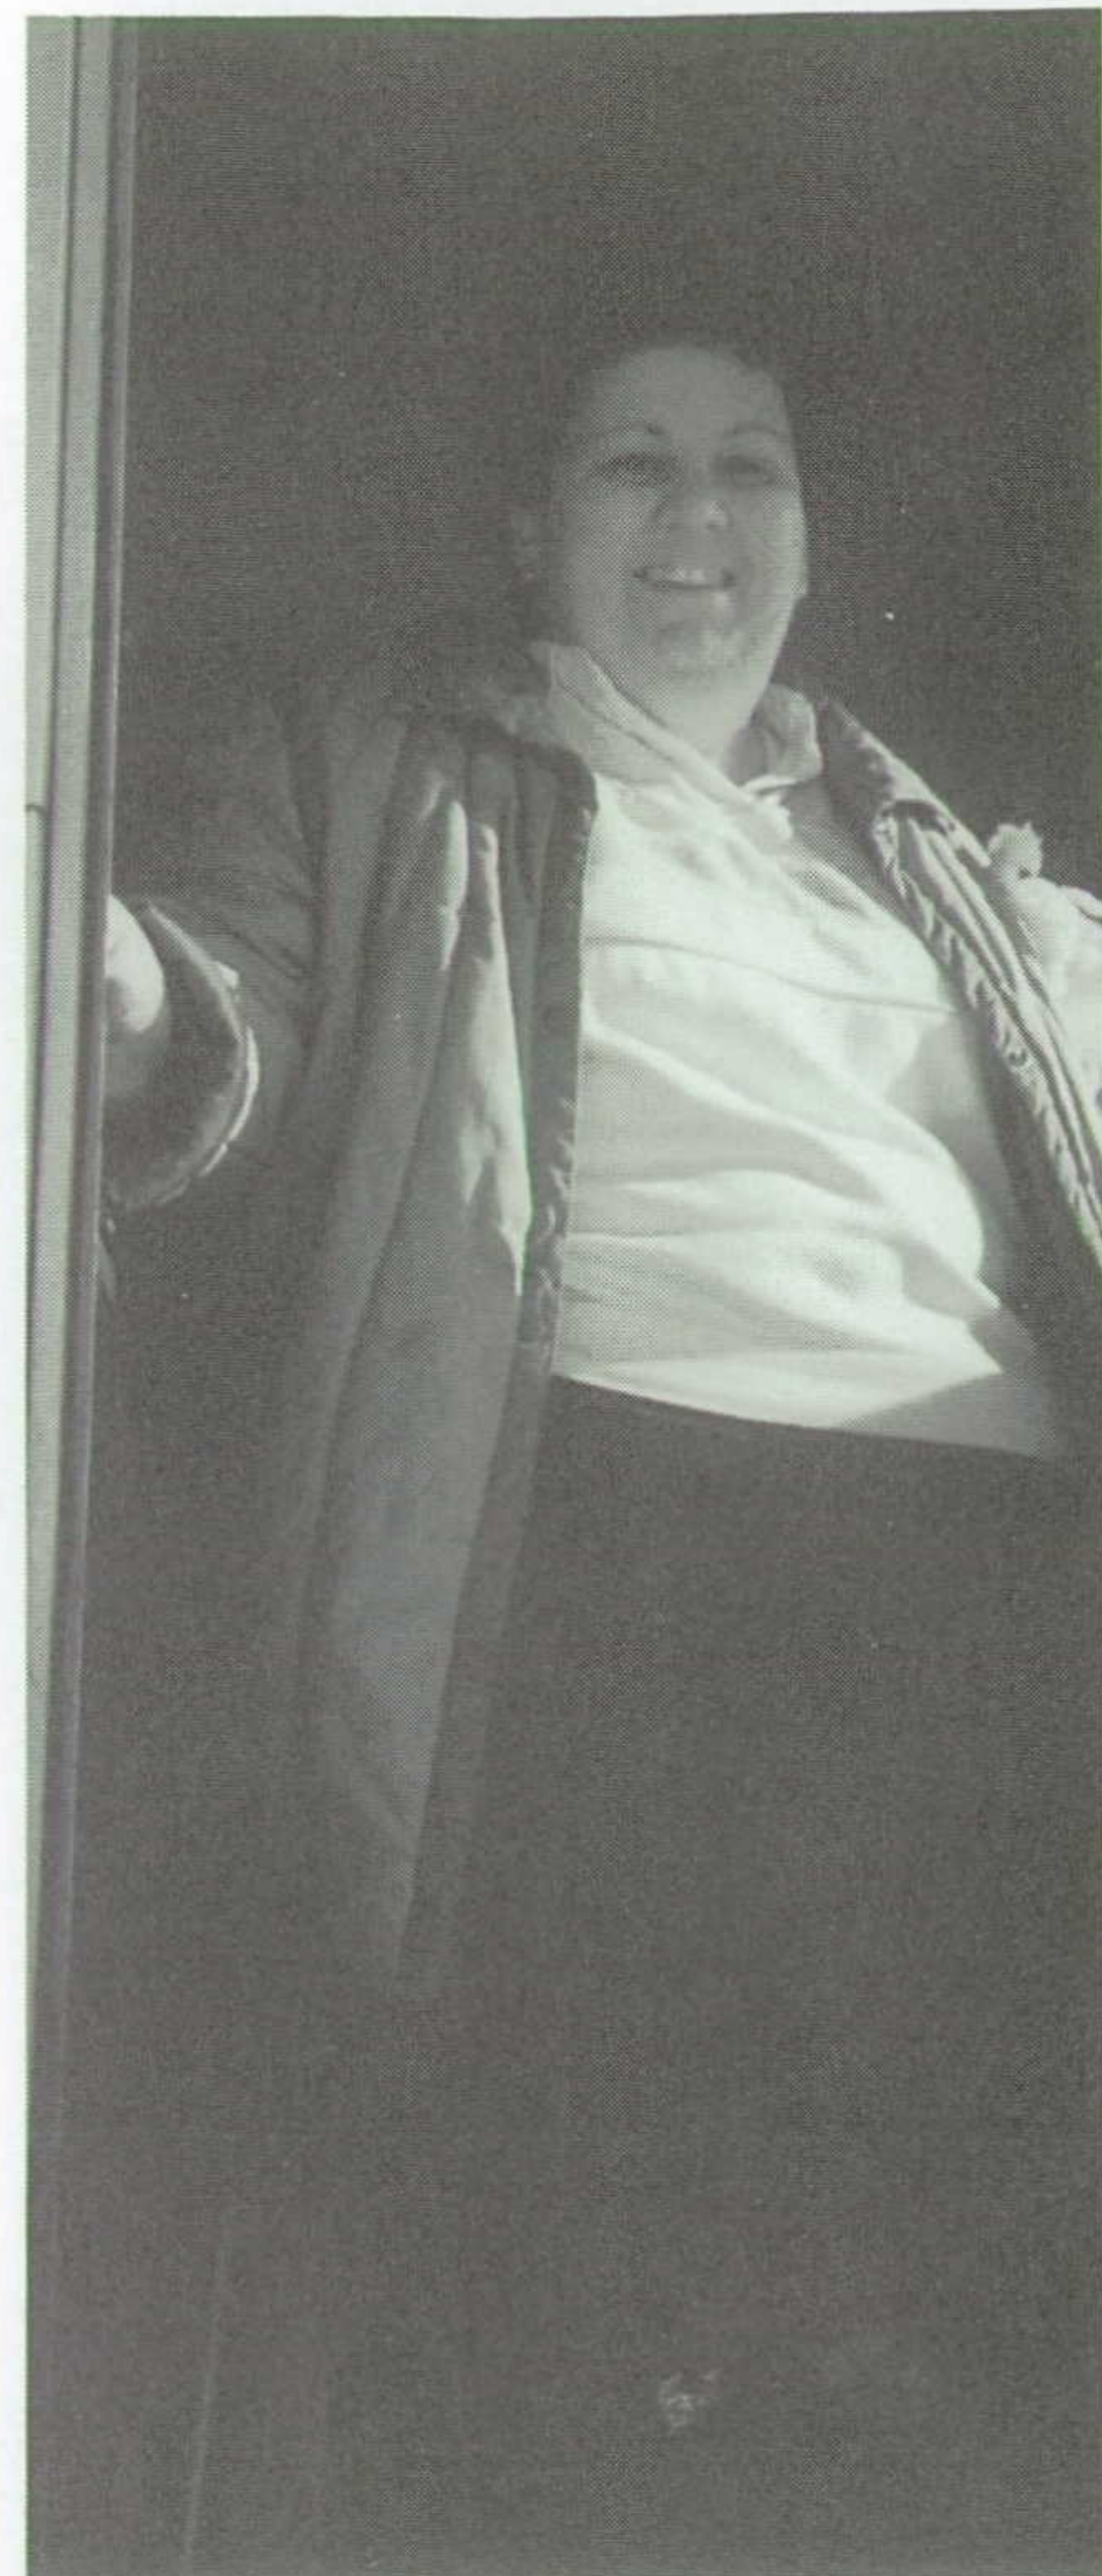

BACK ROW: James Huntoon- trustee, Larry Schmitz- trustee, Clayton Peters- vice president; FRONT ROW: Jackie Buchanan- trustee, Arlene Varner- secretary, Karen Giles- president.

FRONT ROW: Mary Humphrey, Sandy Gutierrez, Donna Hopkins; BACK ROW: Donna Rohn, Karen Gillis, Nancy Ostrander, Sue Roberts

Brenda Kipp pauses for a moment to give a bright smile. Brenda works very hard to do her job well.

Minnie Mouse waves at the crowd during the pep assembly. Office secretary, LuAnn Smith disguised herself as one of the Walt Disney characters for homecoming.

Karen Gillis wipes off the counter after junior high lunch. Throughout the week, Karen works in the cafeteria doing a variety of jobs.

FRONT ROW: Jeanne Wyeth, Ruth Bigford; BACK ROW: Larry Mellet, Frank Whitney, Russell Clark, Ed Collins-Bus Supervisor

LuAnn Smith, Deb Gaines, Dana DeShone

Mary Humphrey flashes a smile while preparing for junior high lunch. As part of the hard working kitchen staff, Mary helps to make lunchtime enjoyable.

Brenda Kipp, Linda Hewitt, Barb Wright, Jeanne Ostrander, and Janet Smith dress up for Halloween. Not just students show spirit, bus drivers also participate.

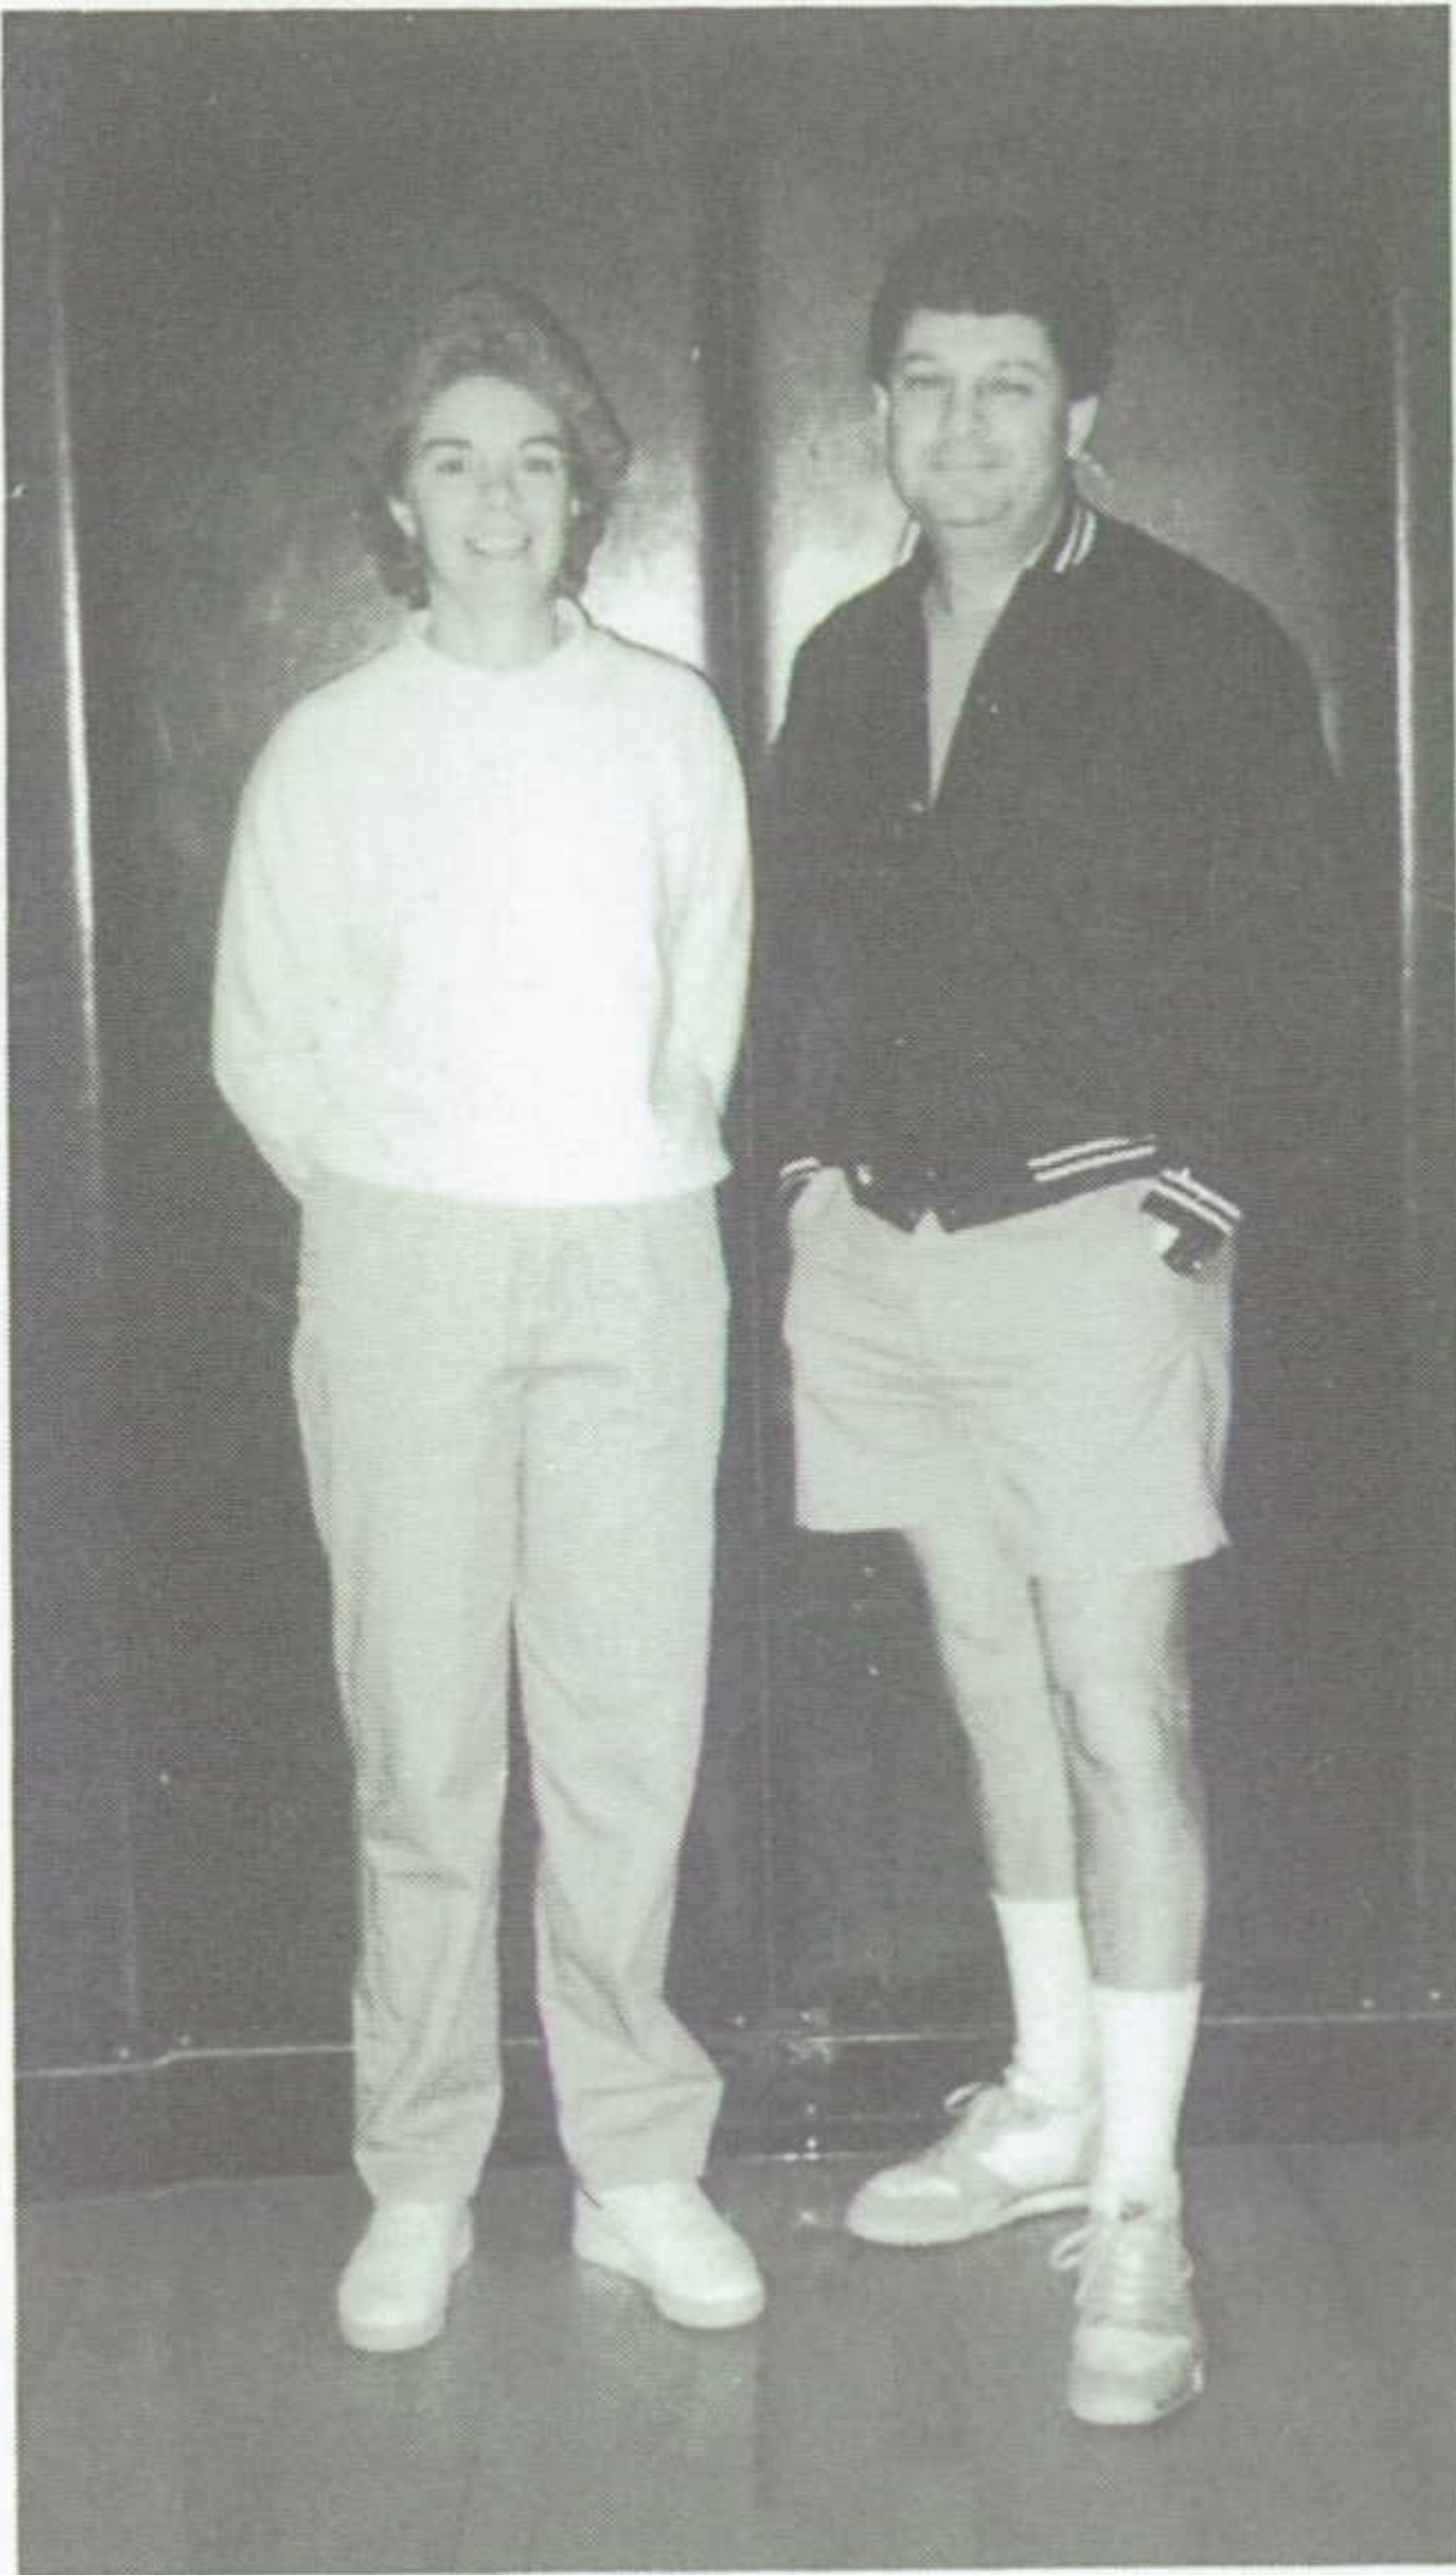

Sue Roberts looks at the camera while getting a pretzel for a student during senior high lunch. Daily Sue can be seen working at the snack bar.

Dedication Through and Through

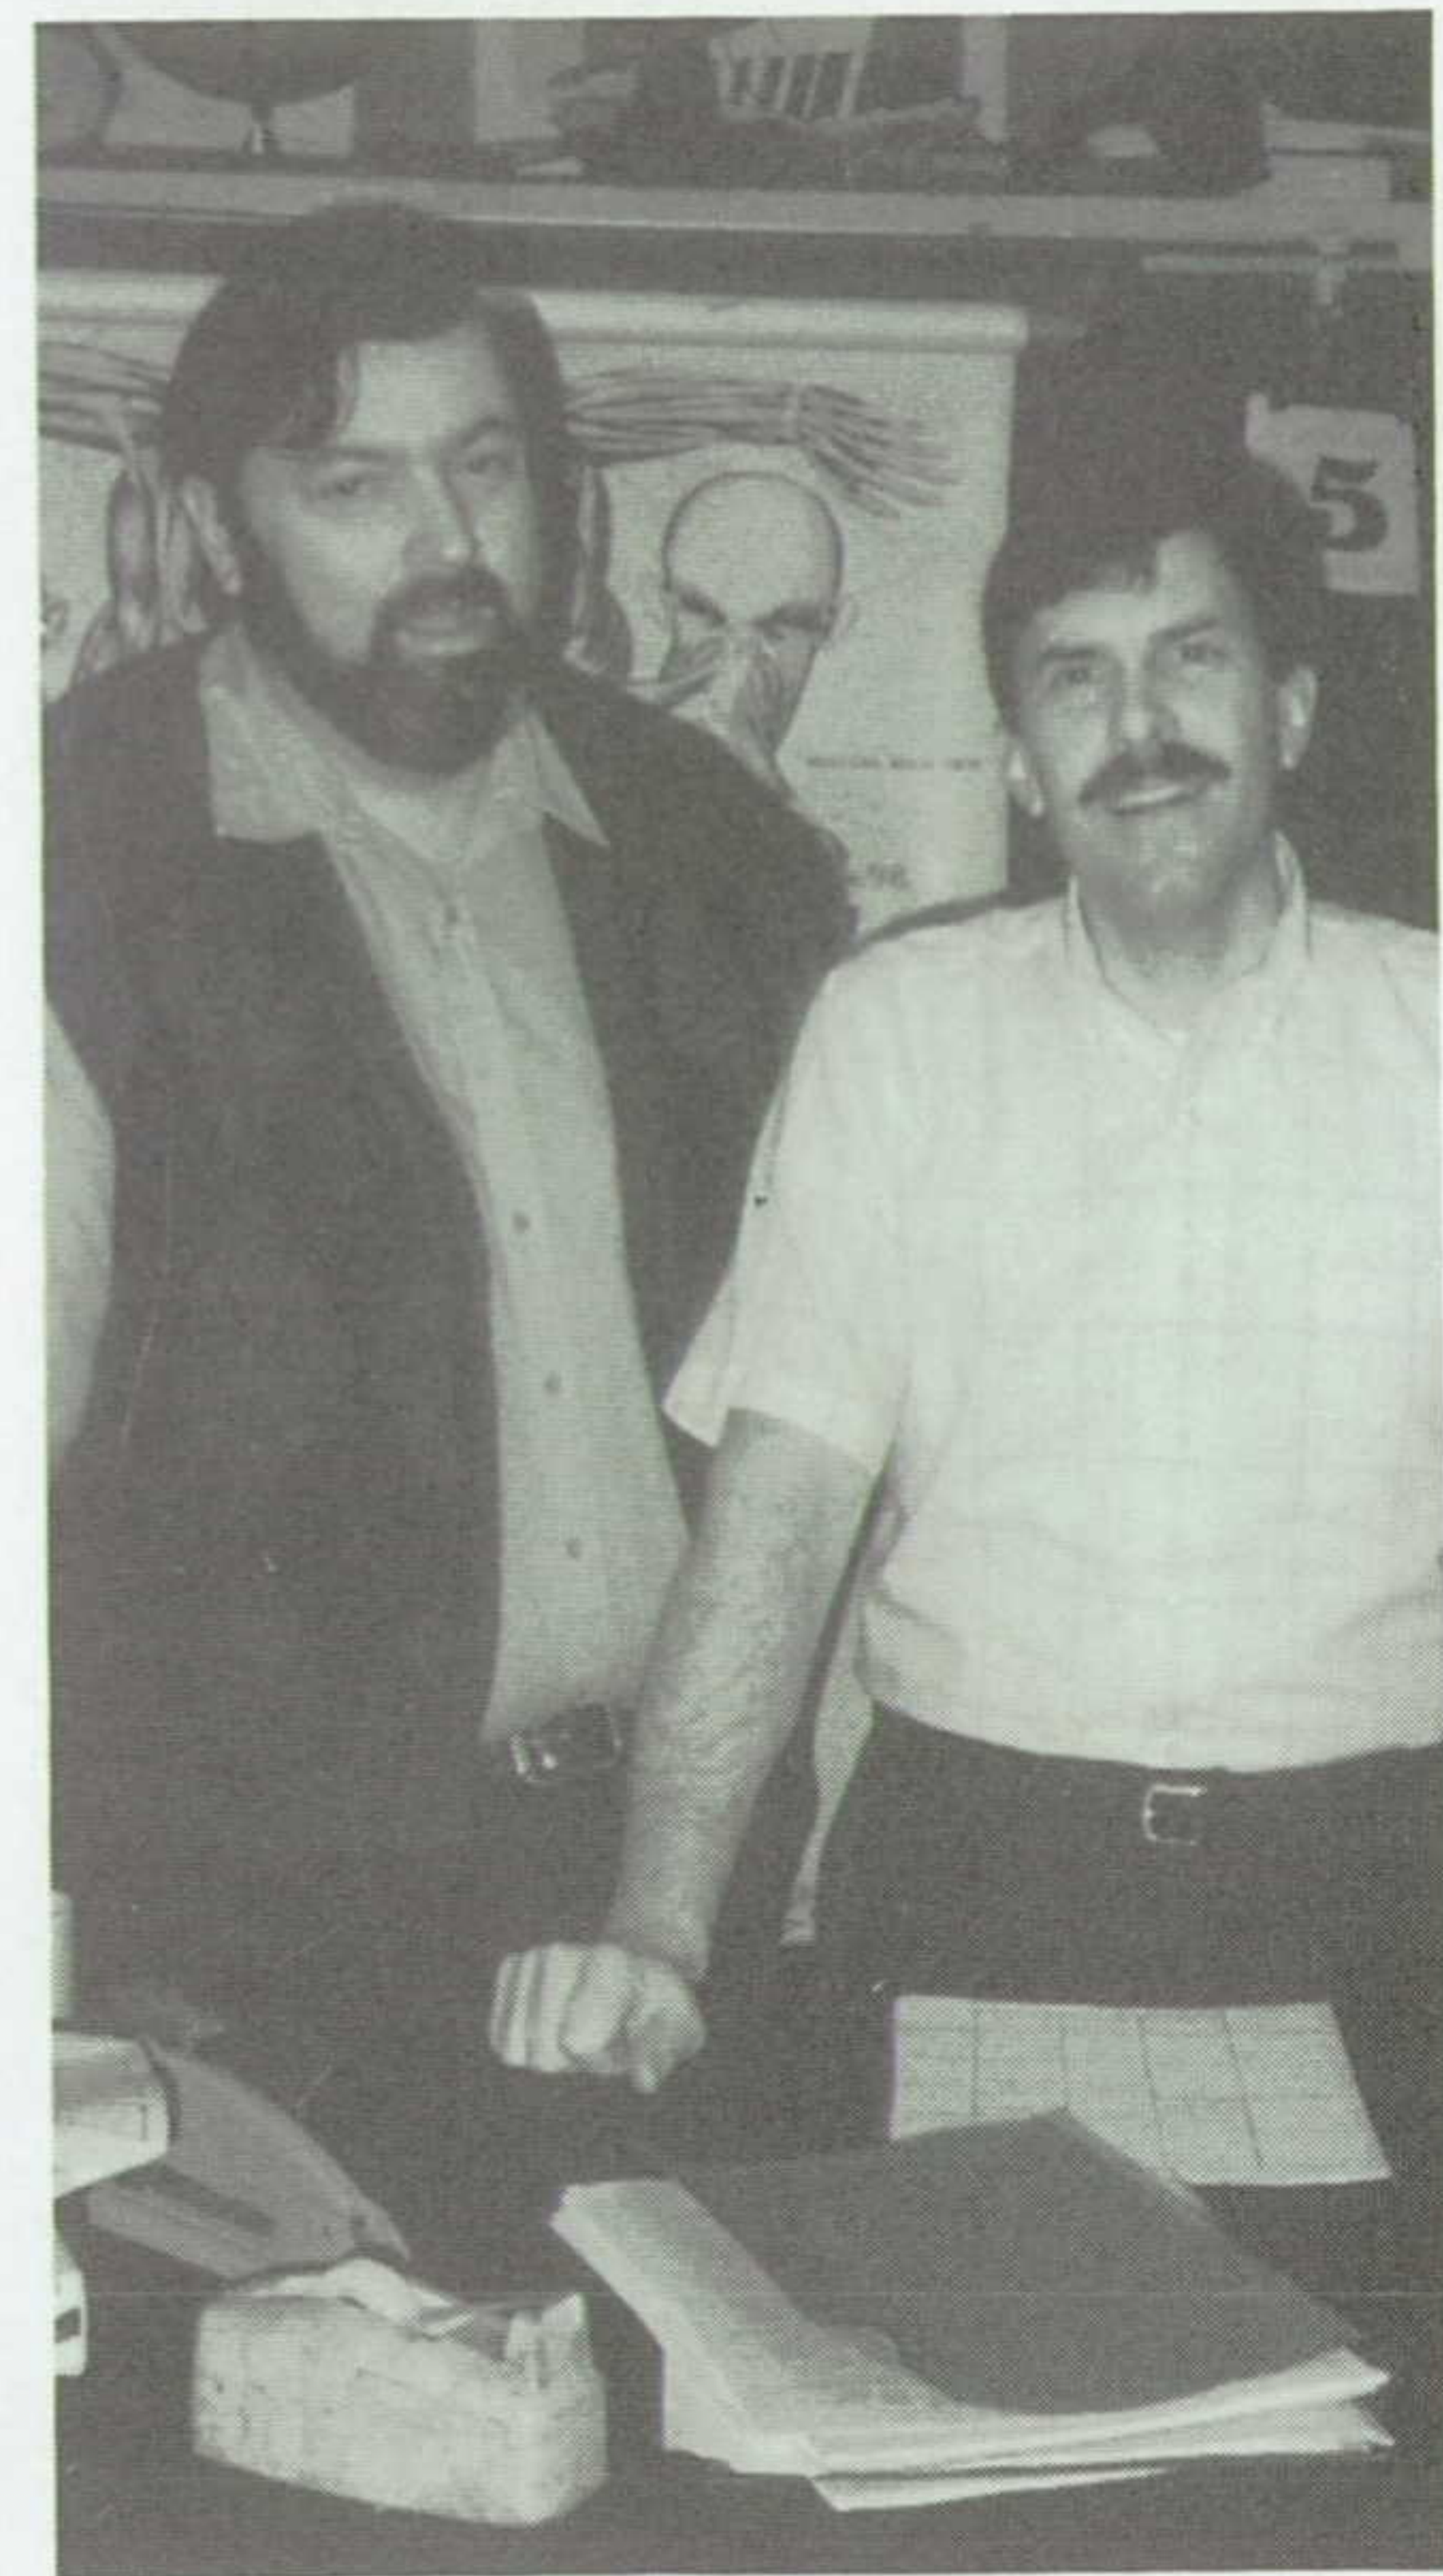

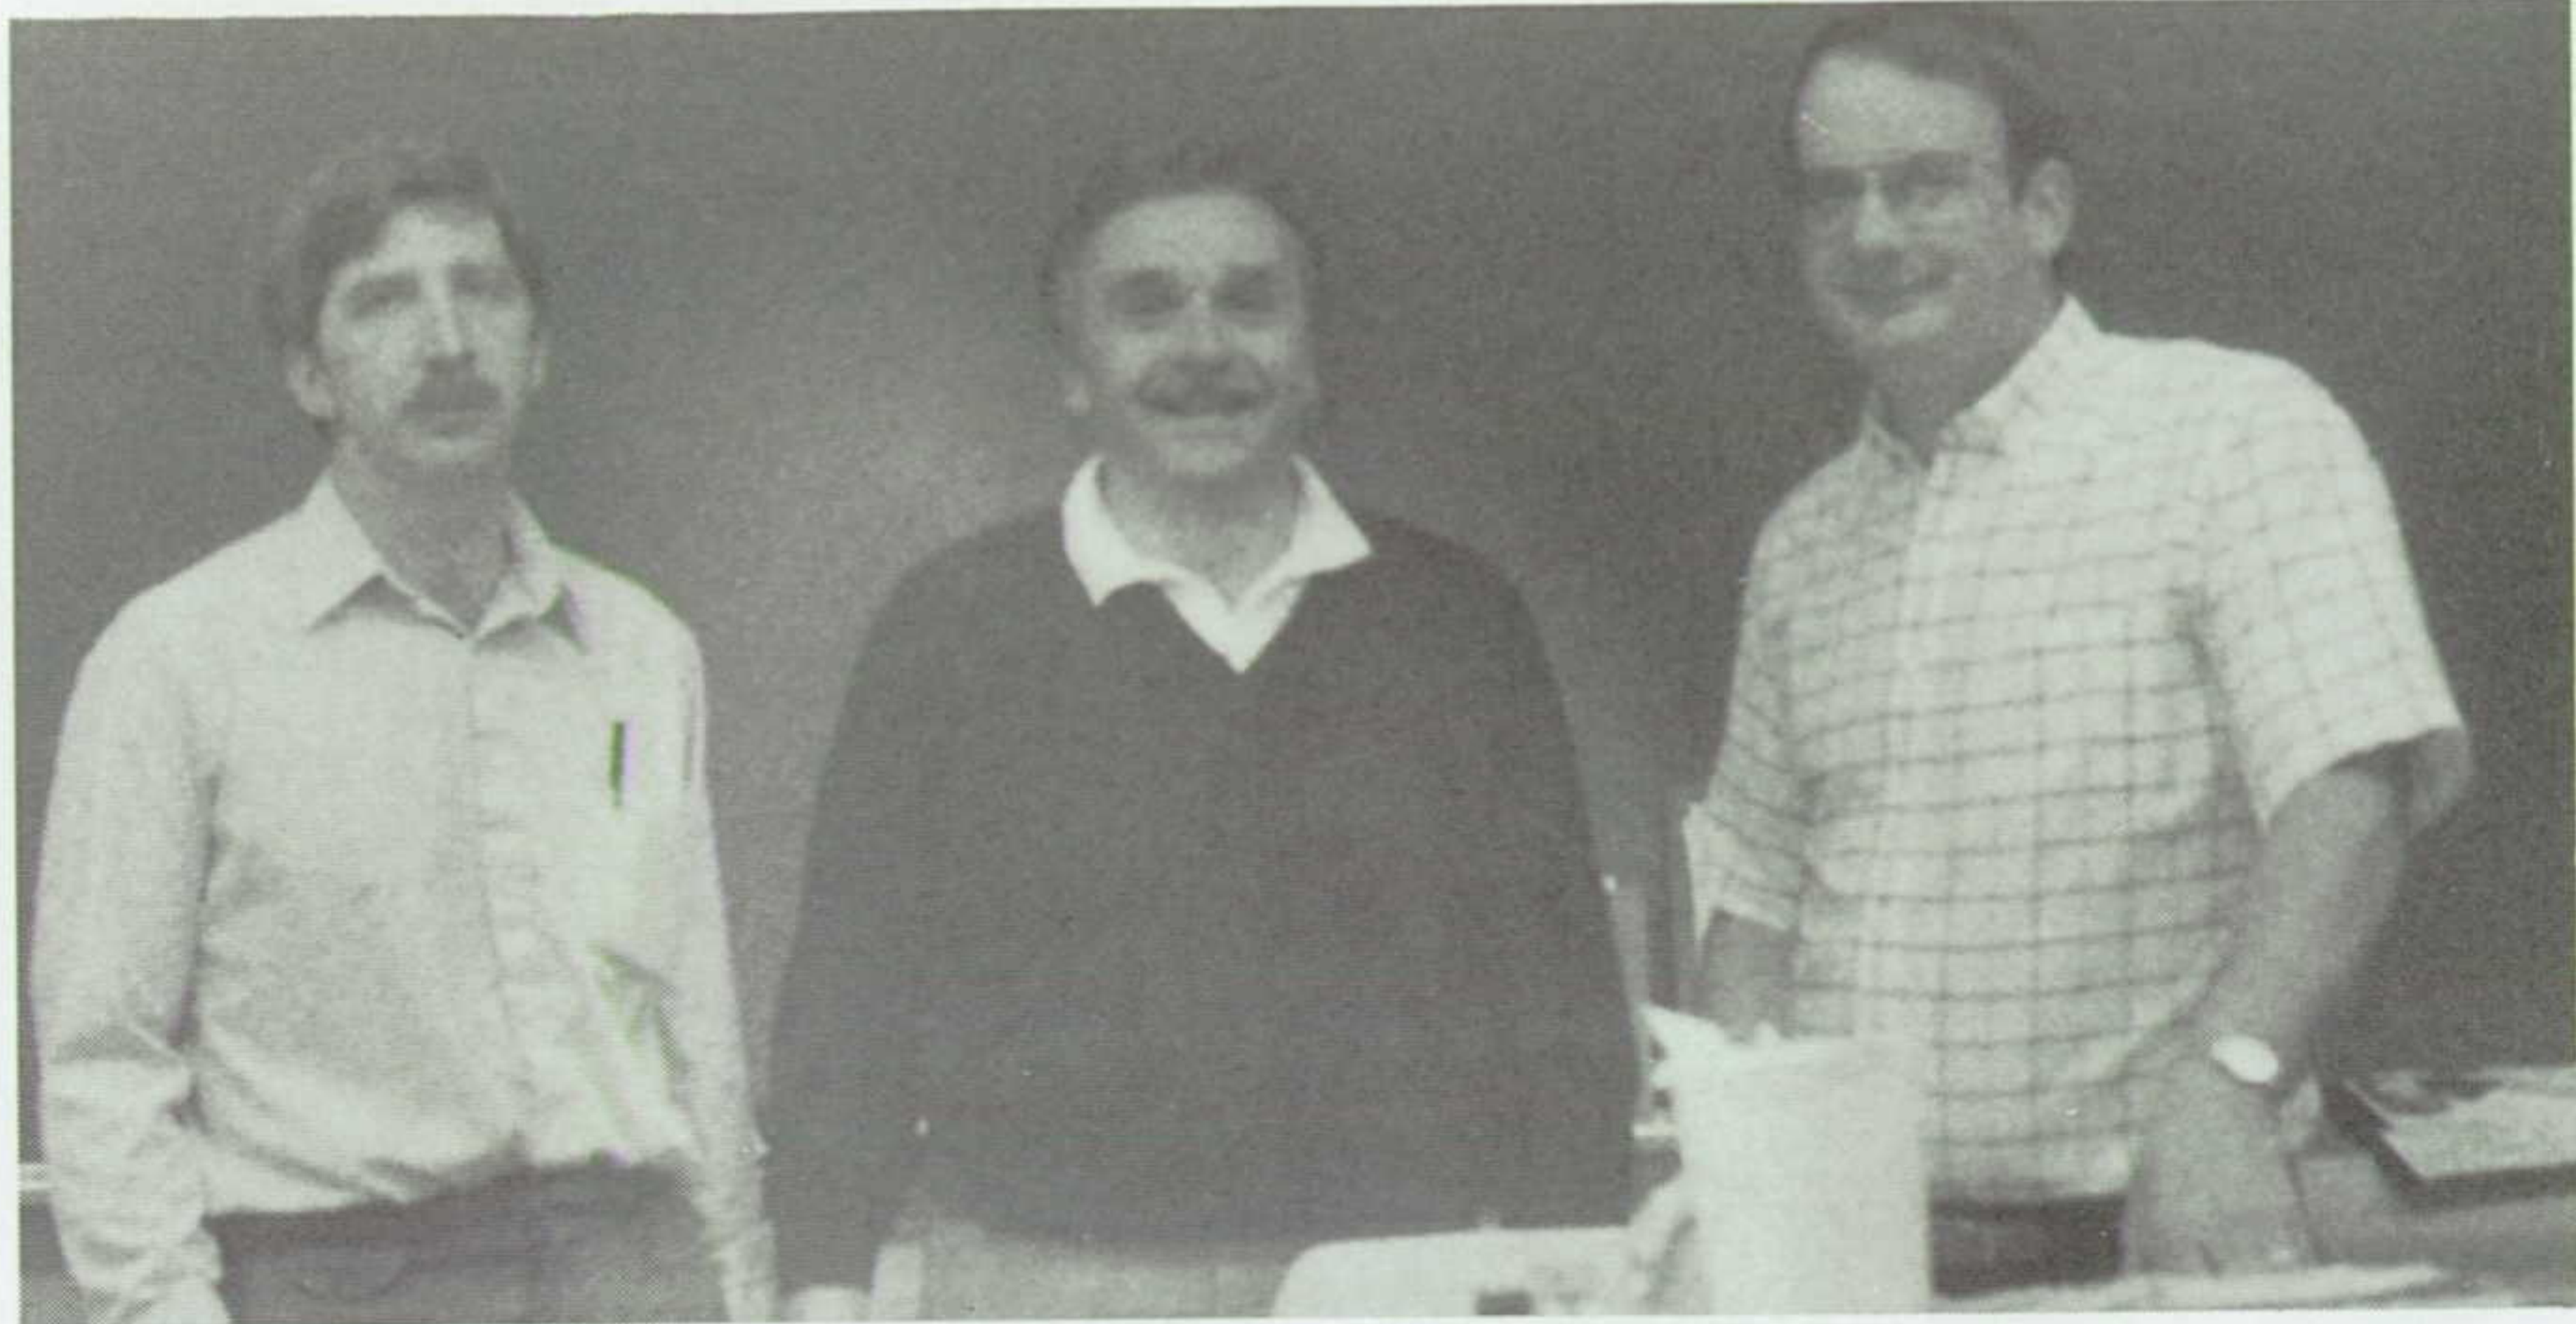

Mr. Reaume, Mr. Colbry, and Mr. Voss teach vocational classes. This is a unique opportunity for students to learn from experience.

Mrs. Hoerger is back in charge of the library. Despite a severe car accident last year, she was able to bounce back in time for this year's schedule.

Mrs. Brady and Mr. Busch take time out from their busy schedules to pose for the camera. They both have been physical education teachers for many years.

Our music department is composed of Mr. Gainsforth, Mr. Beamish, and Mrs. Grahek. Mr. Gainforth is a student teacher for Mr. Beamish.

Mr. Clingenpeel and Mr. Clark head up the science department here at BHS. Both are able to make science understandable and fun at the same time.

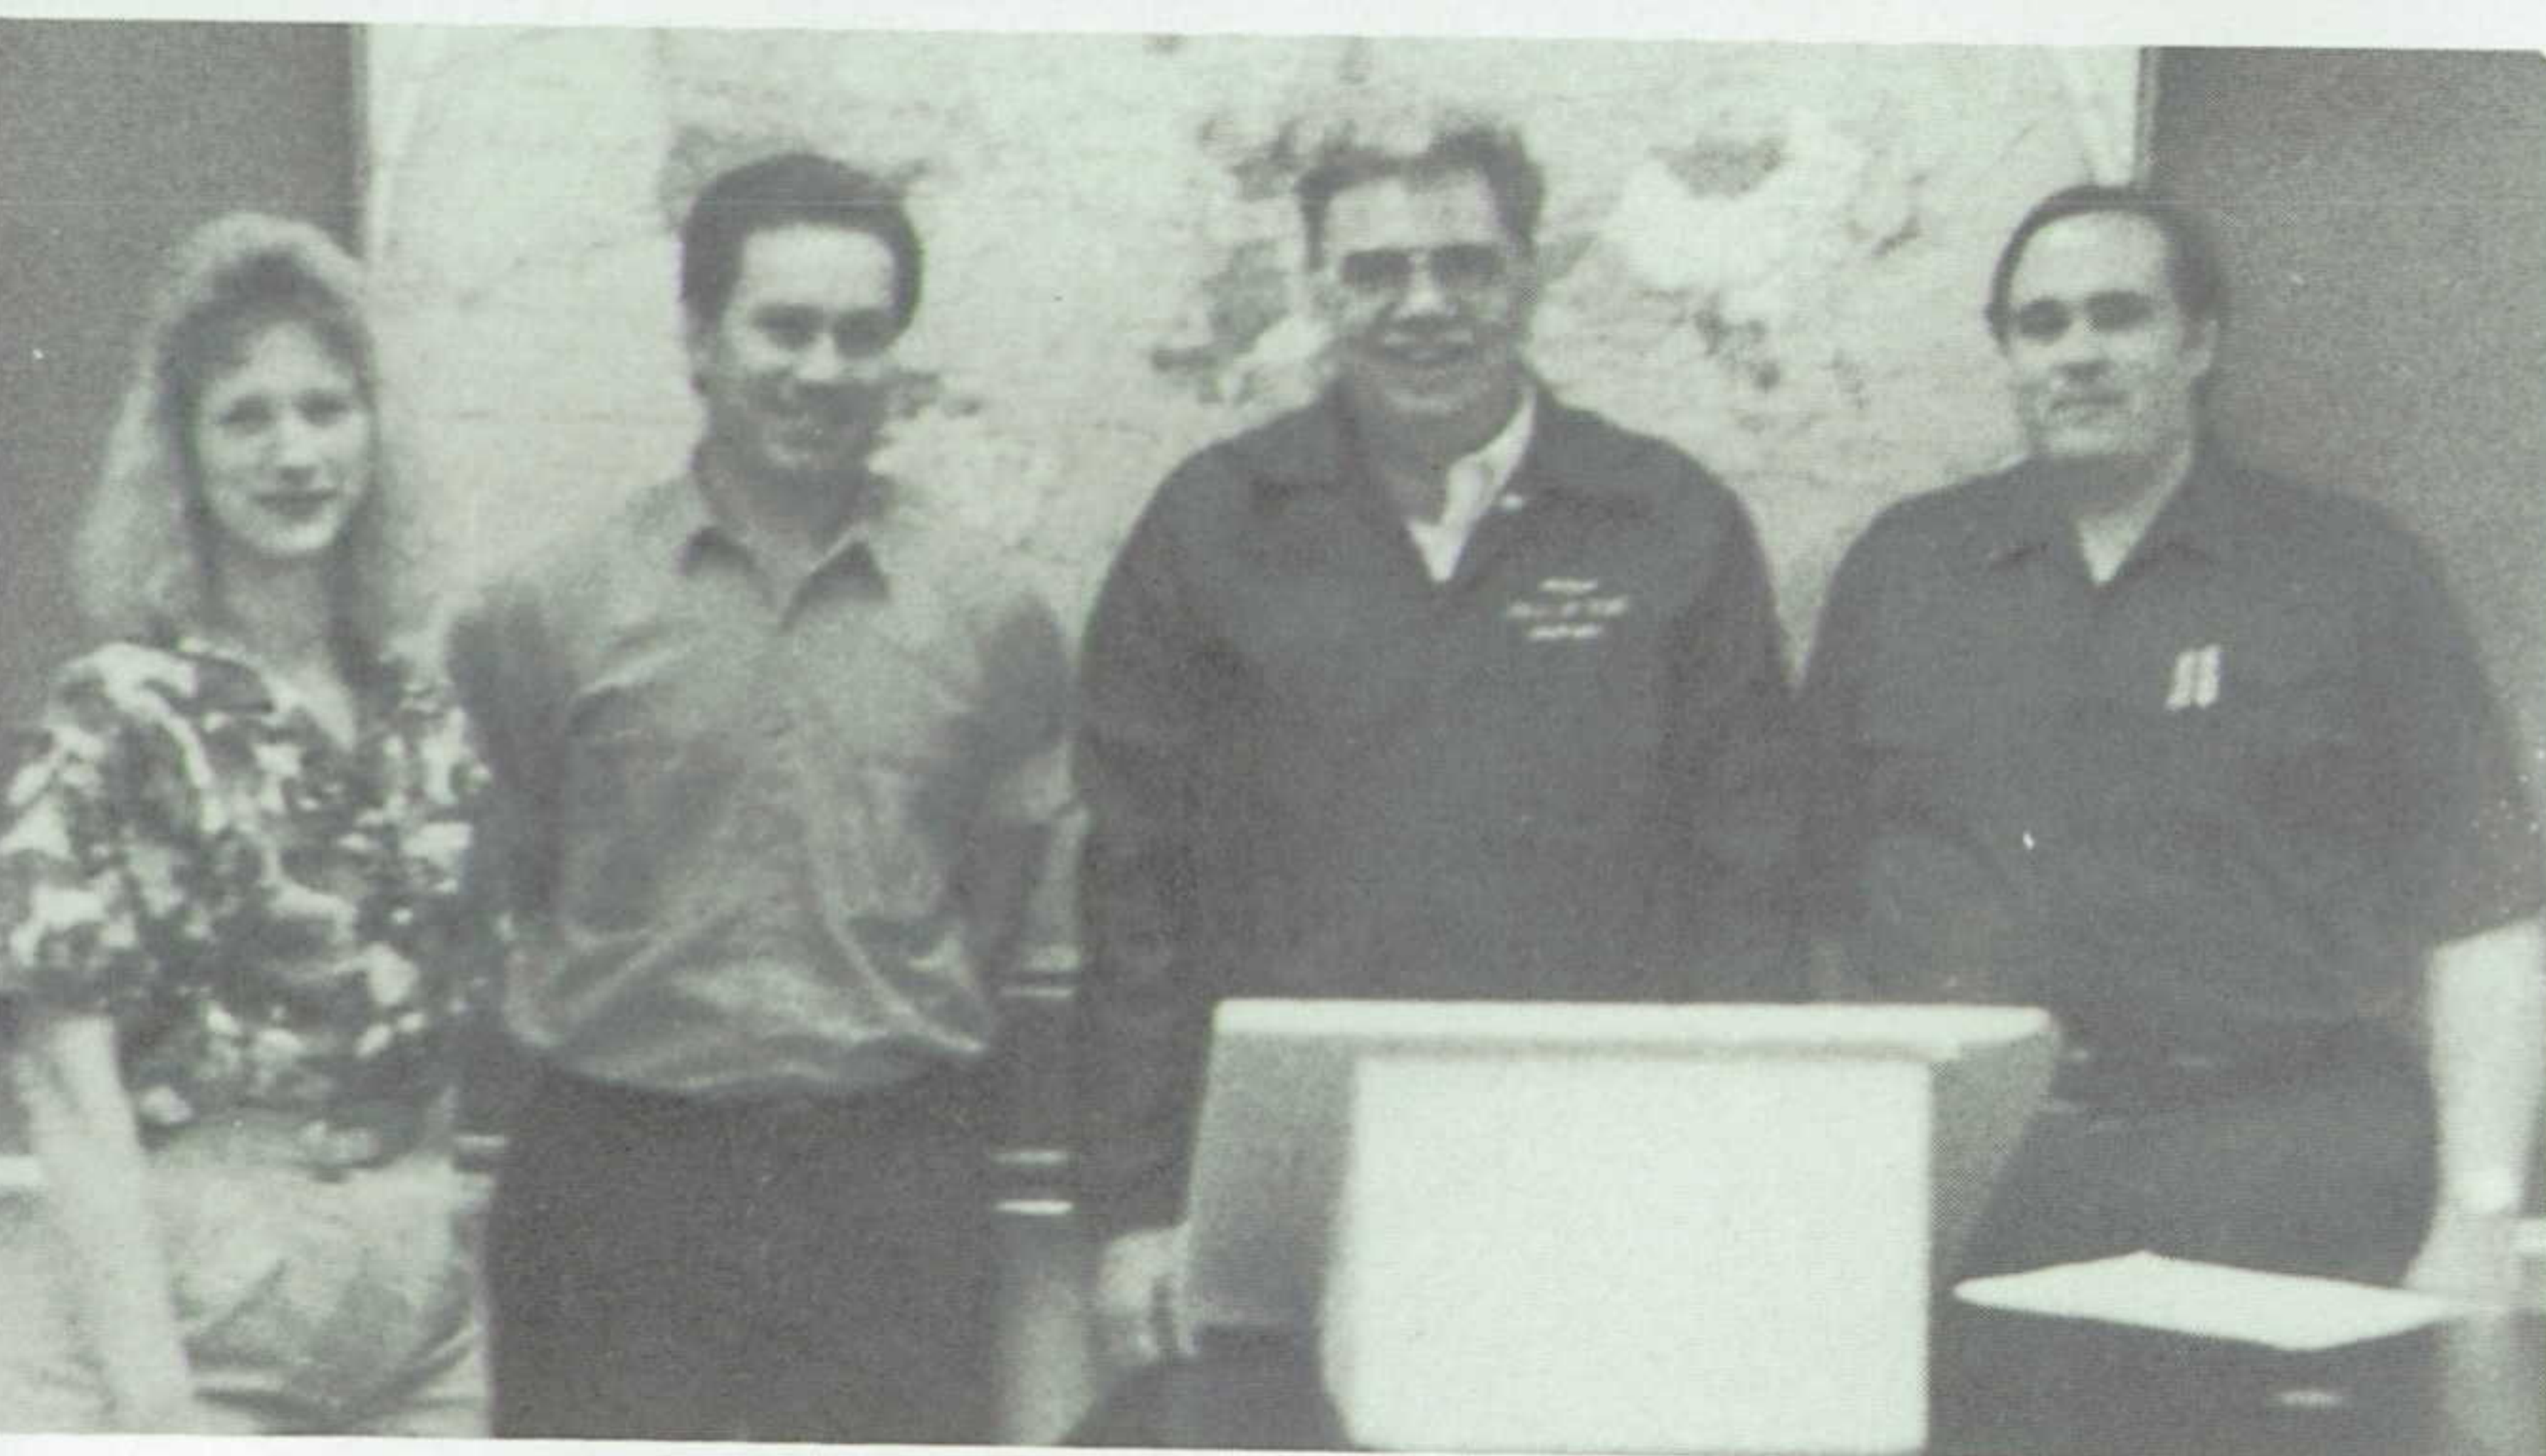

Mrs. McClintic, Mrs. Kushion, Mr. Grahek, Mrs. Miller, and Mr. Doty make up the English department. Students are required to take an English class through the eleventh grade.

Mrs. Ostrander, Mrs. Warner, and Mrs. Balcom teach in the resource room. Students were able to receive individual attention here.

Guidance counselors, Mrs. Johnson and Mr. Gleesing have a very important job. There are many decisions to be made during your high school years.

Math is a strong academic subject at BHS. The teachers, Mr. O'Neill, Mrs. Weaver, Mrs. Colbry, and Mr. Redes helped students in their own unique way.

Mrs. Briggs, Mr. Webb, Mr. Heinen, and Mr. Johengen are all a part of the social science department. The classes they offer are an important part of a student's curriculum.

Business courses are taught by Mrs. Herbst and Mrs. Sensabaugh. Business education is one of the few areas of vocational classes available in the school.

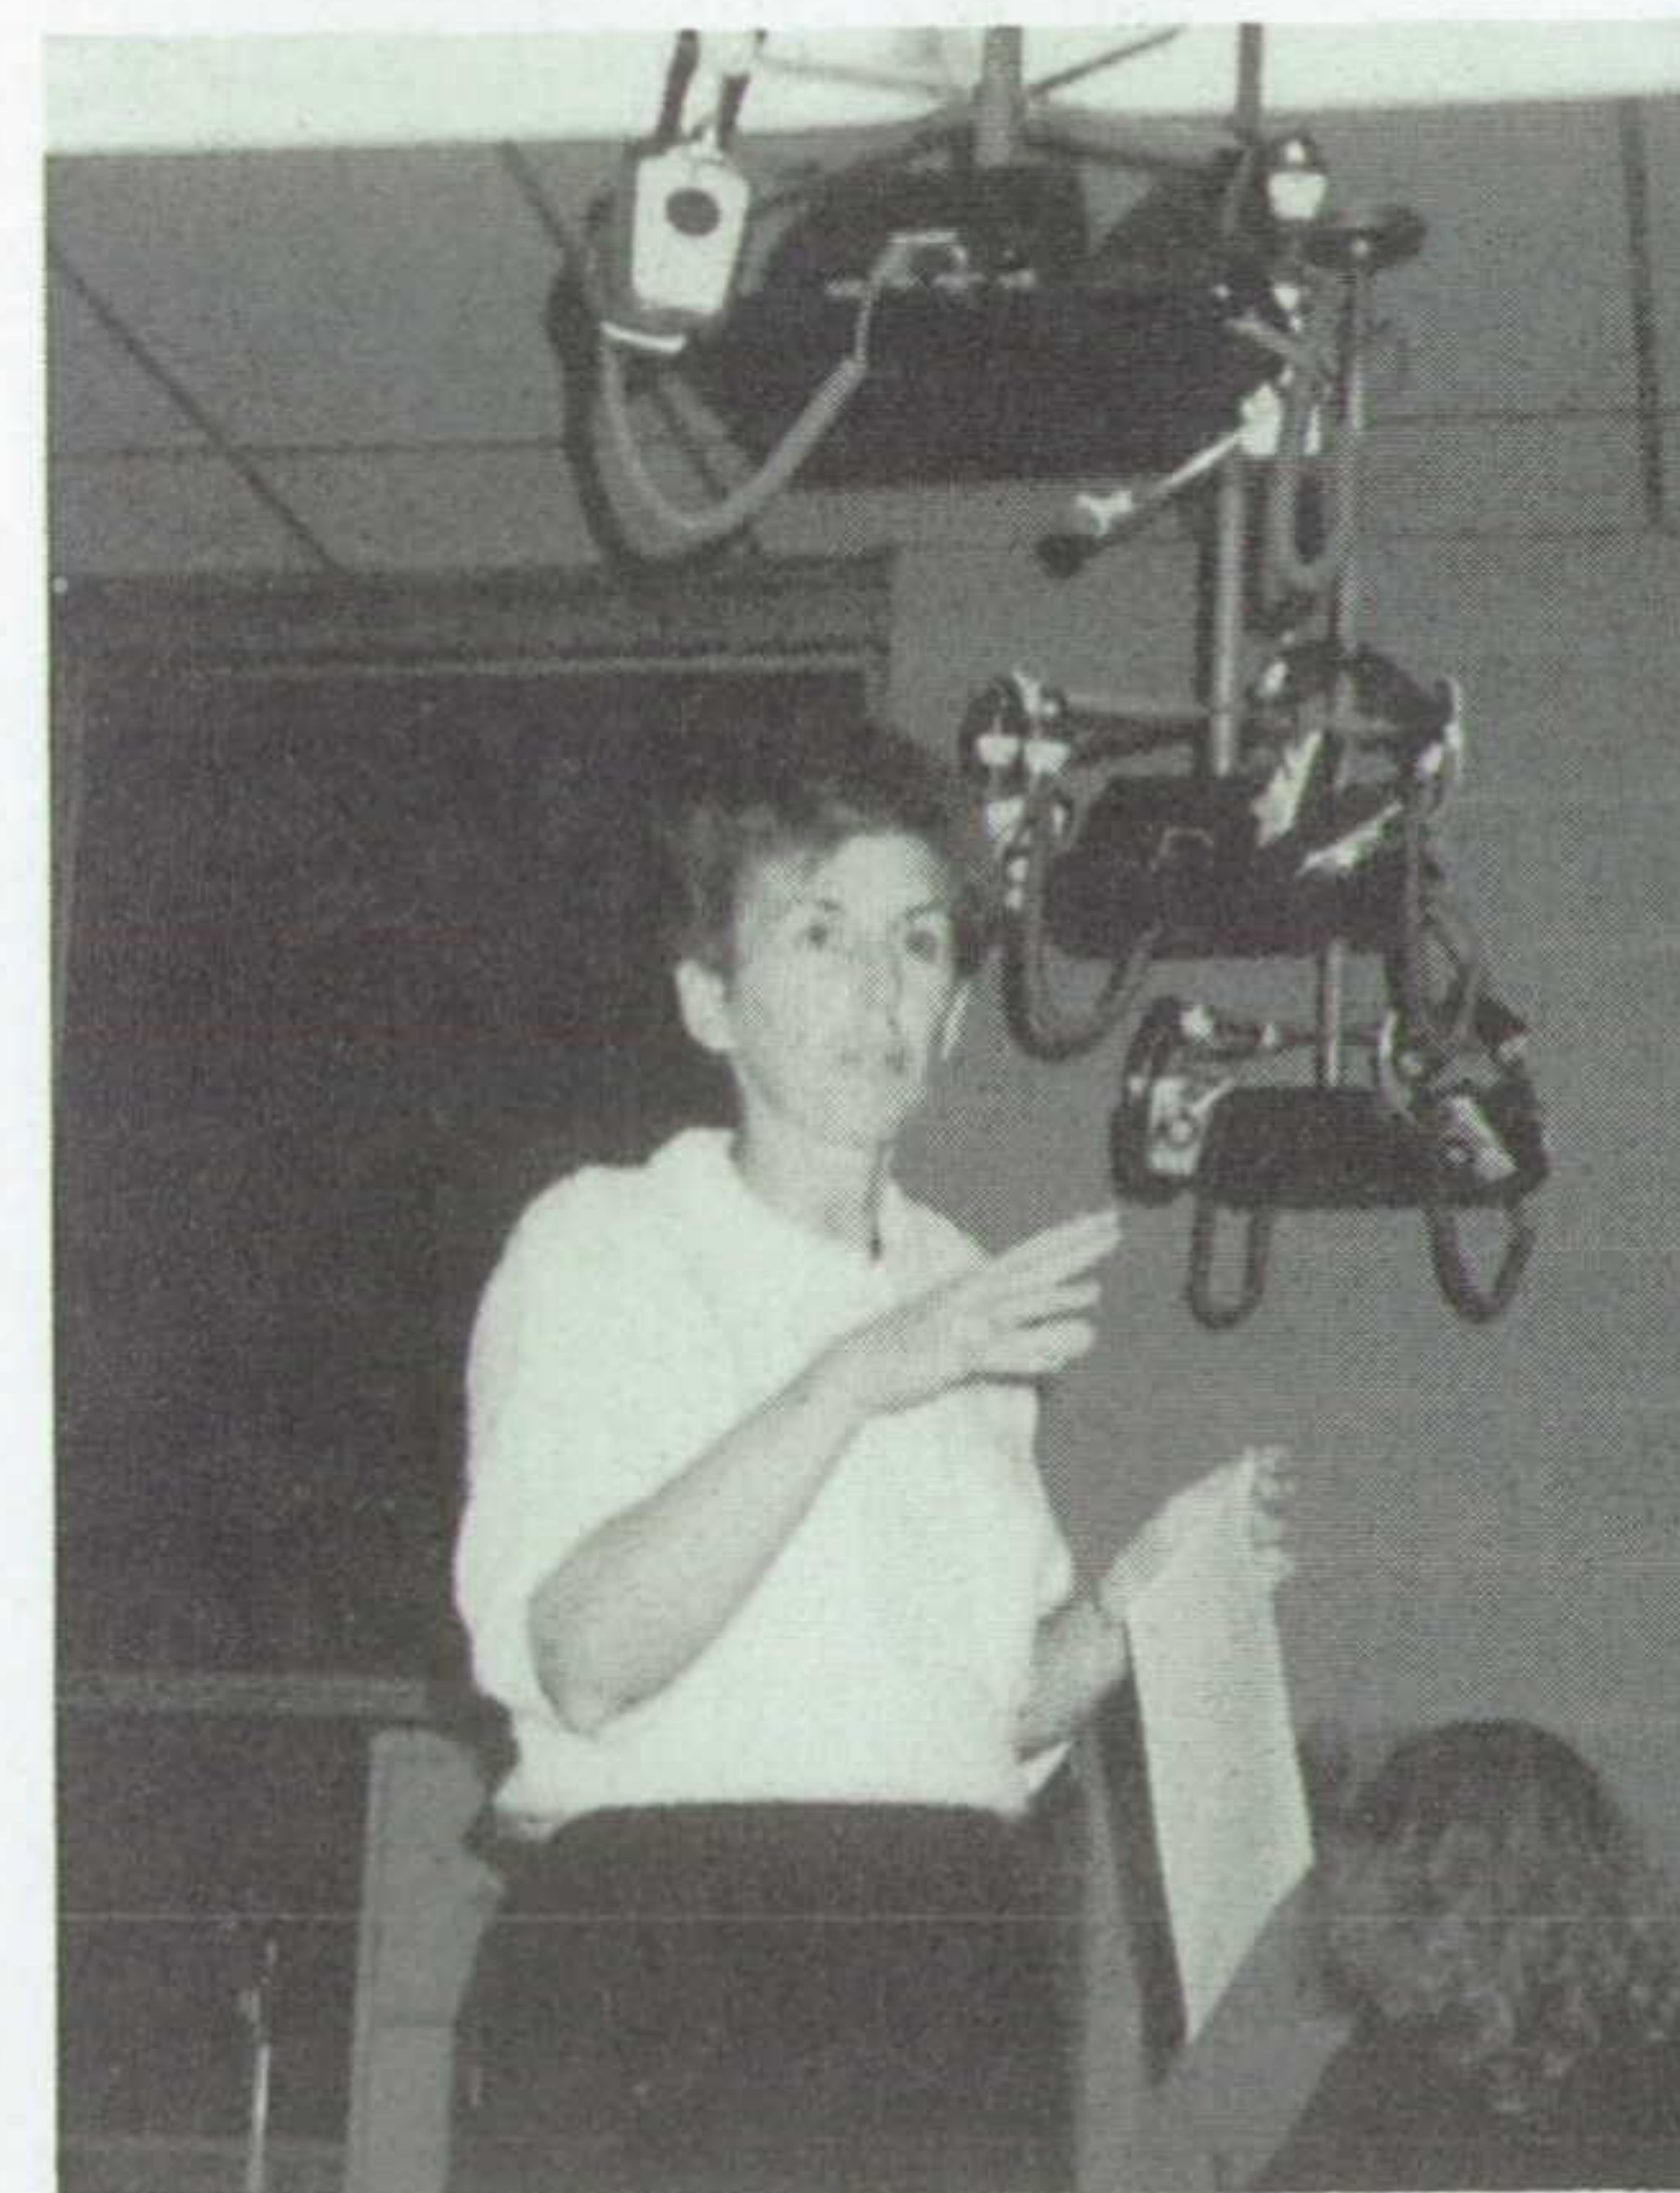

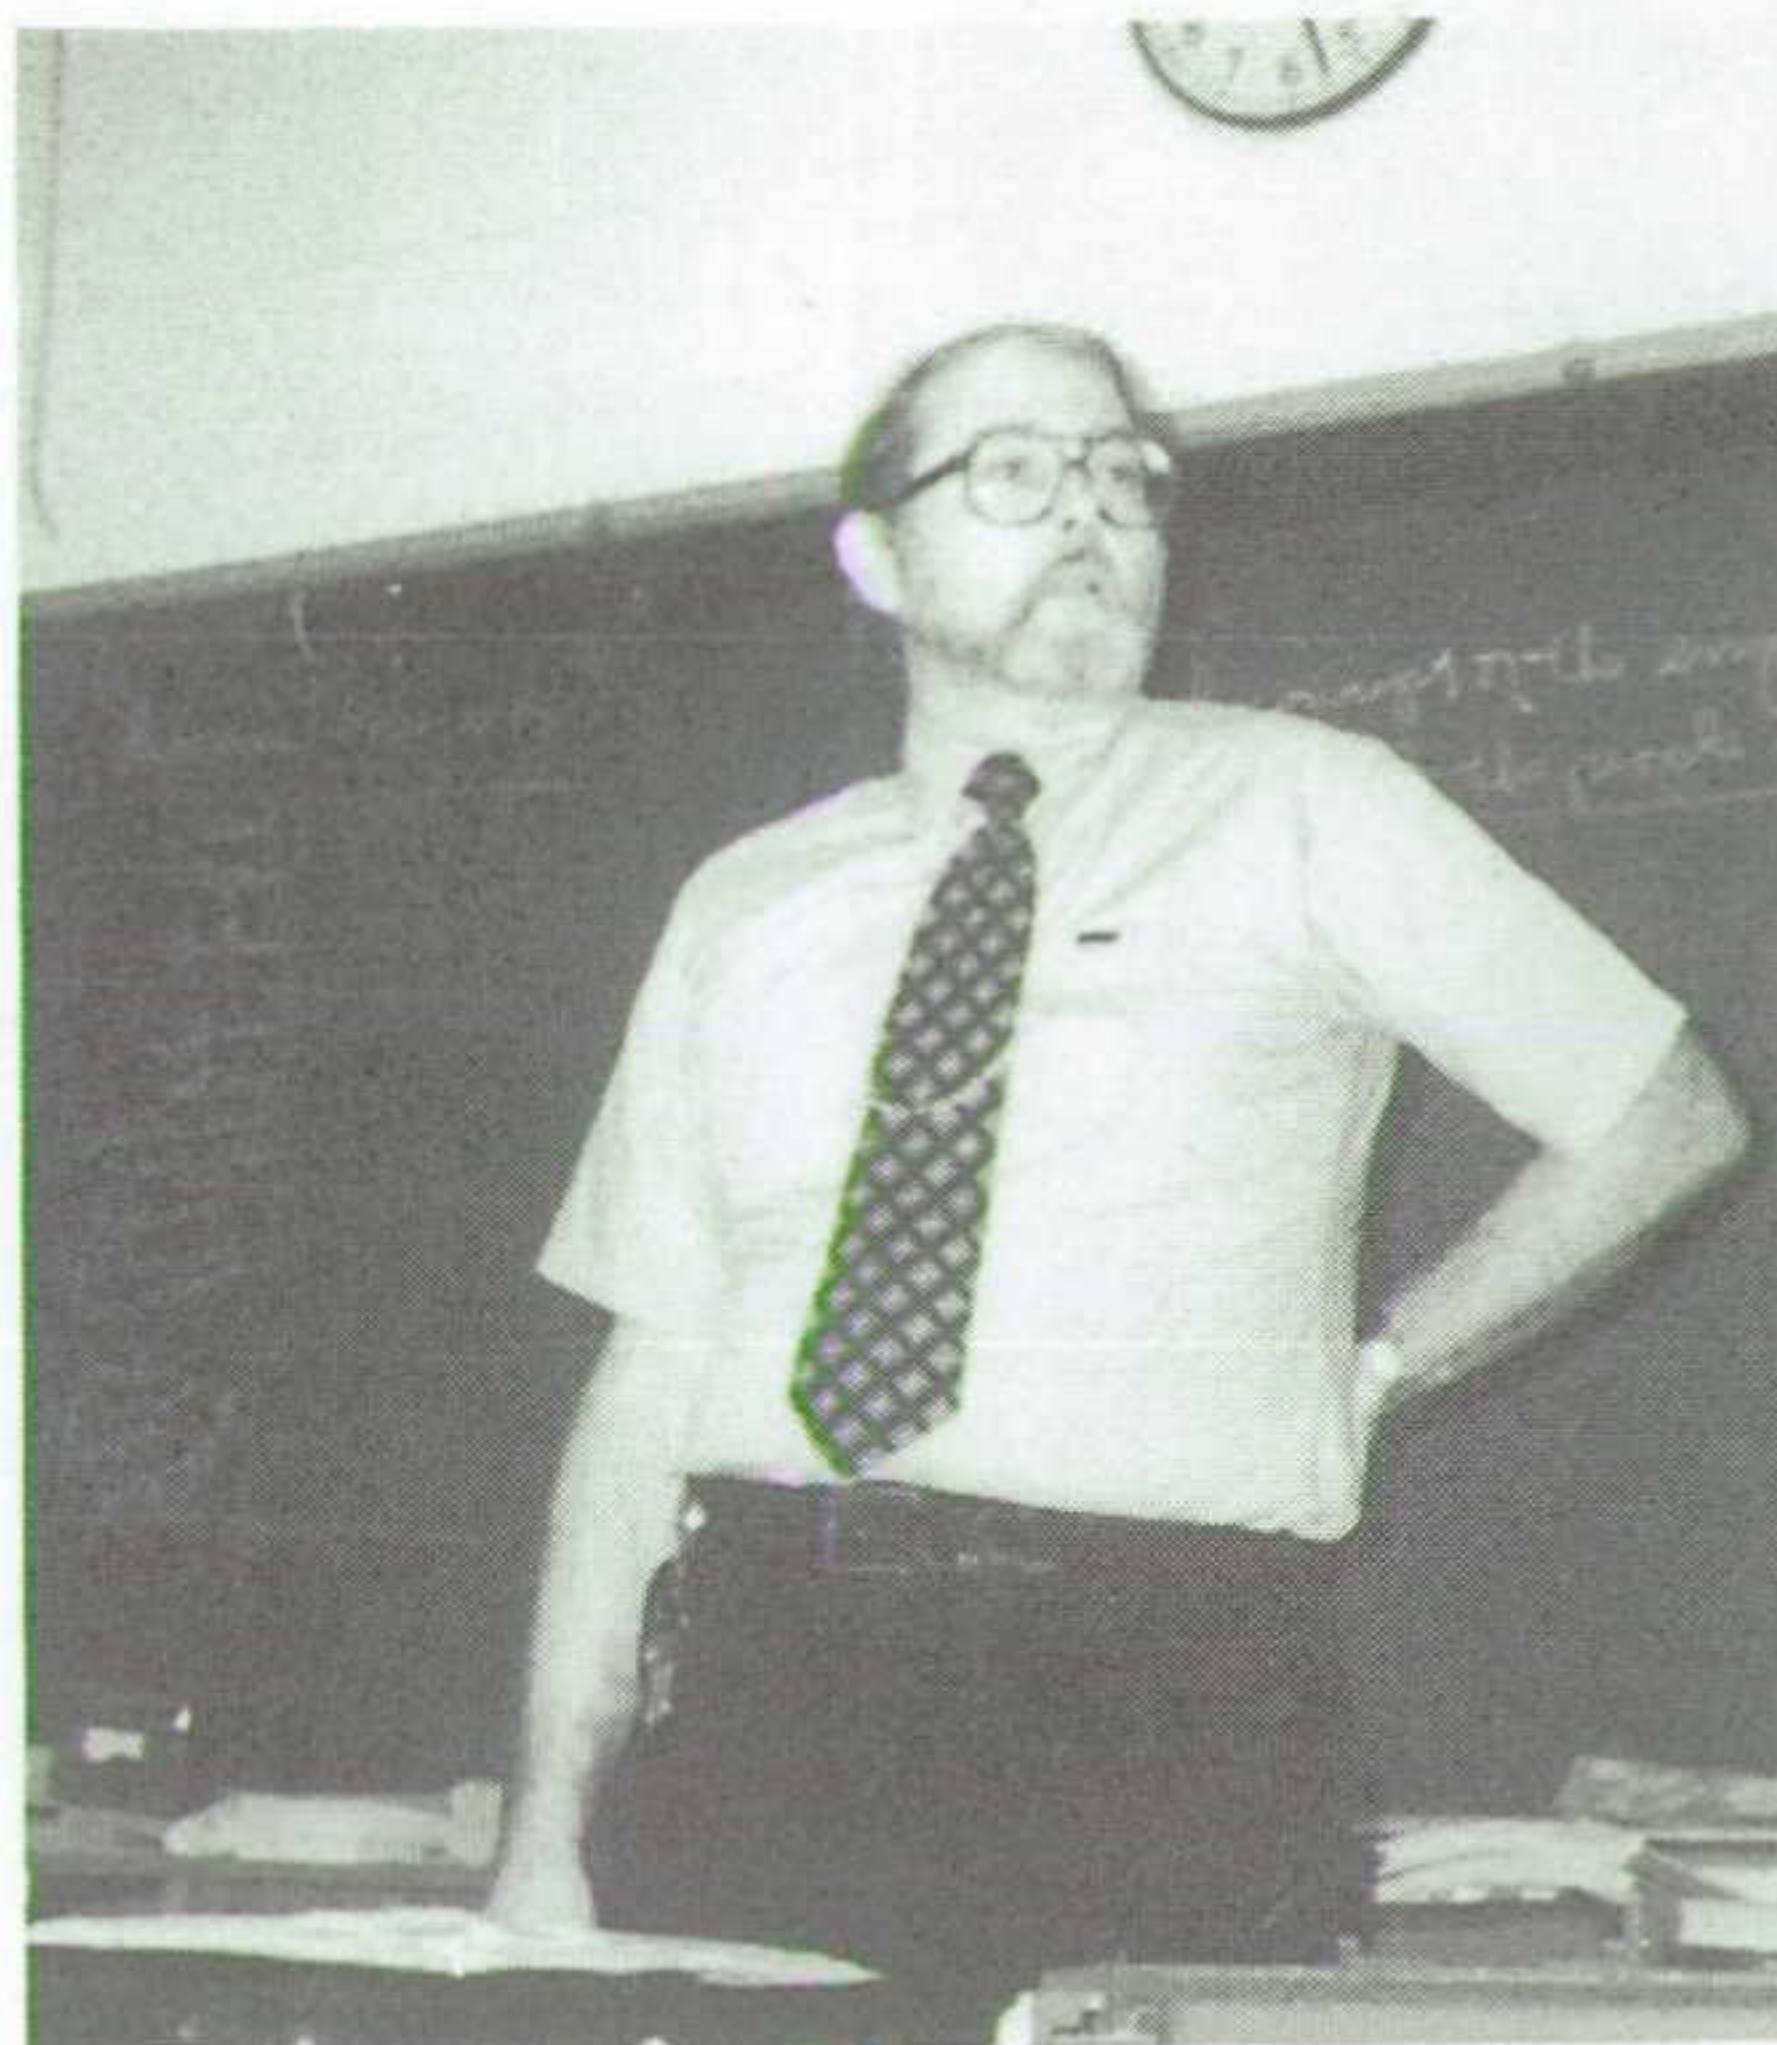

Mrs. Sensabaugh marks her place as she looks up for the picture. She has taught at BHS for 29 1/2 years in the area of physical education and business.

Mr. O'Neill helps Malena Lewis and Melanie Cole with their physics. Because of his friendliness, Mr. O'Neill is a popular teacher in the school.

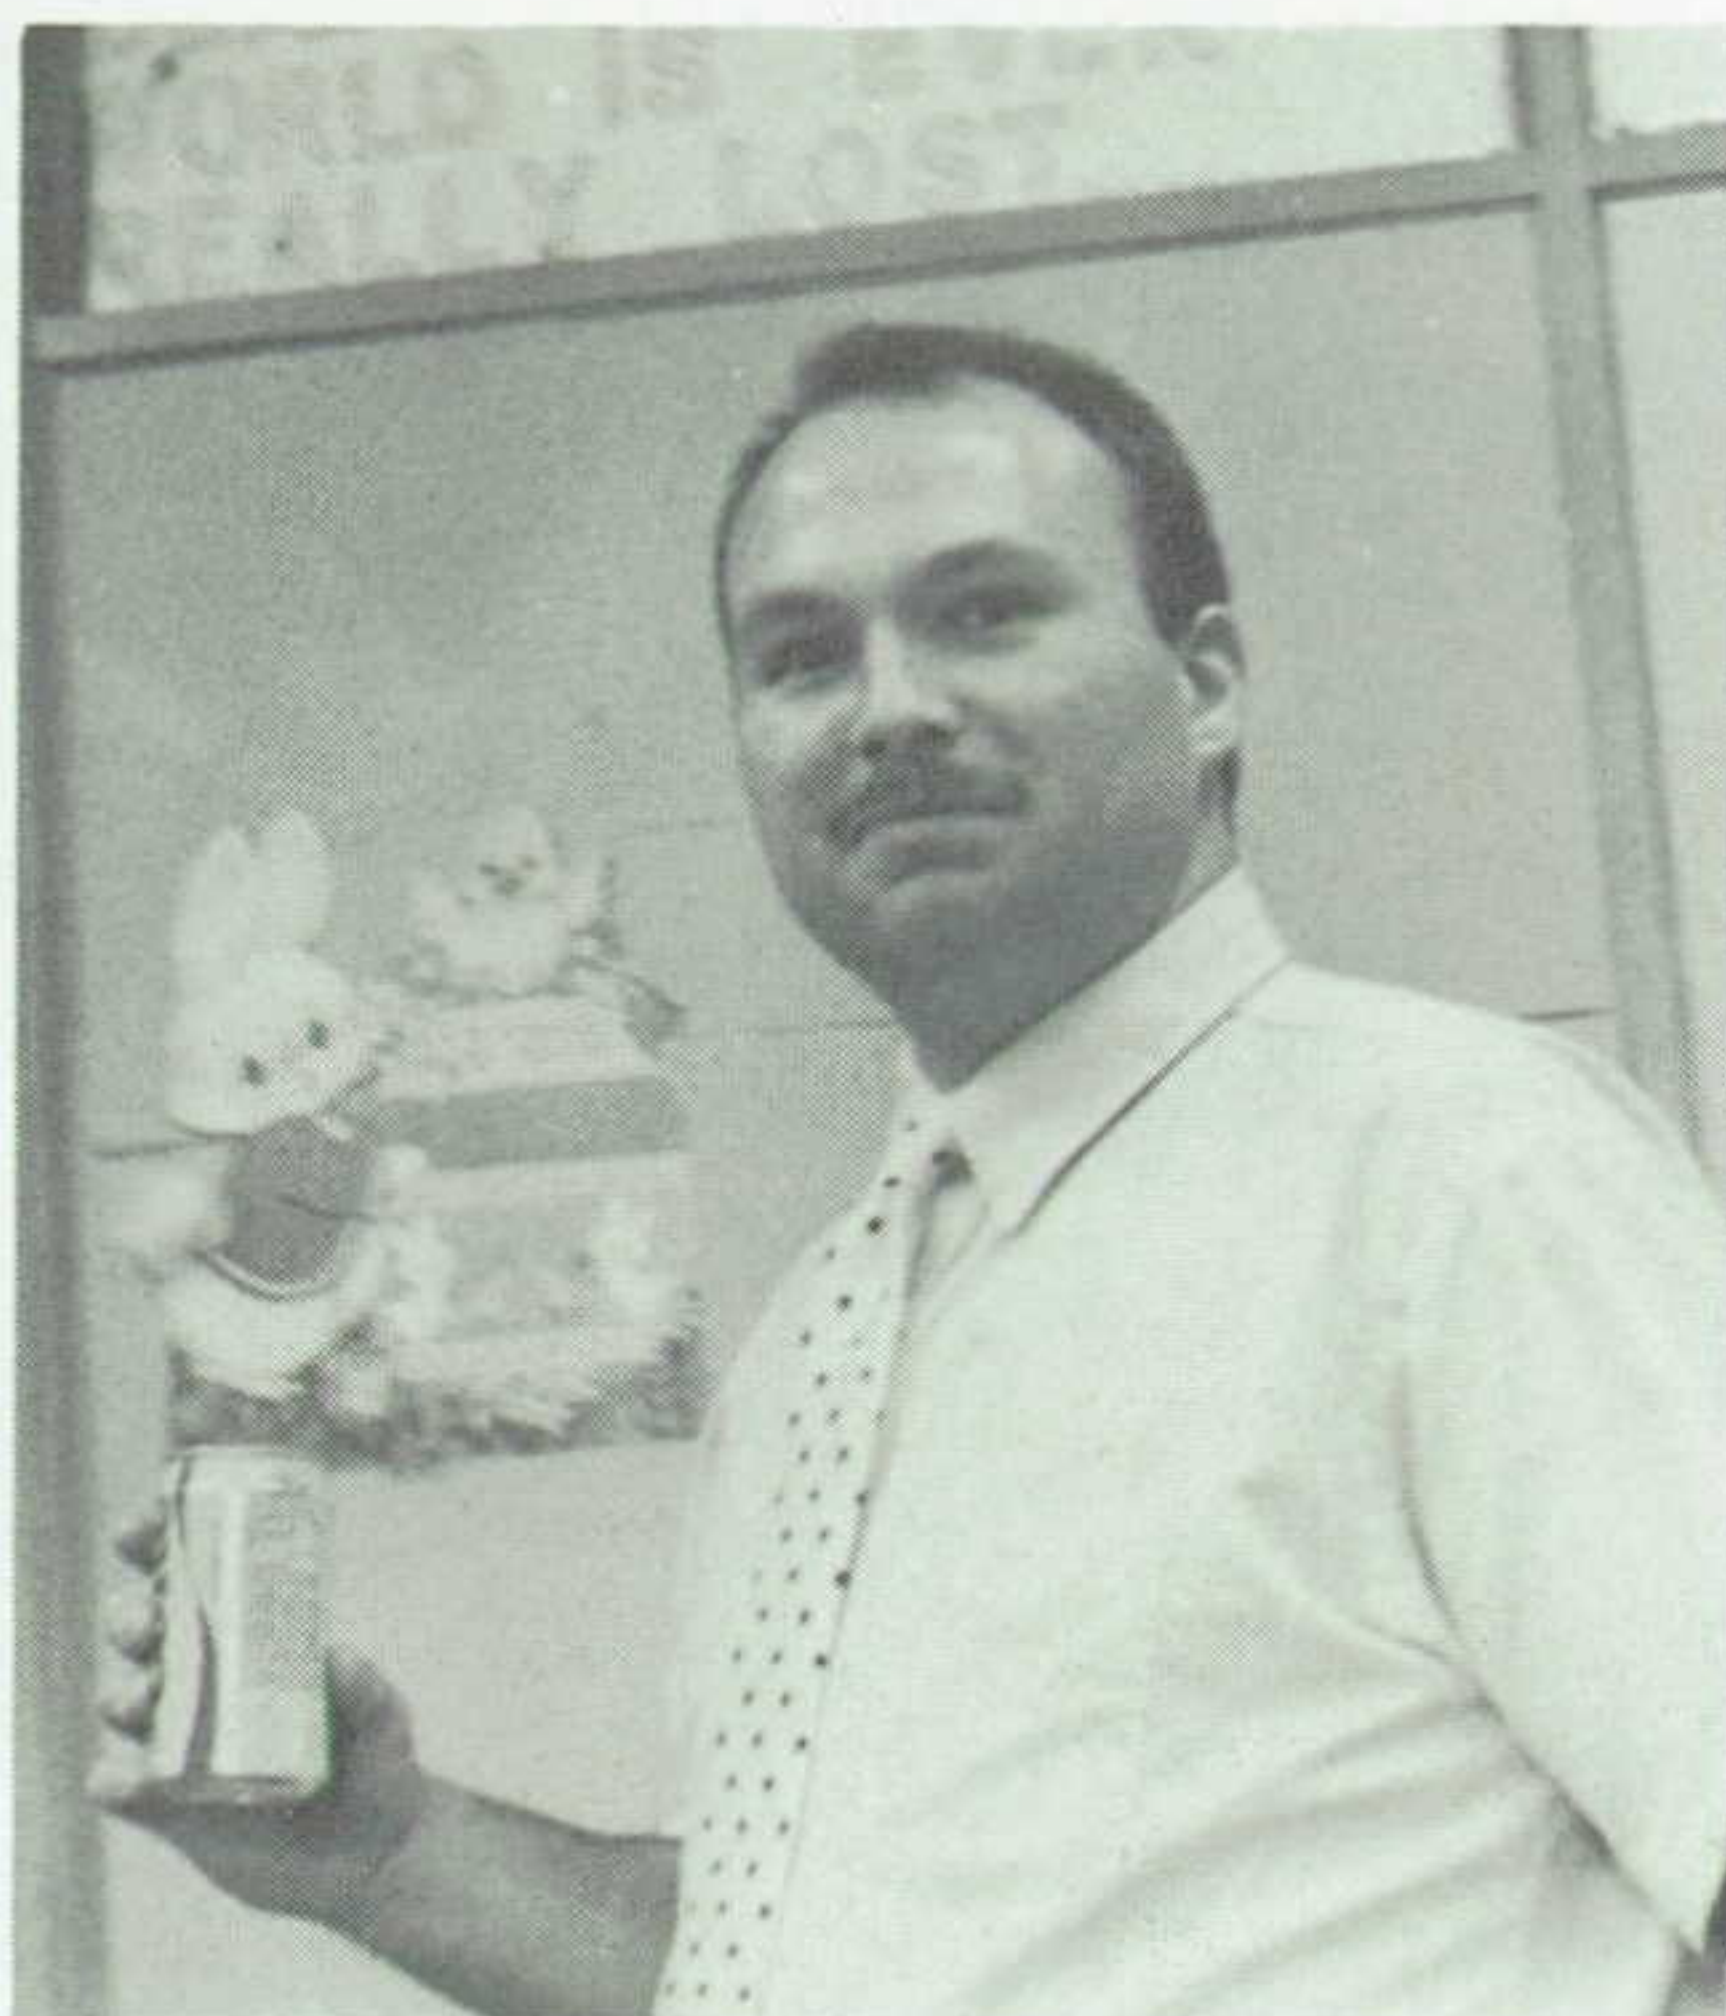

Mr. Grahek takes a moment out from his lecture to pose for the camera. This year he has four sections of sophomore world history.

Mrs. Colbry gives a lecture in Spanish class. To add a touch of realism, each student received a Spanish name at the beginning of the year.

Mrs. Miller helps Steve McCallister with his assignment. This is Mrs. Miller's last year before retirement.

-Lisa Herrington

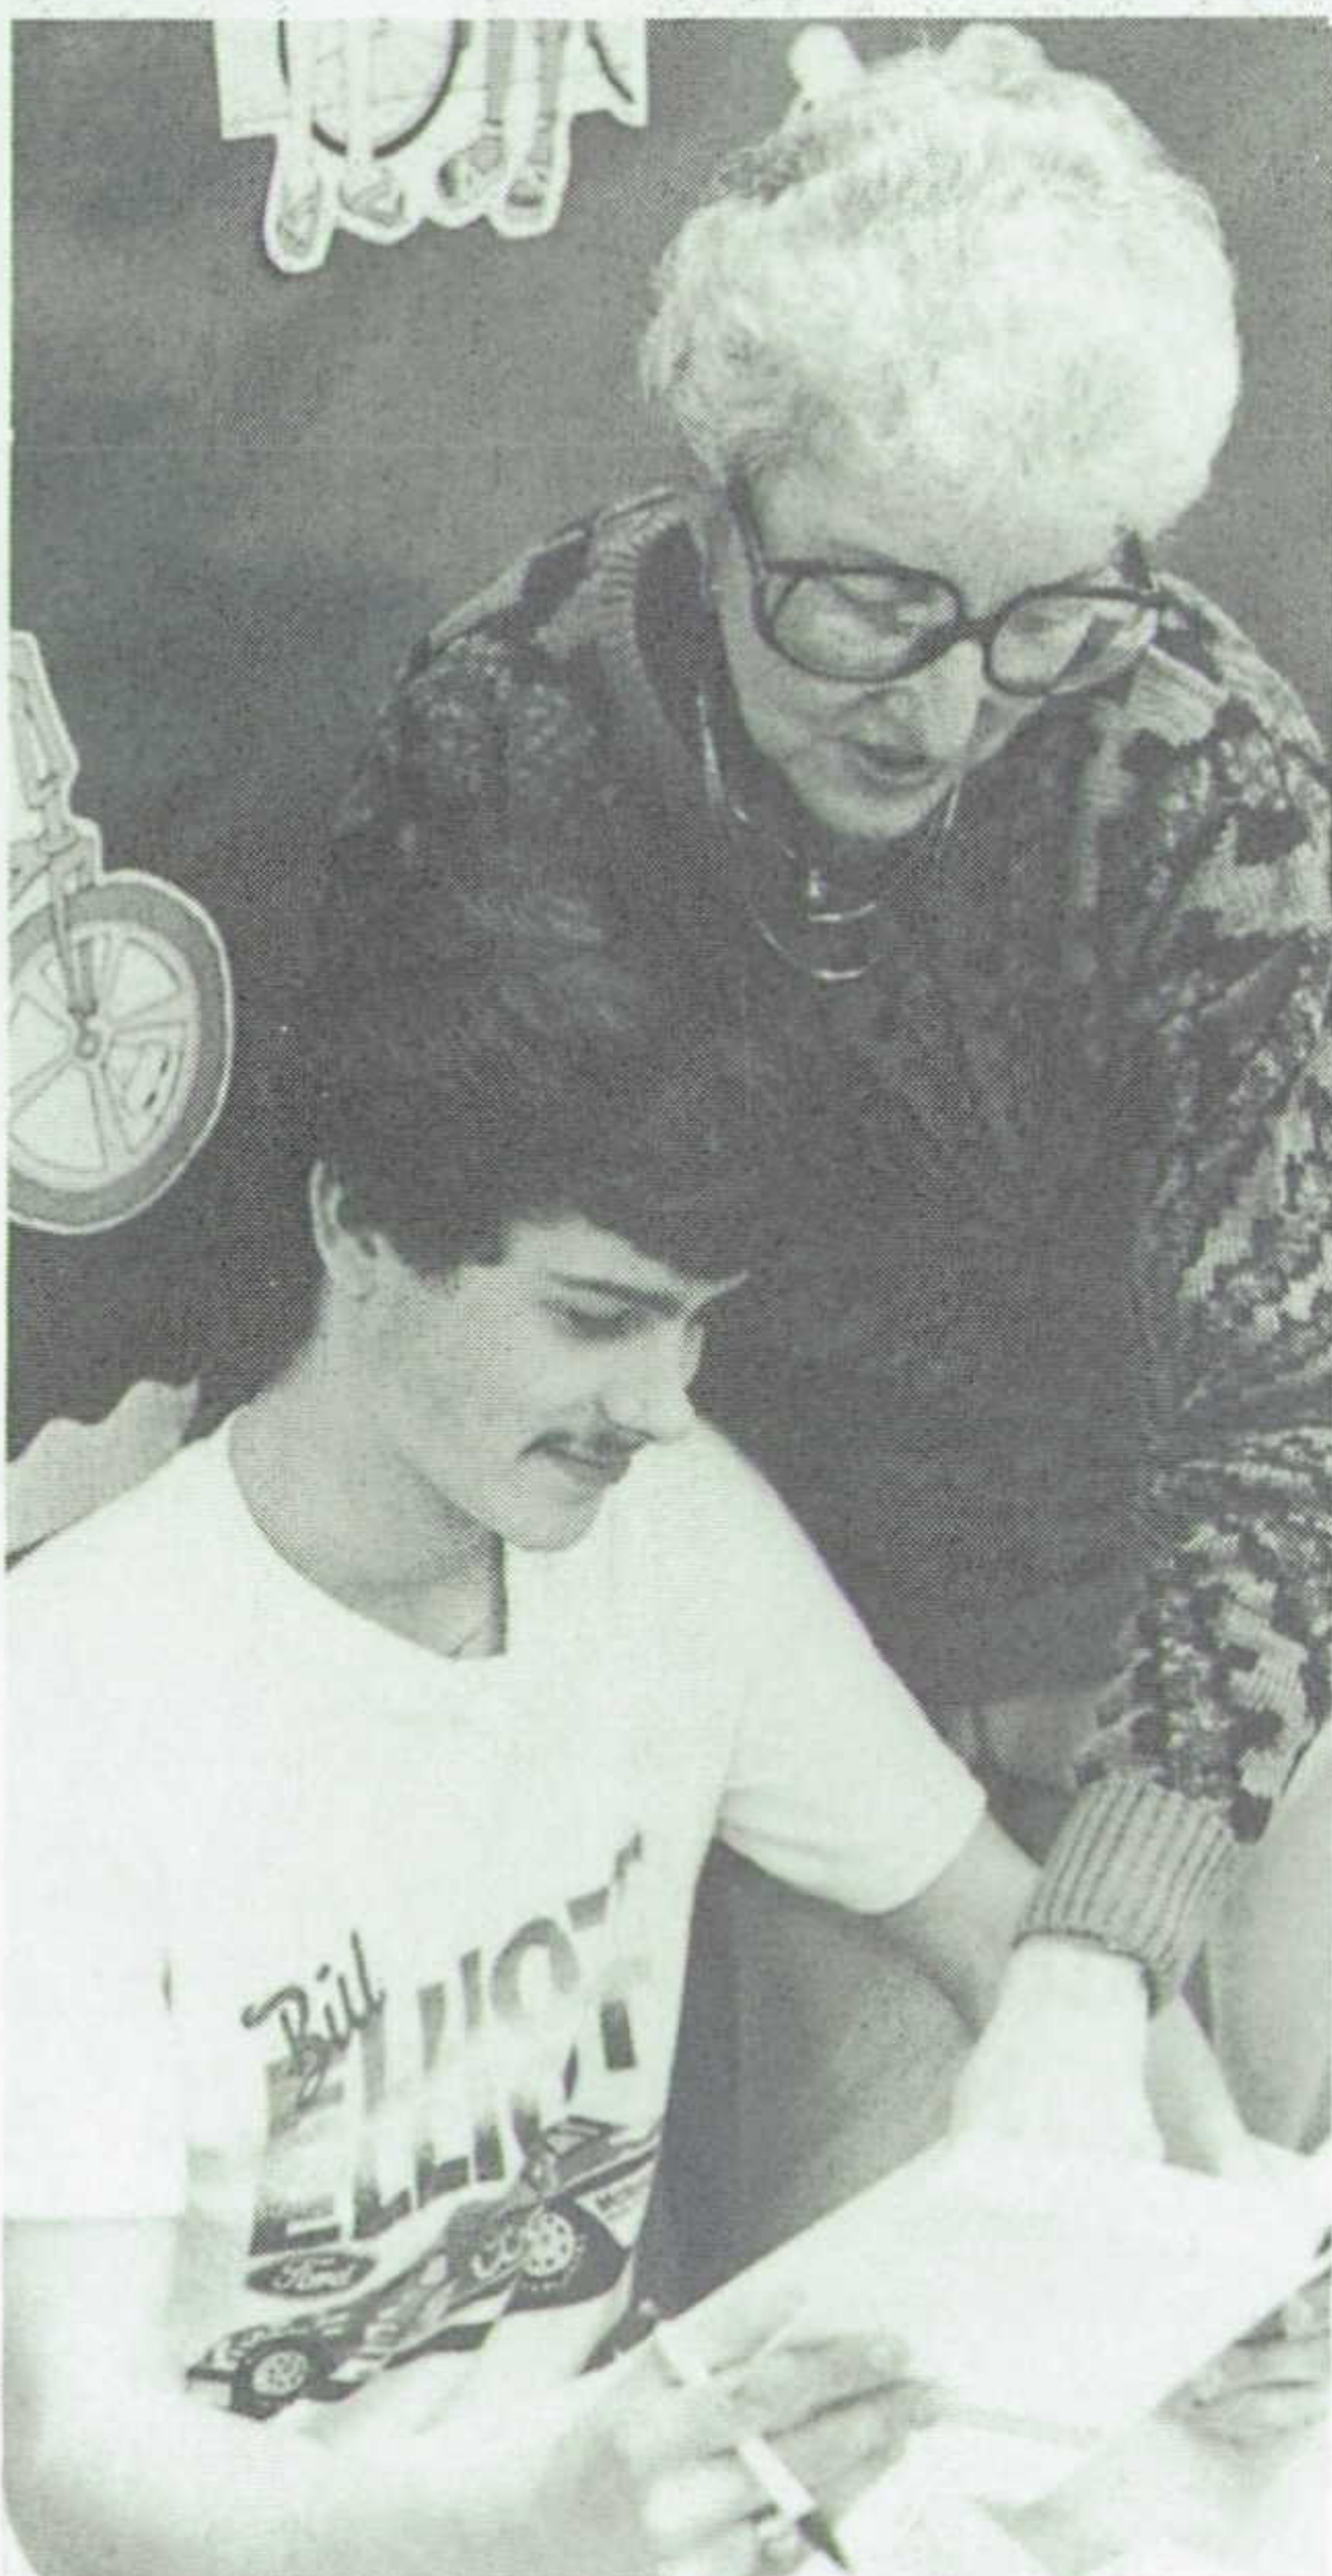

Mr. Gregory takes a break between classes. Because of Mr. Heinen's illness, he became a permanent substitute.

Mr. Beamish shakes Mrs. Kushion's hand after the performance of "Twas the Night Before Christmas." These two have been good friends during their years of teaching at BHS.

Mr. Reaume has a discussion with Karla Woods and Mike Faulman. This is Mr. Reaume's first year at BHS.

Mr. Hagey, Mr. Heinen, and Mr. Amstutz pose for the camera. Mr. Heinen is holding the awards he received from the Michigan Basketball Coaches Hall of Fame and the MHSAA. We are all very proud of him.

Community Support From A Special As- pect

I think the school system is a very important part of the community.

-Ed Belles
Saginaw Valley Shopper

The school is and must be the center of our community. So many of our community activities revolve around our school and rightly so. The Breckenridge youth is our community's main investment, and our school must form them into citizens who will carry on our proud heritage. Administrators and teachers in Breckenridge are the community's tools that form our future. Breckenridge is blessed with top quality tools. Our future is bright because of our schools. United we stand.

-Larry Schmitz
B&W Co-op, Inc.

The school offers all kinds of activities that involve the whole community young and old. I enjoy living in this community and look forward to my children going to Breckenridge Schools.

Jeff Smith
Smitty's Party Store

Our school takes an active part in developing our leaders of tomorrow. The school opens up educational opportunities allowing interactions between students, parents, families, and community members through the many programs that the school has to offer.

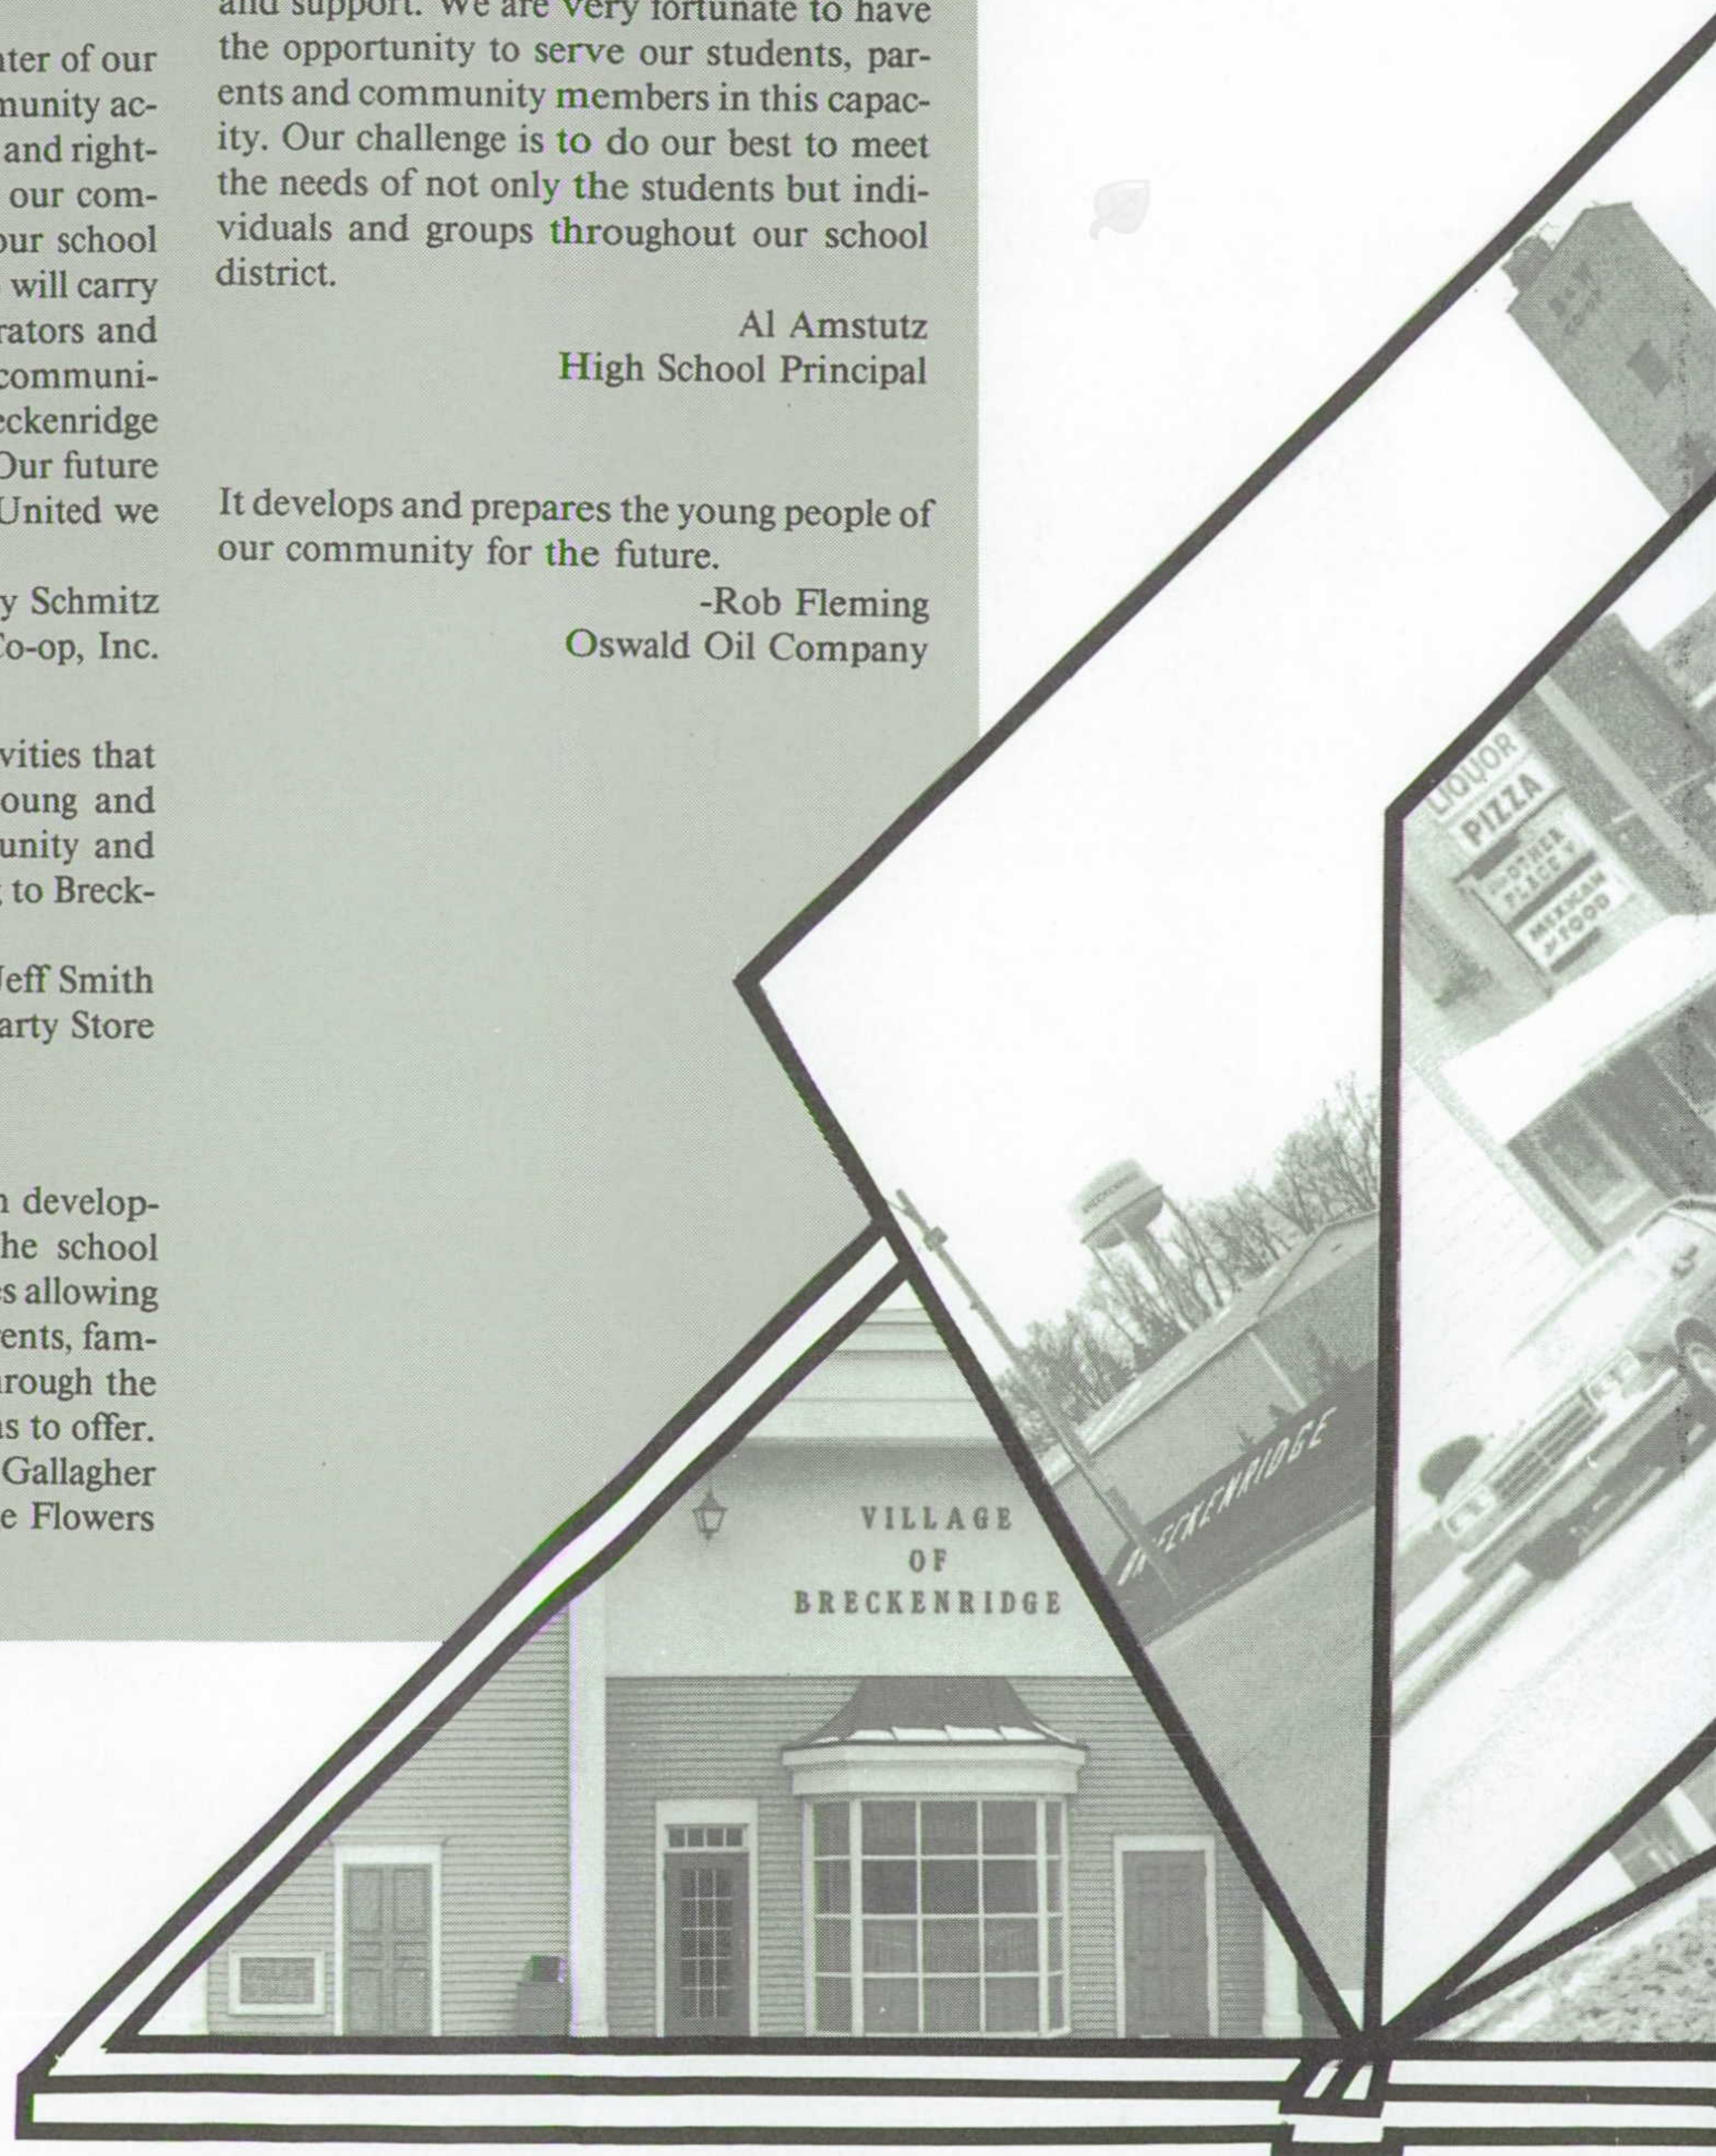

Norma Gallagher
Heritage Flowers

One of the major advantages of a small community such as Breckenridge is the very special role that the school is able to play within the community. I see our school as the focus or the hub of community activity, interest and support. We are very fortunate to have the opportunity to serve our students, parents and community members in this capacity. Our challenge is to do our best to meet the needs of not only the students but individuals and groups throughout our school district.

Al Amstutz
High School Principal

It develops and prepares the young people of our community for the future.

The task of producing a yearbook is a very hard and dedicated undertaking. The people on this year's staff worked very well together through thick and thin. We, the 1988-89 Brecksonian Staff, would like to thank the businesses that supported us in making our yearbook a success. We would also like to extend a special thank you to Mr. Amstutz for letting us use his pictures, which he took at various events during the school year. Your help, support, and contributions are greatly appreciated.
